1.9 Market abuse (misleading behaviour) & market abuse (distortion)

...

Short selling in relation to financial sector companies

- 1.9.2C E (1) ~~A person who enters into a transaction that (whether by itself or in conjunction with other transactions) has the effect of:~~
- ~~(a) creating a *net short position* in a *UK financial sector company*; or~~
 - ~~(b) increasing any *net short position* in a *UK financial sector company* that the person had immediately before 19 September 2008;~~
- ~~is, in the opinion of the *FSA*, engaging in *behaviour* that is *market abuse (misleading behaviour)*. [deleted]~~
- (2) ~~Paragraph (1) does not apply to a person acting in the capacity of a market maker. [deleted]~~
- (3) ~~Paragraph (1) does not apply to a transaction entered into or an order placed before 19 September 2008. [deleted]~~
- (4) ~~This provision ceases to have effect on 16 January 2008. [deleted]~~

~~Disclosure of pre-existing positions~~

- 1.9.2D E (1) Failure by a person who has a *disclosable short position* in a *UK financial sector company* to provide adequate ongoing disclosure of their position is *behaviour* which, in the opinion of the *FSA*, is *market abuse (misleading behaviour)*.
- (2) In paragraph (1), “adequate ongoing disclosure” means disclosure made on a *RIS* by no later than 3.30pm on the *business day* following:
- ~~(a) the first day on which the position reaches, exceeds or falls below a *disclosable short position* is held after 30 October 2008; and of 0.25%, 0.35%, 0.45% and 0.55% of the issued share capital of the company and each 0.1%~~

threshold thereafter.

~~(b) each day on which the *disclosable short position* changes.~~

~~(2A) The disclosure referred to in (1) must include the name of the person who has the position, the amount of the *disclosable short position* and the name of the company in relation to which it has that position. Where the change in position results in the person no longer holding a *disclosable short position*, there must be disclosure to that effect.~~

~~(3) The first disclosure required under this provision is by 3.30pm on 23 September 2008 which should relate to positions held on 19 September and 22 September. For the avoidance of doubt, changes in a *disclosable short position* between the thresholds referred to in (2) do not need to be disclosed under this section. For example, an increase from 0.25% to 0.31% of the issued share capital of the company does not need to be disclosed.~~

~~(4) This provision ceases to have effect on 16 January 2009. For the avoidance of doubt, (1) applies during a *rights issue period*.~~

~~(5) This provision ceases to have effect on 30 June 2009.~~

1.9.2E G ~~MAR 1.9.2DE refers to a person providing adequate ongoing disclosure of *disclosable short positions*. A person may have such an interest despite MAR 1.9.2CE because they had a *disclosable short position* before 19 September 2008 or because they had a short position before that date which due to other extraneous factors becomes a *disclosable short position*. 13A.1.1 G (1) ...

(2) This chapter also applies to:

- (a) a *Treaty firm* that wishes to exercise rights under the *Treaty* in respect of *regulated activities*, those rights not being covered by passporting rights provided by the *Single Market Directives*, and ~~qualify~~ qualifies for *authorisation* under Schedule 4 to the *Act* (*Treaty Rights*); and

...

...

13A.1.3 G (1) Under the *Gibraltar Order* made under section 409 of the *Act*, a Gibraltar firm is treated as an *EEA firm* under Schedule 3 to the *Act* if it is:

(a) ...

(aa) authorised in Gibraltar under the *Reinsurance Directive*; or

...

...

...

13A.1.5 G (1) *EEA firms* should note that this chapter only addresses the procedures which the *FSA* will follow under the *Act* ~~after it has received a consent notice or been notified of an *EEA firm's* intentions~~

by its ~~Home State regulator~~. So, an *EEA firm* should consider this *guidance* in conjunction with the requirements with which it will have to comply in its *Home State*.

...

13A.2.1 G A person will only be an *EEA firm* or a *Treaty firm* if it has its head office in an *EEA State* other than the *United Kingdom*. *EEA firms* and *Treaty firms* are entitled to exercise both the right of establishment and the freedom to provide services under the *Treaty*. The difference, however, is that an *EEA firm* has a right to passport under a *Single Market Directive*, whereas a *Treaty firm* carries on activities for which the right to carry on those activities does ~~which do~~ not fall within the scope of a *Single Market Directive*. An *EEA firm* may also be a *Treaty firm* if it carries on such activities. A person may be a *Treaty firm*, where, for example, it carries on business that: includes regulated activities, the right to carry on which does not fall within the scope of the *Single Market Directive* under which it is entitled to exercise an *EEA right*, for example, *reinsurance* in the case of a direct insurer to which the *Insurance Directives* apply.

(1) ~~comprises regulated activities, such as reinsurance, which are not covered by any *Single Market Directive*; or~~

(2) ~~includes regulated activities which do not fall within the scope of the *Single Market Directive* under which it is entitled to exercise an *EEA right*.~~

...

13A.3.1 G Section 31 of the *Act* (Authorised persons) states that an *EEA firm* is *authorised* for the purposes of the *Act* if it qualifies for *authorisation* under Schedule 3 to the *Act* (*EEA Passport Rights*). Under paragraph 12 of Part II of that Schedule, an *EEA firm* that is an *EEA pure reinsurer* qualifies for *authorisation* without condition. An *EEA firm* that is not an *EEA pure reinsurer* qualifies for *authorisation* if:

...

...

13A.3.1B G A *pure reinsurer* with its head office in an *EEA State* that has not fully implemented the *Reinsurance Directive* may nevertheless be accepted as satisfying the conditions to be an *EEA pure reinsurer* if the *firm* provides satisfactory evidence that the prudential requirements of the *Reinsurance Directive* have been implemented by that *EEA State* and that they apply to the *firm*. The *firm* may then be deemed to be authorised under the *Reinsurance Directive* in that *EEA State*.

...

13A.3.11 G (1) An *EEA firm* that is carrying on both direct insurance and ~~reinsurance~~ *reinsurance* business will be entitled to passport under

Schedule 3 to the *Act* in relation to the direct *insurance business*. It will also have a *Treaty right* under Schedule 4 to the *Act* in relation to the *reinsurance business* if the *firm* has received *Home State authorisation* for the *regulated activity* of effecting and/or carrying out the relevant class of *insurance business* that includes *reinsurance business* for that class and the relevant provisions of the law of the *Home State* satisfy the conditions laid down by the *Insurance Directives* relating to the carrying on of that activity (see SUP App 3.10.13G). Such *EEA firms* are advised to discuss their particular circumstances with the Authorisation Department before sending in their notification under paragraph 5(2) of Schedule 4 to the *Act* (see SUP 13A.3.6 G).

- (1A) An insurance company with its head office in an *EEA State* other than the *United Kingdom* that is carrying on pure *reinsurance business* in that State, and which has received authorisation (or is deemed to be authorised) under the *Reinsurance Directive* from its *Home State* (an *EEA pure reinsurer*), has an automatic *EEA right to passport* into the *United Kingdom* by establishing a *branch* in the *United Kingdom* or by the provision of *cross border services*. Under the *General Protocol*, *Home State regulators* have agreed to inform *Host State regulators* if a *pure reinsurer* carries on business through a *branch* in the *Host State*.
- (2) An insurance company with its head office in an *EEA State* other than the *United Kingdom* that is carrying on pure ~~reinsurance~~ *reinsurance business* in that State, and which wishes to carry on such business in the *United Kingdom* and is authorised by its *Home State* but not yet under the *Reinsurance Directive*, is advised to discuss its particular requirements with the Authorisation Department. It may be entitled to exercise a *Treaty right* provided it satisfies the conditions in paragraph 3(1) of Schedule 4 to the *Act* (see SUP 13A.3.4G). 1. The table below summarises the application of the *Handbook* to an *incoming EEA firm*. Where the table indicates that a particular module of the *Handbook* may apply, its application in relation to any particular activity is dependent on the detailed application provisions in that module. The table does not apply to *incoming ECA providers*. These should refer to *COBS* 1 Annex 1 Part 3 section 7 for *guidance* on how *COBS* applies to them. The table does not apply to *EEA pure reinsurers* as these *firms* have automatic passport rights on the basis of their *Home State* authorisation.

Position of EEA ~~reinsurers~~ insurers carrying out both direct and reinsurance business

- 3.10.13 G The *Insurance Directives* do not apply to the authorisation to carry on ~~reinsurance~~ reinsurance. But, the *Insurance Directives* do not prevent *insurance undertakings* authorised under those Directives from carrying out ~~reinsurance~~ reinsurance as well as direct insurance business. Article 13(2) of the *First Non-Life Directive* and article 10(2) of the *Consolidated Life Directive* state that financial supervision of *insurance undertakings* “shall include verification, with respect to the ~~insurance undertaking’s~~ insurance undertaking’s entire business, of its state of solvency, of the establishment of technical provisions and of the assets covering them”. On that basis, an *insurance undertaking* authorised in another *EEA State* which carries on a mixed direct insurance and ~~reinsurance~~ reinsurance business, and is, therefore, subject to the requirements of the Directives, will generally be treated as ~~being subject to~~ “equivalent protection” satisfying the conditions laid down by a Community instrument relating to the carrying on of the regulated activity of effecting or carrying out contracts of insurance. This is for the purpose of paragraph 3 of Schedule 4 to the *Act* (Exercise of treaty rights). The *insurance undertaking* will, therefore, generally be able to qualify for *permission* as a *Treaty firm* for its ~~reinsurance~~ reinsurance business if it follows the procedure provided for by Schedule 4 (see *SUP 13A.3.4G* to *SUP 13A.3.11G* (Treaty Firms)). This will be in addition to the *insurance undertaking* being an *EEA firm* under Schedule 3 of the *Act* for its direct insurance business.

Amendments to the Collective Investment Schemes sourcebook (COLL)

In this Annex, underlining indicates new text and striking through indicates deleted text.

Rights of unit classes

- 3.3.5 R ...
- (4) Paragraphs (2) and (3) do not prohibit a difference between the rights attached to one *class* of *units* and to another *class* of *units* that relates solely to:
- ...
- (d) the use of *derivatives* and forward transactions entered into for the purpose of reducing the effect of fluctuations in the rate of exchange between the currency of a ~~*currency class*~~ *of unit units* and either the *base currency* of the *scheme* or any currency in which all or part of the *scheme property* is denominated or valued (in this section referred to as a “~~*currency class*~~ hedging transaction”).

Hedging of ~~*currency class units*~~ *unit classes*

- 3.3.5A R A ~~*currency class*~~ hedging transaction must:
- ...
- (2) (for the purposes of valuing *scheme property* and calculating the *price* of *units* in accordance with COLL 6.3 (Valuation and pricing)) be attributed only to the ~~*currency class*~~ *of units* for which it is undertaken.

Guidance on hedging of ~~*currency*~~ *unit* classes

- 3.3.5B G (1) Before undertaking a ~~*currency class*~~ hedging transaction for a *class* of *units*, the *authorised fund manager* should:
- (a) ensure that the relevant *prospectus* clearly:
- (i) states that such a transaction may be undertaken for the relevant *class* of ~~*currency class*~~ *units*; and
- ...
- (b) consult the *depository* about the adequacy of the systems and controls it uses to ensure compliance with COLL 3.3.5AR (Hedging of ~~*currency class units*~~ *unit classes*); and

- (c) consult the *scheme auditor* ... (in each case) without prejudice to *unitholders* of *classes* other than the relevant ~~currency~~ hedged class.
- (2) ~~Currency-class~~ Class hedging transactions should be entered into for the purpose of reducing risk by limiting the effect of movements in exchange rates on the value of a ~~currency-class unit~~. Such transactions are not limited to currency class units. The *authorised fund manager* should ensure that the total value of the hedged position does not exceed the value of the relevant ~~currency class of units~~ unless there is adequate cover and it is reasonable for it to do so on a temporary basis for reasons of efficiency (for example, to avoid the need to make small and frequent adjusting transactions). In such cases, the difference between the value of the hedged position and the value of the ~~currency class of units~~ should not be so large as to be speculative or to constitute an investment strategy.

...

Investment in collective investment schemes

- 5.2.13 R A *UCITS scheme* must not invest in *units* in a *collective investment scheme* (“*second scheme*”) unless the *second scheme* satisfies all of the following conditions, and provided that no more than 30% of the value of the *UCITS scheme* is invested in *second schemes* within (1)(b) to ~~(d)~~ (e):
- (1) the *second scheme* must:
- ...
- (d) be authorised in another *EEA State* (provided the requirements of article 19(1)(e) of the *UCITS Directive* are met); or
- (e) be authorised by the competent authority of an *OECD* member country (other than another *EEA State*) which has:
- (i) signed the IOSCO Multilateral Memorandum of Understanding; and
- (ii) approved the *scheme*’s management company, rules and depositary/custody arrangements;
- (provided the requirements of article 19(1)(e) of the *UCITS Directive* are met);

...

Qualifying non-UCITS collective investment schemes

- 5.2.14 G ...

- (3) In determining whether a *scheme* meets the requirements of article 19(1)(e) of the *UCITS Directive* for the purposes of *COLL 5.2.13R* (1)(d) or (e), the *authorised fund manager* should consider the following factors before deciding that the *scheme* provides a level of protection for *unitholders* which is equivalent to that provided to *unitholders* in a *UCITS scheme*:
- (a) the rules guaranteeing the autonomy of the *scheme* and management in the exclusive interest of the *unitholders*;
 - (b) the existence of an independent *depository/custodian* with similar duties and responsibilities in relation to both safekeeping and supervision; where an independent *depository/custodian* is not a requirement of local law as regards *collective investment schemes*, robust governance structures may provide a suitable alternative;
 - (c) the availability of pricing information and reporting requirements;
 - (d) redemption facilities and frequency;
 - (e) restrictions in relation to dealings by related parties;
 - (f) the extent of asset segregation; and
 - (g) the local requirements for borrowing, lending and uncovered sales of *transferable securities* and money market instruments regarding the portfolio of the *scheme*.

[Note: article 26 of *CESR's UCITS eligible assets guidelines* with respect to article 19(1)(e) of the *UCITS Directive*]

- (4) The requirement for supervisory equivalence, as described in article 19(1)(e) (first indent) of the *UCITS Directive*, also applies to *schemes* (that are not *UCITS schemes*) established in other *EEA States*. In considering whether the second *scheme* satisfies this requirement, the *authorised fund manager* should have regard to the first section of article 26 of *CESR's UCITS eligible assets guidelines*.

~~instruments~~ financial instruments ...

[**Note:** Recital 13 of the *TD implementing Directive*]

- (2) For the purposes of *DTR 5.3.1R(1)(b)*, in the *FSA's* view:
- (a) a financial instrument has a similar economic effect to a qualifying financial instrument in *DTR 5.3.1R(1)(a)*, if its terms are referenced, in whole or in part, to an issuer's shares and, generally, the holder of the financial instrument has, in effect, a long position on the economic performance of the shares, whether the instrument is settled physically in shares or in cash. This is because such an instrument may give the holder the potential to gain an economic advantage in acquiring, or gaining access to, the underlying shares. For example, that result may occur because of the likelihood that the counterparty will have hedged with the underlying shares or with an instrument which may provide access to such shares. The holder may then be in a more advantageous position, compared to other market users (i.e. other potential purchasers of the shares), to gain access to those shares, either directly from the counterparty, or indirectly, for example in the market following sale by the counterparty;
 - (b) 'long' derivative financial instruments not having a linear, symmetric pay-off profile in line with the underlying share (that is, instruments not having a 'delta 1' profile, for example cash-settled options) should be considered to have an economic effect, in relation to the underlying shares represented, similar to that of a qualifying financial instrument, only in the proportion which is equal to the delta of the instrument at any particular point in time. So, for an instrument with a delta of 0.5 on a particular day, the instrument will provide a 'similar economic effect' in half of the underlying shares represented. This will mean that holders may need to monitor delta changes at the end of each trading day in order to determine whether a disclosure is required;
 - (c) a financial instrument referenced to a basket or index of shares will not have similar economic effects to a qualifying financial instrument unless:
 - (i) the shares in the basket represent both 1% or more of the class in issue and 20% or more of the value of the securities in the basket or index; and
 - (ii) use of the financial instrument is connected to the avoidance of notification;

Annex F

Amendments to the Dispute Resolution: Complaints sourcebook (DISP)

In this Annex, underlining indicates new text and striking through indicates deleted text, unless otherwise stated.

Introduction

This part of the *Handbook* sets out how *complaints* are to be dealt with by *respondents* (*firms*, *payment service providers*, *licensees* and *VJ participants*) and the *Financial Ombudsman Service*.

...

The powers to make rules (or set *standard terms*) relating to *firms*, *payment service providers*, *licensees*, and *VJ participants* derive from various legislative provisions; but the rules (and *standard terms*) have been co-ordinated to ensure that they are identical, wherever possible.

...

Background

1.1.2 G Details of how this chapter applies to each type of *respondent* are set out below. For this purpose, *respondents* include:

- (1) *persons* carrying on *regulated activities* (*firms*) or providing *payment services* (*payment service providers*) and which are covered by the *Compulsory Jurisdiction* (~~*firms*~~);

...

...

Application to payment service providers

1.1.10A R This chapter (except the *complaints record rule* and the *complaints reporting rules*) applies to *payment service providers* in respect of *complaints* from *eligible complainants* concerning activities carried on from an establishment maintained by it or its *agent* in the *United Kingdom*.

- 1.1.10B G
- (1) In this sourcebook, the term *payment service provider* does not include *full credit institutions* or *e-money firms* (which are covered by this sourcebook as *firms*), but it does include *small e-money issuers*.
 - (2) Although *payment service providers* are not required to comply with the *complaints record rule*, it is in their interest to retain records of *complaints* so that these can be used to assist the *Financial*

Ombudsman Service should this be necessary.

...

Exemptions for firms and payment service providers

- 1.1.12 R (1) A firm or payment service provider falling within the *Compulsory Jurisdiction* which does not conduct business with *eligible complainants* and has no reasonable likelihood of doing so, can, by written notification to the *FSA*, claim exemption from the *rules* relating to the funding of the *Financial Ombudsman Service*, and from the remainder of this chapter.

...

...

1.2 Consumer awareness rules

Publishing and providing summary details

- 1.2.1 R To aid consumer awareness of the protections offered by the provisions in this chapter, *respondents* must:
- (1) publish appropriate summary details of their internal process for dealing with *complaints* promptly and fairly;
 - (2) refer *eligible complainants* ~~in writing~~ to the availability of these summary details ~~at, or immediately after, the point of sale; and:~~
 - (a) in relation to a payment service, in the information on out-of-court complaint and redress procedures required to be provided or made available under regulations 36(2)(e) (Information required prior to the conclusion of a single payment service contract) or 40 (Prior general information for framework contracts) of the Payment Services Regulations; or
 - (b) otherwise, in writing at, or immediately after, the point of sale; and
 - (3) ...
- 1.2.2 R Where the activity does not involve a sale, the obligation in *DISP* 1.2.1R(2)(b) shall apply at, or immediately after, the point when contact is first made with an *eligible complainant*.

2.1 Purpose, interpretation and application

Purpose

2.1.1 G The purpose of this chapter is to set out *rules* and guidance on the scope of the *Compulsory Jurisdiction*, the *Consumer Credit Jurisdiction* and the *Voluntary Jurisdiction*, which are the *Financial Ombudsman Service's* three jurisdictions:

- (1) the *Compulsory Jurisdiction* is not restricted to *regulated activities and payment services*, and covers:

...

...

2.3 To which activities does the Compulsory Jurisdiction apply?

Activities by firms

2.3.1 R The *Ombudsman* can consider a *complaint* under the *Compulsory Jurisdiction* if it relates to an act or omission by a *firm* in carrying on one or more of the following activities:

- (1) *regulated activities*;

- (1A) *payment services*;

...

or any ancillary activities, including advice, carried on by the *firm* in connection with them.

Activities by firms and unauthorised persons subject to a former scheme

2.3.2 G ...

Activities by payment service providers

2.3.2A R The Ombudsman can consider a complaint under the Compulsory Jurisdiction if it relates to an act or omission by a payment service provider in carrying on:

- (1) payment services; or
- (2) consumer credit activities;

or any ancillary activities, including advice, carried on by the payment service provider in connection with them.

General

2.3.3 G ~~Complaints about acts or omissions by a firm~~ include ~~complaints about acts or omissions~~ those in respect of activities for which the firm or payment service provider is responsible (including business of any appointed representative or agent for which the firm or payment institution has accepted responsibility).

...

2.3.5 G The Compulsory Jurisdiction includes complaints about the UK end of ‘one leg’ payment services transactions, i.e. services provided from UK establishments that also involve a payment service provider located outside the EEA. The Compulsory Jurisdiction also includes complaints about payment services irrespective of the currency of the transaction.

...

2.5 To which activities does the Voluntary Jurisdiction apply?

2.5.1 R The Ombudsman can consider a complaint under the Voluntary Jurisdiction if:

- (1) it is not covered by the *Compulsory Jurisdiction* or the *Consumer Credit Jurisdiction*; and
- (2) it relates to an act or omission by a *VJ participant* in carrying on one or more of the following activities:

...

- (1) activities which (at 1 November 2009) were payment services or would be payment services if they were carried on from an establishment in the United Kingdom;

or any ancillary activities, including advice, carried on by the *VJ participant* in connection with them.

...

- 2.5.4A G DISP 2.5.1R(2)(l) includes complaints about the EEA end of ‘one leg’ payment services transactions, i.e. services provided from EEA establishments that are subject to the territorial jurisdiction of the Voluntary Jurisdiction (see DISP 2.6.4R(2)) that also involve a payment service provider located outside the EEA. It also includes complaints about payment services irrespective of the currency of the transaction.

...

2.6 What is the territorial scope of the relevant jurisdiction?

Compulsory Jurisdiction

- 2.6.1 R The *Compulsory Jurisdiction* covers only *complaints* about the activities of a *firm* (including its *appointed representatives*) or of a *payment service provider* (including *agents of a payment institution*) carried on from an establishment in the *United Kingdom*.
- 2.6.2 G This:
- (1) includes incoming *EEA firms*, incoming EEA authorised payment institutions and *incoming Treaty firms*; but
 - (2) excludes *complaints* about business conducted in the *United Kingdom* on a services basis from an establishment outside the *United Kingdom*.

...

Eligible complainants

- 2.7.3 R An *eligible complainant* must be a *person* that is:
- (1) a ~~private individual~~ consumer;
 - (2) a ~~business, which has a group annual turnover of less than £1 million~~ micro-enterprise;
 - (a) in relation to a complaint relating wholly or partly to payment services, either at the time of the conclusion of the payment service contract or at the time the complainant refers the complaint to the respondent; or
 - (b) otherwise, at the time the complainant refers the complaint to the respondent;
 - (3) a charity which has an annual income of less than £1 million at the time the complainant refers the *complaint* to the *respondent*; or

- (4) a trustee of a trust which has a net asset value of less than £1 million at the time the complainant refers the *complaint* to the *respondent*.

2.7.4 G ~~A business includes a *sole trader*, a *company*, an unincorporated body and a *partnership* carrying on any trade or profession. A subsidiary of a corporate group will be eligible only where the corporate group as a whole meets the turnover test. In determining whether an enterprise meets the tests for being a *micro-enterprise*, account should be taken of the enterprise's 'partner enterprises' or 'linked enterprises' (as those terms are defined in the *Micro-enterprise Recommendation*). For example, where a parent company holds a majority shareholding in a *complainant*, if the parent company does not meet the tests for being a *micro-enterprise* then neither will the *complainant*.~~

[Note: Articles 1 and 3 to 7 of the Annex to the *Micro-enterprise Recommendation*]

...

2.7.6 R To be an *eligible complainant* a person must also have a *complaint* which arises from matters relevant to one or more of the following relationships with the *respondent*:

- (1) the complainant is (or was) a customer or *payment service user* of the *respondent*;
- (2) the complainant is (or was) a potential customer or *payment service user* of the *respondent*;

...

...

Exceptions

2.7.9 R The following are not *eligible complainants*:

- (1) (in all jurisdictions) a *firm*, *payment service provider*, *licensee* or *VJ participant* whose *complaint* relates in any way to an activity which:
- (a) the *firm* itself has *permission* to carry on; or
- (ab) the *firm* or *payment service provider* itself is entitled to carry on under the *Payment Services Regulations*; or
- (b) the *licensee* or *VJ participant* itself conducts;

and which is subject to the *Compulsory Jurisdiction*, the *Consumer Credit Jurisdiction* or the *Voluntary Jurisdiction*;

Annex G

Amendments to the Enforcement Guide (EG)

In this Annex, the text is all new and is not underlined.

After EG 19.89 insert the following new text.

Payment Services Regulations 2009

- 19.90 The FSA has investigation and sanctioning powers in relation to both criminal and civil breaches of the *Payment Services Regulations*. The *Payment Services Regulations* impose requirements including, amongst other things, obligations on *payment service providers* to provide users with a range of information and various provisions regulating the rights and obligations of payment service users and providers.
- 19.91 The FSA's approach to enforcing the *Payment Services Regulations* will mirror its general approach to enforcing the *Act*, as set out in *EG 2*. It will seek to exercise its enforcement powers in a manner that is transparent, proportionate, responsive to the issue, and consistent with its publicly stated policies. It will also seek to ensure fair treatment when exercising its enforcement powers. Finally, it will aim to change the behaviour of the *person* who is the subject of its action, to deter future non-compliance by others, to eliminate any financial gain or benefit from non-compliance, and where appropriate, to remedy the harm caused by the non-compliance.
- 19.92 The regulatory powers which the *Payment Services Regulations* provide to the FSA include:
- the power to require information;
 - powers of entry and inspection;
 - power of public censure;
 - the power to impose financial penalties;
 - the power to prosecute or fine unauthorised providers; and
 - the power to vary an authorisation on its own initiative.
- 19.93 The *Payment Services Regulations*, for the most part, mirror the FSA's investigative, sanctioning and regulatory powers under the *Act*. The FSA has decided to adopt procedures and policies in relation to the use of those powers akin to those it has under the *Act*. Key features of the FSA's approach are described below.

The conduct of investigations under the Payment Services Regulations

- 19.94 The *Payment Services Regulations* apply much of Part 11 of the *Act*. The effect of this is to apply the same procedures under the *Act* for appointing investigators and requiring information when investigating breaches of the *Payment Services Regulations*.
- 19.95 The FSA will notify the subject of the investigation that it has appointed investigators to carry out an investigation under the *Payment Services Regulations* and the reasons

for the appointment, unless notification is likely to prejudice the investigation or otherwise result in it being frustrated. The FSA expects to carry out a scoping visit early on in the enforcement process in most cases. The FSA's policy in civil investigations under the *Payment Services Regulations* is to use powers to compel information in the same way as it would in the course of an investigation under the *Act*.

Decision making under the Payment Services Regulations

- 19.96 The *RDC* is the FSA's decision maker for some of the decisions under the *Payment Services Regulations* as set out in *DEPP 2 Annex 1G*. This builds a layer of separation into the process to help ensure not only that decisions are fair but that they are seen to be fair. The *RDC* will make its decisions following the procedure set out in *DEPP 3.2* or, where appropriate, *DEPP 3.3* and *3.4*. *DEPP 3.4* applies for urgent notices under Regulations 11(6), (9), and (10)(b) (including as applied by Regulation 14).
- 19.97 For decisions made by *executive procedures* the procedures to be followed will be those described in *DEPP 4*.
- 19.98 The *Payment Service Regulations* do not require the FSA to have published procedures to launch criminal prosecutions. However, in these situations the FSA expects that it will normally follow its decision-making procedures for the equivalent decisions under the *Act*.
- 19.99 The *Payment Service Regulations* require the FSA to give third party rights as set out in section 393 of the *Act* and to give access to certain material as set out in section 394 of the *Act*.
- 19.100 Certain FSA decisions (for example the cancellation of an authorisation or the imposition of a financial penalty) may be referred to the *Tribunal* by an aggrieved party.

Imposition of penalties under the Payment Services Regulations

- 19.101 When imposing or determining the level of a financial penalty the FSA's policy includes having regard to relevant factors in *DEPP 6.2.1G* and *DEPP 6.5*.
- 19.102 As with cases under the *Act*, the FSA may settle or mediate appropriate cases involving civil breaches of the *Payment Services Regulations* to assist it to exercise its functions under the Regulations in the most efficient and economic way. See *DEPP 5*, *DEPP 6.7* and *EG 5* for further information on the settlement process and the settlement discount scheme.

Statement of policy in section 169(7) interviews (as implemented by the Payment Services Regulations)

- 19.103 The *Payment Services Regulations* apply section 169 of the *Act* which requires the FSA to publish a statement of policy on the conduct of certain interviews in response

to requests from overseas regulators. For the purposes of the *Payment Services Regulations* the *FSA* will follow the procedures described in *DEPP 7*.

4.2.7 R A *firm* (other than an *ICVC* or *UCITS qualifier*) which becomes authorised, or whose *permission* is extended, during the course of the financial year must pay a fee which is calculated by:

...

- (4) modifying the result as indicated by the table in FEES 4.2.6R (except that FEES 4 Annex 10R (Periodic fees for MTF operators) deals with a firm that receives permission for operating a multilateral trading facility or has its permission extended to include this activity during the course of the relevant financial year and

FEES 4.2.6R does not apply).

...

- 4.2.7B R (1) This rule deals with the calculation of:
- (a) a firm's fees for the FSA financial year following the FSA financial year in which the firm obtained permission or had its permission extended ("the second financial year"); and
 - (b) the tariff base for the fee block or fee blocks that relate to that permission or extension, as the case may be.
- (2) Unless this rule says otherwise, the tariff base for a firm's second financial year is calculated using projected valuations for its second year (as provided to the FSA in the course of the firm's application), of the business to which the tariff relates.
- (3) This rule does not apply to a firm with a permission for operating a multilateral trading facility.
- (4) A reference to the FSA financial year means the 12 months ending with 31 March.
- (5) The rest of this rule only applies to a firm that becomes authorised, or extends its permission, on or after 1 April 2009.
- (a) If a firm's tariff base is calculated using data from a period that begins on or after the date that the firm receives its permission or extension of permission, as the case may be, the firm must use that data.
 - (b) Unless (a) applies, if a firm:
 - (i) receives its permission or extension of permission, as the case may be, between 1 April and 31 December inclusive; and
 - (ii) is, but for this rule, required to calculate its tariff base by reference to the average of its modified eligible liabilities for October, November and December;it must calculate that tariff base as at the December before the start of the FSA financial year.
 - (c) If a firm satisfies the following conditions it must calculate its tariff base under (d):
 - (i) the firm receives its permission or extension of permission, as the case may be, between 1 April and 31 December inclusive; and

- (ii) the *firm's* tariff base, but for this *rule*, is calculated by reference to the *firm's* financial year ended in the calendar year ending 31 December prior to the *FSA* financial year or the twelve *months* ending 31 December prior to the *FSA* financial year.
- (d) If a *firm* satisfies the conditions in (c) it must calculate its tariff base as follows:
 - (i) it must use actual data in relation to the business to which the tariff relates rather than projected valuations;
 - (ii) the tariff is calculated by reference to the period beginning on the date it acquired *permission*, or had its *permission* extended, and ending on the 31 December before the start of the *FSA* financial year; and
 - (iii) the figures are annualised by increasing them by the same proportion as the period of 12 months bears to the period starting from when the *firm* received its *permission* or extension to the 31 December, as the case may be.
- (e) Where a *firm* is required to use the method in (d) it must notify the *FSA* of this by the date specified in *FEES* 4.4 (Information on which Fees are calculated).
- (f) Where a *firm* is required to use actual data under this *rule* *FEES* 4 Annex 1R Part 3 is modified in relation to the calculation of that *firm's* valuation date in its second financial year.

Application of FEES 4.2.7BR

4.2.7C G The table below sets out the period within which a *firm's* tariff base is calculated (“the data period”) for second year fees calculated under *FEES* 4.2.7BR. The example is based on a *firm* that acquires *permission* on 1 November 2009 and has a financial year ending 31 March. Where valuation dates fall before the *firm* receives *permission* it should use projected valuations in calculating its fees.

References in this table to dates or months are references to the latest one occurring before the start of the *FSA's* financial year unless otherwise stated.

- 5.8.2 R (1) This rule deals with the calculation of:
- (a) a firm's general levy in the 12 months ending on the 31 March in which it obtains permission, or its permission is extended, and the following 12 months ending on the 31 March, and
 - (b) the tariff base for the industry blocks that relate to that permission or extension, as the case may be.
- (2) Unless this rule says otherwise, the tariff base is calculated using the projected valuation for its first and second year of the business to which the tariff relates.
- (3) The rest of this rule only applies to a firm that becomes authorised, or extends its permission, on or after 1 April 2009.
- (a) If the tariff base is calculated using data from a period that begins on or after the date that the firm receives its permission or extension of permission, as the case may be, the firm must use that data.
 - (b) If a firm satisfies the following conditions it must calculate its tariff base under (c) for the FSA financial year following the FSA financial year it obtained permission:
 - (i) the firm receives its permission or extension of permission, as the case may be, between 1 April and 31 December inclusive; and
 - (ii) the firm's tariff base, but for this rule, is calculated by reference to the firm's financial year ended in the calendar year ending 31 December or the twelve months ending 31 December prior to the FSA financial year.
 - (c) If a firm satisfies the conditions in (b) it must calculate its tariff base as follows:
 - (i) it must use actual data in relation to the business to which the tariff relates rather than projected valuations;
 - (ii) the tariff is calculated by reference to the period beginning on the date it acquired permission, or had its permission extended, and ending on the 31 December before the start of the FSA financial year; and

- (iii) the figures are annualised by increasing them by the same proportion as the period of 12 months bears to the period starting from when the firm received its permission or extension to the 31 December, as the case may be.
- (d) Where a firm is required to use the method in (c) it must notify the FSA of its intention to do so by the date specified in FEES 5.4 (Information requirement).
- (e) Where a firm is required to use actual data under this rule FEES 4 Annex 1R Part 3 is modified in relation to the calculation of that firm's valuation date in its second financial year.

The example is based on a firm that acquires permission on 1 November 2009 and has a financial year ending 31 March. Where valuation dates fall before the firm receives permission it should use projected valuations in calculating its levies.

Specific costs levy for newly authorised firms

6.4.10A R (1) This rule deals with the calculation of:

- (a) a participant firm's specific costs levy in the financial year of the FSCS following the FSCS financial year in which it became a participant firm; or
- (b) a participant firm's specific costs levy in the financial year of the FSCS in which it had its permission extended, and the following FSCS financial year; and

- (c) the tariff base for the *class* or *sub-classes* that relate to the relevant *permissions* or extensions, as the case may be.
- (2) Unless this *rule* says otherwise the tariff base is calculated, where necessary, using the projected valuation of the business to which the tariff relates.
- (3) The rest of this *rule* only applies to a *firm* that becomes a *participant firm*, or extends its *permission*, on or after 1 April 2009.
- (a) If a *participant firm*'s tariff base is calculated using data from a period that begins on or after it became a *participant firm* or on or after the date that the *participant firm* receives its extension of *permission*, as the case may be, the *participant firm* must use that data.
- (b) If a *participant firm* satisfies the following conditions it must calculate its tariff base under (c) for the *FSCS* financial year following the *FSCS* financial year it became a *participant firm*:
- (i) it became a *participant firm* or receives its extension of *permission*, as the case may be, between 1 April and 31 December inclusive; and
- (ii) its tariff base, but for this *rule*, is calculated by reference to the financial year ended in the calendar year ending 31 December or the twelve *months* ending 31 December before the *FSCS* financial year.
- (c) If a *participant firm* satisfies the conditions in (b) it must calculate its tariff base as follows:
- (i) it must use actual data in relation to the business to which the tariff relates rather than projected valuations;
- (ii) the tariff is calculated by reference to the period beginning on the date it became a *participant firm* or had its *permission* extended, and ending on the 31 December before the start of the *FSCS* financial year; and
- (iii) the figures are annualised by increasing them by the same proportion as the period of 12 *months* bears to the period starting from when the *participant firm* became a *participant firm* or had its *permission* extended to the 31 December, as the case may be.
- (d) Where a *participant firm* is required to use the method in (c) it must notify the *FSCS* of its intention to do so by the date specified in *FEES* 6.5.13R (Reporting Requirements).

- (e) Where a *participant firm* is required to use actual data under this rule FEES 6 Annex 3R is disapplied, to the extent it is incompatible, in relation to the calculation of that *participant firm's* valuation date in its second financial year.

Application of FEES 6.4.10AR

- 6.4.10B G The table below sets out the period within which a *participant firm's* tariff base is calculated (“the data period”) for second year levies calculated under FEES 6.4.10B. The example is based on a *participant firm* that extends its *permission* on 1 November 2009 and has a financial year ending 31 March.

References in this table to dates or months are references to the latest one occurring before the start of the FSCS financial year unless otherwise stated.

<u>Type of permission acquired on 1 November</u>	<u>Tariff base</u>	<u>Valuation date but for FEES 6.5.13BR</u>	<u>Data period under FEES 6.5.13BR</u>

Compensation costs levy for newly authorised firms

- 6.5.9A R FEES 6.4.10AR applies to the calculation of a *participant firm's* compensation costs levy and its tariff base as it applies to the calculation of its specific costs levy.
- 6.5.9B G The example table in FEES 6.4.10BG can be applied to the calculation of the tariff bases under FEES 6.5.9AR.

4 Annex 4R Periodic fees in relation to collective investment schemes ...

...

Fees are charged according to the number of funds or ~~sub-funds~~ *sub-funds* operated by a *firm* as at 31 March 2008 ~~2009~~. Where a new *collective investment scheme* becomes authorised during a year, fees are charged according to the number of funds or ~~sub-funds~~ *sub-funds* operated by a *firm* as at the date of authorisation. Where more than one fund or ~~sub-fund~~ *sub-fund* is operated, the number of funds (not including the ~~umbrella~~ *umbrella* or parent fund) produces a 'fund factor' in accordance with the table above, which is then applied to a basic fee to produce one total fee per ~~operator~~ *operator*. Fund factors are applied per ~~operator~~ *operator* rather than per ~~scheme~~ *scheme* so that the fees relate to the number of funds rather than the number of ~~schemes~~ *schemes*. This means that, for example, an ~~authorised fund manager~~ *authorised fund manager* of three ~~schemes~~ *schemes* pays the same as an ~~operator~~ *operator* or ~~authorised fund manager~~ *authorised fund manager* of one ~~scheme~~ *scheme* with three ~~sub-funds~~ *sub-funds* (as only the ~~sub-funds~~ *sub-funds* are counted).

~~Schemes~~ *Schemes* set up under section 264 of the *Act* are charged according to the number of funds or ~~sub-funds~~ *sub-funds* which a *firm* is operating...

From 12 February 2007	12 February 2007
2	Each and every rule in COLL	G	The effect of transitional provision 1 is that the default position for the relevant parties of existing authorised funds (by which is meant authorised funds in respect of which the application for the authorisation order was received by the FSA before 1 April 2004) is that CIS continues to apply until 12 February 2007 unless the relevant authorised fund manager has exercised its right of election in accordance with CIS 1.1.1AR to comply with COLL, instead of CIS. 15. Guidance on the scope of the Payment Services Regulations 2009

15.1 Introduction

The purpose of this chapter is to help businesses in the UK consider whether they fall within the scope of the Payment Services Directive (2007/64/EC) (PSD), as given effect to in the Payment Services Regulations 2009 (the “PSD regulations”). The PSD regulations create a separate authorisation and registration regime which differs from the authorisation requirements under the Financial Services and Markets Act. In particular, it is aimed at helping these businesses consider whether they need to be separately authorised or registered for the purposes of providing payment services in the UK. References to individual regulations are to the PSD regulations, unless otherwise stated.

Background

PSD provides the legal framework for the operation of a single market in payment services. This includes the creation of a harmonised authorisation regime, designed to establish a single licence for payment service providers which are neither deposit-takers nor e-money issuers. Authorised payment institutions can provide services on a cross-border or branch basis, using passport rights acquired under the PSD.

The relevant payment services, as transposed in the PSD regulations, are set out fully in Annex 2 to this chapter and include, amongst other things, services relating to the operation of payment accounts (for example, cash deposits and withdrawals from current accounts and flexible savings accounts), execution of payment transactions, card issuing, merchant acquiring, money remittance and certain mobile phone-based payment services. The directive focuses on electronic means of payment including direct debit, debit card, credit card, standing order, mobile or fixed phone payments and payments from other digital devices as well as money remittance services; it does not apply to cash-only transactions or paper cheque-based transfers.

Scope

In terms of scope, the PSD regulations are likely to be of relevance to a range of firms including credit institutions, e-money issuers, the Post Office Limited, money remitters, certain bill payment service providers, card issuers, merchant acquirers and certain telecommunications network operators. It is also likely to be relevant to those agents of the above businesses which provide payment services.

Generally speaking, depending on the nature and size of its activities, a business to which the PSD regulations apply (other than a credit institution, e-money issuer or an EEA authorised payment institution) will need to be:

- authorised by the FSA as an authorised payment institution; or
- registered as a “small payment institution”; or
- registered as an agent of an authorised payment institution, EEA authorised payment institution or a small payment institution.

The conditions for authorisation as a payment institution are set out in regulation 6. In addition to the authorisation regime for payment institutions, there is an alternative lighter regime for those which fall within the category of small payment institutions (that is businesses which meet the conditions in regulation 13). Broadly, the category of small payment institutions will only be relevant to firms executing payment transactions with a monthly average of 3 million euros (or an equivalent amount) or less, over a 12 month period. Broadly, small payment institutions are not subject to the authorisation requirements in regulation 6 or the requirements in Part 3 of the PSD regulations (including capital requirements), but they are subject to a registration regime and the conduct of business provisions in Parts 5 and 6.

The PSD regulations also provide for the appointment of agents by authorised payment institutions and small payment institutions. These agents are exempt from the authorisation requirements in regulation 6 but they are required to be registered on the FSA register by their principal. When the agent’s principal is an EEA authorised payment institution, it needs to be registered on the Home State register of that payment institution. A business can also

provide payment services as an agent of a credit institution or e-money issuer, in which case there are no registration requirements under the PSD regulations.

Exemptions and exclusions

As well as small payment institutions and agents, the PSD regulations make provision for a limited number of exempt bodies, notably credit unions and municipal banks. The regulations do not apply to these bodies although municipal banks are required to notify the FSA if they propose to provide payment services.

More generally, there is a broad range of activities which do not constitute payment services under Schedule 1 Part 2 to the PSD regulations. Amongst these excluded activities, set out more fully in Annex 3, are:

- payment transactions through commercial agents;
- money exchange business (for example, bureaux de change);
- payment transactions linked to securities asset servicing (for example, dividend payments, share sales or unit redemptions);
- services provided by technical service providers;
- payment services based on instruments used within a limited network of service providers or for a limited range of goods or services; and
- payment services provided by telecommunications operators other than as an intermediary between payer and payee.

These and other activities are the subject of Q&A in PERG 15.5. A firm will be exempt from authorisation and registration requirements under the regulations to the extent that its activities fall within one or more of the exclusions in Schedule 1 Part 2 to the regulations. In each case, it will be for businesses to consider their own circumstances and whether they fall within the relevant exclusions.

Other scope issues

As explained in PERG 15.2, Q13, the regulations also apply in limited circumstances to non-payment service providers, if they provide a currency conversion service. Likewise, a non-payment services provider which imposes charges or offers reductions for the use of a given

payment instrument is required to provide information on any such charges or reductions (see regulations 50 and 113).

Transitionals

Subject to the exclusions and exemptions outlined above, a payment institution with an establishment in the UK (other than an EEA payment services provider and its agents) is caught by the authorisation and registration requirements of the PSD regulations when it provides payment services, by way of business, in or from the UK. That said, there are important transitional provisions which delay the need for businesses to apply for authorisation or registration, before and during an initial period after the commencement of regulation on 1 November 2009.

How does this chapter work?

The chapter is made up of Q&As divided into the following sections:

- General (PERG 15.2)
- Payment services (PERG 15.3)
- Small payment institutions, agents and exempt bodies (PERG 15.4)
- Negative scope/exclusions (PERG 15.5)
- Territorial scope (PERG 15.6)
- Transitional arrangements (PERG 15.7)
- Flowcharts and tables (PERG 15 Annexes 1, 2 and 3)

Definitions

The PSD regulations contain their own definitions which you can find in regulation 2. We refer to some of these in the Q&A including “payment transaction”, “payment account”, “payment instrument” and “money remittance”.

15.2 General

Q1. Why does it matter whether or not we fall within the scope of the PSD regulations?

Broadly, when you provide payment services, by way of business, in the UK and these services do not fall within an exclusion or exemption, you must be:

- (a) an authorised payment institution; or
- (b) an EEA authorised payment institution; or
- (c) a small payment institution; or
- (d) a credit institution (either one with a Part IV permission to accept deposits or an EEA credit institution where it is exercising passport rights under paragraph 4 of Annex 1 to the Banking Consolidation directive); or
- (e) an e-money issuer (that is either an e-money issuer with a Part IV permission or a *small e-money issuer* or an EEA e-money issuer exercising passport rights); or
- (f) the Post Office Limited, Bank of England, a central bank or government departments and local authorities; or
- (g) an exempt person (that is a credit union, municipal bank and the National Savings Bank); or
- (h) an agent of a person listed in (a) to (g) above.

Unless you are one of the above, subject to transitional provisions you risk committing a criminal offence under regulation 110.

Q2. Is there anything else we should be reading?

The Q&As complement, and should be read in conjunction with, the Payment Services Regulations 2009.

Q3. How much can we rely on these Q&As?

The answers given in these Q&As represent the FSA's views but the interpretation of financial services legislation is ultimately a matter for the courts. How the scope of the PSD regulations affects the regulatory position of any particular person will depend on his individual circumstances. If you have doubts about your position after reading these Q&As, you may wish to seek legal advice. The Q&As do not purport to be exhaustive and are not a substitute for reading the relevant legislation.

In addition to FSA guidance, some PSD provisions may be the subject of guidance or communications by the European Commission.

Q4. We are a UK firm not authorised under FSMA providing payment services to our clients, as a regular business activity. Are we required to be authorised or registered under the regulations?

Yes, unless the exclusions or exemptions in the regulations apply to you or you are an e-money issuer, the Post Office Limited or an agent of a credit institution or e-money issuer. If this is not the case, you need to be:

- authorised by the FSA as an authorised payment institution; or
- registered as a small payment institution; or
- registered as an agent of an authorised payment institution, EEA authorised payment institution or a small payment institution.

You might find helpful the overview, in the form of flowcharts, of the authorisation and registration requirements in the PSD regulations as they apply to payment institutions (that is payment service providers other than credit institutions, e-money issuers and their agents), set out in PERG 15 Annex 1.

Q5. As a payment institution rather than a credit institution, are we right in thinking that our maintenance of payment accounts does not amount to accepting deposits?

Yes, articles 9AB and 9L of the *Regulated Activities Order* provide that funds received by payment institutions from payment services users with a view to the provision of payment services shall constitute neither deposits nor e-money.

As an authorised payment institution, any funds you hold must only be used in relation to payment transactions (see regulation 28 of the PSD regulations). A “payment transaction” for these purposes is defined in regulation 2 of the PSD regulations as meaning “an act, initiated by the payer or payee, of placing, transferring or withdrawing funds, irrespective of any underlying obligations between the payer and payee”. The fact that a payment account operated by a payment institution can only be used for payment transactions distinguishes it

from a deposit. A deposit can nevertheless be a form of payment account and for guidance on what constitutes a deposit for the purposes of the regulated activity of “accepting deposits” and guidance on the regulated activity itself, see PERG 2.6.2G to 2.6.4G and PERG 2.7.2G.

A payment institution is not prohibited from paying interest on a payment account but such interest cannot be paid from funds received from customers. More generally, if a payment institution were to offer savings facilities to its customers in the accounts it provides, in our view it would be holding funds not simply in relation to payment transactions and so would be in breach of regulation 28.

Q6. We are a credit card company and a payment institution. We are not a bank. Sometimes our customers will have a positive balance on their account because they have accidentally overpaid or because of refunds. Would this put us in breach of the requirement in regulation 28 to use a payment account only in relation to payment transactions?

No. In our view, this does not amount to a breach of regulation 28 and nor does the handling of credit balances in the circumstances constitute the activity of accepting deposits.

Q7. We are a credit institution. Do the PSD regulations apply to us?

Yes. If you are a credit institution, you will be subject to the conduct of business requirements in the PSD regulations to the extent that you provide payment services. In our view, the authorisation process applying to UK and non-EEA credit institutions remains that imposed by Part IV of the *Act*. Authorised credit institutions will not though need to apply for a separate *Part IV permission*, in order to provide payment services. In other words, if a UK credit institution has a Part IV permission to carry on the regulated activity of accepting deposits, it will not need to be separately authorised to provide payment services in the UK. We are aware that the Commission has indicated that branches of non-EEA credit institutions are unable to provide payment services in the EEA, in this legal form. Whilst it is for firms to consider their own position, in our view the UK branch of a non-EEA credit institution with a Part IV permission to accept deposits is also authorised to provide payment services in the UK.

An EEA credit institution wishing to provide payment services through a UK branch must exercise its passport rights under paragraph 4 of the Annex to the Banking Consolidation

directive (BCD). Similarly, a UK credit institution which wishes to provide payment services in other Member States may exercise its BCD passport rights to do so.

Q8. We are an e-money issuer. Do the PSD regulations apply to us?

Yes. If you are an e-money issuer, you will be subject to the conduct of business requirements in the PSD regulations. The authorisation regime applying to UK e-money issuers remains that imposed by the *Act* (see PERG 3.2 for guidance about the regulated activity of issuing e-money).

Authorised e-money issuers will not need to apply for a separate Part IV permission, in order to provide payment services. In other words, if you have a Part IV permission to carry on the regulated activity of *issuing e-money*, you will also be authorised to provide payment services to the extent permitted by ELM 4.3. If you are a *small e-money issuer*, you will not be subject to the authorisation requirements of either the *Act* or the PSD regulations.

Q9. If we provide payment services to our clients, will we always require authorisation or registration under the regulations?

Not necessarily; you will only be providing payment services, for the purpose of the regulations, when you carry on one or more of the activities in PERG 15 Annex 2:

- as a regular occupation or business activity; and
- these are not excluded or exempt activities.

Simply because you provide payment services as part of your business does not mean that you require authorisation or registration. You have to be providing payment services, themselves, as a regular occupation or business to fall within the scope of the regulations (see definition of “payment services” in regulation 2(1)). Accordingly, we would not generally expect solicitors or broker dealers, for example, to be providing payment services for the purpose of the regulations merely through operating their client accounts in connection with their main professional activities.

Q10. We are a “financial institution” under the Banking Consolidation Directive (BCD). How does PSD apply to us?

Financial institutions are only subject to the authorisation and conduct of business requirements of the regulations where they provide payment services by way of business and are unable to rely on any of the statutory exclusions. For those financial institutions which are subject to the regulations, they may be able to benefit from transitional relief from the requirement to be authorised or registered as a payment institution if their parent undertaking is subject to consolidated supervision.

A “financial institution” for the purposes of the PSD regulations, as for the BCD, is an undertaking other than a credit institution, the principal activity of which is to acquire holdings or to carry on one or more of the activities listed in points 2 to 12 of Annex 1 to the BCD (see SUP App 3.9.4G). It may include, for example, an authorised person under the *Act* which is neither a credit institution nor an e-money issuer.

Q11. Is it possible to be both an authorised person under FSMA and the agent of an authorised payment institution or a small payment institution?

Yes. There is nothing in the PSD regulations or the *Act* (for example section 39) which prevents a person from being both an *authorised person* and the agent of an authorised payment institution or a small payment institution.

Q.12 We provide electronic foreign exchange services to our customers/clients. Will this be subject to the PSD regulations?

Not necessarily, as providing foreign exchange services is not itself a payment service. Foreign exchange transactions may exist as part of, or independent from, payment services. You will fall within the scope of the PSD regulations if you are providing payment services, by way of business, in the UK. For example, where a customer instructs his bank to make payment in euros from his sterling bank account to a payee’s bank account, we expect conduct of business requirements in the regulations to apply to the transfer of funds including information requirements relating to the relevant exchange rate.

By contrast, we would not expect the conduct of business provisions (including the right of cancellation) in the Payment Services regulations to apply to a spot or forward fx transaction

itself. That said, the electronic transmission, for example, by a bank on behalf of a customer to an fx services provider is likely to be subject to the PSD, because this is a transfer of funds executed by the bank. Similarly, the onward payment by a bank or fx services provider, on behalf of a client, to a third party of currency purchased in an fx transaction may amount to a payment service.

Q.13 We are a business that does not provide payment services. We usually accept payment in sterling for our goods and services but also offer a facility to our customers who prefer to pay us in euros, to do so on the basis of a sterling/euro conversion when making electronic payments via their payment service provider. Do the regulations apply to us?

Generally no. You are not required to be authorised or registered under the regulations. You will though be required to disclose information relating to your currency conversion service, including charges and the exchange rate to be used (for further information including details of criminal sanctions, see regulations 49 and 113).

15.3 Payment Services

Q14. Where do we find a list of payment services?

In Schedule 1 Part 1 to the PSD regulations. There are seven payment services, set out in full in Annex 2 to this chapter. References to categories of payment services below adopt the structure of Schedule 1 to the PSD regulations: for example, paragraph (1)(f) refers to “money remittance”.

Q15. When might we be providing services enabling cash to be placed on a payment account (paragraph 1(a))?

When you are accepting cash electronically or over-the counter or through ATMs which is placed on a payment account which you operate.

The crediting of interest to a payment account is not a service enabling cash to be placed on a payment account.

Q16. What is a payment account?

“Payment account” is defined in regulation 2 as “an account held in the name of one or more payment service users which is used for the execution of payment transactions”. When determining whether or not an account is a “payment account” for the purposes of the regulations, in our view it is appropriate to focus on its underlying purpose. To establish this it is necessary to consider a number of factors including:

- the purpose for which the account is designed and held out;
- the functionality of the account (the greater the scope for carrying out payment transactions on the account, the more likely it is to be a payment account);
- restrictive features relating to the account (for example, an account that has notice periods for withdrawals, or reduced interest rates if withdrawals are made, may be less likely to be a payment account);
- a limited ability to place and withdraw funds unless there is additional intervention or agreement from the payment service provider (this will tend to point more towards the account not being a payment account); and
- the extent to which customers use an account’s payment service functionality in practice.

Accordingly, in our view, “payment accounts” can include, for example, current accounts, e-money accounts, flexible savings accounts, credit card accounts and current account mortgages. On the other hand, in our view fixed term deposit accounts (where there are restrictions on the ability to make withdrawals), child trust fund deposit accounts and cash Individual Savings Accounts (ISAs) are not payment accounts.

We consider only the features of the account used for the purpose of making transactions, to which the regulations apply, fall within scope. For example, in the case of a current account mortgage, the mortgage element of the account would be out of scope, albeit that a mortgage payment from the current account would be subject to the regulations.

In our view, mortgage or loan accounts do not fall within the scope of the regulations. This is on the basis that the simple act of lending funds or receiving funds by way of repayment of that loan does not amount to provision of a payment service.

Q17. When might we be providing services enabling cash withdrawals from a payment account (paragraph 1(b))?

When you provide, for example, an ATM cash withdrawal or over the counter cash withdrawal service in relation to the payment accounts which you operate.

Q18. When might we be providing execution of (i) direct debits, including one-off direct debits, or (ii) payment transactions through a payment card or a similar device or (iii) credit transfers, including standing orders (paragraph 1(c))?

When you provide a service to clients enabling them to complete payment by way, for example, of direct debit, payment card (such as a debit card), electronic cheque or credit transfer (such as a standing order). Where these services are provided using a credit line though, you will be providing the service in paragraph 1(d).

In our view, the simple act of accepting payment by way of debit card or credit card for supply of your own goods or services does not generally amount to the provision of the service of execution of payment transactions through a payment card. For instance, where a restaurant accepts payment from a customer using his payment card it is not providing a payment service to the customer, but simply accepting payment for the price of the meal. It is merely a payment service user receiving payment from the customer. The firm providing

the merchant acquiring service enabling the restaurant to process the card transaction and receive payment is providing a payment service in this instance.

As regards a “direct debit”, regulation 2 defines this as meaning “a payment service for debiting the payer’s payment account where a payment transaction is initiated by the payee on the basis of consent given by the payer to the payee, to the payee’s payment service provider or to the payer’s own payment service provider”. As well as the likes of utility and other household bills, in our view this definition extends to a case where sender and recipient are the same person, for example where the person holds two bank accounts in two different banks.

Q19. When might we be providing execution of the following types of payment transaction where the funds are covered by a credit line for the payment user-

- (i) direct debits, including one-off direct debits,**
- (ii) payment transactions executed through a payment card or a similar device,**
- (iii) credit transfers, including standing orders (paragraph 1(d))?**

When you provide a service to clients enabling them to complete payment, for example, by way of direct debit using overdraft facilities, payment card such as deferred debit or credit card, electronic cheque using overdraft facilities or credit transfer (such as a standing order) using overdraft facilities.

Q20. When might we be issuing payment instruments (paragraph 1(e))?

A payment instrument is defined in regulation 2 and means any (a) personalised device or (b) personalised set of procedures agreed between the payment service user and the payment service provider, in both cases where used by the payment service user in order to initiate a payment order.

Examples of persons issuing payment instruments, for the purposes of Schedule 1 to the regulations, include credit card and debit card issuers and e-money issuers. In addition to the issue of physical instruments such as cards, arrangements by way of telephone call with password, or online instruction by which a payment order can be initiated could also amount to issuing payment instruments, depending on the service being provided.

We would not generally expect you to be issuing payment instruments (or providing other payment services) if all you do is issue direct debit mandates simply for the purpose of being paid for the goods or services you provide to your customers or clients. Nor if the payment transaction is initiated by paper, would that document be considered to be a payment instrument.

Q21. When might we be acquiring payment transactions (paragraph 1(e))?

If your business includes “merchant acquiring”. This will typically include providing services enabling suppliers of goods, services, accommodation or facilities to be paid for purchases arising from card scheme transactions.

Q22. When might we be providing money remittance services (paragraph 1(f))?

Money remittance is defined in regulation 2 as:

“... a service for the transmission of money (or any representation of monetary value), without any payment accounts being created in the name of the payer or payee, where-

- (a) funds are received from a payer for the sole purpose of transferring a corresponding amount to a payee or to another payment service provider acting on behalf of the payee; or
- (b) funds are received on behalf of, and made available to, the payee”.

The service of money remittance cannot therefore involve the creation of payment accounts. Recital 7 of the PSD describes money remittance as “a simple payment service that is usually based on cash provided by a payer to a payment service provider, which remits the corresponding amount, for example, via communication network, to a payee or to another payment service provider acting on behalf of the payee”.

This service is likely therefore to be relevant, for example, to money transfer companies and hawala brokers.

Q23. We are a mobile network operator offering our client facilities to transfer funds – how do we tell whether and when the regulations apply to us (paragraph 1(g))?

You will be subject to the regulations if you provide a payment execution service to customers and:

- (i) customer consent to execute payment is provided by means of the mobile device you provide; and
- (ii) you receive payment for transmission to a supplier of goods and services, acting only as intermediary between the payment service user and supplier.

By contrast, when you add value to the good or service being purchased from a third party, you will not be acting only as an intermediary and hence will not be subject to the regulations (see PERG 15 Annex 3, paragraph (1)). Adding value may take the form of adding intrinsic value to goods or services supplied by a third party, for instance by providing access (including an SMS centre), search or distribution facilities. Nor will you be providing this service when a customer uses his mobile device merely as an authentication tool to execute payment from his bank account (for example, simply providing instructions to his bank via SMS), and does not transmit payment via you. Mobile phone top-ups also fall outside the scope of the regulations.

Q24 Do the same provisions apply to other types of telecommunications providers as they do to mobile network operators?

Yes, paragraph 1(g) and PERG 15 Annex 3(1) refer to payment transactions executed by means of any telecommunications, digital or IT device. These could include, for example, desktop and laptop computers, personal digital assistants and interactive television sets. Our guidance for mobile phone operators in relation to these provisions applies, by analogy, to other types of telecommunication provider.

Q25. We are a bill payment firm. Do the PSD regulations apply to us?

Not in our view where you receive payment on behalf of the payee so that your receipt constitutes settlement of the payer's debt to the payee. By contrast, if you provide a remittance service which does not involve receipt on behalf of the payee and corresponds to the definition of "money remittance" in regulation 2, you will be providing a money remittance service.

15.4 Small payment institutions, agents and exempt bodies

Q26. What criteria must we meet to be a “small payment institution”?

The conditions are set out in regulation 13 and include the following:

- the average of the preceding 12 months’ total amount of payment transactions executed by you, including your agents in the UK, does not exceed 3 million euros (or an equivalent amount) per month;
- none of the individuals responsible for the management or operation of your business has been convicted of offences relating to money laundering or terrorist financing, the *Act*, the PSD regulations or financial crimes;
- your head office, registered office or place of residence, as applicable, is in the UK; and
- you must comply with the registration requirements of the Money Laundering Regulations 2007, where they apply to you.

Q27. We satisfy the conditions for registration as a small payment institution – does that mean we have to register as one?

No, there are other options available to you. If you register as a small payment institution, you cannot acquire passport rights under the regulations, so you may wish to become an authorised payment institution if you wish to take advantage of the passport. You may also choose to become an agent of a payment services provider. An overview of the options available to you is set out in PERG 15 Annex 1, Flowcharts 1 and 2.

Q28. We only wish to be an agent of a payment institution. Do we need to apply to the FSA for registration?

No. If your principal is a payment institution, it is its responsibility to apply for registration on your behalf. Assuming your principal is not an EEA firm, you are required to be registered on the FSA register before you provide payment services, subject to any relevant transitional provisions (see PERG 15.7) which may delay or avoid the need for registration. If your principal is an EEA firm, your principal will need to comply with the relevant Home State legislation relating to your appointment.

Q29. We are an agent of a credit institution for the purpose of providing payment services. Do we need to apply to the FSA for registration?

No. If you are such an agent of a credit institution which is permitted to provide payment services in the UK, you are not required to be registered under the PSD regulations. A credit institution will be permitted to provide payment services if it has a Part IV permission to accept deposits, or if it is an EEA credit institution exercising passport rights under paragraph 4 of the Annex to the Banking Consolidation directive.

Q30. We are an agent of an e-money issuer for the purpose of providing payment services. Do we need to apply to the FSA for registration?

No. If you are such an agent of an e-money issuer which is permitted to provide payment services in the UK, you are not required to be registered under the PSD regulations. An e-money issuer will be permitted to provide payment services if it has a Part IV permission to issue e-money, or if it is either an EEA e-money issuer exercising passport rights or a *small e-money issuer*.

Q31. We are a credit union. Are we exempt from the regulations?

Yes. You are exempt from the regulations by virtue of regulation 3.

Q32. We are a municipal bank. Are we exempt from the regulations?

Yes. You are exempt from the regulations (together with credit unions and the National Savings Bank), by virtue of regulation 3. Unlike credit unions, you are required to notify us if you wish to provide payment services, although you only need to do this once.

15.5 Negative scope/exclusions

Schedule 1 Part 2 to the regulations contains a list of activities which do not constitute payment services. The following questions only deal with a selection of these. You should consult Annex 3 to this chapter for a full list of provisions, if you require more details.

Q33. Our business consists of cash payments directly from or to our customers – do the regulations apply to us?

No. The regulations do not apply to payment transactions made in cash, without the intervention of an intermediary (see PERG 15 Annex 3, paragraph (a)).

Q34. We are a charity which collects cash donations and transmits funds via bank transfer to the intended recipients – do the regulations apply to us?

No. The regulations do not apply to payment transactions consisting of non-professional cash collection and delivery as part of a not-for-profit or charitable activity (see PERG 15, Annex 3, paragraph (d)).

Q35. We provide a “cashback” service to our customers when they pay for their goods at the checkout – do the regulations apply to us?

No. The regulations do not apply to cashback services (see PERG 15, Annex 3, paragraph (e)).

Q36. We are a bureau de change providing cash only forex services and our clients do not have accounts with us – are these services outside the scope of the regulations?

Yes. The regulations do not apply to money exchange business consisting of cash-to-cash operations where the funds are not held on a payment account (see PERG 15, Annex 3, paragraph (f)). If you allow a customer to pay for foreign currency using a payment card, this does not mean that you will be providing a payment service. The regulations will though apply to the payment transaction made using the payment card and the payment service provided to you by the merchant acquirer. In other words, the regulations apply to the merchant acquirer's services but yours remain outside the scope of authorisation or registration.

The regulations do not affect your obligations under the Money Laundering Regulations 2007.

Q37. Do the regulations distinguish between (i) payment transactions between payment service providers and (ii) payment services provided to clients?

Yes, broadly the object of the regulations is the payment service provided to specific clients and not the dealings among payment service providers to deliver the end payment arising from that service. A payment transaction may involve a chain of payment service providers. Where a bank, for example, provides a cash withdrawal or execution of payment transaction service to its customer which involves the use of a clearing bank, it will still be providing a payment service to its customer.

The regulations do not though cover inter-bank settlement. More specifically, the regulations do not apply to payment transactions carried on within a payment or securities settlement system between payment service providers and settlement agents, central counterparties, clearing houses, central banks or other participants in the system (see PERG 15 Annex 3, paragraph (h)).

Q38. We are an *investment firm* providing investment services to our clients – are payment transactions relating to these services caught by the regulations?

Generally, no. Where payment transactions only arise in connection with your main activity of providing investment services, in our view it is unlikely that you will be providing payment services by way of business. In those limited cases where you are, the regulations do not apply to securities assets servicing, including dividends, income or other distributions and redemption or sale (see PERG 15 Annex 3, paragraph (i)).

Q39. We are a firm simply providing IT support in connection with payment system infrastructures – are these services subject to the regulations?

No. There is an exclusion for technical service providers which simply provide IT support for the provision of payment services (see PERG 15 Annex 3, paragraph (j)). Other services excluded from the regulations include data processing, storage and authentication.

Q40. Which types of payment card could fall within the so-called “limited network” exclusion (see PERG 15, Annex 3, paragraph (k))?

The “limited network” exclusion forms part of a broader exclusion which applies to services based on instruments that can be used to acquire goods or services only-

- (a) in or on the instrument issuer's premises; or
- (b) under a commercial agreement with the issuer, either within a limited network of service providers or for a limited range of goods or services ...”.

As regards (a), examples of excluded instruments could include:

- (1) staff catering cards – reloadable cards for use in the employer's canteen or restaurant;
- (2) tour operator cards – issued for use only within the tour operator's holiday village or other premises (for example, to pay for meals, drinks and sports activities);
- (3) store cards – where the card can only be used at the store's premises (so where a store card is co-branded with a third party debit card or credit card issuer and can be used as a debit card or credit card outside the store, it will still fall within the regulations).

As regards (b), this exclusion has two discrete limbs and so applies either to instruments that can be used only:

- (i) within a limited network of service providers; or
- (ii) for a limited range of goods or services.

In our view, examples of excluded instruments falling within (b) include:

- (1) transport cards – where these are used only for purchasing travel tickets (for example, the Oyster card which provides access to different service providers within the London public transport system);
- (2) petrol cards (including pan-European cards) – where these are issued for use at a specified chain of petrol stations and forecourts at these stations;
- (3) membership cards – where a card can only be used to pay for goods or services offered by a specific club or organisation;
- (4) store card – where the card can be used at a specified chain of stores at their premises or on their website.

Instruments for the purpose of this exclusion can include, for example, vouchers and other devices.

Q41. Do the regulations specify or define what a “limited network” is for these purposes?

Neither the PSD nor consequently the PSD regulations provide any definition, conditions or criteria for determining what is a “limited network of service providers”. The issue of whether or not a “limited network” is in existence is ultimately a question of judgement that, in our view, should take account of various factors (none of which is likely to be conclusive in itself). These include the number of service providers involved, the scale of the services provided, whether membership of the network is open-ended, the number of clients using the network and the nature of the services being offered.

While a “limited network” could include transport cards, petrol cards, membership cards and store cards, we would not generally expect “city cards” to fall within this exclusion, to the extent that these tend to provide users with access to a broad range of goods and services offered by a city’s shops and businesses.

Q42. We are a payment services provider which carries out payment transactions for our own account – are these payment transactions excluded from the scope of the regulations?

Yes. Payment transactions carried out between payment service providers, or their agents or branches, for their own account, are all excluded from the scope of the regulations (see PERG 15 Annex 3, paragraph (m)). This would include, for example, electronic payment from one payment services provider to another, in discharge of a debt owed by one to the other.

Q43. We are a company which performs a group treasury function, including providing payment services directly to other group companies – are these intra-group payment services excluded from the regulations?

Yes. Intra-group payment transactions are excluded from the regulations, where payment is made direct from one group company to another (see PERG 15 Annex 3, paragraph (n)). This includes the case where the group company providing the payment service is, itself, a payment service provider otherwise subject to the regulations.

Q44. We are an independent ATM deployer offering cash dispensing facilities to users. We are not a bank. Are we subject to the regulations?

No, assuming you do not provide other payment services listed in Schedule 1 Part 1 to the regulations (see PERG 15 Annex 3, paragraph (o)). If other payment services are provided, all your payment services (including the ATM cash dispensing facilities) will be subject to the regulations, to the extent that other exclusions are inapplicable.

15.6 Territorial scope

Q45. We are a UK payment institution – when will we need to make a passport notification?

You will need to make a notification if you intend to exercise passport rights either for the purposes of:

- establishment (for example, setting up a branch in another EEA State); or
- providing services in another EEA State.

As to the circumstances in which you may need to exercise these rights, this gives rise to issues of interpretation both under the PSD regulations and the local law of the EEA State in which you wish to do business. Our guidance below relates only to the PSD regulations and may differ from the approach in other EEA States. We cannot give guidance on the local law of other EEA States and you may therefore wish to take professional advice if you think your business is likely to be affected by these issues (for instance, if you are soliciting clients in other EEA States).

As regards the provision of payment services in other EEA States and passport notification, in our view the Commission Interpretative Communication (Freedom to provide services and the interest of the general good in the Second Banking Directive (97C 209/04)) provides a useful starting point, in particular because payment services form part of the BCD passport. On this basis, we would identify the following factors as being relevant to whether you need to make a passport notification.

Factors indicating the provision of payment services in another EEA State and the need for passport notification

- (i) The establishment of a physical presence (for example, offices) in another EEA State, for use by you, triggers the need for a branch notification.
- (ii) The appointment of an agent established in another EEA State is likely to amount to an exercise of a right of establishment where the agent (a) has a permanent mandate in relation to payment services, (b) is subject to your management and control and (c) is able to provide payment services on your behalf.

- (iii) The installation of an ATM in another EEA State, where the ATM is your only presence in that other EEA State, gives rise to the need for a services (and not an establishment) notification.

Actions which are not sufficient alone to constitute cross-border services into another EEA State and the need for passport notification

- (i) The act of executing direct debits/standing orders/credit transfers from the UK where the payee is located in another EEA State.
- (ii) The act of remitting money from the UK to a payee in another EEA State.
- (iii) The act of executing a payment transaction to a payee located in another EEA State upon receipt of an instruction from the payer received by e-mail, text, or other electronic means (for example, internet banking).
- (iv) Where you provide an execution service enabling your credit or debit cardholders to use their credit card/debit card within the territory of another EEA State, for example for the purposes of a hotel bill (see the services in PERG 15 Annex 2, paragraphs (c) and (d)).

Q46. We are a non-EEA payment institution providing payment services to UK customers from a location outside the EEA. Do we require authorisation or registration under the regulations?

No. When considering whether you fall within the scope of the regulations, our starting point is to consider whether a UK payment services provider would be providing cross-border services in analogous circumstances (for example, when it provides payment services to EEA customers from a location in the UK).

Accordingly, we would not generally expect a payment services provider incorporated and located outside the EEA to be within the scope of the regulations, if all it does is to provide internet-based and other services to UK customers from that location.

A non-EEA payment institution for these purposes would include firms incorporated in the Isle of Man or Channel Islands, both of which are outside the scope of the Payment Services Directive.

15.7 Transitional arrangements

Q47. We are a UK payment institution wishing to become an authorised payment institution – do we need to have applied for authorisation prior to 1 November 2009?

Not necessarily. Provided that you:

- are a body corporate; and
- lawfully provided payment services in the UK before 25 December 2007

you (and your UK agents including those appointed after 25 December 2007) can continue to provide those same payment services until 1 May 2011 (see regulation 122), without being either authorised or registered as an agent.

Your rights under the transitional arrangements in regulation 122 do not extend to passport rights. If you wish to exercise passport rights as a payment institution, you will first need to have applied for and been granted authorisation.

If you are also a “financial institution”, you may be able to take advantage of the separate transitional arrangements for these bodies. If you do so, the transitional arrangements under regulation 122 will not apply to you.

Q48. We are a UK financial institution to which the regulations apply – do we need to have applied for authorisation or registration prior to 1 November 2009?

Not necessarily. From 1 November 2009 to 25 December 2009, you will be deemed to be an authorised payment institution provided that you:

- were carrying on payment services prior to 25 December 2007; and
- met the conditions in article 24(1)(e) BCD (so your parent undertaking will need to be subject to consolidated supervision).

If you wish to continue being deemed to be authorised after 25 December 2009, you will need to have submitted the requisite information to us before 25 December 2009, in accordance with regulation 121(2), before 25 December 2009. This comprises information in relation to Schedule 2 paragraphs 1, 4, 7 to 9 and 12 to the regulations, including your programme of operations, procedures relating to safeguarding of funds, controllers and evidence of good repute and competence of directors and management. If we are satisfied

that you meet the required conditions in relation to these matters, you will be deemed to be an authorised payment institution and able to make passport notifications without the need to apply separately for authorisation.

An overview of the position of financial institutions and the transitional provisions in the PSD regulations is set out in PERG 15 Annex 1, Flowchart 2.

Q49. We are a UK payment institution which meets the conditions to be a “small payment institution” – do we need to have applied for registration prior to 1 November 2009?

Not necessarily. Provided that you were lawfully providing payment services in the UK before 25 December 2007 you do not need to be registered as a small payment institution, until 25 December 2010 (see regulation 123).

