

## Instructions regarding UK ISPV reporting templates

### General comment:

This section contains additional instructions in relation to the UK ISPV reporting templates included in the Forms chapter of the ISPV Part of the PRA Rulebook. The first column of the tables identifies the items to be reported by identifying the cells as presented in the templates.

The UK ISPV reporting templates cover the quantitative aspects of UK ISPV reporting requirements. Chapter 5A of the ISPV Part of the Rulebook sets requirements for the qualitative aspects of UK ISPV reporting requirements.

Where the UK ISPV wishes to complement the quantitative reporting with a particular justification, the explanation is not to be submitted within the reporting template, but shall be included within the narrative part of the submission of information by the UK ISPV to the PRA.
