It was agreed to recommend to the Court of Directors that Pensions be granted in accordance with the scale and under the provisions of the Trust Deed of the Superannuation Fund to -

That to their deep regret the Right Honourable  
Montagu Collet Norman D.S.O., acting on the advice of his  
doctors, does not wish his name to be submitted to the  
Proprietors for re-election to the Court of Directors for the  
year ensuing. The election of Governors is appointed for  
the 18th April, and to conform with the Charter it  
must take place before the 25th April, so that postponement  
is virtually impossible. Further, an Order of the General  
Court of the 16th March 1848 requires that the names of  
the candidates recommended be advertised twelve days  
before the day fixed for the Ballot, entailing the approval  
of the House List by the Court not later than the 6th  
April.

29th March 1944

The Committee accordingly recommend -

- (1) that the Orders of Court of the 13th October 1932 and the 21st February 1938 be suspended on this occasion, so far as they require a fortnight's interval between the submission and the approval of the name of a candidate for Governor or Deputy Governor, or for the Directors
- (2) that the Right Honourable Lord Catto of Cairncatto CBE and Basil Hage Catterns Esquire be invited to allow their names to be submitted to the Proprietors on the 18th April for election to the offices of Governor and Deputy Governor respectively
- (3) that the Ballot be taken at the Court on the 6th April.

CT 57

(1) The Lord Mayor's appeal for the Royal and Merchant Navies would be considered at a forthcoming meeting of the Clearing Bankers and he would like to have discretion to fix the Bank's contributions up to £10,000.

At the same meeting a Diamond Jubilee appeal for the Gordon Boy's School would be considered. In this case he would like discretion up to £1,000. Also he had learned that an appeal for the Army Benevolent Fund was likely to be launched later this year and had little doubt that the Bank would be pressed to make a contribution of the same order as for the Royal and Merchant Navies.

In agreeing to the Governor's proposals the Committee expressed the view that as organisations had now been formed to centralise Service Charities, there should be no further necessity for individual appeals from smaller organisations.

CT 29

(2) The Governor of the National Bank of Belgium would shortly be paying a visit to the Bank, accompanied by two of his colleagues and it was proposed to offer them the customary hospitality.

CT 170

(3) With reference to previous informal discussions and to Minutes of the 8th November last and earlier, the Chancellor of the Exchequer had now announced the coming formation of two companies dealing with finance for industry in the period after the war. The negotiations for the formation of these two companies were nearing completion and the public announcement had become necessary owing to partial leakage in the press which had already taken place. The Bank's participation in the company dealing with small and medium size businesses would amount to a maximum liability of £1,500,000 and for that dealing with larger businesses £7,500,000. The called up capital of the larger company would however probably be only a small proportion of the total subscribed capital.

The Governor acquainted the Committee that, on the application of the Controller of Enemy Debts, it had been agreed that the Bank would pay interest at  $\frac{1}{2}$  per cent. per annum on credit balances held for persons resident in enemy-occupied territory. The accounts principally affected were those of Central Banks customers. The interest would be calculated from <sup>the</sup> ~~time to time~~ when the accounts were reported to the Custodian and the payment to date would amount to about £135,000. It was proposed that, when the balances were released by the Custodian, the Bank should make an *ex gratia* payment to bring the interest up to the amount that would have been earned had the balances been employed in the usual manner.

1. He had been approached by the Chairman of the  
Committee on St. Luke's regarding the possibility of the General  
Works manager receiving an Honour in recognition of his  
outstanding services. He was aware of the tradition in the  
Bank under which recommendations for Honours are put  
forward sparingly and only on well defined lines. It was  
clear that this case would be outside the recognised practice.  
It was agreed that in the case under consideration an Honour  
would only be appropriate if it could be demonstrated  
that the services were of a nature comparable with those  
that it was customary to reward in other branches of  
industry. If the General Works manager's name were  
to be put forward it should be on these grounds and not in  
connection with his ordinary work at the Bank.