If you are also a “financial institution”, you may be able to take advantage of the separate transitional arrangements for these bodies. Likewise, you may be able to take advantage of the transitional arrangements in regulation 122 (see Q47). If you qualify for the transitional arrangements for financial institutions or those in regulation 122, you will not fall within the transitional regime for small payment institutions under regulation 123.

An overview of the position of small payment institutions under the transitional provisions in the PSD regulations is set out in PERG 15 Annex 1, Flowchart 2.

Q50. Is there a transitional regime in relation to conduct of business requirements under the regulations?

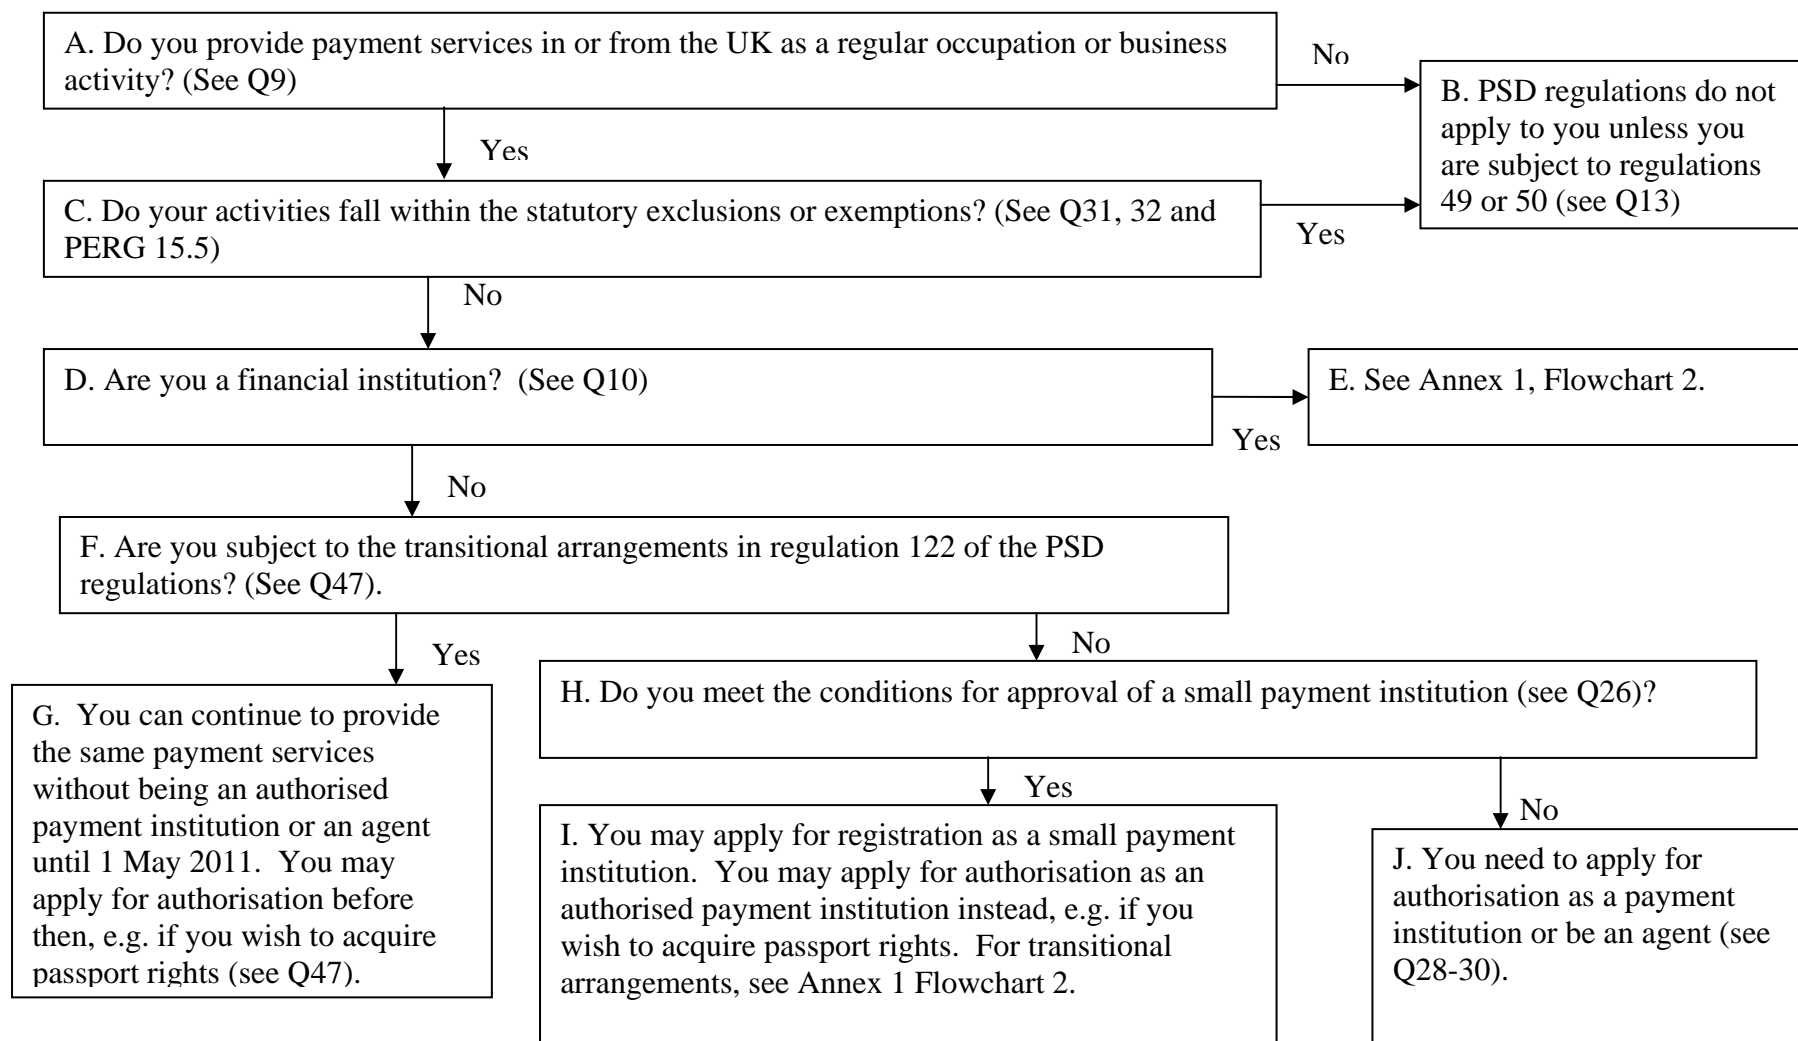

No. The conduct of business requirements under the regulations will apply from 1 November 2009.

ANNEX 1

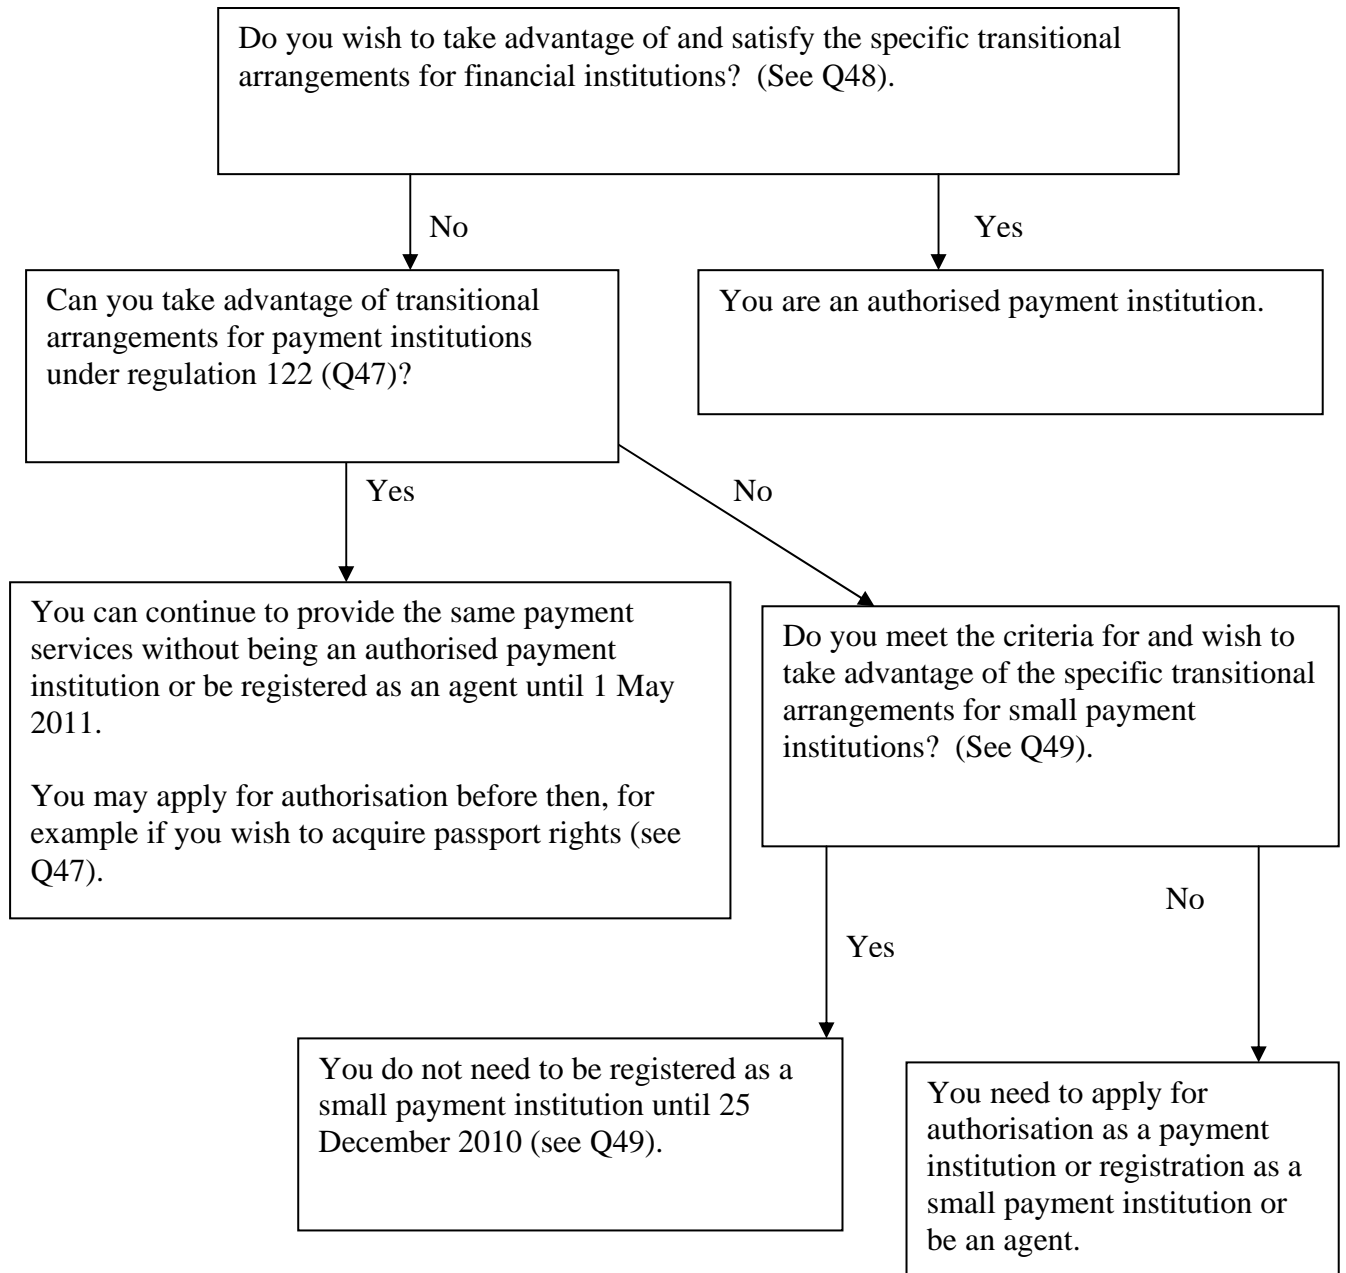

Annex 1 provides an overview, using flowcharts, of the application of the PSD regulations to payment institutions. It does not apply to other payment services providers including *credit institutions*, *e-money issuers* or the Post Office Limited.

Application to controllers

- 11.1.4 D *SUP* 11.1, *SUP* 11.2.1G, ~~*SUP* 11.33~~ 11.3 and *SUP* 11.7 apply to a *controller* or a proposed *controller* of a *UK domestic firm* not listed in *SUP* 11.1.1R(1) to *SUP* 11.1.1R(6).

...

11.2 Purpose

- 11.2.1 G Part XII of the *Act* (~~Control~~ Notices of acquisitions of control over UK authorised persons) places an obligation on the *controllers* and proposed *controllers* of those *UK domestic firms* not listed in *SUP* 11.1.1R(1) to *SUP* 11.1.1R(6) to notify the *FSA* of changes in *control*, including acquiring, increasing or reducing control or ceasing to have control over a firm. Furthermore, those *persons* are required to obtain the *FSA's approval* before becoming a *controller* or ~~increasing the level of control held (in certain circumstances)~~ increasing their control over a firm. *SUP* 11.3 is intended to assist those *persons* in complying with their obligations under Part XII of the *Act* and ~~also sets out the information which a controller or proposed controller must provide to the FSA before becoming a controller or increasing the level of control held~~.

- 11.2.2 G The *rules* in *SUP* 11.4 to *SUP* 11.6 are aimed at ensuring that the *FSA* receives information it needs ~~from firms~~ to assist the *FSA* with its responsibility to monitor and, in some cases, give prior approval to *firms' controllers*.

- 11.2.2A G Part XII of the *Act* does not place an obligation on a *controller* of a *UK insurance intermediary* to notify the *FSA* where it becomes or ceases to be a *parent undertaking*. Nevertheless, the *rule* in *SUP* 11.4.2R(2) requires the *UK insurance intermediary* notify the *FSA* of *parent undertakings* so that the *FSA* can monitor the *firm's* continuing satisfaction of the *threshold conditions*, which includes consideration of its *controllers* and *parent undertakings* (see *COND*). ~~[deleted]~~

...

- 11.2.8 G An event described in *SUP* 11.4.2R(1) to *SUP* 11.4.2 R(4) ~~[and *SUP* 11.4.2AR(1) and *SUP* 11.4.2AR(2)]~~, *SUP* 11.4.2AR and *SUP* 11.4.4R is referred to in this chapter as a "change in *control*".

11.3 Requirements on controllers or proposed controllers under the Act

- 11.3.1 G The notification requirements are set out in sections 178, 179, 191D and 191E of the *Act* and holdings which may be disregarded are set out in section 184 of

the Act. A summary of the notification requirements described in this section is given in SUP 11 Annex 1.

Requirement to notify a proposed change in *control*

- 11.3.2 G Sections 178(1) and ~~190(1)~~ 191D(1) of the *Act* require a *person* (whether or not he is an *authorised person*) to notify the *FSA* in writing if he ~~proposes~~ decides to take a step which would result in his acquiring *control* or increasing or reducing acquire, increase or reduce his *control* or to cease to have *control* in a *UK domestic firm* ~~in a way described in SUP 11.4.2 R (1) to SUP 11.4.2R (4), or acquiring or reducing his control in a way described in SUP 11.4.2 R (1) and (2)~~. Failure to notify is an offence under section 191F(1) of the *Act* (Offences under this Part).
- 11.3.2A G The Treasury have made the following exemptions from the obligations under section 178 of the Act:
- (1) *controllers* and potential *controllers* of *non-directive friendly societies* are exempt from the obligation to notify a change in *control* (The Financial Services and Markets Act 2000 (Controllers) (Exemption) Order ~~2001~~ 2009 (SI ~~2001/3338~~ 2009/774));
 - (2) *controllers* and potential *controllers* of *building societies* are exempt from the obligation to notify a change in *control* unless the change involves the acquisition of a holding of a specified percentage of a *building society's* capital or the increase or reduction by a specified percentage of a holding of a *building society's* capital (The Financial Services and Markets Act 2000 (Controllers) (Exemption) ~~(No 2)~~ Order ~~2001~~ 2009 (SI ~~2001/3338~~ 2009/774)). The "capital" of a *building society* for these purposes consists of:
 - (a) any shares of a class defined as deferred shares for the purposes of section 119 of the Building Societies Act 1986 which have been issued by the society (in practice, likely to be permanent interest bearing shares (PIBS)); and
 - (b) the general reserves of ~~the~~ that *building* society;
 - (3) potential *controllers* of *non-directive firms* ("A") are exempt from the obligation to notify a change in *control* unless the change results in the potential *controller* holding:
 - (a) 20% or more of the *shares* in A or in a *parent undertaking* of A ("P");
 - (b) 20% or more of the *voting power* in A or P; or
 - (c) *shares* or *voting power* in A or P as a result of which the *controller* is able to exercise significant influence over the management of A;

or where the change in control over A would lead to the controller ceasing to fall into any of the cases (a), (b) or (c) above (The Financial Services and Markets Act 2000 (Controllers) (Exemption) Order 2009 (SI 2009/774)).

11.3.3 G [deleted]

Approval required before acquiring or increasing control

11.3.4 G If a *person* ~~proposes~~ decides to acquire *control* or increase ~~his~~ *control* over a *UK domestic firm* in a way described in SUP 11.4.2R (1) to (4) or acquire *control* in a way described in SUP 11.4.2AR(1), he must obtain the *FSA's* approval before doing so. ~~Failure to obtain approval~~ Making an acquisition before the *FSA* has approved of it is an offence under section 191E(3) of the *Act* (Offences under this Part). ~~The *FSA* has up to three months to consider whether to approve such a change in control: see SUP 11.7 for guidance on the approval procedures.~~

11.3.5 G The *FSA's* approval is not required before a *controller* reduces ~~his~~ *control* or ceases to have control over a *UK domestic firm*.

Pre-notification and approval for fund managers

11.3.5A G The *FSA* recognises that *firms* acting as *investment managers* may have difficulties in complying with the prior notification requirements in sections 178(1) and 191D of the *Act* as a result of acquiring or disposing of listed *shares* in the course of that fund management activity. To ameliorate these difficulties, the *FSA* may accept pre-notification of proposed changes in *control*, made in accordance with SUP 11.3.5BD, and may grant approval of such changes for a period lasting up to a year.

11.3.5B D The *FSA* may treat as notice given in accordance with sections 178(1) and 191D of the *Act* a written notification from a *firm* which contains the following statements:

- (1) that the *firm* proposes to acquire and/or dispose of *control*, on one or more occasions, of any *UK domestic firm* whose *shares* or those of its ultimate *parent undertaking* are, at the time of the acquisition or disposal of *control*, listed or which are admitted to listing on a *designated investment exchange*;
- (2) that any such acquisitions and/or disposals of *control* will occur only in the course of the *firm's* business as an *investment manager*; ~~and~~
- (3) that the level of *control* the *firm* so acquires in the pre-approval period will at all times remain less than 20% ; and
- (4) that the *firm* will not exercise any influence over the *UK domestic firm* in which the shares are held, other than by exercising its voting rights as a shareholder or by exercising influence intended to promote generally accepted principles of good corporate governance.

- 11.3.5C G Where the *FSA* approves changes in *control* proposed in a notice given under *SUP 11.3.5BD*:
- (1) the *controller* remains subject to the requirement to notify the *FSA* when a change in *control* actually occurs; and
 - (2) the notification of change in *control* should be made no later than five *business days* after the end of each *month* and set out all changes in the *controller's* control position for each *UK domestic firm* for the *month* in question.

At that stage, the *FSA* may seek from the *controller* further information, including that which would have been supplied under *SUP 11.3.7D(2)*.

~~Change in control without taking any step~~

- 11.3.6 G ~~If a change in *control* occurs without the *person* himself having taken any step, he must notify the *FSA* within 14 days of becoming aware of the change (sections 178(2) and 190(2) of the *Act*). Failure to notify is an offence under section 191(2) of the *Act*. [deleted]~~

~~Custodians obtaining control~~

- 11.3.6A G ~~The *FSA* considers that a *custodian* or its wholly owned subsidiary *nominee company*, acting only in that capacity, does not itself take any step for the purposes of sections 178(2) and 190(2) of the *Act* when it becomes the *controller* of a *UK domestic firm*, its *control* of a *UK domestic firm* changes or it ceases to be the *controller* of a *UK domestic firm* as a result of acquiring or disposing of *custody assets* in the form of *shares* in accordance with its *client's* instructions. [deleted]~~
- 11.3.6B G ~~For the purposes of sections 178(2) and 190(2) of the *Act* and where there has been more than one change in *control* for each *UK domestic firm* in a fortnightly period, a *custodian* or its wholly owned subsidiary *nominee company* to which *SUP 11.3.6A G* applies need only notify the *FSA* of its final *control* position for each *UK domestic firm* for that fortnight, so long as it also supplies the highest *control* position for each *UK domestic firm* it obtained during that period. [deleted]~~
- 11.3.6C G ~~Reporting by a *custodian* or its wholly owned subsidiary *nominee company* does not relieve any other *person* with an interest in any *custody assets* from its *control* notification responsibilities under Part XII of the *Act*. [deleted]~~

~~Form~~ Forms of notification notifications when acquiring or increasing control

- 11.3.7 D ~~A notification ("*notice of control*") *section 178 notice* given to the *FSA* by a *person* who is acquiring *control* or increasing *control* over a *UK domestic firm*, in a way described in *SUP 11.4.2R*, or acquiring *control* in a way described in *SUP 11.4.2AR(1)*, must: contain the information and be accompanied by such documents as are required by the controllers form approved by the *FSA* for the relevant application.~~

- (1) ~~where the controller or a proposed controller is not an authorised person, contain the information required in the relevant controllers form.~~
- (1A) ~~where the controller is a custodian or a nominee company notifying under SUP 11.3.6AG, comply with that direction;~~
- (2) ~~where the controller or proposed controller is any other authorised person, contain the information required in the relevant controllers form; and~~
- (3) ~~if a notification is not submitted on the relevant form specified in (1) or (2), provide reasons why that form was not used.~~

11.3.7A G The controllers forms approved by the FSA may be found at the FSA's website (<http://www.fsa.gov.uk/Pages/Doing/Regulated/Notify/Control/index.shtml>).

11.3.8 D [deleted]

11.3.9 D ~~If a relevant controllers form, or an Application to perform controlled functions under the approved persons regime (the relevant Form A in SUP 10 Annex 4) in respect of a governing function, has already been submitted to the FSA in relation to a relevant individual, then the information in that form need not be submitted to the FSA as long as details of any changes in the information previously submitted, or confirmation that there are none, is submitted. [deleted]~~

11.3.10 D (1) ~~A person who has submitted a notification~~ a section 178 notice under SUP 11.3.7D must notify the FSA immediately if he becomes aware, or has information that reasonably suggests, that he has or may have provided the FSA with information which was or may have been false, misleading, incomplete or inaccurate, or has or may have changed, in a material particular. The notification must include:

- (a) details of the information which is or may be false, misleading, incomplete or inaccurate, or has or may have changed;
- (b) an explanation why such information was or may have been provided; and
- (c) the correct information.

(2) ~~If the information in (1)(c) cannot be submitted with the notification~~ section 178 notice (because it is not immediately available), it must instead be submitted as soon as possible afterwards.

(3) ~~The requirement in (1) ceases if the change in control occurs or will not take place.~~

11.3.11 G ~~The FSA, for administrative reasons, expects notifications within SUP 11.3.7D to be given on the relevant controllers form as appropriate. If notifications are~~

not made on these forms the applicant must inform the FSA of the reasons for not using them. The FSA will inform a section 178 notice giver as soon as reasonably practicable if it considers the section 178 notice to be incomplete.

- 11.3.12 G ~~If a controller or proposed controller considers that the requirements in SUP 11.3.7D to SUP 11.3.9D are not appropriate to his circumstances (for example, if control is temporary), he should consult the FSA. The FSA has power, under section 182(3) 179(3) of the Act (Notification Requirements for section 178 notices), to amend vary or waive those these requirements in relation to a section 178 notice in particular cases if it considers it appropriate to do so.~~
- 11.3.13 G ~~The Act provides that the FSA may request any additional information or documentation from the controller or proposed controller that it reasonably requires in order to determine what action it is to take in response to the notification. A controller or proposed controller which is an authorised person is required to submit less information under SUP 11.3.7D than other persons and consequently the FSA may ask for confirmation of details already held or any additional information required under SUP 11.5.1R which it considers appropriate.~~
- 11.3.14 G Pursuant to section 188 of the Act (Assessment: consultation with EC competent authorities), the FSA is obliged to consult regulatory authorities in other EEA States any appropriate Home State regulator before approving the change in control or giving a warning notice where the Financial and Services Markets Act 2000 (Consultation with Competent Authorities) Regulations 2001 (SI 2001/2509, as amended) apply. In summary, these regulations require the FSA to consult with the home state regulator of an MiFID investment firm, a BCD credit institution, an EEA insure, an EEAUCITS management company or the parent undertaking of any of these, where that firm has acquired or proposes to acquire control of certain UK domestic firms such that the acquiring firm would become the parent undertaking of the relevant UK domestic firm. These regulations also impose certain consultation obligations on the FSA in respect of financial conglomerates. making a determination under section 185 of the Act (Assessment: general).

Form of notification Notification when reducing control

- 11.3.15 G ~~A notification given to the FSA by a person who is reducing his control over a UK domestic firm, in a way described SUP 11.4.2R (1) to (4), must, in accordance with section 190(4) of the Act (Notification):~~

- ~~(1) be in writing; and~~
- ~~(2) provide details of the extent of control (if any) which the controller will have following the change in control. [deleted]~~

- 11.3.15A D A notice given to the FSA by a person who is reducing or ceasing to have control over a UK domestic firm, as set out in SUP 11.4.2R or SUP 11.4.2AR must:

- (1) be in writing; and
- (2) provide details of the extent of *control* (if any) which the *controller* will have following the change in *control*.

~~Notification when change in control occurs~~

- 11.3.16 G ~~A *person* who is under a duty to notify the *FSA* of a proposed change in *control* is also required to notify the *FSA* when the relevant change in *control* has occurred (sections 178(3) and 190(3) of the *Act*). [deleted]~~

~~Joint and shared notifications~~

- 11.3.17 G Notifications to the *FSA* by proposed *controllers* and *controllers* under Part XII of the *Act* may be made on a joint ~~or shared~~ basis outlined in *SUP* 11.5.8G to *SUP* 11.5.10G.

11.4 Requirements on firms

...

Requirement to notify a change in control

- 11.4.2 R A *UK domestic firm*, other than a *UK insurance intermediary non-directive firm*, must notify the *FSA* of any of the following events concerning the *firm*:
- (1) a *person* acquiring *control* ~~or ceasing to have *control*~~;
 - (2) an existing *controller* increasing ~~acquiring an additional *kind of control*~~ ~~or ceasing to have a *kind of control*~~;
 - (3) an existing *controller* reducing ~~increasing or decreasing a *kind of control* which he already has so that the percentage of shares or voting power concerned becomes or ceases to be equal to or greater than 20, 33 or 50;~~
 - (4) an existing *controller* ~~becoming or ceasing to be a *parent undertaking*~~ have *control*.
- 11.4.2A R A *UK insurance intermediary non-directive firm* must notify the *FSA* of any of the following events concerning the *firm*:
- (1) a *person* ~~acquiring *control*~~ becoming *controller* of the *firm*; or
 - (2) ~~in relation to an existing *controller*: ceasing to be *controller* of the *firm*.~~
 - (a) ~~the percentage of *shares* held in the *firm* decreasing from 20% or more to less than 20%; or~~

- (b) ~~the percentage of *shares* held in a *parent undertaking* of the *firm* decreasing from 20% or more to less than 20%; or~~
 - (c) ~~percentage of *voting power* which it is entitled to exercise, or control the exercise of, in the *firm* decreasing from 20% or more to less than 20%; or~~
 - (d) ~~the percentage of *voting power* which it is entitled to exercise, or control the exercise of, in a *parent undertaking* of the *firm* decreasing from 20% or more to less than 20%;~~
- (3) ~~an existing *controller* becoming or ceasing to be a *parent undertaking*.~~
- 11.4.3 G ~~*SUP* 11 Annex 2 gives examples of the circumstances in which a notification in accordance with *SUP* 11.4.2R is required. [deleted]~~
- 11.4.4 R An overseas firm must notify the FSA if a person becomes a controller of the firm, increases or reduces control over the firm or ceases to have control over the firm of any of the following events concerning the firm:
- (1) ~~a person acquiring control or ceasing to have control;~~
 - (2) ~~an existing controller becoming or ceasing to be a parent undertaking.~~
- 11.4.5 G ~~If there is uncertainty whether a particular relationship constitutes control, it may be appropriate for the firm or controller or proposed controller to ask the FSA for individual guidance (see *SUP* 9) and to obtain its own legal advice. For example, if the control is to be held through a trust, then certain trustees, beneficiaries and other parties may qualify as controllers for the purposes of the Act and this chapter. Furthermore, a person may qualify as a controller if he is able to exercise 10%. (20% if the firm is a UK insurance intermediary) or more of the voting power at a firm's general meeting as a result of the ability to exercise proxy votes. [deleted]~~

...

Content and timing of the notification

- 11.4.7 R The notification by a firm under *SUP* 11.4.2R, *SUP* 11.4.2AR or *SUP* 11.4.4R must:
- ...
- (3) be made:
- (a) as soon as the firm becomes aware that a person is proposing to take a step that would result in the event concerned, whether alone or acting in concert, has decided to acquire control or to increase or reduce control; or
 - (b) if the event change in control takes place without the knowledge of the firm, within 14 days of the firm becoming aware of the

change in *control* concerned.

11.4.8 G *Principle 11* requires *firms* to be open and cooperative with the *FSA*. A *firm* should discuss with the *FSA*, at the earliest opportunity, any prospective changes of which it is aware, in ~~*controllers'*~~ *a controller's* or proposed ~~*controllers'*~~ *controller's* shareholdings or *voting power* (if the change is material). These discussions may take place before the formal notification requirement in *SUP 11.4.2R*, *SUP 11.4.2AR* or *SUP 11.4.4R* arises. (See also *SUP 11.3.2G*). As a minimum, the *FSA* considers that such discussions should take place before a *person*:

- (1) enters into any formal agreement in respect of the purchase of shares or a proposed acquisition or merger which would result in a change in *control* (whether or not the agreement is conditional upon any matter, including the *FSA's* approval); or
- (2) purchases any *share options*, *warrants* or other financial instruments, the exercise of which would result in the *person* acquiring *control* or any other change in *control*.

11.4.9 G The ~~obligation~~ obligations in *SUP 11.4.2R* and *SUP 11.4.2AR(1)* ~~and *SUP 11.4.2AR(2)*~~ applies apply whether or not the *controller* himself has given or intends to give a notification, in accordance with his obligations under the *Act*.

...

11.5 ~~Form of notification~~ Notifications by firms

11.5.1 R Information to be submitted by the firm (see *SUP 11.4.7R(2)(a)*)

(1)	The name of the <i>firm</i> ;
(2)	the name of the <i>controller</i> or proposed <i>controller</i> and, if it is a <i>body corporate</i> and is not an <i>authorised person</i> , the names of its <i>directors</i> and its <i>controllers</i> ;
(3)	a description of the proposed event including the shareholding and <i>voting power</i> of the <i>person</i> concerned, both before and after the proposed event <u>change in control</u> ; and
(4)	any other information of which the <i>FSA</i> would reasonably expect notice, including information which could have a material impact on any of the approval requirements in section 186(2) of the Act (see <i>SUP 11.7.5 G</i>) and any relevant supporting documentation.

...

11.5.3 G ~~In determining what the *FSA* would reasonably expect notice of in accordance with row (4) in *SUP 11.5.1R*, a *firm* should have regard, in particular, to the following matters to the extent that the *firm* is aware of them:~~

- (1) ~~whether the *controller* intends to make any significant changes to the *firm's* or *firms' regulated activities*, business plan or strategy as a result of the change in *control*;~~
- (2) ~~whether the *controller* intends any restructuring either in terms of the legal form of the *firm(s)* or in its or their borrowings, capital restructuring or financing arrangements;~~
- (3) ~~whether the *FSA* is obliged to consult with regulatory authorities in other *EEA States* (see *SUP 11.3.14G*);~~
- (4) ~~in the case of a share acquisition or similar, how it is to be financed;~~
- (5) ~~whether the *controller* has any interests which may conflict with its role as *controller* of the *UK domestic firm*.~~

~~*Firms* are also reminded of the circumstances set out in *SUP 15.3.8G* (Communication with the *FSA* in accordance with Principle 11) which may arise on a change in *control* and which should also be notified. [deleted]~~

...

- 11.5.5 G ~~If a *controller* proposes any significant changes to the *firm*, for instance to its *regulated activities*, business plan or strategy, the *firm* may be requested to provide a business plan (see *SUP 2: Information gathering by the FSA on its own initiative*). If an *insurer* comes under the *control* of a new *parent undertaking*, such a business plan would be a *scheme of operations* in accordance with *SUP App 2*. [deleted]~~
- 11.5.6 G ~~The *FSA* may request the *firm* to provide additional information (see *SUP 2* (Information gathering by the *FSA* on its own initiative)). In determining any additional information requirements, the *FSA* will have regard to the supervision being exercised over the *firm* by any *overseas regulators*. [deleted]~~

...

Joint and shared notifications

- 11.5.8 G A *firm* and its *controller* or proposed *controller* may discharge an obligation to notify the *FSA* by submitting a single joint ~~notification~~ section 178 notice containing the information required from the *firm* and the *controller* or proposed *controller*. In this case, the ~~relevant controllers form~~ section 178 notice may be used to ~~submit a notification~~ on behalf of both the *firm* and the *controller* or proposed *controller*.
- 11.5.9 G If a *person* is proposing a change in *control* over more than one *firm* within a *group*, then the *controller* or proposed *controller* may submit a single ~~notification~~ section 178 notice in respect of all those *firms*. The ~~notification~~ section 178 notice should contain all the required information as if separate notifications had been made, but information and documentation need not be duplicated.

11.5.10 G When an event occurs (for example, a *group* restructuring or a merger) as a result of which:

- (1) more than one *firm* in a *group* would undergo a change in *control*; or
- (2) a single *firm* would experience more than one change in *control*;

then, to avoid duplication of documentation, all the *firms* and their *controllers* or proposed *controllers* may discharge their respective obligations to notify the *FSA* by submitting a single ~~notification~~ section 178 notice containing one set of information.

11.6 Subsequent notification requirements by firms

Changes in the information provided to the *FSA*

...

11.6.2 R After submitting ~~a notification~~ a section 178 notice under *SUP* 11.4.2R or *SUP* ~~11.4.2AR(1) and SUP 11.4.2AR(2)~~ SUP 11.4.2AR and until the change in *control* occurs (or is no longer to take place), *SUP* 15.6.4R and *SUP* 15.6.5R apply to a *UK domestic firm* in relation to any information its *controller* or proposed *controller* provided to the *FSA* under *SUP* 11.5.1R or *SUP* 11.3.7D .

...

11.6.6 G ~~A notification under SUP 11.6.4R may be given jointly with the notification of the controller under SUP 11.3.16G. [deleted]~~

11.7 Acquisition or increase of control: assessment approval procedures process and criteria

11.7.1 G ~~The assessment approval procedures are summarised in *SUP* 11 Annex 3 process and the assessment criteria are set out in sections 185 to 191 of the *Act*.~~

~~Approval with or without conditions~~

11.7.2 G ~~If the *FSA* decides to approve a proposed acquisition or increase of *control* unconditionally, it must give an 'approval notice' without delay (section 184(1) of the *Act*). Section 191A deals with the procedure the *FSA* must follow where there has been a failure to notify or a default.~~

11.7.3 G ~~Alternatively, the *FSA* may decide to approve the proposed acquisition or increase of *control* subject to such conditions as it considers appropriate, having regard to the *FSA*'s duty to ensure that the *firm* concerned will satisfy, and continue to satisfy, the *threshold conditions* (section 185 of the *Act*). The *FSA* may serve *restriction notices* in certain circumstances in accordance with~~

section 191B of the Act.

- (1) If the *FSA* proposes to approve subject to conditions, it must give a *warning notice*.
- (2) If the *FSA* decides to proceed to approve subject to conditions, it must give a *decision notice*.

- 11.7.4 G A notice which approves a change of control (with or without conditions) is effective only for a limited period as set out in the notice (or, if no such period is specified, for one year) (section 184(3) of the *Act*). An approved change in *control* may not therefore take place after the end of this period. The *FSA* may apply to the court for an order for the sale of *shares* in accordance with section 191C of the *Act*.

~~Approval requirements and objection~~

- 11.7.5 G The *FSA* may object to a proposed acquisition or increase of *control* unless it is satisfied that the approval requirements are met (section 186 of the *Act*). These are that:

- (1) the acquirer is a fit and proper *person* to have the *control* over the *firm* that he has or would have if he acquired the *control* in question; and
- (2) the interests of *consumers* would not be threatened by the acquirer's *control* or by his acquiring that *control*. ~~[deleted]~~

- 11.7.6 G In deciding whether the approval requirements are met, the *FSA* must have regard, in relation to the *control* that the acquirer:

- (1) has over the *firm*; or
- (2) will have over the *firm* if the proposal to which the notification relates is carried out;

~~to the *FSA*'s duty to ensure that the *firm* will satisfy, and continue to satisfy, the *threshold conditions* (section 186(3) of the *Act*). [deleted]~~

- 11.7.7 G (1) If the *FSA* proposes to object, it must issue a *warning notice*.
- (2) If the *FSA* decides to proceed with its proposed objection, it must issue a *decision notice*.
- (3) If the *FSA* considers that the approval requirements would be met if a particular step were taken or not taken, the *decision notice* must identify that step (section 186(4) of the *Act*). ~~[deleted]~~

- 11.7.8 G The *FSA* may also object if it has not received sufficient information from either the *controller* or the *firm* to satisfy itself that the approval requirements are met. ~~[deleted]~~

~~Warning notices and decision notices~~

- 11.7.9 G ~~The procedure followed by the FSA in relation to the giving of *warning notices* and *decision notices* is set out in DEPP 2. [deleted]~~

The FSA's timeframe for responding to a notification

- 11.7.10 G ~~If the FSA receives a valid notification from a *controller* or proposed *controller*, the FSA must respond within three *months* (section 183(1) of the *Act*). The response from the FSA will be either an approval notice or a *warning notice*. [deleted]~~

- 11.7.11 G (1) ~~Where the FSA becomes aware of a possible breach by the *controller* or proposed *controller* of his obligations under section 178(1) or (2) of the *Act* (Obligation to notify the Authority), it may require the *person* concerned to provide additional information or *documents* (section 188(4) of the *Act*).~~

- (2) ~~If the FSA is satisfied that a breach has occurred, but is not satisfied that the approval requirements are met, the FSA may give a *warning notice* to the *controller* or proposed *controller* (section 187(1) and 188(1) of the *Act*).~~

- (3) ~~Alternatively, the FSA may retrospectively approve the change in *control* as if a notification had been received from the *controller* or proposed *controller* (section 187(2) of the *Act*). [deleted]~~

- 11.7.12 G ~~If the FSA does not receive a notification from the *controller* or proposed *controller* and proposes to give a *warning notice*, it must do so within three *months* of the date on which it became aware that the *controller* or proposed *controller* had failed to comply with his duty to notify (section 188(3) of the *Act*). [deleted]~~

- 11.7.13 G ~~Before making a determination under section 185 or giving an approval notice or a *warning notice* under section 191A, the FSA must comply with the certain requirements as to consultation with EC competent authorities set out in section 188 of the Act, outside the *United Kingdom* (sections 183(2) and 188(2) of the *Act* and the Financial Services and Markets Act 2000 (Consultation with Competent Authorities) Regulations 2001). The *Financial Groups Directive* Regulations make special provision in relation to (the change in *control* over a *UK* authorised person (within the meaning of section 178(4) of the *Act*) which is a member of a *third country group*.~~

The FSA's right to object to existing controllers

- 11.7.14 G ~~If a *controller* fails to give a notification under section 178 of the *Act* on acquiring or increasing *control*, and the FSA is not satisfied that the approval requirements are met, the FSA may propose to object to the *controller* by giving him a *warning notice* (sections 187(1) and 188(1) of the *Act*). [deleted]~~

- 11.7.15 G ~~The FSA may propose to object to a *controller* by giving him a *warning notice* at any time if it becomes aware of matters as a result of which it is satisfied~~

that:

- (1) ~~the approval requirements are not met with respect to the *controller*; or~~
- (2) ~~a condition attached to an approval required the *controller* to do (or refrain from doing) a particular thing and that condition has been breached by the *controller* (sections 187(3) and 188(1) of the *Act*).
[deleted]~~

11.7.16 G ~~If the *FSA* gives a *warning notice* as described in *SUP 11.7.14 G* or *SUP 11.7.15 G*, section 188 of the *Act* sets out various requirements as to timetable, consultation and provision of information. [deleted]~~

11.7.17 G ~~Following a *warning notice* as described in *SUP 11.7.14 G* or *SUP 11.7.15 G*, the *FSA* may decide to object to the *controller* and give him a *decision notice*. If the *FSA* does so, or if a conditional approval has been contravened, it may impose restrictions on some or all of the *controller's* shares by notice in writing or apply to the court for an order that the *controller* dispose of them (section 189 of the *Act*). [deleted]~~

11.7.18 G ~~If it appears to the *FSA* that the likely effect of an acquisition of *control* on a *firm*, or on any of its activities, is uncertain, the *FSA* may, in accordance with section 46 of the *Act* (Variation of permission on acquisition of control), vary the *firm's Part IV permission* by:~~

- (1) ~~imposing a *requirement* (see *SUP 7: Individual requirements*); or~~
- (2) ~~varying an existing *requirement*.~~

~~The *warning notice* and *decision notice* procedure does not apply to action taken under section 46 of the *Act*, but the *FSA* will operate a procedure that is fair in the circumstances. [deleted]~~

(2) ...

(3) to support the FSA's functions under Part XII of the *Act* (Notices of acquisitions of ~~€~~control over UK authorised persons) (see SUP 11 (*Controllers* and close links)).

...

- (5) ~~In this section, 'associate' and 'shares' have the meanings given in the definition of *controller*. [deleted]~~

...

Exceptions: friendly societies and building societies

...

- 16.4.11 R In *SUP* 16.4.5R and *SUP* 16.4.10R, a *building society* may regard a *person* as not being a *controller* if that *person* is exempt from the obligation to notify a change in *control* under The Financial Services and Markets Act 2000 (Controllers) (Exemption) (~~No.2) Order 2001 2009~~ (SI 2001/3338 2009/774) (see *SUP* 11.3.2AG(2)).

- 4.4.59 R For *exposures* to companies where the total annual sales for the consolidated group of which the firm is a part is less than EUR 50 million a *firm* may use the following correlation formula for the calculation of *risk weights* for *corporate exposures*. In this formula S is expressed as total annual sales in millions of Euros with EUR 5 million < = S < = EUR 50 million. Reported sales of less than EUR 5 million must be treated as if they were equivalent to EUR 5 million. In accordance with *BIPRU* 4.8.21R, for purchased receivables the total annual sales are the weighted average by individual *exposures* of the pool. The formula for the calculation of correlation (R) is:

$$0.12 \times (1 - \text{EXP}(-50 * \text{PD})) / (1 - \text{EXP}(-50)) + 0.24 *$$

$$[1 - (1 - \text{EXP}(-50 * \text{PD})) / (1 - \text{EXP}(-50))]$$

Annex B

Amendments to the Fees manual (FEES)

In this Annex, underlining indicates new text and striking through indicates deleted text.

Application

1.1.2 R This manual applies in the following way:

(1) *FEES* 1, 2 and 3 apply to:

...

(o) every *firm* applying for or being concerned in an application for permission to use an *advanced prudential calculation approach* or *guidance* on the availability of such a permission (including any future proposed amendments to those approaches); ~~and~~

(p) every *firm* or *person* referred to in category (u) of Column 1 of *FEES* 3.2.7R; ~~;~~

(q) every applicant applying for authorisation as an *authorised payment institution* or registration as a *small payment institution* under the *Payment Services Regulations*; and

(r) every applicant for variation of its authorisation or registration under the *Payment Services Regulations*.

...

Purpose

...

2.1.5 G Paragraph 17 of Schedule 1 and section 99 to the *Act* and regulation 92 of the *Payment Services Regulations* enable the *FSA* to charge fees to cover its costs and expenses in carrying out its functions. The corresponding provisions for the *FSCS* levy and *FOS* levies and case fees are set out in *FEES* 6.1 and *FEES* 5.2 respectively.

2.1.5A G Regulation 92 of the *Payment Services Regulations* provides that the functions of the *FSA* under the regulations are treated for the purposes of paragraph 17 of Schedule 1 to the *Act* as functions conferred on the *FSA* under the *Act*. Paragraphs 17(2) and (3) however, have not been included by the *Payment Services Regulations*. These are, respectively, the *FSA* obligation to ensure that the amount of penalties received or expected to be received are not to be taken into account in determining the amount of any fee payable and the provision that allows fees to be raised to repay borrowed monies in respect of expenses incurred, before or after the coming

into force of the Act or the Bank of England Act 1998.

...

- 2.1.11 G Whilst paragraph 17(2) of Schedule 1 to the Act has not been applied to the fee-raising power of the FSA under the Payment Services Regulations, regulation 92(2) of these regulations requires the FSA to apply amounts paid to it by way of penalties imposed under the regulations towards expenses incurred in carrying out its functions under the regulations, or for any incidental purpose.

...

Recovery of Fees

- 2.2.3 G Paragraph 17(4) of Schedule 1 and section 99(5) to the Act permit the FSA to recover fees (including fees relating to *payment services* and, where relevant, *FOS* levies), and section 213(6) permits the *FSCS* to recover shares of the *FSCS* levy payable, as a debt owed to the *FSA* and *FSCS* respectively, and the *FSA* and *FSCS*, as relevant, will consider taking action for recovery (including interest) through the civil courts. Also, *FOS Ltd* (in respect of case fees) may take steps to recover any money owed to it (including interest).

...

- 3.1.1 R ...

- 3.1.1A R A reference to “firm” in this chapter includes a reference to a fee-paying payment service provider but not one which is a small e-money issuer.

...

- 3.1.6 G ...

- 3.1.6A G Application fees for authorisation or registration under the Payment Services Regulations are set out in FEES 3 Annex 8R. The fee depends on the type of payment services a firm wishes to provide and whether it will be a small payment institution or an authorised payment institution. The fee may also depend on the number of agents it has.

...

- 3.2.5 G (1) The appropriate authorisation or registration fee is an integral part of an application for, or an application for a variation of, a *Part IV permission or authorisation, registration or variation under the Payment Services Regulations*. Any application received by the *FSA* without the accompanying appropriate fee, in full and without deduction (see *FEES* 3.2.1R), will not be treated as an application made, incomplete or otherwise, in accordance with section 51(3)(a), or section 44, of the Act or regulation 5(3) or 12(3) of the *Payment Services Regulations*. Where this is the case, the *FSA* will contact

the applicant to point out that the application cannot be progressed until the appropriate fee has been received. In the event that the appropriate authorisation fee, in full and without deduction, is not forthcoming, the application will be returned to the applicant and no application will have been made.

Amendments to the Principles for Businesses (PRIN)

In this Annex, underlining indicates new text and striking through indicates deleted text.

~~Accepting deposits and issuing electronic money~~

- 1.1.3 G The ~~Principles~~ apply with respect to ~~regulated activities~~ generally, but, in applying the ~~Principles~~ with respect to ~~accepting deposits and issuing electronic money~~ the FSA will proceed only in a *prudential context*. That is to say, in this context, the FSA would not expect to exercise the powers brought into play by a contravention of a *Principle* unless the contravention amounted to a serious or persistent violation which had implications for confidence in the *financial system*, or for the fitness and propriety of the *firm* or for the adequacy of the *firm's* financial resources. ~~[deleted]~~

...

- 3.2.1 R *PRIN* applies with respect to the carrying on of:
- (1) *regulated activities*;
 - (2) activities that constitute *dealing in investments as principal*, disregarding the exclusion in article 15 of the *Regulated Activities Order* (Absence of holding out etc); and
 - (3) *ancillary activities* in relation to *designated investment business*, *home finance activity*, ~~and~~ *insurance mediation activity* and accepting deposits.

Annex C

Banking: Conduct of Business sourcebook (BCOBS)

Insert the following new sourcebook after the Mortgages and Home Finance: Conduct of Business sourcebook (MCOB) in the block of the Handbook titled “Business Standards”. The text is all new and is not underlined.

1 Application

1.1 General application

The general application rule

- 1.1.1 R This sourcebook applies to a *firm* with respect to the activity of *accepting deposits* from *banking customers* carried on from an establishment maintained by it in the *United Kingdom* and activities connected with that activity.

Modifications to the general application rule

- 1.1.2 R The general application *rule* is modified in the chapters of this sourcebook for particular purposes.
- 1.1.3 R Except as provided for in *BCOBS* 1.1.4R, this sourcebook does not apply to:
- (1) *payment services*; or
 - (2) a *person* or *firm* which has permission for *accepting deposits* but only for the purposes of, or in the course of, an activity other than *accepting deposits*.
- 1.1.4 R
- (1) Chapters 2, 5 and 6 of *BCOBS* apply to *payment services*.
 - (2) Chapter 3 of *BCOBS* applies to *payment services* with the modifications set out in *BCOBS* 3.1.2R (2).
 - (3) A *firm* will not be subject to *BCOBS* to the extent that it would be contrary to the *United Kingdom’s* obligations under the *Payment Services Directive*.

2 Communications with banking customers and financial promotions

2.1 Purpose and Application: Who and what?

- 2.1.1 G *Principle 6* requires a *firm* to pay due regard to the interests of its *customers* and treat them fairly. *Principle 7* requires a *firm* to pay due regard to the information needs of its *clients* and communicate information to them in a way which is clear, fair and not misleading. This chapter reinforces these requirements by requiring a *firm* to pay regard to the information needs of *banking customers* when communicating with, or making a *financial promotion* to, them and to communicate information in a way that is clear, fair and not misleading.
- 2.1.2 R In addition to the general application rule (*BCOBS 1.1.1R*), this chapter applies to the *communication*, or *approval for communication*, to a *person* in the *United Kingdom* of a *financial promotion* of a *retail banking service* unless it can lawfully be *communicated* by an *unauthorised person* without *approval*.
- 2.1.3 R This chapter applies to a *firm*:
- (1) communicating with a *banking customer* in relation to *accepting deposits*;
 - (2) *communicating a financial promotion* that is not an *excluded communication*; or
 - (3) *approving a financial promotion*.

2.2 The fair, clear and not misleading rule

- 2.2.1 R A *firm* must take reasonable steps to ensure that a *communication* or a *financial promotion* is fair, clear and not misleading.
- 2.2.2 G The fair, clear and not misleading *rule* applies in a way that is appropriate and proportionate taking into account the means of communication and the information that it is intended to convey. So a *communication* addressed to a *banking customer* who is not a *consumer* may not need to include the same information, or be presented in the same way, as a *communication* addressed to a *consumer*.
- 2.2.3 G The *rules* in *SYSC 3* (Systems and Controls) and *SYSC 4* (General organisational requirements) require a *firm* to put in place systems and controls or policies and procedures in order to comply with the *rules* in *COBS 4.6* (Past, simulated past and future performance), *COBS 4.7.1R* (Direct offer financial promotions), *COBS 4.10* (Systems and controls and approving and communicating financial promotions) and this chapter of *BCOBS*.

2.2.4 G Section 397 (Misleading statements and practices) of the *Act* creates a criminal offence relating to certain misleading statements and practices.

2.3 Other general requirements for communications and financial promotions

2.3.1 R A *firm* must ensure that each communication made to a *banking customer* and each *financial promotion communicated* or *approved* by the *firm*:

- (1) includes the name of the *firm*;
- (2) is accurate and, in particular, does not emphasise any potential benefits of a *retail banking service* without also giving a fair and prominent indication of any relevant risks;
- (3) is sufficient for, and presented in a way that is likely to be understood by, the average member of the group to whom it is directed, or by whom it is likely to be received; and
- (4) does not disguise, diminish or obscure important information, statements or warnings.

2.3.2 G The name of the *firm* may be a trading name or shortened version of the legal name of the *firm*, provided the *banking customer* can identify the *firm* communicating the information.

2.3.3 G In deciding whether, and how, to *communicate* information to a particular target audience, a *firm* should take into account the nature of the *retail banking service*, the *banking customer's* likely or actual commitment, the likely information needs of a reasonable recipient, and the role of the communication or *financial promotion* in the sales process.

2.3.4 G If a communication or a *financial promotion* names the *FSA* as the regulator of a *firm* and refers to matters not regulated by the *FSA*, the *firm* should ensure that the communication or *financial promotion* makes clear that those matters are not regulated by the *FSA*.

2.3.5 G When *communicating* information, a *firm* should consider whether omission of any relevant fact will result in information given to the *banking customer* being insufficient, unclear, unfair or misleading.

2.3.6 G The Credit Institutions (Protection of Deposits) Regulations 1995 may apply in relation to communications with a *banking customer*.

2.3.7 R If a communication or a *financial promotion* compares a *retail banking service* with one or more other *retail banking service* (whether or not provided by the *firm*), the *firm* must ensure that the comparison is meaningful and presented in a fair and balanced way.

2.3.8 R If any information refers to a particular tax treatment or rate of interest

payable, a *firm* must ensure that it prominently states that the tax treatment or the rate of interest payable depends on the individual circumstances of each *banking customer* and may be subject to change in the future.

- 2.3.9 G When designing a *financial promotion*, a *firm* may find it helpful to take account of the British Bankers' Association/Building Societies Association Code of Conduct for the Advertising of Interest Bearing Accounts.

2.4 Structured deposits, cash deposit ISAs and cash deposit CTFs

- 2.4.1 G If a *financial promotion* relates to a *structured deposit*, rules in COBS 4.6 (Past, simulated past and future performance) will also apply.
- 2.4.2 G If a *financial promotion* relates to a *cash deposit ISA* or *cash deposit CTF*, COBS 4.7.1R (Direct offer financial promotions) also applies.

3 Distance communications

3.1 Distance marketing

Application

- 3.1.1 R This section applies to a *firm* that carries on any distance marketing activity from an establishment in the *United Kingdom*, with or for a *consumer* in the *United Kingdom* or another *EEA State*.

The distance marketing disclosure rules

- 3.1.2 R (1) Subject to (2), a *firm* must provide a *consumer* with the distance marketing information (*BCOBS 3 Annex 1R*) in good time before the *consumer* is bound by a *distance contract* or offer.
- (2) Where a *distance contract* is also a contract for *payment services* to which the *Payment Services Regulations* apply, a *firm* is required to provide to the *consumer* only the information specified in rows 7 to 12, 15, 16 and 20 of *BCOBS 3 Annex 1R*.

[**Note:** articles 3(1) and 4(5) of the *Distance Marketing Directive*]

- 3.1.3 R A *firm* must ensure that the distance marketing information, the commercial purpose of which must be made clear, is provided in a clear and comprehensible manner in a way appropriate to the means of distance communication used with due regard, in particular, to the principles of good faith in commercial transactions and the legal principles governing the protection of those who are unable to give their consent, such as minors.

[**Note:** article 3(2) of the *Distance Marketing Directive*]

- 3.1.4 R When a *firm* makes a voice telephony communication to a *consumer*, it must make its identity and the purposes of its call explicitly clear at the beginning of the conversation.

[**Note:** article 3(3)(a) of the *Distance Marketing Directive*]

- 3.1.5 R A *firm* must ensure that information on contractual obligations to be communicated to a *consumer* during the pre-contractual phase is in conformity with the contractual obligations which would result from the law presumed to be applicable to the *distance contract* if that contract is concluded.

[**Note:** article 3(4) of the *Distance Marketing Directive*]

Terms and conditions, and form

- 3.1.6 R A *firm* must communicate to the *consumer* all the contractual terms and conditions and the information referred to in the distance marketing disclosure rules (*BCOBS 3.1.2R* to *3.1.5R*) in a *durable medium* available and

accessible to the *consumer* in good time before the *consumer* is bound by any *distance contract* or offer.

[**Note:** articles 4(5) and 5 (1) of the *Distance Marketing Directive*]

- 3.1.7 G A *firm* will provide information, or communicate contractual terms and conditions, to a *consumer* if another *person* provides the information, or communicates the terms and conditions, to the *consumer* on its behalf.

Commencing performance of the distance contract

- 3.1.8 R The performance of the *distance contract* may only begin after the *consumer* has given his approval.

[**Note:** article 7 (1) of the *Distance Marketing Directive*]

Exception: successive operations

- 3.1.9 R In the case of a *distance contract* comprising an initial service agreement, followed by successive operations or a series of separate operations of the same nature performed over time, the *rules* in this chapter only apply to the initial agreement.

[**Note:** article 1(2) of the *Distance Marketing Directive*]

- 3.1.10 R (1) If there is no initial service agreement but the successive operations or separate operations of the same nature performed over time are performed between the same contractual parties, the distance marketing disclosure *rules* (*BCOBS* 3.1.2R to 3.1.5R) will only apply:
- (a) when the first operation is performed; and
 - (b) if no operation of the same nature is performed for more than a year, when the next operation is performed (the next operation being deemed the first in a new series of operations).

[**Note:** recital 16 and article 1(2) of the *Distance Marketing Directive*]

- (2) In this section:
- (a) “initial service agreement” includes the opening of a bank account;
 - (b) “operations” includes the deposit or withdrawal of funds to or from a bank account; and
 - (c) adding new elements to an initial service agreement, such as the ability to use an electronic payment instrument together with an existing *retail banking service*, does not constitute an

“operation” but an additional contract to which the rules in this chapter apply.

[**Note:** recital 17 of the *Distance Marketing Directive*]

Exception: voice telephony communications

- 3.1.11 R In the case of voice telephony communication, and subject to the explicit consent of the *consumer*, only the abbreviated distance marketing information (*BCOBS* 3 Annex 2R) needs to be provided during that communication. However, a *firm* must still provide the distance marketing information (*BCOBS* 3 Annex 1R) in a *durable medium* available and accessible to the *consumer* in good time before the *consumer* is bound by any *distance contract* or offer, unless another exception applies.

[**Note:** articles 3(3)(b) and 5(1) of the *Distance Marketing Directive*]

Exception: means of distance communication not enabling disclosure

- 3.1.12 R A *firm* may provide the distance marketing information (*BCOBS* 3 Annex 1R) and the contractual terms and conditions in a *durable medium* immediately after the conclusion of a *distance contract*, if the contract has been concluded at a *consumer's* request using a means of distance communication that does not enable the provision of that information in that form in good time before the *consumer* is bound by any *distance contract* or offer.

[**Note:** article 5(2) of the *Distance Marketing Directive*]

Exception: contracts for payment services

- 3.1.13 G Where a *distance contract* covers both *payment services* and *non-payment services*, the exception in *BCOBS* 3.1.2R (2) applies only to the *payment services* aspects of the contract. A *firm* taking advantage of this exception will need to comply with the information requirements in Part 5 of the *Payment Services Regulations*.

Consumer's right to request paper copies and change the means of communication

- 3.1.14 R At any time during the contractual relationship, the *consumer* is entitled, at his request, to receive the contractual terms and conditions on paper. The *consumer* is also entitled to change the means of distance communication used unless this is incompatible with the contract concluded or the nature of the service provided.

[**Note:** article 5(3) of the *Distance Marketing Directive*]

Unsolicited services

- 3.1.15 R (1) A *firm* must not enforce, or seek to enforce, any obligations under a *distance contract* against a *consumer*, in the event of an unsolicited supply of services, the absence of a reply not constituting consent.

(2) This *rule* does not apply to the tacit renewal of a *distance contract*.

[**Note:** article 9 of the *Distance Marketing Directive*]

Mandatory nature of a consumer's rights

3.1.16 R If a *consumer* purports to waive any of the *consumer's* rights created or implied by the *rules* in this section, a *firm* must not accept that waiver, nor seek to rely on or enforce it against the *consumer*.

[**Note:** article 12 of the *Distance Marketing Directive*]

Contracts governed by law of a third party state

3.1.17 R If a *firm* proposes to enter into a *distance contract* with a *consumer* that will be governed by the law of a country outside the *EEA*, the *firm* must *ensure* that the *consumer* will not lose the protection created by the *rules* in this chapter if the *distance contract* has a close link with the territory of one or more *EEA States*.

[**Note:** articles 12 and 16 of the *Distance Marketing Directive*]

3.2 E Commerce

Application

3.2.1 R This section applies to a *firm* carrying on an *electronic commerce activity* from an *establishment* in the *United Kingdom* with or for a *person* in the *United Kingdom* or another *EEA State*.

Information about the firm and its products or services

3.2.2 R A *firm* must make at least the following information easily, directly and permanently accessible to the recipients of the *information society services* it provides:

- (1) its name;
- (2) the geographic address at which it is established;
- (3) the details of the *firm* including its e-mail address, which allow it to be contacted rapidly and communicated with in a direct and effective manner;
- (4) an appropriate statutory status disclosure statement (*GEN 4 Annex 1R*), together with a statement which explains that it is on the *FSA Register* and includes the *FSA* registration number;
- (5) if it is a *professional firm*, or a person regulated by the equivalent of a *designated professional body* in another *EEA State*:

- (a) the name of the professional body (including any *designated professional body*) or similar institution with which it is registered;
- (b) the professional title and the *EEA State* where it was granted;
- (c) a reference to the applicable professional rules in the *EEA State* of establishment and the means to access them; and
- (d) where the *firm* undertakes an activity that is subject to VAT, its VAT number.

[**Note:** article 5(1) of the *E-Commerce Directive*]

- 3.2.3 R If a *firm* refers to price, it must do so clearly and unambiguously, indicating whether the price is inclusive of tax and delivery costs.

[**Note:** article 5(2) of the *E-Commerce Directive*]

- 3.2.4 R A *firm* must ensure that commercial communications which are part of, or constitute, an *information society service*, comply with the following conditions:
- (1) the commercial communication must be clearly identifiable as such;
 - (2) the *person* on whose behalf the commercial communication is made must be clearly identifiable;
 - (3) promotional offers must be clearly identifiable as such, and the conditions that must be met to qualify for them must be easily accessible and presented clearly and unambiguously; and
 - (4) promotional competitions or games must be clearly identifiable as such, and the conditions for participation must be easily accessible and presented clearly and unambiguously.

[**Note:** article 6 of the *E-Commerce Directive*]

- 3.2.5 R An unsolicited commercial communication sent by e-mail by a *firm* established in the *United Kingdom* must be identifiable clearly and unambiguously as an unsolicited commercial communication as soon as it is received by the recipient.

[**Note:** article 7(1) of the *E-Commerce Directive*]

Requirements relating to the placing and receipt of orders

- 3.2.6 R A *firm* must (except when otherwise agreed by parties who are not *consumers*):
- (1) give an *ECA recipient* at least the following information, clearly, comprehensibly and unambiguously, and prior to the order being

placed by the recipient of the service:

- (a) the different technical steps to follow to conclude the contract;
 - (b) whether or not the concluded contract will be filled in by the *firm* and whether it will be accessible;
 - (c) the technical means for identifying and correcting input errors prior to the placing of the order; and
 - (d) the languages offered for the conclusion of the contract;
- (2) indicate any relevant codes of conduct to which it subscribes and information on how those codes can be consulted electronically;
 - (3) (when an *ECA recipient* places an order through technological means) acknowledge the receipt of the recipient's order without undue delay and by electronic means; and
 - (4) make available to the *ECA recipient* appropriate, effective and accessible technical means allowing the recipient to identify and correct input errors prior to the placing of an order.

[**Note:** articles 10(1) and 11(1) and (2) of the *E-Commerce Directive*]

3.2.7 R For the purposes of *BCOBS* 3.2.6R(3), an order and an acknowledgement of receipt are deemed to be received when the parties to whom they are addressed are able to access them.

3.2.8 R Contractual terms and conditions provided by a *firm* to an *ECA recipient* must be made available in a way that allows the recipient to store and reproduce them.

[**Note:** article 10(3) of the *E-Commerce Directive*]

Exception: contract concluded by e mail

3.2.9 R The requirements relating to the placing and receipt of orders (*BCOBS* 3.2.6R(3)) do not apply to contracts concluded exclusively by exchange of e-mail or by equivalent individual communications.

[**Note:** articles 10(4) and 11(3) of the *E-Commerce Directive*]

4 Information to be communicated to banking customers

4.1 Enabling banking customers to make informed decisions

The appropriate information rule

4.1.1 R A *firm* must provide or make available to a *banking customer* appropriate information about a *retail banking service* and any *deposit* made in relation to that *retail banking service*:

- (1) in good time;
- (2) in an appropriate medium; and
- (3) in easily understandable language and in a clear and comprehensible form;

so that the *banking customer* can make decisions on an informed basis.

4.1.2 G (1) In determining:

- (a) what is “in good time”;
- (b) the appropriate medium for communicating information; and
- (c) whether it is appropriate to provide information (that is, send or give it directly to the *banking customer*) or make it available (that is, make it available to obtain at the *banking customer’s* option);

a *firm* should consider the importance of the information to the decision-making process of the *banking customer* and the time at which the information may be most useful. Distance communications requirements are also relevant.

- (2) For example, (unless *BCOBS 3* applies) a *firm* should provide the terms and conditions of the contract for a *retail banking service* on paper or in another *durable medium* in good time before a *banking customer* is bound by them.
- (3) Where a *firm* proposes to make a change to the terms and conditions or charges that apply to a *retail banking service* that will be to the disadvantage of a *banking customer*, it should provide reasonable notice to the *banking customer* before the change takes effect, taking into account the period of notice required by the *banking customer* to cancel the contract for the *retail banking service*.

4.1.3 R Where a *rule* in this chapter requires information to be provided on paper or in another *durable medium* before a *banking customer* is bound by the terms and conditions of the contract, a *firm* may instead provide that information in accordance with the distance communication requirements (see *BCOBS 3.1*) (if

applicable).

4.1.4 G The appropriate information *rule* applies before a *banking customer* is bound by the terms of the contract. It also applies after a *banking customer* has become bound by them. In order to meet the requirements of the appropriate information *rule*, information provided by a *firm* to a *banking customer* should include information relating to:

- (1) the *firm*;
- (2) the different *retail banking services* offered by the *firm* which share the main features of the *retail banking service* the *banking customer* has enquired about, or which have the product features the *banking customer* has expressed an interest in, unless the *banking customer* has expressly indicated that he does not wish to receive that information;
- (3) the terms and conditions of the contract for a *retail banking service* and any changes to them;
- (4) the rate or rates of interest payable on any deposit, how and when such interest is calculated and applied and any changes to that rate or those rates;
- (5) any charges at any time payable by or on behalf of a *banking customer* in relation to each *retail banking service* and any changes to those charges;
- (6) a *banking customer's* rights to cancel a contract for a *retail banking service*;
- (7) how a *banking customer* may make a complaint (at the time and in the manner required by *DISP* 1.2);
- (8) the terms of any compensation scheme if the firm cannot meet its obligations in respect of the *retail banking service*;
- (9) basic bank accounts but only if the *firm* offers a basic bank account and the *banking customer* meets the *firm's* eligibility criteria for such an account; and
- (10) the timescales for each stage of the cheque clearing process.

4.1.5 G The information required by the appropriate information *rule* may vary according to matters such as:

- (1) the *banking customer's* likely or actual commitment;
- (2) the information needs of a reasonable recipient having regard to the type of *retail banking service* that is proposed or provided and its overall complexity, main benefits, risks, limitations, conditions and duration;

- (3) distance communication information requirements (for example, under the distance communication *rules* less information can be given during certain telephone sales than in a sale made purely by written correspondence (see *BCOBS* 3.1)); and
 - (4) whether the same information has been provided to the *banking customer* previously and, if so, when that was.
- 4.1.6 G The existence of cancellation rights does not affect what information it is appropriate to give a *banking customer* in order to enable him to make an informed purchasing decision.
- 4.1.7 G If the *retail banking service* is a *cash deposit ISA* or a *cash deposit CTF*, the rules in *COBS* 13.1 (Preparing product information) and *COBS* 14.2 (Providing product information to clients) also apply.

4.2 Statements of account

- 4.2.1 R (1) A *firm* must provide or make available to a *banking customer* on paper or in another *durable medium* such regular statements of account as are appropriate to the type of *retail banking service* provided, but need not do so where:
- (a) the *firm* has provided a *banking customer* with a pass book or other document in a *durable medium* that records transactions in relation to the *retail banking service*;
 - (b) the *retail banking service* is provided at a distance by means of electronic equipment where the *banking customer* can access his account balance, view transactions and give instructions in relation to the *retail banking service* at a distance by such means;
 - (c) a *banking customer* has elected not to receive periodic statements of account, and for so long as such election is in force; or
 - (d) it has reasonable grounds to believe that the *banking customer* is not resident at the address last known to it as the address of the *banking customer* and it is not practicable after reasonable inquiry to ascertain the *banking customer's* address.
- (2) A *firm* must not charge for providing information which is required to be provided by (1).
- (3) A *firm* must provide a *banking customer* with a true copy of any statement of account provided to him under (1) on paper or in another *durable medium* within a reasonable period of time following a request to that effect made by or on his behalf.

- (4) A *firm* and a *banking customer* may agree on a charge for:
- (a) providing a copy of a statement of account under (3); or
 - (b) providing statements of account more frequently than required by (1);

at the request of the *banking customer*. Any such charge must reasonably correspond to the *firm's* actual costs.

5 Post sale

5.1 Post sale requirements

Service

- 5.1.1 R A *firm* must provide a service in relation to a *retail banking service* which is prompt, efficient and fair to a *banking customer* and which has regard to any communications or *financial promotion* made by the *firm* to the *banking customer* from time to time.
- 5.1.2 G In determining the order in which to process payment instructions in relation to the *retail banking service*, a *firm* must have regard to its obligation to treat *banking customers* fairly.
- 5.1.3 G To the extent that it relates to a *retail banking service*, a *firm* may find it helpful to take account of the British Bankers' Association "A Statement of Principles: Banks and businesses - working together".

Dealings with customers in financial difficulty

- 5.1.4 G *Principle 6* requires a *firm* to pay due regard to the interests of its customers and to treat them fairly. In particular, a *firm* should deal fairly with a *banking customer* whom it has reason to believe is in financial difficulty.

Moving a retail banking service

- 5.1.5 R A *firm* must provide a prompt and efficient service to enable a *banking customer* to move to a *retail banking service* (including a *payment service*) provided by another *firm*.
- 5.1.6 G Where a *banking customer* wishes to move a *retail banking service* and there are no arrangements between the *firm* the *banking customer* wishes to move from and the *firm* that the *banking customer* wishes to move to, the service provided by the former *firm* will extend only to providing a prompt and efficient service in respect of termination of the *retail banking service*, for example by closing an account and returning any *deposit* (with interest as appropriate) to the *banking customer*.
- 5.1.7 G Where a *banking customer* wishes to move a *retail banking service* and there are arrangements between the *firm* the *banking customer* wishes to move from and the *firm* that the *banking customer* wishes to move to, the service provided by the former *firm* will include providing a prompt and efficient service in respect of termination of the *retail banking service*, for example by closing an account, transferring any account balance and making arrangements in respect of any direct debits or standing orders.
- 5.1.8 G A *firm* may find it helpful to take account of the European Banking Industry Committee Common Principles for Bank Account Switching and the British Bankers' Association/ Building Societies Association/ Tax Incentivised Savings

Association Cash ISA Transfers: Guidelines.

Lost and dormant accounts

- 5.1.9 R A *firm* must make appropriate arrangements to enable a *banking customer*, so far as is possible, to trace and, if appropriate, to have access to a *deposit* held (or formerly held) in a *retail banking service* provided by the *firm*. This applies even if:
- (1) the *banking customer* may not be able to provide the *firm* with information which is sufficient to identify the *retail banking service* concerned; or
 - (2) the *banking customer* may not have carried out any transactions in relation to that *retail banking service* for an extended period of time.
- 5.1.10 R If a *firm* participates in the scheme under the Dormant Bank and Building Society Accounts Act 2008, it must inform a *banking customer* of this fact and provide appropriate information regarding the terms of the scheme on entering into communications with a *banking customer* regarding a *dormant account*.

6 Cancellation

6.1 The right to cancel

Introduction

- 6.1.1 R Except as provided for in *BCOBS* 6.1.2R, a *banking customer* has a right to cancel a contract for a *retail banking service* (including a *cash deposit ISA*) without penalty and without giving any reason, within 14 calendar days.

[**Note:** article 6(1) of the *Distance Marketing Directive* in relation to *distance contracts*]

- 6.1.2 R There is no right to cancel:
- (1) a contract (other than a *cash deposit ISA*) where the rate or rates of interest payable on the *deposit* are fixed for a period of time following conclusion of the contract;
 - (2) a contract whose price depends on fluctuations in the financial market outside the *firm's* control that may occur during the cancellation period; or
 - (3) a *cash deposit CTF* (other than a *distance contract*).
- 6.1.3 G A *firm* may provide longer or additional cancellation rights voluntarily but, if it does, these should be on terms at least as favourable to the *banking customer* as those in this chapter, unless the differences are clearly explained.

Beginning of cancellation period

- 6.1.4 R The cancellation period begins:
- (1) either from the day of the conclusion of the contract for the *retail banking service*; or
 - (2) from the day on which the *banking customer* receives the contractual terms and conditions of the *retail banking service* and any other pre-contractual information required under this sourcebook, if that is later than the date referred to in (1) above.

[**Note:** article 6(1) of the *Distance Marketing Directive* in relation to *distance contracts*]

Disclosing the right to cancel

- 6.1.5 R (1) The *firm* must disclose to a *banking customer* in good time or, if that is not possible, immediately after the *banking customer* is bound by a contract for a *retail banking service*, and in a *durable medium*, the existence of the right to cancel, its duration and the conditions for exercising it including information on the amount which the *banking*

customer may be required to pay, the consequences of not exercising it and practical instructions for exercising it, indicating the address to which the notification of cancellation should be sent.

