1.12	Major UK banks' CDS premia	15			
1.13	Three-month interbank rates relative to future expected policy rates	15			
1.14	UK banks' senior debt issuance	15			
1.15	Sterling loans to PNFs	16			
1.16	Survey measures of the attractiveness of different sources of finance	16			
1.17	<i>Credit Conditions Survey</i> : overall corporate credit availability and non-price terms on loans to large PNFs	17			
1.18	Loans to individuals	17			
1.19	Average quoted mortgage rates	17			
2	Demand	18			
2.1	UK GDP	18			
2.2	Contributions to quarterly growth in consumer spending	20			
2.3	Consumer spending	20			
2.4	Household saving ratio	20			
2.5	Survey measures of economic, unemployment and income expectations	21			
2.6	Business investment to GDP ratio	21			
2.7	Public sector net borrowing	23			
2.8	Four-quarter growth in imports and import-weighted demand	23			
2.9	Contributions to successive IMF forecasts for world GDP growth in 2010	24			
2.10	World trade in goods	25			
2.11	UK export market share and the sterling ERI	25			
	The economic impact of car scrappage schemes	19			
A	Private new car registrations	19			
	The distribution of household debt and repayment difficulties	22			
	A	Distribution of loan to value ratios on mortgagors' outstanding secured debt	22		
	B	Payment difficulties among mortgagors	22		
3	Output and supply	26			
3.1	Contributions to quarterly GDP growth	26			
3.2	GDP and sectoral output	27			
3.3	Sectoral contributions to the percentage change in GDP during recessions	27			
3.4	Domestic invoice discounting	28			
3.5	Surveys of employment intentions and LFS employment	28			
3.6	GDP and employment	28			
3.7	Real hourly product wages and labour productivity per hour	29			
3.8	Labour share of income	29			
3.9	Company liquidations in England and Wales	29			
3.10	Unemployment rate	30			
3.11	Participation rates	30			
3.12	Change in unemployment by duration since December 2007	30			
3.13	Air passenger flows between the United Kingdom and A8 countries	31			
3.14	Indicators of capacity utilisation and four-quarter output growth	31			
4	Costs and prices	32			
4.1	Contributions to CPI inflation	32			
4.2	CPI and households' inflation expectations for the year ahead, scaled to match CPI inflation	34			
4.3	Measures of households' inflation expectations beyond a year ahead	34			
4.4	CPI inflation and households' inflation expectations	34			
4.5	Import prices excluding fuels and the sterling ERI	35			
4.6	CPI non-energy industrial goods and CPI services	35			
4.7	Energy prices	36			
4.8	Distribution of private sector wage settlements	36			
4.9	Manufacturing output prices excluding food and energy	37			
	Temporary factors affecting CPI inflation in the near term	33			
A	Change in the contribution of energy and food to twelve-month CPI inflation from September 2009 assuming unchanged prices	33			
B	Two stylised illustrations of the contribution of the changes in VAT to twelve-month CPI inflation	33			
5	Prospects for inflation	38			
5.1	GDP projection based on market interest rate expectations and £200 billion asset purchases	38			
5.2	Projected probabilities of GDP growth outturns in 2010 Q4 (central 90% of the distribution)	39			
5.3	Projection of the level of GDP based on market interest rate expectations and £200 billion asset purchases	39			
5.4	GDP projection based on constant nominal interest rates at 0.5% and £200 billion asset purchases	40			
5.5	CPI inflation projection based on market interest rate expectations and £200 billion asset purchases	40			

5.6	CPI inflation projection in August based on market interest rate expectations and £175 billion asset purchases	40
5.7	CPI inflation projection based on constant nominal interest rates at 0.5% and £200 billion asset purchases	41
5.8	Projected probabilities of CPI inflation outturns in 2011 Q4 (central 90% of the distribution)	46
5.9	Projected probabilities in August of CPI inflation outturns in 2011 Q4 (central 90% of the distribution)	46
5.10	Frequency distribution of CPI inflation based on market interest rate expectations and £200 billion asset purchases	47
5.11	Frequency distribution of GDP growth based on market interest rate expectations and £200 billion asset purchases	47
	Other forecasters' expectations	48
A	Distribution of CPI central projections two years ahead	48
B	Distribution of GDP growth central projections one year ahead	48

Tables

1	Money and asset prices	9
1.A	Sectoral broad money	11
1.B	PNFCs' equity and debt issuance	16
