1 About the notification

Please note that prior approval is required for proposed changes in control or increases in control to enter a higher control band. Even if the change in control or increase in control has already taken place without prior FCA/PRA approval, the FCA/PRA must still assess the suitability of new controllers that did not have prior approval. Therefore, a controller notification form should still be completed and submitted as soon as possible to allow a retrospective assessment of the change(s).

Controllers of the controller

You must provide details of any and all persons with 10% or more of the shares or voting power in the partnership controller, either directly or through a parent undertaking (see the Handbook Glossary for the definition of a parent undertaking). Also list any person who holds shares or voting power in the partnership controller (or a parent undertaking) as a result of which it is able to exercise significant influence over the partnership controller. In the column headed 'Description of how control is held' provide information on how the control is held. Consider again issues such as voting power, right to share in profit, acting in concert and significant influence.

If the partnership controller is proposing to acquire 50% or more of the shares or voting power of a target firm then they may become a parent undertaking of the target firm. If the partnership controller is a parent undertaking, any person who is a controller of the partnership controller would also need to complete and submit an appropriate change in controller notification form.

Please note that the FCA/PRA considers parents of minority controllers to be controllers of authorised firms due to the extended definition of 'voting power' in s422 (5)(a)(v) FSMA.

Please refer to the Handbook Glossary for the definition of control, controller, shares and voting power.

6.2 Are there any controllers of the controller?

7 Controller structure charts

You must send the FCA/PRA control structure chart(s) that show the position of the target firm(s) undergoing the change in control and all controllers after the proposed change in control. These chart(s) should show all the firms and/or individuals within the structure and include:

- all entities in the group;
- parent undertakings;
- any undertaking(s)/subsidiaries other than the applicant firm;
- any other close links;
- anyone acting in concert;
- percentages of holdings;
- percentages of voting rights;
- percentages of control through right to share in capital, profits or liability for losses; and
- anyone with significant influence.

It would be helpful if you could also include a chart showing the position before the change.

It is recommended that you read section 422 of FSMA for the definition of controller and to clarify the terms used above.

1 About the notification

Please note that prior approval is required for proposed changes in control or increases in control to enter the higher control band. Even if the change in control or increase in control has already taken place without prior FCA/PRA approval, the FCA/PRA must still assess the suitability of new controllers that did not have prior approval. Therefore a controller notification form should still be completed and submitted as soon as possible to allow a retrospective assessment of the change(s).

Do not leave any questions blank. If a question appears to be not applicable, state 'N/A' and explain why it is not applicable.

Controllers of the controller

You must provide details of any and all persons with 10% or more of the shares or voting power in the corporate controller, either directly or through a parent undertaking (see the Handbook Glossary for the definition of a parent undertaking). Also list any person who holds shares or voting power in the corporate controller (or a parent undertaking) as a result of which it is able to exercise significant influence over the corporate controller. In the column headed 'Description of how control is held' provide information on how the control is held. Consider again issues such as voting power, right to share in profit, acting in concert and significant influence.

If the corporate controller is proposing to acquire 50% or more of the shares or voting power of a target firm then they may become a parent undertaking of the target firm. If the corporate controller is a parent undertaking, any person who is a controller of the corporate controller would also need to complete and submit an appropriate change in controller notification form.

Please note that the FCA/PRA considers parents of minority controllers to be controllers of firms due to the extended definition of 'voting power' in section 422 (5)(a)(v) of FSMA.

Please refer to our Handbook Glossary for the definition of control, controller, shares and voting power.