- (2) This *rule* applies only where a *banking customer* would not otherwise receive the information referred to in (1) under a *rule* in this sourcebook from the *firm* (such as under *BCOBS* 3.1.2R to 3.1.5R (the distance marketing disclosure rules)).

6.2 Exercising the right to cancel

- 6.2.1 R If a *banking customer* exercises his right to cancel he must, before the expiry of the cancellation period, notify this following the practical instructions given to him. The deadline shall be deemed to have been observed if the notification, if in a *durable medium* available and accessible to the recipient, is dispatched before the cancellation period expires.

[**Note:** article 6(6) of the *Distance Marketing Directive* for distance contracts]

- 6.2.2 G The *firm* should accept any indication that the *banking customer* wishes to cancel as long as it satisfies the conditions for notification. In the event of any dispute, unless there is clear written evidence to the contrary, the *firm* should treat the date cited by the *banking customer* as the date when the notification was dispatched.

Record keeping

- 6.2.3 R The *firm* must make adequate records concerning the exercise of a right to cancel and retain them for at least three years.

6.3 Effects of cancellation

- 6.3.1 R By exercising a right to cancel, a *banking customer* withdraws from the contract and the contract is terminated.

Payment for the service provided before cancellation

- 6.3.2 R (1) This *rule* applies in relation to a contract for a *retail banking service* that is not a *cash deposit ISA* or a *cash deposit CTF*.
- (2) When a *banking customer* exercises the right to cancel he may only be required to pay, without any undue delay, for the service actually provided by the *firm* in accordance with the contract. The amount payable must not:
- (a) exceed an amount which is in proportion to the extent of the service already provided in comparison with the full coverage of the contract;

(b) in any case be such that it could be construed as a penalty.

[**Note:** article 7(1), (2) and (3) of the *Distance Marketing Directive* in relation to *distance contracts*]

(3) The *firm* may not require a *banking customer* to pay any amount on the basis of this *rule* unless it can prove that the *banking customer* was duly informed about the amount payable and, in the case of a contract which is a *distance contract*, in conformity with the distance marketing disclosure rules. However, in no case may the *firm* require such payment if it has commenced the performance of the contract before expiry of the cancellation period without the *banking customer's* prior request.

[**Note:** article 7(1), (2) and (3) of the *Distance Marketing Directive* in relation to *distance contracts*]

6.4 Obligations on cancellation

Firm's obligation

6.4.1 R The *firm* must, without undue delay and within 30 calendar days, return to the *banking customer* any sums it has received from him except for any amount that the *banking customer* may be required to pay under *BCOBS* 6.3.2R. This period begins from the day on which the *firm* receives the notification of cancellation.

[**Note:** article 7(1), (2) and (3) of the *Distance Marketing Directive* in relation to *distance contracts*]

Banking customer's obligation

6.4.2 R The *firm* is entitled to receive from the *banking customer* any sums or property he has received from the *firm* without any undue delay and no later than within 30 calendar days. This period begins from the day on which the *banking customer* dispatches the notification of cancellation.

[**Note:** article 7(5) of the *Distance Marketing Directive* in relation to *distance contracts*]

6.4.3 R Any sums payable under this section on cancellation of a contract are owed as simple contract debts and may be set off against each other.

6.5 Other applicable legislation

6.5.1 R This chapter applies as modified to the extent necessary for it to be compatible with any enactment, including legislation relating to child trust funds.

Schedule 1

Schedule 3

Fees and other required payments

There are no requirements for fees or other payments in *BCOBS*.

Schedule 4

Powers exercised

The following powers and related provisions in or under the *Act* have been exercised by the *FSA* to make the *rules* in *BCOBS*:

- section 157(1) (Guidance).

Schedule 5

Rights of action for damages

- 5.1 The table below sets out the *rules* in *BCOBS* contravention of which by an *authorised person* may be actionable under section 150 of the *Act* (Actions for damages) by a *person* who suffers loss as a result of the contravention.
- 5.2 If a “Yes” appears in the column headed “For private person?”, the *rule* may be actionable by a *private person* under section 150 (or, in certain circumstances, his fiduciary or representative; see article 6(2) and (3)(c) of the Financial Services and Markets Act 2000 (Rights of Action) Regulations 2001 (SI 2001/2256)). If so, a reference to the *rule* in which it is removed is also given.
- 5.3 The column headed “For other person?” indicates whether the *rule* may be actionable by a *person* other than a *private person* (or his fiduciary or representative) under article 6(2) and (3) of those Regulations. If so, an indication of the type of *person* by whom the *rule* may be actionable is given.

However, if the *rules* incorporate requirements laid down in European directives, it will not be possible for the *FSA* to grant a waiver that would be incompatible with the United Kingdom's responsibilities under those directives.

- 10.2.2 G The limits apply to the aggregate amount of *claims* in respect of each category of *protected claim* that an *eligible claimant* has against the *relevant person*. Consequently, a claimant who has, for example, a *claim* against a *relevant person* in connection with *protected investment business* of ~~£30,000~~ £40,000, and a further such *claim* of £20,000, will only receive the £50,000 limit. ~~not receive 100% compensation for both *claims*; instead he will receive £48,000 (100% of the first £30,000 and 90% of the next £20,000). Similarly, if a claimant receives more than one payment in respect of a *claim* or *claims* on one or more *protected contract of insurance*, the claimant will only receive 100% of the first £2,000 of the total paid, and not 100% of the first £2,000 of each payment.~~

Amendments to the Enforcement Guide (EG)

In this Annex, underlining indicates new text, unless otherwise stated.

3 Use of information gathering and investigation powers

3.1 The FSA has various powers under sections 97, 165 to 169 and 284 of the *Act* to gather information and appoint investigators, and to require the production of a report by a *skilled person*. In any particular case, the FSA will decide which powers, or combination of powers, are most appropriate to use having regard to all the circumstances. Further comments on the use of these powers are set out below.

3.1A Information may also be provided to the FSA voluntarily. For example, firms may at times commission an internal investigation or a report from an external law firm or other professional adviser and decide to pass a copy of this report to the FSA. Such reports can be very helpful for the FSA in circumstances where enforcement action is anticipated or underway. The FSA's approach to using firm-commissioned reports in an enforcement context is set out at the end of this chapter.

...

After EG 3.16 the following new text is inserted. The text is not underlined:

FSA approach to firms conducting their own investigations in anticipation of FSA enforcement action.

Firm-commissioned reports: the desirability of early discussion and agreement where enforcement is anticipated

3.17 The FSA recognises that there are good reasons for *firms* wishing to carry out their own investigations. This might be for, for example, disciplinary purposes, general good management, or operational and risk control. The *firm* needs to know the extent of any problem, and it may want advice as to what immediate or short-term measures it needs to take to mitigate or correct any problems identified. The FSA encourages this proactive approach and does not wish to interfere with a *firm's* legitimate procedures and controls.

3.18 A *firm's* report – produced internally or by an external third party – can clearly assist the *firm*, but may also be useful to the FSA where there is an issue of regulatory concern. Sharing the outcome of an investigation can potentially save time and resources for both parties, particularly where there is a possibility of the FSA taking enforcement action in relation to a *firm's* perceived misconduct or failing. This does not mean that *firms* are under any obligation to share the content of legally privileged reports they are given or advice they receive. It is for the *firm* to decide whether to provide such material to the FSA. But a *firm's* willingness to volunteer the results of its own investigation, whether protected by legal privilege or otherwise, is welcomed by the FSA and is something the FSA may take into account when deciding what

action to take, if any. (The FSA's approach to deciding whether to take action is described in more detail in *DEPP* 6.2 and paragraph 2.4 of this Guide.)

- 3.19 Work done or commissioned by the *firm* does not fetter the FSA's ability to use its statutory powers, for example to require a skilled person's report under section 166 of the *Act* or to carry out a formal enforcement investigation; nor can a report commissioned by the *firm* be a substitute for formal regulatory action where this is needed or appropriate. But even if formal action is needed, it may be that a report could be used to help the FSA decide on the appropriate action to take and may narrow the issues or obviate the need for certain work.
- 3.20 The FSA invites *firms* to consider, in particular, whether to discuss the commissioning and scope of a report with FSA staff where:
- (1) *firms* have informed the FSA of an issue of potential regulatory concern, as required by *SUP* 15; or
 - (2) the FSA has indicated that an issue or concern has or may result in a referral to Enforcement.
- 3.21 The FSA's approach in commenting on the proposed scope and purpose of the report will vary according to the circumstances in which the report is commissioned; it does not follow that the FSA will want to be involved in discussing the scope of a report in every situation. But if the *firm* anticipates that it will proactively disclose a report to the FSA in the context of an ongoing or prospective enforcement investigation, then the potential use and benefit to be derived from the report will be greater if the FSA has had the chance to comment on its proposed scope and purpose.
- 3.22 Some themes or issues are common to any discussion about the potential use or value of a report to the FSA. These include:
- (1) to what extent the FSA will be able to rely on the report in any subsequent enforcement proceedings;
 - (2) to what extent the FSA will have access to the underlying evidence or information that was relied upon in producing the report;
 - (3) where legal privilege or other professional confidentiality is claimed over any material gathered or generated in the investigation process, to what extent such material may nevertheless be disclosed to the FSA, on what basis and for what purposes the FSA may use that material;
 - (4) what approach will be adopted to establishing the relevant facts and how evidence will be recorded and retained;
 - (5) whether any conflicts of interest have been identified and whether there are proposals to manage them appropriately;
 - (6) whether the report will describe the role and responsibilities of identified individuals;

- (7) whether the investigation will be limited to ascertaining facts or will also include advice or opinions about breaches of FSA rules or requirements;
- (8) how the *firm* intends to inform the FSA of progress and communicate the results of the investigation; and
- (9) timing.

3.23 In certain circumstances the FSA may prefer that a *firm* does not commission its own investigation (whether an internal audit report or a report by external advisers) because action by the *firm* could itself be damaging to an FSA investigation. This is true in particular of criminal investigations, where alerting the suspects could have adverse consequences. For example, where the FSA suspects that individuals are abusing positions of trust within financial institutions and that an insider dealing ring is operating, it might notify the relevant *firm* but would not want the *firm* to embark on its own investigation: to do so would alert those under investigation and prejudice on-going monitoring of the suspects and other action. *Firms* are therefore encouraged to be alive to the possibility that their own investigations could prejudice or hinder a subsequent FSA investigation, and, if in doubt, to discuss this with the FSA. The FSA recognises that *firms* may be under time and other pressures to establish the relevant facts and implications of possible misconduct, and will have regard to this in discussions with the *firm*.

3.24 Nothing in paragraphs 3.17 to 3.23 extends or increases the scope of the existing duty to report facts or issues to the FSA in accordance with *SUP 15* or *Principle 11*.

Firm-commissioned reports: material gathered

3.25 Where a *firm* does conduct or commission an investigation, it is very helpful if the *firm* maintains a proper record of the enquiries made and interviews conducted. This will inform the FSA's judgment about whether any further work is needed and, if so, where the FSA's efforts should be focused.

3.26 How the results of an investigation are presented to the FSA may differ from case to case; the FSA acknowledges that different circumstances may call for different approaches. In this sense, one size does not fit all. The FSA will take a pragmatic and flexible approach when deciding how to receive the results of an investigation. However, if the FSA is to rely on a report as the basis for taking action, or not taking action, then it is important that the *firm* should be prepared to give the FSA underlying material on which the report is based as well as the report itself. This includes, for example, notes of interviews conducted by the lawyers, accountants or other professional experts carrying out the investigation.

3.27 The FSA is not able to require the production of "protected items", as defined in the *Act*, but it is not uncommon for there to be disagreement with *firms* about the scope of this protection. Arguments about whether certain documents attract privilege tend to be time-consuming and delay the progress of an investigation. If a *firm* decides to give a report to the FSA, then the FSA considers that the greatest mutual benefit is most likely to flow from disclosure of the report itself and any supporting papers. A

reluctance to disclose these source materials will, in the FSA's opinion, devalue the usefulness of the report and may require the FSA to undertake additional enquiries.

Firm-commissioned reports: FSA use of reports and the protection of privileged and confidential material

- 3.28 For reasons that the FSA can understand, *firms* may seek to restrict the use to which a report can be put, or assert that any legal privilege is waived only on a limited basis and that the *firm* retains its right to assert legal privilege as the basis for non-disclosure in civil proceedings against a private litigant.
- 3.29 The FSA understands that the concept of a limited waiver of legal privilege is not one which is recognised in all jurisdictions; the FSA considers that English law does permit such "limited waiver" and that legal privilege could still be asserted against third parties notwithstanding disclosure of a report to the FSA. However, the FSA cannot accept any condition or stipulation which would purport to restrict its ability to use the information in the exercise of the FSA's statutory functions. In this sense, the FSA cannot 'close its eyes' to information received or accept that information should, say, be used only for the purposes of supervision but not for enforcement.
- 3.30 This does not mean that information provided to the FSA is unprotected. The FSA is subject to strict statutory restrictions on the disclosure of confidential information (as defined in section 348 of the *Act*), breach of which is a criminal offence (under section 352 of the *Act*). Reports and underlying materials provided voluntarily to the FSA by a *firm*, whether covered by legal privilege or not, are confidential for these purposes and benefit from the statutory protections.
- 3.31 Even in circumstances where disclosure of information would be permitted under the "gateways" set out in the Financial Services and Markets Act 2000 (Disclosure of Confidential Information) Regulations, the FSA will consider carefully whether it would be appropriate to disclose a report provided voluntarily by a *firm*. The FSA appreciates that *firms* feel strongly about the importance of maintaining confidentiality, and that *firms* are more likely to volunteer information to the regulator when they know that the regulator is mindful of this sensitivity and the impact of potential disclosure. Accordingly, if the FSA contemplates disclosing a report voluntarily provided by a *firm*, the *firm* will normally be notified and given the opportunity to make representations about the proposed disclosure. The exceptions to this include circumstances where disclosure is urgently needed, where notification might prejudice an investigation or defeat the purpose for which the information had been requested, or where notification would be inconsistent with the FSA's international obligations.

- (1) The Special Project Fee for restructuring (“the SPFR”) is payable by a *firm* if:
 - (a) it falls within any of the A fee-blocks defined in Part 1 of *FEES* 4 Annex 1R, except if it is in fee-block A.16 only;
 - (b) it engages in, or prepares to engage in, the activity set out in (2); and
 - (c) none of the circumstances in (3) apply.
- (2) The activity referred to in (1)(b) involves the *firm* undertaking or making arrangements with a view to either:
 - (a) raising additional capital; or
 - (b) a significant restructuring of the *firm* or the *group* to which it belongs, including:
 - (i) mergers or acquisitions;
 - (ii) reorganising the *firm*’s *group* structure; and
 - (iii) *retribution*.
- (3) No SPFR is payable where:
 - (a) the amount calculated in accordance with (6) totals less than £50,000; or
 - (b) the *FSA* has given any *guidance* to the *firm* in relation to the same matter and charged for it; or
 - (c) the transaction only involves the *firm* seeking to raise capital within the *group* to which it belongs.
- (4) Where the transaction involves raising capital outside the *group* to which the *firm* belongs, any SPFR in relation to that transaction is only payable by the largest *firm* in that *group*. The largest *firm* is the one that pays the highest periodic fee in the *FSA* financial year (the 12 *months* ending 31 March) in which the bill is raised.
- (5) The definition of *group* is limited for the purposes of calculating the SPFR to *parent undertakings* and their *subsidiary undertakings*.
- (6) The SPFR is calculated as follows:
 - (a) Determine the number of hours, or part of an hour, taken by the *FSA* in relation to regulatory work conducted as a consequence of the activities referred to in (2).
 - (b) Next, multiply the applicable rate in the table at (8) by the number of hours or

part hours obtained under (a).

- (c) Then add any fees and disbursements invoiced to the *FSA* by any *person* in respect of services performed by that *person* for the *FSA* in relation to assisting the *FSA* in performing the regulatory work referred to in (a).
 - (d) The resulting figure is the fee.
 - (e) The number of hours or part hours referred to in (a) are the number of hours or part hours as recorded on the *FSA*'s systems in relation to the regulatory work referred to in (a).
- (7) The first column in the table at (8) sets out the relevant pay grades of those employed by the *FSA* and the second column sets out the hourly rates chargeable in respect of those pay grades.
- (8) Table of hourly rates:

FSA pay grade	Hourly rate (£)
Administrator	25
Associate	50
Technical Specialist	85
Manager	90
Any other <i>person</i> employed by the <i>FSA</i>	135

...

- 4.1.6 G The *FSA* will allocate penalties received for the benefit of relevant fee payers by way of a permitted deduction specified in *FEES 4 Annex 2R*, ~~or in the case of listed issuers, as notified to issuers annually, for the relevant year.~~

...

- 4.2.7B R (1) This *rule* deals with the calculation of:
- ...
- (2) Unless this *rule* says otherwise, the tariff base for a *firm*'s second financial year is calculated using projected valuations for its ~~second~~ first year (as provided to the *FSA* in the course of the *firm*'s application), of the business to which the tariff relates.

...

4.3.6 R ...

- (5) Paragraphs (1) and (2) do not apply to any Solvency 2 fee or Solvency 2 Implementation fee (as defined in Part 1 of *FEES 4 Annex 2R*) and such ~~fee is~~ fees are not taken into account for the purposes of the split in (1). Instead any Solvency 2 fee or Solvency 2 Implementation fee is payable on the date specified in (1)(a) or (2) (depending on which applies to the rest of its periodic fee) or any earlier date required by (3) or (4).

Part 4	
This table shows the calculation of the Solvency 2 fee for <i>firms</i> falling into fee block A3 or A4	
(1)	...
(2)	The Solvency 2 fee is only payable by a <i>firm</i> if:
(a)	it was in one or both of the insurance fee blocks at the start of the financial year 2008/9 <u>2009/10</u> ;
(b)	<i>FEES</i> 4.3.13R (Firms Applying to Cancel or Vary Permission Before Start of Period) does not apply with respect to the fee block in (a); and

(c)	it has not notified the <i>FSA</i> before the start of the financial year 2008/9 <u>2009/10</u> that it intends to migrate out of the <i>United Kingdom</i> for regulatory purposes before the proposed Solvency II Directive is implemented; <u>and</u>
(d)	<u>it is not an <i>incoming EEA firm</i> or an <i>incoming Treaty firm</i>.</u>
(3)	The Solvency 2 fee is payable by the top ten <u>sixty</u> <i>firms</i> in the list of <i>firms</i> that fall into (2) <u>and into fee block A3, and by the top sixty</u> <i>firms</i> in the list of <i>firms</i> that fall into (2) and into fee block A4. A <i>firm</i> 's ranking in this <u>the</u> list <u>for a particular insurance fee block</u> is measured by reference to the amount of the periodic fees payable by it under <i>FEES</i> 4.3 in respect of the financial year 2007/8 <u>2008/9</u> with respect to the <u>that</u> insurance fee blocks <u>block</u> .
(4)	The fee for a particular insurance fee block is calculated by multiplying the periodic fee payable by the <i>firm</i> with respect to that fee block (ignoring the Solvency 2 fee <u>and the Solvency 2 Implementation fee</u>) by the percentage specified in Part 1.
(5)	The total Solvency 2 fee payable by a <i>firm</i> (taking into account amounts payable under both insurance fee blocks) is capped at £50,000 <u>£95,000</u> .
(6)	For the purpose of (3) <i>firms</i> falling into (2) that are in the same group at the start of the financial year 2008/9 <u>2009/10</u> must be treated as a single <i>firm</i> , so that the total number of <i>firms</i> liable to pay the Solvency 2 fee may be greater than 20 <u>120</u> .
(7)	Where (6) applies, the Solvency 2 fee payable by the <i>firms</i> in the group concerned for a particular insurance fee block is calculated by multiplying the total amount of the periodic fees payable by those <i>firms</i> with respect to that fee block (ignoring the Solvency 2 fee <u>and the Solvency 2 Implementation fee</u>) by the percentage specified in Part 1. All those <i>firms</i> are liable jointly and severally to pay the Solvency 2 fee. No <i>incoming EEA firm</i> or <i>incoming Treaty firm</i> that has established a <i>branch</i> in the <i>UK</i> is liable to pay any such joint fee.
(8)	Where (7) applies, (5) is applied to the group as a whole so that the total joint Solvency 2 fee payable by the group is capped at £50,000 <u>£95,000</u> .
...	

Part 5

This Part sets out when a Solvency 2 Implementation fee is due for *firms* in the A.3 and A.4 fee-blocks.

(1)	The Solvency 2 Implementation fee is only payable by a <i>firm</i> if it meets all the conditions in (2) and neither of the conditions in (3).								
(2)	The conditions in this paragraph are:

5 Financial Ombudsman Service Funding

...

- 5.1.7 G The purpose of this chapter is to set out the requirements on *firms* to pay annual fees (through a *general levy* and ~~supplementary levy~~ invoiced and collected by the *FSA* on behalf of *FOS Ltd*) and case fees (invoiced and collected directly by *FOS Ltd*) in order to fund the operation of the *Financial Ombudsman Service*. ~~This chapter also contains a requirement on *firms* to pay a supplementary levy towards the costs of establishing the *Financial Ombudsman Service*. It~~ This chapter also provides for *unauthorised persons* to pay case fees to *FOS Ltd* in respect of any *relevant complaints* which it handles.

...

- 5.4.1 R ...
- (5) If a *firm* does not submit a complete statement by the date on which it is due in accordance with this *rule* and any prescribed submission procedures:
- (a) ...
- (b) the *general levy* and ~~any supplemental levy~~ will be calculated using (where relevant) the valuation or valuations of business

applicable to the previous period, multiplied by the factor of 1.10 (or, if a *firm* has become subject to the *Financial Ombudsman Service* part way through the *financial year*, on the basis of the information provided to the *FSA* for the purposes of *FEES* 4.4.2R) or on any other reasonable basis, making such adjustments as seem appropriate in subsequent levies once the true figures are known.

...

5.6 The supplementary levy

- 5.6.1 G For the purposes of calculating the ~~supplementary levy~~, the *FSA* will apportion the ~~establishment costs~~ between the ~~industry blocks~~ in the same proportions as the operating costs for the purposes of the *general levy*. The ~~supplementary levy~~ will therefore be raised from ~~firms~~ on the same basis and at the same time as the *general levy* (see part 2 of *FEES* 5 Annex 1R). ~~[deleted]~~
- 5.6.2 G The ~~establishment costs~~ will be recovered via the ~~supplementary levy~~ over the first three full *financial years* of the *Financial Ombudsman Service's* operation. ~~[deleted]~~
- 5.6.3 G The amount of ~~establishment costs~~ to be raised each year through the ~~supplementary levy~~ will be specified in part 2 of *FEES* 5 Annex 1R. ~~[deleted]~~
- 5.6.4 G The ~~supplementary levy~~ will be identified separately from the *general levy* for the purposes of invoicing ~~firms~~ and *VJ participants*. ~~[deleted]~~
- 5.6.5 R A *firm* must pay to the *FSA* a ~~supplementary levy~~ towards the costs of establishing the *Financial Ombudsman Service*. ~~[deleted]~~
- 5.6.6 R A *firm's* ~~supplementary levy~~ is a sum payable in accordance with the fee tariffs set out in part 2 of *FEES* 5 Annex 1R and will be calculated by following the steps set out in *FEES* 5.3.8R. ~~[deleted]~~
- 5.6.7 G Under the ~~standard terms~~, ~~VJ participants~~ will also be required to pay an amount calculated on a similar basis towards the costs of establishing the *Voluntary Jurisdiction* of the *Financial Ombudsman Service*. ~~[deleted]~~

...

- 5.7.1 G A *firm* must pay annually to the *FSA* the *general levy* and any ~~supplementary levy~~ to which it is subject, on or before the later of 1 April and 30 calendar *days* after the date when the invoice is issued by the *FSA*.

...

- 5.8.1 R A *firm* which becomes subject to the *Financial Ombudsman Service* part way through a *financial year* must pay a rateable proportion of the *general levy* and the ~~supplementary levy~~ as indicated in Table *FEES* 4.2.6R, as if

that table applied to the quarter in which a *firm* becomes subject to the *Financial Ombudsman Service*.

...

- 5.9.2 G *Firms* which cease to be *authorised* and therefore subject to the *Compulsory Jurisdiction* part way through the year will not receive a refund of their *general levy* (~~or *supplementary levy*~~) except in exceptional circumstances. *Firms* will continue to be liable for any case fees relating to *chargeable cases* closed by the *Financial Ombudsman Service* after they cease to be *authorised*. *Firms* will be charged the standard case fee where the complaint was closed by the *Financial Ombudsman Service* before the end of the year in which their *authorisation* ceased. The special case fee will apply to any complaint closed after the end of that year since the *firm* will no longer be contributing to the *general levy*.

- ...
- (2) *FEES* 1, 2 and 4 apply to:

- ...
- ...
- ...

Purpose

- ...
- 2.1.5 G Paragraph 17 of Schedule 1 to and section 99 of the *Act* and regulation 92 of the *Payment Services Regulations* enable the *FSA* to charge fees to cover its costs and expenses in carrying out its functions. The corresponding provisions for the *FSCS* levy and *FOS* levies and case fees are set out in *FEES* 6.1 and *FEES* 5.2 respectively. *Fee-paying payment service providers* are not required to pay the *FSCS* levy but are liable for *FOS* levies.
- ...

Application

- 4.1.1 R ...
- 4.1.1A R A reference to “firm” in this chapter includes a reference to a fee-paying payment service provider.
- ...
- 4.1.3 G Most of the detail of the periodic fees that are payable by *firms* is set out in *FEES 4 Annexes 1-8 1 to 11*. Most of the provisions of the Annexes will vary from one financial year to another. Accordingly fresh *FEES 4 Annexes* will come into force, following consultation, for each financial year.
- 4.1.4 G ...
- (3) The periodic fees for fee-paying payment service providers are set out in *FEES 4 Annex 11R*. This annex sets out the activity groups, tariff base, valuation dates and, where applicable, the flat fees due for these *firms*.
- ...
- 4.1.6 G The *FSA* will allocate penalties received for the benefit of relevant fee payers by way of a permitted deduction specified in *FEES 4 Annex 2R* or *FEES 4 Annex 11R* as applicable, or in the case of listed issuers, as notified to issuers annually, for the relevant year.
- ...
- 4.2.7 R A *firm* (other than an *ICVC* or *UCITS qualifier*) which becomes authorised, or whose *permission is and/or payment service activities are* extended, during the course of the financial year must pay a fee which is calculated by:
- (1) identifying each of the tariffs set out in Part 1 of *FEES 4 Annex 2R* and/or *FEES 4 Annex 11R* as appropriate for the relevant financial year that apply to the *firm* only after the *permission is* received or extended or *payment service activities are* authorised or extended, but ignoring:
- ...
- ...
- 4.2.7A G Projected valuations for a *firm’s* first year will be collected for the 12 month period beginning with the date a *firm* becomes authorised or the date its *permission is and/or payment service activities are* extended. That information will be used to calculate the periodic fee for the remainder of the financial year in which the *firm* was authorised or its *permission was and/or payment service activities were* extended (adjusted in accordance

with FEES 4.2.7R) and to calculate the periodic fee for the following financial year. Projected valuations are not relevant for those fee payers that are only required to pay fixed fees.

- 4.2.7B R (1) This *rule* deals with the calculation of:
- (a) ~~a firm's fees for the FSA financial year following the FSA financial year in which the firm obtained permission or had its permission extended ("the second financial year"); a firm's fees for its second financial year.~~ This is the FSA financial year following the FSA financial year in which it was given permission or was authorised under the Payment Services Regulations or had its permission and/or payment services activities extended ("the relevant permissions"); and
 - (b) the tariff base for the fee block or fee blocks that relate to ~~that permission or extension, as the case may be~~ each of the relevant permissions.
- ...
- (5) The rest of this *rule* only applies to a *firm* that becomes authorised, or extends its permission and/or payment services activities, on or after 1 April 2009.
- (a) If a *firm's* tariff base is calculated using data from a period that begins on or after the date that the *firm* ~~receives its permission or extension of permission, as the case may be,~~ obtains the relevant permission to which that tariff base relates, the *firm* must use that data.
 - (b) Unless (a) applies, if a *firm*:
 - (i) receives its ~~permission or extension of permission, as the case may be,~~ a relevant permission between 1 April and 31 December inclusive; and
 - (ii) is, but for this *rule*, required to calculate its tariff base for that relevant permission by reference to the average of its modified eligible liabilities for October, November and December;

it must calculate that tariff base as at the December before the start of the *FSA* financial year.
 - (c) If a *firm* satisfies the following conditions it must calculate its tariff base under (d):
 - (i) the *firm* receives its ~~permission or extension of permission, as the case may be,~~ a relevant permission between 1 April and 31 December

inclusive; and

- (ii) the *firm's* tariff base for that relevant permission is, but for this *rule*, is calculated by reference to the *firm's* financial year ended in the calendar year ending on the 31 December prior to before the start of the *FSA* financial year or the twelve *months* ending 31 December ~~prior to~~ before the start of the *FSA* financial year.
- (d) If a *firm* satisfies the conditions in (c) it must calculate its tariff base as follows:
- (i) it must use actual data in relation to the business to which the tariff relates rather than projected valuations;
 - (ii) the tariff is calculated by reference to the period beginning on the date it acquired ~~permission, or had its permission extended~~ the relevant permission relating to the tariff, and ending on the 31 December before the start of the *FSA* financial year; and
 - (iii) the figures are annualised by increasing them by the same proportion as the period of 12 months bears to the period starting from when the *firm* received its relevant permission or extension to the 31 December, ~~as the case may be~~.
- ...
- (f) Where a *firm* is required to use actual data under this *rule* *FEES* 4 Annex 1R Part 3 is and *FEES* 4 Annex 11R Part 4 are modified in relation to the calculation of that *firm's* valuation date in its second financial year.
- ...

4.2.8 R In relation to an *incoming EEA firm* or an *incoming Treaty firm* the modification provisions of *FEES* 4.2.7R apply only in relation to the relevant *regulated activities* of the *firm*, which are *passport activities* or *Treaty activities* and which are carried on in the *United Kingdom*, and which are not provided on a *cross border services* basis. For payment services the adjustment only applies to the business to which the calculation made in *FEES* 4.3.12A relates.

4.2.9 G The *FSA* will not refund periodic fees if, after the start of the period to which they relate:

...

- (2) a *firm* reduces its permission or payment services activities so that it then falls out of the fee-block previously applied to it;

...

- 4.2.10 R A *person* need not pay a periodic fee on the date on which it is due under the relevant provision in FEES 4.2.1R, if:

...

- (2) unless FEES 4.3.6R(3), ~~or FEES 4.3.6R(4)~~ or FEES 4.3.6R(4A) (Time and method for payment) applies, that date would otherwise fall on or before the 30th *day* after the date on which the *FSA* has sent written notification to that *person* of the fee payable on that date, in which case he must pay on or before the 30th *day* after the date on which the *FSA* sends the notification.

- 4.2.11 R Table of periodic fees

1 Fee payer	2 Fee payable	3 Due date	4 Events occurring during the period leading to modified periodic fees
Any <i>firm</i> (except an <i>ICVC</i> or a <i>UCITS</i> <i>qualifier</i>)	<i>Firm</i> receives <u>permission, or becomes authorised or registered under the <i>Payment Services Regulations</i></u> ; or <i>Firm</i> <i>firm</i> extends <u>permission or its payment service activities</u>
...			

...

- 4.3.1 R The periodic fee payable by a *firm* (except an *ICVC* or a *UCITS* *qualifier*) is:

- (1) each periodic fee applicable to it calculated in accordance with FEES 4.3.3R, using information obtained in accordance with FEES 4.4; ~~less~~ plus
- (1A) any periodic fee applicable to it calculated in accordance with FEES 4.3.3AR using information relating to its UK business obtained in accordance with FEES 4.4 (or by other means in the case of the Bank of England); less

- (2) any deductions from the periodic fee specified in Part 2 of *FEES* Annex 2R or Parts 6 and/or 7 of *FEES* 4 Annex 11R. For the purposes of this deduction, any deduction available in Part 2 of *FEES* 4 Annex 2R shall not be applied to any fee calculated in accordance with *FEES* 4.3.3AR and any deduction available in Part 6 and/or 7 of *FEES* 4 Annex 11R shall not be applied to any fees calculated in accordance with *FEES* 4.3.3R.
- 4.3.2 G (1) The amount payable by each *firm* will depend upon the category (or categories) of regulated activities or payment services it is engaged in (fee-blocks), and on the amount of business it conducts in each category (tariff base). The fee-blocks and tariffs are identified in *FEES* 4 Annex 1R, while *FEES* 4 Annex 2R sets out the tariff rates for the relevant financial year. In the case of *firms* that provide payment services, the relevant fee blocks, tariffs and rates are set out in *FEES* 4 Annex 11R.
- (2) Incoming EEA firms, and incoming Treaty firms and EEA authorised payment institutions receive a discount to reflect the reduced scope of the *FSA*'s responsibilities in respect of them. The level of the discount varies from fee-block to fee-block, according to the division of responsibilities between the *FSA* and *Home state regulators* for *firms* in each fee-block (see *FEES* 4.3.11G₂ and *FEES* 4.3.12R and *FEES* 4.3.12AR).

Calculation of periodic fee (excluding fee-paying payment service providers)

- 4.3.3 R The periodic fee referred to in *FEES* 4.3.1R is (except in relation to the *Society* and fee-paying payment service providers) calculated as follows:

...

Calculation of periodic fee for fee-paying payments service providers

- 4.3.3A R The periodic fee referred to in *FEES* 4.3.1R in relation to fee-paying payment service providers is calculated in accordance with *FEES* 4 Annex 11R.

Modification for firms with new or extended permissions

- 4.3.4 G (1) A *firm* which becomes authorised or registered during the course of a financial year will be required to pay a proportion of the periodic fee which reflects the proportion of the year for which it will have a permission or the right to provide particular payment services - see *FEES* 4.2.5G and *FEES* 4.2.6R.
- (2) Similarly a *firm* which extends its permission or its right to provide particular payment services so that its business then falls within additional fee blocks will be required to pay a further periodic fee under this section for those additional fee blocks, but discounted to reflect the proportion of the year for which the *firm* has the extended

permission or payment services activity - see FEES 4.2.6R and FEES 4.2.7R.

(3) If a *firm* has applied to cancel its *Part IV permission* in the way set out in SUP 6.4.5D (Cancellation of permission), or its status as a payment institution under regulation 10 of the Payment Services Regulations (Cancellation of authorisation) or as regulation 10 is applied by regulation 14 of the Payment Services Regulations (Supplementary provisions), then (1) and (2) do not apply but it must pay the total amount due when the application is made.

(4) ...

(4A) If the FSA has cancelled a firm's authorisation or registration under regulation 10 of the Payment Services Regulations or its registration under regulation 10 as applied by regulation 14 of the Payment Services Regulations, then (1) and (2) do not apply but the firm must pay the total amount due immediately before the cancellation becomes effective.

Incoming EEA firms, and incoming Treaty firms and EEA authorised payment institutions

4.3.11 G The FSA recognises that its responsibilities in respect of an *incoming EEA firm*, ~~or of an incoming Treaty firm~~ or an EEA authorised payment institution are reduced compared with a *firm* which is incorporated in the *United Kingdom*. Accordingly the periodic fees which would otherwise be applicable to *incoming EEA firms, and incoming Treaty firms and EEA authorised payment institutions* are reduced.

4.3.12 ...

4.3.12A R For a full credit institution or an e-money issuer which is a fee-paying payment service provider and an EEA firm, or for an EEA authorised payment institution, the calculation required by FEES 4.3.3AR is modified as follows:

(1) the tariffs set out in Part 5 of FEES 4 Annex 11R are only applied to the payment services of the firm which are carried on from an establishment in the United Kingdom, including payment services

provided through any of its *agents* established in the *United Kingdom*; and

- (2) those tariffs are modified in accordance with Part 7 of *FEES* 4 Annex 11R.

Firms Applying to Cancel or Vary Permission Before Start of Period

- 4.3.13 R (1) If:
- (a) a *firm* makes an application to vary its *permission* (by reducing its scope), or cancel it, in the way set out in *SUP* 6.3.15D(3) (Variation of permission) and *SUP* 6.4.5D (Cancellation of permission), or applies to vary (by reducing its scope) or cancel its authorisation or registration (regulation 8 and 10(1) of the *Payment Services Regulations* including as applied by regulation 14 of the *Payment Services Regulations*); an *issuer* makes an application for de-listing; or a *sponsor* notifies the *FSA* of its intention to be removed from the list of approved *sponsors*; and
 - (b) the *firm*, *issuer* or *sponsor* makes the application or notification referred to in (a) before the start of the period to which the fee relates;

FEES 4.2.1R applies to the *firm* as if the relevant variation or cancellation of the *firm's permission* or authorisation or registration under the *Payment Services Regulations*, de-listing or removal from the list of approved , took effect immediately before the start of the period to which the fee relates.

...

- 4.3.14 G Where a *firm* has applied to cancel its *Part IV permission*, or its authorisation or registration under the *Payment Services Regulations* or the *firm* has exercised its *own-initiative powers* to cancel a ~~firm's~~ *firm's Part IV permission* or the *FSA* has exercised its powers under regulation 10 (Cancellation of authorisation), including as applied by regulation 14 (Supplementary provisions) of the *Payment Services Regulations* to cancel a *firm's* authorisation or registration under the *Payment Services Regulations*, the due dates for payment of periodic fees are modified by *FEES* 4.3.6R(3), ~~and~~ *FEES* 4.3.6R(4) and *FEES* 4.3.6R(4A) respectively.

Firms acquiring businesses from other firms

- 4.3.15 R (1) This *rule* applies if:

...

After FEES 4 Annex 10R, insert the following new Annex. The text is not underlined.

4 Annex 11R Periodic fees in respect of payment services carried on by fee-paying payment service providers under the Payment Services Regulations

Part 1 – Method for calculating the fee

- (1) The periodic fee for *fee-paying payment service providers* is calculated by adding the minimum fee to an additional fee calculated by multiplying the tariff base identified in Part 3 of *FEES 4 Annex 11R* by the appropriate rates applying to each tranche of the tariff base as indicated in the table at Part 5. For *small payment institutions* and *small e-money issuers* the tariff rates are not relevant and a flat fee is payable.
- (2) A *fee-paying payment service provider* may apply the relevant tariff bases and rates to non-UK business, as well as to its UK business, if:
 - (a) it has reasonable grounds for believing that the costs of identifying the *firm's* UK business separately from its non-UK business in the way described in Part 3 of *FEES 4 Annex 11R* is disproportionate to the difference in fees payable; and
 - (b) it notifies the *FSA* in writing at the same time as it provides the information concerned under *FEES 4.4* (Information on which fees are calculated), or, if earlier, at the time it pays the fees concerned.
- (3) For a *fee-paying payment service provider* which is required to comply with *FEES 4.4.9D* (Information on which fees are calculated) and has not done so for this period:
 - (a) the fee is calculated using (where relevant) the valuation or valuations of business applicable to the previous period, multiplied by the factor of 1.10;
 - (b) an additional administrative fee of £250 is payable; and
 - (c) the minimum total fee (including the administrative fee in (b)) is £650.

Part 2 – Activity groups

This table shows how the *payment services* performed by *fee-paying payment service providers* are linked to activity groups ('fee-blocks'). A *fee-paying payment service provider* can use the table to identify which fee-blocks it falls into based on its authorisation or registration.

Activity group	Fee payer falls into this activity group if:
G.2 Certain deposit	it is a <i>fee-paying payment service provider</i> not

acceptors and <i>e-money issuers</i>	falling within any of the other fee-blocks in this table
G.3 Large payment institutions	it is an <i>authorised payment institution</i> , an <i>EEA authorised payment institution</i> or the Post Office Limited
G.4 Small payment institutions	it is a <i>small payment institution</i> or a <i>small e-money issuer</i>
G.5 – Other institutions	it is the Bank of England or a government department or local authority that provides <i>payment services</i> other than when carrying out functions of a public nature.

Part 3

This table indicates the tariff base for each fee-block. The tariff base is the means by which the *FSA* measures the ‘amount of business’ conducted by *fee-paying payment service providers*.

Activity group	Tariff-base
G.2	<p>MODIFIED ELIGIBLE LIABILITIES</p> <p>These are determined in the same manner as the tariff-base for relevant <i>firms</i> in the A.1 fee-block set out in <i>FEES 4 Annex 1 Part 2 R</i>.</p>
G.3	<p>RELEVANT INCOME</p> <p>This is the sum of the following elements of the <i>firm's UK</i> business:</p> <ul style="list-style-type: none"> Interest income Interest expenses Gross commissions and fees received Gross other operating income <p>calculated in the same manner as the “relevant indicator” referred to in paragraph 18(3) of Schedule 3 to the <i>Payment Services Regulations</i>.</p> <p>For the Post Office Limited only, Relevant Income relates only to its <i>payment services</i> business.</p>
G.4	Not applicable.
G.5	As in G.3 and Relevant Income only relates to <i>payment services</i> business.

Part 4 – Valuation period

This table indicates the valuation date for each fee-block. A *fee-paying payment service provider* can calculate its tariff data by applying the tariff bases set out in Part 2 with reference to the valuation dates shown in this table.

Activity group	Valuation date
In this table, reference to specific dates or months are references to the latest one occurring before the start of the period to which the fee applies e.g. for 2010/11 fees (1 April 2010 to 31 March 2011), a reference to December means December 2009.	
Where a <i>fee-paying payment service provider's</i> tariff data is in a currency other than sterling, it must be converted into sterling at the exchange rate prevailing on the relevant valuation date.	
G.2	For <i>banks, e-money issuers</i> and <i>building societies</i> as in FEES 4 Annex 1R Part 3.
G.3	Relevant income for the financial year ended in the calendar year ending 31 December.
G.4	Not relevant.
G.5	Relevant income for the twelve <i>months</i> ending 31 December.

Part 5 – Tariff rates

Activity group	Fee payable in relation to 2010/11	
G.2	Minimum fee (£)	400
	£ million of Modified Eligible Liabilities (MELS)	Fee (£/£m or part £m of MELS)

...

5.1.1A R A reference to “firm” in this chapter includes a reference to a *fee-paying payment service provider* except in FEES 5.5 and where “firm” is used elsewhere in this chapter in connection with the obligation to pay case fees.

...

5.4.1 R ...
 (2) Paragraph (1) does not apply if the *firm* pays a *general levy* on a flat fee basis only or if it is the Bank of England.

...

5.4.4 G A *firm* should not provide a statement of *relevant business* if it deals only with *eligible complainants* who are not ~~private individuals~~ consumers. *Relevant business* is defined in the *Glossary* as business with ~~private individuals~~ consumers only. So FEES 5.4.1R does not apply in relation to business done with other types of *eligible complainant* described in DISP 2.7.3R(2), DISP 2.7.6R(12)(a) and DISP 2.7.6R(12)(a); the funding of FOS Ltd in relation to that business is by special case only (see FEES 5.5.6R).

...

5.8.2 R (1) This *rule* deals with the calculation of:

(a) a *firm’s general levy* in the 12 months ending on the 31 March in which it obtains *permission* or was authorised under the *Payment Services Regulations* or had its *permission* and/or *payment services* activities extended (“relevant permissions”) ~~or its *permission* is extended,~~ and the following 12 months ending on the 31 March;² and

(b) the tariff base for the industry blocks that relate to ~~that *permission* or extension, as the case may be~~ each of the *relevant permissions*.

(2) Unless this *rule* says otherwise, the tariff base is calculated using the projected valuation for its first ~~and second~~ year of the business to which the tariff relates.

(3) The rest of this *rule* only applies to a *firm* that becomes authorised, or extends its *permission* and/or *payment services* activities, on or after 1 April 2009.

- (a) If the tariff base is calculated using data from a period that begins on or after the date that the *firm* receives its ~~permission or extension, as the case may be~~ obtains the relevant permission to which that tariff base relates, the *firm* must use that data.
- (b) If a *firm* satisfies the following conditions it must calculate its tariff base under (c) for the *FSA* financial year following the *FSA* financial year it obtained ~~permission~~ a relevant permission:
- (i) the *firm* receives its ~~permission or extension of permission, as the case may be~~, a relevant permission between 1 April and 31 December inclusive; and
 - (ii) the *firm*'s tariff base for that relevant permission is, but for this *rule*, is calculated by reference to the *firm*'s financial year ended in the calendar year ending on the 31 December before the start of the *FSA* financial year or the twelve *months* ending 31 December ~~prior to~~ before the start of the *FSA* financial year.
- (c) If a *firm* satisfies the conditions in (b) it must calculate its tariff base as follows:
- ...
- (ii) the tariff is calculated by reference to the period beginning on the date it acquired ~~permission, or had its permission extended~~, the relevant permission relating to the tariff and ending on the 31 December before the start of the *FSA* financial year; and
 - (iii) the figures are annualised by increasing them by the same proportion as the period of 12 *months* bears to the period starting from when the *firm* received its ~~permission or extension~~ any relevant permissions to the 31 December, as the case may be.

16.12.3A G The following is designed to assist *firms* to understand how the reporting requirements set out in this chapter operate when the circumstances set out in *SUP* 16.12.3R(1)(a)(ii) apply.

(1) Example 1

A ~~UK bank~~ *BIPRU 730K firm* that undertakes activities in both *RAG 4 3* and *RAG 7*

Overlaying the requirements of ~~RAG~~ *RAG 4 3* (~~data items~~ *data items*) with the requirements of ~~RAG~~ *RAG 7* shows the following:

RAG 4 3 (SUP 16.12.6R 16.12.11R) data items	RAG 7 (<i>SUP</i> 16.12.22AR) data items
Annual accounts <i>Annual reports and accounts</i>	Annual accounts <i>Annual reports and accounts</i>
Audited accounts <i>Annual report and accounts of the mixed-activity holding company</i>	Annual accounts <i>Annual report and accounts of the mixed-activity holding company</i> (note 10)
...	...
UK integrated group large exposures	UK integrated group large exposures
Liquidity (other than stock)	
Liquidity stock	
Forecast data	
Solo consolidation data	Solo consolidation data
<u>Pillar 2 questionnaire</u>	Pillar 2 questionnaire
Interest rate gap report	
Non-EEA sub-group	Non-EEA sub-group
	Professional indemnity insurance

	Threshold conditions
	Training and Competence
	<u>COBS</u> data
	Supplementary product sales data
<u>Client money and client assets</u>	Client money and client assets
	Fees and levies
<u>CFTC</u>	
<u>IRB portfolio risk</u>	<u>IRB portfolio risk</u>
<u>Securitisation</u>	<u>Securitisation</u>

From this, the additional reports that are required are:

- (a) ~~Pillar 2 questionnaire (FSA019), but the note that applies to the data item for RAG 7 firms (note 8) makes clear this only applies to BIPRU investment firms (so it should not be completed by a RAG 1 firm); [deleted]~~
- (b) Professional indemnity insurance, where RAG 7 ~~firms~~ firms complete Section E of the RMAR, and therefore a RAG 1 ~~firm~~ firm should complete that;
- (c) ~~Threshold conditions, which is not applied across RAGs by virtue of SUP 16.12.3 R(1)(a)(iii); [deleted]~~
- (d) Training and competence data, where RAG 1 ~~firm~~ firm should also complete Section G of RMAR;
- (e) Conduct of business data, where RAG 1 ~~firm~~ firm should complete Section H of RMAR;
- (f) ~~Supplementary product sales data, the reporting requirements for which are met by completing Section I of RMAR; and [deleted]~~
- (g) ~~Fees and levies, which are not applied across RAGs by virtue of SUP 16.12.3 R(1)(a)(iii); [deleted]~~

The reporting frequency and submission times for items (b), ~~(d)~~ and ~~(f)~~ (e) above are then derived from the rules applicable to BIPRU firms in SUP 16.12.23R and SUP 16.12.24R. Threshold conditions and fees and levies reports do not need to be submitted as they are not required under the lowest numbered of the two RAGs in this example, see SUP 16.12.3R(1)(a)(iii).

(2) Example 2

A ~~non-EEA~~ UK bank in RAG 1 that also carries on activities in RAG 5

Again, overlaying the RAG 1 reporting requirements with the requirements for a RAG 5 ~~firm~~ firm gives the following:

RAG 1 requirements (SUP 16.12.5R)	RAG 5 requirements (SUP 16.12.18AR)
Annual accounts <u>Annual report and accounts</u>	Annual accounts <u>Annual report and accounts</u>
Audited accounts <u>Annual report and accounts of the mixed activity holding company</u>	
...	
ELMI questions	
Non-EEA sub-group	
<u>Sectoral information, including arrears and impairment</u>	
<u>Maturity analysis of assets and deposits</u>	
<u>IRB portfolio risk</u>	
<u>Securitisation</u>	
	Lending – Business flow and rates
	...
	Fees and levies

....

(a) ..

...

(h) ~~Fees and levies, which are not applied across RAGs by virtue of SUP 16.12.3 R (1)(a)(iii).~~

Fees and levies are not applicable as they are not required to be submitted under the lowest numbered RAG in this example. The reporting frequency and

submission times for items (a) to (g) above are then derived from the rules applicable to *RAG 5 firms* firms in *SUP 16.12.18R*.

The fact that the *non-EEA bank* has no specific data item to complete in respect of the balance sheet and capital adequacy in *RAG 1* means that the notional requirement to provide such reports is satisfied by a non-submission. For example, in the case of the balance sheet for a *non-EEA bank*, this data is not requested as it duplicates data provided to the Bank of England, which is also available to the *FSA*.

16.12.3B G Firms' attention is drawn to SUP 16.3.25G regarding a single submission for all firms in the group.

BIPRU limited activity firms and *BIPRU limited licence firms* that also have to consider a fixed overheads requirement should assess their capital requirements under each of the headings even though their fixed overheads requirement may be higher. *Data element 23A* should include not only any risks other than those separately identified above, but it should also include the *firm's* assessment of how much capital is required to cover the fixed overheads requirement.

2.4 High pressure sales: regulated mortgage contracts, and home reversion plans and regulated sale and rent back agreements

Purpose

2.4.1 G The purpose of this section is to remind firms of the relevance of the high level standards in PRIN, especially with regard to the use of sales methods that may lead a customer to feel pressurised to enter into, or vary, a regulated mortgage contract, ~~or~~ home reversion plan or regulated sale and rent back agreement.

2.4.2 G (1) Principle 6 (Customers' interests) requires that a firm must pay due regard to the interests of its customers and treat them fairly. This means, for example, that a firm should avoid selling practices that commit customers (or lead customers to believe that they are committed) to any regulated mortgage contract or home reversion plan. One such practice might be to present a new customer with an illustration, offer document and mortgage deed at one time and to require the mortgage deed to be signed on the same occasion (when there is no urgent need to do so).

(2) For regulated sale and rent back agreements, the firm should avoid practices that commit customers (or lead customers to believe they are committed) to any such agreement before they have been able to consider the information that is required by MCOB 5.9.1R.

2.4.3 G Principle 7 (Communications with clients) requires that a firm must pay due regard to the information needs of its clients, and communicate information to them in a way which is clear, fair and not misleading. This means, for example, that a firm should avoid giving any customer a false impression about the availability of a regulated mortgage contract, ~~or~~ home reversion plan or regulated sale and rent back agreement, such as describing it as a

‘special offer’ not available after a certain date unless this is really the case.

2.6A Protecting customer’s interests: home purchase plans, ~~and~~ home reversion plans and regulated sale and rent back agreements

Protecting customer’s interests: home purchase plans, ~~and~~ home reversion plans and regulated sale and rent back agreements

- 2.6A.1 R A *firm* must ensure that the interests of its *customer* under a *home purchase plan*, ~~or home reversion plan or regulated sale and rent back agreement~~ are protected to a reasonable standard.
- 2.6A.2 G Circumstances that a *firm* should consider include how the *customer* will be protected in the event of:
- (1) the *failure* of a *reversion provider*, ~~or home purchase provider or SRB agreement provider~~;
 - (2) the transfer of a *reversion provider’s*, ~~or home purchase provider’s or SRB agreement provider’s~~ interest (or the interest the provider would have had, had it not nominated a third party to hold it) in the property to a third party;
 - (3) other dealings by a *reversion provider*, ~~or home purchase provider or SRB agreement provider~~ (or its nominee) with a third party; and
 - (4) a *reversion provider’s*, ~~or home purchase provider’s or SRB agreement provider’s~~ (or its nominee’s) failure to perform obligations owed to third parties, or imposed by statute.
- 2.6A.3 G The steps that a *firm* might take in order to protect its *customer’s* interests will depend on a number of factors, including the nature and structure of the *home purchase plan*, ~~or home reversion plan or regulated sale and rent back agreement~~ and the jurisdiction in which the property is situated. ...

...

Protecting customer’s interests: regulated sale and rent back agreements

- 2.6A.5A R A *firm* must ensure that before a *SRB agreement seller* enters into a *regulated sale and rent back agreement*, the *SRB agreement seller* is made aware of the availability and importance of independent legal or professional advice.

...

Treating customers fairly: home purchase plans, ~~and~~ home reversion plans and regulated sale and rent back agreements

- 2.6A.8 R A *firm* must pay due regard to the interests of its *customer* and treat him fairly when drafting, amending the terms of, or imposing obligations or

exercising rights or discretions under, a *home purchase plan*, ~~or~~ *home reversion plan* or regulated sale and rent back agreement.

2.6A.9 G A *firm* is unlikely, for example, to be treating its *customer* fairly in relation to termination of a *home purchase plan*, ~~or~~ *home reversion plan* or regulated sale and rent back agreement if:

(1) the grounds on which it may terminate all or part of a plan or agreement are unduly wide, or on which a *customer* may terminate are unduly narrow; or

...

2.6A.10 G A *firm* is also unlikely to be treating its *customer* fairly if, upon termination of an agreement under a *home purchase plan*, ~~or~~ *home reversion plan* or regulated sale and rent back agreement, the *customer* does not receive (net of any reasonable sums payable by the *customer*):

(1) in the case of a *home reversion plan* or regulated sale and rent back agreement where the *customer* retains a beneficial interest in the property, the value of that beneficial interest; or

...

Note: The terms of a *home purchase plan*, ~~or~~ *home reversion plan* or regulated sale and rent back agreement should take into account relevant legal obligations such as those under the *Unfair Terms Regulations* and, where applicable, the Housing Act 1988 (or in Scotland, the Housing (Scotland) Act 1988). ...

Treating customers fairly: home reversion plans and regulated sale and rent back agreements

2.6A.11 G A *firm* is unlikely, for example, to be treating a *reversion occupier* or SRB agreement seller fairly if:

(1) the *reversion occupier* or SRB agreement seller is obliged to maintain the property to a standard that exceeds the standard that the property is in when the *home reversion plan* or regulated sale and rent back agreement commences;

(2) the *reversion occupier* or SRB agreement seller is not entitled to, or is not given, reasonable notice of an inspection, or the inspection is conducted in a way that is biased against him;

(3) unreasonable restrictions are imposed on who may occupy the property, taking into account the potential needs of the *reversion occupier* or SRB agreement seller throughout the duration of the *home reversion plan* or regulated sale and rent back agreement;

(4) ...

(5) the *reversion occupier or SRB agreement seller* is unreasonably treated as having abandoned the property. For example, it is likely to be unreasonable to treat a property as abandoned based on a period of non-occupation;

(5A) the rent payable under a regulated sale and rent back agreement is increased by an unreasonable amount or any charges payable under a regulated sale and rent back agreement are unreasonably imposed after the agreement is concluded; and

(6) ...

Independent valuation: home reversion plans and regulated sale and rent back agreements

2.6A.12 R A firm must ensure that any valuation is carried out by a competent valuer who is independent of the *reversion provider or SRB agreement provider*.

2.6A.13 E ...

(3) For a home reversion plan, compliance with (1) and (2) may be relied upon as tending to establish compliance with MCOB 2.6A.12R.

(4) For a regulated sale and rent back agreement, compliance with (1) may be relied upon as tending to establish compliance with the competence requirement of MCOB 2.6A.12R.

...

Obtaining best price: partial home reversion plans or regulated sale and rent back agreements

2.6A.15 R A firm must take reasonable steps to ensure that, when a *home reversion plan or regulated sale and rent back agreement* ends and the *customer* retains a beneficial interest in the property:

...

...

Arranging or administering for unauthorised providers: regulated sale and rent back agreements

2.6A.17A R For the purpose of this section (except this rule), a SRB arranger's or SRB administrator's customer:

(1) includes a SRB agreement seller or potential SRB agreement seller who enters, or proposes to enter, into a regulated sale and rent back agreement with an unauthorised SRB agreement provider who is the firm's customer; and

(2) excludes an unauthorised SRB agreement provider.

Arranging or administering for unauthorised providers: home reversion plans and regulated sale and rent back agreements

2.6A.18 G A person may enter into a home reversion plan or regulated sale and rent back agreement as provider or agreement provider without being regulated by the FSA (or an *exempt person*) if the *person* does not do so by way of business (see *PERG* 14.5). If a *firm* arranges or makes arrangements for such a *person* to enter into a home reversion plan or regulated sale and rent back agreement as provider or agreement provider, the *firm* will be responsible for ensuring that the *reversion occupier's or SRB agreement seller's* interests are protected to a reasonable standard, even if the *reversion arranger or SRB arranger* is not acting for the *reversion occupier or SRB agreement seller*. A *reversion administrator or SRB administrator* is under the same obligation in relation to a *reversion occupier or SRB agreement seller* under a home reversion plan or regulated sale and rent agreement which it *administers* on behalf of an unauthorised reversion provider or unauthorised SRB agreement provider.

5.9 Regulated sale and rent back agreements

Pre-sale disclosure

- 5.9.1 R (1) A SRB agreement provider must not enter into a regulated sale and rent back agreement with a SRB agreement seller unless the following disclosures and warnings have been made to the SRB agreement seller, both orally and confirmed in writing:
- (a) the market value of the property that is the subject matter of the regulated sale and rent back agreement, as determined by any independent valuation under MCOB 2.6A.12R;
 - (b) if the valuer that has produced the independent valuation in (a) was not acting for the SRB agreement seller in doing so, a prominent warning that this is the case and as such that it is advisable for the SRB agreement seller specifically to consider whether he is content with the market valuation in (a);
 - (c) any fees, charges or retentions that the firm will deduct from the purchase price for the property and any fees or charges otherwise payable;
 - (d) the purchase price that the firm will pay the SRB agreement seller for the property, net of any fees, charges or retentions;
 - (e) the percentage of the figure in (a) for the market value of the property that the figure in (d) for the purchase price represents;
 - (f) brief details of the type and period of the tenancy under the regulated sale and rent back agreement;
 - (g) the minimum period that the SRB agreement seller and his family have a contractual right to remain in the property under the terms of the proposed agreement;
 - (h) if the terms of the tenancy provide for a period of occupancy that is shorter than the minimum contractual period under (g), details of how the firm intends to meet the contractual period under (g);
 - (i) a prominent warning that once the minimum contractual period under (g) expires, the SRB agreement seller and his family may be required to leave the property;
 - (j) the initial rent due under the proposed agreement;
 - (k) the circumstances in which the rent in (j) can be increased or

changed in any way; and

- (1) the risks associated with the transaction from the *SRB agreement seller's* perspective, including in particular:
 - (i) that failure to abide by the terms of the tenancy may result in the loss of the right to occupy the property; and
 - (ii) that failure to obtain legal or professional advice may mean his interests are not fully protected.
- (2) The *firm* must make the written disclosures and warnings specified in (1) to the *SRB agreement seller* in a clear, fair and not misleading way before he enters into the proposed *regulated sale and rent back agreement* and in doing so must ensure that:
 - (a) the information is set out in the same order as set out in (1);
 - (b) the disclosures and warnings are made in a separate and standalone document; and
 - (c) the disclosures and warnings are accompanied by a prominent written statement from the *firm* drawing the *SRB agreement seller's* attention to the importance of the information.

Records of pre-sale disclosure

- 5.9.2 R A *SRB agreement provider* must keep a record of the disclosures and warnings made to the *SRB agreement seller* under *MCOB 5.9.1R* for a period of:
- (1) 12 months after the end of the minimum period that the *SRB agreement seller* and his family have a contractual right to remain in the property; or
 - (2) five years from the date of the disclosures and warnings;
- whichever is the longer.

Initial disclosure information to *SRB agreement sellers*: unauthorised *SRB agreement providers*

- 5.9.3 R (1) A *firm* must ensure that, on first making contact with a prospective *SRB agreement seller*, whether or not he is the *firm's* customer, who is proposing to enter into a *regulated sale and rent back agreement* with an *unauthorised SRB agreement provider*, it provides him with the written warning in (2) before he enters into any such agreement.
- (2) The warning in (1) is that:
- (a) the agreement provider is not authorised or regulated by the

FSA, and that key protections under the regulatory system will not apply; and

- (b) the provider is not subject to the jurisdiction of the Financial Ombudsman Service, and that the SRB agreement seller will not be entitled to refer complaints against the provider to the Financial Ombudsman Service.

Initial disclosure information: unauthorised SRB agreement providers

5.9.4 R (1) A firm must ensure that, on first making contact with a customer who is both an individual and an unauthorised SRB agreement provider, when it anticipates giving personalised information or advice on a regulated sale and rent back agreement, it must provide him with the written warning in (2).

- (2) The warning in (1) is that a regulated sale and rent back agreement is a complex legal arrangement and that expert independent legal advice should be obtained before entering into any such agreement.

5.9.5 G A person may enter into a regulated sale and rent back agreement as agreement provider without being regulated by the FSA (or an exempt person) if the person does not do so by way of business.

Chapter 15 Deposit payout

This chapter provides for the FSCS to have powers to accelerate the payment of compensation for protected deposits, providing that certain conditions are met. These powers include the ability to make payments without having first received an application form from claimants, the power to pay compensation directly into a claimant’s account with another authorised person, and the power to pay compensation on behalf of another compensation scheme or government and to recover the sums paid.

Chapter 16 Disclosure requirements for firms that accept deposits

This chapter sets out the format, frequency and method of communication that deposit-taking firms must use in informing eligible customers that their deposits are covered by the FSCS. It also requires deposit-taking firms to inform their customers if their deposits are not covered by the FSCS.

In this Annex, underlining indicates new text and striking through indicates deleted text, unless otherwise stated.

Insert the following new definitions in the appropriate alphabetical position. The text is not underlined.

- account* (in relation to a *dormant account*) has the meaning given in section 9 of the Dormant Bank and Building Society Accounts Act 2008, which is in summary:
- (a) an account which has at all times consisted only of *money* and is provided by a *bank* or *building society* as part of its activity of *accepting deposits*; and
 - (b) in relation to a *building society*, it includes an *account* representing *shares* in the *society*, other than:
 - (i) preferential *shares*; or
 - (ii) deferred *shares* within the meaning given in section 119(1) of the Building Societies Act 1986.
- balance* (in relation to a *person's account*) has the meaning given in section 8 of the Dormant Bank and Building Society Accounts Act 2008, which is in summary the amount owing to the *person* in respect of the *account* at any particular time, after the appropriate adjustments have been made for such things as interest due and fees and charges payable. In relation to a time after a transfer of the *balance* to a *dormant account fund operator*, the adjustments include those that would fall to be made but for the transfer or transfers.
- dormant account* has the meaning given in section 10 of the Dormant Bank and Building Society Accounts Act 2008, which is in summary an *account* that at a particular point in time:
- (a) has been open throughout the period of 15 years ending at that time; and
 - (b) during that period no transactions have been carried out in relation to the *account* by or on the instructions of the holder of the *account*.
- dormant account funds* has the meaning given in section 5(6) of the Dormant Bank and Building Society Accounts Act 2008, which is *money* paid to a *dormant account fund operator* by a *bank* or *building society* in respect of a *dormant account*.

<i>dormant account fund operator</i>	a <i>firm</i> with <i>permission</i> for operating a <i>dormant account fund</i> .

<i>meeting of repayment claims</i>	the <i>regulated activity</i> , specified in article 63N(1)(a) of the <i>Regulated Activities Order</i> , which is the meeting of <i>repayment claims</i> by a <i>dormant account fund operator</i> .

In this definition, ‘customer’ is the <i>person</i> who held with a <i>bank</i> or <i>building society</i> the <i>balance</i> of a <i>dormant account</i> transferred to a <i>dormant account fund operator</i> .

Firms with long term liabilities to customers

- 6.2.8 G Discussions with the FSA are particularly relevant where the *firm* has to discharge obligations to its *customers* or policyholders before it can cease carrying on a *regulated activity*. This may be the case, for example, where the *firm* is an *insurer*, a *bank*, a *dormant account fund operator*, or, as is often the case, holding *client money* or *customer assets*.
- 6.2.9 G If an ~~*insurer*~~, a ~~*bank*~~, or a *dormant account fund operator* wishes to cease carrying on all *regulated activities* for which it has *Part IV permission*, it will usually be necessary to wind down the business over a long term period which is normally more than six months. This may also be the case for a *firm* holding *client money* or *customer assets*. In these circumstances, it will usually be appropriate for the *firm* to apply for variation of its *Part IV permission* before commencing the wind-down. A *firm* should only make an application for cancellation of *permission* when it expects to complete its

wind-down (run-off) within six months.

...

- 6.4.4 G Additional guidance for a *firm* carrying on *insurance business*, *accepting deposits*, *operating a dormant account fund* or which holds *client money* or *customer's* assets is given in SUP 6 Annex 4. As noted in SUP 6.2.9G, it will usually be appropriate for a *firm* to apply for variation of its *Part IV permission* while winding down (running off) its *regulated activities* and before applying to cancel its *Part IV permission*.

- 15.3.8 G Compliance with *Principle 11* includes, but is not limited to, giving the *FSA* notice of:

- (1) any proposed restructuring, reorganisation or business expansion which could have a significant impact on the *firm's* risk profile or resources, including, but not limited to:

...

- (e) entering into, or significantly changing, a *material outsourcing* arrangement (a *bank*, ~~and~~ a *building society* and a *dormant account fund operator* should also see SYSC 3.2.4G and SYSC 8, and an *insurer* should also see SYSC 13.9 for further details); or

...

- (h) ...; or

...

Claims in respect of protected dormant accounts

- 10.2.12 R In the event of a default of a *dormant account fund operator*, the *FSCS* will pay compensation in accordance with *COMP* 10.2.3R on the basis of the *authorisation of the relevant person* who was liable for the *protected deposit* immediately prior to the liability being transferred to the *dormant*

account fund operator (and the relevant authorisation of the relevant person is the authorisation that was in place at the time that the liability was transferred).

- 10.2.13 G The purpose of COMP 10.2.12R is to ensure that persons whose balances in a dormant account have been transferred to a dormant account fund operator do not have their entitlement to compensation reduced in the event of default of the dormant account fund operator. So, a person who held dormant accounts with two different relevant persons, the liability for which were then automatically transferred to the dormant account fund operator, could still be compensated by the FSCS on the basis of accounts with two separate relevant persons (and so could receive up to 2 x £50,000 in compensation) rather than just one account with one relevant person.

2.3 The business element

2.3.2 G ...

- (4) The business element for all other *regulated activities* is that the activities are carried on by way of business. Dormant account funds

2.7.20C G There are two *regulated activities* associated with the activities of a *dormant account fund operator* under the Dormant Bank and Building Society Accounts Act 2008:

- (1) the *meeting of repayment claims*; and
- (2) managing dormant account funds (including the investment of such funds).

Agreeing

- 2.7.21 G Agreeing to carry on most *regulated activities* is itself a *regulated activity*. But this is not the case if the underlying activities to which the agreement relates are those of *accepting deposits*, *issuing e-money*, *effecting* or *carrying out contracts of insurance*, *operating a multilateral trading facility*, managing dormant account funds, the *meeting of repayment claims* or carrying on any of the activities that are regulated in relation to *collective investment schemes*, *stakeholder pension schemes* or *personal pension schemes*. A person will need to make sure that he has appropriate *authorisation* at the stage of agreement and before he actually carries on the underlying activity (such as the *dealing* or *arranging*).

3 Banking Act 2009

3.1 Assessing Condition 2 under section 7(3) of the Banking Act 2009

Introduction

3.1.1 G The Banking Act 2009 (the Banking Act) introduces new powers for HM Treasury, the Bank of England and the *FSA* to deal with failing banks. The powers, which are set out in Parts 1 to 3 of that Act, can be used to deal with UK incorporated *firms* with a *Part IV permission* to carry on the *regulated activity of accepting deposits*, other than *credit unions* and any other class of institution specified in secondary legislation. In relation to *building societies*, the main tools in the Act are applied with modifications. In this section the term “bank” is used to refer to those *firms* that are potentially subject to the powers in Parts 1 to 3 of the Banking Act. The powers are defined in the Banking Act, and referred to in this section as the “stabilisation powers”. The Banking Act contains powers to enable HM Treasury to extend the application of the stabilisation powers to *credit unions* by secondary legislation.

3.1.2 G Section 7 of the Banking Act sets out the two conditions that must be met before a stabilisation power can be exercised in respect of a bank:

- (1) Condition 1 is that the bank is failing, or is likely to fail, to satisfy the *threshold conditions*.
- (2) Condition 2 is that, having regard to timing and other relevant circumstances, it is not reasonably likely that (ignoring the stabilisation powers) action will be taken by or in respect of the bank that will enable it to satisfy the *threshold conditions*.

- 3.1.3 G The Banking Act provides that the *FSA* is to treat Conditions 1 and 2 as met if satisfied that they would be met but for financial assistance provided by either HM Treasury or the Bank of England (disregarding ordinary market assistance offered by the Bank on its usual terms).

Assessing Condition 1

- 3.1.4 G The matters the *FSA* will take into account in assessing whether a bank is failing or is likely to fail to satisfy the *threshold conditions* are described in *COND 2.1* to *COND 2.5*. The options available to the *FSA* in the case of a breach of the *threshold conditions* are outlined in Chapter 8 of the *Enforcement Guide* and *SUP 7.2*. These tools are available to the *FSA* at any time, and so may be used before or in conjunction with the stabilisation tools provided by the Banking Act.

Assessing Condition 2

- 3.1.5 G The Banking Act provides that in considering the test in Condition 2, the *FSA* should ignore the stabilisation powers. The purpose of this limitation is to make clear that in making its assessment, the *FSA* is not considering whether the stabilisation powers could successfully resolve the situation, but is considering whether alternative measures might provide for this instead.

Timing

- 3.1.6 G In assessing Condition 2, the *FSA* will consider the timeframe during which any actions taken by or in relation to the bank are likely to be available and to have effect. In the view of the *FSA*, the purpose of the reference to timing in Condition 2 is to require the *FSA* to consider whether a return to full compliance is likely to occur within a reasonable period of time. The following is a non-exhaustive list of factors the *FSA* may consider:
- (1) the extent of any loss, or risk of loss, or other adverse effect on *consumers*. The more serious the loss or potential loss or other adverse effect, the more likely it is that the *FSA* will consider that remedial action will be needed urgently;
 - (2) the seriousness of any suspected breach of the requirements of the *Act* or the *rules* and the steps that need to be taken to correct that breach;
 - (3) the risk that the bank's conduct or business presents to the *financial system* and to confidence in that system;

- (4) the likelihood that remedial action that could be taken by or in relation to the bank will take effect before *consumers* or market confidence suffers significant detriment.

- 3.1.7 G If the *FSA* is satisfied that the breach of *threshold conditions* is likely to be temporary and to be rectified within a reasonable time, the *FSA* is unlikely to conclude that Condition 2 has been met.

Other relevant circumstances

- 3.1.8 G In general the *FSA* will be concerned to determine whether any remedial action that could be taken by or in relation to the bank will be effective. This will include an assessment of both how likely it is that the action will be taken, and if it is, the impact it will have on the bank's compliance with the *threshold conditions*. Circumstances that the *FSA* may take into account include but are not limited to:

- (1) where the *FSA*'s concerns relate to adequacy of liquidity:
 - (a) the availability of market funding to banks generally and any specific circumstances of the bank that may impact on its ability to access the market on terms which are generally available;
 - (b) whether the bank's current funding structure is adequate and viable; whether the primary sources of funding continue to be available, given current market sentiment, and whether they would still be viable if market sentiment was to change;
 - (c) the maturity profile of the bank's existing funding and the availability of funding from the market to replace maturing funding as the need arises;
 - (d) whether liquidity problems call into question adequacy of capital;
 - (e) the bank's credit rating and the likelihood and impact of any potential downgrade;
 - (f) the availability and terms of liquidity support from group companies, existing funders and central banks;
- (2) where the *FSA*'s concerns relate to capital:
 - (a) the availability of capital from the market for banks in general and any specific circumstances of the bank that may impact on its ability to access the market on terms which are generally available;
 - (b) potential sources of capital and the nature of and terms on which capital may be obtained;

- (c) the success of any recent attempts by the bank to raise capital on the open market;
 - (d) the willingness of existing significant institutional investors to provide or assist in a strategic solution to the bank;
- (3) where the *FSA's* concerns relate to the adequacy of non-financial resources or suitability, the *FSA* will take into account the factors identified in *COND* 2.4 and 2.5, and other *Handbook* provisions referred to in those chapters. In assessing Condition 2, the circumstances of each case are likely to be different, but the *FSA* will be concerned to establish the likelihood of achieving a return to full compliance with the *threshold conditions*, and the timescale in which a return to compliance will be effected;
- (4) the prospects of the bank securing a material and relevant transaction with a third party, for example a sale of the bank itself or of all or part of its business. In relation to any transaction, the *FSA* will have regard to factors including but not limited to:
- (a) the status of any ongoing negotiations;
 - (b) the level of interest expressed and the credibility of potential counterparties;
 - (c) practical constraints related to the bank itself, for example, management engagement, availability of relevant information and severability of infrastructure;
 - (d) the sources, availability and firmness of financing for any transaction;
 - (e) the need for shareholder approval, merger clearances or other consents;
 - (f) the suitability of the counterparty and the stability of the relevant parties following completion of any transaction.

