### Amendments to the Glossary of definitions

In this Annex, underlining indicates new text and striking through indicates deleted text, unless otherwise stated.

Insert the following new definition in the appropriate alphabetical position. The text is not underlined.

*retail pool* the pool of *classes* to which the *FSCS* allocates levies as described in *FEES* 6.5A [to follow].

Delete the following definition.

~~*sub-class* one of the classes of *participant firms* within a *class* set out in *FEES* 6 Annex 3 R being sub-classes that carry on business of a similar nature or have other common characteristics, to which *compensation costs* and *specific costs* are allocated in accordance with *FEES* 6.4 and *FEES* 6.5. Class A (Deposits) is to be treated as being made up of a single *sub-class*.~~

Amend the following definitions as shown.

*annual eligible income* (in *FEES*) (in relation to a *firm* and a ~~*sub-class*~~) the annual income (as described in *FEES* 6 Annex 3R) for the *firm's* last financial year ended in the year to 31 December preceding the date for submission of the information under *FEES* 6.5.13R attributable to that ~~*sub-class*~~. A *firm* must calculate *annual eligible income* from such annual income in one of the following ways:

...

*base costs* ~~*management expenses, other than establishment costs,*~~ which are not dependent on the level of ~~*claims*~~ made on the *FSCS* attributable to any particular class.

*class* ...

(5) (in *FEES*) one of the ~~broad~~ classes to which *FSCS* allocates levies as described in *FEES* 6.5.7R.

*compensation costs* the costs incurred:

...

(e) by virtue of section 61 (Sources of compensation) of the Banking Act 2009;

(including the costs of paying interest, principal and other costs of borrowing to pay such costs).

*levy limit*

(in *FEES*) the maximum aggregate amount of *compensation costs* and *specific costs* that may be allocated to a particular ~~*sub-class*~~ or *class* in one financial year as set out in *FEES* 6 Annex 2R.

##### General structure

- 6.1.4 G Section 213(3)(b) of the *Act* requires the *FSA* to make *rules* to enable the *FSCS* to impose levies on *authorised persons* in order to meet its expenses. These expenses include in particular expenses incurred, or expected to be incurred, in paying compensation, borrowing or insuring risks.
- 6.1.4A G Section 224F of the *Act* enables the *FSA* to make *rules* to enable the *FSCS* to impose levies on *authorised persons* (or any class of *authorised persons*) in order to meet its management expenses incurred if, under Part 15A of the *Act*, it is required by HM Treasury to act in relation to *relevant schemes*. But those *rules* must provide that the *FSCS* can impose a levy only if the *FSCS* has tried its best to obtain reimbursement of those expenses from the *manager of the relevant scheme*.
- 6.1.5 G The *FSCS* may impose three types of levy: a *management expenses levy* (consisting of a *base costs levy* and a *specific costs levy*), a *compensation costs levy* and a *MERS levy*. The *FSCS* has discretion as to the amount and timing of the levies imposed.
- 6.1.6 G In calculating a *compensation costs levy*, the *FSCS* may include ~~anticipated compensation costs for defaults expected to be determined~~ in the 12-month period following the date of the levy. The total amount of all *management expenses levies* attributable to a financial year ~~will be restricted to~~ may not exceed the amount set out on an annual basis in *FEES 6 Annex 1R*.
- 6.1.7 G In order to allocate a share of the amount of *specific costs and compensation costs* to be funded by an individual *participant firm*, the funding arrangements are split into ~~five~~ eight *classes*: the ~~deposit~~ deposits *class*; the life and pensions provision *class*; ~~the general insurance~~ provision *class*; the investment provision *class*; ~~the life and pensions~~ intermediation *class*; the home finance intermediation *class*; ~~the investment~~ intermediation *class* and the general insurance intermediation *class*. The ~~business carried on~~ permissions held by a *participant firm*

determines determine into which *class*, or *classes*, it falls.

