

**ANNEX XVI – Instructions for disclosure of risk management objectives and policies, exposures to credit risk, dilution risk and credit quality**

1. Annex XV of this implementing regulation includes a set of templates that are applicable to all institutions subject to Article 442 CRR. It also includes some additional templates required to large institutions with a ratio of gross carrying amount of non-performing loans and advances divided by the total gross carrying amount of loans and advances subject to the definition of non-performing according to Article 47a of Regulation (EU) No 575/2013 equal to or higher than 5%. For the purpose of this ratio, and of the templates included in Annex XV, loans and advances classified as held for sale, cash balances at central banks and other demand deposits shall be excluded both from the denominator and the numerator of the ratios, and from the rows on loans and advances included in the templates. The information on cash balances at central banks and other demand deposits is disclosed separately in some of them.
2. The additional templates are required in order to convey sufficiently comprehensive and comparable information for users of that information to assess the risk profiles of institutions. For this reason, when reading these instructions, institutions shall take into account the proportionality criteria included in Article 9 of this implementing regulation.

**Table UK CRA: General qualitative information about credit risk**

3. Institutions shall describe their risk management objectives and policies for credit risk by providing the following information in Table UK CRA, included in Annex XV to this Implementing Regulation, in application of points (a), (b), (d) and (f) of Article 435(1) of Regulation (EU) 575/2013<sup>1</sup> (“CRR”).

**Template UK CR2a: Changes in the stock of non-performing loans and advances and related net accumulated recoveries**

2. Institutions shall apply the instructions provided below in order to complete template UK CR2a as presented in Annex XV to this Implementing Regulation, in application of points (c) and (f) of Article 442 CRR. Institutions shall explain in the narrative accompanying these templates any material difference between the non-performing values disclosed in each row and the values as if the definition of defaulted in accordance with Article 178 CRR was applied, in particular for rows 010, 030, 100 and 130.

030	<p><b>Outflows from non-performing portfolios</b></p> <p>The gross carrying amount of loans and advances that exited non-performing status.</p>
040	<p><b>Outflow to performing portfolio</b></p> <p>The gross carrying amount of loans and advances that exited non-performing status and became performing during the period (since the end of last financial year)</p>
050	<p><b>Outflow due to loan repayment, partial or total</b></p> <p>The reduction in the gross carrying amount of non-performing loans and advances due to cash payments, namely regular payments of capital and any ad hoc repayments during the period (since the end of last financial year).</p>
060	<p><b>Outflow due to collateral liquidations</b></p> <p>The effect on the gross carrying amount of an instrument from the liquidation of any kind of collateral shall be disclosed in this row. Outflows due to other liquidation or legal procedures and voluntary sale of property are also to be included in this row. For the avoidance of doubt, please note that the gross carrying amount of the instrument shall be disclosed, including any potential accompanying partial write-off. Please also note that</p>

	outflows might not be equal to the sum of net cumulated recoveries and partial write-offs.
060 column b	<b>Related net accumulated recoveries</b> Cash recoveries or cash equivalents collected due to collateral liquidations (net of respective collateral liquidation costs) are to be disclosed in this row.
070	<b>Outflow due to taking possession of collateral</b> The effect on the gross carrying amount of an instrument due to the foreclosure of any kind of collateral shall be disclosed in this row. Taking possession refers to the acquisition of non-cash collateral of which the institution or a group subsidiary has acquired ownership and which it has not yet sold to a third party. Debt asset swaps, voluntary surrenders and debt equity swaps are also to be included in this category. For the avoidance of doubt, please note that the gross carrying amount of the instrument shall be disclosed, including any potential accompanying partial write-offs. Please also note that outflows might not be equal to the sum of net cumulated recoveries and partial write-offs.
070 column b	<b>Related net accumulated recoveries</b> The initial recognition in the institution's balance sheet of the fair value of the collateral at the moment of taking possession is to be disclosed in this row. Cash recoveries or cash equivalents collected in the context of taking possession of collateral net of costs shall not be included in this row but be disclosed under Outflow due to loan repayment, partial or total.
080	<b>Outflow due to sale of instruments</b> Total balance changes stemming from loans and advances sold to other institutions, excluding intragroup transactions. For the avoidance of doubt, please note that the gross carrying amount of the loans and advances sold is to be disclosed (including any potential accompanying partial write-offs) and not its valuation or price during the transaction. Please also note that outflows might not be equal to the sum of net cumulated recoveries and partial write-offs.
080 column b	<b>Related net accumulated recoveries</b> Cash recoveries or cash equivalents collected in the context of the sale of loans and advances, net of selling costs, are included in this row.
090	<b>Outflow due to risk transfers</b> The gross reduction in non-performing loans and advances due to securitisation or other risk transfers qualifying for de-recognition from the balance sheet. Please also note that outflows might not be equal to the sum of net cumulated recoveries and partial write-offs.
090 column b	<b>Related net accumulated recoveries</b> Cash recoveries or cash equivalents collected in the context of the outflows due to significant risk transfers are to be disclosed in this row.
100	<b>Outflow due to write-offs</b> Full or partial write-offs of total loans and advances recorded during the reference period. A write-off (full or partial) constitutes a de-recognition event. Therefore, the gross carrying amount of loans and advances is