3.1.9 G When assessing whether the bank will return to compliance with *threshold condition* 4 (adequate resources) the *FSA* will also assess the reasons behind the likely or actual failure of compliance. Serious failures of management, systems or internal controls may in themselves call into question the adequacy of the bank's non-financial resources (*threshold condition* 4) or suitability (*threshold condition* 5). Therefore, in assessing whether a bank is reasonably likely to satisfy the *threshold conditions* in the future, the *FSA* will be concerned to ensure that any such failures have been adequately addressed.

10.6.3 G The effect of SUP 10.6.2R is that a *person* who is *approved* to perform a *governing function* (other than the *non-executive function* and the function described in SUP 10.6.4R(2)) will not have to be specifically approved to perform the *systems and controls function* or the *significant management function*. - (b) *non-executive director* of a *parent undertaking* or *holding company* (except where that *parent undertaking* or *holding company* is an *EEA firm*) whose decisions, or actions are regularly taken into account by the governing body of the *firm*.

10.6.9 G ~~{deleted}~~ Examples of where SUP 10.6.8R(1)(b) would apply include (but are not limited to):

- (1) an individual who is a *non-executive director* of a *parent undertaking* or *holding company* who takes an active role in the running of the business of a *UK firm*, for example, as a member of a board or committee (on audit or remuneration) of that *firm*; or
- (2) an individual who is a *non-executive director* of a *parent undertaking* or *holding company* having significant influence in setting and monitoring the business strategy of the *UK firm*; or
- (3) an individual who is a *non-executive director* of a *parent undertaking* or *holding company* of a *UK firm* involved in carrying out responsibilities such as scrutinising the approach of executive management, performance, or standards of conduct of the *UK firm*; or
- (4) an individual who is a *non-executive director* of a *parent undertaking* or *holding company* of a *UK firm* who is accustomed to influence the operations of the *UK firm*, and acts in a way in which it can reasonably be expected that a *non-executive director* of the *UK firm* would act; or
- (5) an individual who is a *non-executive director* of an *overseas firm* which maintains a branch in the *United Kingdom* from which *regulated activities* are carried on where that individual has responsibilities for those *regulated activities* which are likely to enable him to exercise significant influence over the *UK branch*.

Guidance on CF1 and CF2

10.6.10 G (1) ~~{deleted}~~ This paragraph explains the basis on which the *director function* and *non-executive director function* are applied to persons who have a position with the *firm's parent undertaking* or *holding company* under SUP 10.6.4R(2) or SUP 10.6.8R(1)(b).

(2) The basic position is set out in SUP10.3.4G. As is the case with all

controlled functions, SUP 10.6.4R(2) and SUP 10.6.8R(1)(b) are subject to the overriding provisions in SUP 10.3.1R, which sets out the requirements of sections 59(1) and (2) of the Act. This means that unless the firm has an arrangement or a contract permitting the performance of these roles by the persons concerned, these persons will not be performing these controlled functions. Therefore, the FSA accepts that there will be cases in which a person performing these roles will not require approval.

- (3) However the FSA expects that in general a person who performs these roles will perform the director function or the non-executive director function. This is because the FSA would expect that a firm that allows major decisions to be taken by a group decision-making body will do so on the basis of a formal delegation from the firm's governing body. This delegation will amount to an arrangement for the purposes of section 59 of the Act.

10.9 Significant management functions

Application

- 10.9.1 R SUP 10.9 applies only to a firm which;
- (1) under SYSC 2.1.1R or SYSC 4.4.3R, apportions a significant responsibility, within the description of the significant management function, to a senior manager of a significant business unit; or
- (2) undertakes proprietary trading.
- 10.9.2 G The FSA anticipates that there will be only a few firms needing to seek approval for an individual to perform the significant management function set out in SUP 10.9.1R(1). In most firms, those approved for the governing functions, required functions and, where appropriate, the systems and controls function, are likely to exercise all the significant influence at senior management level.
- 10.9.2A G A proprietary trader undertakes activities with the firm's money and has the ability to commit the firm. By virtue of this role, all proprietary traders have potential to be able to exercise significant influence on the firm for the purposes of section 59(4) and (5) of the Act. It is therefore the FSA's expectation that all firms will assess all their proprietary traders to ascertain the ones for whom approval is required.
- 10.9.3 G ~~However, the~~ The scale, nature and complexity of the firm's business may be such that a firm apportions under SYSC 2.1.1R or SYSC 4.4.3R SUP 10.9.1R(1) a significant responsibility to an individual who is not approved to perform the governing functions, required functions or, where appropriate, the systems and controls function. ...

...

10.9.5 G The question may arise whether a manager who is based overseas will be performing the *significant management function* under SUP 10.9.10R(1) and should therefore be an *approved person*. This is especially true where the *firm* operates matrix management. The fact there is a *person* performing the *apportionment and oversight function*, and who has responsibility for activities subject to regulation by the *FSA*, may have a bearing on this. It is a factor to take into account when assessing the likely influence of the overseas manager.

10.9.6 G Generally, in relation to a *branch* of a *firm*, or a *firm* which is part of an overseas *group*, where an overseas *manager* is responsible for strategy, he will not need to be an *approved person* under SUP 10.9.10R. However, where he is responsible for implementing that strategy in the *United Kingdom*, and has not delegated that responsibility to a *senior manager* in the *United Kingdom*, he is likely to be performing a that controlled function.

...

Significant management function (CF29)

- 10.9.10 R (1) The *significant management function* is the function of acting as a *senior manager* with significant responsibility for a significant business unit that:
- (a) carries on *designated investment business* or other activities not falling within (b) - to (d);
 - (b) *effects contracts of insurance* (other than *contractually based investments*);
 - (c) makes material decisions on the commitment of a *firm's* financial resources, its financial commitments, its assets acquisitions, its liability management and its overall cash and capital planning;
 - (d) processes confirmations, payments, settlements, insurance claims, *client money* and similar matters.
- (1A) The significant management function also includes the function of acting as a proprietary trader.
- (2) This *controlled function* does not include any of the activities described in any other *controlled function*.
- 10.9.10A G A *senior manager* carrying on the significant management function under SUP 10.9.10R(1) with significant responsibility for a significant business unit that carries on activities other than *designated investment business* for the purposes of SUP 10.9.10R(1)(a) could, for example, be the head of a unit carrying on the activities of: retail banking, personal lending, corporate

lending, salvage or loan recovery, or ~~proprietary trading~~; *proprietary trading*, or a member of a committee (that is, a *person* who, together with others, has authority to commit the *firm*) making decisions in these functions. ~~The *senior manager* could also be a proprietary trader whose trading limits are such that he may put, or potentially put, his *firm* at significant risk. This function would not extend to every proprietary trader.~~

10.9.10B G A *proprietary trader* also undertakes activities which may have a significant influence on the *firm*. Such activities may require approval for CF29 under SUP 10.9.10R(1A).

...

Who should make the application?

10.12.3 G (1) In accordance with section 60 of the *Act* (Applications for approval), applications must be submitted by, or on behalf of, the *firm* itself, not by the *candidate* or (where the *candidate* works for the *firm's parent undertaking* or *holding company*) by the *firm's parent undertaking* or *holding company*).

(2) Usually this will be the *firm* that is employing the *candidate* to perform the *controlled function*. Where a *firm* has outsourced the performance of a *controlled function*, the details of the outsourcing determine where responsibility lies and whom the *FSA* anticipates will submit *approved persons application* forms. SUP 10.12.4G describes some common situations. The *firm* which is outsourcing is referred to as "A" and the *person* to whom the performance of the ~~function~~ *controlled function* has been outsourced, or which makes the *arrangement* for the ~~function~~ *controlled function* to be performed, is referred to as "B". In each situation, A must take reasonable care to ensure that, in accordance with section 59(2) of the *Act*, no *person* performs a *controlled function* under an *arrangement* entered into by its contractor in relation to the carrying on by A of a *regulated activity*, without approval from the *FSA*. See also SYSC 3.2.4G and SYSC 8.1.1R, and for *insurers* SYSC 13.9.

Ceasing to perform a controlled function

10.13.12 R (1) If a *firm* (A):

- (a) is considering appointing a *person* to perform any of the ~~*customer*~~ *controlled functions*;
- (b) requests another *firm* (B), as a current or former *employer* *employer* of that *person*, for a reference or other information in connection with that appointment; and
- (c) indicates to B the purpose of the request;

B must, as soon as reasonably practicable, give to A all relevant information of which it is aware.

Amendments to the Perimeter Guidance manual (PERG)

In this Annex, underlining indicates new text and striking through indicates deleted text.

- 2.7.7B G The activity of *arranging (bringing about) deals in investments* is aimed at arrangements that would have the direct effect that a particular transaction is concluded (that is, *arrangements* that bring it about). The activity of *making arrangements with a view to transactions in investments* is ~~aimed at cases where it may be said that the transaction is "brought about" directly by the parties. This is where this happens in a context set up by a third party specifically with a view to the conclusion by others of transactions through the use of that third party's facilities. This will catch the activities of persons such as exchanges, clearing houses and service companies (for example, persons who provide communication facilities for the routing of orders or the negotiation of transactions). A person may be carrying on this regulated activity even if he is only providing part of the facilities necessary before a transaction is brought about.~~ concerned with arrangements of an ongoing nature whose purpose is to facilitate the entering into of transactions by other parties. This activity has a potentially broad scope and typically applies in one of two scenarios. These are where a person provides facilities of some kind:
- (1) to enable or assist investors to deal with or through a particular firm (such as the arrangements made by introducers); or
 - (2) to facilitate the entering into of transactions directly by the parties (such as multilateral trading facilities of any kind other than those excluded under article 25(3) of the Regulated Activities Order, exchanges, clearing houses and service companies (for example, persons who provide communication facilities for the routing of orders or the negotiation of transactions)).
- 2.7.7BA G It is of note, however, that the regulated activity of making arrangements with a view to transactions in investments is not limited to arrangements that are participated in by investors. It is also not necessary that both the buyer and the seller under the transaction that is being arranged should participate in the arrangements. So, arrangements may come within the activity if they are participated in only by product companies with a view to their issuing investments. A person may be carrying on this regulated activity even if he is only providing part of the facilities for bringing about a transaction.

2.7.7BB G It is also the FSA's view that certain arrangements may come within the activity even though the parties may have already committed to the transaction using other arrangements. This would typically apply to a clearing house whose clearing and settlement facilities may be seen to be made with a view to the members of the clearing house, as participants in its arrangements, entering into transactions (usually through an investment exchange) which must be cleared through the clearing house to be completed. The clearing house is providing an essential part of the market infrastructure that is necessary to support trading activities. The same principle applies outside the markets context. So for example if a company that wishes to raise capital from private investors tells the potential investors, in order to increase their confidence, that all aspects of paying for and issuing shares will be handled by a particular firm, that firm may come within article 25(2) when it provides those services.

2.7.7BC G In the FSA's view, it is generally the case that providers of back office administration services do not carry out the regulated activity of making arrangements with a view to transactions in investments. This is based essentially on the fact that providers of back office administration services aim to assist a broker firm to deal with the aftermath of transactions it has entered into on behalf of its clients. The broker firm has assumed full responsibility to its clients for completing their transactions, thus enabling the view to be taken that the firm to whom it outsources functions is making arrangements to assist the broker to complete transactions rather than with a view to the broker entering into trades as agent for its clients. The provider of back office services does not carry out the regulated activity of making arrangements with a view to transactions in investments because the transaction has already been entered into by the time of its involvement.

2.7.7BD G (1) The scope of article 25(2) of the Regulated Activities Order (the subject of PERG 2.7.7BG) was considered by the High Court in the case of Watersheds Limited v. David Da Costa and Paul Gentlemen. The judgement suggests that the activity of 'introducing' does not itself constitute a regulated activity for the purposes of article 25(2) of the Regulated Activities Order. The FSA has considered whether the judgement necessitates any change to the views expressed in PERG 2.7.7BG and elsewhere in PERG. It appears to the FSA that the judgement should be considered in the light of the case to which it relates.

(2) Also, the court does not seem to have had the benefit of a relevant argument. The Regulated Activities Order provides an exclusion which has the effect of removing certain arrangements for making introductions from the scope of article 25(2) of the Regulated Activities Order. This exclusion can be found in article 33 of the Regulated Activities Order (guidance on this can be found in PERG 8.33 and PERG 5.6.17G to PERG 5.6.21G). This exclusion would not be necessary if all 'introductions' were outside the scope of article 25(2) of the Regulated Activities Order. Support for this can also be found in the fact that article 25A(2) is very similar to article

25(2) and there is an exclusion from it for certain introductions. The exclusion is in article 33A of the *Regulated Activities Order* and guidance on it can be found in *PERG 4.5.10G* and the following paragraphs. For these reasons, the *FSA* remains of the view that article 25(2) of the *Regulated Activities Order* includes certain types of arrangements for making introductions whilst recognising that the judgement in the *Watersheds* case introduces an element of doubt.

2.7.7BE G In determining whether particular arrangements fall within the scope of Article 25(2) of the *Regulated Activities Order*, it may be necessary to consider the purpose of the arrangements. Further guidance on this can be found in *PERG 8.32.3G*. Although this *guidance* is in relation to the activities of publishers, broadcasters, website operators and telephone marketing services, the principle is not limited to those activities.

2.7.7BF G In the *FSA*'s view, a mere passive display of literature advertising investments would not amount to the article 25(2) activity. Further *guidance* on this point can be found in *PERG 5.6.4G*. Although this *guidance* is in relation to *contracts of insurance*, the principle is not limited to them.

12.2 Establishing, operating or winding up a personal pension scheme

Q2. What is a personal pension scheme for the purposes of this regulated activity?

...

Although the definition does not expressly say so, it is, in the *FSA*'s view, clear from the context in which the term is applied, that such a scheme will be one the sole or principal purpose of which is to provide benefits to members of the scheme upon their reaching a pensionable age. This will typically include pension schemes that is are intended to be registered with The Pensions Regulator and to be eligible for tax relief relating to pension schemes. It will also include other types of pension schemes such as qualifying recognised overseas pension schemes (QROPSs) that are not occupational pension schemes.

After *COMP* 16.2 insert the following new section. The text is not underlined.

16.3 UK domestic firms, non-EEA firms and incoming EEA firms

UK domestic firms and non-EEA firms

- 16.3.1 R A *firm* that is a *UK domestic firm* or a *non-EEA firm* must disclose the following information to any *protected deposit* holder with that *firm* who is or is likely to be an *eligible claimant*.

“Important information about compensation arrangements

We are covered by the Financial Services Compensation Scheme (FSCS). The FSCS can pay compensation to depositors if a [bank/building society/credit union – delete as appropriate] is unable to meet its financial obligations. Most depositors – including most individuals and small businesses – are covered by the scheme.

In respect of deposits, an eligible depositor is entitled to claim up to [insert FSCS maximum payment for *protected deposits*]. For joint accounts each account holder is treated as having a claim in respect of their share so, for a joint account held by two eligible depositors, the maximum amount that could be claimed would be [insert FSCS maximum payment for *protected deposits*] each (making a total of [insert FSCS maximum payment for *protected deposits* x 2]). The [insert FSCS maximum payment for *protected deposits*] limit relates to the **combined** amount in all the eligible depositor’s accounts with the [bank/building society/credit union – delete as appropriate], including their share of any joint account, and not to each separate account.

For further information about the scheme (including the amounts covered and eligibility to claim) please ask at your local branch, refer to the FSCS website www.FSCS.org.uk or call [insert FSCS phone number].”

- 16.3.2 G A *UK domestic firm* that discloses the information required to be disclosed by *COMP* 16.3.1R to *persons* that hold *protected deposits* through an overseas *branch* may do so in the local language.

Incoming EEA firms that accept deposits through UK branches and have not obtained top-up cover

- 16.3.3 R An *incoming EEA firm* that *accepts deposits* through a *UK branch* and has not obtained *top-up cover* must disclose the following information to any *protected deposit* holder with that *branch* who is or is likely to be eligible to claim for compensation from the *firm’s Home State* compensation scheme.

“Important information about compensation arrangements

We are part of [insert name of *firm*] which is based in [insert name of *Home State*]. Most depositors are covered by [insert name of *Home State* compensation scheme] which is also based in [insert name of *Home State*].

This means that if our bank is unable to meet its financial obligations, our eligible UK depositors would be entitled to claim up to £ [insert *Home State* compensation scheme maximum payment for *protected deposits*] from the [insert name of *Home State* compensation scheme]. [State any significant conditions that compensation is subject to e.g. if paid on a per account or per depositor basis, and if set-off applies].

For further information about the [insert name of *Home State* compensation scheme] (including the amounts covered and eligibility to claim) please contact your branch or refer to [insert contact details of the *Home State* compensation scheme].”

Incoming EEA firms that accept deposits through UK branches and have obtained top-up cover

- 16.3.4 R An *incoming EEA firm* that *accepts deposits* through a *UK branch* and has obtained *top-up cover* must disclose the following information to any *protected deposit* holder with that *firm* who is or is likely to be an *eligible claimant*.

“Important information about compensation arrangements

We are part of [insert name of *firm*] which is based in [insert name of *Home State*]. Most depositors are covered by [insert name of *Home State* compensation scheme] compensation scheme which is also based in [insert name of *Home State*]. In addition, for depositors with our UK branch we have joined the UK compensation scheme, the Financial Services Compensation Scheme (FSCS).

This means that if our bank is unable to meet its financial obligations, eligible depositors with our UK branch could claim up to £ [insert *Home State* compensation scheme maximum payment for *protected deposits*] from the [insert name of *Home State* compensation scheme] and if they have more saved with us, they could also claim for the remainder up to [insert *FSCS* maximum payment for *protected deposits*] from the FSCS.

This is because the [insert name of *Home State* compensation scheme] is only responsible for paying the first part of the compensation up to £ [insert *Home State* compensation scheme maximum payment for *protected deposits*] and the FSCS is only responsible for paying the second part of compensation – being above £ [insert *Home State* compensation scheme maximum payment for *protected deposits*] and up to [insert *FSCS* maximum payment for *protected deposits*].

The FSCS will also try to help depositors with our UK branch, for example, to get in touch with the [insert name of *Home State* compensation scheme] compensation scheme and to understand the

process involved.

For further information on how compensation would apply to you please contact:

- [insert name of *firm*] by dropping into one of our branches, at [insert website link] or by calling [insert phone number].

Incoming EEA firms: conversion of home state compensation scheme limit to sterling

- 16.3.5 G When an incoming *EEA firm* inserts the *Home State* compensation scheme maximum payment for *protected deposits* in the disclosure required by this section, that amount should be converted into pounds sterling and the exchange rate noted in a footnote. The exchange rate used should be updated regularly.

Frequency of communication

- 16.3.6 R (1) A *firm* must provide the information required to be disclosed by this section on at least a 6 monthly basis.
- (2) If a *firm* normally communicates with a *protected deposit* holder less frequently than every 6 months (1) does not apply and the *firm* must provide the information required to be disclosed by this section on at least an annual basis.

- 16.3.7 G The *FSA* considers monthly, quarterly or 6 monthly account statements to be a means of communication for these purposes.

Method of communication

- 16.3.8 R (1) If the recipient receives paper statements, the information required to be disclosed by this section must be prominently displayed in the relevant paper statement.
- (2) If the recipient uses internet banking, the information required to be disclosed by this section must be communicated by electronic means in a way that brings it to the attention of the recipient.
- (3) If the recipient does not receive paper statements or use internet banking the information required to be disclosed by this section must be communicated in a way that brings it to the attention of the recipient.

- 16.3.9 G The *FSA* considers that if information required to be disclosed by this section is communicated by letter/leaflet sent through the post, email or a pop up box on the *firm's* internet website the requirement to communicate in a way that brings the information to the attention of the recipient will have been satisfied.

Trading name disclosure

- 16.3.10 R Where a *firm* operates under more than one trading name, the *firm* must, in any communication to a *protected deposit* holder who is or is likely to be eligible to claim for compensation from the *compensation scheme* or other *Home State* compensation scheme and generally in its *UK branches* and on its website, prominently disclose the trading names under which it operates and explain the impact this has on any *protected deposit* holder's entitlement to compensation from the *compensation scheme* and any relevant *Home State* or *Host State* compensation scheme.

Further disclosure

- 16.3.11 G A *firm* should ensure that all communications to consumers about compensation for *protected deposits* are clear, fair and not misleading.
- 16.2.12 G A *firm* should also consider its obligations under the Credit Institutions (Protection of Depositors) Regulations 1995.

- 12.2.1 R The amount of compensation payable to the claimant in respect of:
- (1) any type of *protected claim* other than a *claim for a protected deposit* is the amount of his overall net *claim* against the *relevant person* at the *quantification date*; and
 - (2) any claim for a protected deposit is the amount of his overall gross claim against the relevant person at the quantification date;
- and any reference in COMP to overall claim means “overall net claim” or “overall gross claim” as appropriate.

- (2) If a protected deposit was not due and payable on or before the date that the relevant person was determined to be in default, the FSCS must nevertheless treat that date as the quantification date for that deposit and pay compensation comprising:
- (a) the principal sum on the basis that it is due and payable on that date;
 - (b) interest or premium accrued to that date; and
 - (c) unaccrued interest or premium attributable to or arising in respect of the period to that date.

15 Special situations Deposit payout

15.1 Accelerated compensation for depositors

15.1.1 G When a *relevant person* is *in default* with *claims* against it for *protected deposits* it ~~may~~ is likely to be desirable for the *FSCS* to make accelerated payments of compensation, for the protection of consumers and to maintain market confidence.

15.1.2 G To facilitate an accelerated payment of compensation, this section provides additional and alternative powers for the *FSCS*. These powers include the ability for the *FSCS* to pay compensation to *eligible claimants* without an application, to provide compensation by a variety of means and subject to conditions including by making a payment directly into an account maintained by another *authorised person*, to administer the payment of compensation on behalf of, or to pay compensation and recover from, another scheme or a government ~~and/or~~, to be subrogated automatically to the claimant's rights against the *relevant party* and/or any third party, and/or to settle claims.

...

15.1.4 R ~~Before using any power in this section, the *FSCS* must determine that using that power:~~

- ~~(1) would be beneficial to the generality of *eligible claimants* with *protected deposits* with a *relevant person in default* in respect of whom the power is to be used; and~~
- ~~(2) is unlikely to result in any additional cost to the *FSCS* which would require the imposition of increased levies on *participant firms*, over and above those required if the power was not exercised, or any additional cost is likely to be justified by the benefits. [deleted]~~

...

15.1.12 R ~~If a *protected deposit* was not due and payable on or before the date that the *relevant person* was determined to be *in default*, the *FSCS* may nevertheless treat that date as the *quantification date* for that *deposit* and pay compensation on the basis that the principal sum (including any interest attributable up to that date) is due and payable on that date either (as determined by the *FSCS*):~~

- ~~(1) with the consent of the *eligible claimant* (express or implied, including by conduct); or~~
- ~~(2) without that consent, but in this case the amount that the *eligible claimant* is entitled to claim from the *FSCS* is the lesser of:

 - ~~(a) the amount which the *FSCS* quantifies as being the value of that *claim* as at the *quantification date*; and~~
 - ~~(b) the amount that would have been payable at the date the *deposit* was due and payable;~~~~

and ~~COMP 12.3.1R is modified accordingly. [deleted]~~

...

Settlement of claims

- 15.1.21 R (1) The FSCS may pay compensation without fully or at all investigating the eligibility and/or amount of that *claim* notwithstanding any provision in this sourcebook or FEES 6 to the contrary, if in the opinion of the FSCS:
- (a) the costs of investigating the merits of the *claim* are reasonably likely to exceed the amount of the *claim*; and
 - (b) it is reasonably in the interests of *participant firms* to do so.
- (2) This rule does not apply with respect to *claims for protected deposits* that are excluded by Article 2 of the *Deposit Guarantee Directive*.

After COMP 16 insert the following new chapter. The text is all new and is not underlined.

17 Systems and information requirements for firms that accept deposits

17.1 Application and purpose

- 17.1.1 R (1) This chapter applies to:
- (a) a *UK domestic firm* that *accepts deposits*;
 - (b) a *non-EEA firm* that *accepts deposits* in the *United Kingdom*; and
 - (c) an *incoming EEA firm* that *accepts deposits* through a *UK branch* and has obtained *top-up cover*.
- (2) Notwithstanding (1), this chapter does not apply to a *firm* which does not conduct business that could give rise to a *claim* for a *protected deposit* by an *eligible claimant* and has no reasonable likelihood of doing so.
- 17.1.2 G The purpose of this chapter is to set out the core systems and information requirements these *firms* must have in place to facilitate a fast compensation payout to *eligible claimants* holding *protected deposits* with them.

17.2 Core systems and information requirements

- 17.2.1 R (1) A *firm* must be able to identify which accounts are held by *eligible claimants* and which accounts (including client accounts and trust accounts) are held on behalf of beneficiaries who are or who may be

eligible claimants.

- (2) The information required by (1) must be electronically stored.
- 17.2.2 R Where eligibility of a customer to bring a *claim* for compensation from the *compensation scheme* is likely to change from time to time, a *firm* must at least annually take reasonable steps to check whether or not the customer is eligible.
- 17.2.3 R (1) A *firm* must be able to provide to the *FSCS* a *single customer view* for each *eligible claimant*, except where the *eligible claimant* is the beneficiary of an account held on his behalf by another *person* or if the account is not active, within 72 hours of a request by the *FSCS*.
- (2) An account is not active if it:
- (a) is a dormant account as defined in the Dormant Bank and Building Society Accounts Act 2008; or
- (b) is an account for which the *firm* has received formal notice of a legal dispute or competing claims to the proceeds of the account; or
- (c) appears on the ‘Consolidated list of financial sanctions targets in the United Kingdom’ that is maintained by HM Treasury.
- (3) A *firm* must be able to provide the information required by (1) by electronic transmission and in a format which is readily transferable to and compatible with the *FSCS*’s system.
- 17.2.4 R A *firm* must ensure that each *single customer view* contains all the information set out in *COMP 17.2.7R*.
- 17.2.5 R A *firm* must ensure that in relation to accounts which are held by *eligible claimants*, the system which produces the *single customer view* must:
- (1) be capable of automatically identifying the amount of compensation payable to each *eligible claimant*; and
- (2) include a check facility which allows the *firm* to identify if any portion of an *eligible claimant*’s *deposit* is over the maximum payment for a *protected deposit* set out in *COMP 10.2.3R*.
- 17.2.6 R A *firm* must take reasonable steps to ensure the accuracy of the data it holds in order to satisfy the requirements of this section.
- 17.2.7 R (1) If a *firm* operates less than 5,000 accounts held by *eligible claimants*, *COMP 17.2.1R(2)*, *COMP 17.2.3(2)* and *COMP 17.2.5R* do not apply.
- (2) If a *firm* hitherto within (1) operates 5,000 or more accounts held by *eligible claimants* for two consecutive years as at 31 December of each year, the *firm* must immediately give the *FSA* notice of that

event.

- (3) If a *firm* hitherto within (1) operates 5,000 or more accounts held by *eligible claimants* for two consecutive accounts years as at 31 December of each year, *COMP 17.2.1R(2)*, *COMP 17.2.3R(2)* and *COMP 17.2.5R* apply and continue to apply even if the *firm* operates less than 5,000 accounts held by *eligible claimants* at a future date.
- (4) If a *firm* operates 5,000 or more accounts held by *eligible claimants* on 31 December 2009 *COMP 17.2.1R(2)*, *COMP 17.2.3R(2)* and *COMP 17.2.5R* apply and continue to apply even if the *firm* operates less than 5,000 accounts held by *eligible claimants* at a future date.

1.1A Application

- 1.1A.1 G The application of this sourcebook is summarised at a high level in the following table. The detailed application is cut back in *SYSC 1 Annex 1* and in the text of each chapter.

What?

- 1.4.1 G The application of each of chapters *SYSC 11* to *SYSC ~~18~~19* is set out in those chapters.

Actions for damages

- 1.4.2 R A contravention of a *rule* in *SYSC 11* to *SYSC ~~18~~19* does not give rise to a right of action by a *private person* under section 150 of the *Act* (and each of those *rules* is specified under section 150(2) of the *Act* as a provision giving rise to no such right of action).

Remuneration policies

- 4.1.12 G Certain *banks, building societies* and *BIPRU 730k firms* will need to comply with the *Remuneration Code* requirement to establish, implement and maintain an effective *remuneration policy* that is consistent with effective risk management. See *SYSC 19.1* for details of the application of the *Remuneration Code*.

...

- 6.1.4-A G In setting the method of determining the *remuneration of relevant persons* involved in the compliance function, certain *banks, building societies* and

What? Where?

- 19.1.3 R (1) If the *Remuneration Code* applies to a *firm*, it applies in the same way as SYSC 4.1.1R (General Requirements).
- (2) In relation to an *overseas firm* the *Remuneration Code* applies only in relation to activities carried on from an establishment in the *United Kingdom*.
- 19.1.4 G Part 2 of SYSC 1 Annex 1 provides for the application of SYSC 4.1.1R (General Requirements).

19.2 Remuneration Code: General requirement

Remuneration policies must be consistent with effective risk management

- 19.2.1 R A *firm* must establish, implement and maintain *remuneration policies*, procedures and practices that are consistent with and promote effective risk management.
- 19.2.2 G (1) If a *firm's remuneration policy* is not aligned with effective risk management it is likely that *employees* will have incentives to act in ways that might undermine effective risk management.
- (2) The aim of the *Remuneration Code* is to ensure that *firms* have risk-focused *remuneration policies*, which are consistent with and promote effective risk management and do not expose them to excessive risk. It expands upon the general organisational requirements in SYSC 4.
- (3) The *Remuneration Code* covers all aspects of *remuneration* that could have a bearing on effective risk management including wages, bonus, long term-incentive plans, options, hiring bonuses, severance packages and pension arrangements. In applying the *Remuneration Code*, a *firm* should have regard to applicable good practice on *remuneration* and corporate governance, such as guidelines on executive contracts and severance produced by the Association of British Insurers (ABI) and the National Association of Pension Funds (NAPF). In considering the risks arising from its *remuneration* policies, a *firm* will also need to take into account its statutory duties in relation to equal pay and non-discrimination.
- (4) As with other aspects of a *firm's* systems and controls, what a *firm* must do in order to comply with the *Remuneration Code* will vary according to the nature, scale and complexity of the *firm* and its activities. For example, while the *Remuneration Code* refers to a *firm's remuneration committee* and risk management function, it may be appropriate for the *governing body* of a small *firm* to act as the *remuneration committee*, and for the *firm* not to have a separate

risk management function.

- (5) The principles in the *Remuneration Code* will be used by the *FSA* to assess the quality of a *firm's remuneration policies* and whether they encourage excessive risk-taking by a *firm's employees*.
- (6) The *FSA* may also ask *remuneration committees* to provide the *FSA* with evidence of how well the *firm's remuneration policies* meet the *Remuneration Code's* principles, together with plans for improvement where there is a shortfall. The *FSA* will also expect relevant *firms* to use the principles in assessing their exposure to risks arising from their *remuneration policies* as part of the *internal capital adequacy assessment process (ICAAP)*.
- (7) The *Remuneration Code* is concerned with the risks created by the way *remuneration* arrangements are structured, not with the absolute amount of *remuneration*, which is a matter for *firms' remuneration committees*.

19.3 Remuneration Code: Remuneration principles

Remuneration Principle 1: Role of bodies responsible for remuneration policies and their members

- 19.3.1 E (1) A *remuneration committee* should:
 - (a) exercise, and be constituted in a way that enables it to exercise, independent judgment;
 - (b) be able to demonstrate that its decisions are consistent with a reasonable assessment of the *firm's* financial situation and future prospects;
 - (c) have the skills and experience to reach an independent judgment on the suitability of the policy, including its implications for risk and risk management; and
 - (d) be responsible for approving and periodically reviewing the *remuneration policy* and its adequacy and effectiveness.
- (2) The effect of this *evidential provision* is set out in the evidential status rule (SYSC 19.3.18R).
- 19.3.2 G (1) *Remuneration* is usually the largest cost incurred by *firms* after funding costs. The risks arising from the way *employees* are recruited and managed, including the risks posed by *remuneration policies*, constitute some of the most important risks faced by *firms*. *Remuneration committees* should pay specific attention to these risks.

- (2) While industry comparators may be relevant in setting *remuneration* they should not override the need for independent decisions that are consistent with the *firm's* financial situation and prospects.
- (3) *Remuneration committees* should have a majority of *non-executive directors*, one or more of whom should have practical skills and experience of risk management, for example through being a member of a *firm's* risk committee or audit committee. *Remuneration committees* should receive regular reports directly from the *firm's* risk management function on the implications of the *remuneration policy* for risk and risk management.
- (4) The *FSA* may ask a *remuneration committee* to prepare a statement on the *firm's remuneration policy*, including the implications of the policy for the *firm*. The *FSA* will expect the statement to include an assessment of the impact of the *firm's* policies on its risk profile and *employee* behaviour. In drawing up this assessment, the *remuneration committee* should exercise its own judgment and should not rely solely on the judgment or opinions of others. The *FSA* may seek a meeting with members of the *remuneration committee* to discuss the statement.
- (5) It is good practice for a *firm's governing body* or the *remuneration committee* to issue a separate public document to inform its shareholders and other stakeholders about its *remuneration policy* and its implications for the *firm's* risk profile and for *employee* behaviour.

Remuneration Principle 2: Procedures and risk and compliance function input

- 19.3.3 E
- (1) Procedures for setting *remuneration* within a *firm* should be clear and documented, and should include appropriate measures to manage conflicts of interest.
 - (2) A *firm's* risk management and compliance functions should have appropriate input into setting the *remuneration policy* for other business areas. The procedures for setting *remuneration* should allow risk and compliance functions to have significant input into the setting of individual *remuneration* awards where those functions have concerns about the behaviour of the individuals concerned or the riskiness of the business undertaken.
 - (3) The effect of this *evidential provision* is set out in the evidential status *rule* (SYSC 19.3.18R).
- 19.3.4 G
- (1) Conflicts of interest can easily arise when *employees* are involved in the determination of *remuneration* for their own business area. Where these could arise they need to be managed by having in place independent roles for control functions (including, notably, risk management and compliance) and human resources. It is good practice to seek input from a *firm's* human resources function when

setting *remuneration* for other business areas.

- (2) Remuneration Principle 4 stresses the importance of risk-adjustment in measuring performance, and the importance within that process of applying judgment and common sense. It is good practice for a *remuneration committee* to ask the risk management function to validate and assess risk adjustment data, and to attend a meeting of the *remuneration committee* for this purpose.
- (3) Documenting procedures for setting *remuneration* includes documenting all performance appraisal processes and decisions.

Remuneration Principle 3: Remuneration of employees in risk and compliance functions

- | | | |
|--------|---|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 19.3.5 | E | <ol style="list-style-type: none"> (1) <i>Remuneration for employees</i> in risk management and compliance functions should be determined independently of other business areas. (2) Risk and compliance functions should have performance metrics based principally on the achievement of the objectives of those functions. (3) The effect of this <i>evidential provision</i> is set out in the evidential status rule (SYSC 19.3.18R). |
| 19.3.6 | G | <ol style="list-style-type: none"> (1) Remuneration Principle 3 is designed to manage the conflicts of interest which might arise if other business areas had undue influence over the <i>remuneration of employees</i> within control functions. (2) The need to avoid undue influence is particularly important where <i>employees</i> from the control functions are embedded in other business areas. Remuneration Principle 3 does not prevent the views of other business areas being sought as an appropriate part of the assessment process. (3) The <i>FSA</i> would generally expect the ratio of the potential variable component of <i>remuneration</i> to the fixed component of <i>remuneration</i> to be significantly lower for <i>employees</i> in risk management and compliance functions than for <i>employees</i> in other business areas whose potential bonus is a significant proportion of their <i>remuneration</i>. <i>Firms</i> should nevertheless ensure that the total <i>remuneration</i> package offered to those <i>employees</i> is sufficient to attract and retain staff with the skills, knowledge and expertise to discharge those functions. The requirement that the method of determining the <i>remuneration of relevant persons</i> involved in the compliance function must not compromise their objectivity or be likely to do so (see SYSC 6.1.4R(4)) also applies. |

Remuneration Principle 4: Profit-based measurement and risk-adjustment

- 19.3.7 E (1) Assessments of financial performance used to calculate bonus pools should be based principally on profits.
- (2) A bonus pool calculation should include an adjustment for current and future risk, and take into account the cost of capital employed and liquidity required.
- (3) The effect of this *evidential provision* is set out in the evidential status *rule* (SYSC 19.3.18R).
- 19.3.8 G (1) Measuring performance based wholly or mainly on revenues or turnover can provide an incentive for *employees* to pay insufficient regard to the quality of business undertaken or services provided, or their appropriateness for the client.
- (2) Profits are a better measure, but they should be adjusted for risk, including future risks not adequately captured by accounting profits.
- (3) One of the important responsibilities of the *remuneration committee* is to determine the proportion of risk-adjusted profits that should be accrued, and paid out, in the form of variable *remuneration*.
- (4) Management accounts should provide profit data at such levels within the *firm's* structure as enables a *firm* to see as accurate a picture of an *employee's* contribution to a *firm's* performance as is reasonably practicable. If revenue or turnover is used as a component in performance assessment, processes should be in place to ensure that the quality of business undertaken or services provided and their appropriateness for clients are taken into account.
- (5) A number of techniques are available to adjust profits and capital for risk, and a *firm* should choose those most appropriate to its circumstances. Common techniques include those based upon a calculation of economic profit or economic capital. Whichever technique is chosen, the full range of potential risks should be covered. The *FSA* expects a *firm* to be able to provide it with information relating to the workings of the calculations. The results of risk-adjustment are not foolproof, and accordingly a *firm* should apply judgment and common sense in the final decision about the performance-related component of *remuneration*.

Remuneration Principle 5: Long-term performance measurement

- 19.3.9 E (1) Where the performance-related component of an *employee's remuneration* is a significant part of his total *remuneration*, the assessment process should be designed to ensure assessment is based on longer-term performance.

- (2) The effect of this *evidential provision* is set out in the evidential status *rule* (SYSC 19.3.18R).
- 19.3.10 G (1) Profits from a *firm's* activities can be volatile and subject to cycles. The financial performance of *firms* and individual *employees* can be exaggerated as a result and so the performance-related component of *remuneration* should not be assessed solely on the results of the current financial year. Effective adjustment for current and future risks in line with Remuneration Principle 4 may also be relevant to compliance with Remuneration Principle 5.
- (2) Performance assessment on a moving average of results can be a good way of meeting Remuneration Principle 5. However, other techniques such as good quality risk adjustment and deferral of a sufficiently large proportion of *remuneration* may also be useful (see Remuneration Principles 4 and 8).
- (3) In considering whether the performance-related component of an *employee's remuneration* is a significant part of his total *remuneration*, relevant factors include:
- (a) the proportion of total *remuneration* which is performance-related; and
 - (b) the absolute amount of *remuneration* which is performance-related.

So, for example, it may be consistent with effective risk management to pay a proportionately higher performance-related bonus to a relatively low-paid *employee* without basing the bonus on longer-term performance.

Remuneration Principle 6: Non-financial performance metrics

- 19.3.11 E (1) Non-financial performance metrics should form a significant part of the performance assessment process.
- (2) Non-financial performance metrics should include adherence to effective risk management and compliance with the *regulatory system* and with relevant overseas regulatory requirements.
- (3) The effect of this *evidential provision* is set out in the evidential status *rule* (SYSC 19.3.18R).
- 19.3.12 G (1) Poor performance in non-financial metrics such as poor risk management or other behaviours contrary to *firm* values can pose significant risks for a *firm* and should, as appropriate, override metrics of financial performance.
- (2) The performance assessment process and the importance of non-financial assessment factors in the process should be clearly

explained to relevant *employees* and implemented. A ‘balanced scorecard’ can be a good way to do this.

Remuneration Principle 7: Measurement of performance for long-term incentive plans

- 19.3.13 E (1) The measurement of performance for long-term incentive plans, including those based on the performance of *shares*, should take account of future risks.
- (2) The effect of this *evidential provision* is set out in the evidential status rule (SYSC 19.3.18R).
- 19.3.14 G Many common measures of performance for long-term incentive plans, such as earnings per *share* (EPS), are not adjusted for longer-term risk factors. Total shareholder return (TSR), another common measure, includes in its measurement dividend distributions, which can also be based on unadjusted earnings data. If incentive plans mature within a two to four year period and are based on EPS or TSR, strategies can be devised to boost EPS or TSR during the life of the plan, to the detriment of the true longer-term health of a *firm*. For example, increasing leverage is a technique which can be used to boost EPS and TSR. *Firms* should take account of these factors when developing risk-adjustment methods.

Remuneration Principle 8: Remuneration structures

- 19.3.15 R The *evidential provision* and *guidance on remuneration* structures (SYSC 19.3.16E and SYSC 19.3.17G) apply in relation to:
- (1) a *person* who performs a *significant influence function* for a *firm*; and
- (2) an *employee* whose activities have, or could have, a material impact on the *firm's* risk profile.
- 19.3.16 E (1) A *firm* should ensure that the structure of *remuneration* for a *person* to whom this *evidential provision* applies is consistent with and promotes effective risk management.
- (2) The effect of this *evidential provision* is set out in the evidential status rule (SYSC 19.3.18R).
- 19.3.17 G (1) It is good practice for the fixed component of an *employee's* *remuneration* to be a sufficient proportion of their total *remuneration* to allow a *firm* to operate a fully flexible bonus policy. This means that a *firm* (or a part of it) would have the ability not to pay a bonus in a year in which the *firm* (or part of it) makes a loss. Such a practice need not prevent a *firm* from paying a bonus despite making a loss if the bonus is justified on other grounds, for example incentivising *employees* involved in new business ventures which could be loss-making in their early stages.

- (2) It is good practice for a significant proportion of any bonus to be deferred with a minimum vesting period. Both the proportion of the bonus to be deferred and the vesting period should be appropriate to the nature of the business and its risks. The vesting period of the deferred element should be at least three years. In relation to the proportion to be deferred, if the bonus is significant when compared with the fixed component of an *employee's remuneration*, a reasonable starting point would be to defer at least two-thirds of the bonus.
- (3) It is good practice for a significant proportion of the variable component of *remuneration* to be linked to the future performance of:
 - (a) the *firm* and, where practicable, the *employee's* division or business unit; or
 - (b) the business undertaken by the *employee*.
- (4) Deferred compensation paid in *shares* can meet Remuneration Principle 8 provided that the scheme satisfies appropriate criteria, including risk-adjustment of the performance measure used to determine the initial allocation of shares.
- (5) Deferred *remuneration* paid in cash should also be subject to performance criteria.
- (6) Bonus pools and individual bonuses should be based on *employee*, division, business unit, or *firm* performance during the period under review. Both linkage to the future performance of the *firm* and linkage to the future performance of a division or business unit can deliver important benefits. The former promotes teamwork, while the latter assures that the risks which the *employee* had a role in assuming continue to have a bearing on his *remuneration*. It is good practice for *remuneration* awards to be based on an appropriate combination of all of these factors.
- (7) 'Guaranteed minimum bonuses' which run for a period of more than one year and similar payments in addition to an *employee's* salary that are not based on performance during the performance period under review are likely to be inconsistent with Remuneration Principle 8.

This chapter also outlines a threshold below which the electronic requirements connected to the Single Customer View are not mandatory.

...

17.2.4 R A *firm* must ensure that each *single customer view* contains all the information set out in *COMP 17.2.7R* ~~17.2.8R~~.

Amendments to the Perimeter Guidance manual (PERG)

In this Annex, underlining indicates new text and striking through indicates deleted text.

1.5 What other guidance about the perimeter is available from the FSA?

1.5.1 G General *guidance* on the perimeter is also contained in various *FSA* documents (mainly fact sheets and frequently asked questions) that are available on the *FSA* website at www.fsa.gov.uk. These documents, and the URL on which they may be accessed, include:

- (1) [deleted]
- (2) [deleted]
- (3) [deleted]
- (4) ~~*guidance* about the position under the *Insurance Mediation Directive* and the *Regulated Activities Order* of property owners and tenants – http://www.fsa.gov.uk/pages/Doing/small_firms/insurance/faq/property.shtml; [deleted]~~
- (5) ~~*guidance* about the scope of the exclusion in article 72C of the *Regulated Activities Order* (Provision of information on an incidental basis) http://www.fsa.gov.uk/pages/Doing/small_firms/insurance/faq/exclusion.shtml;) [deleted]~~
- (6) ~~*guidance* on passporting for insurers and insurance intermediaries – http://www.fsa.gov.uk/pages/Doing/small_firms/insurance/faq/insurers.shtml; [deleted]~~
- (7) *guidance* about the position under the *Insurance Mediation Directive* and the *Regulated Activities Order* of the company appointed to manage a PPP or similar construction and operation project - http://www.fsa.gov.uk/pubs/other/letter_pppforum.pdf ;

- (9) *guidance* for employers about how to provide advice and information to their employees on pension matters without contravening the *Act* - <http://www.fsa.gov.uk/pubs/other/guide4employers.pdf>.

...

- 3.1.2 G This appendix also applies to a *person* who needs to know the extent to which section 21 of the *Act* (Restrictions on financial promotion) and ~~COB 3 (Financial promotion)~~ COBS 4 (Communicating with clients, including financial promotions) apply to *e-money*.
- ...
- 8.2.3 G An *authorised person* will not breach section 21 when *communicating a financial promotion*. Nevertheless, this *guidance* may be relevant where an *authorised person* needs to know whether the *financial promotion rules* apply to a particular communication. ~~For example, to find out if the communication would be subject to an exemption if it were made by an unauthorised person (for example, see COB 3.2.4R and COB 3.2.5R(2)).~~
- ...
- 8.2.5 G If the answer to *PERG 8.2.4G(8)* is yes then the appropriate *financial promotion rules* will potentially apply (subject to ~~additional exemptions in, for example, COB 3.2.5R~~ the application provisions in *COBS 1* and *COBS 4*). If the answer is no, then the promotion must be *approved* by an *authorised person* if it is a *non-real time financial promotion*. *Authorised persons* are not allowed to *approve real time financial promotions* (see ~~COB 3.12.2R~~ COBS 4.10.4R). *PERG 8.36.1G* contains a flowchart explaining these steps.
- ...
- 8.4.34 G ... Communications which are intended to educate or give employees information with no element of persuasion or incitement will not be invitations or inducements under section 21. Employers may wish to give their employees investment material prepared and *approved* by an *authorised person*. This material may be given under cover of a communication from the employer. If so, the covering communication will not itself be an inducement if all it does is to refer employees to the material and explain what they should do if they wish to act on it, without seeking to persuade or incite them to act. Where the covering communication is itself a *financial promotion* it will need to be *approved* by an *authorised person* provided it is a *non-real time financial promotion* unless an exemption applies. If it is a *real time financial promotion* it cannot be *approved* (see, for example, ~~COB 3.12.2R~~ COBS 4.10.4R). In such cases, an exemption would need to apply. ...
- ...
- 8.14.18 G This exemption allows a *person* in another *EEA State* who lawfully carries on a *controlled activity* in that State to promote into the *United Kingdom*. The terms of the exemption are that the promotion must comply with the *rules* in ~~COB 3~~ COBS 4 or *MCOB 3* (as relevant). ...
- ...

8.19.1 G ...

~~COB 3.13.1R~~ COBS 4.9.4R imposes a similar restriction on *authorised persons* concerning their *communicating* or *approving financial promotions* in the precluded circumstances.

...

8.20.4 G The FSA has made *rules* under section 238(5) which allow *authorised firms* to *communicate* or *approve a financial promotion* for an *unregulated collective investment scheme* in certain specified circumstances. These circumstances are set out in ~~COB 3 Annex 5R~~ and referred to in ~~COB 3.11~~ COBS 4.12.1R. ...

...

10.5 Employers and affinity groups (such as trade unions)

...

Q 48 What are the exemptions that are available to employers?

Where an employer is obliged by law to offer its employees a *stakeholder pension scheme*, any *financial promotion* made for that purpose will be exempt under article 29 of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (“the *Financial Promotion Order*”).

There is also a specific exemption for employers who make financial promotions to their staff in article ~~71~~ 72 of the ~~Financial Promotion Order~~ Financial Promotion Order. This applies, broadly speaking, where:

- the promotion is about a *group personal pension* or a *stakeholder pension scheme*;
- the employer contributes to the pension scheme and discloses details of its contribution to the employee;
- the employer does not obtain any direct commercial benefit from promoting the scheme to its employees; and
- the employer informs the employee in any written promotion of his right to seek independent financial advice from a regulated person.

Q49 Are there any other exemptions available to employers or any that apply to affinity groups?

There are a few exemptions that may be relevant. For example:

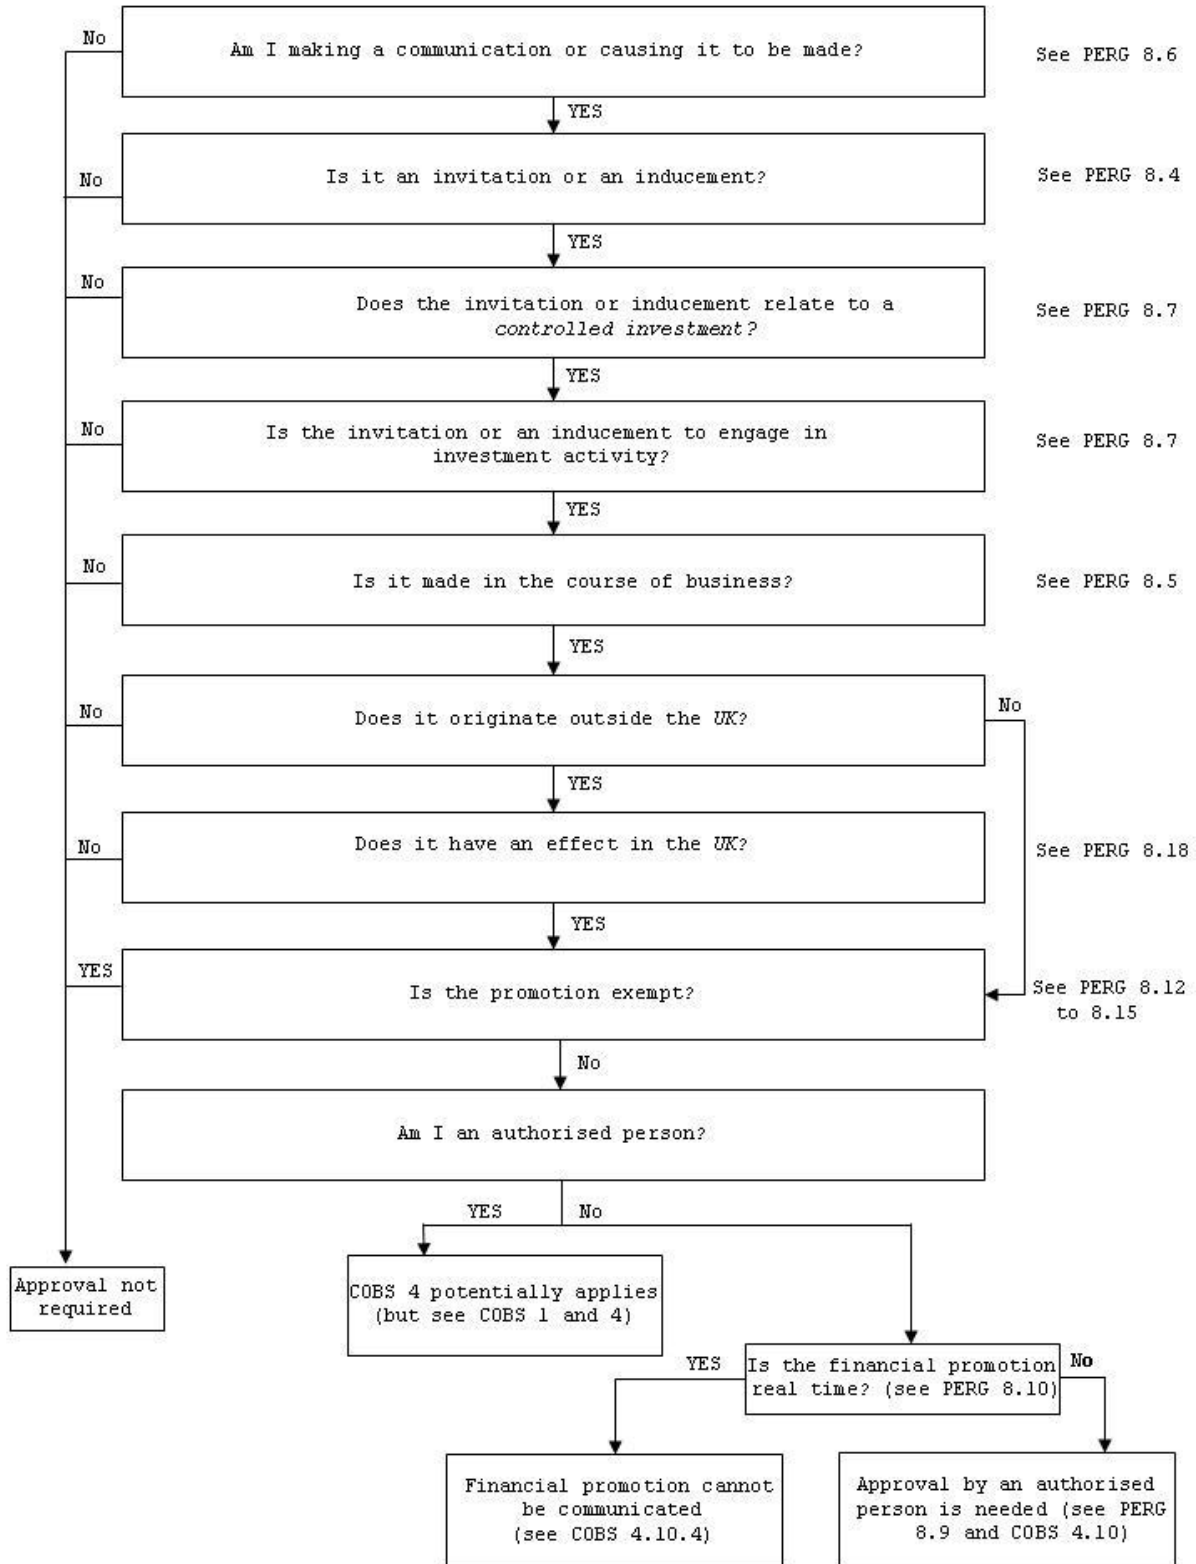

- follow-up promotions, such as may be made after the employer has made a promotion under article ~~71~~ 72 of the ~~Financial Promotion Order~~ Financial

Promotion Order - see article 14 of the ~~Financial Promotion Order~~
Financial Promotion Order; and

- one-off promotions (that is, promotions that take account of the personal circumstances of the recipient) - see articles 28 and 28A of the ~~Financial Promotion Order~~ Financial Promotion Order.

continued

8.36.1 G This flowchart sets out the matters which a *person* will need to consider to see if the restriction in section 21 of the *Act* applies to his communications. It is referred to in *PERG* 8.2.5G.

...

9.10.3 G Promotions made by *authorised persons* in the *United Kingdom* are generally subject to the controls in ~~COB 3 (Financial Promotion)~~ COBS 4 (Communicating with clients, including financial promotions). ...

...

9.10.6 G The *FSA* has also made *rules* under section 238(5) which allow *authorised persons* to *communicate* or *approve* a *financial promotion* for an *open-ended investment company* that is an *unregulated collective investment scheme* (that is, one that does not fall within *PERG* 9.10.4G). The circumstances in which such a communication or approval is allowed are explained in ~~COB 3 Annex 5R (which is introduced by COB 3.11)~~ COBS 4.12.1R.

Amendments to the Threshold Conditions (COND)

In this Annex, underlining indicates new text and striking through indicates deleted text.

- 2.3.6 G (1) Section 420(1) of the *Act* (Parent and subsidiary undertaking) states that, except in relation to an *incorporated friendly society*, '*parent undertaking*' and '*subsidiary undertaking*' have the same meaning as in ~~Part VII of the Companies Act 1985 or Part VIII of the Companies (Northern Ireland) Order 1986~~ the Companies Acts (see section 1162 of, and schedule 7 to, the Companies Act 2006). Annex C

Amendments to the Banking: Conduct of Business sourcebook (BCOBS)

In this Annex, underlining indicates new text and striking through indicates deleted text.

Part 1: Comes into force on 1 November 2009

~~Modifications to~~ Limitations on the general application rule

- 1.1.2 R The general application *rule* is modified in the chapters of this sourcebook for particular purposes.
- 1.1.3 R Except as provided for in *BCOBS* 1.1.4R, this sourcebook does not apply to:
- (1) *payment services where Parts 5 and 6 of the Payment Services Regulations apply*; or
- ...
- 1.1.4 R (1) Chapters 2, 5 and 6 of *BCOBS* (except for *BCOBS* 5.1.11R to *BCOBS* 5.1.19R) apply to *payment services where Parts 5 and 6 of the Payment Services Regulations apply*.
- (2) Chapter 3 of *BCOBS* applies to *payment services where Parts 5 and 6 of the Payment Services Regulations apply* with the modifications set out in *BCOBS* 3.1.2R(2).
- (3) A *firm* will not be subject to *BCOBS* to the extent that it would be contrary to the *United Kingdom's* obligations under ~~the *Payment Services Directive*~~ a European Community instrument.
- 1.1.5 R *BCOBS* 5.1.13R does not apply to a credit union.

Exclusion of liability

- 1.1.6 R A *firm* must not seek to exclude or restrict, or rely on any exclusion or restriction of, any duty or liability it may have to a banking customer unless it is reasonable for it to do so and the duty or liability arises other than under the regulatory system.
- 1.1.7 G The general law, including the *Unfair Terms Regulations*, also limits the scope for a *firm* to exclude or restrict any duty or liability to a consumer.
- ...
- 2.3.8 R ~~If any information refers to a particular tax treatment or rate of interest payable, a *firm* must ensure that it prominently states that the tax treatment or the rate of interest payable depends on the individual circumstances of each banking~~

~~customer and may be subject to change in the future. If a communication or a financial promotion in relation to a retail banking service refers to a particular tax treatment or rate of interest payable, a firm must ensure that a prominent statement that the tax treatment or the rate of interest payable:~~

- (1) depends on the individual circumstances of each banking customer; and
- (2) may be subject to change in the future;

is either included in that communication or financial promotion, or provided to the banking customer on paper or in another durable medium in good time before the banking customer is bound by the contract for that retail banking service.

...

4.1.2 G ...

- (3) ~~Where a firm proposes to make a change to the terms and conditions or charges that apply to a retail banking service that will be to the disadvantage of a banking customer, it should provide reasonable notice to the banking customer before the change takes effect, taking into account the period of notice required by the banking customer to cancel the contract for the retail banking service.~~

Where a firm proposes to exercise a power to make:

- (a) a change to any term or condition of the agreement;
- (b) a change to any charge; or
- (c) a material change to any rate of interest;

that applies to the retail banking service and that will be to the disadvantage of a banking customer, the firm should provide reasonable notice to the banking customer on paper or in another durable medium before the change takes effect, taking into account the period of notice required by the banking customer to terminate the contract for the retail banking service. Whether a change to a rate of interest is “material” should be determined having regard to the size of the balance of the account and the size of the change in the rate.

- (4) Where a firm notifies a banking customer of a material change to a rate of interest that applies to a retail banking service and that will be to the disadvantage of a banking customer, this notification should, where applicable:
 - (a) refer to the fact that the firm offers a comparable retail banking service for which the banking customer is eligible;
 - (b) indicate that the banking customer may move to that retail banking service or a retail banking service provided by another

firm; and

(c) indicate that the *firm* will assist the *banking customer* to move to another *retail banking service* if he wishes to do so.

(5) Where, under a contract for a *retail banking service*, an introductory, promotional or preferential rate of interest applies to the *retail banking service* until a specified future date or the end of a fixed period, a *firm* should, where appropriate, provide notice of the expiry of the application of that rate of interest to the *banking customer* on paper or in another durable medium within a reasonable period before that rate of interest ceases to apply.

(6) In determining whether it is appropriate to provide the notice referred to in (5), a *firm* should consider:

(a) whether there is a material difference between the introductory or promotional rate of interest and the rate of interest that will apply to the *retail banking service* following the expiry of the introductory or promotional rate of interest;

(b) the size of the balance of the account; and

(c) the period of time that has elapsed since the *firm* last provided information to the *banking customer* in relation to the period for which the introductory or promotional rate of interest is applicable and the effect of its expiry.

(7) The general law, including the *Unfair Terms Regulations*, also limits the scope for a *firm* to use or rely on a variation clause in a contract with a *consumer*.

4.1.3 R Where a *rule* in this chapter requires information to be provided on paper or in another *durable medium* before a *banking customer* is bound by the terms and conditions of the contract, a *firm* may instead provide that information in accordance with the distance communication timing requirements (see *BCOBS 3.1.11R* and *BCOBS 3.1.12R*) (if applicable).

4.1.4 G The appropriate information *rule* applies before a *banking customer* is bound by the terms of the contract. It also applies after a *banking customer* has become bound by them. In order to meet the requirements of the appropriate information *rule*, information provided or made available by a *firm* to a *banking customer* should include information relating to:

...

(5A) the time at which any funds placed with or transferred to the *firm* for credit to the *banking customer*'s account will be made available to the *banking customer*;

(6) a *banking customer*'s rights to cancel ...

...

...

- 4.2.2 G A firm should consider indicating the rate or rates of interest that apply to a retail banking service in each statement of account provided or made available to a banking customer in respect of that retail banking service in accordance with BCOBS 4.2.1R.

...

- (2) Where a payment from a banking customer's account was not authorised by the banking customer, a firm must, within a reasonable period, refund the amount of the unauthorised payment to the banking customer and, where applicable, restore the banking customer's account to the state it would have been in had the unauthorised payment not taken place.

Banking customer's liability for unauthorised payments

- 5.1.12 R (1) Subject to (2) and (3), a firm may, in an agreement for a retail banking service, provide for a banking customer to be liable for an amount up to a maximum of £50 for losses in respect of unauthorised payments arising:
- (a) from the use of a lost or stolen payment instrument; or
- (b) where the banking customer has failed to keep the personalised security features of the payment instrument safe, from the misappropriation of the payment instrument.
- (2) A firm may, in an agreement for a retail banking service, provide for a banking customer to be liable for all losses in respect of unauthorised payments:
- (a) where a banking customer has acted fraudulently; or
- (b) (subject to (3)) where a banking customer has intentionally, or with gross negligence, failed to comply with his or her obligations under the agreement for the retail banking service in relation to the issue or use of the payment instrument or to take all reasonable steps to keep its personalised security features safe.
- (3) Except where a banking customer has acted fraudulently, a firm must not, in an agreement for a retail banking service, seek to make a banking customer liable for any losses in respect of unauthorised payments where:
- (a) the unauthorised payment arises after the banking customer has notified the firm of the loss, theft, misappropriation or unauthorised

use of the *payment instrument*;

(b) the *firm* has failed to ensure that appropriate means are available at all times to enable the *banking customer* to notify it of the loss, theft, misappropriation or unauthorised use of a *payment instrument*; or

(c) the *payment instrument* has been used in connection with

(i) a *distance contract*; or

(ii) a *distance selling contract* other than an *excepted contract*.

(4) Except as provided in (1) to (3), a *firm* must not, in an agreement for a *retail banking service*, seek to make a *banking customer* liable for any consequential loss in respect of an unauthorised payment.

Value date

5.1.13 R (1) The reference date used by a *firm* for the purpose of calculating interest on funds credited to an account of a *banking customer* held with it must be no later than:

(a) the *business day* on which the funds are credited to the account of the *firm*; or

(b) in the case of cash placed with a *firm* for credit to a *banking customer's* account in the same currency as that account, immediately after the *firm* receives the funds.

(2) Paragraph (1) does not apply to funds credited to a *banking customer's* account by means of a paper cheque.

Non-execution or defective execution of payments

5.1.14 R (1) Where a *banking customer* claims that a payment has not been correctly executed, it is for the *firm* to prove that the payment was authenticated, accurately recorded, entered in the *firm's* accounts and not affected by a technical breakdown or some other deficiency.

(2) In paragraph (1) “authenticated” means the use of any procedure by which a *firm* is able to verify the use of a specific *payment instrument*, including its personalised security features.

5.1.15 R (1) Where a payment from an account of a *banking customer* is executed in accordance with the *payment routing information* provided in respect of that payment, it shall be treated as correctly executed by each *firm* involved in executing the payment.

(2) Where incorrect *payment routing information* has been provided to a *firm* in respect of a payment:

(a) *BCOBS* 5.1.16R and *BCOBS* 5.1.17R do not apply in relation to that payment; and

(b) the firm must make reasonable efforts to recover the funds involved in the transaction.

(3) A firm and a banking customer may agree on a charge for taking the steps referred to in (2)(b). Any such charge must reasonably correspond to the firm's actual costs.

5.1.16 R (1) Where a banking customer instructs or requests a firm to make a payment from his or her account and the payment is not correctly executed, the firm must, without undue delay:

(a) refund to the banking customer the amount of the non-executed or defective payment; and

(b) where applicable, restore the banking customer's account to the state in which it would have been had the defective payment not taken place;

unless:

(c) the firm can prove that the amount of the payment was received by another firm (referred to in this rule as "firm B") with which the relevant account of the intended recipient is held.

(2) Where (1)(c) applies, firm B must:

(a) immediately make available the amount of the payment to the intended recipient; and

(b) where applicable, credit the corresponding amount to the intended recipient's account.

5.1.17 R Where:

(1) an instruction or request for a payment to be made from a banking customer's account is given by the intended recipient of that payment to a firm;

(2) that firm can prove that it correctly transmitted the instruction or request to the firm with which the relevant account of the banking customer is held (in this rule referred to as "firm A"); and

(3) the payment is not correctly executed;

firm A must, as appropriate and without undue delay:

(4) refund to that banking customer the amount of the payment; and

(5) restore that banking customer's account to the state in which it would have been had the defective payment not taken place.

5.1.18 R Where a *firm* is required to give a refund or take other remedial action under BCOBS 5.1.16R or BCOBS 5.1.17R, it must also refund:

- (1) any charges for which a *banking customer* is responsible; and
- (2) any interest which a *banking customer* must pay;

as a consequence of the non-execution or defective execution of the payment.

5.1.19 R Where the non-execution or defective execution of a payment by a *firm* is due to abnormal and unforeseeable circumstances beyond the *firm*'s control, the consequences of which would have been unavoidable despite all efforts to the contrary, BCOBS 5.1.16R to BCOBS 5.1.18R shall not apply with respect to that incorrectly executed payment.

Annex E

Amendments to the Credit Unions sourcebook (CRED)

In this Annex, underlining indicates new text and striking through indicates deleted text.

1.1 The Credit Unions Sourcebook

...

- 1.1.2 G *CRED* does not encompass the requirements associated with any regulatory *permission* other than a *Part IV permission to accept deposits*. A credit union undertaking deposit-taking activity in relation to retail banking services would need to comply with the requirements in *BCOBS*. There are also additional requirements in the *Handbook* for *credit unions* that are *CTF providers* in relation to *cash deposit CTFs*. Other *permissions* are covered elsewhere in the *Handbook*. Thus, for example, a *credit union* seeking a *permission* to undertake a *regulated mortgage activity* would need to comply with the requirements in *MCOB*, and a *credit union* seeking a *permission* to undertake *insurance mediation activity* in relation to *non-investment insurance contracts* would need to comply with the requirements in *ICOBS*.

...

11.1 Introduction

Conduct of business

- 11.1.1 G (1) The Banking Conduct of Business sourcebook (~~COBS~~ BCOBS) sets out *rules* and *guidance* for *firms* on how they should conduct their business with their *customers*.
- (2) In particular there are *rules* and *guidance* relating to communications with banking customers and *financial promotions* (*BCOBS* 2), distance communications (*BCOBS* 3), information to be communicated to banking customers (*BCOBS* 4), post sale requirements (*BCOBS* 5), and cancellation (*BCOBS* 6).
- (3) Except as provided for in (4), the Conduct of Business sourcebook (*COBS*) does not apply to *accepting deposits*.
- (4) *COBS* 4.6 (Past, simulated past and future performance), *COBS* 4.7.1R (Direct offer financial promotions), *COBS* 4.10 (Systems and controls and approving and communicating financial promotions), *COBS* 13.1 (Preparing product information) and *COBS* 14.2 (Providing product information to clients) apply to *accepting deposits* as set out in those sections.
- (5) *BCOBS* 5.1.13R does not apply to *credit unions* (*BCOBS* 1.1.5R).

- 11.1.2 G (1) ~~The rules and guidance set out in COBS mainly apply to designated investment businesses and have limited application to deposits. [deleted]~~
- (2) ~~The only parts of COBS that set out rules and guidance on deposits, other than for a cash deposit ISA or cash deposit CTF, are the financial promotion rules and those relating to distance contracts for accepting deposits in COBS 5 (Distance contracts) and COBS 15 (Cancellation). Guidance on the way in which those requirements apply to credit unions is set out in CRED 11.4 (Entering into a distance contract for accepting deposits). [deleted]~~

...

Electronic commerce activities

- 11.1.5 G ~~COBS 5.2 BCOBS 3.2~~ (E-Commerce) contains rules applicable to a credit union which carries on an electronic commerce activity; that is, a credit union which accepts deposits, or carries on certain other activities, by way of an information society service.

...

11.2 Financial promotion

...

- 11.2.3 G (1) ~~Where a financial promotion relates to a deposit retail banking service BCOBS 2 applies (other than a cash deposit ISA or cash deposit CTF) only certain parts of the financial promotion rules apply. These are COBS 4.2.1R, COBS 4.5.2R, COBS 4.5.7R, COBS 4.6.2R, COBS 4.6.6R, COBS 4.6.7R, COBS 4.7.1R, COBS 4.10.2R, COBS 4.10.4R, COBS 4.10.5R and COBS 4.10.10R.~~
- (2) Except as provided for in (3) the Conduct of Business sourcebook (COBS) does not apply to a firm with respect to the activity of accepting deposits.
- (3) COBS 4.6 (Past, simulated past and future performance), COBS 4.7.1R (Direct offer financial promotions), COBS 4.10 (Systems and controls and approving and communicating financial promotions), COBS 13 (Preparing product information) and COBS 14 (Providing product information to clients) apply to a firm with respect to the activity of accepting deposits as set out in those provisions, COBS 4.1 and BCOBS.

...

- 11.2.5 G ~~Despite the limited application of COBS to deposits~~ In addition to the rules and guidance contained in BCOBS and the exemptions mentioned in CRED 11.2.4G, financial promotions (including those which are exempt) may be

subject to more general *rules* including *Principle 7* (Communications with clients) and *SYSC 3* (Systems and controls) and the *fair, clear and not misleading rule*.

- 11.2.6 G The requirement on a *firm* under ~~COBS 4.2.1R(1)~~ BCOBS 2.2 is that it must ensure that a *financial promotion* is fair, clear and not misleading. This is supported by further detailed rules including ~~COBS 4.5.2 R~~ BCOBS 2.3.1R:

(1) A *firm* must ensure that information for a *retail client*:

...

- (b) is accurate and in particular does not emphasise any potential benefits of ~~relevant business or a relevant investment~~ a retail banking service without also giving a fair and prominent indication of any relevant risks;

...

...

11.4 Entering into a distance contract for accepting deposits

- 11.4.1 G Those parts of ~~COBS~~ BCOBS that relate to *distance contracts for accepting deposits* will have limited application to a *credit union*. This is because the *Distance Marketing Directive* only applies where there is “an organised distance sales or service-provision scheme run by the supplier” (Article 2(a)). If, therefore, the *credit union* normally operates face to face and has not set up facilities to enable *customers* to deal with it at a distance, such as facilities for a *customer* to deal with it purely by post, telephone, fax or the Internet, the provisions will not be relevant. A one-off transaction dealt with by distance means in order to deal with a particular contingency or emergency will not fall under the ~~COBS~~ BCOBS provisions.

- 11.4.2 G For those *credit unions* to which the provisions in ~~COBS~~ BCOBS will apply, the provisions which are of particular relevance concern the distance communications provisions (~~COBS 5~~ BCOBS 3), pre-contract information (~~COBS 6, COBS 13 and COBS 14~~ BCOBS 4), cancellation rights (~~COBS 15~~ BCOBS 6) and the *financial promotion rules* (CRED 11.2). If the *credit union* provides *cash deposit ISAs* or *cash deposit CTFs* further rules may apply.

Pre-contract disclosure requirements

- 11.4.3 G ~~COBS 5.1~~ BCOBS 3.1 sets out the basic ~~requirement~~ requirements that ~~applies~~ apply before a *credit union* enters into a *distance contract for accepting deposits*. The *credit union* has to ensure that the terms on which it will conduct business, including, in particular, certain required information, is provided to a *consumer* (~~which means an individual, acting for purposes which are outside his trade, business or profession~~) in good time (~~that is, in sufficient time to enable a customer to consider properly the services on offer~~) in a *durable medium*, before the *retail customer* is bound by the

distance contract or offer, unless certain exemptions apply.

- 11.4.4 G The required information is the contractual terms and conditions and the other information set out in ~~COBS 5 Annex 1R~~ BCOBS 3 Annex 1R, and covers basic information about the *credit union*, the main characteristics of the service on offer, the price, details about any distance contract such as its duration, cancellation rights and any other early termination rights and penalties, and information about out-of-court complaints and compensation arrangements.

Exemptions

- 11.4.5 G The exemptions referred to in *CRED* 11.4.3G are set out in ~~COBS 5.1~~ BCOBS 3.1. They are relevant:
- (1) where the contract is concluded by telephone and the *consumer* gives explicit consent to receiving a more limited range of information: ~~COBS 5.1.12R~~ BCOBS 3.1.11R sets out the information to be provided in such cases. ~~Full information has to be provided, in a durable medium, immediately after conclusion of the distance contract (COBS 5.1.13R);~~
 - (2) where a means of communication (~~other than telephone~~) is used at the consumer's request which does not enable provision of required information in a *durable medium* before ~~conclusion of the contract~~ the consumer is bound by any distance contract or offer; in this case full information must also be provided in a *durable medium* immediately after conclusion of the *distance contract* (~~COBS 5.1.13R~~ BCOBS 3.1.12R);
 - (3) where there is an initial service agreement and the contract is in relation to a successive or separate operation of the same nature under that agreement (BCOBS 3.1.9R to BCOBS 3.1.10R), ~~or there is no initial service agreement and the contract is in relation to a successive or separate operation of the same nature and is being performed no more than one year from the date of performance of the last operation (COBS 5.1.8R, COBS 5.1.9R and COBS 5.1.10G).~~

...