It was agreed that the following Report in regard to the payment of Pensions under By Law XIII and kindred matters be submitted to the Court of Directors -

CT 70-01

The Committee of Treasurers  
 Report to the Court of Directors -

That they have reviewed the arrangements for the payment of Pensions to members of the Court who give

23rd May 1945

executive service set out in the Report of an Informal Committee of Directors dated the 6<sup>th</sup> June 1940 and approved by the Court on the 20<sup>th</sup> June 1940 as a guide in normal circumstances. In reviewing the existing arrangements they have taken into consideration the following -

1. The position of those rendering executive service is peculiar in two respects -

(a) They are subject to annual re-election by the General Court and no contract of service can therefore be given them for a longer period than one year;

(b) Although normally expecting to serve for some years, their position is different from that of "officers and servants" whose duty lies in executing the policy of the Bank.

2. The relative lack of economic security is not and cannot well be counterbalanced by a high rate of pay. At the same time those concerned have cut themselves off from outside engagements which might otherwise have provided an immediate source of income if their executive service at the Bank unexpectedly came to an end. On the other hand, the Bank cannot rely on recruiting their Governors and Executive Directors from among those with private means.

3. It is recommended that so as to meet more completely the position set out in paragraph 1 above, the scheme approved by the Court in 1940 should be modified on the following lines -

(a) That, general arrangements for pensions, etc., on retirement having been agreed by the Court of Directors, the annual re-engagement of those rendering executive service should include an undertaking that in the event of their ceasing to act they should be entitled to the benefit of the arrangements then in force.

(b) That the minimum period of service required to qualify for some form of retiring allowance be reduced from ten to five years and that provision be made for the grant of deferred pensions

23<sup>rd</sup> May 1945

to cover the case of those who retire at an earlier than the normal age. It is understood that, as the practice of the Inland Revenue now stands, sums paid in immediate commutation of deferred pensions would not be taxable in the hands of the beneficiary provided commutation were allowed only in special circumstances and at the absolute discretion of the Court of Directors. This discretion would in fact not be challenged by the Inland Revenue unless circumstances compelled them to alter the current practice.

(c) That if a scheme of deferred pensions be accepted, some protection be given to the dependants of those no longer rendering exclusive service but whose deferred pension had not become payable in the event of death in the interim; provided that the Court of Directors had not exercised their discretion in favour of immediate commutation of the deferred pension.

(d) That to give further security, provision be made for some grant to dependants in the event of death while in the exclusive service of the Bank.

Payments under (c) and (d) of this paragraph would be made from the general funds of the Bank and not from those available under *By Law XIII*

4. It is recommended that to give effect to these proposals the pension scheme based on that approved by the Court in 1940 and attached to this Report be adopted. It is further recommended that the benefits of this scheme be extended to those members of the Court who are at present rendering exclusive service.

The following were submitted and referred to the Court of Directors—

1. A minute of the Staff Committee regarding appointments.
2. A Report of the same on the cancellation of the arrangement for the payment of salaries to the Staff in an emergency.

In this connection, Mr. Holland-Martin explained that it was hoped that the whole of the Staff would be at work on the 31<sup>st</sup> May, and that all arrears of work affecting the Stock Exchange would be overtaken within a week. The biggest remaining problem was the housing of the staff, and about 100 men and 50 women were sleeping at the Bank. There was little hope of an improvement in the housing situation in the next few years, and there appeared to be no alternative to purchasing or renting on long lease two hostels, for men and women respectively.

(ii) A letter had been received from Mr. Anthony de Rothschild on behalf of St Mary's Hospital, who were launching an appeal for £2 million for a rebuilding fund. This seemed to be a case deserving special consideration, and to mark a appreciation of what St Mary's Hospital had done for Lord Hootman, the Bank's donation should be a substantial one, irrespective of what might be done by the Clearing Banks: but payment would be made through the normal channel of the King Edward's Hospital Fund. The amount to be donated would be discussed at a later date.

The Deputy Governor acquainted the Committee of the following matters -

1. Allowing for all expenses, but excluding fees paid to the author, the publication of Sir John Clapham's History of the Bank shewed a profit to date of £200.

