- 4 Report that Queen has been signed at Turin between Austria
 France & Sardinia.
- 5 Mr. Jas. Wilson in company with his Private Secretary &
 Mr. Wynneham Portal had a Conference with the
 Governor on the subject of an Indian Circulation of
 Bank Paper. Several specimens of water marks for
 an Indian note were exhibited by Mr. Portal. Mr. Wilson
 relies greatly on the adaptation of the Bank of England
 water mark & symbols, substituting "India for England
 & James Wilson" for "Matthew Marshall" and having
 on altogether the marginal denominations of the note -
 The note to be printed at the Bank but numbered &
 dated in India. The suggested alterations in the water
 mark & printing would require at least 2 months time
 to carry into effect. The Governor told Mr. Wilson that he
 could not compromise his Colleagues but that he individually
 would under the Council for India all the assistance in his
 Power. Mr. Huntley was present at the Conference.

- 4 Mr. Rennie Partner in Messrs. Curran & Co. called at the request of the Governor to explain a tender of some £803,300 of Bills for discount which bore unmistakable evidence of being those of Messrs. Curran & Co. Messrs. Curran & Co. having to pay off some Panama Bonds have received for that purpose Bills of £100,000. These Bills they have discounted with friends who instead of paying money offered ^{in payment} the Bills in question. The discount of these Bills being strictly for use of Messrs. Curran & Co. & Messrs. Curran & Co. have allowed the Bills to pass with the understanding that Messrs. Curran & Co. will be no party in future to any similar transaction with friends.
- 5 Mr. Palmer of Newcastle obtains the Messrs. Curran & Co. leave to replace some Receipts of the Lever Co. limited falling due by others of like amount not exceeding in the whole £100,000. Similar transactions not to be drawn into a precedent.
- 6 No transactions in the Bull. Office to day.

4 Received a visit from Mr. Edm. Gurney to urge on the Governor a reconsideration of the Court's Resolution excluding the Discount Houses from the Bank except during the Quarterly Advances.

5 Course of Directors no motion made for any alteration in the present rate of discount. Informed the Court of the manner in which Messrs. Baring & Co had attempted to evade the Resolution of the Court thro' the Agency of Messrs. Shepherd & Sons, Mr. Eaton & Messrs. Cochrane & Co. An Unanimous opinion expressed of the advisability from these occurrences of maintaining the Resolution adopted to -

After Court Mr. Edm. Gurney revisited the Governor who gave him no hope that the Court would be induced to relax its Resolution with respect to the Discount Houses. The feeling of the Court to day was unanimously against any alteration.

7 No Bullion Transactions today

Continuation of Thursday 10th of November.

The Governor handed to the Chancellor Tables showing the wear of Gold & Silver Coins after 100 Years, Establishing that the smaller Coins suffered a much larger & quicker depreciation in a given time than those of the higher denominations.

The Question of the Circulation of Half Crowns & Florins was considered. The Governor was favorable to that of the Florin. The Deputy gave the preference to the Half Crown. He had made Enquiries in Quarters were largely Current & he had had it remarked that the 2/6 Piece offered greater facilities of Exchange than did the Florin; inasmuch that a bribe could be paid by a Half Crown which could not be accomplished by a 2/6 Piece.

The Chan: of L^d suggested that a series of Questions such as had been put when he was last in Office should be repeated, being of Opinion that the Results of that Enquiry was favorable to the Half Crown & opposed to the Florin; and he thought it would be desirable to ascertain if a change had been wrought by the very much increased Circulation of 2/6 Pieces.

PIXLEY, ABELL, & LANGLEY'S CIRCULAR.

GOLD.—The recent arrivals of Gold are by the “La Plata” from the West Indies, “City of Manchester,” “City of Washington,” and “Africa,” from New York, the “George Marshall,” “Dirigo,” and “Orwell,” from Melbourne, the “Phœnician,” from Sydney, and the “Avon,” from Brazil, and comprise a total of nearly £820,000, the whole of which has been purchased for the Continent. A small amount of Bar Gold has also been taken from the Bank of England, and as the demand is still rather active, some further sums may be taken from thence, unless fresh arrivals should take place, and thus supply the demand. The ships now looked for from Australia are the “Red Jacket” and “Swiftsure,” with about £460,000. The “Lew Chew” was advertised to leave about the 17th September, and would probably also bring a large amount of Gold.