Cancellation

- 11.4.7 G A *consumer* has a right to cancel a ~~distance contract~~ contract for ~~accepting deposits a retail banking service~~ without giving any reasons and without penalty. The right to cancel has to be exercised within 14 days of the day of the conclusion of the contract or the day on which he received the contractual terms and conditions, if later (~~COBS 15.2.1R~~ BCOBS 6.1.1R).
- 11.4.8 G The only exemptions from the right to cancel are when:
- (1) ~~the price of the service depends on fluctuations in the financial market outside the credit union's control which may occur during the~~

~~cancellation period~~ a contract (other than a *cash deposit ISA*) where the rate or rates of interest payable on the *deposit* are fixed for a period of time following conclusion of the contract; or

- (2) ~~the contract has already been fully performed with the consumer consent before he exercises his right to cancel~~ a contract whose price depends on fluctuations in the financial market outside the firm's control that may occur during the cancellation period; or
- (3) ~~the credit union has an initial service agreement with the consumer and the contract is in relation to a successive operation or separate operation of the same nature under that agreement (see COBS 15.2.1R)~~ a cash deposit CTF (other than a distance contract).

- 11.4.9 G The effects of cancellation are set out in ~~COBS 15.4~~ BCOBS 6.3 (Effects of cancellation). Unless the contract relates to a *cash deposit ISA* or a *cash deposit CTF*, the *credit union* has to return, no later than 30 days after the date it received notice of cancellation, any sums paid by the customer in connection with the contract. The *customer* can be required to pay for any services provided up to the date of cancellation, provided that the sums are in proportion to the extent of the services actually provided and could not be construed as a penalty. No payment can be required if the *credit union* cannot prove that a *customer* was told the amount that would be payable as ~~part of the pre-contract information~~ or if the *credit union* starts performance of the contract before expiry of the cancellation period without the *customer's* prior consent.
- 11.4.10 G ~~If there are other ancillary distance contracts related to the first, those ancillary contracts may also be cancelled automatically when a consumer exercises a right to cancel (see COBS 15). [deleted]~~
- 11.4.11 G This *guidance* is not a substitute for, and should be read in conjunction with, the requirements contained in the relevant parts of ~~COBS~~ BCOBS.

1.4.1 R (1) If it appears to the *FSA* that there is, or there may be, a breach of the *listing rules* or the *disclosure rules* and *transparency rules* by an *issuer* with a *primary premium listing*, the *FSA* may in writing require the *issuer* to appoint a *sponsor* to advise the *issuer* on the application of the *listing rules*, *the disclosure rules* and *the transparency rules*.

1.5 Standard and Premium Listing

Standard and premium listing explained

- 1.5.1 G (1) Under the *listing rules* each *issuer* must satisfy the requirements in the rules that are specified to apply to it and its relevant *securities*. In some cases a *listing* is described as being either a *standard listing* or a *premium listing*.
- (2) A *listing* that is described as a *standard listing* sets requirements that are based on the minimum EU directive standards. A *listing* that is described as a *premium listing* will include requirements that exceed those required under relevant EU directives.
- (3) *Premium listing* exists for *equity securities* of commercial companies, *closed-ended investment funds* and *open-ended investment companies*. Any other *listing* will be a *standard listing*.
- (4) In one case, for *equity securities* of a commercial company, an *issuer* will have a choice under the *listing rules* as to whether it has a *standard listing* or a *premium listing*. The type of *listing* it applies for will therefore determine the requirements it must comply with.
- (5) *LR 5.4A* provides a process for the transfer of the category of *listing* of *equity securities*.

Misleading statements about status

- 1.5.2 R An *issuer* that is not an issuer with a *premium listing* of its *securities* must not describe itself or hold itself out (in whatever terms) as having a *premium listing* or make any representation which suggests, or which is reasonably likely to be understood as suggesting, that it has a *premium listing* or complies or is required to comply with the requirements that

apply to a *premium listing*.

5.4A Transfer between listing categories: Equity securities

Application

- 5.4A.1 R This section applies to an *issuer* that wishes to transfer its category of *equity securities listing* from:
- (1) a *standard listing (commercial company)* to a *premium listing (commercial company)*; or
 - (2) a *standard listing (commercial company)* to a *premium listing (investment company)*; or
 - (3) a *premium listing (commercial company)* to a *standard listing (commercial company)*; or
 - (4) a *premium listing (investment company)* to a *premium listing (commercial company)*; or
 - (5) a *premium listing (commercial company)* to a *premium listing (investment company)*; or
 - (6) a *premium listing (investment company)* to a *standard listing (commercial company)*.
- 5.4A.2 G An *issuer* will only be able to transfer a *listing* of its *equity securities* from a *premium listing (investment company)* to a *standard listing (commercial company)* if it has ceased to be an *investment entity* (for example if it has become a commercial company). This is because *LR 14.1.1R* provides that *LR 14* does not apply to an *investment entity*.

Initial notification to FSA

- 5.4A.3 R
- (1) If an *issuer* wishes to transfer its category of *equity securities listing* it must notify the *FSA* of the proposal.
 - (2) The notification must be made as early as possible and in any event not less than 20 business days before it sends the *circular* required under *LR 5.4A.4R(2)(a)* or publishes the announcement required under *LR 5.4A.5R(2)*.
 - (3) The notification must include:
 - (a) an explanation of why the *issuer* is seeking the transfer;
 - (b) if a *sponsor's* letter is not required under *LR 8.4.14R(1)*, an eligibility letter setting out how the *issuer* satisfies each *listing rule* requirement relevant to the category of *listing*

to which it wishes to transfer;

- (c) a proposed timetable for the transfer; and
- (d) if an announcement is required to be published under *LR 5.4A.5R(2)*, a draft of that announcement.

Shareholder approval required in certain cases

- 5.4A.4 R (1) This rule applies to a transfer of the *listing of equity securities* into or out of the category of *premium listing (investment company)* or a transfer of the *listing of equity securities* out of the category of *premium listing (commercial company)*.
- (2) The *issuer* must:
- (a) send a *circular* to the holders of the *equity securities*;
 - (b) notify a *RIS*, at the same time as the circular is despatched to the relevant holders of the *equity securities*, of the intended transfer and of the notice period and meeting date;
 - (c) obtain at a general meeting, the prior approval of a resolution for the transfer from not less than 75% of the holders of the *equity securities* as (being entitled to do so) vote in person or, where proxies are allowed, by proxy; and
 - (d) notify a *RIS* of the passing of the resolution.

Announcement required in other cases

- 5.4A.5 R (1) This rule applies to any transfer of a *listing of equity securities* other than a transfer referred to in *LR 5.4A.4R(1)*.
- (2) The *issuer* must publish an announcement on a *RIS* giving notice of its intention to transfer its listing category.

Approval and contents of circular

- 5.4A.6 R The *circular* referred to in *LR 5.4A.4R* must:
- (1) comply with the requirements of *LR 13.1*, *LR 13.2* and *LR 13.3*;
 - (2) be approved by the *FSA* before it is circulated or published; and
 - (3) include the anticipated transfer date (which must be not less than 20 business days after the passing of the resolution under *LR 5.4A.4R*).

Approval and contents of announcement

- 5.4A.7 R The announcement referred to in *LR 5.4A.5R(2)* must:

- (1) contain the same substantive information as would be required under *LR* 13.1 and *LR* 13.3 if it were a *circular* but modified as necessary so it is clear that no shareholder vote is required; and
- (2) include the anticipated transfer date (which must be not less than 20 business days after the date the announcement is published).

5.4A.8 R The announcement must be approved by the *FSA* before it is published.

Specific information required in circular or announcement

5.4A.9 G Information required under *LR* 13.3.1R(1) (Contents of all circulars) to be included in the *circular* or announcement should include an explanation of:

- (1) the background and reasons for the proposed transfer;
- (2) any changes to the *issuer's* business that have been made or are proposed to be made in connection with the proposal;
- (3) the effect of the transfer on the *issuer's* obligations under the *listing rules*;
- (4) how the *issuer* will meet any new eligibility requirements, for example working capital requirements, that the *FSA* must be satisfied of under *LR* 5.4A.12R(3); and
- (5) any other matter that the *FSA* may reasonably require.

Applying for the transfer

5.4A.10 R If an *issuer* has initially notified the *FSA* under *LR* 5.4A.3R it may apply to the *FSA* to transfer the *listing* of its *equity securities* from one category to another. The application must include:

- (1) the *issuer's* name;
- (2) details of the *equity securities* to which the transfer relates;
- (3) the date on which the *issuer* wishes the transfer to take effect;
- (4) a copy of any *circular*, announcement or other document on which the *issuer* is relying;
- (5) if relevant, evidence of any resolution required under *LR* 5.4A.4R;
- (6) if an agent is making the application on the *issuer's* behalf, confirmation that the agent has the *issuer's* authority to do so;
- (7) the name and contact details of the person at the *issuer* (or, if appropriate an agent) with whom the *FSA* should liaise in relation to the application; and

- (8) a copy of any announcement the *issuer* proposes to notify to a *RIS* informing the market that the transfer has taken place.

Issuer must comply with eligibility requirements

- 5.4A.11 R (1) An *issuer* applying for a transfer of its *equity securities* must comply with all eligibility requirements that would apply if the *issuer* was seeking admission to *listing* of the *securities* to the category of *listing* to which it wishes to transfer.
- (2) For the purposes of applying the eligibility requirements referred to in (1) to a transfer then, unless the context otherwise requires, a reference in such a requirement:
- (a) to the admission of *securities* is to be taken to be a reference to the transfer of the *securities*; and
- (b) to a *prospectus* or *listing particulars* is to be taken to be a reference to the *circular* or announcement.

Approval of transfer

- 5.4A.12 R If an *issuer* applies under *LR* 5.4A.10R, the *FSA* may approve the transfer if it is satisfied that:
- (1) the *issuer* has complied with *LR* 5.4A.4R or *LR* 5.4A.5R (whichever is relevant);
- (2) the 20 business day period referred to in *LR* 5.4A.6R or *LR* 5.4A.7R (whichever is relevant) has elapsed; and
- (3) the *issuer* and the *equity securities* will comply with all eligibility requirements that would apply if the *issuer* was seeking admission to *listing* of the *securities* to the category of *listing* to which it wishes to transfer.
- 5.4A.13 G The *FSA* will not generally reassess compliance with eligibility requirements (for example *LR* 6.1.16R (Working capital) if the *issuer* has previously been assessed by the *FSA* as meeting those requirements under its existing *listing* category when its *equity securities* were *listed*.

When transfer takes effect

- 5.4A.14 R (1) If the *FSA* approves a transfer of a *listing* then it must announce its decision on a *RIS*.
- (2) The transfer becomes effective when the *FSA*'s decision to approve is announced on the *RIS*.
- (3) The *issuer* must continue to comply with the requirements of its existing category of *listing* until the decision is announced on the

RIS.

- (4) After the decision is announced the *issuer* must comply with the requirements of the category of *listing* to which it has transferred.

Directive obligations

- 5.4A.15 G An *issuer* may take steps, in connection with a transfer, which require it to consider whether a *prospectus* is necessary, for example, if the *company* or its capital is reconstituted in a way that could amount to an *offer of transferable securities to the public*. The *issuer* and its advisers should consider whether directive obligations may be triggered.

Transfer as an alternative to cancellation

- 5.4A.16 G There may be situations in which an *issuer's* business has changed over a period of time so that it no longer meets the requirements of the applicable *listing* category against which it was initially assessed for *listing*. In those situations, the *FSA* may consider cancelling the *listing* of the *securities* or suggest to the *issuer* that, as an alternative, it applies for a transfer of its *listing* category.

Amend the following as shown.

[Note: The Sponsor's Declaration for a transfer can be found on the UKLA section of the FSA website.]

8.4.15 R A sponsor must not submit to the FSA on behalf of an issuer a final *circular* or announcement for approval or a Sponsor's Declaration for a transfer, unless it has come to a reasonable opinion, after having made due and careful enquiry, that:

Annex B

Amendments to the Prudential sourcebook for Banks, Building Societies and Investment Firms (BIPRU)

In this Annex, the text is all new and is not underlined.

After BIPRU 11, insert the following new chapter.

12 Liquidity standards

12.1 Application

- 12.1.1 R Subject to *BIPRU 12.1.2R*, *BIPRU 12* applies to:
- (1) a *BIPRU firm*;
 - (2) an *incoming EEA firm* which:
 - (a) is a *full BCD credit institution*; and
 - (b) has a *branch* in the *United Kingdom*; and
 - (3) a *third country BIPRU firm* which:
 - (a) is a *bank*; and
 - (b) has a *branch* in the *United Kingdom*.
- 12.1.2 R *BIPRU 12.5* (Individual Liquidity Adequacy Standards), *BIPRU 12.6* (Simplified ILAS), *BIPRU 12.7* (Liquid assets buffer) and *BIPRU 12.9* (Individual liquidity guidance and regulatory intervention points) apply only to an *ILAS BIPRU firm*.
- 12.1.3 G A *firm* that is an *exempt full scope BIPRU investment firm* is not an *ILAS BIPRU firm*.
- 12.1.4 R
- (1) An *exempt full scope BIPRU investment firm* is a *full scope BIPRU investment firm* that at all times has total net assets which are less than or equal to £50 million.
 - (2) In this *rule*, total net assets are the sum of a *firm's* total *trading book* assets and its total *non-trading book* assets, less the sum of its called up share capital, reserves and minority interests.
 - (3) For the purpose of (2), the value attributed to each of the specified balance sheet items must be that which is reported to the *FSA* in the *firm's* most recent *FSA001 data item*.

- 12.1.5 G The effect of *BIPRU* 12.1.4R is therefore to require the *firm* to sum the values of cell entries 20A and 20B in *data item* FSA001 and deduct from that total the sum of the values of cell entries 42, 43 and 44 in the same *data item*.
- 12.1.6 G There are some provisions in other sections of *BIPRU* 12 which apply only to an *ILAS BIPRU firm*. Where this is the case, the provision in question says so.
- 12.1.7 R In relation to an *incoming EEA firm* or a *third country BIPRU firm*, this chapter applies only with respect to the activities of the *firm's UK branch*.

12.2 Adequacy of liquidity resources

The overall liquidity adequacy rule

- 12.2.1 R (1) A *firm* must at all times maintain liquidity resources which are adequate, both as to amount and quality, to ensure that there is no significant risk that its liabilities cannot be met as they fall due.
- (2) For the purpose of (1):
- (a) a *firm* may not include liquidity resources that can be made available by other members of its *group*;
- (b) an *incoming EEA firm* or a *third country BIPRU firm* may not, in relation to its *UK branch*, include liquidity resources other than those which satisfy the conditions in *BIPRU* 12.2.3R;
- (c) a *firm* may not include liquidity resources that may be made available through emergency liquidity assistance from a central bank (including the European Central Bank).
- 12.2.2 G *BIPRU* 12.2.1R is the *overall liquidity adequacy rule*.

Branch liquidity resources

- 12.2.3 R The conditions to which *BIPRU* 12.2.1R(2)(b) refers are that the *firm's* liquidity resources are:
- (1) under the day-to-day control of the *UK branch's* senior management;
- (2) held in an account with one or more *custodians* in the sole name of the *UK branch*;

- (3) unencumbered; and
- (4) for the purpose of the *overall liquidity adequacy rule* only, attributed to the balance sheet of the *UK branch*.

12.2.4 G The effect of *BIPRU* 12.2.1R(2)(b) and *BIPRU* 12.2.3R is to require an *incoming EEA firm* or a *third country BIPRU firm* to maintain a local operational liquidity reserve in relation to the activities of its *UK branch*. *BIPRU* 12.9 contains further *guidance* on this point.

Liquidity resources: general

12.2.5 G For the purposes of the *overall liquidity adequacy rule*, liquidity resources are not confined to the amount or value of a *firm's* marketable, or otherwise realisable, assets. Rather, in assessing the adequacy of those resources, a *firm* should have regard to the overall character of the resources available to it which enable it to meet its liabilities as they fall due. Therefore, for the purposes of that *rule*, a *firm* should ensure that:

- (1) it holds sufficient assets which are marketable, or otherwise realisable;
- (2) it is able to generate funds from those assets in a timely manner;
- (3) it maintains a prudent funding profile in which its assets are of appropriate maturities, taking account of the expected timing of that *firm's* liabilities; and
- (4) it is able to generate unsecured funding of appropriate tenor in a timely manner.

12.2.6 G The *overall liquidity adequacy rule* is expressed to apply to each *firm* on a solo basis. Each *firm* must be able to satisfy that *rule* relying solely on its own liquidity resources. Where the *firm* is an *incoming EEA firm* or a *third country BIPRU firm*, compliance with the *overall liquidity adequacy rule* with respect to the *UK branch* must be achieved relying solely on liquidity resources that satisfy the conditions in *BIPRU* 12.2.3R.

12.2.7 G The starting point, therefore, is that each *firm*, or where relevant its *UK branch*, must be self-sufficient in terms of its own liquidity adequacy. The *FSA* does, however, recognise that there are circumstances in which it may be appropriate for a *firm* or *branch* to rely on liquidity support provided by other entities in its *group* or from elsewhere within the *firm*. A *firm* wishing to rely on support of this kind, whether for itself or for its *UK branch*, may only do so with the consent of the *FSA*, given by way of a *waiver* under section 148 (Modification or waiver of rules) of the *Act* to the *overall liquidity adequacy rule*.

Liquid assets buffer and funding profile

- 12.2.8 R For the purposes of the *overall liquidity adequacy rule*, an *ILAS BIPRU firm* must also ensure that:
- (1) its liquidity resources contain an adequate buffer of high quality, unencumbered assets; and
 - (2) it maintains a prudent funding profile.
- 12.2.9 G The purpose of *BIPRU 12.2.8R* is to ensure that an *ILAS BIPRU firm* has a buffer of liquid assets which are available to meet those liabilities which fall due in periods of stress experienced by that *firm*. Those periods of stress may be both market-wide and idiosyncratic in nature. The *FSA* acknowledges that in periods of stress a *firm's* liquid assets buffer may be eroded.
- 12.2.10 G The *FSA* recognises, however, that it may take time for a *firm* to build a buffer which is of a sufficient size and quality to help reduce the effect of periods of stress on the *firm*. In particular, the *FSA* recognises that the transition from the *FSA's* liquidity regime in force immediately prior to the *BIPRU 12* regime is likely to be a gradual one for many *firms*. The *FSA* will seek to agree with a *firm* an appropriate period of time over which its liquid assets buffer ought to be built. The *FSA* will, in any event, incorporate into the *individual liquidity guidance* which it gives to the *firm* details of the steps that it expects the *firm* to take so that it may establish an appropriately robust liquid assets buffer.
- 12.2.11 R In complying with *BIPRU 12.2.8R*, a *simplified ILAS BIPRU firm* must ensure that its liquid assets buffer is at least equal to the amount of liquidity resources required by the *simplified buffer requirement*.
- 12.2.12 G The *FSA* is likely to regard a *simplified ILAS BIPRU firm* whose liquid assets buffer accords with the *simplified buffer requirement* as having an adequate buffer of assets and a prudent funding profile for the purpose of *BIPRU 12.2.8R*. Further *guidance* on this matter is provided in *BIPRU 12.6.5G*.
- 12.2.13 G *BIPRU 12.7* contains more detailed *rules* and *guidance* about the type of assets that an *ILAS BIPRU firm* is permitted to hold in order to satisfy *BIPRU 12.2.8R*.

Individual assessments of liquidity adequacy

- 12.2.14 G The adequacy of an *ILAS BIPRU firm's* liquidity resources needs to be assessed both by that *firm* and by the *FSA*. This process involves:
- (1) in the case of a *standard ILAS BIPRU firm*, an *Individual Liquidity Adequacy Assessment (ILAA)* which such a *firm* is obliged to carry out in accordance with *BIPRU 12.5*;
 - (2) in the case of a *simplified ILAS BIPRU firm*, an *Individual Liquidity Systems Assessment (ILSA)* which such a *firm* is obliged

to carry out in accordance with *BIPRU* 12.6; and

- (3) a *Supervisory Liquidity Review Process (SLRP)*, which is conducted by the *FSA*.

- 12.2.15 G *BIPRU* 12.5 sets out the *ILAS* framework. That section describes some of the stress tests that a *standard ILAS BIPRU firm* must carry out in conducting its *ILAA* and identifies a number of sources of *liquidity risk* in relation to which a *firm* is required to assess the impact of those stresses. For a *standard ILAS BIPRU firm*, the requirements in *BIPRU* 12.5 are in addition to the stress testing requirements in *BIPRU* 12.4. The *rules* in *BIPRU* 12.5 require a *standard ILAS BIPRU firm* to report the results of both sets of stress tests in its *ILAA*, while the *rules* in *BIPRU* 12.6 require a *simplified ILAS BIPRU firm* to report those results in its *ILSA*.
- 12.2.16 G As part of its *SLRP*, the *FSA* will, having regard to the *liquidity risk* profile of the *firm*, consider:
- (1) the adequacy, both as to amount and quality, of the liquidity resources (including the liquid assets buffer) held by the *firm*; and
 - (2) the degree of prudence reflected in the *firm's* funding profile.
- 12.2.17 G In assessing the adequacy of those resources, the *FSA* will consider a *firm's* overall ability to generate funding in a way that ensures that it can meet its liabilities as they fall due both in stressed and in ordinary business conditions.
- 12.2.18 G After completing a review of the *ILAA* as part of the *SLRP*, the *FSA* will give a *standard ILAS BIPRU firm individual liquidity guidance*, advising it of the amount and quality of liquidity resources which the *FSA* considers are appropriate having regard to the *liquidity risk* profile of the *firm*. In giving *individual liquidity guidance*, the *FSA* will also advise the *firm* of what it considers to be a prudent funding profile for the *firm*. In giving the *firm individual liquidity guidance* as to its funding profile, the *FSA* will consider the extent to which the *firm's* liabilities are adequately matched by assets of appropriate maturities. Although the *FSA* may have given a *firm individual liquidity guidance*, this does not remove the need for the *firm* to monitor its *liquidity risk* profile on an ongoing basis and to consider whether it should be holding liquidity resources that are greater in amount or higher in quality, or maintaining a more prudent funding profile, than those advised in its *individual liquidity guidance*.
- 12.2.19 G *BIPRU* 12.5 sets out in greater detail the *FSA's ILAS* regime. *BIPRU* 12.9 sets out in greater detail the *FSA's* process for issuing an *ILAS BIPRU firm* with *individual liquidity guidance* and its approach to monitoring a *firm's* adherence to that *guidance* or, as the case may be, to the *simplified buffer requirement*.

12.3 Liquidity risk management

- 12.3.1 G The approach taken in *BIPRU* 12.3 is to set out:
- (1) overarching systems and controls provisions in relation to a *firm's* management of its *liquidity risk*;
 - (2) provisions outlining the responsibilities of that *firm's governing body* and *senior managers* for the oversight of *liquidity risk*;
 - (3) more detailed provisions covering a number of specific areas, including:
 - (a) pricing *liquidity risk*;
 - (b) intra-day management of liquidity;
 - (c) management of collateral;
 - (d) management of liquidity across legal entities, business lines and currencies; and
 - (e) funding diversification and market access.
- 12.3.2 G *BIPRU* 12.4 contains further *rules* and *guidance* on stress testing and *contingency funding plans*. These are both extensions of the overarching systems and controls provisions in *BIPRU* 12.3. In formulating the *rules* and *guidance* in these two sections, the *FSA* has taken account of the “Principles for Sound Liquidity Management and Supervision” dated September 2008 issued by the Basel Committee on Banking Supervision. It is intended that the content of *BIPRU* 12.3 and *BIPRU* 12.4 be consistent with those Principles.
- 12.3.3 G *BIPRU* 12.5.4R provides that, in relation to a *standard ILAS BIPRU firm*, it must include in its *ILAA* an assessment of its compliance with the standards set out in *BIPRU* 12.3 and *BIPRU* 12.4, including the results of the stress tests required by the *rules* in *BIPRU* 12.4. A *simplified ILAS BIPRU firm* is not subject to *BIPRU* 12.5 and consequently it is not required to prepare an *ILAA*. Instead, the *rules* in *BIPRU* 12.6 provide that such a *firm* is to carry out an *ILSA*, being alone an assessment of that *firm's* compliance with the standards set out in *BIPRU* 12.3 and *BIPRU* 12.4.

Overarching liquidity systems and controls requirements

- 12.3.4 R A *firm* must have in place robust strategies, policies, processes and systems that enable it to identify, measure, manage and monitor *liquidity risk*, including those which enable it to assess and maintain on an ongoing basis the amounts, types and distribution of liquidity resources that it considers adequate to cover:

- (1) the nature and level of the *liquidity risk* to which it is or might be exposed;
 - (2) the risk that the *firm* cannot meet its liabilities as they fall due; and
 - (3) in the case of an *ILAS BIPRU firm*, the risk that its liquidity resources might in the future fall below the level, or differ from the quality and funding profile, of those resources advised as appropriate by the *FSA* in that *firm's individual liquidity guidance* or, as the case may, its *simplified buffer requirement*.
- 12.3.5 R The strategies, policies, processes and systems required by *BIPRU* 12.3.4R must be comprehensive and proportionate to the nature, scale and complexity of a *firm's* activities.
- 12.3.6 E
- (1) A *firm* should ensure that it has in place a robust framework to project fully over an appropriate set of time horizons cash flows arising from assets, liabilities and off-balance sheet items.
 - (2) A *firm* should ensure that its strategies, policies, processes and systems in relation to *liquidity risk* support the *liquidity risk* tolerance established by its *governing body* in accordance with *BIPRU* 12.3.8R.
 - (3) A *firm* should ensure that its strategies, policies, processes and systems in relation to *liquidity risk* enable it to identify, measure, manage and monitor its *liquidity risk* positions for:
 - (a) all sources of contingent liquidity demand (including those arising from off-balance sheet activities);
 - (b) all currencies in which that *firm* is active; and
 - (c) correspondent, custody and settlement activities.
 - (4) A *firm* should ensure that it sets limits to control its *liquidity risk* exposure within and across lines of business and legal entities.
 - (5) A *firm* should ensure that it has in place early warning indicators to identify immediately the emergence of increased *liquidity risk* or vulnerabilities, including indicators that signal whether embedded triggers in funding or security arrangements such as warranties, covenants, events of default, conditions precedent or terms having similar effect are likely to, or will, be breached, occur or fail to be satisfied, or contingent risks will or are likely to crystallise, in either case with the result that access to liquidity resources may be impaired.
 - (6) A *firm* should ensure that it has in place reliable management information systems to provide its *governing body*, *senior*

managers and other appropriate personnel with timely and forward-looking information on the liquidity position of the *firm*.

- (7) Contravention of any of (1) to (6) may be relied upon as tending to establish contravention of *BIPRU* 12.3.4R.

- 12.3.7 G As well as the *rules* in *BIPRU* 12.3 requiring a *firm* to have robust systems to enable it to identify, measure, manage and monitor *liquidity risk*, an *ILAS BIPRU firm* is also subject to obligations in *SUP* 16 (Reporting requirements) requiring it to report quantitative data about its liquidity position to the *FSA*. That chapter of *SUP* sets out the applicable *data items* and the *rules* governing the frequency of their submission to the *FSA*. Absent a *firm-specific liquidity stress* or a *market liquidity stress*, the *rules* in *SUP* 16 do not require daily reporting of *data items*. An *ILAS BIPRU firm* should, however, note that those *rules* do require that it has systems in place to ensure that it is able at all times to meet the requirements for daily reporting of applicable *data items* even if there is no *firm-specific liquidity stress* or *market liquidity stress* and none is expected.

Governing body and senior management oversight: liquidity risk tolerance

- 12.3.8 R A *firm* must ensure that:
- (1) its *governing body* establishes that *firm's liquidity risk* tolerance and that this is appropriately documented; and
 - (2) its *liquidity risk* tolerance is appropriate for its business strategy and reflects its financial condition and funding capacity.

- 12.3.9 G As part of the *SLRP*, the *FSA* will assess the appropriateness of the *liquidity risk* tolerance adopted by an *ILAS BIPRU firm* to ensure that this risk tolerance is consistent with maintenance by the *firm* of adequate liquidity resources for the purpose of the *overall liquidity adequacy rule*. The *FSA* will expect a *firm* to provide it with an adequately reasoned explanation for the level of *liquidity risk* which that *firm's governing body* has decided it should assume. In assessing the appropriateness of the *liquidity risk* tolerance adopted by a *firm*, the *FSA* will consider whether the tolerance adopted is consistent with the *firm's* satisfaction of *threshold condition 5 (COND 2.5.7G(6))*. Consistent with the *FSA's* statutory objectives under the *Act*, in assessing the appropriateness of a *firm's* adopted *liquidity risk* tolerance the *FSA* will also have regard to the role and importance of a *firm* in the *financial system*.

Governing body and senior management oversight: approval and review of arrangements

- 12.3.10 R A *firm* must ensure that its *governing body* approves the *firm's* strategies, policies, processes and systems relating to the management of *liquidity risk*, including those described in *BIPRU* 12.3.4R.

- 12.3.11 R A *firm* must ensure that its *governing body* reviews regularly (and not less frequently than annually):
- (1) the continued adequacy of any strategies, policies, processes and systems approved in accordance with *BIPRU* 12.3.10R; and
 - (2) the *firm's liquidity risk* tolerance.
- 12.3.12 R A *firm* must ensure that its *senior managers*:
- (1) continuously review that *firm's* liquidity position, including its compliance with the *overall liquidity adequacy rule*; and
 - (2) report to its *governing body* on a regular basis adequate information as to that *firm's* liquidity position and its compliance with the *overall liquidity adequacy rule* and with *BIPRU* 12.3.4R.
- 12.3.13 G Although a *firm's senior managers* are likely to develop strategies, policies and practices for the management of that *firm's liquidity risk*, it is the responsibility of a *firm's governing body* to approve those strategies, policies and practices as adequate. In determining the adequacy of those strategies, policies and practices, a *firm's governing body* should have regard to that *firm's liquidity risk* tolerance established in accordance with *BIPRU* 12.3.8R.
- 12.3.14 G The *FSA* will assess the adequacy of an *ILAS BIPRU firm's liquidity risk* management framework as part of the *SLRP*.

Pricing liquidity risk

- 12.3.15 E
- (1) In relation to all significant business activities, a *firm* should ensure that it accurately quantifies liquidity costs, benefits and risks and fully incorporates them into:
 - (a) product pricing;
 - (b) performance measurement and incentives; and
 - (c) the approval process for new products.
 - (2) For the purposes of (1), a *firm* should ensure that it:
 - (a) includes significant business activities whether or not they are accounted for on-balance sheet; and
 - (b) carries out the exercise of quantification and incorporation both in normal financial conditions and under the stresses required by *BIPRU* 12.4.1R.
 - (3) A *firm* should ensure that the liquidity costs, benefits and risks are clearly and transparently attributed to business lines and are

understood by business line management.

- (4) Contravention of any of (1), (2) or (3) may be relied upon as tending to establish contravention of *BIPRU* 12.3.4R.

- 12.3.16 G The incorporation of liquidity pricing into a *firm's* processes assists in aligning the risk-taking incentives of individual business lines within that *firm* with the *liquidity risk* to which the *firm* as a whole is exposed as a result of their activities. It is important that all significant business activities are addressed, including activities which involve the creation of contingent exposures which may not have an immediate balance sheet impact.

Intra-day management of liquidity

- 12.3.17 R A *firm* must actively manage its intra-day liquidity positions and any related risks so that it is able to meet its payment and settlement obligations on a timely basis.
- 12.3.18 G In complying with *BIPRU* 12.3.17R, a *firm* should take into account all obligations arising from its acting as a custodian, a correspondent bank or a settlement agent.
- 12.3.19 R For the purposes of *BIPRU* 12.3.17R, a *firm* must ensure that:
- (1) it is able to meet its payment and settlement obligations on a timely basis under both normal financial conditions and under the stresses required by *BIPRU* 12.4.1R; and
 - (2) its arrangements for the management of intra-day liquidity enable it to identify and prioritise the most time-critical payment and settlement obligations.
- 12.3.20 G The *FSA* considers that a *firm's* ability to meet its payment and settlement obligations on an intra-day basis is important not just for that *firm*, but also for the liquidity position of that *firm's* counterparties and for the smooth functioning of payment and settlement systems as a whole.
- 12.3.21 E (1) A *firm* should ensure that its intra-day liquidity management arrangements enable it, in relation to the markets in which it is active and the currencies in which it has significant positions, to:
- (a) measure expected daily gross liquidity inflows and outflows, anticipate the intra-day timing of these flows where possible, and forecast the range of potential net funding shortfalls that might arise at different points during the day;
 - (b) monitor its intra-day liquidity positions against expected activities and available resources;

- (c) identify gross liquidity inflows and outflows attributable to any correspondent, custodian or settlement agency services provided by that *firm*;
 - (d) manage the timing of its liquidity outflows such that priority is given to that *firm's* most time-critical obligations;
 - (e) deal with unexpected disruptions to its intra-day liquidity flows;
 - (f) acquire sufficient intra-day funding such that it is able to meet its most time-critical obligations when expected and other less time-critical obligations as soon as possible thereafter; and
 - (g) manage and mobilise collateral as necessary for the purposes of achieving the aim in (f).
- (2) Contravention of any of (1)(a) to (g) may be relied upon as tending to establish contravention of *BIPRU* 12.3.4R.

Management of collateral

- 12.3.22 R A *firm* must actively manage its collateral positions.
- 12.3.23 R For the purposes of *BIPRU* 12.3.22R, a *firm* must, in relation to all currencies in which it has significant positions and all jurisdictions in which it carries on significant business activities, ensure that it:
- (1) can calculate all of its collateral positions, including assets currently provided as collateral, relative to the total amount of security required;
 - (2) can calculate the amount of unencumbered assets available to it to be provided as collateral;
 - (3) can mobilise collateral in a timely manner;
 - (4) monitors the location of available collateral;
 - (5) takes into account the extent to which counterparties with which it has deposited collateral may have re-hypothecated that collateral;
 - (6) has access to adequately diversified sources of collateral;
 - (7) assesses the eligibility of each major asset class that it holds for use as collateral with central banks;
 - (8) assesses on an ongoing basis the acceptability of its assets to major counterparties and providers of funds in secured funding

markets; and

- (9) monitors and manages the impact that the terms of existing funding or security arrangements, such as warranties, covenants, events of default, negative pledges and cross default clauses could have on its ability to mobilise collateral including for use in borrowing under any central bank facility (in particular, emergency liquidity assistance on a secured basis).

12.3.24 G For the purposes of *BIPRU* 12.3.23R(8) and (9), a *firm* should take into account the impact of the stresses that it conducts under *BIPRU* 12.4.1R on the requirements which may be imposed on the provision of its assets as collateral (for example, haircuts) and also the availability of funds from private counterparties during such periods of stress.

12.3.25 E (1) A *firm* should ensure that its arrangements for the management of *liquidity risk*:

- (a) enable it to monitor shifts between intra-day and overnight or term collateral usage;
- (b) enable it to appropriately adjust its calculation of available collateral to account for assets that are part of a “tied hedge”;
- (c) include adequate consideration of the potential for uncertainty around, or disruption to, intra-day asset flows; and
- (d) take into account the potential for additional collateral requirements under the terms of contracts governing existing collateral positions (for example, as a result of a deterioration in its own credit rating).

- (2) Contravention of any of (1)(a) to (d) may be relied upon as tending to establish contravention of *BIPRU* 12.3.4R.

Managing liquidity across legal entities, business lines and currencies

12.3.26 R In complying with *BIPRU* 12.3.4R, a *firm* must ensure that:

- (1) it actively manages its *liquidity risk* exposures and related funding needs; and
- (2) it takes into account:
 - (a) the impact on its own liquidity position of its forming part of a *group*;
 - (b) the need to manage the liquidity position of individual business lines in addition to that of the *firm* as a whole;

and

(c) the *liquidity risk* arising from its taking positions in foreign currencies; and

(3) where it forms part of a *group*, it understands and has regard to any legal, regulatory, operational or other constraints on the transferability to it of funds and collateral by other entities in that *group*.

12.3.27 R A *firm* must have policies and processes for the measurement and management of its net funding position and requirements on an ongoing and forward looking basis. Alternative scenarios must be considered and the assumptions underpinning decisions concerning the net funding position must be reviewed regularly.

[**Note:** annex V paragraph 14 of the *Banking Consolidation Directive*]

12.3.28 G In its *liquidity risk* management plans, a *firm* should identify clearly its assumptions regarding the transferability of funds and collateral. A *firm* should expect that the *FSA* will scrutinise those assumptions.

Funding diversification and market access

12.3.29 R In complying with *BIPRU* 12.3.4R, a *firm* must ensure that it has access to funding which is adequately diversified, both as to source and tenor.

12.3.30 R A *firm* must ensure that its *governing body*:

(1) is aware of the composition, characteristics and degree of diversification of its assets and funding sources; and

(2) regularly reviews its funding strategy in the light of any changes in the environment in which it operates.

12.3.31 G Funding diversification should not be considered an end in its own right. Rather, the purpose of diversification is to ensure that a *firm* has in place alternative sources of funding that strengthen its capacity to withstand a variety of severe yet plausible institution-specific and market-wide liquidity shocks.

12.3.32 E (1) A *firm* should ensure that funding diversification is taken into account in that *firm's* business planning process.

(2) A *firm* should ensure that its funding arrangements take into account correlations between market conditions and the ability to access funds from different sources.

(3) A *firm* should ensure that in establishing adequate diversification it sets limits on its funding according to the following variables:

(a) maturity;

- (b) nature of depositor or counterparty;
 - (c) levels of secured and unsecured funding;
 - (d) instrument type;
 - (e) securitisation vehicle;
 - (f) currency; and
 - (g) geographic market.
- (4) A *firm* should ensure that it maintains an ongoing presence in its chosen funding markets and strong relationships with its chosen providers of funds.
- (5) A *firm* should regularly test its capacity to raise funds quickly from its chosen funding sources to provide short, medium and long-term liquidity.
- (6) A *firm* should ensure that its *senior managers* identify the main factors that affect its ability to raise funds and should monitor those factors closely to ensure that their estimates of fund raising capacity remain valid.
- (7) Contravention of any of (1) to (6) may be relied upon as tending to establish contravention of *BIPRU* 12.3.4R.

12.4 Stress testing and contingency funding

Stress testing

- 12.4.1 R In order to ensure compliance with the *overall liquidity adequacy rule* and with *BIPRU* 12.3.4R, a *firm* must:
- (1) conduct on a regular basis appropriate stress tests so as to:
 - (a) identify sources of potential liquidity strain;
 - (b) ensure that current liquidity exposures continue to conform to the *liquidity risk* tolerance established by that *firm's governing body*; and
 - (c) identify the effects on that *firm's* assumptions about pricing; and
 - (2) analyse the separate and combined impact of possible future liquidity stresses on its:
 - (a) cash flows;

- (b) liquidity position;
 - (c) profitability; and
 - (d) solvency.
- 12.4.2 R In accordance with *BIPRU* 12.3.11R, a *firm* must ensure that its *governing body* reviews regularly the stresses and scenarios tested to ensure that their nature and severity remain appropriate and relevant to that *firm*.
- 12.4.3 G Consistent with *BIPRU* 12.3.5R, the *FSA* expects that the extent and frequency of such testing, as well as the degree of regularity of *governing body* review under *BIPRU* 12.4.2R, should be proportionate to the nature scale and complexity of a *firm's* activities, as well as to the size of its *liquidity risk* exposures. Consistent with the *FSA's* statutory objectives under the *Act*, in assessing the adequacy of a *firm's* stress testing arrangements (including their frequency and the regularity of *governing body* review) the *FSA* will also have regard to the role and importance of that *firm* in the *financial system*. The *FSA* will, however, expect stress testing and *governing body* review to be carried out no less frequently than annually. The *FSA* expects that a *firm* will build into its stress testing arrangements the capability to increase the frequency of those tests in special circumstances, such as in volatile market conditions or where requested by the *FSA*.
- 12.4.4 G For the purposes of *BIPRU* 12.4.2R, a review should take into account:
- (1) changes in market conditions;
 - (2) changes in the nature, scale or complexity of the *firm's* business model and activities; and
 - (3) the *firm's* practical experience in periods of stress.
- 12.4.5 E (1) In designing its stress tests, a *firm* should in particular ensure that it considers:
- (a) short-term and protracted stress scenarios;
 - (b) institution-specific and market-wide stress scenarios; and
 - (c) combinations of (a) and (b).
- (2) Contravention of any of (1)(a) to (c) may be relied upon as tending to establish contravention of *BIPRU* 12.4.1R.
- 12.4.6 G The *FSA* expects every *firm*, including a *firm* with an apparently strong liquidity profile, to consider the potential impact of severe stress scenarios.

- 12.4.7 G In conducting its stress testing, a *firm* should also, where relevant, consider the impact of its chosen stresses on the appropriateness of its assumptions relating to:
- (1) correlations between funding markets;
 - (2) the effectiveness of diversification across its chosen sources of funding;
 - (3) additional margin calls and collateral requirements;
 - (4) contingent claims, including potential draws on committed lines extended to third parties or to other entities in that *firm's group*;
 - (5) liquidity absorbed by off-balance sheet vehicles and activities (including conduit financing);
 - (6) the transferability of liquidity resources;
 - (7) access to central bank market operations and liquidity facilities;
 - (8) estimates of future balance sheet growth;
 - (9) the continued availability of market liquidity in a number of currently highly liquid markets;
 - (10) ability to access secured and unsecured funding (including retail *deposits*);
 - (11) currency convertibility; and
 - (12) access to payment or settlement systems on which the *firm* relies.
- 12.4.8 E (1) A *firm* should ensure that the results of its stress tests are:
- (a) reviewed by its *senior managers*;
 - (b) reported to that *firm's governing body*, specifically highlighting any vulnerabilities identified and proposing appropriate remedial action;
 - (c) reflected in the processes, strategies and systems established in accordance with *BIPRU 12.3.4R*;
 - (d) used to develop effective *contingency funding plans*;
 - (e) integrated into that *firm's* business planning process and day-to-day risk management; and
 - (f) taken into account when setting internal limits for the management of that *firm's liquidity risk* exposure.

- (2) Contravention of any of (1)(a) to (f) may be relied upon as tending to establish contravention of *BIPRU* 12.3.4R.

12.4.9 R A *firm* must ensure that the results of its stress tests are reported to the *FSA* in a timely manner.

Contingency funding plans

12.4.10 R A *firm* must have an adequate *contingency funding plan* in place to deal with liquidity crises.

[**Note:** annex V paragraph 15 of the *Banking Consolidation Directive*]

12.4.11 R In complying with *BIPRU* 12.4.10R, a *firm* must ensure that its *contingency funding plan* has been approved by its *governing body*.

12.4.12 G A *contingency funding plan* sets out a *firm's* strategies for addressing liquidity shortfalls in emergency situations. Its aim should be to ensure that, in each of the stresses required by *BIPRU* 12.4.1R, it would still have sufficient liquidity resources to ensure that it can meet its liabilities as they fall due.

12.4.13 R A *firm* must ensure that its *contingency funding plan*:

- (1) outlines strategies, policies and plans to manage a range of stresses;
- (2) establishes a clear allocation of roles and clear lines of management responsibility;
- (3) is formally documented;
- (4) includes clear invocation and escalation procedures;
- (5) is regularly tested and updated to ensure that it remains operationally robust;
- (6) outlines how that *firm* will meet time-critical payments on an intra-day basis in circumstances where intra-day liquidity resources become scarce;
- (7) outlines that *firm's* operational arrangements for managing a retail funding run;
- (8) in relation to each of the sources of funding identified for use in emergency situations, is based on a sufficiently accurate assessment of:
 - (a) the amount of funding that can be raised from that source; and
 - (b) the time needed to raise funding from that source;

- (9) is sufficiently robust to withstand simultaneous disruptions in a range of payment and settlement systems;
 - (10) outlines how that *firm* will manage both internal communications and those with its external stakeholders; and
 - (11) establishes mechanisms to ensure that the *firm's governing body* and *senior managers* receive management information that is both relevant and timely.
- 12.4.14 E (1) In designing a *contingency funding plan* a *firm* should ensure that it takes into account:
- (a) the impact of stressed market conditions on its ability to sell or securitise assets;
 - (b) the impact of extensive or complete loss of typically available market funding options;
 - (c) the financial, reputational and any other additional consequences for that *firm* arising from the execution of the *contingency funding plan* itself;
 - (d) its ability to transfer liquid assets having regard to any legal, regulatory or operational constraints; and
 - (e) its ability to raise additional funding from central bank market operations and liquidity facilities.
- (2) Contravention of any of (1)(a) to (e) may be relied upon as tending to establish contravention of *BIPRU* 12.3.4R.
- 12.4.15 G A *firm* should ensure that its *contingency funding plan* takes into account the terms and conditions of any central bank liquidity facilities to which it has access, including both facilities that form part of normal liquidity management operations and emergency liquidity assistance on a secured basis. Where a *firm* includes in its *contingency funding plan* the use of central bank liquidity facilities it should consider the nature of those facilities, collateral eligibility, haircuts to which its collateral might be subject, terms in its existing or available funding arrangements which might impact its ability to access central bank facilities, operational arrangements for accessing those facilities and the potential reputational consequences for that *firm* in accessing them. In formulating its *contingency funding plan*, a *firm* should not rely on expectations it may have about future changes to central bank facilities, either in relation to their normal liquidity management operations or in relation to the availability of specific liquidity facilities in exceptional circumstances.

12.5 Individual Liquidity Adequacy Standards

Individual Liquidity Adequacy Assessment

- 12.5.1 R This section applies to a *standard ILAS BIPRU firm*.
- 12.5.2 R A *firm* must carry out an individual liquidity adequacy assessment (*ILAA*) in accordance with this section.
- 12.5.3 G In conducting its *ILAA*, a *firm* is obliged to comply with the stress testing and related requirements which appear in this section. The *rules* in this section also provide that in its *ILAA* a *firm* must include an assessment of the *firm's* compliance with the standards set out in *BIPRU 12.3* and *BIPRU 12.4*.
- 12.5.4 R A *firm* must ensure that:
- (1) it regularly carries out an *ILAA*;
 - (2) it makes a written record of its *ILAA*;
 - (3) its *ILAA* is proportionate to the nature, scale and complexity of its activities;
 - (4) its *ILAA* takes into account whole-*firm* and *group*-wide liquidity resources only to the extent that reliance on these is permitted by the *FSA*;
 - (5) its *ILAA* includes an assessment of the results of the stress tests required by *BIPRU 12.5.6R*; and
 - (6) its *ILAA* includes an assessment of the *firm's* compliance with *BIPRU 12.3* and *BIPRU 12.4*, including the results of the stress tests required by the *rules* in *BIPRU 12.4*.
- 12.5.5 G A *firm* should carry out an *ILAA* at least annually, or more frequently if changes in its business or strategy or the nature, scale or complexity of its activities or the operational environment suggest that the current level of liquidity resources is no longer adequate. A *firm* should expect that its usual supervisory contact at the *FSA* will ask for the *ILAA* to be submitted as part of the ongoing supervisory process.
- 12.5.6 R A *firm* must ensure that in carrying out its *ILAA* it considers how that *firm's* liquidity resources change as a result of:
- (1) the stress in *BIPRU 12.5.8R* (the “first liquidity stress”);
 - (2) the stress in *BIPRU 12.5.11R* (the “second liquidity stress”); and
 - (3) the first and second liquidity stresses occurring simultaneously.

ILAA stresses

- 12.5.7 G The FSA will review the results of a *firm's ILAA*, including the results of the stress tests required by *BIPRU 12.5.6R*, as part of its *Supervisory Liquidity Review Process (SLRP)*. The FSA's review of the stress test results will assist it assessing the adequacy of a *firm's* liquidity resources relative to other *ILAS BIPRU firms* and, consequently, in calibrating the *individual liquidity guidance* that it gives to that *firm*. *BIPRU 12.9.2G* sets out the FSA's approach to assessing the adequacy of a *firm's* liquidity resources and indicates that, among other factors, it will have regard to the *firm's ILAA*. It is not, therefore, the case that the amount of liquidity resources advised to the *firm* as being adequate in its *individual liquidity guidance* will necessarily equate to the amount needed to meet its liabilities as they fall due in the stresses required by *BIPRU 12.5.6R*. The FSA will assess the adequacy of a *firm's* liquidity resources on a case-by-case basis and, accordingly, the amount of liquidity resources judged as adequate in the *firm's individual liquidity guidance* might be either above or below the amount needed to survive the stresses required by *BIPRU 12.5.6R*.

First liquidity stress

- 12.5.8 R The first liquidity stress to which *BIPRU 12.5.6R* refers is an unforeseen, name-specific, liquidity stress in which:
- (1) financial market participants and retail depositors consider that in the short-term the *firm* will be or is likely to be unable to meet its liabilities as they fall due;
 - (2) the *firm's* counterparties reduce the amount of intra-day credit which they are willing to extend to it;
 - (3) the *firm* ceases to have access to foreign currency spot and *swap* markets; and
 - (4) over the longer-term the *firm's* obligations linked to its credit rating crystallise as a result of a reduction in that credit rating.
- 12.5.9 R For the purpose of *BIPRU 12.5.8R(1)* to (3), a *firm* must assume that the initial, short-term, period of stress lasts for at least two weeks.
- 12.5.10 G For the purpose of *BIPRU 12.5.8R(4)*, a *firm* should consider the effect of credit rating downgrades of varying degrees of severity. In doing so, it should also consider the cumulative effect of successive credit rating downgrades to its long-term credit rating.

Second liquidity stress

- 12.5.11 R The second liquidity stress to which *BIPRU 12.5.6R* refers is an unforeseen, market-wide liquidity stress of three *months'* duration.
- 12.5.12 R For the purpose of *BIPRU 12.5.11R*, a *firm* must assume that the second liquidity stress is characterised by:

- (1) uncertainty as to the accuracy of the valuation attributed to that *firm's* assets and those of its counterparties;
- (2) inability to realise, or ability to realise only at excessive cost, particular classes of assets, including those which represent claims on other participants in the financial markets or which were originated by them;
- (3) uncertainty as to the ability of a significant number of *firms* to ensure that they can meet their liabilities as they fall due; and
- (4) risk aversion among participants in the markets on which the *firm* relies for funding.

ILAA methodology

- 12.5.13 R In carrying out the liquidity stresses required by *BIPRU* 12.5.6R, a *firm* must:
- (1) analyse each of the sources of risk identified in *BIPRU* 12.5.14R;
 - (2) record the evidence which supports any behavioural assumptions that it makes in carrying out those stress tests;
 - (3) record the evidence which supports its assessment of the adequacy of its liquid assets buffer; and
 - (4) identify those of the measures set out in its *contingency funding plan* that it would implement.
- 12.5.14 R The sources of risk referred to in *BIPRU* 12.5.13R are:
- (1) wholesale secured and unsecured funding risk;
 - (2) retail funding risk;
 - (3) intra-day *liquidity risk*;
 - (4) intra-group *liquidity risk*;
 - (5) cross-currency *liquidity risk*;
 - (6) off-balance sheet *liquidity risk*;
 - (7) franchise-viability risk;
 - (8) marketable assets risk;
 - (9) non-marketable assets risk; and
 - (10) funding concentration risk.

Wholesale secured and unsecured funding risk

- 12.5.15 R For the purpose of assessing its wholesale funding risk, a *firm* must estimate the gross wholesale outflows that could occur under the liquidity stresses required by *BIPRU* 12.5.6R.
- 12.5.16 R In assessing its wholesale funding risk, a *firm* must:
- (1) identify its wholesale liabilities;
 - (2) determine how those liabilities behave under normal financial conditions;
 - (3) assess how they will behave under the stresses required by *BIPRU* 12.5.6R; and
 - (4) divide its wholesale liabilities into funding which the *firm* assesses as having a higher than average likelihood of withdrawal in response to actual or perceived changes in the *firm's* credit-worthiness (“Type A” wholesale funding) and other funding (“Type B” wholesale funding).
- 12.5.17 G In assessing how its liabilities behave under stress, the *firm* should categorise its liabilities according to value, maturity and estimated speed of outflow. The *firm* should bear in mind that wholesale funding risk may crystallise as an acute loss of funds in the short term, or as a longer-term gradual leakage of funds, or as both.
- 12.5.18 G In the *FSA's* view, Type A wholesale funding is likely to include at least funding which:
- (1) is accepted from a *credit institution*, local authority, *insurance undertaking*, pension fund, money market fund, asset manager (including a hedge fund manager), government-sponsored agency, sovereign government, or sophisticated non-financial corporation; or
 - (2) is accepted through the treasury function of a sophisticated non-financial corporation which may be assumed to respond swiftly to negative news about a *firm's* credit-worthiness; or
 - (3) is accepted on wholesale market terms as a part of a *firm's* money market operations; or
 - (4) is accepted from a depositor with whom a *firm* does not have a long-established relationship or to whom a *firm* does not supply a range of services; or
 - (5) is accepted from overseas counterparties (other than those in the country or territory of incorporation of a *firm's* *parent undertaking* or, in the case of a *UK branch*, of the *firm* of which it

forms part); or

- (6) is obtained through unsecured debt instruments (such as certificates of deposit, medium-term notes and commercial paper); or
- (7) is not obtained through *repo* against assets of the type described in *BIPRU* 12.7.2R(1) or (2); or
- (8) is obtained from counterparties with a relatively low creditor seniority on the liquidation of the *firm*.

12.5.19 R For the purpose of *BIPRU* 12.5.15R, a *firm* must assume that it is unable to roll any of its Type A wholesale funding in the first two weeks of the stresses.

Retail funding risk

12.5.20 R In this part of *BIPRU* 12.5, “retail funding” is funding that is accepted from a *consumer*.

12.5.21 R For the purpose of assessing its retail funding risk, a *firm* must:

- (1) estimate the gross retail outflows that could occur under the liquidity stresses required by *BIPRU* 12.5.6R;
- (2) identify the stress, or combination of stresses, to which it considers its retail funding to be most vulnerable and estimate the gross retail outflows that could occur under that stress or combination of stresses; and
- (3) divide its retail funding into funding which the *firm* assesses as having a higher than average likelihood of withdrawal in response to actual or perceived changes in the *firm*'s credit-worthiness (“Type A” retail funding) and other funding (“Type B” retail funding).

12.5.22 G In general, the *FSA* expects a *firm*'s retail funding to be less responsive than its wholesale funding to actual or perceived changes in the *firm*'s credit-worthiness. However, a *firm* should nevertheless make its own assessment of the relative responsiveness of its wholesale and retail funding.

12.5.23 G For the purposes of assessing behaviour under stress, a *firm* should categorise its retail liabilities according to: value, maturity, estimated speed of outflow, product type, interest rate applied and any other factor that it considers relevant to its retail *deposit* structure.

12.5.24 G A *firm* should also be mindful that its retail funding profile is unlikely to be constant. In carrying out its *ILAA*, a *firm* should have regard to any changes to its retail funding profile since the previous *ILAA* and also to the possible impact of any future changes on its ability to maintain retail

funding during periods of stress. In its *ILAA* submission to the *FSA*, a *firm* should include an analysis of:

- (1) its retail funding profile as at the date of its *ILAA*;
- (2) its retail funding profile over the twelve *months* preceding its *ILAA*;
- (3) its projected retail funding profile over the twelve *months* following the date of its *ILAA*; and
- (4) its approach to assessing which of its retail funding it has classed as Type A retail funding and which as Type B retail funding.

12.5.25 G In the *FSA*'s view Type A retail funding is likely to include at least funding which:

- (1) has been accepted through the internet; or
- (2) is considered to have a more than average sensitivity to interest rate changes (such as a *deposit* whose acceptance can reasonably be attributed to the use of price-focused advertising by the *firm* accepting the *deposit*); or
- (3) in relation to any individual depositor exceeds to a significant extent the amount of that individual's *deposits* with the accepting *firm* that are covered by a national deposit guarantee scheme; or
- (4) is not accepted from a depositor with whom the *firm* has had a long relationship; or
- (5) is accepted from retail depositors who can access their *deposits* before their residual contractual maturity subject to a loss of interest or payment of another form of early access charge (as a general proposition, the behaviour of liabilities to retail depositors is likely to depend in part on the contractual terms and conditions which give rise to those liabilities); or
- (6) is not held in an account which is maintained for transactional purposes.

Intra-day liquidity risk

12.5.26 R For the purpose of assessing its intra-day *liquidity risk* arising from its direct participation in a payment or settlement system, a *firm* must in relation to each such system in which it participates:

- (1) calculate on an intra-day basis the net amounts of collateral and cash required by that *firm* to fund participation in that system; and
- (2) estimate how the amounts in (1) could change under the liquidity stresses required by *BIPRU* 12.5.6R.

- 12.5.27 G For the purpose of calculating the net amounts of collateral and cash under *BIPRU 12.5.26R*, a *firm* should separately analyse:
- (1) the amounts of collateral and cash needed in relation to both its own payments and those of its customers; and
 - (2) the intra-day timing of the payment of cash and the posting of the collateral, including the time at which the demand for its collateral and cash is greatest.
- 12.5.28 G For the purpose of *BIPRU 12.5.26R*, a *firm* should ensure that it takes into account, in both normal financial conditions and in periods of stress, the effect of:
- (1) other participants in a payment system withholding some or all of the payments expected from them; and
 - (2) its customers increasing either or both the volume and value of their payments.
- 12.5.29 R At the same time as it carries out the calculation and estimation in *BIPRU 12.5.26R*, a *firm* which participates directly in one or more payment or settlement systems must also estimate the impact on its liquidity position of the customer to which it has the largest intra-day credit exposure defaulting on its payment obligations to the *firm*:
- (1) under normal financial conditions; and
 - (2) under the stresses required by *BIPRU 12.5.6R*.
- 12.5.30 G For the purpose of *BIPRU 12.5.29R*, a *firm* should assume that the effect of that default is that the exposure is rolled overnight.
- 12.5.31 R A *firm* must, as part of its *ILAA* submission to the *FSA*:
- (1) identify those payment and settlement systems in which it is a direct participant; and
 - (2) provide details of the intra-day credit policies that it applies, including the criteria against which it sets credit limits, when extending credit to a customer which is not a direct participant in the payment or settlement system in question.
- 12.5.32 G For the purpose of *BIPRU 12.5.31R*, the *FSA* would expect a *firm*, in relation to each payment or settlement system in which it participates directly, to provide details of:
- (1) that *firm's* charges for providing intra-day credit;
 - (2) any collateral requirements which it applies to its customers;

- (3) the credit limits that it imposes (and the circumstances, if any, in which credit may be provided notwithstanding a limit breach);
 - (4) the extent to which the customers of that *firm* make use of the credit extended to them; and
 - (5) where relevant, the points during the day at which a customer is required to settle, or provide assets as collateral to cover, that *firm's* credit exposure to it.
- 12.5.33 R *BIPRU* 12.5.34R applies to a *firm* which:
- (1) is not a direct participant in a given payment or settlement system;
 - (2) is a customer of a *firm* that is a direct participant in such a system for the purposes of gaining access to that system; and
 - (3) receives intra-day credit from that participant *firm* or prefunds its account with such a *firm*.
- 12.5.34 R For the purpose of assessing its intra-day *liquidity risk* a *firm* to which *BIPRU* 12.5.33R applies must assess the effect on its own position of a participant *firm* from which it receives intra-day credit or with which it has a prefunded account being unable to perform its obligations to that *firm*:
- (1) under normal financial conditions; and
 - (2) under the stresses required by *BIPRU* 12.5.6R.
- 12.5.35 G As part of its *ILAA* submission to the *FSA*, a *firm* to which *BIPRU* 12.5.33R applies should include:
- (1) details of any alternative arrangements that it has in place to ensure that it continues to be able to meet its liabilities as they fall due in the circumstances set out in *BIPRU* 12.5.34R; and
 - (2) details of the policies governing the use of intra-day credit provided to it by a *firm* which is a direct participant in a given payment or settlement system, including details of the criteria against which that participant will decide whether to reduce or cease the provision of intra-day credit.

Intra-group liquidity risk

- 12.5.36 R Where a *firm* has an *intra-group liquidity modification* permitting it to rely on liquidity from other members of its *group* in order to satisfy the *overall liquidity adequacy rule*, or may be exposed to calls on its own liquidity resources from others in its *group*, then in assessing its *intra-group liquidity risk* it must:

- (1) take into account:
 - (a) the extent to which it and other entities in its *group* have access to central bank funding;
 - (b) in relation to any *group* entity on which a *firm* relies for liquidity support, the legal and regulatory regime to which that entity is subject, in particular that covering liquidity regulation; and
 - (c) the contractual arrangements governing any agreed forms of intra-*group* liquidity support (including committed funding lines); and
 - (2) assume that in periods of stress, *group* entities will not repay loans or *deposits* made by the *firm* to them, but that the *firm* will meet its liabilities that fall due to other *group* entities during the period of the relevant stress.
- 12.5.37 G For the purpose of *BIPRU* 12.5.36R, a *firm* should consider the full range of legal and regulatory restrictions on the availability to it of liquidity support from other members of its *group*. A *firm* should ensure that it understands restrictions in force in other jurisdictions, as well as the potential for such restrictions to be imposed in the future, as to the allowable size of intra-*group* exposures. A *firm* should also consider the circumstances in which it may find itself obliged to transfer liquidity resources to other entities in its *group*.
- 12.5.38 R In relation to an *incoming EEA firm* or *third country BIPRU firm* which does not have a *whole-firm liquidity modification*, that *firm* must assess the risk that its *UK branch* may be exposed to calls on liquidity under its control from its head office:
- (1) in normal financial conditions; and
 - (2) under the liquidity stresses required by *BIPRU* 12.5.6R.
- 12.5.39 G In complying with *BIPRU* 12.5.38R a *firm* is therefore assessing its exposure to inter-office *liquidity risk*, rather than intra-*group liquidity risk*. It is the *FSA's* assessment of the *firm's* inter-office *liquidity risk* that is one of the factors that will inform the *FSA's* decision as to the appropriate size for the *firm's* local operational liquidity reserve (as described in *BIPRU* 12.2).

Cross-currency liquidity risk

- 12.5.40 R For the purpose of assessing its cross-currency *liquidity risk*, a *firm* must:
- (1) in relation to each currency in which it has significant positions, calculate its gross outflows and gross inflows having regard to their respective maturities;

- (2) where it identifies a net outflow in (1), assess how it will fund that outflow; and
- (3) estimate how the amounts in (1) and the assessment in (2) could change under the liquidity stresses required by *BIPRU* 12.5.6R.

- 12.5.41 R A *firm* must, as part of its *ILAA* submission to the *FSA*, in relation to each currency in which it has significant positions:
- (1) identify the type of financial instruments which that *firm* uses to raise funding in that currency;
 - (2) identify the main counterparties which provide funding to that *firm* in that currency; and
 - (3) describe the arrangements that it has in place to fund net outflows in that currency on a timely basis.

Off-balance sheet liquidity risk

- 12.5.42 R For the purpose of assessing its off-balance sheet *liquidity risk*, a *firm* must:
- (1) identify all off-balance sheet activities that might affect its cash flows;
 - (2) calculate the effect on its cash flows of those activities in normal financial conditions; and
 - (3) estimate the effect on its cash flows of those activities under the liquidity stresses required by *BIPRU* 12.5.6R.
- 12.5.43 R For the purpose of *BIPRU* 12.5.42R, a *firm* must take into account the circumstances in which it may choose to provide liquidity support in respect of its off-balance sheet activities beyond its contractual obligations (if any) to do so.
- 12.5.44 R For the purpose of *BIPRU* 12.5.42R, a *firm* must in particular consider the impact on its cash flows of:
- (1) *derivatives* positions;
 - (2) contingent liabilities;
 - (3) commitments given; and
 - (4) liquidity facilities to support securitisation programmes.
- 12.5.45 G In relation to *derivatives* positions, a *firm* should:
- (1) assess the effect on its cash flows arising from the maturity, exercise and repricing of *derivatives* in which it holds a position,

including the impact of counterparties:

- (a) who may require the posting of additional margin or collateral in the event of a decline in that *firm's* credit rating;
 - (b) who may require the posting of additional margin or collateral (or the return to them of margin or collateral) in the event of a change in the value of a *derivative* or of the posted collateral;
 - (c) who (in the case of those that are any of a *recognised investment exchange*, a *designated investment exchange* or a *recognised clearing house*) may require the posting of additional margin in volatile market conditions;
 - (d) who may choose to terminate an *OTC derivative* which they have entered into with the *firm* rather than post additional margin or collateral;
 - (e) who, in periods of name-specific liquidity stress experienced by the *firm*, may choose to terminate out of the money *derivatives* which they have entered into with that *firm*; and
 - (f) who, in periods of stress, may choose to post less liquid collateral than would likely be the case in normal financial conditions; and
- (2) assume that under the stresses required by *BIPRU 12.5.6R* there may be uncertainty as to the accuracy of the valuation attributed to a *derivative* contract.

12.5.46 G In relation to its contingent liabilities, a *firm* should:

- (1) calculate the impact on its cash flows of those of its contingent obligations that will be triggered in normal financial conditions; and
- (2) estimate the impact on its cash flows of those of its contingent obligations that may be triggered under the liquidity stresses required by *BIPRU 12.5.6R*.

12.5.47 G For the purpose of *BIPRU 12.5.46G*, a *firm* should therefore assess the impact on its cash flows of the triggering of contingent obligations contained in all contractual documentation to which it is party, including: acceptances, endorsements, guarantees, underwriting agreements, standby letters of credit, documentary credits, warrants, indemnities, undrawn note issuance facilities and other revolving credit facilities. A *firm* should also assess the degree of concentration in its total contingent liabilities as respects obligations arising from particular types of contract,

counterparty and market sector.

- 12.5.48 G In relation to its commitments (other than liquidity facilities to support securitisation programmes)), a *firm* should:
- (1) calculate its maximum contractual exposure arising from those commitments;
 - (2) calculate the effect on its cash flows of the drawing of those commitments in normal financial conditions; and
 - (3) estimate the effect on its cash flows of the drawing of those commitments under the liquidity stresses required by *BIPRU* 12.5.6R.
- 12.5.49 G For the purpose of *BIPRU* 12.5.48G, a *firm* should:
- (1) consider its contractual exposure to the following types of commitment: committed funding facilities, undrawn loans and advances to wholesale counterparties, mortgages that have been agreed but not yet been drawn down, credit cards, overdrafts (and other retail lending facilities);
 - (2) ensure that its analysis of each type of commitment is sufficiently granular to enable that *firm* to:
 - (a) assess the circumstances in which counterparties will draw down;
 - (b) identify the extent of any correlations as between counterparties in deciding whether or not to draw down;
 - (c) identify the extent to which decisions by the *firm's* counterparties to draw down may be correlated to a decline in the *firm's* own liquidity resources; and
 - (d) assess the proportion of its total commitments attributable to particular counterparties; and
 - (3) assess the extent to which draw down requires the counterparty in question to deliver to the *firm* collateral in the form of marketable assets, while also assessing the anticipated effect of such a requirement on:
 - (a) the likelihood that the counterparty in question will draw down; and
 - (b) the *firm's* liquidity position if the counterparty in question delivers collateral on draw down; and
 - (4) assess the impact on its cash flows of its commitment counterparties experiencing liquidity stress at the same time as

that *firm* is subject to the stresses required by *BIPRU* 12.5.6R.

- 12.5.50 G In relation to liquidity facilities to support securitisation programmes, a *firm* should:
- (1) assess the extent of its contractual obligations to provide liquidity support to sponsored and third-party structured vehicles;
 - (2) identify the circumstances in which support will, or is likely to, be called; and
 - (3) assess the impact on that *firm*'s cash flows of such support being called:
 - (a) in normal financial conditions; and
 - (b) under the liquidity stresses required by *BIPRU* 12.5.6R.
- 12.5.51 G For the purpose of *BIPRU* 12.5.50G(2), a *firm* should consider the impact of the following events on the likelihood of a call for liquidity support: inability of a vehicle to roll over commercial paper (due either to disruption in the CP market or to concern as to the quality of the assets securitised) and, in relation to sponsored vehicles, concern as to the solvency of that *firm* as sponsor and, separately, the possibility of draw down of undrawn commitments entered into by the sponsored vehicle in its own right.

Franchise-viability risk

- 12.5.52 R For the purposes of assessing its franchise-viability risk, a *firm* must assess, under the liquidity stresses required by *BIPRU* 12.5.6R, the liquidity resources required to maintain its core business franchise and reputation.
- 12.5.53 G Franchise-viability risk is the risk that in the stresses required by *BIPRU* 12.5.6R a *firm* may not have sufficient liquidity resources to maintain its core business franchise and reputation.
- 12.5.54 G In complying with *BIPRU* 12.5.52R, a *firm* should assess the extent to which it can and realistically will:
- (1) restrict new retail lines without significantly damaging customer relationships;
 - (2) restrict new wholesale lending without significantly damaging its ability to resume such lending following the period of stress in question;
 - (3) cease to provide liquidity support to its sponsored vehicles;
 - (4) decline to exercise call *options* whose effect if not exercised might be to cause market participants to question the *firm*'s

ability to continue to meet its liabilities as they fall due; and

(5) continue any regular programme of buying back its issued debt.

- 12.5.55 G For the purpose of *BIPRU* 12.5.54G(5), a *firm* may wish to continue repurchasing its debt to help demonstrate that a two-way market continues to be made in its paper and, more generally, in order to maintain the long-term viability of its debt issuance programme. Equally, a *firm* may wish to continue repaying retail depositors before the contractual maturity of those *deposits* in order to maintain confidence in its ability to continue to meet its liabilities as they fall due.

Marketable assets risk

- 12.5.56 R For the purpose of assessing its exposure to marketable assets risk, a *firm* must assess how the marketable assets comprised in its liquidity resources will behave:
- (1) under normal financial conditions; and
 - (2) under the liquidity stresses identified in *BIPRU* 12.5.6R, including an assessment of the effect of these stresses on:
 - (a) its ability to derive funding from its marketable assets in a timely fashion;
 - (b) the potential for using those assets as collateral to raise secured funding and the size of the haircut likely to be required by a counterparty;
 - (c) the likelihood and extent of forced-sale loss; and
 - (d) the effect on its business activities of any changes in (a) to (c) identified as likely to result from those liquidity stresses.
- 12.5.57 G In complying with *BIPRU* 12.5.56R, a *firm* should consider all marketable assets which count towards its liquidity resources for the purposes of meeting the *overall liquidity adequacy rule*. A *firm* should therefore include in this assessment any assets that it holds in its liquid assets buffer.
- 12.5.58 G The *FSA* regards as marketable those of a *firm's* assets that it is able to sell outright or *repo*. For liquidity management purposes, a *firm* would ordinarily expect to hold a stock of assets of this kind in order to reduce the likelihood that it may need to borrow unsecured at short notice. To the extent that these assets may behave differently under stress conditions than under normal financial conditions, a *firm* is subject to marketable assets risk.
- 12.5.59 G As a general proposition, the speed with which a *firm* may be able to realise a marketable asset, and the price impact of doing so, will depend

to a significant extent on the volume of those assets which that *firm* wishes to realise and the market conditions prevailing at the time.

- 12.5.60 G The behaviour of a *firm's* marketable assets under conditions of stress is likely to depend on a number of different factors, including:
- (1) the depth and competitiveness of the market for the marketable asset in question, the size of the bid-offer spread, the presence of committed market-makers, the nature of the information available to potential counterparties, the degree of structural complexity of the assets in question and the asset's eligibility in central bank market operations and liquidity facilities; and
 - (2) that *firm's* operational capability to generate funding from those assets in a timely manner.
- 12.5.61 G In considering its operational capability to generate funding from assets, a *firm* should be aware that its capability in this regard is likely to depend on:
- (1) whether it has in place arrangements for *repo*;
 - (2) the extent to which that *firm* already holds a significant proportion of the market for the marketable asset in question;
 - (3) the extent to which that *firm* periodically realises some or all of its holdings of that asset; and
 - (4) that *firm's* accounting treatment and valuation of that asset.
- 12.5.62 R For the purpose of its *ILAA* submission to the *FSA*, a *firm* must provide the *FSA* with an analysis of the profile of its marketable assets as at the date of submission in a way that:
- (1) separately identifies its marketable assets according to asset class, maturity, currency, their eligibility for use in central bank monetary operations and liquidity facilities and any other characteristic that it uses in its liquidity management; and
 - (2) assesses the degree of diversification achieved across its marketable assets.

Non-marketable assets risk

- 12.5.63 R For the purpose of assessing its exposure to non-marketable assets risk, a *firm* must assess how the non-marketable assets in its liquidity resources will behave:
- (1) under normal financial conditions; and
 - (2) under the liquidity stresses required by *BIPRU* 12.5.6R, including an assessment of the effect of these stresses on:

- (a) the *firm's* ability to derive funding from its non-marketable assets; and
 - (b) the impact on the *firm's* liquidity position of any consequences for its funding ability identified in (a).
- 12.5.64 G In complying with *BIPRU* 12.5.63R, a *firm* should consider all non-marketable assets which count towards its liquidity resources for the purposes of meeting the *overall liquidity adequacy rule*.
- 12.5.65 G *BIPRU* 12.2.5G notes that a *firm* should include in its liquidity resources sufficient assets which are marketable or otherwise realisable. The *FSA* considers those assets which are capable of realisation, but other than through *repo* or outright sale, as “non-marketable assets”. To the extent that these assets may behave differently under stress conditions than under normal financial conditions, a *firm* is subject to non-marketable assets risk. Different forms of non-marketable assets risk arise, particularly in relation to:
- (1) retail loans; and
 - (2) unsecured wholesale assets.
- 12.5.66 G In addition to realising a *firm's* marketable assets, a *firm* can meet its outflows in part by expected inflows from maturing non-marketable assets such as retail loans. Inflows from these assets (principal and interest) may in stressed conditions be affected by counterparty behaviour, exposing that *firm* to non-marketable assets risk.
- 12.5.67 R For the purpose of assessing its exposure to non-marketable assets risk a *firm* must assess the extent to which the behaviour of inflows from retail loans under the liquidity stresses required by *BIPRU* 12.5.6R may differ from that suggested by their contractual terms.
- 12.5.68 G For the purpose of the assessment in *BIPRU* 12.5.67R, a *firm* should ensure that it assesses repayment behaviour at a level of granularity sufficient to enable it to draw informed conclusions about its liquidity exposure. The *FSA* would expect a *firm's* assessment to analyse separately the non-marketable assets risk associated with each of its relevant products and with each type of counterparty from whom it is expecting repayments.
- 12.5.69 G For the purpose of the assessment in *BIPRU* 12.5.67R, a *firm* should in particular have regard to the risk associated with:
- (1) repayment defaults; and
 - (2) exercise by its counterparties of contractual rights to repay before the expected maturity date or to delay repayment beyond that date.