2. Mr. Weir would take over the Chairmanship of the Committee on the Permanent Control of Expenditure, following the resignation from the Court of Lord Hyndley.

3. The following had been received -

(a) a letter from the High Commissioner for Australia thanking the Bank for its assistance in connection with recent Australian Conversion operation.

(b) a letter from the Chairman of the Stock Exchange expressing appreciation of the way in which transfer work had been dealt with during the war, and particularly of the fact that the return of the Accountants' Department to Insbury Circus had resulted in the minimum of delay. In this connection, Mr. Holland-Martin reported that the work was now completely up-to-date. The numbers sleeping at the Bank had been considerably reduced.

4. The Governor had been unable to discuss with the Lord Mayor the action to be taken by the Bank in response to the "Help Holland Fund" Appeal which was being launched from the Mansion House on the 14<sup>th</sup> June. Accordingly, the Bankers would not deal with this question at their monthly meeting on the 7<sup>th</sup> June. After discussion, it was agreed that Sir Edward Peacock would inform Sir Frederick Godber that, although the matter had been under discussion, no decision had yet been reached by the Bank, and that it would be wise to delay such a decision until the Governor's return.

Arising out of the consideration of the weekly

increase in the Bank's buying price for gold and  
pointed out that the new price represented the  
fair commercial out-turn for gold in present  
conditions.

The Deputy Governor acquainted the Committee  
of the following matters—

1 With reference to the minute of the 30<sup>th</sup> May  
regarding a donation by the Bank to St Mary's Hospital  
Rebuilding Fund, it had been suggested that before

"That, under Orders of Court of the 6<sup>th</sup> July 1933 and the 16<sup>th</sup> October 1937, the Bank accept indemnities in connection with the loss, destruction or mutilation of Bank Notes from a limited number of Insurance Companies. Experience has shown that this discrimination between insurance companies creates difficulties, particularly because the Bank have, for many years, accepted indemnities in connection with other branches of their business from a much wider range of insurance companies.

"The Committee therefore recommend that in future the indemnities of any insurance company, which is a member of the British Insurance Association be

"The Committee of Treasury report to the Court of Directors -

"That they learn from the Chairman of the Staff Committee that he has had an informal discussion with the Staff Representatives on the Advisory Council regarding the proposals for a Supplementary War-time Allowance as set out in the Staff Committee's Report of the 23<sup>rd</sup>. July 1945. They understand from him that the Staff Representatives, while adhering to their previously expressed view that the present allowances should be replaced without delay by a sliding scale payment based on salaries, are of opinion that the Staff as a whole will be prepared to accept the proposals subject to an assurance by the Bank that effect will be given to their views at the earliest possible moment.

"The Committee of Treasury do not consider that so categorical an assurance can be given, but recommend that the Staff be informed that the views put forward by their representatives will be constantly borne in mind."

25<sup>th</sup> July 1965

The Governor acquainted the Committee of the following matters—

1. He had received a request from Sir Charles Hambro for permission to join the Board of Citibank Ltd., and proposed to submit this to the Court.

2. Mr Skinner, Assistant to the Governors, had been approached by the Chairman of Finance Corporation for Industries Ltd., to take up the position of a General Manager in that Company. Mr Skinner wished to accept this position in view of his long experience in this class of work for the Bank and the fact that the work of this nature which he had been doing for many years in the Bank had now come practically to an end. He had told Mr Skinner that he was free to accept this position and that in all the circumstances and as Mr Skinner had 34 years' service, he had indicated to him that he would recommend a pension as though he had completed 40 years' service. In the event of Mr Skinner accepting the position it would seem desirable for him to sever all connection with the Bank, and it was the intention that he should commute the whole of the pension for a cash payment of £33,000, the approximate capital value calculated in accordance with the tables in force, and assuming age 53 next birthday.

3. The Bank was anxious to strengthen the staff engaged on the foreign side of our Central Banking work, and had been looking round for suitable people. The name of \_\_\_\_\_ aged 31, who appeared to have the necessary qualifications, had been brought to our notice. He had been interviewed, his qualifications examined, and it had been decided to offer him a temporary appointment as an Assistant Adviser from the 1<sup>st</sup> July next. There would be a probationary period of three years, after which, if he proved suitable, he would be offered a permanent appointment.