	reduced by the amount of the write-offs. For the avoidance of doubt, please note that this row reflects changes in the gross carrying amount of loans and advances, and any potential partial write-offs that have already been disclosed in previous rows (e.g. accompanying sale of loans and advances, collateral liquidation, taking possession of collateral or significant risk transfer) shall not be included in this row. Furthermore, debt forgiveness in the context of forbearance measures, i.e. write-offs for which the amount of debt outstanding from the borrower was cancelled (the institution forfeits the right to legally recover it), is also to be included in this category.
110	<b>Outflow due to other situations</b> Any other decreases to the carrying amount of loans and advances that are not covered by the events mentioned above shall be included in this row. Those adjustments might include, for instance, FX changes, other closure actions, reclassifications between asset classes, etc. Where the amount for this category is significant, institutions are asked to provide additional information in the narrative accompanying this template.
120	<b>Outflow due to reclassification as held for sale</b> Decreases to the carrying amount of non-performing loans and advances due to their reclassification as instruments held for sale.
130	<b>Final stock of non-performing loans and advances</b> The gross carrying amount of the stock of non-performing loans and advances at the disclosure reference date.

#### Template UK CQ6: Collateral valuation - loans and advances

7. Institutions shall apply the instructions provided below in this Annex in order to complete template UK CQ6 as presented in Annex XV to this Implementing Regulation, in application of point (c) of Article 442 CRR.

Legal references and instructions	
Row number	Explanation
010	<p><b>Gross carrying amount</b></p> <p>Gross carrying amount as defined in paragraph 34 of Part 1 of Annex V to Commission Implementing Regulation (EU) 680/2014.</p>
020	<p><b>Of which secured</b></p> <p>Gross carrying amount, as defined in paragraph 34 of Part 1 of Annex V to Commission Implementing Regulation (EU) 680/2014, of secured and partially secured loans shall be disclosed in this row.</p> <p>Unsecured loans and advances should include exposures for which neither collateral was pledged nor financial guarantees were received; the unsecured part of a partially secured or partially guaranteed exposure shall be included in this row, in accordance with paragraph 323 of Part 2 of Annex V to Commission Implementing Regulation (EU) 680/2014.</p> <p>Therefore, secured loans and advances must be calculated as the difference between the gross carrying amount of all loans and advances and the gross carrying amount of unsecured loans and advances, and will include both the secured and the unsecured part of the loan.</p> <p>In case of overcollateralization shall be disclosed the gross carrying amount of the loan.</p>
030	<p><b>Of which secured with immovable property</b></p> <p>Loans collateralized by immovable property shall include loans and advances formally secured by residential or commercial immovable property collateral, independently of their loan/collateral ratio (commonly referred as 'loan-to-value') and the legal form of the collateral, as defined in paragraph 86(a) of Part 2 of Annex V to Commission Implementing Regulation (EU) 680/2014.</p>
040	<p><b>Of which instruments with LTV higher than 60% and lower or equal to 80%</b></p> <p>The loan-to-value (LTV) ratio shall be calculated using the calculation method specified for 'LTV Current' in the Recommendation of the European Systemic</p>

