20 MONDAY [232—133]

on the 27th - Seligman called again + I agreed with him that if the Jap Gov^t were willing to place industrial orders here, I sh^d advise accommodation by the Export Co. Dept. He said Japs were a better risk than the Turks, to whom credits were available! Risk never exceeds 75% & periods only few years - But no commitment possible many months in advance

5.30 to J. C. Gorton at 20 Devonshire Place: to enquire

21 TUESDAY [233—132] OAB arrives today

3. A. C. Davidson. Bk of NSW (see apr 18) + EML. sails 25th via Canada for home. Leaves 2 complaints on our lap: 1. Bills in Aust^r being reduced by funding progressively so that Com Bks must tend to keep more free cash & must raise all Bkg charges to replace int otherwise rec'd on J. Bills - 2. In N.Z. gold sh^d be taken at mkt price - not cost - so as to recoup Coml. Banks for fall in value of sec^s of all funds held agt advances: otherwise reserves must be built up agt this fall in value by higher Bkg charges all round. We listen to 1. without agreement & dissent from 2. (wh seems aimed at OES's advice or decision)

22 WEDNESDAY [234—131]

Committee of Treasury

3. Sir A. Maxwell + EML. 1. R Mail Lines controlled by Treas^r: No reason to approach Essoir or to future. Leave over problem 2. Elder Lines. We sh^d approach Holt or to future because control may be later acquired by black sheep (dever) Holt sh^d consider bringing in Elder to African Deb^t as a means of controlling 3. Union Castle. Gibb has shown himself crooked. Don't approach him before ascertaining position of Prof. Th holders Geo. Colville
