Sir,

After the interview with which you have favored our Mr. Hunt, we are fearful you may consider any further application as troublesome, but the vital importance of the object to us and to our Creditors, will we hope apologize for our addressing you this Letter.

Our Friends as well as Ourselves are of Opinion that a Loan of £26,000 would enable us to carry our Business thro' & that we could repay the amount in 12 & 18 Months. This Sum we could have got from private Friends but from the peculiar pressure of the times we now find it impossible, which is the Cause of our applying to the Bank.

We have no Speculations in any Goods either in England or on the Continent, and it is hardly possible that any Loss on our Newfoundland Concerns can amount to what has been allowed for it by the Inspectors.

The Governor reported to the Court that he has received the following application from the Newcastle Bank for a Loan of £70,000 viz:

Report from the Governor respecting an application from the Newcastle Bank.

London 10th July 1816.

"Gent.n

"The unexampled pressure "of the times and the severe Run . . "upon the Banks at Newcastle upon "Tyne in consequence of Cooks Bank "at Sunderland unexpectedly . . . "suspending Payment last Week "upon Bruce & Co.s Failure induces "us to lay before you the following "Statement in hopes that you may

be

"be induced to make an advance of Cash
"to the Northumberland Bank carried
"on at Newcastle under the Firm of
"Reeds, Battons, Reeds & Co upon the
"Partners lodging with you ample and
"adequate Security of Landed Property,
"altho the Terms may not be such as
"you usually require, yet as a Security
"it will be found equally solid. —

"The very heavy Run which was
"experienced last year upon the Banks
"at Newcastle, in consequence of the
"Failure of the Durham Bank, which
"was followed by the Riot of the
"Seamen at Shields, which compelled
"us to make considerable advances
"to the Ship Owners there and also
"to the Coal owners which put an
"entire Stop to Trade at that Port,
"did not enable us to recruit our
Funds in London so rapidly as they
"would otherwise have been and
"although the Funds of the Northum-
-berland Bank (independent of the
"private Property of the Partners
"therein) are very adequate to the
"Payment of every Demand that can
"be made upon it, yet the present
"unexpected pressure does not afford time
"to call them in quick enough, to be effective

the

"the Partners are therefore induced to offer
"a Part of their Estates as a Security for
"such a Sum as will relieve them from
"their present Difficulties and the Sum
"they deem adequate is £70,000 and
"whatever anxiety they may feel under
"the present emergency the distress
"that would be caused by their Stopping
"we may say to Thousands of Families
"is not amongst the least motives
"that induce them to adopt this
"measure. —

"The Northumberland Bank
"at present issue the Pay for Mr
"Russells and many other Collieries,
"and also for Colonel Beaumonts Lead
"mines — if the Circulating Medium is
"taken away, the Pitmen, Keelmen,
"Sailors and Miners must be thrown
"out of employment and the consequence
"would be confusion, Riot and Disorder,
"attended with great danger to that
"part of the Country. — We do not urge
"this argument Gentlemen with a view
"of acting upon your Feelings to promote
"our own Interests; the inconvenience
"felt by us in consequence of a
"temporary Suspension would be

very

"very trifling indeed compared with the
"entire Ruin that Thousands would be
"reduced to from want of employment

"Should any further Information
"on the subject than what is contained
"in this Statement be deemed necessary
"by the Governor of the Bank of
"England for the satisfaction of himself
"and the Directors, I shall be happy
"to wait upon him for the purpose of
"giving further explanation. —

Letter from Messrs. Fereday & Co. applying for the Loan of £150,000 by way of Discount to the New River Company for certain purposes

"To the Govenor, Deputy Govenor and

"Gentlemen,

"The anxious solicitude which
"we feel created by the awful state of the
"Country in general, and from the extreme
"distress of our own immediate neighbour-
"hood, the extensive Manufacturing District
"of Bilson in particular; has induced us
"to turn our attention and look around
"in every Direction for such Orders, which
"by giving even a partial employment
"would mitigate the sufferings of a Body
"of Workmen as celebrated for their Loyalty
"throughout the late important Struggle
"as their habits of industry in one of
"the staple articles of this Country has been,
"in a political & commercial point of view
"beneficial to the resources of the Nation.

"The first object which presented
"itself was an order for 20,000 Tons or
"200 Miles in extent of Cast Iron Pipes
"for the establishment of a Water Works
"Company in Paris upon the London System,
"which we have been extremely anxious to
"secure, but as the importation of British
"Castings are prohibited in France the
"interested Parties could not with safety

to

"to themselves give out the Orders untill
"the promised act of the Chamber of Deputies
"for the free importation shall be obtained