The “Delta,” from the Mediterranean, and “Armenian,” from the Coast of Africa, have just arrived, bringing together £24,700, which amount remains to be dealt with. The “Tyne” takes out £44,575 in Gold to the Brazils, chiefly in Doubloons, a good demand having sprung up for this coin, owing to a rise in the Exchanges. The outgoing Mail for Bombay on the 12th instant takes out £47,700 in Gold.

SILVER.—The Bar Silver brought by the “La Plata” has been sold for India at 62d. per oz. Standard, and we quote that price as firm, Importers manifesting a disposition to hold for a higher rate. The Steamer leaving for Bombay on the 12th Instant will take out £201,625, all on private account, not any remittance being made by Government this Mail.

MEXICAN DOLLARS.—The Dollars brought by the “La Plata” have not yet been sold, Buyers waiting the arrival of the Mail from China before operating. We quote the price as 5/1¼ to 5/1⅜ per oz. and consider the market firm at the former rate.

EXCHANGE.—The Banks have been sellers on Bombay and Calcutta, the outside rates for the former having been 2/0⅛ to 2/0⅜, and for the latter 2/ to 2/0¼, all 60 days sight, a moderate amount of business having been done. On Madras a few small sales have taken place at 2/ 60 days' sight. Documented Bills on Bombay and Calcutta we quote 1/11½, on Madras, rather worse for sellers. Bank of Bengal Post Bills have been selling at 2/ per rupee.

INDIA GOVERNMENT LOAN NOTES.—These have been in great demand during the last fortnight, at steadily rising prices. On the 24th ult. we quoted Fives, 1/9⅞ to 1/10; we now quote them, 1/10¾ to 1/10⅞, and we have even heard of one or two transactions at 1/11, but the latter price is decidedly over any current market quotation. Five-and-a-half per Cents. we quote 2/0⅝ to 2/0¾, against 2/ on the 24th October. The market is now very quiet, with sellers of Fives at 1/10⅞, and Five-and-a-half per Cents at 2/0¾. A very large amount of Paper has changed hands.

4 The Depy Gov: Chustine Gas Co calls to say that in order to prevent any further Complaints of the Bank of a short supply the Co will at once open a Bulw from the Custom Road Gas meters & as quickly as practicable will lay on a Communication with their Main from Beck Lane Station & furnish a large Meter to be attached thereto.

Mr Drummond says this has been already done & that the Bank does not see security of a sufficient supply from either one or the other.

5 Mr John Harnan calls to decline the W. F. Branch.

6 Visited Sir Charles Wood at the India House. Explored to him what had passed between the Governors of the Bank & Mr. Jas. Wilson previous to the latter's departure for India, and the Correspondence which has since taken place between them. Sir Ch. Wood concurs generally with Mr. Wilson in his views of a Paper Circulation for India but he was not aware of the anticipatory step he had taken until he received a visit from Mr. Portal. He advocated a Paper sent down by the Depy Gov. shewing the approximate cost of making & maintaining 5 Millions of Sovereigns & 5 Millions of Notes and he admitted that the enormous difference in the Expenses of Paper as compared with Gold had staggered him in the advisability of creating a Circulation of Paper of low Denominations. Sir Ch. submitted to Sir Charles the specimens of Bank Note Paper prepared by Mr. Portal and three sheets of printed Note, and with some slight alterations in the Water Mark he gave the approval of the One designed by Mr. Ashman & Mr. Coe, in answer to a Question put to Sir Charles by the Governor, he said that

that Mr Wilson had no power to authorize the incurring of any Expensive Measures in preparing either Paper or Printing; and that no definitive Resolution would be taken until after mature discussion by the Government in India nor until sanctioned & confirmed by the Government at Home. When that determination had been come to the Bank would be consulted as to the means necessary to carry into effect the Measures resolved upon & when also the Question of Expense would be entertained. Any small Experimental Expenses incurred by the Bank would of course be reimbursed by the Council of State for India.

Sir Charles confirmed the Account that had been reported to have been received by the Lord Grant. The Government hoped to obtain upwards of 3 Millions Sterling before the final closing of the 5th of Loan: and further that in place of requiring 7 Millions next Year but 4 Millions would be wanted, the whole of which would probably be raised in India. The Governor adverted to the Course proposed to be pursued on the falling due of the Debenture on 1st day next to which Sir Ch^l saw no objection. Probably the Council of India would not require the Million of 5th of Stocks to be then created to be offered for sale in the Stock Exchange.