	Risk Board on closing real estate data gaps (ESRB/2016/14) <sup>5</sup> . Institutions shall disclose the gross carrying amount of loans and advances having an LTV ratio higher than 60% and lower or equal to 80%.
050	<b>Of which instruments with LTV higher than 80% and lower or equal to 100%</b> Institutions shall disclose the gross carrying amount of loans and advances having an LTV ratio higher than 80% and lower than or equal to 100%.
060	<b>Of which instruments with LTV higher than 100%</b> Gross carrying amount of loans and advances having a LTV ratio higher than 100%.
070	<b>Accumulated impairment for secured assets</b> For secured debt instruments, accumulated impairment shall be calculated as the cumulative amount of impairment losses, net of use and reversals that has been recognised, where appropriate for each of the impairment stages (paragraph 70 of Part 2 of Annex V to Commission Implementing Regulation (EU) 680/2014). The accumulated impairment related to the unsecured part of a partially secured or partially guaranteed exposure shall be included in this row.
090	<b>Collateral – of which value capped at the value of exposure</b> Amounts disclosed for collateral received shall be calculated in accordance with paragraph 239 of Part 2 of Annex V to Commission Implementing Regulation (EU) 680/2014. The sum of the amounts disclosed for collateral in this row shall be capped at the carrying amount of the related exposure.
100	<b>Of which immovable property</b> The part of the collateral consisting of residential or commercial immovable property (point (a) of paragraph 173 of Part 2 of Annex V to Commission Implementing Regulation (EU) 680/2014). The sum of the amounts disclosed for collateral in this row shall be capped at the carrying amount of the related exposure.
110	<b>Collateral – of which value above the cap</b> In this row, the difference between the actual value of the collateral and the capped value of the collateral (carrying amount of the related exposure) shall be disclosed (institutions shall not apply for the calculation of the actual value of the collateral paragraph 239 of Part 2 of Annex V to Commission Implementing Regulation (EU) 680/2014).
120	<b>Of which immovable property</b> The difference between the actual value and the capped value of the part of the collateral consisting of residential or commercial immovable property (point (a) of paragraph 173 of Part 2 of Annex V to Commission Implementing Regulation (EU) 680/2014).
130	<b>Financial guarantees received</b> As defined in paragraph 114 of Part 2 of Annex V to Commission Implementing Regulation (EU) 680/2014.

<sup>5</sup> RECOMMENDATION OF THE EUROPEAN SYSTEMIC RISK BOARD of 31 October 2016 on closing real estate data gaps (ESRB/2016/14) (OJ C31/1, 31.1.2017)

140	<p><b>Accumulated partial write-off</b></p> <p>This is to include the accumulated partial amount at the reference date of principal and accrued past-due interest and fees for any debt instrument that has been de-recognised to date using either of the methods described in paragraph 74 of Part 2 of Annex V to Commission Implementing Regulation (EU) 680/2014, to be disclosed because the institution has no reasonable expectation of recovering the contractual cash flows. These amounts are to be disclosed until the total extinguishment of all the institution's rights by expiry of the statute-of-limitations period, forgiveness or another cause, or until recovery. Therefore, where the written-off amounts are not recovered, they are to be disclosed while they are subject to enforcement activities.</p> <p>Write-offs constitute a de-recognition event and relate to a financial asset in its entirety or (in the case of a partial write-off) to a portion of it, including where the modification of an asset leads the institution to give up its right to collect cash flows either on a portion or on the entirety of that asset.</p>

Row number	Explanation
010	<b>Property, plant and equipment (PP&amp;E)</b> The stock of collateral obtained by taking possession that remains recognised in the balance sheet at the reporting reference date and that is classified as PP&E shall be disclosed in this row.
020	<b>Other than PP&amp;E</b> The stock of collateral obtained by taking possession that remains recognised in the balance sheet at the reporting reference date and is not classified as PP&E will automatically be disclosed in this row. The total stock will be calculated taking into account the initial stock (since the end of the last financial year), and the inflows and the outflows that occurred during the disclosure period (since the end of the last financial year). Collateral obtained by taking possession (other than PP&E) is disclosed in rows by type of collateral.
030	<b>Residential immovable property</b> Collateral obtained by taking possession of residential property (e.g. houses, apartments, etc.) or property with potential use in the future as such (e.g. unfinished residential property etc.).
040	<b>Commercial immovable property</b> Collateral obtained by taking possession of commercial or industrial property that can be used for business and/or investment purposes, or of any immovable property that is not residential property, as described above. Land (both non-agricultural and agricultural) shall also be included in this category.

050	<b>Movable property (auto, shipping, etc.)</b> Collateral obtained by taking possession of property other than immovable property shall be disclosed in this row.
060	<b>Equity and debt instruments</b> Collateral obtained by taking possession of equity or debt instruments shall be disclosed in this row.
070	<b>Other collateral</b> Collateral obtained by taking possession not falling into the categories of the other rows. If the amount disclosed in this row is relatively material, institutions are asked to provide additional information in the narrative accompanying this template.