1st August 1945.

£50 to the Gordon Memorial College, Khartoum,  
to purchase books for the College library.

£250 to the Administrative Staff College, as a  
contribution towards preliminary expenses

The Governor acquainted the Committee of the  
following matters: -

1. With reference to minutes of the 6th December 1944  
and earlier, the costed income of Central Banking during  
the half-year ended the 28th February 1945 exceeded the  
cost of management by £169,408 after allowing for the  
payment of £135,726 to the Custodian of Enemy Property on  
account of balances held for banks in enemy-occupied  
territory.

2. With reference to minutes of the 18th July and earlier,  
the Bank were in negotiation for a property in Hampstead,  
to be used to house some 60 members of the Women Staff. It  
was hoped to acquire the property for the sum of £20,000.  
There was some doubt as to whether a restrictive clause in  
the covenant would prevent the Bank from using the house  
as a hostel, but, in view of the urgency of acquiring  
accommodation for the Staff and the unlikely event of the  
restrictive clause being enforced for the type of staff house  
the Bank intend to provide, it was agreed nevertheless  
to take the risk and proceed with the arrangements.

A. V. Bell, an Inspector, St. Luke's Printing works: age 66 years: service 40 years: £197:7: - a year from the 3<sup>rd</sup> November 1945 inclusive.

H. E. Oram, an Inspector, St. Luke's Printing works: age 65 years: service 39 years: £226:5: - a year from the 10<sup>th</sup> November 1945 inclusive.

In accordance with the Orders of Court of the 28<sup>th</sup> September 1944 and the 12<sup>th</sup> April 1945 to -

J. L. Frankland, a II (1) Clerk, Accountant's Department:  
 age 47 years: service 23 years: £220:9: - a year from the 8<sup>th</sup> October 1945 inclusive.

The Governor acquainted the Committee of the following matters -

1. He had been approached in regard to a project for the erection of a Chapel in St. Paul's Cathedral, to serve as a memorial to Americans who lost their lives in this country and in Europe during the war. The scheme was only in the preliminary stages

CT. 71. 62

17<sup>th</sup> October 1945

but he had said that, if this was placed on the footing of a national appeal and that he was satisfied as to the basis on which it would be put forward, he would, as Governor of the Bank, be prepared to act as a Trustee and, in due course, to give a lead to the banking community in connection with an appeal for subscriptions. The total amount required would probably be in the neighbourhood of £250,000. He felt that this scheme would probably raise the question of similar memorials for the Empire.

2. The Treasury were anxious that a member of the Staff should accompany the Treasury representatives to the forthcoming Telecommunications Conference in Bermuda to advise on matters of exchange and currency. He had agreed that Mr Hawker should accompany the Delegation and he hoped that this would serve a double purpose in that Mr Hawker would thereby have some change from the arduous work he had been doing throughout the war.

3. The arrangements under which minimum prices had been in operation on the Stock Exchange since the early days of the war would shortly be abandoned as it was considered that their useful purpose was ended.

4. The Committee would be aware that for some time short-term money rates had been under discussion. A change was now contemplated and he wished to make it clear that this was not an idea of the new Government's but would probably have taken much the same shape if the previous Chancellor of the Exchequer had stayed in office. Broadly, the intention was that short-term rates should revert to the 1934/39 position, with day-to-day money at  $\frac{1}{2}\%$  p.a. and Treasury Bills at a touch over  $\frac{1}{2}\%$ ; simultaneously the Treasury Deposit Receipt rate would be reduced from  $1\frac{1}{8}\%$  to  $5\frac{1}{8}\%$ . He was anxious for tactical reasons that these changes should be made before rather than immediately after the Budget. He was therefore in touch

CT 85.

with the Clearing Banks with a view to the changes coming into force at the end of this week. It was not intended to change the Bank Rate which had never been below 2%. Nor was it proposed, at least while Thanks giving week continued, to make any change in the terms of the tap issues.