7 Mr Henry Currie visited the Gov^{ty} to mention the Name of his son in Law, Mr Wetherburn as a desirable Person to fill the vacant Situation of Agent at the W. E. Branch.

8 Mr E. A. Chapman also brings to the Notice of the Gov^{ty} a Clerk in Child's House.

9 Mr Adams, Mr G. B. Brothers in Law has an Interview with the Gov^{ty} & Depy Gov^{ty}

PIXLEY, ABELL, & LANGLEY'S CIRCULAR.

GOLD.—Since the date of our last circular there has been little business doing in Gold; the arrivals consist of about £40,000 by the "Persia" from New York, which was taken for the Continent, and £55,106 by the "Tasmanian" from the West Indies—this will be delivered to the consignees in two or three days' time and will then be sent away; a fair amount of Fine Gold has also been purchased for exportation to the Peninsula. The "Red Jacket," with £159,000, has now been out 77 days, and the "Swiftsure," with £294,000, has been out 74 days; these vessels are from Melbourne, and may be expected daily.

South American Doubloons are in good demand, and we quote the price as 75/9 per ounce, firm.

SILVER.—There has been a fair demand for Bar Silver during the past week, and we now quote the price as 62 $\frac{1}{8}$ d. per oz. standard. The "Tasmanian" has brought £73,730 from the West Indies, but not any portion of this will be available for the outward mail to Bombay of this day; there has been a rather considerable amount imported from the Continent, but some portion of this remains on hand.

There will not be any remittance made to Bombay on Government account this mail, and the amount sent on private account will be comparatively small.

MEXICAN DOLLARS.—The demand for Dollars for the past few days has been very brisk and prices have advanced considerably; we quoted the price in our last as 5/1 $\frac{1}{4}$ per oz., and we now give it as 5/2 $\frac{1}{4}$ per oz., and scarcely any to be met with even at that rate; the rise has been occasioned by considerable orders on account of the French Government, and we should not be surprised to see a still further advance.

The "Persia," from New York, brought about £10,000 in Mexican Dollars.

EXCHANGE.—With the exception of Bombay, in which place the rate is a shade better for buyers, we have no change to note since our last. Rates have been—Bombay 2/0 $\frac{1}{8}$ to 2/0 $\frac{1}{4}$; Calcutta 2/0 to 2/0 $\frac{1}{4}$; Documented Bills 1/11 $\frac{1}{2}$.

INDIA GOVERNMENT LOAN NOTES have been in less demand during the past week, and prices have not been supported; transactions have been limited in amount and rates have been 1/10 $\frac{5}{8}$ to $\frac{3}{4}$, with sellers yesterday at the former price. Five and a half per cents. we quote nominal at 2/0 $\frac{1}{2}$ to 2/0 $\frac{5}{8}$.

QUOTATIONS FOR BULLION.

4 Mr Chapman reports that Mr Evans went to Mr had again
 consulted with Mr Pym and found on further explanation
 that he had been influenced by his Father in Law,
 Mr Henry & Co Thornton, to decline the Agency of the
 W. E. Bank. on the ground principally that he would
 stand no chance in competition with the Agents
 of some of the Banks' servants. Mr Pym has an
 interview with the Governor accompanied by Mr Thornton
 and states his willingness to accept the office if offered
 to him. Mr Pym's Qualifications seem to respond to all
 the Bank's requirements & as regards the security there will
 be no difficulty. The Governor, after communicating with
 the Comm. of Treasury, will inform Mr Pym the result & fix
 a time for him to have an interview with them. Mr Pym
 can undertake the duties of the Branch whenever required.

5 Mr Gray states that Lady Jersey takes either 8 or 9/24th of the
 Net Profit and that her share has averaged about 13th of the net.
 6 Mr Fonblanque from the Board of Trade visits the
 Governor and explains to him the reasons for refusing
 to continue certain Returns asked for by the Board.

9 Quarterly Advances opened - Repayable 11 Aug 1860

PIXLEY, ABELL & LANGLEY'S CIRCULAR.

GOLD.—During the past week the arrivals have been as follows :—

The "Arago"	from New York, with	£22,000	for England and £140,000 for France.
" "America"	do.	20,000	do.
" "Bavaria"	do.	15,000	do.
" "City of Baltimore"	do.	24,000	do.
" "Red Jacket"	Melbourne,	159,000	do.
" "Shannon"	West Indies,	15,400	do.

