Bank of England

Register of interests

30 June 2026

In the interests of transparency, the Bank maintains a public register of interests for its most senior officials. This register includes members of the Bank's Court of Directors and statutory policy committees, the Monetary Policy Committee (MPC), the Financial Policy Committee (FPC), the Prudential Regulation Committee (PRC) and the Financial Market Infrastructure Committee (FMIC).

Relevant financial and non-financial interests must be managed in line with Our Code and relevant conflict of interest policies. For example, there are strict requirements around personal financial transactions (under which certain transactions are prohibited and advance approval must be sought for others). Where a committee member's interests may pose an actual or potential conflict, steps are taken to avoid or manage the conflict, which may include their recusal from issues and decisions (and not receiving relevant papers).

Members are responsible for keeping their individual entry in the register up to date, and must notify the Secretary of the Bank promptly when there are any changes to their interests. In addition, the Secretary will ask members to update their entries on the register every three months. For further detail see the notes that accompany the register.