5 With reference to the previous minutes, he had told the Chancellor that the Banking Community would co-operate in matters arising out of the Bank of England Bill but that, of course, "co-operation" did not necessarily mean an "agreement".

1. Pensions be granted—

A In accordance with the scale to—

The Deputy Governor acquainted the Committee of the following matters—

1. With reference to the minutes of the 1<sup>st</sup>  
 November 1944 and earlier, the liquidation of  
 Armstrong Whitworth Securities Company  
 had now been completed and a final  
 payment had been received. After allowing for  
 payments to the Secretary and Directors of the

31<sup>st</sup> October 1945

Company amounting in all to £11,000, referred to in the minutes of the 2<sup>nd</sup> June 1943, and for the loss in connection with Sir W. Armstrong, Whitworth and Co. (Engineers) Ltd., the loss to the Bank would amount to £1,937,000. This was in addition to the loss of £2,160,000 incurred by the Bank prior to the Scheme of Arrangement in 1929. All this loss had either already been written off or had been provided for in the Bank's Accounts. It was possible that the Liquidator might be called upon to make further small payments in connection with the transfer of certain foreign patents and the Bank had undertaken to provide up to £1,000 to meet such payments.

2. With reference to previous minutes, the Bank of England Bill had now passed its Second Reading and had been referred to a Select Committee. It was proposed that the question of a Petition against the Bill should be considered by the Court on the 1<sup>st</sup> November when the Governor would recommend that no Petition against the Bill should be lodged. The Committee agreed that in all the circumstances it would probably be inadvisable to make any public pronouncement of the Bank's intention.

 Royal Exchange and the possibility of the  
 Accountant's Department being housed in a

 that the Bank's tentative proposals had been  
 favourably received. Mr. Holland-Martin

had prepared a memorandum on the progress of the negotiations, from which it appeared that on a rough valuation the total sum involved would be in the neighbourhood of £4,650,000 after allowing for the inclusion of a lunch club for the whole staff and for the capital value of the rental which it was anticipated would be obtained from the Royal Exchange Assurance who would be accommodated on the site. The Committee agreed that exploratory discussions should be continued but it was understood that no decisions could be taken until the new Constitution of the Bank was in being.

2. At the request of the Treasurer, C. E. Loombe, an Acting Assistant Adviser, had been allowed to proceed to Cairo to assist in negotiations on the subject of the Egyptian Exchange "target" etc. on the understanding that he would return to the Bank not later than the end of the year.

3. He did not know whether he would be called before the Select Committee of the House of Commons now considering the Bank of England Bill but, should he be so called, he proposed, in the national interest, to resist giving any details of the inner reserves as he thought that it was most important that these should remain secret.

3 In 1936 the Bank presented their portrait of the Rt Hon. W. J. A companion portrait of the Rt Hon. Wm. The Quarterly Report of the Committee to consider the Securities of Certain Funds was submitted and referred to the Court of Directors.

The Governor acquainted the Committee of the following matters -

1. The Deputy Governor had arrived safely in Washington from Montreal.

2. The Bank of England Bill was being read that day for the third time in the House of Lords. This was a purely formal matter and the House of Commons would deal on Monday next with the two amendments introduced in the House of Lords. These amendments had been sponsored by the Government and satisfied the Opposition who had withdrawn the two amendments they had tabled. The first was the transposition of a word. The second amendment had been inserted on the initiative of the banks themselves and agreed to by the Government.

The Chancellor anticipated that the House of Commons would pass the amendments on Monday and that the Royal Assent would be given about the 14<sup>th</sup> February. This meant that the "Appointed Day" would probably be the 1<sup>st</sup> March. It was likely that there would be two or three newsmen to the Court.