- 12.5.70 G A *firm* may also use its unsecured wholesale assets to generate liquidity, otherwise than by outright sale or *repo*. A *firm* may, for example, choose to generate funding from some of the assets included in its liquidity resources by using them in securitisation or covered bond programmes. Assets that are typically used to raise liquidity in this manner include residential mortgage loans; commercial mortgage and other loans; credit card and automobile receivables, which have been packaged for the wholesale markets. To the extent that the ability to fund from these non-marketable assets may be limited under stressed conditions, a *firm* may be exposed to non-marketable assets risk.
- 12.5.71 G The assessment required by *BIPRU* 12.5.63R is particularly important for a *firm* which:
- (1) ordinarily does not raise funding from its non-marketable assets in this way; or
 - (2) places proportionately greater reliance on securitisation programmes as compared to other funding strategies to generate liquidity.
- 12.5.72 R In complying with *BIPRU* 12.5.63R, a *firm* must in particular assess the non-marketable assets risk associated with asset securitisations, having regard to:
- (1) the existence of early amortisation triggers and the consequences of their operation; and
 - (2) its financing of assets which are warehoused prior to their securitisation.
- 12.5.73 G A *firm* which chooses to warehouse assets in the way described in *BIPRU* 12.5.72R should consider the particular risks that arise from the method of financing that it uses to pre-fund those assets. For example, financing of warehoused assets by means of short-term (rather than long-term) funding is more likely to put that *firm* under liquidity pressure in the event that its proposed securitisation is not completed (either at all, or at the expected date).

Funding concentration risk

- 12.5.74 G A *firm* with a sufficiently flexible funding strategy should be able to reduce its *liquidity risk* by diversifying its liquidity resources.
- 12.5.75 R As part of its *ILAA*, a *firm* must assess the impact on the degree of diversification in its liquidity resources of the stresses required by *BIPRU* 12.5.6R.
- 12.5.76 G For the purpose of *BIPRU* 12.5.75R, a *firm* should take into account the extent to which its liquidity resources are diversified according to:

- (1) type of instrument and product;
- (2) currency;
- (3) counterparty;
- (4) liability term structure; and
- (5) market for their realisation (provided that such market is open to the *firm* as counterparty).

- 12.5.77 G A *firm* should be aware that the degree of diversification in its liquidity resources can be compromised, particularly in periods of stress, by a number of factors, including:
- (1) reduced or terminated funding provision from some counterparties as a result of that *firm's* credit-rating being downgraded or its financial condition deteriorating;
 - (2) disputes over the terms of legally binding commitments to lend which delay the provision of funding;
 - (3) markets previously used by the *firm* for raising funding ceasing to be open or operating but at reduced capacity;
 - (4) reliance on a small number of brokers to access funding sources; and
 - (5) positive correlations in the behaviour of different instruments and products.

12.6 Simplified ILAS

- 12.6.1 G The *FSA* recognises that it may not always be appropriate to apply *BIPRU* 12.5 (Individual Liquidity Adequacy Standards) to every *ILAS BIPRU firm*. For a *firm* which operates a relatively simple business model, it may instead be appropriate to allow the *firm* to calculate the size and content of its liquid assets buffer according to a simplified approach prescribed in the *Handbook* in advance of any review of that *firm's liquidity risk* conducted by the *FSA*. This section sets out the *simplified ILAS* approach to maintaining a liquid assets buffer and a *firm* that operates that approach is a *simplified ILAS BIPRU firm*.
- 12.6.2 R An *ILAS BIPRU firm* that wishes to operate the *simplified ILAS* approach must:
- (1) satisfy the conditions in *BIPRU* 12.6.6R to *BIPRU* 12.6.8R; and
 - (2) obtain a *simplified ILAS waiver* from the *FSA*.

- 12.6.3 G A *firm* will therefore lose the benefit of its *simplified ILAS waiver* if it ceases to satisfy the conditions in *BIPRU 12.6.6R* to *BIPRU 12.6.8R*. Consistent with *Principle 11* (Relations with regulators), if a *firm* anticipates that it may breach those conditions, it should notify the *FSA* promptly.
- 12.6.4 R A *simplified ILAS BIPRU firm* must calculate the size of its *simplified buffer requirement* in accordance with *BIPRU 12.6.9R* to *BIPRU 12.6.18R*.
- 12.6.5 G The *FSA* is likely to regard a *simplified ILAS BIPRU firm* whose liquid assets buffer accords with the *simplified buffer requirement* as having an adequate buffer of assets and a prudent funding profile for the purpose of *BIPRU 12.2.8R*. However, the *simplified ILAS* approach does not relieve a *simplified ILAS BIPRU firm* from the obligation to hold liquidity resources which are adequate for the purpose of meeting the *overall liquidity adequacy rule* or from the obligation in *BIPRU 12.3.4R* to assess and maintain on an ongoing basis the adequacy of its liquidity resources. Consequently, where a *firm's* own assessment of the adequacy of its liquidity resources indicates that its liquid assets buffer should be larger in size than that produced by the application of the *simplified buffer requirement*, the *FSA* will expect that *firm* to maintain a liquid assets buffer which is consistent with the results of its own assessment. Equally, following any review by the *FSA* of the *liquidity risk* to which a *simplified ILAS BIPRU firm* is exposed, the *FSA* may give that *firm individual liquidity guidance* advising it that its liquid assets buffer should be bigger than that which is produced by the application of the *simplified buffer requirement*.

Simplified ILAS conditions

- 12.6.6 R The first condition is that:
- (1) no less than 75% of the *firm's* total liabilities are accounted for by retail *deposits* and no less than 70% of its total assets are accounted for by retail loans; or
 - (2) no less than 75% of the *firm's* total liabilities are accounted for by retail *deposits* and no less than 70% of the *firm's* total assets are accounted for by;
 - (a) *money market instruments* with a residual contractual maturity of three *months* or less; or
 - (b) sight *deposits* held with a *credit institution*; or
 - (c) term *deposits* with a residual contractual maturity of three *months* or less held with a *credit institution*; or
 - (3) no less than 80% of the *firm's* total liabilities are accounted for by liabilities owed to its *parent undertaking* and the amount of the

firm's total assets does not exceed £1 billion.

- 12.6.7 R In this section:
- (1) a “retail *deposit*” is a *deposit* accepted from a *consumer*; and
 - (2) a “retail loan” is a loan to a *consumer*.
- 12.6.8 R The second condition is that no less than 99.5% of the *firm's* total assets and no less than 99.5% of its total liabilities are denominated in sterling, euros or United States dollars.

Size of the simplified buffer requirement

- 12.6.9 R (1) A *simplified ILAS BIPRU firm* must ensure that the size of its liquid assets buffer is at all times greater than or equal to the amount produced by adding:
- (a) the wholesale net cash outflow component;
 - (b) the retail deposit component; and
 - (c) the credit pipeline component.
- (2) This is the *simplified buffer requirement*.

The wholesale net cash outflow component

- 12.6.10 R (1) The wholesale net cash outflow component is a *firm's* peak cumulative wholesale net cash outflow over the next three *months* where the peak is established by:
- (a) calculating the daily wholesale net cash flow by reference to a *firm's* wholesale assets maturing that day and its wholesale liabilities falling due on that day;
 - (b) for each of the *business days* in the next three *months*, calculating the cumulative total of such daily net cash flows as at the *business day* in question; and
 - (c) identifying the minimum cumulative total figure out of all of the cumulative total figures calculated in accordance with (b).
- (2) The figure identified in (1)(c) is the peak cumulative wholesale net cash outflow.
- (3) For the purpose of calculating the peak cumulative wholesale net cash outflow, a *firm* must:
- (a) exclude from the calculation in (1)(a) cash flows attributable to *repo* and reverse *repo* entered into by the

firm where the security leg of the transaction in question is in respect of securities of the type described in *BIPRU* 12.7.2R(1) and (2);

- (b) include wholesale cash outflows in that calculation according to their earliest contractual maturity; and
- (c) exclude wholesale cash flows attributable to reserves in the form of sight deposits with a central bank and *designated money market funds* that it includes in its liquid assets buffer in accordance with the *rules* on asset eligibility in *BIPRU* 12.7.

The retail deposit component

- 12.6.11 R (1) The retail deposit component is the sum represented by:
- (a) 20% of a *firm's* Type A retail *deposits*; and
 - (b) 10% of a *firm's* Type B retail *deposits*.
- (2) A *firm* must:
- (a) assess the likelihood that retail *deposits* that it holds will be withdrawn in response to actual or perceived changes in the *firm's* credit-worthiness;
 - (b) calculate the amount of retail *deposits* that it assesses as having a higher than average likelihood of withdrawal in the circumstances described in (a) (“Type A” retail *deposits*); and
 - (c) class all other of its retail *deposits* as “Type B” retail *deposits*.
- 12.6.12 G In the *FSA's* view, a Type A retail *deposit* is likely to include one which:
- (1) has been accepted through the internet; or
 - (2) is considered to have a more than average sensitivity to interest rate changes (such as a deposit whose acceptance can reasonably be attributed to the use of price-focused advertising by the *firm* accepting the *deposit*); or
 - (3) in relation to any individual depositor exceeds to a significant extent the amount of that individual's *deposits* with the accepting *firm* that are covered by a national deposit guarantee scheme; or
 - (4) is not accepted from a depositor with whom the *firm* has had a long relationship; or
 - (5) is accepted from retail depositors who can access their *deposits*

before their residual contractual maturity subject to a loss of interest or payment of another form of early access charge (as a general proposition, the behaviour of liabilities to retail depositors is likely to depend in part on the contractual terms and conditions which give rise to those liabilities); or

(6) is not held in an account which is maintained for transactional purposes.

12.6.13 R Before applying for a *simplified ILAS waiver*, a *firm* must prepare a written policy statement recording its approach to assessing the likelihood of withdrawal of its retail *deposits* in the circumstances described in *BIPRU* 12.6.11R(2)(a) and ensure that:

(1) the *firm's governing body* approves and conducts appropriate reviews of the policy statement; and

(2) the *firm* submits a copy of the policy statement to its usual supervisory contact at the *FSA*.

12.6.14 G In considering a *firm's* application for a *simplified ILAS waiver*, the *FSA* will take into account the *firm's* policy statement submitted to it under *BIPRU* 12.6.13R and form a view about the appropriateness of the assumptions on which the policy statement is based. Where a policy statement submitted after the grant of a *simplified ILAS waiver* reflects a materially different assessment to that set out in the policy statement considered as part of a *firm's waiver* application, a *firm* should expect that the *FSA* will wish to review the continued appropriateness of the *firm's simplified ILAS waiver* and in so doing will re-examine afresh all matters to which it had regard when the *waiver* in question was granted. The *FSA* expects a *firm* to review the appropriateness of its policy statement as often as is necessary and in any event no less frequently than annually. A *firm* should always review the continued appropriateness of its policy statement following a material change to the nature of the *firm's* business. Where a *firm* updates or otherwise changes its policy statement it should submit promptly to the *FSA* the new document.

The credit pipeline component

12.6.15 R The credit pipeline component is the sum represented by 25% of a *firm's* credit facilities offered to its retail *customers* but which are yet to be drawn down, including:

(1) offers to make loans secured on residential property;

(2) overdraft facilities; and

(3) credit card facilities.

Buffer securities restriction

- 12.6.16 R (1) *A simplified ILAS BIPRU firm may only include in its liquid assets buffer eligible government and designated multilateral development bank debt securities up to the value of the buffer securities restriction.*
- (2) For the purpose of calculating the *buffer securities restriction*, a *firm* must:
- (a) calculate its daily net flow in government and *designated multilateral development bank* debt securities eligible as classes of assets for inclusion in the *firm's* liquid assets buffer;
 - (b) for each of the *business days* in the next three *months* calculate the cumulative total of such daily securities flows, including the opening balance, as at the *business day* in question; and
 - (c) identify the minimum cumulative total figure out of all of the cumulative total figures calculated in accordance with (b).
- (3) For the purpose of (2)(a), a *firm* must include all contractual inflows and outflows of eligible debt securities arising from *repo*, reverse *repo*, forward sales, redemptions and any other transactions involving those securities.
- 12.6.17 G In mathematical terms the calculation in *BIPRU* 12.6.9R and *BIPRU* 12.6.16R may be represented as follows:

Liquid assets buffer \geq Wholesale net cash outflow component + Retail component + Credit pipeline component	
Liquid assets buffer	$FSA048_{18,1} + FSA048_{19,1} + FSA048_{6,1} + FSA048_{6,2} + \inf \{f(x) : x = 1,2,3..y\}$ <i>where :</i> $f(x) = \sum_{m=1}^x FSA047_{6,m}$
Retail component	$\left(0.1 \times \sum_{m=1}^{10} FSA048_{54,m}\right) + \left(0.2 \times \sum_{m=1}^{10} FSA048_{55,m}\right)$
Credit component	$0.25 \times \left(\sum_{n=59}^{69} FSA048_{n,1}\right)$
Wholesale net cash outflow component	$\min \left(0, \left(\sum_{n=44}^{51} FSA048_{n,1}\right) + \left(\sum_{n=52}^{53} \sum_{m=1}^5 FSA048_{n,m}\right) + FSA048_{56,1} + \inf \{g(x) : x = 1,2,3..y\}\right)$ <i>where :</i> $g(x) = \sum_{m=1}^y \left[\left(\sum_{n=20}^{22} FSA047_{n,m}\right) + \left(\sum_{n=26}^{30} FSA047_{n,m}\right) + \left(\sum_{n=35}^{51} FSA047_{n,m}\right) + FSA047_{57,m} \right]$
<i>Where :</i> y = number of business days in three months FSA $xxx_{i,j}$ = The entry in FSAXXX row i column j $\inf \{f(x) : x = 1,2,3\}$ represents the greatest lower bound of the function f(x) over the range x = 1,2,3	

Foreign currency positions

- 12.6.18 R (1) Subject to (3), a *simplified ILAS BIPRU firm* that has assets or liabilities denominated in either or both euros and United States dollars must carry out separate calculations under *BIPRU 12.6.9R* in relation to its positions in each of those currencies, in addition to that which it carries out in relation to its sterling positions (if any).
- (2) A *firm* to which (1) applies must ensure that, for the purpose of meeting the *simplified buffer requirement*, it holds in its liquid assets buffer assets denominated in either or both euros and United States dollars (as relevant) greater than or equal to the amount produced by the calculation in the corresponding currency required under (1), in addition to any sterling liquid assets that it is required to hold in its buffer in respect of its sterling positions.
- (3) Paragraph (1) does not apply to a *simplified ILAS BIPRU firm* that hedges fully its positions in either or both euros and United States dollars such that the *firm* is not exposed to any cross-currency *liquidity risk* in respect of those positions.

Content of the simplified ILAS liquid assets buffer

- 12.6.19 G The *rules* in *BIPRU 12.7* set out the sorts of assets that are eligible for the liquid assets buffer of an *ILAS BIPRU firm*. Every *ILAS BIPRU firm* may include in its buffer reserves in the form of sight deposits at a central bank and high quality debt securities issued by governments and *designated multilateral development banks* subject to the eligibility rules in *BIPRU 12.7*. *BIPRU 12.7* provides that a *simplified ILAS BIPRU firm* may also include in its buffer investments in a *designated money market fund*.
- 12.6.20 G A *simplified ILAS BIPRU firm* may include in the liquid assets buffer any combination of the eligible assets permitted by the *rules* in *BIPRU 12.7*.

ILSA

- 12.6.21 R (1) A *simplified ILAS BIPRU firm* must regularly carry out an *ILSA* which contains an assessment of the *firm's* compliance with the standards set out in *BIPRU 12.3* and *BIPRU 12.4*, including the results of the stress tests required by the *rules* in *BIPRU 12.4*.
- (2) The *firm* must make a written record of its *ILSA*.
- (3) The *ILSA* must be proportionate to the nature, scale and complexity of that *firm's* activities.
- (4) The *ILSA* must take into account *group-wide* liquidity resources only to the extent that reliance on these is permitted by the *FSA*.
- 12.6.22 G For the purpose of *BIPRU 12.6.21R*, a *firm* should carry out an *ILSA* at least annually, or more frequently if changes in its business or strategy or the nature, scale or complexity of its activities or the operational environment suggest that the current level of liquidity resources is no longer adequate. A *firm* should expect that the *firm's* usual supervisory contact at the *FSA* will ask for the *ILSA* to be submitted as part of the ongoing supervisory process.

12.7 Liquid assets buffer

- 12.7.1 G *BIPRU 12.2.8R* provides that an *ILAS BIPRU firm* must ensure that its liquidity resources contain an adequate buffer of high quality, unencumbered assets. *BIPRU 12.7* describes in more detail the nature of the assets that are eligible for inclusion in that buffer. The *rules* in this section provide that some types of assets are eligible for use only by a *simplified ILAS BIPRU firm*.
- 12.7.2 R For the purpose of satisfying *BIPRU 12.2.8R*, a *firm* to which this section applies may only include in its liquid assets buffer:
- (1) high quality debt securities issued by a government or central bank;

- (2) securities issued by a *designated multilateral development bank*;
 - (3) reserves in the form of sight deposits with a central bank of the kind specified in *BIPRU 12.7.5R* and *BIPRU 12.7.6R*; and
 - (4) in the case of a *simplified ILAS BIPRU firm* only, investments in a *designated money market fund*.
- 12.7.3 R Subject to *BIPRU 12.7.4R*, for the purpose of *BIPRU 12.7.2R(1)*, a *firm* may include a debt security which is:
- (1) issued by the central government or central bank of an *EEA State*; or
 - (2) issued by the central government or central bank of Canada, the Commonwealth of Australia, Japan, Switzerland or the United States of America.
- 12.7.4 R For the purpose of *BIPRU 12.7.3R*, a *firm* may not include a debt security unless:
- (1) the central government or central bank in question has been assessed by at least two *eligible ECAIs* as having a credit rating associated with *credit quality step 1* in the *credit quality assessment scale* published by the *FSA* for the purpose of *BIPRU 3* (The Standardised Approach: mapping of the *ECAIs*' credit assessments to credit quality steps (Long term mapping)); and
 - (2) that debt security is either:
 - (a) denominated in the domestic currency of the country in question; or
 - (b) denominated in a currency other than the domestic currency, provided it is denominated in any of Canadian dollars, euros, Japanese yen, sterling, Swiss francs or United States dollars.
- 12.7.5 R Subject to *BIPRU 12.7.6R*, for the purpose of *BIPRU 12.7.2R(3)* a *firm* may include reserves in the form of sight deposits held by the *firm* with the central bank of:
- (1) an *EEA State*; or
 - (2) Canada, the Commonwealth of Australia, Japan, Switzerland or the United States of America.
- 12.7.6 R For the purpose of *BIPRU 12.7.5R*, a *firm* may not include reserves held at a central bank unless:
- (1) the central bank in question has been assessed by at least two *eligible ECAIs* as having a credit rating associated with *credit*

quality step 1 in the credit quality assessment scale published by the FSA for the purpose of BIPRU 3 (The Standardised Approach: mapping of the ECAIs' credit assessments to credit quality steps (Long term mapping)); and

- (2) those reserves are denominated in the domestic currency of the central bank in question.

- 12.7.7 G It is important that a *firm* identifies and understands the range of central bank facilities in which it is eligible to participate. A *firm* may be eligible to participate in some facilities of this kind by virtue of its having a *branch* in a particular country. In addition to identifying the central bank facilities to which it has access, a *firm* should ensure that it has in place appropriate legal and administrative arrangements to enable it to draw on those facilities in a timely manner.
- 12.7.8 G In deciding on the precise composition of its liquid assets buffer, a *firm* should ensure that it tailors the contents of the buffer to the needs of its business and the *liquidity risk* that it faces. In particular, a *firm* should ensure that it holds assets in its buffer which can be realised with the speed necessary to meet its liabilities as they fall due. In doing so, a *firm* should have regard to the currencies in which its liabilities are denominated and should take into account the potential effect of stressed conditions on its ability to access spot and *swap* foreign exchange markets in a manner consistent with the settlement cycles of foreign exchange settlement systems. A *firm* should have regard to the results of its *ILAA* or, as the case may be, its *ILSA*, in assessing the speed with which its liabilities fall due in stressed and non-stressed conditions.
- 12.7.9 R For the purposes of *BIPRU* 12.7.2R(1) and (2), a *firm* must only count securities:
- (1) which are unencumbered;
 - (2) to which it has legal title; and
 - (3) which that *firm* realises on a regular basis.
- 12.7.10 G The *FSA* regards as encumbered any asset which the *firm* in question has provided as collateral. Therefore, where assets have been used as collateral in this way (for example, in a *repo*), they should not be included in the *firm's* liquid assets buffer.
- 12.7.11 R
- (1) For the purpose of *BIPRU* 12.7.9R(3), a *firm* must periodically realise a proportion of the assets in its liquid assets buffer through *repo* or outright sale to the market.
 - (2) A *firm* must also ensure that it periodically realises, through the use of central bank liquidity facilities, a proportion of those of its assets which do not fall into *BIPRU* 12.7.2R(1) or (2).

- (3) A *firm* must ensure that in carrying out such periodic realisation:
- (a) it does so without reference to the *firm's* day-to-day liquidity needs;
 - (b) it realises in varying amounts the assets in its liquid assets buffer;
 - (c) the cumulative effect of its periodic realisation over any twelve *month* period is that a significant proportion of the assets in its liquid assets buffer is realised; and
 - (d) in *repo* to the market and central bank or in collateral *swap* transactions with a central bank, it enters into transactions of varying durations.
- (4) A *firm* must establish and maintain a written policy setting out its approach to periodic realisation of its assets.

- 12.7.12 G The *FSA* will, as part of its review of a *firm's* *ILAA* or, as the case may be, its *ILSA*, assess the adequacy of a *firm's* periodic realisation policy and its implementation in practice.

12.8 Cross-border and intra-group management of liquidity

- 12.8.1 G Every *firm* subject to *BIPRU* 12 is subject to the *overall liquidity adequacy rule*. The effect of that *rule* is that every *firm* is required to be self-sufficient in terms of liquidity adequacy and to be able to satisfy that *rule* relying on its own liquidity resources. Where the *firm* is an *incoming EEA firm* or *third country BIPRU firm* compliance with the *overall liquidity adequacy rule* with respect to the *UK branch* must be achieved relying solely on liquidity resources that satisfy the conditions in *BIPRU* 12.2.3R.
- 12.8.2 G However, the *FSA* recognises that there may be circumstances in which it would be appropriate for a *firm* to rely on liquidity resources which can be made available to it by other members of its *group*, or for a *firm* to rely on liquidity resources elsewhere in the *firm* for the purposes of ensuring that its *UK branch* has adequate liquidity resources in respect of the activities carried on from the *branch*. Where the *FSA* is satisfied that the statutory tests in section 148 (Modification or waiver of rules) of the *Act* are met, the *FSA* will consider modifying the *overall liquidity adequacy rule* to permit reliance on liquidity support of this kind.
- 12.8.3 G *BIPRU* 12.8 provides *guidance* on two types of modification to the *overall liquidity adequacy rule* and to other *rules* in *BIPRU* 12 for which the *FSA* considers a *firm* may wish to apply, namely:
- (1) an *intra-group liquidity modification*; and

(2) a *whole-firm liquidity modification*.

- 12.8.4 G In considering whether the statutory tests in section 148 of the *Act* have been met, the *FSA* will, amongst others, have regard to the factors detailed below in relation to an *intra-group liquidity modification* (of the kind permitting the inclusion in a *firm's* liquidity resources of *parent undertaking* liquidity support) and a *whole-firm liquidity modification*. In practice it is likely that the *FSA* will view these as preconditions to the grant of an *intra-group liquidity modification* of that type or a *whole-firm liquidity modification* and will therefore ordinarily need to be satisfied fully that each has been adequately addressed. They include matters on which the *FSA* will need to reach agreement with the *Home State regulator, third country competent authority*, or other relevant supervisor, and also matters which it will need to agree directly with a *firm* or the *parent undertaking* of a *firm*. It is likely that a number of these matters will be reflected as requirements or conditions in the modification.
- 12.8.5 G This section represents merely an indication of the matters to which the *FSA* will have regard in considering an application for a *whole-firm liquidity modification* or an *intra-group liquidity modification*. In considering such an application, the *FSA* will always take into account anything that it reasonably considers to be relevant for the purposes of assessing whether the statutory tests in section 148 of the *Act* are met. In doing so, it will have regard to the role and importance of a *firm* or *UK branch* in the *financial system*.
- 12.8.6 G The *FSA* anticipates that an application to modify the *overall liquidity adequacy rule* may be accompanied by an application to waive or modify other rules in *BIPRU 12* (for example, the stress testing and *contingency funding plan rules* in *BIPRU 12.4*). The *FSA* offers some *guidance* in this section on applications of this type.

Intra-group liquidity modification: general

- 12.8.7 G The *FSA* recognises that a *firm* may be part of a wider *group* which manages its liquidity on a *group-wide* basis. A *firm* which considers that the statutory tests in section 148 of the *Act* are met may apply for an *intra-group liquidity modification* permitting it to rely on liquidity support from elsewhere in its *group*. Until a *firm* has such a modification it will need to meet the *overall liquidity adequacy rule* from its own liquidity resources. The effect of an *intra-group liquidity modification* is to modify the *overall liquidity adequacy rule* to recognise the extent to which the *FSA* is prepared to accept liquidity resources from other entities in a *firm's group* for the purposes of the *firm's* own compliance with the *overall liquidity adequacy rule*. *BIPRU 12.8.11G* offers additional *guidance* on the likely extent of this recognition.
- 12.8.8 G *BIPRU 12.8.14G* to *BIPRU 12.8.20G* set out the *FSA's* likely approach in considering an application for an *intra-group liquidity modification* in

which a *firm* seeks to rely on support from a *parent undertaking* which is constituted under the law of a country or territory outside the *United Kingdom*.

- 12.8.9 G The *FSA* may also consider an application for an *intra-group liquidity modification* where a *firm* wishes to rely on liquidity resources from an entity in its *group* other than an *overseas parent undertaking*. The *FSA* recognises that a *firm* incorporated in the *United Kingdom* and to which *BIPRU 12* applies may wish to rely on liquidity support from another such *firm*. In practice, the *FSA* anticipates that a *firm* applying for an *intra-group liquidity modification* in these circumstances will be asking for permission to rely on support from its *parent undertaking* in the *United Kingdom*. In any event, the *FSA* will consider such applications on a case-by-case basis and will apply the approach outlined in *BIPRU 12.8.14G* to *BIPRU 12.8.20G* where relevant and by analogy.
- 12.8.10 G The *FSA* also recognises that a *firm* incorporated in the *United Kingdom* and to which *BIPRU 12* applies may wish to rely on liquidity support from a *subsidiary undertaking* of that *firm* which is incorporated in a country or territory outside the *United Kingdom*. The *FSA* is, however, likely to consider that an application for an *intra-group liquidity modification* that contemplates reliance for liquidity support on only, or mostly, an applicant *firm's* overseas *subsidiary undertakings* is unlikely to satisfy the tests in section 148 of the *Act*. As a general principle, and unless persuaded otherwise by an applicant *firm's* arguments in support of its application for an *intra-group liquidity modification*, the *FSA* is likely to take the view that a *firm's* overseas *subsidiary undertakings* are likely to be constrained in their ability to provide meaningful levels of liquidity support to their *parent undertaking*.
- 12.8.11 G In each application for an *intra-group liquidity modification*, the *FSA* will consider the extent to which it is appropriate to modify the *overall liquidity adequacy rule* to allow reliance by an applicant *firm* on liquidity resources elsewhere in a *firm's group*. However, it is unlikely that the *FSA* would consider the conditions in section 148 of the *Act* to be met in circumstances in which the *overall liquidity adequacy rule* was modified to allow unlimited reliance on liquidity resources that are not the applicant *firm's* own. As a general principle, the *FSA* is likely to wish to ensure that, having regard to the results of an applicant *firm's ILAA*:
- (1) once modified, the *overall liquidity adequacy rule* still requires the *firm* to have adequate liquidity resources to enable it to wind down its business in an orderly and controlled manner in circumstances in which its business ceases to be viable; and
 - (2) the amount of liquidity support permitted in the modification is a reasonable one having regard to the total liquidity resources of the *group* entity on which it is proposed that reliance should be placed.

- 12.8.12 G In determining the appropriate duration of an *intra-group liquidity modification*, the *FSA* will have regard to the role and importance of the *firm* in question in the *financial system*. In some cases, the *FSA* may take the view that an *intra-group liquidity modification* covering a *firm* whose role and importance in the *financial system* are significant ought to be reviewed more regularly than one granted in respect of a less systemically significant *firm*. The *FSA* will consider this issue in determining the appropriate duration of such a modification.
- 12.8.13 G In modifying the *overall liquidity adequacy rule* by means of an *intra-group liquidity modification*, the *FSA* may also modify the stress testing and *contingency funding plan rules* in *BIPRU* 12.4 such that an applicant *firm* may achieve compliance with those *rules* by its *parent undertaking* conducting *group-wide* stress testing and preparing a *group-wide contingency funding plan* which gives adequate recognition to the position of the applicant *firm*.

Consideration of an application for an intra-group liquidity modification

- 12.8.14 G *BIPRU* 12.8.15G to *BIPRU* 12.8.20G set out some of the matters on which the *FSA* will expect to be satisfied before granting an *intra-group liquidity modification* where permission is sought to rely on support from an *overseas parent undertaking* which is itself subject to a regime of liquidity regulation.
- 12.8.15 G In relation to the regime of liquidity regulation imposed by the authority that regulates for liquidity purposes an applicant *firm's parent undertaking* which is constituted under the law of a country or territory outside the *United Kingdom*, the *FSA* will ordinarily expect to be satisfied that:
- (1) the regime of liquidity regulation to which that *undertaking* is subject delivers outcomes as regards the regulation of that *undertaking's liquidity risk* that are broadly equivalent to those intended by *BIPRU* 12; and
 - (2) there is clarity as to any legal constraints imposed by the authority which regulates that *undertaking* for liquidity purposes on the provision of liquidity from that *undertaking* to the applicant *firm*.
- 12.8.16 G It will not always be the case that an applicant *firm* wishes to rely on a *parent undertaking*, or other *group* entity, that is itself subject to a regime of liquidity regulation, whether or not equivalent to the *FSA's*. In assessing a *firm's* application for an *intra-group liquidity modification*, the *FSA* will always have regard to the regulatory framework to which the entity on which it is proposed to rely for liquidity support is subject. Other things being equal, however, the *FSA* is more likely to be persuaded that the tests in section 148 of the *Act* are met in circumstances in which the entity on which it is proposed to rely for liquidity support is itself subject to an appropriate degree of regulation. Even where the

parent undertaking, or other *group* entity, in question is subject to a regime of liquidity regulation, the *FSA* will in principle be more likely to grant an *intra-group liquidity modification* in circumstances in which the applicant *firm* does not accept a significant amount of retail *deposits*.

12.8.17 G In relation to an applicant *firm* wishing to rely on liquidity support from a *parent undertaking* constituted under the law of a country or territory outside the *United Kingdom*, the *FSA* will ordinarily expect to reach agreement with the authority that regulates that *undertaking* for liquidity purposes in a number of areas, including agreement that:

- (1) it will notify the *FSA* of any material or persistent breaches by that *undertaking* of that authority's liquidity rules, or of risks that such breaches are imminent;
- (2) it is satisfied with the adequacy of the *parent undertaking's* arrangements for *liquidity risk* management;
- (3) it is satisfied as to the adequacy of the *parent undertaking's* liquidity resources including:
 - (a) the size and quality of its liquid assets buffer; and
 - (b) the size and quality of any liquidity resources that are held in the *United Kingdom* for the purpose of meeting the liabilities of an applicant *firm* as they fall due;
- (4) it does not object to any undertakings given by that *parent undertaking* in respect of an applicant *firm* to ensure that the *firm* has adequate liquidity resources; and
- (5) it will have due regard to the views of the *FSA* in its supervision of the liquidity position of that *parent undertaking*.

12.8.18 G In relation to an applicant *firm* wishing to rely on liquidity support from a *parent undertaking* constituted under the law of a country or territory outside the *United Kingdom*, the *FSA* will, before granting an *intra-group liquidity modification*, ordinarily expect to have reached agreement with that *parent undertaking* that:

- (1) it will make available liquidity resources at all times to that applicant *firm* if needed;
- (2) it will enter into an undertaking in a suitable form with an applicant *firm* committing it to provide liquidity support to that *firm* on the occurrence of certain defined events;
- (3) it will ensure that the applicant *firm* maintains liquidity resources of appropriate size and quality in the *United Kingdom* for the purposes of meeting the liquidity needs of that *firm*;

- (4) it will maintain arrangements, including having adequate liquidity resources, to ensure that it, the applicant *firm* and any other entities in its *group* to which it provides liquidity support are able to wind down their businesses in an orderly and controlled manner in circumstances where its, or their, businesses cease to be viable;
- (5) it will make available to the *FSA* information in an appropriate format on *group* liquidity; and
- (6) it will participate in the *FSA*'s thematic supervisory work in relation to liquidity when requested to do so by the *FSA*.

12.8.19 G The *FSA* will wish to ensure that it has adequate data at the time of consideration of the *intra-group liquidity modification* application and, if the application is granted, on a continuing basis thereafter, about the liquidity position of any *group* entity on which the applicant *firm* proposes to rely for liquidity purposes. It is therefore likely that an applicant *firm* will be asked to provide as part of its application relevant liquidity *data items* populated by the entities on which the applicant *firm* proposes to rely. It is also likely that an applicant *firm* will be asked to ensure as a condition of the modification, if granted, that the entities on which it is given permission to rely for the purpose of meeting the *overall liquidity adequacy rule* provide completed relevant *data items* to the *FSA* on a continuing basis. The frequency of *data item* submission will be determined as part of the *FSA*'s consideration of the applicant *firm*'s case but is in any event likely to be reflective of the *FSA*'s assessment of the *liquidity risk* profile of the entities on which liquidity support is permitted.

12.8.20 G In addition, the *FSA* will also wish to understand in relation to any *group* entity on which an applicant *firm* proposes to rely for liquidity support the legal structure of the *group* and the extent to which that structure, or any relevant legal principles, may restrict the provision of timely liquidity support in appropriate amounts to the applicant *firm* when required.

Ongoing requirements

12.8.21 G The *FSA* also anticipates that an *intra-group liquidity modification* would be made subject to a number of ongoing conditions and requirements. These are likely to include:

- (1) the *FSA* receiving annual confirmation from the authority that regulates an applicant *firm*'s *parent undertaking* for liquidity purposes that it remains satisfied with the arrangements in respect of that *undertaking* for liquidity supervision and their operation; and
- (2) an annual meeting with the same authority to discuss liquidity

supervision of that *undertaking*.

Whole-firm liquidity modification: general

- 12.8.22 G In relation to an *incoming EEA firm* or *third country BIPRU firm*, the *overall liquidity adequacy rule* provides that, for the purpose of complying with that *rule*, a *firm* may not, in relation to its *UK branch*, include liquidity resources other than those which satisfy the conditions in *BIPRU 12.2.3R*. Those conditions seek to ensure that a *firm* of this kind has a reserve of liquidity for operational purposes that is under the control of, and available for use by, that *firm's UK branch*. Further *guidance* is given in *BIPRU 12.5.39G* in relation to the local operational liquidity reserve. In addition, *BIPRU 12.9.10G* explains how the *FSA* will approach the giving of *individual liquidity guidance* to an *incoming EEA firm* or *third country BIPRU firm*. The *FSA* does, however, recognise that there are circumstances in which it may be appropriate for a *UK branch* to rely on the availability of liquidity resources from elsewhere within the *firm*. A *firm* wishing to rely on support of this kind for its *UK branch* may apply for a modification to the *overall liquidity adequacy rule* where it considers that the statutory tests in section 148 of the *Act* are met.
- 12.8.23 G Although an *incoming EEA firm* or *third country BIPRU firm* may apply to modify the *overall liquidity adequacy rule* and other *rules* in *BIPRU 12*, in relation to its *UK branch*, the *FSA* anticipates that many such *firms* will wish to apply for a modification in the form which the *FSA* defines as a *whole-firm liquidity modification*. In the *FSA's* view, a modification to the *overall liquidity adequacy rule* for a *firm* of this kind will tend to be appropriate where an applicant *firm* manages its liquidity on an integrated, whole-*firm* basis. Where that is the case, and having regard to the matters outlined in the *guidance* in this section, the *FSA* is likely to consider it more appropriate for the *UK branch* to be subject, in large part, to the same regulatory liquidity regime which applies to the rest of the *firm*. In granting a *whole-firm liquidity modification* the *FSA* therefore recognises that in certain circumstances a *UK branch* can have adequate liquidity resources in circumstances where the liquidity resources upon which the *firm* seeks to rely do not meet the criteria set out in *BIPRU 12.2.3R*.
- 12.8.24 G Accordingly, a *whole-firm liquidity modification* envisages:
- (1) a modification to the *overall liquidity adequacy rule* so as to permit reliance by the *firm*, in relation to its *UK branch*, on liquidity resources wherever held in the *firm* for the purposes of meeting that *rule*; and

- (2) a *waiver* of the remainder of the substantive *rules* in *BIPRU* 12, with the effect that the *UK branch* of the applicant *firm* becomes subject for the purpose of day-to-day liquidity supervision to the liquidity regime of the *Home State regulator* or *third country competent authority* in question.

- 12.8.25 G The effect of a *whole-firm liquidity modification* is that the *FSA* will in its supervision of the liquidity of the *UK branch* place reliance on the liquidity regime of the *Home State regulator* or *third country competent authority* in question. The *FSA* will wish to ensure that it has adequate data at the time of consideration of the *whole-firm liquidity modification* application and, if the application is granted, on a continuing basis thereafter, about the liquidity position of the *firm* as a whole. It is therefore likely that an applicant *firm* will be asked to provide as part of its application relevant liquidity *data items* covering the liquidity position of the *firm* as a whole. It is also likely that an applicant *firm* will be asked, as part of its application, to provide an appropriately detailed account as to the activities conducted by its *UK branch* as at the date of the application. In addition, the *FSA* anticipates that an applicant *firm* will be asked to ensure as a condition of the modification, if granted, that it provides relevant *data items*, covering the *whole-firm* liquidity position, to the *FSA* on a continuing basis at a frequency to be determined as part of the *FSA*'s consideration of the applicant *firm*'s case but in any event likely to be reflective of the *FSA*'s assessment of the *liquidity risk* profile of the *firm*.

Consideration of an application for a whole-firm liquidity modification

- 12.8.26 G In relation to the *Home State regulator's* or *third country competent authority's* regime of liquidity regulation, the *FSA* will, before granting a *whole-firm liquidity modification*, ordinarily expect to be satisfied that:
- (1) the regime in question delivers outcomes as regards the regulation of the applicant *firm's* *liquidity risk* that are broadly equivalent to those intended by this chapter; and
 - (2) there is clarity as to any legal constraints imposed by the *Home State regulator* or *third country competent authority* on the provision of liquidity by a *firm* to its *UK branch*, as well as the potential for such restrictions to be imposed in the future.
- 12.8.27 G In relation to the applicant *firm* in question, the *FSA* will, before granting a *whole-firm liquidity modification*, ordinarily expect to have reached agreement with the *Home State regulator* or *third country competent authority* in a number of areas, including agreement that:
- (1) it will notify the *FSA* promptly of any material or persistent breaches by that *firm* of its liquidity rules, or of risks that such breaches are imminent;

- (2) it is satisfied with the adequacy of the arrangements in place for *firm-wide liquidity risk* management;
- (3) it is satisfied as to the adequacy of that *firm's* liquidity resources including the size and quality of its liquid assets buffer;
- (4) it does not object to any undertakings given by that *firm* in respect of its *UK branch* to ensure that the *branch* has adequate liquidity resources; and
- (5) it will have due regard to the views of the *FSA* in its supervision of that *firm's* liquidity position.

12.8.28 G In relation to the applicant *firm* in question, the *FSA* will, before granting a *whole-firm liquidity modification*, ordinarily expect to have reached agreement with that *firm* in a number of areas, including agreement that:

- (1) it will make available liquidity resources at all times to its *UK branch* if needed;
- (2) it will make available to the *FSA* information in an appropriate format on *firm-wide* liquidity;
- (3) it will notify the *FSA* at the same time as it notifies the *Home State regulator* or *third country competent authority* of any issues relevant to the liquidity position of its *UK branch* or compliance with the rules to which it is subject in respect of its liquidity (including with the terms of its *whole-firm liquidity modification*);
- (4) its *UK branch* will continue to be fully integrated with the rest of the *firm* for *liquidity risk* management purposes; and
- (5) it will participate in the *FSA's* thematic supervisory work in relation to liquidity when requested to do so by the *FSA*.

Ongoing requirements

12.8.29 G The *FSA* also anticipates that a *whole-firm liquidity modification* would be made subject to a number of ongoing conditions and requirements. These are likely to include:

- (1) the *FSA* receiving annual confirmation from the *Home State regulator* or *third country competent authority* that it remains satisfied with the arrangements in respect of that *firm* for liquidity supervision and their operation;
- (2) an annual meeting with the *Home State regulator* or *third country competent authority* to discuss liquidity supervision of that *firm*;
- (3) the *FSA* receiving annual confirmation from the *firm*, approved

by its *governing body*, that it remains in full compliance with the terms of its *whole-firm liquidity modification*; and

- (4) as at the first anniversary of the grant of the *whole-firm liquidity modification* and on each anniversary thereafter, the *FSA* receiving from the *firm*:
- (a) an appropriate account of the activities conducted by the *UK branch* over the previous year; and
 - (b) a copy of the *firm's* latest business plan where this differs from that previously sent to the *FSA* after grant of its *whole-firm liquidity modification*.

- 12.8.30 G In determining the appropriate duration of a *whole-firm liquidity modification*, the *FSA* will have regard to the role and importance of the *UK branch* in question in the *financial system*. In some cases, the *FSA* may take the view that a *whole-firm liquidity modification*, covering a *UK branch* whose role and importance in the *financial system* are significant, ought to be reviewed more regularly than one granted in respect of a less systemically significant *branch*. The *FSA* will consider this issue in determining the appropriate duration of such a modification. The *FSA* is also likely to consider it appropriate in modifications other than those of short duration to reflect in the terms of the modification representations made either in an applicant *firm's* business plan or direct to the *FSA* as part of the application process, but in either case as to the expected nature and size of the *UK branch's* activities over the course of the duration of the modification. Where requirements are included in a modification in relation to these matters, a *firm* that anticipates that it will breach those requirements will need to apply in advance of any such event for a variation to its then existing *whole-firm liquidity modification*. In considering an application to vary, the *FSA* will consider afresh whether the tests in section 148 of the *Act* continue to be met for the grant of a *whole-firm liquidity modification* to the *firm* in question.

12.9 Individual liquidity guidance and regulatory intervention points

FSA assessment process

- 12.9.1 G The *FSA* will give *individual liquidity guidance* to a *standard ILAS BIPRU firm*. Ordinarily, the *FSA* will give *individual liquidity guidance* after a review of a *standard ILAS BIPRU firm's ILAA*. The *FSA* will, however, issue *individual liquidity guidance* to such a *firm* whenever it is considered appropriate.
- 12.9.2 G In assessing the adequacy of an *ILAS BIPRU firm's* liquidity resources, the *FSA* draws on more than just a review of the submitted *ILAA*, or in the case of a *simplified ILAS BIPRU firm*, the submitted *ILSA*. Use is made of wider supervisory knowledge of a *firm* and of wider market

developments and practices. When forming a view of the *individual liquidity guidance* to be given to an *ILAS BIPRU firm*, the *FSA* will also consider the *firm's* ARROW risk assessment and any other issues arising from day-to-day supervision.

12.9.3 G The *FSA* will take a risk-based and proportionate approach to the review of a *firm's* *ILAA* or *ILSA*, focusing where appropriate on that *firm's* approach to dealing with the risks it faces.

12.9.4 G As part of the *SLRP*, the *FSA* will give a *standard ILAS BIPRU firm individual liquidity guidance* advising it of the amount and quality of liquidity resources which the *FSA* considers are appropriate, having regard to the *liquidity risk* profile of that *firm*. In giving *individual liquidity guidance*, the *FSA* will also advise the *firm* of what it considers to be a prudent funding profile for the *firm*. In giving the *firm individual liquidity guidance* as to its funding profile, the *FSA* will consider the extent to which the *firm's* liabilities are adequately matched by assets of appropriate maturities. In both cases, the *FSA* will have regard to the adequacy of a *firm's* systems and controls in relation to *liquidity risk* when judged against the standard described in the *rules and guidance* in *BIPRU 12.3* and *BIPRU 12.4*. *Individual liquidity guidance* will therefore have two components:

(1) *guidance* about the *firm's* liquid assets buffer; and

(2) *guidance* about the *firm's* funding profile.

12.9.5 G The *FSA* will ordinarily not expect to give *individual liquidity guidance* to a *simplified ILAS BIPRU firm*. However, if after review of such a *firm's* *ILSA*, the *FSA* is not satisfied that the *simplified buffer requirement* delivers an adequate amount and quality of liquidity resources for that *firm*, having regard to its *liquidity risk* profile, the *FSA* will issue the *firm* with *individual liquidity guidance* and may also consider revoking the *firm's* *simplified ILAS waiver*.

12.9.6 G In giving *individual liquidity guidance*, the *FSA* seeks a balance between delivering consistent outcomes across the *individual liquidity guidance* that it gives to every *ILAS BIPRU firm* and recognising that such *guidance* should reflect the individual features of a *firm*. Comparison with the assumptions used by other *firms* will be used to trigger further enquiry.

12.9.7 G Following an internal validation process, the *FSA* will write to the *standard ILAS BIPRU firm* whose *ILAA* it has reviewed, providing both quantitative and qualitative feedback on the results of the *FSA's* assessment. This letter will notify that *firm* of the *individual liquidity guidance* that the *FSA* considers appropriate together with its reasons for concluding that such *guidance* is appropriate. The *FSA* will adopt the same process where it chooses to give *individual liquidity guidance* to a *simplified ILAS BIPRU* following a review of that *firm's* *ILSA*.

- 12.9.8 G Where the amount and quality of liquidity resources which the *FSA* considers a *firm* needs having regard to its *liquidity risk* profile are not the same as the *firm's* own assessment of those resources under its *ILAA*, the *FSA* expects to discuss any such difference with the *firm*.
- 12.9.9 G Consistent with *Principle 11* (Relations with regulators), the *FSA* will expect a *firm* to notify it if the *firm* does not propose to follow its *individual liquidity guidance*. The *FSA* will expect any such notification to be accompanied by a clear account of the *firm's* reasons for considering the *individual liquidity guidance* to be inappropriate. The *FSA* will expect to receive any such notification within one *month* from the date on which it gives *individual liquidity guidance* to the *firm*. If agreement through further analysis and discussion cannot be reached (including through use of the *FSA's* powers under section 166 (Reports by skilled persons) of the *Act*), then the *FSA* will consider using its powers under the *Act* (for example, its power under section 45 to vary, on its own initiative, a *firm's Part IV permission* or its *power of intervention* under section 196) so as to require a *firm* to hold such liquidity resources as the *FSA* considers are adequate having regard to the *liquidity risk* profile of the *firm*.

Additional guidance for branches

- 12.9.10 G In relation to an *incoming EEA firm* or *third country BIPRU firm*, where the *FSA* gives that *firm individual liquidity guidance* in relation to its *UK branch*, it will have regard to the *liquidity risk* profile of the *branch*. In the absence of a *whole-firm liquidity modification*, the effect of *BIPRU 12.2.1R(2)(b)* and *BIPRU 12.2.3R* is to require the *firm* to hold a liquid assets buffer of the amount identified as appropriate in its *individual liquidity guidance* (or in the case of a *simplified ILAS BIPRU firm*, the amount of its *simplified buffer requirement* unless this has been superseded by the *FSA* issuing *individual liquidity guidance* to the *firm* in question) in the form of a local operational liquidity reserve. Further *guidance* is given in *BIPRU 12.5.39G* in relation to the local operational liquidity reserve. In determining the appropriate size of such a *firm's* liquid assets buffer the *FSA* will have regard to all relevant factors, including the extent to which the *FSA* has adequate data to enable it to assess accurately the *liquidity risk* elsewhere in the *firm* beyond its *UK branch*.

Regulatory intervention points for ILAS BIPRU firms

- 12.9.11 G *BIPRU 12.2.9G* records the *FSA's* recognition that in periods of stress a *firm's* liquid assets buffer may be eroded. It may also be the case that in such periods a *firm's* funding profile deteriorates such that it no longer conforms to the prudent liquidity profile described in the *individual liquidity guidance* given to the *firm*. Deviation by a *firm* from the terms of the *individual liquidity guidance* given to it by the *FSA* or, as the case may be, from the *simplified buffer requirement*, does not automatically mean that the *FSA* will consider that the *firm* is in breach of, or likely to

breach, *threshold conditions*.

- 12.9.12 G The FSA will examine any deviation on its own facts and will always want to understand clearly the reasons for that deviation and the *firm's* plans for remedying it. Deviation is, however, likely to prompt a re-examination by the FSA of the *firm's* compliance, and likely future compliance, with *threshold conditions*. The FSA will have regard to the information provided by the *firm* and to any other relevant factors in assessing the *firm's* continuing ability to satisfy *threshold conditions*. BIPRU 12.9.13R to BIPRU 12.9.18R set out a number of requirements which apply to an ILAS BIPRU *firm* that deviates from its *individual liquidity guidance*, or as the case may be, from the *simplified buffer requirement*.
- 12.9.13 R On the occurrence of any of the events identified in BIPRU 12.9.14R, a *firm* must as soon as it becomes aware of the event in question:
- (1) notify the FSA in writing;
 - (2) provide the FSA with an adequately reasoned explanation for the deviation; and
 - (3) implement its *contingency funding plan*.
- 12.9.14 R For the purpose of BIPRU 12.9.13R, the events in question are:
- (1) in the case of a *simplified ILAS BIPRU firm* only, breach, or expected breach, of the *simplified buffer requirement* unless this has been superseded by *individual liquidity guidance* that it has accepted;
 - (2) in the case of a *standard ILAS BIPRU firm* or a *simplified ILAS BIPRU firm*, being a *firm* which in either case has accepted *individual liquidity guidance* given to it by the FSA:
 - (a) its liquid assets buffer falling, or being expected to fall below, the level advised in the *guidance*; or
 - (b) its funding profile ceasing, or being expected to cease, to conform to that advised in the *guidance*.
- 12.9.15 G As part of the FSA's enquiry into the reasons for a *firm's* deviation, or expected deviation, from its *individual liquidity guidance* or, as the case may be, its *simplified buffer requirement*, the FSA may ask for further assessments and analyses of a *firm's* liquidity resources and the risks faced by the *firm*. The FSA may consider the use of its powers under section 166 of the *Act* to assist in such circumstances.
- 12.9.16 G Consistent with *Principle 11* of the FSA's *Principles for Businesses* (Relations with regulators), if a *firm* has not accepted *individual liquidity guidance* given by the FSA it should, nevertheless, notify the FSA as soon as it becomes aware of either of the events identified in BIPRU

- 12.9.14R(2)(a) or (b).
- 12.9.17 R No later than two *days* after the *day* on which a *firm* notifies the *FSA* under *BIPRU* 12.9.13R(1), the *firm* must submit a liquidity remediation plan to the *FSA*.
- 12.9.18 R For the purposes of *BIPRU* 12.9.17R, a *firm's* liquidity remediation plan must:
- (1) be communicated in writing;
 - (2) detail the *firm's* forward estimates of the evolution of the size of the *firm's* liquid assets buffer and of its funding profile;
 - (3) in relation to any of the events identified in *BIPRU* 12.9.14R that has occurred, detail the actions that the *firm* intends to take to remedy the relevant deviation, or avoid the expected deviation, including information about:
 - (a) the amount of funding that it is intended to raise;
 - (b) the intended funding providers; and
 - (c) the maturity profile of the intended funding;
 - (4) identify clear timescales for achieving each of the actions that it details in accordance with *BIPRU* 12.9.18R(3); and
 - (5) include an adequately reasoned assessment of the likelihood of the timely achievement of the actions that it details in accordance with *BIPRU* 12.9.18R(3).
- 12.9.19 G The *FSA* will assess the adequacy of the liquidity remediation plan submitted by a *firm*, including the likelihood of its success. A *firm* should expect that the *FSA* will want to discuss the terms of the liquidity remediation plan submitted to it under *BIPRU* 12.9.18R. In its re-examination of the *firm's* compliance, and likely future compliance, with *threshold conditions* taken as a whole, the *FSA* will have regard to the adequacy of the *firm's* liquidity remediation plan.
- 12.9.20 G Other things being equal, the *FSA* will expect a *firm* which is not experiencing a period of stress to restore its liquidity resources more rapidly than one which is under stress at the time that it deviates from its *individual liquidity guidance* or, as the case may be, from its *simplified buffer requirement*.
- 12.9.21 G If agreement through discussion with the *FSA* cannot be reached as to the necessary actions and timescales to remedy deviation from that *guidance*, the *FSA* will consider using its powers under the *Act* (for example, its power under section 45 to vary, on its own initiative, a *firm's Part IV permission* or its *power of intervention* under section 196) so as to require the *firm* to take such actions as the *FSA* considers are necessary

to return the *firm* to conformity with the terms of its *individual liquidity guidance* or, as the case may be, with its *simplified buffer requirement*.

- 12.9.22 G Although *BIPRU* 12.9.17R to *BIPRU* 12.9.21G set out the *FSA*'s likely approach, the *FSA* will take whatever action it considers appropriate in the particular circumstances of a given case.
- 12.9.23 G A *firm* that deviates from current *individual liquidity guidance* that it has accepted or, as the case may be, from its *simplified buffer requirement*, will be experiencing a *firm-specific liquidity stress* for the purpose of the reporting rules in *SUP* 16 (Reporting requirements). Those rules require the *firm* to report specified *data items* more frequently than would otherwise be the case. Additionally, a *firm* that is implementing a liquidity remediation plan should expect that the *FSA* will wish to monitor its implementation of that plan. The *firm*'s progress in achieving the remedial actions identified in its plan is a matter to which the *FSA* will have regard in considering the *firm*'s compliance, and likely future compliance, with *threshold conditions*.

Monitoring requirement

- 12.9.24 R An *ILAS BIPRU firm* must monitor on each *business day* whether it is in conformity with *individual liquidity guidance* that it has accepted or, as the case may be, with the *simplified buffer requirement*.

Mode of notification

- 12.9.25 R Notification to the *FSA* under *BIPRU* 12.9.13R(1) and submission to the *FSA* under *BIPRU* 12.9.17R must be made to the following *FSA* email address: `data_collection@fsa.gov.uk`
- 12.9.26 G Although *BIPRU* 12.9.25R requires notification and submission in the way prescribed in that rule, the *FSA* expects that a *firm* would also bring to the attention of its usual supervisory contact at the *FSA* the fact that it had made such a notification or submission.
- 12.9.27 G For the purpose of the notification expected under *BIPRU* 12.9.26G, the *FSA* would expect any such notification to be made in the way envisaged in *BIPRU* 12.9.25R.

Guidance for a firm which becomes an *ILAS BIPRU firm* or *non-ILAS BIPRU firm* on 1 December 2009

27.5 G *BIPRU* TP 27 applies to a *firm* which becomes either an *ILAS BIPRU firm* or a *non-ILAS BIPRU firm* (as the case may be) on 1 December 2009. A *firm* which becomes an *ILAS BIPRU firm* or *non-ILAS BIPRU firm* after that date and before the end of the transitional period which would otherwise have applied will not therefore have the benefit of those *rules* and will be expected to comply with the *rules* and *guidance* in

BIPRU 12 from the date on which it becomes either an *ILAS BIPRU firm* or a *non-ILAS BIPRU firm* (as the case may be).

TP 28 BIPRU 12.3 and BIPRU 12.4: banks with a Global Liquidity Concession

Application

- 28.1 R *BIPRU* TP 28 applies to an *incoming EEA firm* or *third country BIPRU firm* which as at 30 November 2009 has a Global Liquidity Concession (as described in *IPRU(BANK)* Chapter LM 4(2)).

Duration of transitional provisions

- 28.2 R *BIPRU* TP 28 applies until 31 October 2010 or, if earlier, the date on which the *firm's* Global Liquidity Concession expires.

TP 29 Liquid assets buffer scalar: simplified ILAS BIPRU firms

Application

- 29.1 R *BIPRU* TP 29 applies to a *firm* which on 1 June 2010 is a *simplified ILAS BIPRU firm*.

Duration of transitional provisions

- 29.2 R *BIPRU* TP 29 applies from 1 December 2009 until 30 September 2013.

Transitional provisions

- 29.3 R A *simplified ILAS BIPRU firm* falling into *BIPRU* TP 29.1 must ensure that:

- (1) at all times between 1 October 2010 and 30 September 2011, its liquid assets buffer is no less than 30% of the amount of its *simplified buffer requirement*;
 - (2) at all times between 1 October 2011 and 30 September 2012, its liquid assets buffer is no less than 50% of its *simplified buffer requirement*; and
 - (3) at all times between 1 October 2012 and 30 September 2013, its liquid assets buffer is no less than 70% of its *simplified buffer requirement*.
- 29.4 G The effect of *BIPRU* TP 29.3 is that a *firm* that is a *simplified ILAS BIPRU firm* as at 1 December 2009 has a transitional period of three years within which to build up its liquid assets buffer so that at the end of that period it holds in its buffer assets equal to 100% of its *simplified buffer requirement*.
- 29.5 G In relation to a *firm* which becomes a *simplified ILAS BIPRU firm* after 1 December 2009 and before 1 October 2010 the *FSA* will consider as part of that *firm's simplified ILAS waiver* application whether it is appropriate to apply the scalar approach described in *BIPRU* TP 29.3 to the *firm* in question and if so from what date that approach should apply. Where the *FSA* agrees that the scalar approach is appropriate, it will incorporate the scalar into the terms of the *firm's simplified ILAS waiver*.

TP 30 Liquidity floor for certain banks

Application

- 30.1 R *BIPRU* TP 30 applies to a *firm* which as at 1 December 2009 is a *standard ILAS BIPRU firm* and which as at 30 November 2009 calculated its liquidity resources in accordance with Chapter LM of *IPRU(BANK)*.

Duration of transitional provisions

- 30.2 R *BIPRU* TP 30 applies:
- (1) in the case of an *incoming EEA firm* or a *third country BIPRU firm*, from 1 November 2010 until the earlier of the date on which the *firm* receives *individual liquidity guidance* from the *FSA* and 30 November 2011; and
 - (2) in the case of any other *firm*, from 1 October 2010 until the earlier of the date on which the *firm* receives *individual liquidity guidance* from the *FSA* and 30 November 2011.

Transitional provisions

- 30.3 R A *standard ILAS BIPRU firm* falling into *BIPRU TP 30.1* must ensure that at all times between 1 October 2010 or 1 November 2010 (as relevant) and the expiry of *BIPRU TP 30* it maintains liquidity resources which are no less in amount than the higher of:
- (1) the amount it assesses as adequate in its *ILAA*; and
 - (2) the amount that it would have maintained during that period had it calculated its liquidity resources solely in accordance with Chapter LM of *IPRU(BANK)* in the form in which it appeared on 30 September 2010 or 31 October 2010 (as relevant).
- 30.4 R (1) For the purpose of *BIPRU 12.9.14R* (Regulatory intervention points for *ILAS BIPRU firms*) and for the duration of *BIPRU TP 30*, there is added one further event which is to constitute a regulatory intervention point for a *standard ILAS BIPRU firm*.
- (2) The further event to which (1) refers is the amount of the *firm's* liquid assets falling below, or being expected to fall below, the level required in *BIPRU TP 30.3*.

Amendments to the Glossary of definitions

In this Annex, underlining indicates new text unless otherwise stated.

Insert the following new definitions in the appropriate alphabetical position. The text is not underlined.

*defined
liquidity
group*

a *DLG by default* or *DLG by modification*.

*DLG by
default*

(in relation to a *UK ILAS BIPRU firm* (a *group liquidity reporting firm*) and any reporting period under *SUP 16* (Reporting requirements)) the *firm* and each *person* identified in accordance with the following:

- (a) (in a case in which the *firm* is the only *UK ILAS BIPRU firm* in its *group*) that *person* meets any of the following conditions for any part of that period:
 - (i) that *person* provides material support to the *firm* against *liquidity risk*; or
 - (ii) that *person* is committed to provide such support or would be committed to do so if that *person* were able to provide it; or
 - (iii) the *firm* has reasonable grounds to believe that that *person* would supply such support if asked or would do so if it were able to provide it; or
 - (iv) the *firm* provides material support to that *person* against *liquidity risk*; or
 - (v) the *firm* is committed to provide such support to that *person* or would be committed to do so if the *firm* were able to provide it; or
 - (vi) the *firm* has reasonable grounds to believe that that *person* would expect the *firm* to supply such support if asked or that the *firm* would do so if it were able to provide it; or
- (b) (in a case in which the *firm* is not the only *UK ILAS BIPRU firm* in its *group*):
 - (i) each of those other *UK ILAS BIPRU firm*; and

- (ii) each *person* identified by applying the tests in (a) separately to the *firm* and to each of those other *UK ILAS BIPRU firms*, so that applying (b) to the *firm* and to each of those *UK ILAS BIPRU firms* results in their having the same *defined liquidity group*.

The following provisions also apply for the purpose of this definition.

- (c) A *person* is not a member of a *firm's* DLG by default unless it also satisfies one of the following conditions:
 - (i) it is a member of the *firm's group*; or
 - (ii) it is a *securitisation special purpose entity* or a *special purpose vehicle*; or
 - (iii) it is an *undertaking* whose main purpose is to raise funds for the *firm* or for a *group* to which that *firm* belongs.
- (d) *Group* has the meaning in paragraph (1) of the definition in the *Glossary* (the definition in section 421 of the *Act*).
- (e) The conditions in (a) are satisfied even if the *firm* or *person* in question provides or is committed or expected to provide support for only part of the period.
- (f) In deciding for the purpose of (a) or (b) whether the *firm* is the only *UK ILAS BIPRU firm* in its *group* and identifying which are the other *UK ILAS BIPRU firms* in its *group*, any *group* member that is a member of the group through no more than a *participation* is ignored.
- (g) A *firm* has a *DLG by default* for a period even if it only has one during part of that period.
- (h) Liquidity support may be supplied by or to the *firm* directly or indirectly.
- (i) Support is material if it is material either by reference to the *person* giving it or by reference to the *person* receiving it.

(*Guidance* about this definition, and its inter-relation with other related definitions, is set out in *SUP 16 Annex 26G* (*Guidance on designated liquidity groups in SUP 16.12*.)

DLG by modification

either of the following:

- (a) a *DLG by modification (firm level)*; or
- (b) a *non-UK DLG by modification (DLG level)*.

(*Guidance* about this definition, and its inter-relation with other related definitions, is set out in *SUP 16 Annex 26G* (*Guidance on designated liquidity groups in SUP 16.12*)).

DLG by modification (firm level)

(in relation to any reporting period under *SUP 16* (*Reporting requirements*) and a *UK ILAS BIPRU firm* that has an *intra-group liquidity modification* during any part of that period (a *group liquidity reporting firm*)) the *firm* and each *person* on whose liquidity support the *firm* can rely, under that *intra-group liquidity modification*, for any part of that period for the purpose of the *overall liquidity adequacy rule* (as the *overall liquidity adequacy rule* applies to the *firm* on a solo basis). A *firm* has a ‘DLG by modification (firm level)’ for a period even if it only has one during part of that period.

(*Guidance* about this definition, and its inter-relation with other related definitions, is set out in *SUP 16 Annex 26G* (*Guidance on designated liquidity groups in SUP 16.12*)).

firm-specific liquidity stress

(in relation to a *firm* and any reporting obligations under *SUP 16* (*Reporting requirements*)):

- (a) (in the case of reporting obligations on a solo basis (including on the basis of the *firm’s UK branch*) the *firm* failing to meet, not complying with or being in breach of:
 - (i) the liquidity resources requirement calculated by that *firm* as adequate in its current *Individual Liquidity Adequacy Assessment* or *Individual Liquidity Systems Assessment*; or
 - (ii) the level of its liquid assets buffer advised in any current *individual liquidity guidance* that the *firm* has accepted; or
 - (iii) its funding profile advised in any current *individual liquidity guidance* that the *firm* has accepted; or
 - (iv) the *overall liquidity adequacy rule*; or
 - (v) *BIPRU 12.2.8R* (*ILAS BIPRU firm* adequate buffer of high quality, unencumbered assets) or *BIPRU 12.2.11R* (liquid assets buffer is at least equal to the *simplified buffer requirement*); or
 - (vi) the *simplified buffer requirement* (taking into account *BIPRU TP 29* (Liquid assets buffer scalar: simplified ILAS BIPRU firms) unless this has been superseded by *individual liquidity guidance* that it has accepted; or
 - (vii) any requirement imposed by or under the *regulatory system* under which the *firm* must hold a specified level of liquidity resources;

or it being likely that the *firm* will do so;

- (b) (in the case of reporting obligations with respect to the *firm* and a group of other *persons*) has the same meaning as in (a) except that references to any *rule* or other requirement, *Individual Liquidity Adequacy Assessment*, *Individual Liquidity Systems Assessment* or *individual liquidity guidance* are to any such thing so far as it applies to the *firm* and that group considered together.

group liquidity low frequency reporting conditions

(in relation to a *group liquidity reporting firm* and its *defined liquidity group*) the *defined liquidity group* meets the group liquidity low frequency reporting conditions if the *defined liquidity group* meets the following conditions:

- (a) the *firm* or any other member is a *low frequency liquidity reporting firm*; and
- (b) no member of that group is a *standard frequency liquidity reporting firm*.

For the purpose of deciding whether these conditions are met in relation to a *DLG by default*, any group member (other than the *group liquidity reporting firm* itself) that is a member of the group through no more than a *participation* is ignored.

group liquidity reporting firm

see the definitions of *DLG by default*, *DLG by modification (firm level)*, and *non-UK DLG by modification (DLG level)*.

(*Guidance* about this definition, and its inter-relation with other related definitions, is set out in *SUP 16 Annex 26G (Guidance on designated liquidity groups in SUP 16.12)*.)

group liquidity standard frequency reporting conditions

(in relation to a *group liquidity reporting firm* and its *defined liquidity group*) the *defined liquidity group* meets the group liquidity standard frequency reporting conditions if the group does not meet the *group liquidity low frequency reporting conditions*.

low frequency liquidity reporting firm

any of the following:

- (a) a *simplified ILAS BIPRU firm*; or
- (b) a *standard ILAS BIPRU firm* whose most recent *annual report and accounts* show balance sheet assets of less than £1 billion (or its equivalent in foreign currency translated into sterling at the balance sheet date); or
- (c) a *standard ILAS BIPRU firm* that meets the following conditions:

- (i) it does not have any *annual report and accounts* and it has been too recently established to be required to have produced any;
- (ii) it has submitted a projected balance sheet to the *FSA* as part of an application for a *Part IV permission* or a variation of one; and
- (iii) the most recent such balance sheet shows that the *firm* will meet the size condition set out in (b) in all periods covered by those projections.

Paragraphs (b) and (c) apply at the level of the *firm* rather than of the *branch* in the case of any *firm* reporting on the basis of the activities of its branch operation in the *United Kingdom*.

market liquidity stress (in relation to a *firm* and any reporting obligations under *SUP 16* (Reporting requirements)):

- (a) (in the case of reporting obligations on a solo basis) any market that is of material significance to the *firm* being materially adversely affected by crystallised *liquidity risk* or a substantial number of participants in any such market being materially adversely affected by crystallised *liquidity risk*, whether or not the *firm* itself is so affected;
- (b) (in the case of reporting obligations with respect to the *firm* and a group of other persons) has the same meaning as in (a) except that references to the *firm* are to the *firm* and that group considered together;
- (c) (in the case of reporting obligations with respect to a *firm's UK branch*) has the same meaning as in (a) except that references to the *firm* are to that *branch*.

material currency

- (a) *Material currencies*, in respect of a *firm* at any time, are currencies determined in accordance with the following.
- (b) First, the amount of its assets and the amount of its liabilities in each currency (ignoring the sign) are separately calculated. The figures are as shown in the most recent *data item* FSA054 submitted to the *FSA*.
- (c) Then, each such amount is converted into the reporting currency for the *data item* referred to in (b).
- (d) Each currency (which may include the reporting currency) that represents 20% or more of the total asset figure or 20% or more of the total liabilities figure is a *material currency*.

- (e) A currency is also a *material currency* if it is identified by the *firm's* current:
- (i) *Individual Liquidity Adequacy Assessment*; or
 - (ii) *Individual Liquidity Systems Assessment*; or
 - (iii) *ILG* that has been accepted by the *firm*;
- as being significant in the context of cross-currency *liquidity risk* (as referred to in *BIPRU* 12.5 (Individual Liquidity Adequacy Standards)).
- (f) The conversion rate for a currency into the reporting currency is the exchange rate on the date as of which the calculation is being made.
- (g) The reporting currency means the currency in which the most recent *data item* FSA054 (as referred to in (b)) is reported.
- (h) A currency is a *material currency* in relation to a *firm's branch* or a *defined liquidity group* of which it is a *group liquidity reporting firm* if it is identified as such in accordance with the procedures in the previous paragraphs of this definition except that the identification is carried out by reference to that *branch* or *defined liquidity group*. For these purposes, *data item* FSA054 for the *reporting level* concerned is used.
- (i) If the *firm* has not delivered *data item* FSA054 to the *FSA* at the *reporting level* concerned or is currently not required to do so at the *reporting level* concerned, the calculation is carried out using the methods for drawing up *data item* FSA054.

non-UK DLG by modification either of the following:

- (a) a *non-UK DLG by modification (firm level)*; or
- (b) a *non-UK DLG by modification (DLG level)*.

non-UK DLG by modification (firm level) (in relation to a *group liquidity reporting firm*) a *DLG by modification (firm level)* that is not a *UK DLG by modification*. A *firm* with a *non-UK DLG by modification (firm level)* cannot also have a *UK DLG by modification*.

(*Guidance* about this definition, and its inter-relation with other related definitions, is set out in *SUP* 16 Annex 26G (Guidance on designated liquidity groups in *SUP* 16.12).)

non-UK DLG by modification (DLG level) (in relation to any reporting period under *SUP 16* (Reporting requirements) and in relation to a *firm* that meets the following conditions (a group liquidity reporting firm):

- (a) it is a *UK ILAS BIPRU firm* with an *intra-group liquidity modification*;
- (b) it is a *group liquidity reporting firm* in a *UK DLG by modification* created by that *intra-group liquidity modification*;
- (c) the *overall liquidity adequacy rule* applies under that *intra-group liquidity modification* to that *UK DLG by modification*; and
- (d) that *UK DLG by modification* can rely, under that *intra-group liquidity modification*, for any part of that period, on a group of other *persons* for the purpose of the *overall liquidity adequacy rule* as applied to that *UK DLG by modification*;

means the group made up of the following:

- (e) that *ILAS BIPRU firm*;
- (f) the other members of that *UK DLG by modification*; and
- (g) the group of other *persons* mentioned in (d).

A *firm* has a ‘non-UK DLG by modification (DLG level)’ for a period even if it only has one during part of that period.

(*Guidance* about this definition, and its inter-relation with other new definitions, is set out in *SUP 16 Annex 26G* (Guidance on designated liquidity groups in *SUP 16.12*)).

non UK lead regulated firm a *firm* that is not a *UK lead regulated firm*. This definition is not related to the defined term *lead regulated firm*.

reporting level (in *SUP 16* (Reporting requirements) and in relation to a *data item*) refers to whether that *data item* is prepared on a solo basis or on the basis of a group such as a *UK DLG by modification* and, if it is prepared on the basis of a group, refers to the type of group (such as a *UK DLG by modification* or a *non-UK DLG by modification (firm level)*).

simplified ILAS BIPRU firm an *ILAS BIPRU firm* that, in accordance with the procedures in *BIPRU 12* (Liquidity), is using the *simplified ILAS*.

standard frequency liquidity reporting firm a *standard ILAS BIPRU firm* that is not a *low frequency liquidity reporting firm*.

standard ILAS BIPRU firm an *ILAS BIPRU firm* that is not a *simplified ILAS BIPRU firm*.

UK DLG by modification a *DLG by modification (firm level)* in which each member is a *UK ILAS BIPRU firm*. A *firm* with a *UK DLG by modification* cannot also have a *non-UK DLG by modification (firm level)*.

UK lead regulated firm a *UK firm* that:

- (a) is not part of a group that is subject to consolidated supervision by the *FSA* or any other *regulatory body*; or
- (b) is part of a group that is subject to consolidated supervision by the *FSA* and that group is not part of a wider group that is subject to consolidated supervision by a *regulatory body* other than the *FSA*.

For the purposes of this definition:

- (c) Consolidated supervision of a group of *persons* means supervision of the adequacy of financial and other resources of that group on a consolidated basis. For example, this includes supervision under *BIPRU 8 (Group risk consolidation)*.
- (d) It is not relevant whether or not any supervision by another *regulatory body* has been assessed as equivalent under the *CRD* or the *Financial Groups Directive*.
- (e) If the group is a *UK consolidation group* or *financial conglomerate* of which the *FSA* is lead regulator that is headed by an *undertaking* that is not itself the *subsidiary undertaking* of another *undertaking* the *firm* is a 'UK lead regulated firm'.