The whole of the above amounting to about £255,400 has been taken for the Continent. The "Vanderbilt" has also arrived with about £200,000, nearly the whole of which is on French account. About £50,000 in Bar Gold has also been taken from the Bank for Export, £38,000 of which was for Spain; and, in the absence of any fresh arrivals, more may follow. The "Swiftsure" with £294,000 from Melbourne is hourly expected. The Australian Mail has been telegraphed as having arrived at Aden, the letters will be in London on the 6th instant, and it is expected they will bring news of several ships with gold having sailed.

There have been a few further orders for South American Doubloons, but without affecting the price which remains at 75s. 9d. per ounce.

SILVER.—The Bar Silver brought by the "Tasmanian" has been sold at 62d. per oz. standard, showing a slight decline; there has also been a fair amount imported from the Continent. The "Shannon" has arrived from the West Indies with about £75,000 in Bar Silver, but this will not be deliverable for a few days.

Government will not make any remittance to India or China by the outgoing mail of the 4th instant, and the amount shipped on private account is not expected to exceed £100,000.

MEXICAN DOLLARS.—The demand for dollars has, within the past few days, sensibly slackened, and we quote the price as 5s. 1 $\frac{3}{4}$ d. per oz. The "Bavaria" brought £5,000, and the "Vanderbilt" £20,000, in dollars from New York; the "Shannon," from the West Indies, has also brought about £105,000 in dollars, but this amount will not be available for the present mail to China, the last shipping day for specie being to-day. The French Government is reported to have purchased Mexican dollars to the amount of £250,000, and this will account for the late rise.

EXCHANGE—Remains without any particular alteration since the 25th ultimo, the date of our last, but with a little more doing perhaps. We quote rates—On Bombay @ 2/0 $\frac{3}{8}$ @ $\frac{3}{8}$; Calcutta 2/0 @ 2/0 $\frac{1}{4}$; Madras 2/0 nominal—all 60 days sight. Documented Bills 1/11 $\frac{1}{2}$ @ 1/11 $\frac{1}{2}$.

INDIA GOVERNMENT LOAN NOTES have again been in fair demand since the 25th ultimo; and a moderate amount of 5% enfaced paper has changed hands at prices ranging from 1/10 $\frac{3}{8}$ @ 1/10 $\frac{13}{16}$, the latter being the closing quotation. Five-and-a-half per Cents. are at 2/0 $\frac{1}{2}$ sellers, owing to the large arrivals from India by last mail. It is understood that considerable amounts of 5% came forward also by the same opportunity, but they are not pressed on the market.

QUOTATIONS FOR BULLION.

4 Comm^o of Treasury Present to Morris, Mr. Heath, Mr. Hankey Mr. Hubbard Mr. Keane & Mr. Norman

1. Some remarks made by Mr. Hubbard on the subject of the notes passed from India Dept. to suspense A/C who wished to defer the further consideration thereof until he returned to Town in January.

2. Explained to the Comm^o the differences which had arisen in the Chief Accountants Office & read to the Comm^o a draft Resignation submitted to the Gov^{ty} by Mr. Noble.

The opinion of the Comm^o was that in the event of Mr. Noble's unconditional Resignation he would be liberally treated as regards a retiring Pension - Mr. Hankey & Mr. Keane of opinion that he sh^d be awarded 6000 from others of the Comm^o thought 8/12 of his Salary & a donation of 5000 & 3000 would be enough.

5 Saw Mr. Noble after the Comm^o A Pension of 8000 Pensions could be all be expected. To be sent his Resignation either Tomorrow or Friday.

4 Sir Alex. Spurgeman informs the Governor that the
 Ch. of T. has given directions to supply the during
 Banks Balance to the extent of a Million in redeeming
 the Deficiency Bills to be issued & to pay

5 Mr Raymond Pelley visits me to announce his retirement
 from the Office of Governor & as if ill Health
 brought on from overwork greatly increased
 since the Bill Brokers have been excluded from the
 discount office. He believes that the Profits in Bill
 Broking will be so much reduced as to render the
 Business an unprofitable one. O.G. Co. are obliged
 to retain a Million of Reserves. He thinks that
 Messrs Gurneys are becoming impatient with the
 notion that the Business does not now hold out
 sufficient inducement to continue & that they
 will soon retire. Mr Pelley urges a reconsideration
 of the Exclusion of Bill Brokers by the Com. of Directors.