The Governor acquainted the Committee that, with reference to the minutes of the 2<sup>nd</sup> January last, and earlier, the President of the Council of Foreign Bondholders estimated that the minimum needs of the Council for 1946 would be about £12,500 but that the subsidy for 1945 had been underspent by some £2,400. The various contributors had agreed to continue their previous subscriptions which, in total amounted to £7,250. In the circumstances he would not call for a refund of any of the 1945 subsidy, and he proposed that the Bank's contribution should again be £4,750, making the total contribution up to £12,000. The Committee endorsed these proposals and it was further agreed that the whole matter of the

support to be given to the Council, including the arrangement under which the Bank have contributed £3,000 a year for the remuneration of the President, would require new and careful consideration in the near future. In this connection the Committee were reminded that, at the insistence of the Bank, the President of the Council was required to refrain from accepting directorships or other positions which might be held to conflict with the interests of the Council and that this restraint had precluded the President from accepting certain offers of remunerative employment which had been made to him.

3. A Report of the Committee on Advances and Discounts on the Discount business of the Bank during the year 1945.
4. A minute of the Committee on Advances and Discounts with a recommendation regarding messrs

A Report of the Committee on Advances and Discounts was submitted on the Discount business of the Bank for the quarter ended the 31<sup>st</sup> January 1946 and on Advances granted under Paragraph 12 (b) of the Internal Regulations and Special Advances.

The Governor acquainted the Committee that the estimated profit for the current half-year, after allowing for all charges, making provision for a payment of £873,180 to the Treasury and writing off approximately £64,000 of capital expenditure during the half-year, amounted to £1,462,000. This surplus had been artificially swollen as a result of adjustments of Income Tax made necessary by the passing of the Bank Act. But for the new Act the surplus would have been approximately £675,000. It was proposed that an amount of £47,000 should be placed to "Provision for Replacement of Equipment," £500,000 to "Provision for Pensions and Grants" and the balance, approximately £915,000, to Disburse Account No. 1.

He understood that the appointment of Sir James Prigg as full-time Executive Director of the International Bank would shortly be announced. No appointments to the Permanent Staff of the Fund or Bank had yet been made but the Bank of England felt that they must be prepared to release one or two of their well qualified men to fill responsible positions in those organisations. Certain individuals had been approached and it was probable that two members of the Bank's Staff would accept such positions with the Bank's concurrence. He had asked Mr Bolton to try and arrange for some accommodation to be leased in Washington on the Bank's behalf in which our representatives visiting Washington could be housed.

similar to those produced immediately before the war and to continue the production of such notes on threaded paper until such time as the Houston note can be produced.

The Governor acquainted the Committee of the following matters-

1. From time to time the Bank had been approached by Mrs. [redacted] widow of [redacted] formerly Chief Accountant, but married to him after the date of his retirement, with requests for financial assistance. She is therefore not eligible to receive an allowance and it has always been felt that her requests should be refused in fairness to other members of the Staff. It appears that Mrs. [redacted] who is Italian by birth, has relations in Italy who would be prepared to maintain her in that country. In the circumstances, it is proposed to renew the offer previously made to pay the expenses of her passage out to Italy and, if she consents to this arrangement, to make her a small lump sum payment on her departure. The Committee concurred and agreed that the matter should be left in the hands of the Deputy Governor to make arrangements on these lines at his discretion.

2. He had been approached by the Deputy Chairman of the Clearing Bankers' Committee regarding an appeal by the Bishop of London for the building and repairs of churches and schools in the diocese of London. He had informed the Deputy Chairman that if the Clearing Bankers supported the appeal the Bank would, in spite of the fact that it was of a denominational character, also give their support at least to the same extent as the Clearing Bankers; the money to be spent mainly on the reconstruction of London churches.

3. Sir Otto Niemeyer would attend the Annual General Meeting of the Bank for International Settlements to be held in Basel on the 27<sup>th</sup> May.

4. He read the revised form of the Governor's Charge to Clerks on their election to the Permanent Staff.

1. With reference to minutes of the 26<sup>th</sup> August 1938 and earlier concerning the Lancashire Industrial Sites Co. Ltd., it had been agreed with H. The Bank hold £20,000 nominal of the 3½% Non-Cumulative Preference Shares (1/- paid) of the Sites Company; but the probable result of the winding-up would be that the Preference Capital would be repaid in full and the Ordinary Shareholders, i.e. H. Mr. Treasury, would suffer a loss of a few hundred pounds.