This definition is not related to the defined term *lead regulated firm*.

Amend the following as shown.

lead regulated firm a *firm* which is the subject of the financial supervision requirements of an *overseas regulator* in accordance with an agreement between the *FSA* and that regulator relating to the financial supervision of *firms* whose head office is within the country of that regulator.

This definition is not related to the defined terms *UK lead regulated firm* or *non UK lead regulated firm*.

Part 2: Comes into force on 1 December 2009**16 Reporting requirements****16.3 General provisions on reporting**

...

16.3.26 G Examples of reports covering a *group* are:

...

(5) consolidated reporting statements required from *securities and futures firms* under SUP 16.7.24R;

(6) reporting in relation to *defined liquidity groups* under SUP 16.12.

...

16.12 Integrated Regulatory Reporting

...

16.12.3A G The following is designed to assist *firms* to understand how the reporting requirements set out in this chapter operate when the circumstances set out in SUP 16.12.3 R (1)(a)(ii) apply.

(1) Example 1

A *BIPRU 730K firm* that undertakes activities in both *RAG 3* and *RAG 7*

Overlaying the requirements of *RAG 3* (data items) with the requirements of *RAG 7* shows the following:

RAG 3 (SUP 16.12.11R) data items	RAG 7 (SUP 16.12.22AR) data items
...	
Securitisation	Securitisation
<u>Daily Flows (if it is an <i>ILAS BIPRU firm</i>)</u>	
<u>Enhanced Mismatch Report (if it is an <i>ILAS BIPRU firm</i>)</u>	
<u>Liquidity Buffer Qualifying Securities (if it is an <i>ILAS BIPRU firm</i>)</u>	

<u>Funding Concentration (if it is an ILAS BIPRU firm)</u>	
<u>Pricing data (if it is an ILAS BIPRU firm)</u>	
<u>Retail and corporate funding (if it is an ILAS BIPRU firm)</u>	
<u>Currency Analysis (if it is a ILAS BIPRU firm)</u>	
<u>Systems and Controls Questionnaire (if it is a non-ILAS BIPRU firm)</u>	

...

(2) Example 2

A UK bank in RAG 1 that also carries on activities in RAG 5

Again, overlaying the RAG 1 reporting requirements with the requirements for a RAG 5 firm gives the following :

RAG 1 requirements (SUP 16.12.5R)	RAG 5 requirements (SUP 16.12.18AR)
...	
<u>Securitisation</u>	
<u>Daily Flows (if it is an ILAS BIPRU firm)</u>	
<u>Enhanced Mismatch Report (if it is an ILAS BIPRU firm)</u>	
<u>Liquidity Buffer Qualifying Securities (if it is an ILAS BIPRU firm)</u>	
<u>Funding Concentration (if it is an ILAS BIPRU firm)</u>

Note 3	<p>A UK bank is not required to submit both FSA010 and FSA013. A UK bank which monitors its liquidity according to the maturity mismatch approach as set out in IPRU(BANK) LM must submit FSA010. A UK bank which monitors its liquidity according to the sterling stock liquidity approach as set out in IPRU(BANK) LS must submit FSA013. FSA013 will generally be provided on a consolidated basis and members of the consolidated group will not be required to report individually. [deleted]</p>

Note 4	<p>The <i>firms</i> covered by the consolidation for FSA013 may differ from those companies in the <i>UK consolidation group</i>. Reporting frequencies and reporting periods for this <i>data item</i> are calculated on a calendar year basis and not from a <i>firm's accounting reference date</i>. In particular:</p> <ol style="list-style-type: none"> (1) <u>A week means the period beginning on Saturday and ending on Friday.</u> (2) <u>A month begins on the first day of the calendar month and ends on the last day of that month.</u> (3) <u>Quarters end on 31 March, 30 June, 30 September and 31 December.</u> (4) <u>Daily means each <i>business day</i>.</u> <p><u>All periods are calculated by reference to London time.</u></p> <p><u>Any changes to reporting requirements caused by a <i>firm</i> receiving an <i>intra-group liquidity modification</i> or a <i>whole-firm liquidity modification</i> (or a variation to one) do not take effect until the first day of the next reporting period applicable under the changed reporting requirements if the <i>firm</i> receives that <i>intra-group liquidity modification</i>, <i>whole-firm liquidity modification</i> or variation part of the way through such a period, unless the <i>whole-firm liquidity modification</i> or <i>intra-group liquidity modification</i> says otherwise.</u></p>			

<u>Note 5</u>	As specified in <i>SUP 16.12.5R</i> , solo consolidation has no application to <u>liquidity reporting</u> . Therefore it does not make any difference to the reporting of this item whether or not the <i>firm</i> is solo consolidated.
<u>Note 6</u>	<p>If the report is on a solo basis (and the <i>firm</i> is a <i>UK firm</i>) the reporting frequency is as follows:</p> <p>(1) <u>if the <i>firm</i> does not have an <i>intra-group liquidity modification</i> the frequency is:</u></p> <p>(a) <u>weekly if the <i>firm</i> is a <i>standard frequency liquidity reporting firm</i>; and</u></p> <p>(b) <u>monthly if the <i>firm</i> is a <i>low frequency liquidity reporting firm</i>;</u></p> <p>(2) <u>if the <i>firm</i> is a <i>group liquidity reporting firm</i> in a <i>non-UK DLG by modification (firm level)</i> the frequency is:</u></p> <p>(a) <u>weekly if the <i>firm</i> is a <i>standard frequency liquidity reporting firm</i>; and</u></p> <p>(b) <u>monthly if the <i>firm</i> is a <i>low frequency liquidity reporting firm</i>;</u></p> <p>(3) <u>the frequency is quarterly if the <i>firm</i> is a <i>group liquidity reporting firm</i> in a <i>UK DLG by modification</i>.</u></p>
<u>Note 7</u>	<p>(1) <u>If the report is on a solo basis (and the <i>firm</i> is not a <i>UK firm</i>) the reporting frequency is as follows:</u></p> <p>(a) <u>weekly if the <i>firm</i> is a <i>standard frequency liquidity reporting firm</i>; and</u></p> <p>(b) <u>monthly if the <i>firm</i> is a <i>low frequency liquidity reporting firm</i>.</u></p> <p>(2) <u>If the <i>firm</i> has a <i>whole-firm liquidity modification</i> (1) does not apply and instead the frequency of solo reporting is quarterly (or whatever other frequency the <i>whole-firm liquidity modification</i> requires).</u></p>
<u>Note 8</u>	<p>(1) <u>If the report is by reference to the <i>firm's DLG by default</i> the reporting frequency is:</u></p> <p>(a) <u>weekly if the <i>group liquidity standard frequency reporting conditions</i> are met;</u></p> <p>(b) <u>monthly if the <i>group liquidity low frequency reporting conditions</i> are met.</u></p>

	<p>(2) <u>If the report is by reference to the <i>firm's UK DLG by modification</i> the reporting frequency is:</u></p> <p>(a) <u>weekly if the <i>group liquidity standard frequency reporting conditions</i> are met;</u></p> <p>(b) <u>monthly if the <i>group liquidity low frequency reporting conditions</i> are met.</u></p> <p>(3) <u>If the report is by reference to the <i>firm's non-UK DLG by modification</i> the reporting frequency is quarterly.</u></p>

Note 10	<p><u>If the report is on a solo basis (including by reference to the <i>firm's UK branch</i>) the reporting frequency is as follows:</u></p> <p>(1) <u>weekly if the <i>firm</i> is a <i>standard frequency liquidity reporting firm</i>; and</u></p> <p>(2) <u>monthly if the <i>firm</i> is a <i>low frequency liquidity reporting firm</i>.</u></p>

16.12.11A G The columns in the table in SUP 16.12.11R that deal with *BIPRU 50K firms* and *BIPRU 125K firms* cover some liquidity items that only have to be reported by an *ILAS BIPRU firm*. In fact a *BIPRU 50K firm* and a *BIPRU 125K firm* cannot be an *ILAS BIPRU firm*. One reason for drafting the table in this way is that the classification of *firms* into *ILAS BIPRU firms* and *non-ILAS BIPRU firms* is not based on the classification into *BIPRU 50K firms*, *BIPRU 125K firms* and *BIPRU 730K firms* and the drafting of the table emphasises that. Also, the table covers consolidated reports and the conditions about what sort of group has to supply what type of liquidity report do not always depend on how the individual *firm* is classified.

16.12.22B G The columns in the table in SUP 16.12.22AR that deal with *BIPRU 50K firms* and *BIPRU 125K firms* cover some liquidity items that only have to be reported by an *ILAS BIPRU firm*. In fact a *BIPRU 50K firm* and a *BIPRU 125K firm* cannot be an *ILAS BIPRU firm*. One reason for drafting the table in this way is that the classification of *firms* into *ILAS BIPRU firms* and *non-ILAS BIPRU firms* is not based on the classification into *BIPRU 50K firms*, *BIPRU 125K firms* and *BIPRU 730K firms* and the drafting of the table emphasises that. Also, the table covers consolidated reports and the conditions about what sort of group has to supply what type of liquidity report do not always depend on how the individual *firm* is classified.

16.12.23 R The applicable reporting frequencies for data items referred to in SUP 16.12.22AR are set out in the table below. Reporting frequencies are calculated from a *firm's accounting reference date*, unless indicated otherwise.

<u>Note 7</u>	<p>(1) <u>If the reporting frequency is otherwise weekly, the item is to be reported on every <i>business day</i> if (and for as long as) there is a <i>firm-specific liquidity stress</i> or <i>market liquidity stress</i> in relation to the <i>firm</i> or group in question.</u></p> <p>(2) <u>If the reporting frequency is otherwise monthly, the item is to be reported weekly if (and for as long as) there is a <i>firm-specific liquidity stress</i> or <i>market liquidity stress</i> in relation to the <i>firm</i> or group in question.</u></p> <p>(3) <u>A <i>firm</i> must ensure that it would be able at all times to meet the requirements for daily or weekly reporting under paragraph (1) or (2) even if there is no <i>firm-specific liquidity stress</i> or <i>market liquidity stress</i> and none is expected.</u></p>
<u>Note 8</u>	<p><u>If the report is on a solo basis the reporting frequency is as follows:</u></p> <p>(1) <u>weekly if the <i>firm</i> is a <i>standard frequency liquidity reporting firm</i>; and</u></p> <p>(2) <u>monthly if the <i>firm</i> is a <i>low frequency liquidity reporting firm</i>.</u></p>

Note 10	As specified in <i>SUP</i> 16.12.22AR, solo consolidation has no application to liquidity reporting. Therefore it does not make any difference to the reporting of this item whether or not the <i>firm</i> is solo consolidated.

...

Insert the following guidance notes into SUP 16 Annex 25G (Guidance notes for data items in SUP 16 Annex 24R) in the appropriate numerical order. The text is all new and is not underlined.

In accordance with the rules in SUP 16, a firm may be required to report either on a solo (including branch) basis or on behalf of a DLG. In this guidance, therefore, the words “firm” and “its” are to be construed accordingly.

FSA047 Daily Flows

The purpose of this *data item* is to record details of an *ILAS BIPRU firm's* liquidity flows. See further the *rules* and *guidance* in SUP 16.12.4.

Valuation

Except where outlined, a *firm* should follow the *FSA's rules* and *guidance* on valuation set out in *GENPRU 1.3*. A *firm* not subject to *GENPRU 1.3*, for example, an *incoming EEA firm*, should follow its applicable accounting standards.

Currency

The reporting currency for this *data item* is whichever of the following currencies the *firm* chooses, namely USD (the United States Dollar), EUR (the euro), GBP (sterling), JPY (the Japanese Yen), CHF (the Swiss Franc), CAD (the Canadian Dollar) or SEK (the Swedish Krona).

Amounts should be entered in multiples of 1,000 of the relevant currency unit.

Completion in a material currency

Where a *firm* is completing this *data item* in a *material currency*, the *firm* should only report positions and flows denominated in the *material currency* in question. In the case of off balance sheet items reportable in Part 8 where contingent liabilities or commitments may be drawn in multiple currencies, a *firm* should report these in the base currency of that contingent liability or commitment. Any payments and receipts in the *material currency* resulting from foreign exchange and currency swap flows are reported on line 57. If this *data item* is not being reported in a *material currency*, line 57 is left blank.

Data elements

These are referred to by row first and then by column. So, *data element 2B* will be the element entered in row 2 and column B.

Note this *data item* requires the completion of daily flows for only a subset of the rows in FSA 048 and a *firm* is only required to complete the *data elements* as outlined.

For the rows for which a *firm* is required to complete this *data item*, it should make entries in Column A for any daily flows of cash or securities on the day (not being a Saturday or Sunday) following the reporting date, such date being “Date +1”, and each day after that (not being a Saturday or a Sunday) in Column B onwards. If there are multiple flows on a single day these should be reported in a single Column.

The final Column required in this form is for the day (not being a Saturday or a Sunday) immediately prior to the earliest date a *firm* would report entries in Column F of FSA 048. None of the information entered in rows in FSA047 will therefore overlap with any of the information entered in rows on FSA 048 and vice versa.

Completion and submission to the FSA

A *firm* should complete this *data item* and report cash flows and security flows in the relevant time bands based on their residual contractual maturity. Asset flows should be entered according to their latest maturity. Liability cash flows should be entered according to their earliest possible date of outflow. Any flows or balances between entities included within the scope of the return should be eliminated in accordance with generally accepted accounting principles.

A firm should refer to the relevant Guidance Notes for FSA048 to complete the relevant *data elements* of this *data item*.

Validation rules

No rule as cell can be zero, positive or negative.

FSA048 Enhanced Mismatch Report

The purpose of this *data item* is to record details of an *ILAS BIPRU firm's* liquidity mismatch positions. See further the *rules* and *guidance* in *SUP 16.12.4*.

Valuation

Except where outlined, a *firm* should follow the *FSA's rules* and *guidance* on valuation set out in *GENPRU 1.3*. A *firm* not subject to *GENPRU 1.3*, for example, an *incoming EEA firm*, should follow its applicable accounting standards.

Currency

The reporting currency for this *data item* is whichever of the following currencies the *firm* chooses, namely USD (the United States Dollar), EUR (the euro), GBP (sterling), JPY (the Japanese Yen), CHF (the Swiss Franc), CAD (the Canadian Dollar) or SEK (the Swedish Krona).

Amounts should be entered in multiples of 1,000 of the relevant currency unit.

Completion in a material currency

Where a *firm* is completing this *data item* in a *material currency*, the *firm* should only report positions and flows denominated in the *material currency* in question. In the case of off balance sheet items reportable in Part 8 where contingent liabilities or commitments may be drawn in multiple currencies, a *firm* should report these in the base currency of that contingent liability or commitment. Any payments and receipts in the *material currency* resulting from foreign exchange and currency swap flows are reported on line 57. If this *data item* is not being reported in a *material currency*, line 57 is left blank.

Data elements

These are referred to by row first and then by column. So, *data element 2B* will be the element entered in row 2 and column B.

Completion and submission to the FSA

A *firm* should complete this *data item* and report cash flows in the relevant time bands based on their residual contractual maturity. Asset flows should be entered according to their latest maturity. Liability cash flows should be entered according to their earliest possible date of outflow. Any flows or balances between entities included within the scope of the return should be eliminated in accordance with generally accepted accounting principles.

General

The completion table at the end of this guidance note identifies the columns which should be populated in respect of each row of *data item FSA048*.

Part 1 Memo items

1 Non-dated capital resources

A *firm* should report here the amount of its *capital resources* which do not have a contractual maturity date, including, but not limited to, a call date. If any instrument comprising a *firm's capital resources* includes a put option for the holder or a call option for the issuer with a pre-determined step and call structure they should be reported in line 41 with a maturity date assuming the option is exercised. Any instrument where the *firm* has a perpetual open call option to buy back the instrument, with no underlying step up or predetermined call structure should be reported as non-dated capital resources.

A *firm* may use the most recent figures from its management accounts for the amount of reserves included within non-dated capital resources and update this *data element* on a monthly basis.

2 Bank of England liquidity facilities

A *firm* should report in this row the total of any secured transactions with the Bank of England.

The Bank of England conducts regular Open Market Operations to provide to the banking system the amount of central bank money needed to enable reserve-scheme members, in aggregate, to achieve their reserves targets and the Operational Standing Lending Facility to give certain banks a means to manage unexpected 'frictional' payments shocks. In *data element 2B*, a *firm* should report the cash received, if any, pursuant to the usage of these or similar Bank of England facilities.

The Bank of England operates facilities to provide liquidity insurance to the banking system, whereby a *firm* can exchange its own collateral for government bonds. In *data element 2C*, a *firm* should report the market value of government bonds it receives pursuant to such Bank of England facilities, if any, in exchange for the *firm's* own collateral.

The Bank of England may also operate other facilities whereby a *firm* may repo securities, distinct from Open Market Operations, such as longer-term repo operations, or operations in exchange for wider collateral. In *data element 2D*, a *firm* should report the cash, if any, received pursuant to the usage of such facilities.

3 Other central bank liquidity facilities

A *firm* should report in this row the total of any secured transactions with central banks other than the Bank of England, mapping such transactions to the following categories:

In *data element 3B*, a *firm* should report outstanding borrowings from other central banks in routine open market operations secured against narrow collateral.

In *data element 3C*, a *firm* should report the market value of any government bonds or other collateral of a comparable quality that it receives in exchange for the *firm's* lower quality collateral.

In *data element* 3D, a *firm* should report the cash received from all other central bank facilities, including those that are for a longer-term or against wider collateral than routine open market operations.

4 Prior period's peak intra-day collateral used for UK settlement and clearing systems

Firms that are direct participants of clearing and settlement systems within the United Kingdom should report here the peak amount of cash and collateral that they used on an intra-day basis to meet the requirements of clearing and settlement systems in the *United Kingdom* since their previous reporting date for this *data item*.

A *firm* should note that the amount to be reported in this *data element* should be the minimum amount of collateral it would have needed to post in order to meet its actual payment and settlement obligations as mandated by the requirements of the system(s) in question. It is not, therefore, the amount of collateral that was in fact posted by the *firm* which could include significant over-collateralisation.

5 Prior period's peak intra-day collateral used for settlement and clearing systems outside the UK

Firms that are direct participants of clearing and settlement systems outside the United Kingdom should report here the peak amount of cash and collateral that they used on an intra-day basis to meet the requirements of clearing and settlement systems outside the *United Kingdom* since their previous reporting date for this *data item*.

A *firm* should note that the amount to be reported in this *data element* should be the minimum amount of collateral it would have needed to post in order to meet its actual payment and settlement obligations as mandated by the requirements of the system(s) in question. It is not, therefore, the amount of collateral that was in fact posted by the *firm* which could include significant over-collateralisation.

Part 2 Security, transferrable whole-loan and commodity flows

In this part of the *data item* a *firm* should report the current unencumbered stock of securities and their flows based on contractual maturities in the following types of securities by asset class:

- (1) securities and commodities held on the *firm's* own account;
- (2) securities and commodities held as *clients'* or other customers' assets in relation to which the *firm* has re-hypothecation rights;
- (3) securities and commodities held by the *firm* as collateral pursuant to a *margin agreement*; and,
- (4) transferrable whole-loans held by the *firm* that meet the criteria set out below in relation to line 9

Contractual security flows will occur as a result of:

- (1) the settlement or maturity of own account securities or certain loans;
- (2) the settlement or maturity of a *repo*, reverse *repo*, securities loans or collateral swap;
and
- (3) collateralised lending and borrowing transactions;

A *firm* should report positions at their clean market value (i.e. excluding accrued interest) and assume the maturity date of any collateral is the latest contractual maturity date possible. For securities without contractual maturity dates, it should report a maturity flow in Column J “>5 years”.

The inflow of securities or position balance should be positive while contractual outflow or maturity should be negative. For example, if a *firm* were to purchase a four month security with a market value excluding accrued interest of £100m that it held unencumbered as at the reporting date it would report +100,000 in Column A and -100,000 in column F of the appropriate row 6 to 17.

Own-account security flows (long positions):

Any own-account securities should be reported as a positive flow in Column A if unencumbered or on the settlement date of purchase as appropriate; and as a negative flow at maturity.

A corresponding cash outflow on settlement date and inflow on maturity date should be reported on line 23.

Own-account security flows (short positions):

Any short sale of a security should be treated as having a negative flow on the settlement date of the sale and a positive flow on the maturity date of the underlying security sold.

A corresponding cash inflow on settlement date and outflow on maturity date should be reported on line 23.

Repos, reverse repos, securities loans and collateral swaps:

Repos, reverse repos, securities loans and collateral swaps should be reported as inflows on the date securities are received and outflows on the date securities are delivered. A *firm* should report all such transactions involving own account, client and margin collateral.

Tri-party repo and tri-party reverse repo transactions should be treated in the same manner as all other *repo* and reverse *repo* transactions. For the purpose of this *data item*, any such trade where the cash provider can unilaterally change the collateral eligibility criteria should be treated as having an overnight maturity, irrespective of the stated contractual maturity of the transaction.

Where a *firm* enters into forward-starting reverse repo transactions against unspecified collateral that would be reportable in more than one row, it should in the case of reverse repos, assume that it will be delivered collateral, as qualifying, in the following order: lines

17; 9 and 12; 10; 13 to 15; 16; 11; 8; 7; and 6. On settlement it should allocate securities flows based on the collateral it receives.

For similar repo transactions it may assume it delivers any securities it holds unencumbered that are eligible.

In the case of reverse repos and repos corresponding cash outflows and inflows should be reported in lines 25 to 30 and lines 34 to 39 as appropriate.

Margin collateral:

A *firm* should report the net collateral received as margin in Column A if it is unencumbered, and not report a flow for its maturity. Any repos, reverse repos, securities loans or collateral swaps using margin collateral should be reported as outlined above.

Client collateral:

A *firm* should report any client collateral over which it has rehypothecation rights in Column A if it is unencumbered, and not report a flow for its maturity. Any repos, reverse repos, securities loans or collateral swaps using *client* collateral should be reported as outlined above.

--

In relation to rows 6 to 17, when determining the *applicable credit quality step* (if any), a *firm* should make such determination in accordance with the *rules and guidance* in *BIPRU* 3.6 regardless of whether *BIPRU* 3.6 would apply to determine risk weighting. For the avoidance of doubt, this includes covered bonds and own-name securities. The description of which securities or loans should be reported in each row is as follows:

6 Liquid assets buffer-eligible securities

A *firm* should report in this row the unencumbered balances and the contractual securities flows of any securities it holds that qualify for inclusion in its liquid assets buffer as defined in *BIPRU* 12.7.

7 Other high quality central bank, supranational and central government debt

A *firm* should report in this row the unencumbered balances and the contractual securities flows of any securities not reported in line 6 or 8 whose obligor is a central government, *multilateral development bank* or central bank whose credit rating maps to *credit quality step* 2 or above in the *credit quality assessment scale* published by the FSA for the purpose of *BIPRU* 3 (the Standardised Approach to Credit Risk: mapping of the ECAIs credit assessment to credit quality steps (Long term mapping)).

For the avoidance of doubt, any securities that are issued by an agency explicitly guaranteed by the US government and which qualify for inclusion in line 8 should be reported in that line and not in line 7.

8 US GSE/GSA securities

A *firm* should report in this row the unencumbered balances and the contractual securities flows of any senior securities that it holds issued by, or guaranteed by one or more of, the United States Government Sponsored Enterprises (GSEs) or Government Sponsored Agencies (GSAs).

For the purposes of this row, GSAs and GSEs include only the Federal Home Loan Banks, Federal National Mortgage Association (Fannie Mae), Federal Home Loan Mortgage Corporation (Freddie Mac), Government National Mortgage Association (Ginnie Mae), Federal Farm Credit Banks and the Federal Agricultural Mortgage Corporation (Farmer Mac).

9 Own-name securities and transferrable whole-loans

Contractual cash flows from securities issued should be reported in one of lines 40 to 43 or 51. Contractual cash flows from deposits taken should be reported in one of lines 44 to 50.

For avoidance of doubt, acceleration of payment obligations triggered by the *firm's* default does not, in and of itself, qualify a liability for inclusion in this line. A typical example of such liabilities is Guaranteed Investment Contracts (GICs).

Any liability with a trigger and which would otherwise be included in lines 40 to 49 should be included in this row and not any other row.

In addition to reporting in this line, a *firm* should further breakdown the liabilities where those triggers are dependent on its credit rating, in the appropriate *data element* on line 70.

Part 8 - Off balance sheet flows and balances

A *firm* should report commitments given and received and contingent liabilities in rows 57 to 69.

A *firm* should separate its commitments and contingent liabilities according to:

(i) stand-by facilities, which would typically be used to backstop outstanding debt of the borrower; and,

(ii) other facilities which would typically be revolving loan facilities to corporate borrowers where utilisation rates will vary over time or letters of credit.

Unless either is reportable in rows 59 to 61, stand-by facilities provided should be reported in rows 62 or 63 and other facilities should be reported in row 64.

57 Principal FX cash flows (including currency swaps)

A *firm* should only make entries on this row where it is completing this *data item* on a non-consolidated *material currency* basis as defined in [SUP 16.], otherwise it should be left blank.

Where a *firm* is completing this *data item* on a *material currency* basis, it should report here all outright flows for its spot foreign exchange and foreign exchange forward transactions and all principal flows on any cross currency swaps, where those flows are payments or receipts of the *material currency* in which the *firm* is completing this *data item*.

For example, if a *firm* was completing this *data item* to show its contractual assets and liabilities denominated in *US dollars* and it had transacted a forward foreign exchange contract to purchase \$75m against the sale of an equivalent amount of another currency four months after the reporting date, it would enter -75,000 in column F and make no other entries.

Note a *firm* should only report committed facilities in this row if there is no impediment to using the securities deliverable under such borrowings for repo transactions.

60 Secured facilities provided - other securities

A *firm* should report here the undrawn balance of all committed facilities where the borrower is contractually required to deliver securities not eligible for inclusion in the *firm's* liquid assets buffer as defined in *BIPRU 12.7*.

Note a *firm* should only report committed facilities in this row if there is no impediment to using the securities deliverable under such borrowings for repo transactions.

61 Unsecured facilities provided - credit institutions

A *firm* should report here the balance of any undrawn committed financing facilities provided by the *firm* to *credit institutions* not reported on lines 59 and 60. Facilities of this kind provided to *credit institutions* should be reported as a negative balance.

62 Unsecured stand-by facilities provided - firm's SSPEs

A *firm* should report here undrawn balance of any committed stand-by facilities provided to the *firm's* SSPEs that are consolidated in its consolidated financial statements.

The assets and liabilities, if any, of these SSPEs will be reported on lines 33 and 51 respectively.

A *firm* should report here the undrawn balance of other committed facilities provided to entities other than credit institutions.

Any facilities provided to *credit institutions* and/or secured against securities reportable in Part 2 of this *data item* should be reported on lines 59 to 61 as appropriate.

66 Overdraft and credit card facilities provided

A *firm* should report here the total balance of undrawn retail overdrafts and credit cards facilities provided to retail customers. Facilities provided should be reported as a negative balance.

67 Pipeline Lending Commitments

A *firm* should report here the total balance of any lending commitments to retail customers. A *firm* should only report contractual lending commitments which, if and when exercised, would be reportable in line 32.

68 Contingent obligations to repurchase assets financed through third parties

69 Other commitments and contingent facilities provided

A *firm* should report here all other undrawn commitments, guarantees and contingent liabilities not included elsewhere in Part 8.

Part 9 Downgrade triggers

For the purpose of rows 70 to 73, a *firm* should analyse and report, in the way described, in each of those rows any contractual outflows that would result from a downgrade of the *firm's* current long-term credit rating. A *firm* should consider downgrades of all its long-term counterparty, issuer and debt credit ratings.

A *firm* should assume that each *ECAI* that provides it with a long-term credit rating simultaneously downgrades that rating.

In addition a *firm* should consider the impact of a downgrade of its short-term credit rating. As *ECAIs* may not publish when a specific downgrade of a *firm's* long-term credit rating would result in a downgrade of a *firm's* short-term credit rating, a *firm* should assume its short-term credit rating would be downgraded at the highest long-term rating specified by each agency as being consistent with publically available information.

A *firm* should report such outflows on a non-cumulative basis in the appropriate column according to the severity of the downgrade that would cause such an outflow.

For the purpose of identifying which of columns B to K this Part of the *data item* a “notch” is the smallest discrete step by which a *firm's* long-term credit rating may be downgraded.

70 Asset put-backs from third parties

A *firm* should analyse and report here the outflows that may result from asset put-backs which would be triggered by a downgrade of its existing long and short-term credit rating according to the methodology outlined above.

The triggers for asset put-backs include but are not limited to:

- (1) as past originator of assets the downgrade of the *firm's* credit rating now precludes the continued financing of the assets in the structured vehicle;
- (2) as a swap provider against the assets placed in the vehicle the downgrade of the *firm's* credit rating now renders the *firm* ineligible to continue providing any *derivatives* (e.g. including but not limited to credit default swaps or total return swaps) to the structured vehicle. For the avoidance of doubt, if a *firm* was required to margin this exposure, it would be reported in line 70; and

- (3) the rating of the assets placed is linked to the rating of the *firm*; following a downgrade of the *firm* these assets are ineligible for continued financing by the third party vehicle.

71 Conditional Liabilities

A *firm* should analyse and report here the cash flow impact of a downgrade of its existing credit rating according to the methodology outlined above, on its conditional liabilities reported in row 50.

72 Over the counter (OTC) derivative triggers

A *firm* should analyse and report here any outflows that would be triggered by a downgrade of its credit rating according to the methodology outlined above.

A *firm* should include in this row the impact of increased collateralisation requirements and any termination payments.

73 Other contingent liabilities

A *firm* should report in this row, any other contractual outflows that would occur from the downgrade of its credit rating according to the methodology outlined above.

Part 10 Derivatives margining and exposure

Figures reported in rows 74 to 77 relate to any variation and initial margin given or received in respect of *derivatives* transactions. A *firm* should report together figures for own account and client accounts.

For each row, a *firm* should report:

- (1) In column B, the nominal amount of cash collateral given or received as initial plus variation margin;
- (2) In column C, the market value of collateral securities given or received as initial plus variation margin;
- (3) In column E, the initial margin paid or received;
- (4) In column G, the mark-to-market exposure of underlying *derivatives* transactions that are currently subject to margining for all or part of the exposure; and
- (5) In column H, the mark-to-market exposure of underlying *derivatives* transactions that are currently not subject to margining for any portion of the exposure.

Where a *firm* gives or receives initial margin on a net basis across *derivative* and non-*derivative* transactions, it should report the total amount in Column E without regard to the underlying transaction.

Margin and mark-to-market receivables should be reported with a positive sign while margin received and mark-to-market payables should be reported with a negative sign.

A *firm* should report the gross margin balances received or given by counterparty, e.g. if a *firm* transacts OTC derivatives with two counterparties, from one of which it has received cash collateral as margin of £25m and to the other of which it has paid cash collateral of

margin to of £20m, it should report +20,000 in *data element* 72B and -25,000 in *data element* 74B, it should not report a net figure of -5,000 in 74B

74 OTC derivative margin given

FSA050 Liquidity Buffer Qualifying Securities

The purpose of this *data item* is to record details of an *ILAS BIPRU firm's* unencumbered assets eligible for inclusion in its liquid assets buffer as defined in *BIPRU 12.7*. See further the *rules and guidance* in *SUP 16.12.4*.

A *firm* should complete this *data item* for each of the securities reported in column A, row 6 in Part 2 of FSA048.

Valuation

Except where outlined, a *firm* should follow the *FSA's rules and guidance* on valuation set out in *GENPRU 1.3*. A *firm* not subject to *GENPRU 1.3*, such as an *incoming EEA firm*, should follow its applicable accounting standards.

Currency

The reporting currency for this *data item* is whichever of the following currencies the *firm* chooses, namely USD (the United States Dollar), EUR (the euro), GBP (sterling), JPY (the Japanese Yen), CHF (the Swiss Franc), CAD (the Canadian Dollar) or SEK (the Swedish Krona).

Amounts should be entered in multiples of 1,000 of the relevant currency unit.

General

A *firm* reports unencumbered holdings of securities eligible for inclusion in its liquid assets buffer in column A, row 6 in Part 2 of FSA048. A *firm* should report in this *data item* a further breakdown by issuer of those securities.

Data elements

These are referred to by row first, and then by column, so *data element 2B* will be the element numbered 2 in column B.

Completion and submission to the FSA

A *firm* should complete this *data item* on a contractual basis irrespective of whether the position in question is held in the banking book or *trading book*.

A *firm* should report the clean market value of unencumbered securities held in its liquid assets buffer, according to the issuer in rows 1 to 24.

A *firm* should only report balances in row 24 to the extent that it has unencumbered securities delivered under reverse repo transactions where it cannot identify the issuer, but that all eligible issuers would qualify for inclusion in the liquid assets buffer as defined in *BIPRU 12.7*.

Validation rules

No rule as column A can be zero, positive or negative.

Cross validation rules between FSA048 and FSA050

(General note: cross validation rule should be applied only when the returns under consideration are for the same reporting date)

FSA051 Funding Concentration

The purpose of this *data item* is to record details of an *ILAS BIPRU firm's* funding concentrations. See further the *rules* and *guidance* in SUP 16.12.4.

Valuation

Except where outlined, a *firm* should follow the *FSA's rules* and *guidance* on valuation set out in *GENPRU 1.3*. A *firm* not subject to *GENPRU 1.3*, such as an *incoming EEA firm*, should follow its applicable accounting standards.

Currency

The reporting currency for this *data item* is whichever of the following currencies the *firm* chooses, namely USD (the United States Dollar), EUR (the euro), GBP (sterling), JPY (the Japanese Yen), CHF (the Swiss Franc), CAD (the Canadian Dollar) or SEK (the Swedish Krona).

General

This *data item* provides information on funding concentration risk of the *firm*.

Data elements

These are referred to by row first, and then by column, so *data element 2B* will be the element numbered 2 in column B.

Completion and submission to the FSA

A *firm* should complete this *data item* on a contractual basis irrespective of whether the position in question is held in the banking book or *trading book*.

The following fields are required for each row on this *data item*.

Column A Counterparty

A *firm* should report the identity of the ultimate parent of the entity which provides the *firm* with funding. As an example, where a *firm* raises funding from various entities that are each members of the same *group*, the *firm* should aggregate all such amounts and attribute them to the ultimate parent.

However, a *firm* should distinguish between entities in a *group* investing their own funds and funds which they invest on behalf of others, for example, as a fiduciary. If a fiduciary money manager provides funding to the *firm*, such amounts should not be aggregated outside the entity which holds the fiduciary responsibility for managing the funds. For example, if a Bank XYZ provides funding of £50m to the *firm* and its asset management subsidiary provides funding of £100m from one or more fiduciary accounts, the *firm* should report this as two sources of funding in separate rows.

Where there is a lack of clarity about the ultimate parent to which funding should be attributed, a *firm* should complete this column of this *data item* on a “best efforts” basis.

Column B Amount

Amounts should be entered in multiples of 1,000 of the relevant currency unit.

A *firm* should report the total amount of funding received from the counterparty identified in Column A.

Column C Weighted average residual maturity

A *firm* should report figures in this column in months rounded to one decimal place.

In relation to each counterparty identified in column A, a *firm* should report the weighted average remaining maturity of funding provided by that counterparty and by any other counterparty in that counterparty’s *group* which is reported in column B. An example of this would be the following: XYZ Bank receives funding from two ABC Bank group entities. These are aggregated into one line. One ABC Bank entity provides 50% of the funding with 3 months remaining to maturity, while the other ABC Bank entity provides 50% of the funding with 6 months remaining to maturity, producing a weighted average remaining maturity of 4.5 months.

Part 1 Wholesale deposits

In this part of the *data item* the *firm* should analyse and report the counterparties responsible for the 30 largest concentrations of deposits reported in lines 45 to 50 inclusive of FSA 048.

Part 2 Repo funding

In this part of the *data item* a *firm* should analyse and report the counterparties responsible for the 30 largest concentrations of repo funding as reported in Part 5 of FSA 048.

FSA052 Pricing Data

The purpose of this *data item* is to record details relating to the average transaction volume of, and prices which the *firm* pays for, certain of its wholesale liabilities. See further the *rules* and *guidance* in SUP 16.12.4.

Valuation

Except where outlined, a *firm* should follow the *FSA's rules* and *guidance* on set out in GENPRU 1.3. A *firm* not subject to GENPRU 1.3, such as an *incoming EEA firm*, should follow its applicable accounting standards.

Currency

A *firm* should report any wholesale liabilities denominated in sterling in rows 1 to 4, in US dollars in rows 5 to 8 and in euro in rows 9 to 12. A *firm* does not need to report liabilities denominated in any other currency in this *data item*.

Spreads should be reported as a percentage, rounded to two decimal places and volumes should be reported in multiples of 1,000's.

Data elements

These are referred to by row first, and then by column, so *data element* 2B will be the element numbered 2 in column B.

Completion and submission to the FSA

A *firm* should complete this *data item* on a contractual basis based on the trade date of the liability in question, recording all relevant liabilities issued during the reporting period.

General

There are three different pieces of information required about each type of liability reportable in this *data item*:

- (1) average spread paid;
- (2) volume raised; and
- (3) maturity of the liability.

For the purpose of this *data item*, a *firm* should report the liabilities of the following types in the relevant rows for the currency

(i) Cash deposits

A *firm* should report all fixed term cash deposits reportable in lines 45 to 49 of FSA 048 in row 1 if denominated in GBP, in row 5 if denominated in USD or in row 9 if denominated in EUR.

(ii) Senior unsecured securities

A *firm* should report all senior unsecured securities issued reportable in line 40 of FSA 048 in row 2 if denominated in GBP, in row 6 if denominated in USD or in row 10 if denominated in EUR.

(iii) Covered Bonds

A *firm* should report all covered bonds encumbering the *firm's* own assets the issuance of which would be reportable in line 43 of FSA 048 in row 3 if denominated in GBP, in row 7 if denominated in USD or in row 11 if denominated in EUR.

(iv) Asset-backed securities (including ABCP)

A *firm* should report all debt issued by the *firm's* SSPEs as reported on line 51 of FSA 048. A *firm* should report such liabilities in row 4 if denominated in GBP, in row 8 if denominated in USD or in row 12 if denominated in EUR.

Weighted Average Spread and Volume Analysis:

A *firm* should report the weighted average spread paid and volume data in the following maturity bands, according to the maturity of the instrument issued:

- (1) ≥ 1 month ≤ 3 months in columns A and B;
- (2) > 3 months ≤ 6 months in columns C & D;
- (3) > 6 months ≤ 1 year in columns E & F;
- (4) > 1 year ≤ 2 years in columns G & H;
- (5) > 2 years in columns I & J.

For the purposes of this *data item*, a *firm* should ignore the time period between trade date and settlement date in calculating the maturity of a liability, e.g. a three month liability settling in two weeks time would, for the purposes of this *data item*, be considered as having a three month maturity and be reported in columns A & B.

In relation to each instrument of a type identified in this *data item* and issued by the *firm* or the *firm's* SSPEs, it should report:

- (1) the volume issued; and
- (2) the average spread paid (weighted by volume).

For the purposes of reporting the volume of liabilities issued, a *firm* should sum the net proceeds of each liability in the relevant maturity band according to the applicable currency.

For the purpose of reporting the average spread paid, a *firm* should report:

- (1) for an instrument with an original maturity of less than or equal to one year, the spread payable by the *firm* for that liability, if it were to have been swapped to the benchmark overnight index for the appropriate currency; and

- (2) for an instrument with an original maturity in excess of one year, the spread at issuance were it to be swapped to the relevant benchmark floating three month LIBOR for GBP and USD and EURIBOR for EUR..

For the purposes of calculating the average spread paid a *firm* should calculate the all-in cost in the currency of issue ignoring any FX swap, but including any premium or discount and fees payable or receivable, with the term of any theoretical or actual interest rate swap matching the term of the liability.

Valuation

Except where outlined, a *firm* should follow the *FSA's rules* and *guidance* on valuation set out in *GENPRU* 1.3. A *firm* not subject to *GENPRU* 1.3, such as an *incoming EEA firm*, should follow its applicable accounting standards.

Currency

Not relevant.

Data elements

These are referred to by row first, and then by column, so *data element* 2B will be the element numbered 2 in column B.

Completion and submission to the FSA

A *firm* should complete this *data item* on a contractual basis based on an analysis of the *firm's* balance sheet as reportable for FSA 048, on the reporting date in question.

General

This report has two aspects. It asks a *firm* to report:

- (1) the currencies in which that *firm's* assets and liabilities and shareholders' equity are denominated; and
- (2) the percentage of that *firm's* total assets and liabilities and shareholders' equity which are denominated in those currencies.

A *firm* should exclude from its balance sheet derivative financial instruments as defined under IFRS.

In considering whether a *firm's* assets, liabilities or shareholders' equity are denominated in a specific currency, a *firm* should ignore the effect of any *derivatives*, e.g. if a *firm* issues a liability in GBP and enters into a *derivative* to swap the cash flows of that liability to another currency, for the purposes of this *data item*, it would be denominated in GBP.

For each row from 1 to 13, a *firm* should report column A and B. For example, for row 1, cell 1A should contain GBP (sterling) assets, excluding derivative financial instruments, expressed as a percentage (rounded to two decimal places) of the total assets, excluding derivative financial instruments, of the *firm*.

FSA055**Systems and Controls Questionnaire**

In relation to the questions in FSA055, a *firm* should, as appropriate, answer “yes” or “no”, or choose a response from the drop-down menu.

Should a *firm* answer “no” to the first question in FSA055, it need not complete the rest of the *data item*.

After SUP 16 Annex 25G, insert the following new Annex. The text is not underlined.

SUP 16
Annex
26G

Purpose of this guidance

1. G The purpose of this Annex is to explain the different types of *defined liquidity group* dealt with in SUP 16.12 (Integrated Regulatory Reporting) and what a group liquidity reporting firm is.
2. G *Defined liquidity groups* are relevant to liquidity reporting by *ILAS BIPRU firms*. Liquidity reporting under SUP 16.12 relates to a *firm* on a solo or *branch* basis and in addition by reference to a *firm's designated liquidity group*.

The two main types of designated liquidity groups

3. G *Defined liquidity groups* are divided into two types:
 - (1) a *DLG by default*; and
 - (2) a *DLG by modification* (this type is subdivided into other types as explained in this Annex).

DLG by default

4. G Broadly speaking, a *firm's DLG by default* is made up of the members of the *firm's group* on which it relies for liquidity or that rely on the *firm*. It also includes certain funding vehicles. It covers each entity:
 - (1) that provides or is committed to provide material support to the *firm* against *liquidity risk*; or
 - (2) to which the *firm* provides or is committed to provide material support against *liquidity risk*; or
 - (3) that has reasonable grounds to believe that the *firm* would supply such support, and vice versa.
5. G Paragraph (b) of the definition of *DLG by default* deals with a case in which there are several *UK ILAS BIPRU firms* in the same *group*. The effect is this. Say that there are two *UK ILAS BIPRU firms*, A and B in the group. Say that A relies on, or is relied on by, companies M, N, O and P. B relies on, or is relied on by, companies P, Q, R and S. The result is that A and B have the same *DLG by default*, which is made up of companies A, B, M, N, O, P, Q, R and S.

6. G There is an exclusion relating to *participations*. Say that 70% of B is owned by unconnected third party shareholders and that A and B rely on each other. A will report on the basis of a group made up of A, B, M, N, O and P. B will report on the basis of a group made up of A, B, P, Q, R and S.
7. G The full definition is set out in the *Glossary*.
8. G The definition applies automatically. It does not depend, for example, on the *firm* getting a *waiver* under BIPRU 12 (Liquidity). However, in practice it is likely that the *firm* and the FSA will agree who is in the *firm's DLG by default*.
9. G A *DLG by default* is only relevant to a *UK lead regulated firm*.
10. G A *firm* may have a *DLG by default* and a *DLG by modification* at the same time.

Types of DLG by modification

11. G A *DLG by modification* only applies to a *firm* with an *intra-group liquidity modification*. BIPRU 12.8 has more about *intra-group liquidity modifications*.
12. G Every *firm* subject to BIPRU 12 (Liquidity) is subject to the *overall liquidity adequacy rule*. The effect of that *rule* is that every *firm* is required to be self-sufficient in terms of liquidity adequacy and to be able to satisfy that *rule* relying on its own liquidity resources.
13. G The FSA recognises that a *firm* may be part of a wider *group* which manages its liquidity on a *group-wide* basis. This is recognised by an *intra-group liquidity modification*. A *DLG by modification* arises out of the *intra-group liquidity modification*.
14. G There are two types of *DLG by modification*:
- (1) a *DLG by modification (firm level)*; and
 - (2) a *non-UK DLG by modification (DLG level)*.

Types of DLG by modification (firm level)

15. G If the *firm* obtains an *intra-group liquidity modification* it will permit the *firm* to rely on liquidity support from elsewhere in its *group* for the purposes of the *overall liquidity adequacy rule*. A *DLG by modification (firm level)* is made up of the *group* members on which the *firm* can rely for these purposes, together with the *firm* itself. It is called 'firm level' because it relates to the way that the *overall liquidity adequacy rule* is applied to the *firm*.
16. G There are two types of *DLG by modification (firm level)*:

- (1) a *UK DLG by modification*; and
- (2) a *non-UK DLG by modification (firm level)*.
17. G It is not possible for a *firm* to have both types.
18. G A *UK DLG by modification* is made up solely of *UK ILAS BIPRU firms*. That means that the *intra-group liquidity modification* will permit the *firm* to rely on liquidity support from other specified *UK ILAS BIPRU firms* elsewhere in its *group*, but no one else.
19. G A *non-UK DLG by modification (firm level)* is defined to mean any kind of *DLG by modification (firm level)* except for a *UK DLG by modification*. In practice though an *intra-group liquidity modification* setting up a *non-UK DLG by modification (firm level)* will be expected to allow the *firm* to rely on support from a *parent undertaking* which is constituted under the law of a country or territory outside the *United Kingdom* or on *subsidiary undertakings* of that parent which are themselves constituted under the law of a country or territory outside the *United Kingdom*. These parents and their subsidiaries (together with the *firm* itself) will make up the *non-UK DLG by modification (firm level)*. It is not envisaged that a *non-UK DLG by modification (firm level)* will include *UK members* (other than the *firm* itself). That is why this type of *defined liquidity group* is called a *non-UK DLG by modification (firm level)*.

Non-UK DLG by modification (DLG level)

20. G It is envisaged that if a *firm* has a *UK DLG by modification*, the *intra-group liquidity modification* will apply the *overall liquidity adequacy rule* to the *UK DLG by modification* as a whole. The starting position is that the *UK DLG by modification* should be self-sufficient for liquidity purposes.
21. G However, the *intra-group liquidity modification* may permit the *UK DLG by modification* to rely on liquidity support from elsewhere in the *group*. In this case this other part of the *group*, together with the *UK DLG by modification*, forms the *non-UK DLG by modification (DLG level)*. It is called ‘DLG level’ because it relates to the way that the *overall liquidity adequacy rule* is applied to the *firm’s DLG*.
22. G It is not envisaged that a *firm* with a *non-UK DLG by modification (firm level)* will have a *non-UK DLG by modification (DLG level)*.
23. G It is envisaged that the only *group members* on which the *non-UK DLG by modification (firm level)* will be able to rely for these purposes will be foreign parents and others described in paragraph 19 of *SUP 16 Annex 26*. That is why it is called a *non-UK DLG by modification (DLG level)*.

Combinations of DLG

24. G That means that the types of *DLG by modification* a *firm* may have are these:

- (1) a *UK DLG by modification* and nothing else; or
- (2) a *non-UK DLG by modification (firm level)* and nothing else; or
- (3) a *UK DLG by modification* and *non-UK DLG by modification (DLG level)*.

Group liquidity reporting firm

25. G The defined term *group liquidity reporting firm* is also used in connection with reporting at the level of a *defined liquidity group*. Its purpose is to identify the *firms* on which the reporting obligation falls.
26. G The general principle is that reporting is done by *UK ILAS BIPRU firms*. In the case of a *DLG by modification*, the reporting will be done by *UK ILAS BIPRU firms* that have been granted the *intra-group liquidity modification*.
27. G However there may be other types members of the *defined liquidity group*. For example, say that *UK ILAS BIPRU firm A* has a *defined liquidity group* made up of companies B, C, D and E. Say that B is an *authorised person* but is not a *UK ILAS BIPRU firm*, that C is a *UK company* that is not *authorised* and that D and E are foreign and not *authorised*. A, B, C, D and E are all members of the *defined liquidity group*. However B, C, D and E do not have to report on the *defined liquidity group* under *SUP 16.12*. That obligation falls on A. A is the *group liquidity reporting firm*.

Chapter 13: Financial Resource Requirements for Personal Investment Firms

APPLICATION, GENERAL REQUIREMENTS AND PROFESSIONAL INDEMNITY INSURANCE REQUIREMENTS

~~13.1~~ APPLICATION

- 13.1.1 R (1) This chapter applies to a *firm* which is a *personal investment firm*.
- (2) For a *personal investment firm* which is an *exempt CAD firm*, the following apply:
- (a) sections 13.1 and 13.1A; and
- (b) if it is not an *opted-in exempt CAD firm*, sections 13.2 to 13.8; or
- (c) if it is an *opted-in exempt CAD firm*, sections 13.9 to 13.12 (but reading references to ~~Category~~ *category B firm* as references to the *firm*).
- (3) ~~Section 13.1 and sections 13.9 to 13.12 apply to~~ For a *personal investment firm* which is a ~~Category~~ *category B firm*, section 13.1 and sections 13.9 to 13.12 apply.
- (4) ~~The definitions in the Glossary at Appendix 13(1) apply to this chapter.~~
- 13.1.1A G ~~Firms are reminded that a *media firm* is not a *personal investment firm*.~~

PURPOSE

- 13.1.2 G This chapter amplifies *threshold condition 4* (Adequate resources) by providing that a *firm* must meet, on a continuing basis, a basic solvency requirement and a minimum capital resources requirement. This chapter also amplifies *Principles 3* and *4* which require a *firm* to take reasonable care to organise and control its affairs responsibly and effectively with adequate risk management systems and to maintain adequate financial resources by setting out capital resources for a *firm* according to the regulated activity or activities it carries on.

- 13.1.3 G Although financial resources and appropriate systems and controls can generally mitigate operational risk, professional indemnity insurance has a role in mitigating the risks a firm faces in its day-to-day operations, including those arising from not meeting the legally required standard of care when advising on investments. The purpose of the rules in this section is also to ensure that a firm has in place the type, and level, of professional indemnity insurance necessary to mitigate these risks. This includes, in the case of a UK firm exercising an EEA right, cover for breaches of obligations imposed by or under laws, or provisions having the force of law, in each EEA State in which the firm carries on business.

GENERAL REQUIREMENTS

- 13.1.2
13.1.4 R A firm must at all times:
- (1) have and maintain ~~at all times financial~~ capital resources of the kinds and amounts specified in, and calculated in accordance with, the rules of this chapter; and
 - (2) be able to meet its liabilities as they fall due.

REQUIREMENT TO HOLD PROFESSIONAL INDEMNITY INSURANCE

- 13.1.5 R A firm must take out and maintain at all times professional indemnity insurance that is at least equal to the requirements in this section from:
- (1) an insurance undertaking which is authorised to transact professional indemnity insurance in the EEA; or
 - (2) a person of equivalent status in:
 - (a) a Zone A country;
 - (b) the Channel Islands, Gibraltar, Bermuda or the Isle of Man.

[Note: Article 4(3) of the *Insurance Mediation Directive*]

- 13.1.6 R An exempt CAD firm is not required to effect and maintain professional indemnity insurance unless it chooses this option (see 13.1A).

COMPARABLE GUARANTEE

- 13.1.7 R (1) A firm is not required to effect or maintain professional indemnity insurance if a bank, building society or an insurer provides the firm with a comparable guarantee.
- (2) If the firm is a member of a group in which there is a bank, building society or an insurer, the firm's comparable guarantee must be from that bank, building society or insurer.

(3) A comparable guarantee means an enforceable, written agreement on terms at least equal to those required by IPRU(INV) 13.1.9R to 13.1.13R, as appropriate.

- 13.1.3(1) G ~~Under *Principles 3 and 4* a *firm* is required to take reasonable care to organise and control its affairs responsibly and effectively with adequate risk management systems and to maintain adequate financial resources. Under *Principle 9* a *firm* is obliged to take reasonable care to ensure the suitability of its *advice on investments* and discretionary decisions for any *customer* who is entitled to rely upon its judgement.~~
- 13.1.3(2) G ~~Although financial resources and appropriate systems and controls can generally mitigate operational risk, professional indemnity insurance has a role in mitigating the risks a *firm* faces in its day to day operations, including those arising from not meeting the legally required standard of care when *advising on investments*. The purpose of 13.1.4(1) to 13.1.4(15) is to ensure that a *firm* has in place the type, and level, of professional indemnity insurance necessary to mitigate these risks. This includes, in the case of a *UK firm* exercising an *EEA right*, cover for breaches of obligations imposed by or under laws, or provisions having the force of law, in each *EEA State* in which the *firm* carries on business.~~

RELEVANT INCOME

- 13.1.3(3) R The term "relevant income" in ~~IPRU(INV) 13.1~~ this section refers to all income received or receivable which is commission, brokerage, fees or other related income, whether arising from the *firm's permitted activities* or not, for the last accounting year prior to inception or renewal of the professional indemnity insurance policy ("the policy").
- 13.1.8
- 13.1.4(1) R (1) ~~A *firm* must take out and maintain at all times professional indemnity insurance that is at least equal to the requirements of 13.1.4(2) to 13.1.4(15).~~
- (2) ~~Paragraph (1) does not apply to an *exempt CAD firm* unless it chooses to comply with these rules (see 13.1A).~~

POLICY TERMS

- 13.1.4(2) R The policy must incorporate terms which are appropriate and must make provision for:
- 13.1.9
- (a) cover in respect of any claim for loss or damage, for which the *firm* may be liable as a result of an act or omission by:
- (i) (1) the *firm*; or
- (ii) (2) any *person* acting on behalf of the *firm* including *employees, appointed representatives* or its other agents;

LIMITS OF INDEMNITY — ~~IMD INSURANCE INTERMEDIARY OR AN EXEMPT CAD FIRM~~

13.1.10 R ~~(b)~~ ~~if~~ If the *firm* is an *IMD insurance intermediary*, whether or not it is also an exempt CAD firm, the appropriate minimum *limits of indemnity* per year ~~which~~ are no lower than:

~~(i)~~ (1) €1,120,200 for a single claim against the *firm*; and

~~(ii)~~ (2) €1,680,300 in the aggregate;

[**Note:** Article 4(3) of the *Insurance Mediation Directive*]

13.1.11 R ~~(ba)~~ ~~if~~ If the *firm* is an *exempt CAD firm* that maintains professional indemnity insurance under 13.1A.3(1)(b), the appropriate minimum *limits of indemnity* per year ~~which~~ are no lower than:

~~(i)~~ (1) €1,000,000 for a single claim against the *firm*; and

~~(ii)~~ (2) €1,500,000 in the aggregate;

[**Note:** Article 67(3) of *MiFID* and Article 7 of *CAD* (see also *rule 13.1A.3*)]

13.1.12 R ~~(e)~~ ~~if~~ If the *firm* is both an *IMD insurance intermediary* and an *exempt CAD firm* that maintains professional indemnity insurance under 13.1A.4(1)(b), the appropriate additional *limits of indemnity* to ~~13.1.4(2)(b)~~ 13.1.10R per year ~~which~~ are no lower than:

~~(i)~~ (1) €500,000 for a single claim against the *firm*; and

~~(ii)~~ (2) €750,000 in the aggregate.

[**Note:** Article 67(3) of *MiFID* and Article 8 of *CAD* (see also *rule 13.1A.4*)]

LIMITS OF INDEMNITY — ~~OTHER FIRMS~~

13.1.13 R ~~(d)~~ ~~if~~ If the *firm* is not an *IMD insurance intermediary* or an *exempt CAD firm*, then the following *limits of indemnity* apply:

~~(i)~~ (1) if the *firm* has relevant income of up to £3,000,000, no lower than £500,000 for a single claim against the *firm* and £500,000 in the aggregate; or

~~(ii)~~ (2) if the *firm* has relevant income of more than £3,000,000, no lower than £650,000 for a single claim against the *firm* and £1,000,000 in the aggregate.

~~13.1.4(2A)~~ 13.1.14 G Article 4(7) of the *Insurance Mediation Directive* requires the *limits of indemnity* to be reviewed every five years to take into account movements in European consumer prices. These *limits* will therefore be subject to

further adjustments on the basis of index movements advised by the European Commission.

- 13.1.4(3) 13.1.15 R If a policy is denominated in any currency other than euros, ~~an *IMD insurance intermediary*~~ a *firm* must take reasonable steps to ensure that the *limits of indemnity* are, when the policy is effected (i.e. agreed) and at renewal, at least equivalent to those ~~required in 13.1.4(2)(b)~~ denominated in euros.

READILY REALISABLE OWN FUNDS

- 13.1.4(4) G For the purposes of the following provisions relating to professional indemnity insurance, the *FSA* expects items included in *own funds* to be regarded as "readily realisable" only if they can be realised, at any given time, within 90 days.
- 13.1.16 G A *firm* should consider whether the overall cover is adequate taking account of 13.1.22G(2) and whether the *firm* should seek additional cover or legal expenses insurance. (Legal defence costs are costs of defence against claims that fall under the terms of the policy.)
- 13.1.17 G The cover provided by the policy should be wide enough to include the liability of the *firm*, its *appointed representatives*, its *tied agents*, *employees* and its agents for breaches under the *regulatory systems* or civil law. If the *firm* operates outside the *United Kingdom* then the policy should cover other regulatory requirements imposed under the laws of other countries in which the *firm* operates.

POLICIES PROVIDING COVER FOR MORE THAN ONE FIRM

- 13.1.18 R If the policy provides cover to more than one *firm* then:
- (1) the relevant income for calculating the *limits of indemnity* is that of all the *firms* named in the policy combined;
 - (2) each *firm* named in the policy must have the benefit of the minimum *limits of indemnity* as required in this section; and
 - (3) each *firm* named in the policy must notify the *FSA* if the aggregate cover in the policy falls below the minimum *limits of indemnity*.

LIMITS OF INDEMNITY – ADDITIONAL REQUIREMENTS

- 13.1.4(5) 13.1.19 E (a) In addition to the specific requirements in ~~13.1.4(2)~~ 13.1.9R to 13.1.13R, to incorporate appropriate terms, the policy should must make provision for the following:
- (1) (⊕) for a *firm* with relevant income of more than £6,000,000, the aggregate limit identified in the table below:

Relevant income is (£)	Minimum aggregate
------------------------	-------------------

more than	up to	limit of indemnity (£)
...		

- (2) (ii) full retroactive cover in respect of the kinds of liabilities described in ~~13.1.4(2)~~ 13.1.9R for claims arising from work carried out by the *firm*, or on its behalf, in the past; and
- (3) (iii) cover in respect of *Ombudsman* awards made against the *firm*.
- (b) ~~Compliance with (a) may be relied on as tending to establish compliance with the requirement in 13.1.4(2) for the professional indemnity insurance terms to be appropriate.~~
- (c) ~~Contravention of (a) may be relied on as tending to establish contravention of the requirement in 13.1.4(2) for the professional indemnity insurance terms to be appropriate.~~

13.1.4(6) G ~~A *firm* should consider whether the overall cover is adequate taking account of 13.1.4(9)(b) and whether the *firm* should seek additional cover or legal expenses insurance. (Legal defence costs are costs of defence against claims that fall under the terms of the policy.)~~

13.1.4(7) G ~~The cover provided by the policy should be wide enough to include the liability of the *firm*, its *appointed representatives*, or where applicable, its *tied agent*, *employees* and its agents for breaches of the *firm's* duty of skill and care, fiduciary duty, duty to look after documents or assets, fraud, and breaches of obligations imposed by or under *the Act* (or the Financial Services Act 1986 if relevant). If the *firm* operates outside the *UK* then the policy should cover other regulatory requirements imposed under the laws of other countries in which the *firm* operates.~~

EXCLUSIONS LIMITATIONS

13.1.4(8) R The policy must not be subject to conditions or exclusions which unreasonably limit ~~the its~~ cover ~~provided for in 13.1.4(2)~~ (whether by exclusion of cover, by policy excesses or otherwise).

EXCLUSIONS

13.1.21 R The policy must not:

- (1) exclude any type of business or activity that has been carried out by the *firm* in the past or will be carried out by the *firm* during the time for which the policy is in force; or
- (2) exclude liabilities which are identified or crystallised as a result of regulatory action against the *firm* (either individually or as a member of a class of *authorised persons*);

unless the firm holds additional capital resources, in accordance with 13.1.23R.

- 13.1.4(9) G (a) The FSA considers it reasonable for a firm's policy to exclude cover
13.1.22 (1) for:
- (i) specific business lines if that type of business has not been carried out by the firm in the past and will not be carried out by the firm during the life of the policy; or
 - (ii) specific claims that have been previously notified to the firm's insurer and claimed for under another policy.
- (b) The FSA does not consider it reasonable for a firm's policy to treat
(2) legal defence costs cover as part of the limits of indemnity if this reduces the cover available for any individual substantive claim.

ADDITIONAL CAPITAL RESOURCES – EXCLUSIONS

- 13.1.23 R The amount of additional capital resources that a firm must hold as a result of an exclusion under 13.1.21R should be calculated by referring to the firm's relevant income in the following table:

<u>Relevant income £000s</u>		<u>Minimum additional capital resources</u> <u>£000s</u> <u>(Notes 1 and 2)</u>

<p><u>Note 2 – The calculation of a <i>firm</i>'s capital resources is set out in sections 13.1A to 13.12 (see <i>rule</i> 13.1.1 for application of these sections to an <i>exempt CAD firm</i> and a <i>category B firm</i>).</u></p>		

- 13.1.24 G The *firm* should hold additional capital resources in excess of those minimum amounts set out in the table in 13.1.23R where the required amounts of additional capital resources provide insufficient cover, taking into account the *firm*'s individual circumstances.

EXCESS LEVEL

- 13.1.4(10) E R (a) The policy should must not:
- 13.1.25
- (i) make provision for payment by the *firm* of an excess on any claim of more than £5,000-, unless ~~(This does not apply to the extent that the *firm* holds additional *own funds* in a readily realisable form capital resources, in accordance with 13.1.4(12)) 13.1.27R; or,~~
- (ii) exclude any type of business or activity that has been carried out by the *firm* in the past or will be carried out by the *firm* during the time for which the policy is in force. (This does not apply to the extent that the *firm* holds, by way of additional *own funds* in a readily realisable form, an amount equivalent to a reasonable provision against its potential liabilities for that business or activity. Guidance on this is given in 13.1.4(13) and (14)); or

(iii) ~~exclude liability which is identified or crystallised as a result of regulatory action against the *firm* (either individually or as a member of a class of *authorised person*).~~

(b) ~~Contravention of (a) may be relied on as tending to establish contravention of 13.1.4(8).~~

~~EXCESS LEVEL~~

13.1.4(11) ~~E R~~ The reference to “excess” in 13.1.4(10)(a)(i) is to the highest excess level required to be paid under the policy unless that excess relates to a type of business that has not been carried out by the *firm* in the past. In those circumstances, the reference is to the next highest excess level required by the policy applicable to a type of business that has been carried out by the *firm* in the past.

13.1.26

~~ADDITIONAL OWN FUNDS CAPITAL RESOURCES – EXCESS~~

13.1.4(12) ~~E R~~ The amount of additional *own funds* capital resources that a *firm* must hold where the policy’s excess on any claim is more than £5,000 ~~in 13.1.4(10)(a)(i) should~~ must be calculated by referring to the *firm*’s relevant income and excess obtained in the following table:

13.1.27

CALCULATION OF ~~RELEVANT~~ RELEVANT FIXED ANNUAL EXPENDITURE

~~13.5.2~~
13.2.3

- R (1) An exempt CAD firm must calculate its ~~relevant fixed~~ relevant fixed annual expenditure by reference to the amount described as total expenditure in its most recently prepared set of *annual financial statements*. If those statements were for a period other than 12 months, the amounts in the *firm's* profit and loss account must be adjusted proportionately.
- (2) Where an exempt CAD firm has just begun trading or has not been authorised long enough to submit such statements, the *firm* must calculate its ~~relevant fixed~~ relevant fixed annual expenditure on the basis of forecast or other appropriate accounts submitted to the FSA.
- (3) An exempt CAD firm may, subject to ~~rule 13.5.3 13.2.6,~~ deduct from its total expenditure the items set out in table ~~13.5.2 13.2.3.~~

Table ~~13.5.2 13.2.3~~

This table forms part of ~~rule 13.5.2 13.2.3~~

DEDUCTIONS FROM EXPENDITURE	
(a)	Staff bonuses (except to the extent that they are guaranteed);
(b)	<i>employees' and directors' shares</i> in profits (except to the extent that the amount is guaranteed);
(c)	other appropriations of profits;
(d)	shared commissions <u>commission and fees payable paid</u> which are directly related to commissions <u>commission and fees received receivable that are included within total revenue;</u>

(e)	interest charges in respect of borrowing <u>borrowings</u> made to finance the acquisition of its <i>readily realisable investments</i> ;
(f)	interest paid to <i>clients</i> on <i>client money</i> ;
(g)	interest paid to <i>counterparties</i> ;
(h)	fees, brokerage and other charges paid to <i>recognised clearing houses</i> , <i>recognised investment exchanges</i> and <i>intermediate brokers</i> for the purposes of executing, registering or clearing transactions;
(i)	foreign exchange losses;
(j)	a firm must not deduct any exceptional expenditure <u>other variable expenditure</u> .

13.5.2A 13.2.4 G (1) Salaries of *directors* or partners are not eligible for deduction, except to the extent that they can be demonstrated to be non-fixed costs of the *firm*.

(2) The deduction in item (c) is intended to cover forms of remuneration, other than those set out in (b), that are fixed or guaranteed.

13.2.5 G For the purpose of this section, fixed expenditure is expenditure which is inelastic relative to fluctuations in an exempt CAD firm's levels of business. Fixed expenditure is likely to include most salaries and staff costs, office rent, payment for the rent or lease of office equipment, and insurance premiums. It may be viewed as the amount of funds which a firm would require to enable it to cease business in an orderly manner, should the need arise. This is not an exhaustive list of such expenditure and a firm will itself need to identify (taking appropriate advice where necessary) which costs amount to fixed expenditure.

ADJUSTMENTS TO CALCULATION OF ~~RELEVANT~~ FIXED ANNUAL EXPENDITURE

13.5.3 13.2.6 R ~~A firm must ensure that the expenditure base properly reflects the ongoing annual operating costs of the firm by having proper regard to its circumstances when deciding whether to include or exclude any item of expenditure or to make any other adjustment to the calculation of relevant annual expenditure.~~

An exempt CAD firm must adjust its fixed expenditure calculation so far as necessary if and to the extent that since the date covered by the most recent annual financial statements or (if 13.2.3R(2) applies) since the budget was prepared:

(1) its level of fixed expenditure changes materially; or

(2) its regulated activities comprised within its permission change.

13.2.7 R If an exempt CAD firm has a material proportion of its expenditure incurred on its behalf by third parties and such expenditure is not fully recharged to that firm then the firm must adjust its fixed expenditure calculation by adding back in the whole of the difference between the amount of the expenditure and the amount recharged.

13.5.3A G In rule 13.5.3 the FSA would expect a firm to take proper account of the effect of, for example, the ongoing annual operating costs of the firm being met by another party, or of a significant change in the structure of the firm's business during the year.

13.2.8

The FSA would consider as 'material' 10% of a firm's expenditure incurred on its behalf by third parties.

CALCULATION OF FINANCIAL CAPITAL RESOURCES TO MEET TESTS 1, 1A OR 2 THE EXPENDITURE-BASED REQUIREMENT

13.5.4 R An exempt CAD firm must be able to calculate its financial capital resources at any time on the basis of the balance sheet it could draw up at that time.
13.2.9 For this purpose:

(1) ~~{deleted}~~

(2) An exempt CAD firm must, adjust the assets in the balance sheet as specified in table ~~13.5.4(2) A~~ and include the liabilities after making the adjustments specified in ~~that table 13.5.4(2); and~~

- (c) £10,000; and
- (d) ~~any other expenditure based requirement set out in 13.12.1 applicable to the firm.~~

CALCULATION OF ~~RELEVANT~~ FIXED ANNUAL EXPENDITURE

- ~~13.12.2~~ 13.3.3 R A ~~Category~~ category B firm must calculate its ~~relevant~~ fixed annual expenditure by reference to the amount described as total expenditure in its most recently prepared ~~set of annual financial statements~~. If those statements were for a period other than 12 months, the amounts in its profit and loss account must be adjusted ~~proportionately~~ recent RMAR drawn up at its accounting reference date.
- ~~13.12.2A~~ 13.3.4 R Where a ~~Category~~ category B firm has just begun trading or ~~have~~ has not been authorised long enough to submit such ~~an RMAR~~, the firm must calculate its ~~relevant~~ fixed annual expenditure on the basis of forecast or other appropriate accounts submitted to the FSA.
- ~~13.12.2B~~ 13.3.5 R A ~~Category~~ category B firm may deduct from its ~~relevant~~ total annual expenditure ~~the items (a) to (f) set out in table 13.12.2 13.3.5, unless the firm is a Category B1 firm, in which case it may not deduct item (c).~~

Table ~~13.12.2~~ 13.3.5

This table forms part of ~~rule 13.12.2~~ 13.3.5

DEDUCTIONS FROM EXPENDITURE	
(a)	staff bonuses <u>(except to the extent that they are guaranteed);</u>
(b)	employees' and directors' shares in profits <u>(except to the extent that the amount is guaranteed);</u>
(c)	interest charges in respect of borrowings made to finance the acquisition of its <u>readily realisable investments</u> ;
(d)	shared commissions paid <u>commission and fees payable</u> which are directly related to commissions received <u>commission and fees receivable</u> that are included within total revenue;
(e)	emoluments of <i>directors</i> , partners or a sole trader;
(f)	a firm must not deduct any exceptional expenditure <u>other variable expenditure</u> .

- 13.3.6 G For the purpose of this section, fixed expenditure is expenditure which is inelastic relative to fluctuations in a firm's levels of business. Fixed expenditure is likely to include most salaries and staff costs, office rent, payment for the rent or lease of office equipment, and insurance premiums. It may be viewed as the amount of funds which a firm would require to enable it to cease business in an orderly manner, should the need arise. This is not an exhaustive list of such expenditure and a firm will itself need to identify (taking appropriate advice where necessary) which costs amount to fixed expenditure.

ADJUSTMENTS TO CALCULATION OF RELEVANT FIXED ANNUAL EXPENDITURE

- ~~13.12.2C~~ ~~R~~ ~~A firm must ensure that the expenditure base properly reflects the ongoing annual operating costs of the firm by having proper regard to its circumstances when deciding whether to include or exclude any item of expenditure or to make any other adjustment to the calculation of relevant annual expenditure.~~

13.3.7

A firm must adjust its fixed expenditure calculation so far as necessary if and to the extent that since the date covered by the most recent annual RMAR or (if 13.2.3R(2) applies) since the forecast was prepared:

- (1) its level of fixed expenditure changes materially; or
- (2) its regulated activities comprised within its permission change.

- 13.3.8 R If a firm has a material proportion of its expenditure incurred on its behalf by third parties and such expenditure is not fully recharged to that firm then the firm must adjust its fixed expenditure calculation by adding back in the whole of the difference between the amount of the expenditure and the amount recharged.

- ~~13.12.2D~~ ~~G~~ ~~In rule 13.12.2C the FSA would expect a firm to take proper account of the effect of, for example, the ongoing annual operating costs of the firm being met by another party, or of a significant change in the structure of the firm's business during the year.~~

13.3.9

The FSA would consider as material 10% of a firm's total expenditure incurred on its behalf by third parties.

CALCULATION OF FINANCIAL CAPITAL RESOURCES TO MEET TESTS 1, 1A OR 2 THE EXPENDITURE-BASED REQUIREMENT

- 13.12.3 R ~~(1) This rule does not apply to a low resource firm;~~
- 13.3.10
- (2) A Category category B firm must be able to calculate its financial capital resources at any time in accordance with table 13.3.10 on the basis of the balance sheet the firm could draw drawn up by the firm at that time. For this purpose:
 - (1) capital resources at any time in accordance with table 13.3.10 on the basis of the balance sheet the firm could draw drawn up by the firm at that time. For this purpose:

- (a) a *Category B1 firm* must adjust the assets in the balance sheet as specified in Part I of table 13.12.3(1) and include the liabilities after making the adjustments specified in Part II of table 13.12.3(1);
- (b) a *Category B2 or B3 firm* to which 13.12 applies must adjust the assets in the balance sheet as specified in Part I of table 13.12.3(2) and include the liabilities after making the adjustments specified in Part II of table 13.12.3(2).
- (2) A firm must recognise an asset or liability, and measure its amount, in accordance with the relevant accounting principles applicable to it for the purpose of preparing its annual financial statements unless a rule requires otherwise.
- (3) ~~the assets and liabilities in the balance sheet are also subject to the following adjustments:~~
- (a) ~~a *Category B firm* must deduct any unrealised gains or, where applicable, add back in any unrealised losses on cash flow hedges of *financial instruments* measured at cost or amortised cost;~~
- (b) ~~in respect of a *defined benefit occupational pension scheme*, a *Category B firm* must derecognise any defined benefit asset;~~
- (c) ~~a *Category B firm* may substitute for a defined benefit liability the *firm's deficit reduction amount*. The election must be applied consistently in respect of any one financial year;~~
- (d) ~~where applicable, a *Category B firm* must deduct any asset in respect of deferred acquisition costs and add back in any liability in respect of deferred income (but exclude from the deduction or addition any asset or liability which will give rise to future cash flows), together with any associated deferred tax.~~

- (3) ~~Section 421A of the Act states that an interest held on behalf of an *undertaking* is treated as held by it. Thus, if the chain of ownership includes a trust, the *FSA* will treat the trustees as legal owners when determining whether it considers there to be a *close link*. The beneficiaries or settlors of a trust (or both) may also come within the scope of these provisions, depending on the terms of the trust.~~

~~However, the FSA will consider each case on its merits. [deleted]~~

2.3.11A G Paragraphs 3(2)(e) to (f) of Schedule 6 to the Act reflect legislation initially introduced in the *Post-BCCI Directive*, which defines close links, in part, by reference to participation. Recital 5 of the *Post-BCCI Directive* gives further guidance on what is meant by ‘participation’ for the purposes of the directive. It states that the sole fact of having acquired a significant proportion of a company’s capital does not constitute participation for the purposes of the directive if that holding has been acquired solely as a temporary investment which does not make it possible to exercise influence over the structure or financial policy of the undertaking.

