At a Com^d. Pres^d Gov^r

Dep. Gov^r

Mr Payne

Mr Beauchamp

Mr Gampson

Mr Booth

Mr Poles

Mr Darle

The Com^d are of opinion that the Gov^r & Dep^y Gov^r
of the Bank should wait upon Lord Rockingham
to represent to his Lordship their opinion
of the state of the currency of this Kingdom
that the Exchequer are so much against us
as to occasion a continual draught of Cash
that the sending money to America has drained
this Country of very large Sums & if continued
cannot be supported — That a Committee of
this Com^d is certainly of a very delicate nature
and his Lordship with authority, as the Gov^r
that the money to the Gov^r is ^{being} ^{by} ^{the} ^{Gov^r} ^{secretly} ^{sent}
concerned that possibly much of the money goes
into the Hands of Speculators — That large
Sums have been sent to America of late not so
much — That there has been an Application for
120,000 £. Whether his Lordship wd. wish the
of the Bank should be to his Lordship the C. of the E.

That the Accepting of Bills drawn on
the Treasury by the Bank is exceedingly
disagreeable and the Bank much wish
some other mode may be substituted
by the Treasury —
That little or none of the Money from
America comes back — That the Bank
have frequently applied on his Head
to the Mr. & that of late little has been
~~sent~~ ^{demanded} that this Com. to send No. alone or with
the others only —

19

The Gov^d & Dep^y Gov^t waited on Lord
Rockingham and assured his Lordship
that it was the desire and intention
of the Bank, ~~to~~ give all the Assistance
in their power to the measures of
Government; at the same time
thought it right to apprise his Lordship
in the manner stated on the other side
of the great demand on this Country
& the necessary consequences thereof
the Diminution of the Currency of the
Kingdom — recommended as far as was
in the power of Government to prevent
money being sent to America — & although
as little as possible ought to be sent to them
— His Lordship seemed desirous as far
as was in the power of Government to

remedy the Earl said that the present
Administration had found every Department
of Government in a much worse situation
than they apprehended - I wished that some
Memorial in writing might be given by
the Bank representing the various State
not to be made use of, but laid by the
side to be afterwards, as one of the Proofs
of the Situation the Present Administration
found Public Affairs in their coming to
Office - The Gov. & Dep. Gov. excused themselves
from giving any such Memorial as anything
of the kind had ever been practised by
the Bank. The Deputy Gov. said the
Gov. made memorandums in a Book of
his own - concerning communications of this
kind - this was stated however as merely
a private memorandum -

The Gov. ^{also} Lord Rockingham said that the Bank
has frequently represented to Lord North
the inconvenience of sending the Coin to
America - and that of late little had
been sent thither -
Lord Rockingham desired the Gov. & Dep. Gov.
would wait on Lord S. Cavendish & mention
to him what had now been said to him.

The Gov. mentioned the Projects of Lord
Morton, respecting the Coin as worthy
attention.

23 April 1782

In consequence of an Appointment on Friday last the Gov^d & Deputy Governor waited on Lord John Cavendish and stated to his Lordship the matters which on the other side which were communicated to Lord Rockingham - to which his L^d is expressing his desire to do all in his power to remedy

His Lordship also mentioned that it was the desire of Government that the Bank would advance £500,000 for the Exchequer Bills lately voted unless of those issued the last year

At a Com^d. 25 April 1782

Pres^t. Gov^r. Dep^y. Gov^r. Mr Payne

Mr Gausson, Mr Booth. Mr Danks

The Gov^r. acquainted the Com^d that the Deputy Governor himself had waited on Lord Rockingham, and Lord John Cavendish & communicated the substance of that Conversation as above —

The Com^d took into their consideration the mode of proceeding upon the defaulters on the Bank and directed the Secretary to extract the minutes relating thereto in 1746 — it was proposed to call a General Court soon after the expiration of the 3 months to enable the Directors to dispose of

23rd Apr.

of so much of the Debentures stock as shall
make good the Calls with the Interest, and
5th from different terms of payment,
and to carry the Burthen to each persons
account — It was also suggested that it
might be advisable for the Bank to
purchase the said Stock & transfer the
same into the Names of Gov^t. Dep. Gov^t
on some other ^{the Directors} persons & sell the same
again when they thought proper
this business to be reconsidered on Tuesday
next —

The Com^{rs}. for some Discourse with the
Act. and Cashiers concerning the
accommodations they thought would be
necessary on conveniences — when the
additional Buildings were made
represented that the Pay Office for

Dividend Warrants was too small —

That Mr Payne the Act. wished to
have a convenient place near
to the Transfer Office —

That the Bank Stock should be
removed from the present transfer
Office & placed in one separate

that he did not expect any answer from them

At a General Court Gov^r Des^d God
Mr Payne, Mr Booth, Mr Peters &
Mr Daniels.

The Gov^r acquainted the Court that he had been
applied to by Mr Newland & Mr Payne for
an additional number of Clerks - Mr Newland
& Mr Payne were then called in and an
inquiring made of the necessity of this addition.
They were told there was reason to believe that
the present Clerks might by the proper
edition of the heads of the Offices, ~~be made~~
more useful - particularly by removing them
at times from one Office to another as
Business required - It was strongly
recommended to them to enforce the obedience &
obedience of the Clerks in the different Offices
for the whole it appeared by their representation
that Mr Payne would want 18 in the
Awards Office and Mr Newland
5 in the Collector's Office - It was
therefore resolved to propose to the
Court of Directors on Thursday next that
there be an Election of Clerks on the
Thursday following.

The Court took into further consideration
and agreed on the minutes proper to be
said before the Court of Directors and the
