10 Lat Mayor. I agree that he sh^d publish audited figs of Nat Air Raid Distress F^d & stand the racket for having too much money, = being too successful. Better now than later!

12 In Hy Strakosch. India Office have scale of Com with Divisions comparable with ours of July 5, 1935 (Osborne Smith's letter to them) wh they wish to reduce. I say Divisions worth weight in gold to India and Australia: have abandoned industrial business: naturally work better for a Com than for a fee --- and sh^d be let be!

315 P.A.C. going away at once for a month - to get fit. Board has met with J.M. & after full discussions they have reached apparent agreement which will now be reduced to writing, to be app'd. by all concerned. P.A.C. doubts whether J.M. realises the extent or importance of the agreement - or whether the serious position of C.M. is generally realised - esp. by the Shilleries. P.A.C. assumes Chairmanship without promise or understanding about long future. In a month he will set to work to study whole position - in hope of further talks with J.M. in Dec in 3-6 months. P.A.C. thinks C.M. is weak in Dn & in Jotung in administration & has no long or short policy.
