* The dates given throughout are those at which 30, 60, and 90 days' bills mature with grace from the date at top of page.

As a large number of these Diaries circulate abroad it may be well to point out that the Astronomical Data, such as phases of the moon, etc., are given in Greenwich time. The times of the Sun's Risings and Settings are only applicable for the same *North* Latitude as Greenwich (London). For other places in *England* the difference in Longitude should be applied.
