

## List of EEA systems taken to receive settlement finality protection in the UK pursuant to the Temporary Designation Regime (TDR) at Part 4 of the [Financial Markets and Insolvency \(Amendment and Transitional Provision\) \(EU Exit\) Regulations 2019 \(as amended\)](#)

The following EEA systems are taken to have temporary designation so long as they continue to be eligible (including that they continue to be designated under the [Settlement Finality Directive](#) (SFD) by an EEA state).

The TDR enables EEA systems that have notified the Bank to receive settlement finality protection in the UK until 31 December 2023, extendable by HM Treasury in increments of twelve months each. This list is subject to change if systems no longer meet the eligibility criteria.

If you require any further guidance please contact the Bank at [SFD-Enquiries@bankofengland.co.uk](mailto:SFD-Enquiries@bankofengland.co.uk).

**Table 1: List of EEA systems that have notified the Bank to receive settlement finality protection in the UK pursuant to the TDR**
