As a large number of these Diaries circulate abroad it may be well to point out that the Astronomical Data, such as phases of the moon, etc., are given in Greenwich time. The times of the Sun's Risings and Settings are only applicable for the same *North* Latitude as Greenwich (London). For other places in *England* the difference in Longitude should be applied.

During the application of the Daylight Saving Bill, the astronomical times have been altered accordingly.

JAN. 1 SATURDAY [1—364]
Circumcision. New Year's Day. Bank Holiday
in Scotland.