16 Annex 18BG **Notes for completion of the Retail Mediation Activities Return ('RMAR')**

...

NOTES FOR COMPLETION OF THE RMAR

...

Section E: Professional Indemnity Insurance

Note: *Home purchase* and *reversion activity* should be included under the existing mortgage headings in this section of the RMAR.

This section requires *firms* to confirm that they are in compliance with the prudential requirements in relation to professional indemnity insurance (PII).

Data is required in relation to all PII policies that a *firm* has in place, up to a limit of ten (the system will prompt you to submit data on all applicable policies). If a *firm* has more than ten policies, it should report only on the ten largest policies by premium.

Note on the scope of Section E: *retail investment firms* that fall within the scope of these data requirements, but do not meet the definition of *personal investment firm*, i.e. are not subject to *IPRU(INV)* 13, will **not** be subject to this section.

The PII requirements for *authorised professional firms* ('APFs') that carry on *retail investment activities* are set out in *IPRU(INV)* 2.3. APFs that carry on *home finance mediation activity* or *insurance mediation activity* are subject to the full requirements of *MIPRU* 3.

Firms which are subject to the requirements in both ~~*PRU*~~ and *IPRU* and *MIPRU* must apply the PII rules outlined in *IPRU(INV)* ~~13.1.4(1)~~ 13, not *MIPRU* 3.

Section E: guide for completion of individual fields

(Note to readers: the order of some of the rows of information has changed. These changes of order are not identified below.)

Part 1

Does your firm hold a comparable guarantee or equivalent cover in lieu of PII, or is it otherwise exempt from any holding PII in respect of any regulated activities (tick as appropriate)?	<p>This question will establish whether a <i>firm</i> is exempt from the requirements and so is not required to hold PII.</p> <p>The conditions for comparable guarantees and exemptions from the PII requirements for <i>firms</i> carrying on insurance or home finance mediation are set out in <i>MIPRU</i> 3.1.1R paragraphs (3) to (6).</p> <p>Personal investment firms can only be exempted by individual waiver granted by the <i>FSA</i> (unless <i>IPRU(INV)</i> 13.1.5R <u>13.1.7R</u> applies in respect of comparable guarantees).</p> <p>...</p>
If the firm does not hold a comparable guarantee or equivalent cover and is not exempt, does the firm currently hold PII?	...
Has the firm renewed its PII cover since the last reporting date?	<p>This question will ensure that a <i>firm</i> does not fill in PII basic and detailed information <u>Part 2 of the PII section of the RMAR</u> each time it reports, if the information only changes annually.</p> <p>If the <i>firm</i> is reporting for the first time, you should enter 'yes' here and complete the data fields.</p> <p>You should only enter 'n/a' if the <i>firm</i> is exempt from the PII requirements for all the <i>regulated activities</i> forming part of the RMAR.</p>

Part 2

At this point, if the *firm* has PII policy details to report, it should do so by clicking on the 'add PII policy' button in the summary screen. This will then prompt you to name the sub-section, e.g. 'policy1'. You may also add further sub-sections if the *firm* has two or more policies (up to a maximum of ten). You may enter one policy per line in the PII basic information table (up to a maximum of ten) and policy excess and exclusions in the PII detailed information table (up to a maximum of ten per policy).

PII Basic information

Activities What activities are covered by the policy(ies)?	You should indicate which <i>regulated activities</i> are covered by the <i>firm</i> 's PII policy or policies.
If your policy excludes all business activities carried on prior to a particular date (i.e. a retroactive start date), then insert the date here, if not please insert 'n/a'	<p>Required terms of PII are set out <u>out</u> for <i>personal investment firms</i> in <i>IPRU(INV)</i> 13.1.4 <u>13.1.5R</u> and for <i>mortgage intermediaries</i> and general insurance intermediaries in PRU <u>9.2.10 MIPRU 3.2.4R</u>.</p> <p>...</p>
Annualised premium	This should be the annual premium that is paid by the <i>firm</i> , net of tax and any other add-ons.

<p>Limit of indemnity received <u>Indemnity</u></p>	<p>You should record here the indemnity limits on the <i>firm's</i> PII policy or policies, both in relation to single claims and in aggregate.</p> <p>Those <i>firms</i> subject to <i>Insurance Mediation Directive (IMD)</i> requirements should state their limit in Euros; those that are not subject to the <i>IMD</i> should select 'Sterling' from the drop-down list.</p> <p><i>Insurance intermediaries</i>, see <i>MIPRU 3.2.7R</i> and select either 'Euros' or 'Sterling' as applicable.</p> <p><i>Home finance intermediaries</i> should state their limits in Sterling (see <i>MIPRU 3.2.9R</i>).</p> <p>For <i>personal investment firms</i>, see <i>IPRU(INV) 13.1.4(2)R</i> 13.1.9R and 13.1.4(5)E <u>13.1.13R</u> and select either 'Euros' or 'Sterling' as applicable.</p> <p>If the <i>firm</i> is subject to more than one of the above limits (because of the scope of its <i>regulated activities</i>), and has one PII policy for all of its <i>regulated activities</i>, the different limits should be reflected in the policy documentation. If there is more than one limit, only the highest needs to be recorded in this field.</p>

PII detailed information

<p>Business line</p>	<p>Business lines for policy excesses should only be selected for FSA regulated business that you have undertaken in the past or will undertake during the period covered by the policy.</p> <p>Each such business line that has a policy excess should be selected from the drop-down list.</p> <p>If the <i>firm</i> has only one excess for all business lines, then you should select 'All'.</p> <p>If the <i>firm</i> has a policy excess for one specific business line (e.g. Endowments), it should select it from the drop-down list, and in the line beneath select 'All other' for the <i>firm's</i> remaining business lines.</p> <p>If the <i>firm</i> has a policy excess for a business line that is not in the drop-down list, then the most relevant 'other' should be selected.</p>

If the PII provider is not listed you should select 'Multiple/Other' <u>'other'</u> and enter the name of the <i>insurance undertaking</i> or Lloyd's syndicate providing cover in the free-text box.</p> <p><u>If a policy is underwritten by more than one <i>insurance undertaking</i> or Lloyd's syndicate, you should select 'multiple' and state the names of all the <i>insurance undertakings</i> or Lloyd's syndicates in the free-text box.</u></p>
Annual income as stated on the most recent proposal form	This should be the income as stated on the <i>firm's</i> most recent PII proposal form. For a <i>personal investment firm</i> , this is relevant income arising from all of the <i>firm's</i> activities for the last accounting year before the policy began or was renewed (IPRU(INV) 4.3.13(3)R <u>13.1.8R</u>). For <i>insurance intermediaries</i> and <i>mortgage intermediaries</i> this is the annual income given in the <i>firm's</i> most recent annual financial statement from the relevant <i>regulated activity</i> or activities (MIPRU 4.3.1R to 4.3.3R).
Amount of additional capital required for increased excess(es) (where applicable, total amount for all PII policies)	This should be calculated using the tables in IPRU(INV) 4.3.14(12)E <u>13.119R</u> or MIPRU 3.2.14 -16R <u>to 3.2.16R</u> as applicable. The total of additional capital (i.e. in relation to all of the <i>firm's</i> PII policies) should have been reported under 'additional capital requirements for PII' and/or 'additional own funds for PII' in section D1.
Total amount <u>Amount</u> of additional own funds <u>capital resources</u> required for policy exclusion(s)	<i>Personal investment firms</i> only - this should be calculated in line with IPRU(INV) 4.3.14(13)R <u>13.1.23R</u> . Total of additional own funds <u>capital resources</u> required	<i>Personal investment firms</i> only – this is the same figure as in section D1, representing the total of additional own funds <u>capital resources</u> required under IPRU(INV) 4.3.14(8)R <u>13.1.23R</u> to 4.3.14(13)G <u>13.1.27R</u> for all of the <i>firm's</i> PII policies.

17.3 Single customer view reporting

SCV implementation report and SCV report

- 17.3.1 R A *firm* must provide the FSA with an *SCV implementation report* and an *SCV report* within three *months* of receiving *permission* to accept deposits or, in the case of an *incoming EEA firm*, obtaining *top-up cover*.
- 17.3.2 R A *firm* must provide the FSA with an *SCV implementation report* and an *SCV report* within three *months* of a material change in the *firm's SCV system*.
- 17.3.3 G The FSA considers that a material change would include any changes that have a material impact on the *firm's SCV system*. For example, there is likely to be a material change in a *firm's SCV system* upon a merger or upon

the acquisition of a deposit book, or the introduction of a new IT system that relates to the *firm's SCV system*.

- 17.3.4 R A *firm* must provide the *FSA* with an *SCV report* every four years (starting from 31 December 2010 or the date of receiving *permission* to *accept deposits* or, in the case of an *incoming EEA firm*, the date of obtaining *top-up cover*, whichever is later).
- 17.3.5 G The *FSA* may request an *SCV report* at any time as part of its ongoing supervision of the *firm*.
- 17.3.6 R (1) An *SCV implementation report* provided by a *firm* subject to the *electronic SCV rules* must contain a description of the following:

 - (c) the testing undertaken with respect to the *firm's SCV system*;
 - (d) the number of *single customer views* in the *firm's SCV system*;
 - (e) the *firm's* plan for the ongoing maintenance of the *firm's SCV system*;
 - (f) how the *firm's* board of directors will ensure that they remain satisfied that the *firm's SCV system* continues to satisfy the *FSA's SCV requirements*;

 - (c) a description of how the *firm* proposes to transfer to the *FSCS* the information required by *COMP 17.2.3R(1)*.
- 17.3.7 R A description of a *firm's SCV system* and how it has been implemented must

- 17.3.9 R (1) An *SCV report* provided by a *firm* subject to the *electronic SCV rules* must contain:
- (a) a statement signed on behalf of the relevant *firm*'s board of directors confirming that the *firm*'s *SCV system* satisfies the *FSA*'s *SCV requirements*;
 - (b) the date when the *firm*'s *SCV system* last produced a *single customer view* for each of the *firm*'s customers that are *eligible claimants*;

 - (d) the number of *single customer views* in the *firm*'s *SCV system*;

- (2) An *SCV report* provided by a *firm* not subject to the *electronic SCV rules* must contain:
- (a) a statement signed on behalf of the relevant *firm*'s board of directors confirming that the *firm*'s *SCV system* satisfies the *FSA*'s *SCV requirements*;
 - (b) the number of *single customer views* in the *firm*'s *SCV system*; and
 - (c) the number of accounts operated by the *firm* held by *eligible claimants*.

FSCS sign off

- 17.3.10 R A firm subject to the *electronic SCV rules* must provide the FSCS with a representative sample of 10% of its *single customer views* or 10,000 of its *single customer views* (whichever is the smaller number) within:
- (1) three months of receiving *permission to accept deposits* or, in the case of an *incoming EEA firm*, obtaining *top-up cover*; and
 - (2) three months of a material change in the firm's *SCV system*.
- 17.3.11 G A representative sample should include all types of account held with the firm by all types of *eligible claimant* and where the firm operates under more than one trading name the sample should include all types of account held with the firm by all types of *eligible claimant* for each trading name.
- 17.3.12 R The FSCS must advise the FSA whether the information provided by a firm's *SCV system* is capable of being submitted to the FSCS and whether it is compatible with the FSCS's systems, within six months of receiving the information required by *COMP 17.3.10R*.

Guidance on passporting issues

3.3 Background

The Treaty establishing the European Community on the Functioning of the European Union

- App 3.3.1 G (1) The ~~European Community Treaty (the “Treaty”), as amended by later Treaties, established~~ Treaty establishes in ~~EC~~ EU law the rights of freedom of establishment and freedom to provide services in the ~~European Community~~ EU.

- (2) ...

...

EC EU and EEA

- App 3.3.3 G The agreement on the *European Economic Area*, signed at Oporto on 2 May 1992, extends ~~EC~~ certain EU legislation to ~~any those EEA State States~~ that are not part Member States of the ~~European Community~~ EU. Any references ~~to an EC Member State in this appendix, therefore, should be read as referring to an EEA State.~~

...

- App 3.3.7 G In giving its views, communications made by the European Commission have the status of guidance and are not binding on the national courts of *EEA States*. This is because it is the European Court of Justice that has ultimate responsibility for interpreting the *Treaty* and secondary legislation. Accordingly, the communications "do not prejudice the interpretation that the Court of Justice of the European Communities...., which is responsible in the final instance for interpreting the *Treaty* and secondary legislation, might place on the matter at issue." (European Commission interpretative communication: Freedom to provide services and the general good in the insurance sector (C (99) 5046). However, the Courts may take account of European Commission communications when interpreting the *Treaty* and secondary legislation.

...

3.6 Freedom to provide services

- App 3.6.1 G Article ~~49~~ 56 (Services) (~~formerly article 59~~) of the *Treaty* grants to ~~EC~~ *EEA* nationals established in one *EEA State* the freedom to provide *cross border services* to ~~the nationals of~~ other *EEA States*.

...

- App 3.6.6 G An *insurance undertaking* that effects *contracts of insurance* covering risks or commitments situated in another *EEA State* should comply with the notification procedures for the provision of services within that *EEA State*. The location of risks and commitments is found by reference to the rules set out in paragraph 6 of schedule 12 to the *Act*, which derive from article 1 of the *Consolidated Life Directive* and article 2 of the *Second Non-Life Directive*. It may be appropriate for *insurers* to take legal advice as to how these rules are interpreted and applied in other *EEA States*. The need to passport may arise because of only one of the risks covered by an insurance policy. This includes, for example, where a policy covers a number of property risks and one of those properties is in another ~~Member State~~ *EEA State*.

...

- App 3.6.11 G The key distinction in relation to temporary activities is whether a *firm* should make its notification under the freedom of establishment in a *Host State*, or whether it should notify under the freedom to provide services into a *Host State*. It would be inappropriate to discuss such a complex issue in *guidance* of this nature. It is recommended that, where a *firm* is unclear on the distinction, it should seek appropriate advice. In either case, where a *firm* is carrying on activities in another ~~Member State~~ *EEA State* under a *Single*

Market Directive, it should make a notification.

...

App 3.6.26 G *Firms* are reminded of their rights, under article 33 of *MiFID*, to become members of, or have access to, the *regulated markets* in other ~~*Member States*~~ Member States.

11 Liquidity risk systems and controls

11.1 Application

- 11.1.1 R SYSC 11 applies to an insurer, unless it is:
- (1) ~~an insurer, unless it is an EEA deposit insurer or a Swiss general insurer; a non-directive friendly society; or~~
 - (2) ~~a BIPRU firm; a Swiss general insurer; or~~
 - (3) ~~an incoming EEA firm which:~~
 - (a) ~~is a full BCD credit institution; and~~
 - (b) ~~has a branch in the United Kingdom; an EEA-deposit insurer; or~~
 - (4) ~~a third country BIPRU firm which:~~
 - (a) ~~is a bank; and~~
 - (b) ~~has a branch in the United Kingdom an incoming EEA firm; or~~
 - (5) an incoming Treaty firm.
- ~~[Note: first paragraph of article 41 of the Banking Consolidation Directive]~~
- 11.1.2 R If this chapter applies because the firm has a branch in the United Kingdom (see SYSC 11.1.1R(3) or SYSC 11.1.1R(4)), SYSC 11 applies only with respect to the branch. ~~[deleted]~~
- 11.1.3 R SYSC 11 applies to an incoming EEA firm only to the extent that the relevant matter is not reserved by the relevant Single Market Directive to the firm's Home State regulator. ~~[deleted]~~
- 11.1.4 R SYSC 11 does not apply to:
- (1) ~~a non-directive friendly society; or~~
 - (2) ~~a UCITS qualifier; or~~

- (3) ~~an ICVC; or~~
- (4) ~~an incoming EEA firm (unless it has a branch in the United Kingdom—see SYSC 11.1.1R(3)); or~~
- (5) ~~an incoming Treaty firm; or~~
- (6) ~~an incoming ECA provider acting as such. [deleted]~~
- 11.1.5 G (1) ~~SYSC 11.1.11R and SYSC 11.1.12R apply only to a BIPRU firm. [deleted]~~
- (2) ~~SYSC 11.1.26G to SYSC 11.1.32G do not apply to insurers. [deleted]~~
- ...
- 11.1.10 G ~~SYSC 11.1.11R and SYSC 11.1.12R implement the specific liquidity risk requirements of the BCD. [deleted]~~

Requirements

- 11.1.11 R ~~A BIPRU firm must have policies and processes for the measurement and management of its net funding position and requirements on an ongoing and forward looking basis. Alternative scenarios must be considered and the assumptions underpinning decisions concerning the net funding position must be reviewed regularly. [Note: annex V paragraph 14 of the Banking Consolidation Directive] [deleted]~~
- 11.1.12 R ~~A BIPRU firm must have contingency plans in place to deal with liquidity crises. [Note: annex V paragraph 15 of the Banking Consolidation Directive] [deleted]~~
- 11.1.13 G An insurer is also required to comply with the requirements in relation to liquidity risk set out in INSPRU 4.1.
- 11.1.14 G ~~SYSC 4.1.1R requires a BIPRU firm to have effective processes to identify, manage, monitor and report the risks it is or might be exposed to. A BIPRU firm is required by SYSC 7.1.2R to establish, implement and maintain adequate risk management policies and procedures, including effective procedures for risk assessment. Liquidity risk is one of the risks covered by both of those requirements. [deleted]~~
- 11.1.15 G ~~A UK bank, a branch of an EEA bank and a branch of an overseas bank is required in IPRU(BANK) GN 3.4.3 to set out its policy on the management of its liquidity. Guidance on a bank's liquidity policy statement is given in IPRU(BANK) LM Section 10. Guidance on a bank's management of liquidity risk is given in IPRU(BANK) LM Sections 2 and 9. [deleted]~~

11.1.16 G ~~A building society is required by IPRU(BSOC) 5.2.7R to maintain a board approved policy statement on liquidity. Guidance on a building society's liquidity policy statement is given in IPRU(BSOC) 5.2.8 and IPRU(BSOC) Annex 5B. Guidance on a building society's management of liquidity risk is given in IPRU(BSOC) Sections 5.3 to 5.8. [deleted]~~

...

Contingency funding plans

...

11.1.24 E ...

(3) ~~The contingency funding plan of a firm described in SYSC 11.1.1R(2) to SYSC 11.1.1R(4) should cover the extent to which the actions in (1) include:~~

- ~~(a) selling, using as collateral in secured funding (including repo), or securitising, its assets;~~
- ~~(b) otherwise reducing its assets;~~
- ~~(c) modifying the structure of its liabilities or increasing its liabilities; and~~
- ~~(d) the use of committed facilities. [deleted]~~

...

...

Management information systems

11.1.26 G ~~A firm should have adequate information systems for controlling and reporting liquidity risk. The management information system should be used to check for compliance with the firm's established policies, procedures and limits. [deleted]~~

11.1.27 G ~~Reports on liquidity risk should be provided on a timely basis to the firm's governing body, senior management and other appropriate personnel. The appropriate content and format of reports depends on a firm's liquidity management practices and the nature, scale and complexity of the business. Reports to the firm's governing body may be less detailed and less frequent than reports to senior management with responsibility for managing liquidity risk. [deleted]~~

11.1.28 G ~~The FSA would expect management information to normally contain the following:~~

~~(1) a cash flow or funding gap report;~~

- (2) a funding maturity schedule;
- (3) a list of large providers of funding; and
- (4) a limit monitoring and exception report. [deleted]

11.1.29 G When considering what else might be included in *liquidity risk* management information, a *firm* should consider other types of information that may be important for understanding its *liquidity risk* profile. This may include:

- (1) asset quality and trends;
- (2) any changes in the *firm's* funding strategy;
- (3) earnings projections; and
- (4) the *firm's* reputation in the market and the condition of the market itself. [deleted]

Limit setting

11.1.30 G A *firm's* senior management should decide what limits need to be set, in accordance with the nature, scale and complexity of its activities. The structure of limits should reflect the need for a *firm* to have systems and controls in place to guard against a spectrum of possible risks, from those arising in day-to-day *liquidity risk* management to those arising in stressed conditions. [deleted]

11.1.31 G A *firm's* should periodically review and, where appropriate, adjust its limits when conditions or risk tolerances change. [deleted]

11.1.32 G Policy or limit exceptions should receive the prompt attention of the appropriate management and should be resolved according to processes described in approved policies. [deleted]

Part 1

Outline of other related provisions

...

1.2.21 G (1) SYSC 11 sets out material on systems and controls that apply specifically to *liquidity risk* as that concept relates to an insurer.

...

(2A) BIPRU 12 sets out material on systems and controls that apply specifically to liquidity risk in relation to a BIPRU firm, a branch of an incoming EEA firm that is a full BCD credit institution and a branch of a third country BIPRU firm that is a bank.

...

(4) SYSC 11.1.21 E is an *evidential provision* relating to the *general stress and scenario testing rule* concerning stress testing and scenario analyses. SYSC 11.1.24 E is an evidential provision relating to the *overall Pillar 2 rule* about *contingency funding plans*. Both of these evidential provisions apply only to an insurer to which that section of SYSC applies.

...

...

Additional guidance on stress tests and scenario analyses

...

1.2.78 G Additional *guidance* in relation to stress tests and scenario analysis for *liquidity risk* as that concept relates to an insurer is available in SYSC 11 (Liquidity risk systems and controls). BIPRU 12 sets out the main Handbook provisions in relation to liquidity risk for a BIPRU firm.

...

Part 2

(This Part is referred to in the new Transitional Provisions for BIPRU: see Annex D to this instrument.)

Application

1.2 Adequacy of financial resources

Application

- 1.2.1 R This section applies to:
- (1) a *BIPRU firm*; and
 - (2) an *insurer*, unless it is:
 - (a) a *non-directive friendly society*; or
 - (b) a *Swiss general insurer*; or
 - (c) an *EEA-deposit insurer*; or
 - (d) an *incoming EEA firm*; or
 - (e) an *incoming Treaty firm*; ~~and~~
 - (3) a *firm to which GENPRU 1.2.2R applies*. [deleted]
- 1.2.2 R ~~The firms referred to in GENPRU 1.2.1R(3) are:~~
- (1) ~~an incoming EEA firm which:~~
 - (a) ~~is a full BCD credit institution; and~~
 - (b) ~~has a branch in the United Kingdom; and~~
 - (2) ~~a third country BIPRU firm which:~~
 - (a) ~~is a bank; and~~
 - (b) ~~has a branch in the United Kingdom~~. [deleted]
- 1.2.2A R In relation to any provision in this section which applies to a BIPRU firm, a reference in that provision to “financial resources” does not constitute a reference to “liquidity resources”.
- 1.2.3 R ~~This section applies to a firm in GENPRU 1.2.2R in relation to liquidity risk only. Accordingly, for such a firm, the systems, processes and resources required by this section are only those that are required with respect to liquidity risk~~. [deleted]

- 1.2.3A G In relation to:
- (1) a BIPRU firm;
 - (2) an incoming EEA firm which:
 - (a) is a full BCD credit institution; and
 - (b) has a branch in the United Kingdom; and
 - (3) a third country BIPRU firm which:
 - (a) is a bank; and
 - (b) has a branch in the United Kingdom;
- BIPRU 12 contains rules and guidance in relation to the adequacy of that firm's liquidity resources.
- 1.2.4 R ~~For a firm described in GENPRU 1.2.2R, this section applies only with respect to the branch. [deleted]~~
- 1.2.5 R ~~This section applies to an incoming EEA firm only to the extent that the relevant matter is not reserved by the relevant Single Market Directive to the firm's Home State regulator. [deleted]~~
- ...
- 1.2.7 G The *guidance* in this section is drafted with respect to a *firm* to which this section and the other provisions of *GENPRU* and *BIPRU* (except *BIPRU 12*) referred to in this section apply in full. ~~The *guidance* in this section is also applicable to a *firm* that falls into *GENPRU 1.2.2R*. However, the *guidance* in this section only applies to such a *firm* in respect of *liquidity risk* and it should be read accordingly.~~
- 1.2.8 G ~~In the case of an *incoming EEA firm* that is a *full BCD credit institution* and of a *third country BIPRU firm* that is a *bank*, this section only applies to its *United Kingdom branch*. However, as a *branch* is not itself a legal entity separate from the rest of a *firm*, this restriction does not mean that the rest of the *firm* can necessarily be left out of account when considering compliance with this section. For example, the availability of the *branch's* liquidity resources may be affected by general liquidity problems in the *firm*. Similarly, there may be liquidity resources elsewhere in the *firm* that are available to meet liquidity problems in the *branch*. [deleted]~~
- 1.2.9 G ~~One factor that may affect the degree to which it is necessary to take into account the *firm* as a whole is the extent to which the *firm* manages the liquidity of the *branch* on an autonomous basis, or includes the *branch* within integrated liquidity management of the *firm* as a whole. In the latter case, the requirement in the *general stress and scenario testing rule*,~~

~~insofar as it applies to liquidity, to carry out scenario analyses may be satisfied by the *firm* meeting similar requirements set by the regulator in its home country in respect of the *firm* as whole, provided that the *firm* separately identifies the impacts on the *United Kingdom branch* of the scenarios analysed. However, in the case of an *incoming EEA firm*, the application of this section is further restricted by *GENPRU 1.2.5R*. [deleted]~~

...

- 1.2.11 G The adequacy of a *firm's* financial resources needs to be assessed in relation to all the activities of the *firm* and the risks to which they give rise and so, ~~except as described in *GENPRU 1.2.8G*~~, this section applies to a *firm* in relation to the whole of its business. In the case of a *UCITS investment firm* this means that this section is not limited to *designated investment business* excluding *scheme management activity*. It also applies to *scheme management activity* and to activities that are not *designated investment business*.

Purpose

...

- 1.2.13 G This section amplifies *Principle 4*, under which a *firm* must maintain adequate financial resources. It is concerned with the adequacy of the financial resources that a *firm* needs to hold in order to be able to meet its liabilities as they fall due. These resources include both capital and liquidity resources. As noted in *GENRPU 1.2.3AG*, however, the *FSA's rules and guidance* in relation to the adequacy of the liquidity resources of a *BIPRU firm* are set out in *BIPRU 12*.

...

Outline of other related provisions

...

- 1.2.21 G ...
- (2) ~~Chapters LM and LS of *IPRU(BANK)* contain *guidance* on the *overall financial adequacy rule* so far as it relates to adequate liquidity for *banks* and the *firms* to which *GENPRU 1.2.2R* (Application of this section to certain non *EEA firms*) applies. [deleted]~~
- (3) ~~Chapter 5 of volume 1 of *IPRU(BSOC)* contains *guidance* and an *evidential provision* on the *overall financial adequacy rule* so far as it relates to adequate liquidity for a *building society*. [deleted]~~

...

...

Requirement to have adequate financial resources

...

1.2.26A G *BIPRU 12 contains rules and guidance in relation to the adequacy of a BIPRU firm's liquidity resources. Consistent with GENPRU 1.2.2AR, in assessing the adequacy of its liquidity resources, a BIPRU firm should do so by reference to the overall liquidity adequacy rule, rather than the overall financial adequacy rule.*

Annex D

Amendments to the Prudential sourcebook for Banks, Building Societies and Investment Firms (BIPRU)

In this Annex, underlining indicates new text and striking through indicates deleted text, unless otherwise stated.

The definition of a BIPRU firm

...

1.1.9 G *EEA firms* are subject to the prudential standards of their home state regulator. But the *Banking Consolidation Directive* permits a host state competent authority to require a *BCD credit institution* to meet certain standards relating to its liquidity. The *FSA's* approach to liquidity for such firms is set out in ~~*IPRU(BANK)* and *SYSC 11 (Liquidity risk systems and controls)*~~ *BIPRU 12*.

1.1.10 G ...

(5) An *overseas firm* that is subject to equivalent supervision is subject to the *threshold conditions* and the *Principles*. *BIPRU* and *GENPRU* do not generally apply. However ~~*GENPRU 1.2 (Adequacy of financial resources)*~~ *BIPRU 12* applies to a *credit institution* with respect to liquidity risk in relation to its *United Kingdom branch*.

In BIPRU 12.6.17G delete the equation and replace it with the following. The text is not underlined.

After BIPRU TP 30, insert the following new transitional rules. The text is not underlined.

TP 31 Consequential changes to the Handbook occasioned by BIPRU 12: all firms to which BIPRU 12 applies

Application

- 31.1 R *BIPRU* TP 31 applies to a *firm* which as at 1 December 2009 falls into *BIPRU* 12.1.1R.
- 31.2 G The Prudential Sourcebook for Banks, Building Societies and Investment Firms (Liquidity) (Consequential Amendments) Instrument 2009 (FSA 2009/68) comes into force on 1 December 2009 (with the exception of Annex F which comes into force on 1 June 2010). The effect of *BIPRU* TP 26 is that the quantitative aspects of *BIPRU* 12 are disapplied for a period following 1 December 2009, the exact period of disapplication varying according to the type of *firm* in question. As a result of the phased application of the quantitative aspects of *BIPRU* 12, the associated consequential *Handbook* changes are also phased. *BIPRU* TP 31 deals with the phasing of those consequential *Handbook* changes.

MISMATCH LIQUIDITY

1 INTRODUCTION

1.1 Legal sources

...

2 As part of the implementation of the recast Capital Adequacy Directive and the Banking Consolidation Directive in the UK from January 2007, provisions relating to a firm's systems and controls for liquidity risk ~~have been introduced in SYSC 11~~ are given effect in *BIPRU 12.3* and provisions concerning stress testing and scenario analysis have been introduced in *BIPRU 12.4* and *GENPRU 1.2.30R*. The relevant rules implement part of Article 22 and Annex V of the Banking Consolidation Directive. This chapter, ~~and~~ chapter LS and *BIPRU 12.3* and *12.4* sets set out the FSA's framework for monitoring the liquidity of banks authorised for the purposes of the Act to determine whether the above requirements are met.

...

2 RATIONALE

...

2.2 How the FSA monitors liquidity

6 ~~The responsibility for ensuring a bank can meet its obligations as they fall due rests with the bank's own management. The bank should take account of its characteristics and position within the banking system in determining a prudent liquidity policy. [deleted]~~

...

3 MAIN FEATURES OF THE LIQUIDITY POLICY

...

3.1 Main prudential policies applying to banks

...

3 ~~A bank should have adequate systems for monitoring liquidity on a daily basis.~~

~~(See SYSC 11) [deleted]~~

3A ~~A bank should carry out stress testing and scenario analysis in relation to liquidity risk. (See GENPRU 1.2.26R and associated guidance, and SYSC 11). [deleted]~~

3B ~~A bank should have a contingency funding plan. (see SYSC 11) [deleted]~~

...

9 MONITORING LIQUIDITY

...

9.1.2 *Systems for monitoring liquidity*

2 ~~In order to be considered to be conducting its business in a prudent manner a bank must maintain adequate systems. A bank should therefore have in place systems which enable it to monitor its liquidity profile on a frequent and timely basis.~~

- a) ~~What in detail will be considered adequate systems depends on the nature of business conducted by the bank. But every bank should have systems in place that enables it to calculate its liquidity position on a daily basis.~~
- b) ~~The adequacy of the systems in place for monitoring liquidity is checked through the section 166 process and through review team visits. [deleted]~~

10 POLICY STATEMENTS

...

4 The policy statement should consider the management of liquidity in both normal and abnormal circumstances. In particular, it should include details of the bank's contingency funding plan maintained as required by ~~SYSC 11.1.24E~~ BIPRU 12.4.10R.

STERLING STOCK LIQUIDITY

1 INTRODUCTION

1.1 Legal sources

...

2 As part of the implementation of the recast Capital Adequacy Directive and the Banking Consolidation Directive in the UK from January 2007, provisions

relating to a firm's systems and controls for liquidity risk ~~have been introduced in SYSC 11~~ are given effect in *BIPRU 12.3* and provisions concerning stress testing and scenario analysis are introduced in *BIPRU 12.4* and *GENPRU 1.2.30R*. The relevant rules implement part of Article 22 and Annex V of the Banking Consolidation Directive. This chapter, ~~and~~ chapter LM and *BIPRU 12.3* and *12.4* sets ~~set~~ out the FSA's framework for monitoring the liquidity of banks authorised for the purposes of the Act to determine whether the above requirements are met.

...

...

2 THE FSA'S APPROACH TO STERLING STOCK LIQUIDITY

1 Regardless of whether a bank reports on a mismatch basis or a stock liquidity basis, the same principles apply. Namely, prudent liquidity management (on the part of the bank) and liquidity monitoring. Details of these are outlined in Chapter LM on mismatch liquidity and *BIPRU 12.3* and *12.4*.

2 ...

- b) For the FSA's general approach to liquidity and the mismatch approach to liquidity management, see the chapter on mismatch liquidity and *BIPRU 12.3* and *12.4*.

...

3 MAIN FEATURES OF THE POLICY

This section should be read in conjunction with its equivalent section in the chapter on mismatch liquidity, which sets out the obligations in respect of liquidity, which apply to all authorised banks, and also in conjunction with the rules and guidance in *BIPRU 12.3* and *12.4*. The policy set out below replaces the framework for sterling maturity mismatches and applies only to UK-incorporated retail banks on a consolidated basis (unless otherwise agreed in writing with the FSA).

...

5 MONITORING LIQUIDITY

5.1 General

1 All banks are required to maintain a liquidity policy statement to the FSA. ~~They should also maintain adequate systems for monitoring liquidity.~~

- a) ~~These are checked during the normal course of supervision by review team visits, treasury visits and reports under section 166 of the Act. [deleted]~~
- b) ...

Annex B

Amendments to the Senior Management Arrangements, Systems and Controls sourcebook (SYSC)

In this Annex, underlining indicates new text and striking through indicates deleted text, unless otherwise stated.

Part 1: Comes into force on 14 December 2009

- 12.1.9 G For the purposes of SYSC 12.1.8R, the question of whether the risk management processes and internal control mechanisms are adequate, sound and appropriate should be judged in the light of the nature, scale and complexity of the *group's* business and of the risks that the *group* bears. Risk management processes must include the stress testing and scenario analysis required by GENPRU 1.2.42R and GENPRU 1.2.49R(1)(b).

Part 2: Comes into force on 14 December 2010

- 7.1.4A G ~~Other *firms* should take account of the risk management rules (SYSC 7.1.3R and SYSC 7.1.4R) as if they were *guidance* (and as if "should" appeared in those rules instead of "must") as explained in SYSC 1 Annex 1.3.3G.~~
- For a *common platform firm* included within the scope of SYSC 20 (Reverse stress testing), the strategies, policies and procedures for identifying, taking up, managing, monitoring and mitigating the risks to which the *firm* is or might be exposed include conducting reverse stress testing in accordance with SYSC 20. A *common platform firm* which falls outside the scope of SYSC 20 should consider conducting reverse stress tests on its business plan as well. This would further *senior personnel's* understanding of the *firm's* vulnerabilities and would help them design measures to prevent or mitigate the risk of business failure.
- 7.1.4B G Other *firms* should take account of the risk management rules (SYSC 7.1.3R and SYSC 7.1.4R) as if they were *guidance* (and as if "should" appeared in those rules instead of "must") as explained in SYSC 1 Annex 1.3.3G.

After SYSC 19, insert the following new chapter. The text is not underlined.

20 Reverse stress testing

20.1 Application and purpose

Application

- 20.1.1 R (1) SYSC 20 applies to:

- (a) a *BIPRU firm*, unless it is a *BIPRU investment firm* excluded in accordance with (2); and
 - (b) an *insurer* unless it is:
 - (i) a *non-directive friendly society*; or
 - (ii) a *Swiss general insurer*; or
 - (iii) an *EEA-deposit insurer*; or
 - (iv) an *incoming EEA firm*; or
 - (v) an *incoming Treaty firm*.
- (2) Subject to (3) and (4), a *BIPRU investment firm* is excluded from the scope of SYSC 20 if:
- (a) where it carries out the *regulated activity* of *managing investments* or *safeguarding and administering investments*, it has assets under management or administration of no more than £10 billion (or the equivalent amount in foreign currency); or
 - (b) the total annual *fee* and *commission* income arising from its *regulated activities* is no more than £250 million (or the equivalent amount in foreign currency); or
 - (c) it has assets and liabilities of no more than £2 billion (or the equivalent amount in foreign currency).
- (3) In order to determine whether a *BIPRU investment firm* is excluded from the scope of SYSC 20, the exclusion criteria in (2) apply on a consolidated basis to all of the *BIPRU investment firms* within the same *UK consolidation group* or *non-EEA sub-group* as if they were one *firm*.
- (4) Any *BIPRU investment firm* which is not excluded in accordance with (2) and (3) in any given year will continue to be subject to SYSC 20 for the following two years irrespective of whether it satisfies the criteria to be excluded in any of those subsequent years.

Purpose

- 20.1.2 G This chapter amplifies *Principle 2*, under which a *firm* must conduct its business with due skill, care and diligence, and *Principle 3*, under which a *firm* must take reasonable care to organise and control its affairs responsibly and effectively, with adequate risk management systems.

- 20.1.3 G This chapter contains *rules* on reverse stress testing, which require a *firm* to identify and assess events and circumstances that would cause its business model to become unviable. This chapter also requires the *firm's* senior management or *governing body* to review and approve the results of the reverse stress testing exercise. This should help the *firm's* senior management to identify the *firm's* vulnerabilities and design a strategy to prevent or mitigate the risk of business failure.
- 20.1.4 G The reverse stress testing requirements are an integral component of a *firm's* business planning and risk management under *SYSC*. For *BIPRU firms* as referred to in *SYSC* 20.1.1R(1)(a), this chapter amplifies *SYSC* 7.1.1G to *SYSC* 7.1.8G on risk control. For *insurers* as referred to in *SYSC* 20.1.1R(1)(b), this chapter amplifies *SYSC* 14.1.17G to *SYSC* 14.1.25G on business planning and risk management.

20.2 Reverse stress testing requirements

- 20.2.1 R As part of its business planning and risk management obligations under *SYSC*, a *firm* must reverse stress test its business plan; that is, it must carry out stress tests and scenario analyses that test its business plan to failure. To that end, the *firm* must:
- (1) identify a range of adverse circumstances which would cause its business plan to become unviable and assess the likelihood that such events could crystallise; and
 - (2) where those tests reveal a risk of business failure that is unacceptably high when considered against the *firm's* risk appetite or tolerance, adopt effective arrangements, processes, systems or other measures to prevent or mitigate that risk.
- 20.2.2 R Where the *firm* is a member of:
- (1) an *insurance group*, in respect of which it is required to maintain group capital;
 - (2) a *UK consolidation group*; or
 - (3) a *non-EEA sub-group*;
- it must conduct the reverse stress test on a solo basis as well as on a consolidated basis in relation to the *insurance group*, the *UK consolidation group* or the *non-EEA sub-group*, as the case may be.

- 20.2.3 R The design and results of a *firm's* reverse stress test must be documented and reviewed and approved at least annually by the *firm's* senior management or *governing body*. A *firm* must update its reverse stress test more frequently if it is appropriate to do so in the light of substantial changes in the market or in macroeconomic conditions.
- 20.2.4 G (1) Business plan failure in the context of reverse stress testing should be understood as the point at which the market loses confidence in a *firm* and this results in the *firm* no longer being able to carry out its business activities. Examples of this would be the point at which all or a substantial portion of the *firm's* counterparties are unwilling to continue transacting with it or seek to terminate their contracts, or the point at which the *firm's* existing shareholders are unwilling to provide new capital. Such a point may be reached well before the *firm's* financial resources are exhausted.
- (2) The *FSA* may request a *firm* to quantify the level of financial resources which, in the *firm's* view, would place it in a situation of business failure should the identified adverse circumstances crystallise.
- (3) In carrying out the stress tests and scenario analyses required by *SYSC* 20.2.1R, a *firm* should at least take into account each of the sources of risk identified in accordance with *GENPRU* 1.2.30R(2).
- 20.2.5 G Reverse stress testing should be appropriate to the nature, size and complexity of the *firm's* business and of the risks it bears. Where reverse stress testing reveals that a *firm's* risk of business failure is unacceptably high, the *firm* should devise realistic measures to prevent or mitigate the risk of business failure, taking into account the time that the *firm* would have to react to these events and implement those measures. As part of these measures, a *firm* should consider if changes to its business plan are appropriate. These measures, including any changes to the *firm's* business plan, should be documented as part of the "results" referred to in *SYSC* 20.2.3R.
- 20.2.6 G In carrying out its reverse stress testing, a *firm* should consider scenarios in which the failure of one or more of its major counterparties or a significant market disruption arising from the failure of a major market participant, whether or not combined, would cause the *firm's* business to fail.
- 20.2.7 G (1) The *FSA* may request a *firm* to submit the design and results of its reverse stress tests and any subsequent updates as part of its ARROW risk assessment.
- (2) In the light of the results of a *firm's* reverse stress tests, the *FSA* may require the *firm* to implement specific measures to prevent or mitigate the risk of business failure where that risk is not sufficiently mitigated by the measures adopted by the *firm* in accordance with *SYSC* 20.2.1R, and the *firm's* potential failure poses an unacceptable risk to the *FSA's* statutory objectives.

- (3) The *FSA* recognises that not every business failure is driven by lack of financial resources and will take this into account when reviewing a *firm*'s reverse stress test design and results.

Annex C

Amendments to the General Prudential sourcebook (GENPRU)

In this Annex, underlining indicates new text and striking through indicates deleted text.

Part 1: Comes into force on 14 December 2009

- 1.2.27 G The liabilities referred to in the *overall financial adequacy rule* include a *firm's* contingent and prospective liabilities. ~~It excludes~~ They exclude liabilities that might arise from transactions that a *firm* has not entered into and which it could avoid, for example, by ~~ceasing to trade~~ taking realistic management actions such as ceasing to transact new business after a suitable period of time has elapsed. ~~It includes~~ They include liabilities or costs that arise ~~as a consequence of strategies other than continuing as~~ both in scenarios where the *firm* is a going concern and those where the *firm* ceases to be a going concern. ~~It~~ They also includes include claims that could be made against a *firm*, which ought to be paid in accordance with fair treatment of *customers*, even if such claims could not be legally enforced.

...

Systems, strategies, processes and reviews

- 1.2.30 R A *firm* must have in place sound, effective and complete processes, strategies and systems:

...

- (2) that enable it to identify and manage the major sources of risks referred to in (1), including the major sources of risk in each of the following categories where they are relevant to the *firm* given the nature and scale of its business:

...

- (j) interest rate risk (including in the case of a *BIPRU firm*, interest rate risk in the *non-trading book*); ~~and~~
- (k) pension obligation risk; and
- (l) group risk.

...

- 1.2.32 G (1) This paragraph gives *guidance* on some of the terms used in the *overall Pillar 2 rule*.

...

- (6) Group risk is the risk that the financial position of a *firm* may be adversely affected by its relationships (financial or non-financial) with other entities in the same *group* or by risks which may affect the financial position of the whole *group*, for example reputational contagion. - 1.2.37 R The processes and systems required by the *overall Pillar 2 rule* must:
- (1) include an assessment of how ~~it~~ the *firm* intends to deal with each of the major sources of risk identified in accordance with *GENPRU* 1.2.30R(2); ~~and~~
 - (2) take into account the impact of diversification effects and how such effects are factored into the *firm's* systems for measuring and managing risks; ~~and~~
 - (3) include an assessment of the *firm-wide* impact of the risks identified in accordance with *GENPRU* 1.2.30R(2), to which end a *firm* must aggregate the risks across its various business lines and units, making appropriate allowance for the correlation between risks.

...

Stress and scenario tests

- 1.2.42 R (1) As part of its obligation under the *overall Pillar 2 rule*, a *firm* must, for ~~each of~~ the major sources of risk identified in accordance with *GENPRU* 1.2.30 R(2), carry out stress tests and scenario analyses that are appropriate to the nature, scale and complexity of those major sources of risk and to the nature, scale and complexity of the *firm's* business, as part of which the *firm* must:
- (a) ~~take reasonable steps to identify an appropriate range of realistic adverse circumstances and events in which the risk identified crystallises~~; ~~and~~
 - (b) ~~estimate the financial resources the *firm* would need in each of the circumstances and events considered in order:~~
 - (i) ~~to be able to meet its liabilities as they fall due;~~
 - (ii) ~~to be able to meet the *CRR*;~~
 - (iii) ~~to carry out the plans referred to in *GENPRU* 1.2.37R (1); and~~
 - (iv) ~~otherwise to meet, to the extent that it considers necessary, that major source of risk.~~

- (2) ~~In carrying out the stress tests and scenario analyses in (1), a *BIPRU firm with an IRB permission* must incorporate and take into account the stress tests required to be carried out under *BIPRU 4.3.39R* to *BIPRU 4.3.40R* (Stress tests used in assessment of capital adequacy)~~ identify an appropriate range of adverse circumstances of varying nature, severity and duration relevant to its business and risk profile and consider the exposure of the *firm* to those circumstances, including:
- (a) circumstances and events occurring over a protracted period of time;
 - (b) sudden and severe events, such as market shocks or other similar events; and
 - (c) some combination of the circumstances and events described in (a) and (b), which may include a sudden and severe market event followed by an economic recession.
- (3) ~~In carrying out the stress tests and scenario analyses in (1), a *BIPRU firm* must incorporate and take into account any other stress tests and scenario analyses that it is required to carry out under any other provision of the *Handbook*.~~ In carrying out the stress tests and scenario analyses in (1), the *firm* must estimate the financial resources that it would need in order to continue to meet the *overall financial adequacy rule* and the *CRR* in the adverse circumstances being considered.
- (4) In carrying out the stress tests and scenario analyses in (1), the *firm* must assess how risks aggregate across business lines or units, any material non-linear or contingent risks and how risk correlations may increase in stressed conditions.
- (5) As part of its obligation under the *overall Pillar 2 rule*, a *BIPRU firm* must also incorporate and take into account any stress tests and scenario analyses that it is required to carry out under *BIPRU*. In particular, a *BIPRU firm with an IRB permission* must incorporate and take into account the stress test required to be carried out under *BIPRU 4.3.40R(2)*.

1.2.42A G In order to comply with the *general stress and scenario testing rule*, a *firm* should undertake a broad range of stress tests which reflect a variety of perspectives, including sensitivity analysis, scenario analysis and stress testing on an individual portfolio as well as a *firm-wide* level.

1.2.42B G A *BIPRU firm with an IRB permission* which has any material credit exposures excluded from its *IRB* models should also include these *exposures* in its stress and scenario testing to meet its obligations under the *general stress and scenario testing rule*. A *BIPRU firm without an IRB permission*, or an *insurer* that has any material credit and counterparty credit risk exposures, should conduct analyses to assess risks to the credit quality of its

counterparties, including any protection sellers, considering both on and off-balance sheet exposures.

- 1.2.42C G An insurer may choose to carry out its ICA through the use of stress testing and scenario analyses (see *INSPRU 7.1.10G* and *INSPRU 7.1.68G*). If it does so, in carrying out the stress tests and scenario analyses referred to in *GENPRU 1.2.42R*, an insurer should take into account the stress tests it uses for its ICA.
- 1.2.42D G In carrying out the stress tests and scenario analyses required by *GENPRU 1.2.42R(1)*, a firm should also consider any impact of the adverse circumstances on its *capital resources*. In particular, a firm should consider the *capital resources gearing rules* where its *tier one capital* is eroded by the event.
- 1.2.42E G A firm should assign adequate resources, including IT systems, to stress testing and scenario analysis, taking into account the stress testing techniques employed, so as to be able to accommodate different and changing stress tests at an appropriate level of granularity.
- 1.2.42F G *GENPRU 1.2.63G* to *GENPRU 1.2.78G* provide additional guidance on stress testing and scenario analyses. In particular, *GENPRU 1.2.73AG* provides specific guidance on capital planning.

Documentation of risk assessments

- 1.2.60 R A firm must make a written record of the assessments required under this section. These assessments include assessments carried out on a consolidated basis and on a solo basis. In particular, it must make a written record of:
- ...
- (3) details of the stress tests and scenario analyses carried out, including any assumptions made in relation to scenario design, and the resulting financial resources estimated to be required in accordance with the general stress and scenario testing rule.

...

Additional guidance on stress tests and scenario analyses

- 1.2.63 G The general stress and scenario testing rule requires a firm to carry out stress tests and scenario analyses as part of its obligations under the overall Pillar 2 rule. Both stress tests and scenario analyses ~~can be~~ are undertaken by a firm to further a better understanding of the vulnerabilities that it faces under ~~extreme~~ adverse conditions. They are based on the analysis of the impact of ~~unlikely, but not impossible, events~~ a range of events of varying nature, severity and duration. These events can be financial, operational or legal or relate to any other risk that might have an economic impact on the firm.
- ...
- 1.2.67 G ~~The general stress and scenario testing rule~~ requires a firm, as part of ~~carrying out stress tests and scenario analyses~~, to take reasonable steps to identify an appropriate range of realistic circumstances and events in which a risk would crystallise. ~~In particular:~~
- (1) ~~a firm need only carry out stress tests and scenario analyses in so far as the circumstances or events are reasonably foreseeable, that is to say, their occurrence is not too remote a possibility; and~~
- (2) ~~a firm should also take into account the relative costs and benefits of carrying out the stress tests and scenario analyses in respect the circumstances and events identified. [deleted]~~
- ...
- 1.2.70 G ~~Where a firm is exposed to market risk, The~~ the time horizon over which stress tests and scenario ~~analysis~~ analyses should be carried out ~~should~~ will depend on, ~~among other things~~, the maturity and liquidity of the *positions* stressed. For example, for the *market risk* arising from the holding of investments, this ~~should~~ will depend upon:
- ...
- (2) the extent to which the market in those assets is sufficiently liquid (and would remain liquid in the changed circumstances contemplated in the stress test or scenario analysis) to allow the firm, if needed, to sell, hedge or otherwise mitigate the risks relating to its holding so as to prevent or reduce exposure to future price fluctuations. In devising stress tests and scenario analyses for market risk, a BIPRU firm should also take into account BIPRU 7.1.17R to BIPRU 7.1.20G.
- ...
- 1.2.73 G (1) ~~A firm should conduct stress tests and scenario analyses which project its financial position (both profitability and balance sheet~~

position) so as to estimate both its *capital resources* and *capital resource requirements* throughout an economic or business cycle. [deleted]

- (1A) For an *insurer*, these tests and analyses are in addition to those that may be used for the *ICA* (see *INSPRU* 7.1.10G and *INSPRU* 7.1.68G). Projections should be made on different bases, including ones which are consistent with the business plan, as well as others using ‘realistically adverse’ alternative scenarios. In considering the tests and analyses to be used for the purposes of these projections, an *insurer* should have regard to the matters mentioned below.
- (a) As with the *ICA*, it is for the *insurer* to identify an appropriate range of adverse circumstances and events. As the projections are being assessed as part of business planning, the *FSA* would expect stresses and scenarios to be more likely than the extreme conditions covered by an *ICA*. As a guide, stresses and scenarios with a probability of once in a 25 year period would be useful as a reference when an *insurer* discusses projections of its financial position with the *FSA* (see also *GENPRU* 1.2.75G (3)).
 - (b) Business risk is likely to be a more significant feature in projecting an *insurer’s* financial position than in its *ICA* (see *GENPRU* 1.2.31R and *GENPRU* 1.2.32G).
 - (c) The treatment of new business is likely to be different for projecting an *insurer’s* financial position than in its *ICA*. In the former, this should be based on the firm’s business plan, but flexed to incorporate potential changes in trading conditions and strategy. In the latter, account should be taken of the effects of a closure to new business (see *GENPRU* 1.2.27G, *GENPRU* 1.2.73G(3) and *INSPRU* 7.1.16G to *INSPRU* 7.1.19G).
 - (d) Methods that are more approximate than used for an *ICA* may be appropriate for projecting elements of an *insurer’s* financial position (e.g. the *with profits insurance capital component* for *realistic basis life firms*). [deleted]
- (2) A *firm* will need to consider the cycles it is most exposed to and whether these are general economic cycles or specific to particular markets, sectors or industries. The length of time over which such projections would be appropriate will therefore vary, but typically might be between three and five years. [deleted]
- (3) The projections should be based on the *firm’s* business plan, but flexed to incorporate adverse trading conditions and any changes in strategy which the *firm* could and would take in response to those conditions. [deleted]

- (4) ~~Changes in strategy might be necessary for instance because capital needed to be able to continue its business at existing volumes is eroded. A *firm* may also alter its capital management strategy to restrict distributions of profits or to raise additional capital. The combined effect on capital and retained earnings should be estimated. A *firm* should document how it would react to such economic and business risks. [deleted]~~
- (5) ~~The *FSA* will take the projections referred to in this paragraph and the plan referred to in (4) into account as part of its *SREP*. The purpose of examining them is to enable the *FSA* to judge, at an appropriate level of certainty, whether the *firm* will be able to meet its obligations throughout a recession. [deleted]~~

Capital planning

- 1.2.73A G (1) In identifying an appropriate range of adverse circumstances and events in accordance with *GENPRU* 1.2.42R(2):
- (a) a *firm* will need to consider the cycles it is most exposed to and whether these are general economic cycles or specific to particular markets, sectors or industries;
- (b) for the purposes of *GENPRU* 1.2.42R(2)(a), the amplitude and duration of the relevant cycle should include a severe downturn scenario based on forward looking hypothetical events, calibrated against the most adverse movements in individual risk drivers experienced over a long historical period;
- (c) the adverse scenarios considered should in general be acyclical and, accordingly, the scenario should not become more severe during a downturn and less severe during an upturn. However, the *FSA* does expect scenarios to be updated with relevant new economic data on a pragmatic basis to ensure that the scenario continues to be relevant; and
- (d) the adverse scenarios considered should reflect a *firm*'s risk tolerance of the adverse conditions through which it expects to remain a going concern.
- (2) In making the estimate required by *GENPRU* 1.2.42R(3), a *firm* should project both its *capital resources* and its required *capital resources* over a time horizon of 3 to 5 years, taking account of its business plan and the impact of relevant adverse scenarios. In making the estimate, the *firm* should consider both the *capital resources* required to meet its *CRR* and the *capital resources* needed to meet the *overall financial adequacy rule*. The *firm* should make these projections in a manner consistent with its risk management processes and systems as set out in *GENPRU* 1.2.37R.

- (3) In projecting its financial position over the relevant time horizon, the firm should:
- (a) reflect how its business plan would “flex” in response to the adverse events being considered, taking into account factors such as changing consumer demand and changes to new business assumptions;
 - (b) consider the potential impact on its stress testing of dynamic feedback effects and second order effects of the major sources of risk identified in accordance with GENPRU 1.2.30R(2);
 - (c) estimate the effects on the firm’s financial position of the adverse event without adjusting for management actions;
 - (d) separately, identify any realistic management actions that the firm could and would take to mitigate the adverse effects of the stress scenario; and
 - (e) estimate the effects of the stress scenario on the firm’s financial position after taking account of realistic management actions.
- (4) A firm should identify any realistic management actions intended to maintain or restore its capital adequacy. These could include ceasing to transact new business after a suitable period has elapsed, balance sheet shrinkage, restricting distribution of profits or raising additional capital. A firm should reflect management actions in its projections only where it could and would take such actions, taking account of factors such as market conditions in the stress scenario and any effects upon the firm’s reputation with its counterparties and investors. The combined effect on capital and retained earnings should be estimated. In order to assess whether prospective management actions in a stress scenario would be realistic and to determine which actions the firm would and could take, the firm should take into account any preconditions that might affect the value of management actions as risk mitigants and analyse the difference between the estimates in (3)(c) and (3)(e) in sufficient detail to understand the implications of taking different management actions at different times, particularly where they represent a significant divergence from the firm’s business plan.
- (5) The firm should document its stress testing and scenario analysis policies and procedures, as well as the results of its tests in accordance with GENPRU 1.2.60R. These records should be included within the firm’s ICAAP or ICA submission document.
- (6) The FSA will review the firm’s records referred to in (5) as part of its SREP. The purpose of examining these is to enable the FSA to judge whether a firm will be able to continue to meet its CRR and

the overall financial adequacy rule throughout the projection period.

- (7) If, after taking account of realistic management actions, a firm's stress testing management plan shows that the firm's projected capital resources are less than those required to continue to meet its CRR or less than those needed to continue to meet the overall financial adequacy rule over the projection period, the FSA may require the firm to set out additional countervailing measures and off-setting actions to reduce such difference or to restore the firm's capital adequacy after the stress event.
- (8) The firm's senior management or governing body should be actively involved and engaged in all relevant stages of the firm's stress testing and scenario analysis programme. This would include establishing an appropriate stress testing programme, reviewing the programme's implementation (including the design of scenarios) and challenging, approving and actioning the results of the stress tests.
- (9) For an insurer:
- (a) the treatment of new business when making capital projections is likely to be different from its ICA. In projecting its financial position, an insurer should take account of new business based on the firm's business plan, but flexed to take account of potential changes in trading conditions and strategy. When assessing its current capital adequacy under its ICA, an insurer should take account of the effects of closure to new business (see GENPRU 1.2.27G, GENPRU 1.2.73AG(3) and (4) and INSPRU 7.1.16G to INSPRU 7.1.19G). Also, an insurer may use methods that are more approximate than used for its ICA (for example, in projecting the with-profits insurance capital component for realistic basis life firms and the capital resources needed to meet the overall financial adequacy rule); and
- (b) where management discretion is exercised as a normal part of an insurer's business (for example, in changing bonus rates or surrender values in accordance with the PPFM for with-profits business), under (3)(c) the insurer does not need to estimate the effect of an adverse event on its financial position without adjusting for such changes. However, the effect on the financial position of varying such actions should be estimated and understood.

1.2.73B G The FSA may formulate macroeconomic and financial market scenarios which a firm may use as an additional input to its ICAAP or ICA submission. In addition, the FSA may also ask a firm to apply specific scenarios directly in its ICAAP or ICA submission.

...

- 1.2.75 G (1) ~~A firm should assess the nature and severity of the economic recession or business cycle changes which are relevant to it given the nature and scale of its business. When projecting its capital resources and CRR, a firm should consider a range of stresses and scenarios both in nature and severity. [deleted]~~
- (2) Stress and scenario analyses should, in the first instance, be aligned with the risk appetite of the *firm*, as well as the nature, scale and complexity of its business and of the risks that it bears. ~~and the~~ The calibration of such the stress and scenario analyses should be reconciled back to a clear statement setting out the premise upon which the *firm*'s internal capital assessment under the overall Pillar 2 rule is based.
- (3) ~~A firm with an IRB permission should ensure that the range of stresses and scenarios considered encompasses the severity of recession specified in BIPRU 4.3.40R (Stress tests used in assessment of capital adequacy), which is one that might be expected to occur once in a 25 year period. Other firms may also find that this is a useful reference point when discussing their assessments with the FSA. [deleted]~~

Pension obligation risk

- 1.2.79 G ~~GENPRU 1.2.80G = to GENPRU 1.2.86G contain guidance on the assessment required by GENPRU 1.2.30R(2)(k) (Pension risk) for a firm exposed to pension obligation risk as defined in GENPRU 1.2.31R(5).~~
- 1.2.80 G The pension scheme itself (i.e. the scheme's assets and liabilities) is not the focus of the risk assessment; but rather it is the *firm*'s obligations towards the pension scheme which is. A firm should include in its estimate of financial resources both its expected obligations to the pension scheme and any increase in obligations that may arise in a stress scenario.
- ...
- 1.2.82 G A firm should also assess the risks that may increase its current funding obligations towards the pension scheme and that might lead to the *firm* not being able to pay its other liabilities as they fall due.
- ...
- 1.2.83A G A firm is expected to determine where the scope of any stress test impacts upon its pension obligation risk and estimate how the relevant measure of

pension obligation risk will change in the scenario in question. For example, in carrying out stress tests under GENPRU 1.2.42R a firm must consider how a stress scenario, such as an economic recession, would impact on the firm's current obligations towards its pension scheme and any potential increase in those obligations. Risks such as interest rate risk or reduced investment returns may have a direct impact on a firm's financial position as well as an indirect impact resulting from an increase in the firm's pension scheme obligations. Both effects should be taken into account in a firm's estimate of financial resources under GENPRU 1.2.30R.

...

Group risk

- 1.2.87 G GENPRU 1.2.88G to GENPRU 1.2.91G contain additional guidance on the assessment required by GENPRU 1.2.30R(2)(1) (Group risk).
- 1.2.88 G A firm should include in the written record referred to in GENPRU 1.2.60R a description of the broad business strategy of the insurance group, the UK consolidation group or the non-EEA sub-group of which it is a member, the group's view of its principal risks and its approach to measuring, managing and controlling the risks. This description should include the role of stress testing, scenario analysis and contingency planning in managing risk at the solo and consolidated level.
- 1.2.89 G A firm should satisfy itself that the systems (including IT) of the insurance group, the UK consolidation group or the non-EEA sub-group of which it is a member are sufficiently sound to support the effective management and, where applicable, the quantification of the risks that could affect the insurance group, the UK consolidation group or the non-EEA sub-group, as the case may be.
- 1.2.90 G In performing stress tests and scenario analyses, a firm should take into account the risk that its group may have to bring back on to its consolidated balance sheet the assets and liabilities of off-balance sheet entities as a result of reputational contagion, notwithstanding the appearance of legal risk transfer.
- 1.2.91 G A firm should carry out stress tests and scenario analyses to a degree of sophistication which is commensurate with the complexity of its group and the nature of its group risk.

Part 2: Comes into force on 14 December 2010

1.2.75 G (1) ...

...

- (4) ~~A firm may also consider scenarios in which the amount of capital it currently holds would be exhausted. This would provide useful information about the reasonableness or remoteness of such scenarios arising. Where a firm uses capital models as part of its risk management processes, considering the sensitivity of model results to variations around the most likely ruin scenario focuses testing on the most relevant scenarios. In identifying adverse circumstances and events in accordance with GENPRU 1.2.42R(2), a firm should consider the results of any reverse stress testing conducted in accordance with SYSC 20. Reverse stress testing may be expected to provide useful information about the firm's vulnerabilities and variations around the most likely ruin scenarios for the purpose of meeting the firm's obligations under GENPRU 1.2.42R. In addition, such a comparison may help a firm to assess the sensitivity of its financial position to different stress calibrations.~~

Annex D

**Amendments to the Prudential sourcebook for
Banks, Building Societies and Investment Firms (BIPRU)**

In this Annex, underlining indicates new text and striking through indicates deleted text.

- 2.2.16 G If the *FSA* gives *individual capital guidance* to a *firm*, the *FSA* will state what amount and quality of capital the *FSA* considers the *firm* needs to hold in order to comply with the *overall financial adequacy rule*. It will generally do so by saying that the *firm* should hold *capital resources* of an amount which is at least equal to a specified percentage of that *firm*'s *capital resources requirement*. Such amount should be sufficient to enable the *firm* to continue to meet the *overall financial adequacy rule* in the face of the adverse circumstances and events to which *GENPRU* 1.2.42R(2) refers, taking account of any risk mitigation available to the *firm*.
- ...
- 2.2.25 G (1) This paragraph applies to a small *firm* whose activities are simple and primarily not credit-related.
- ...
- (4) A *firm* should conduct stress tests and scenario analyses in accordance with *GENPRU* 1.2.42R to assess how that *firm*'s capital and *CRR* would alter and what that *firm*'s reaction might be to a range of adverse scenarios, including operational and market events. Where relevant, a *firm* should also consider the impact of ~~an~~ a severe economic or industry downturn on its future earnings, *capital resources* and *capital resources requirement*, taking into account its business plans. The downturn scenario should be based on forward looking hypothetical events calibrated against the most adverse movements in individual risk drivers experienced over a long historical period.
- 2.2.26 G In relation to a *firm* whose activities are moderately complex, in carrying out its *ICAAP*, *BIPRU* 2.2.25G(3) to (4) apply. In addition, it could:
- ...
- (7) assume that business does not develop as expected and consider how that *firm*'s capital and *CRR* would alter and what that *firm*'s reaction to a range of adverse economic scenarios might be (see *GENPRU* 1.2.30R to *GENPRU* 1.2.43G (the *overall Pillar 2 rule* and related *rules and guidance*)). Where appropriate, the adverse scenarios should consider the impact of market events that are instantaneous or occur over an extended period of time but which are nevertheless still co-dependent on movements in economic conditions;

- ...
- ...
- 2.2.40 G To assess its expected capital requirements over the economic and business cycles, a *firm* may wish to project forward its financial position taking account of its business strategy and expected growth according to a range of assumptions as to the state of the economic or business environment which it faces. For example, an *ICAAP* should include an analysis of the impact that the actions of a *firm's* competitors might have on its performance, in order to see what changes in its environment the *firm* could sustain. Projections over a three to five year period would be appropriate in most circumstances. A *firm* may then calculate its projected *CRR* and assess whether it could be met from expected financial resources. Additional guidance on capital planning over an economic and business cycle can be found in *GENPRU 1.2.73AG (Capital planning)*.
- ...
- 2.2.44 G If a *firm's* current available *capital resources* are less than the capital resources requirement indicated by the stress test that need not be a breach of *BIPRU 2.2.41R*. The *firm* may wish to set out any countervailing effects and off-setting actions that can be demonstrated to the satisfaction of the *FSA* as being likely to reduce the difference referred to in the first sentence. The *FSA* is only likely to consider a demonstration of such actions as credible if those actions are set out in a capital management plan based on the procedures in *GENPRU 1.2.73G (Stress tests and scenario analyses throughout an economic or business cycle) 1.2.73AG (Capital planning)* and including a plan of the type referred to in *GENPRU 1.2.73G(4) 1.2.73AG(5)* that has been approved by the *firm's* senior management or *governing body*.
- ...
- 2.3.9 G For a larger and/or more complex *firm*, appropriate systems to evaluate and manage interest rate risk in the *non-trading book* ~~may~~ should include:
- (1) the ability to measure the exposure and sensitivity of the *firm's* activities, if material, to repricing risk, yield curve risk, basis risk and risks arising from embedded optionality (for example, pipeline risk, prepayment risk) as well as changes in ~~the shape of the yield curve, changes between different market rates (i.e. basis risk) and changes to~~ assumptions (for example, those about customer behaviour);
- ...
- ...
- 4.3.39A G The *FSA* expects that *firms* will routinely make use of stress testing and scenario analysis as a tool in the calibration and/or validation of their *IRB*

approach parameters in order to increase the accuracy or, at least, the conservatism of the estimates. Stress testing should include a thorough exploration of various outturns different to the *firm's* normal expectations in order to give the *firm* a clear view of the potential for the forward-looking estimate to be different from that indicated by the primary data source(s). *Firms* should consider this as an integral part of their quantification process, and should have clear standards for how the results of the stress tests affect the final estimates used for the *IRB approach* parameters.

4.3.40 R ...

(2) The stress test must be designed to assess the *firm's* ability to meet its capital requirements for credit risk under *GENPRU* 2.1 during all stages of the economic cycle and during an economic recession such as might be experienced once in 25 years downturn scenario based on forward looking hypothetical events calibrated against the most adverse movements in individual risk drivers experienced over a long historical period.

...

5.2.9 R A *firm* must be able to satisfy the *FSA* that it has adequate risk management processes to control ~~those~~ the risks to which the *firm* may be exposed as a result of carrying out *credit risk mitigation*. Those processes must include appropriate stress tests and scenario analyses relating to those risks, including residual risk and the risks relating to the intrinsic value of the *credit risk mitigation*.

[**Note:** *BCD* Annex VIII Part 2 point 1]

...

5.4.53 R A *firm* must take into account the illiquidity of lower-quality assets. The liquidation period must be adjusted upwards in cases where there is doubt concerning the liquidity of the collateral. A *firm* must also identify where historical data may understate potential volatility, e.g. a pegged currency. Such cases must be dealt with by means of a stress scenario assessments.

...

...

5.6.19A G This paragraph provides guidance in relation to *BIPRU* 5.6.19R(8). In carrying out the stress testing programme, a *firm* should evaluate the simultaneous impact of individual stress scenarios on its *counterparty exposures*, its *positions* and the aggregate amount of margin calls that it would receive. A *firm's* stress scenarios should take into account the possibility that the liquidation period may be substantially longer than 5 days for *repurchase transactions* and *securities lending or borrowing transactions*, and 10 days for other types of *securities financing transactions*.

Stress testing and scenario analyses of trading book positions

- 7.1.17 R A firm must conduct a regular programme of stress testing and scenario analysis of its trading book positions, both at the trading desk level and on a firm-wide basis. The results of these tests must be reviewed by senior management and reflected in the policies and limits the firm sets.
- 7.1.17A G The firm's stress testing programme should be comprehensive in terms of both risk and firm coverage, and appropriate to the size and complexity of trading book positions held.
- 7.1.18 R In carrying out the stress tests and scenario analyses required by BIPRU 7.1.17R, a firm must incorporate and take into account any other relevant stress tests and scenario analyses that it is required to carry out under any other provision of the Handbook, and in particular under BIPRU 7.10.72R where the firm has a VaR model permission.
- 7.1.19 G This paragraph gives guidance in relation to the stress testing programme that a firm must carry out in relation to its trading book positions.
- (1) The frequency of the stress testing of trading book positions should be determined by the nature of the positions.
- (2) The stress testing should include shocks which reflect the nature of the portfolio and the time it could take to hedge out or manage risks under severe market conditions.
- (3) The firm should have procedures in place to assess and respond to the results of the stress testing programme. In particular, stress testing should be used to evaluate the firm's capacity to absorb losses or to identify steps to be taken by the firm to reduce risk.
- (4) As part of its stress testing programme, the firm should consider how prudent valuation principles (see GENPRU 1.3) will be met in a stressed scenario.
- 7.1.20 G The stress testing and scenario analysis under BIPRU 7.1.17R should be taken into account under the overall Pillar 2 rule.

Risk management standards: Stress testing

- 7.10.72 R (1) A firm must frequently conduct a rigorous programme of stress testing. The results of these tests must be reviewed by senior management and reflected in the policies and limits the firm sets.
- (2) The programme must particularly address:

...

- (g) ... ; and
- (h) ~~other risks that may not be captured appropriately in the VaR model (for example, recovery rate uncertainty, implied correlations and skew risk)~~ full revaluation, or a reliable approximation, of positions;
- (i) instant shocks as well as effects of longer term periods of stress;
- (j) calibration changes under stressed conditions;
- (k) secondary risk factors (such as volatility);
- (l) basis risk;
- (m) systemic and localised stresses; and
- (n) other risks that may not be captured appropriately in the VaR model (for example, recovery rate uncertainty, implied correlations and skew risk).

...

...

7.10.73A G The firm's stress testing programme should be comprehensive in terms of both risk and firm coverage, and appropriate to the size and complexity of trading book positions held.

...

- 9.1.8A G
- (1) The FSA expects firms to conduct regular stress testing in relation to their securitisation activities and off-balance sheet exposures. The stress tests should consider the firm-wide impact of those activities and exposures in stressed market conditions and the implications for other sources of risk, for example, credit risk, concentration risk, counterparty risk, market risk, liquidity risk and reputational risk. Stress testing of securitisation activities should take into account both existing securitisations and pipeline transactions, as there is a risk that these would not be completed in a stressed market scenario.
 - (2) The frequency and extent of the stress testing should be determined by the materiality of the firm's securitisation activities and off-balance sheet exposures.
 - (3) A firm should have procedures in place to assess and respond to the results produced from the stress testing and these should be taken into account under the overall Pillar 2 rule.

- 7.1.9A G This section sets out in greater detail the approach to be taken by a *firm* when carrying out the assessment of capital described in the preceding paragraph. This is the assessment referred to as an *individual capital assessment*. ~~The rules in GENPRU 1.2 also (see GENPRU 1.2.30R (1)(e)) require a *firm* to identify and assess risks to its being able to meet its CRR in the future.~~ GENPRU 1.2.42R is a general requirement for a *firm* to carry out stress tests and scenario analyses taking into account an appropriate range of adverse circumstances and events relevant to the *firm's* business and risk profile and to estimate the financial resources it would need to continue to meet the overall financial adequacy rule in the stress scenarios considered. As part of its obligations under GENPRU 1.2.42R, the *firm* must carry out stress tests and scenario analyses to estimate the financial resources it would need to support its business plans and continue adequately to cover its CRR and meet the overall financial adequacy rule over a time horizon of 3 to 5 years. This is a separate requirement from that to carry out an ICA, and guidance on this requirement is provided in GENPRU 1.2.73AG. In particular, *firms* should note that there is no requirement that the level of capital required as identified by the ICA should be equal to, or exceed, the CRR.
- ...
- 7.1.10 G ~~GENPRU 1.2.42R requires a *firm* to carry out stress tests and scenario analyses for each of the major sources of risk identified in accordance with GENPRU 1.2.30R. A *firm* may also approach the assessment of the adequacy of its capital resources~~ choose to carry out its ICA in another way than through the use of stress tests and scenario analyses. The method should be proportionate to the size and nature of its business.
- ...
- 7.1.68 G ~~A Where a *firm* may choose~~ chooses to carry out ~~the assessment of the adequacy of capital resources~~ its ICA through the use of stress testing and scenario analyses ~~(noting that GENPRU 1.2.42R requires stress tests and scenario analyses to be undertaken to determine the overall financial adequacy of a *firm's* financial resources).~~ Where used, such testing should reflect the potential range of outcomes for the risk being quantified, consistent with the prescribed confidence level for the ICA.