- 6.1.8 G ~~Within each *class* there are one or more *sub-classes*. These relate to different types of activity carried on by *participant firms* within each *class*. Within a *class*, individual *participant firms* are allocated for funding purposes to one or more *sub-classes*, depending on their business activities. This, together with the The provisions on the allocation of levies to *sub-classes* up to their *levy limits*, ~~meets~~ meet a requirement of section 213(5) of the *Act* that the *FSA*, in making rules to enable the *FSCS* to impose levies, must take account of the desirability of ensuring that the amount of the levies imposed on a particular class of *authorised person* reflects, so far as practicable, the amount of claims made, or likely to be made, in respect of that class of person. ~~The deposit *class* is made up of a single *sub-class*. This means that a reference to a *sub-class* will, unless the context otherwise requires, include a reference to the *deposits class*.~~~~

The management expenses levy

...

- 6.1.10 G A *management expenses levy* ~~under *COMP*~~ may consist of two elements. The first is a *base costs levy*, for the base costs of running the *compensation scheme* in a financial year, that is, costs which are not dependent upon the level of activity of the *compensation scheme* and which therefore are not ~~referable~~ attributable to any specific ~~default~~ class.

...

- 6.1.11 G The second element of a *management expenses levy* is a *specific costs levy* for the "specific costs" of running the *compensation scheme* in a financial year. These costs ~~depend on the number of claims and types of default~~ are attributable to a class, and include the ~~salaries~~ salary costs of the certain staff of the *FSCS* and claims handling and legal and other professional fees ~~paid in respect of particular defaults~~. It also may include the cost of any insurance cover that *FSCS* secures against the risk of *FSCS* paying out claims above a given level in any particular *sub-class* (but below the *levy limit* for that *sub-class* for the year) ~~or the cost of commercial borrowing to allow *FSCS* to pay claims attributable to a particular *sub-class* in advance of the next levy. Where a *levy limit* has been reached and *FSCS* secures borrowing in order to pay claims allocated to another *sub-class* in accordance with the rules on allocation in *FEES* 6.5.2R, the costs of borrowing are attributable to the *sub-class* whose *levy limit* has been reached. The specific costs *specific costs* are allocated attributed to the *sub-class* which is responsible for those costs ~~under *COMP*, on the basis of the *protected claims* against that *person*. When the *FSCS* imposes a *specific costs levy*, the levy is allocated to the *class* which is responsible for those costs up to the relevant *levy limits*. The *FSCS* may include in a *specific costs levy* the specific costs *specific costs* that the *FSCS* expects to incur (including in respect of defaults not yet declared at the date of the levy) during the financial year of the *compensation scheme* to which the levy relates. The amount that each *participant firm* pays towards the *specific costs levy* is calculated by reference to the amount of business~~~~

conducted by the *firm* in each of the *sub-classes* to which the *FSCS* has allocated ~~specific costs~~ specific costs. Each *sub-class* has a separate "tariff base" for this purpose, set out in *FEES* 6 Annex 3R. *Participant firms* may be exempt from contributing to the *specific costs levy*.

...

The compensation costs levy

- 6.1.14 G ~~The In imposing a compensation costs levy in each financial year of the compensation scheme is made up of the FSCS~~ will take into account the *compensation costs* which the *FSCS* has incurred and has not yet recovered from *participant firms* raised through levies, (less any recoveries it has made using the rights that have been assigned to it or to which it is subrogated), together with and those *compensation costs* it expects to incur (including in respect of defaults yet to be declared) over the 12 months following the date of the levy.
- 6.1.15 G *Compensation costs* are principally the costs incurred in paying compensation. Costs incurred:
- (1) in securing continuity of long-term insurance; or
  - (2) in safeguarding *eligible claimants* when insurers are in financial difficulties; or
  - (3) in making payments or giving indemnities under *COMP* 11.2.3R and; or
  - (4) as a result of the *FSCS* being required by HM Treasury to make payments in connection with the exercise of the stabilisation power under Part 1 of the Banking Act 2009; or
  - (5) in paying interest, principal and other costs from borrowing to allow the *FSCS* to pay claims attributable to a particular class;

are also treated as *compensation costs*. Compensation costs are attributed to the class which is responsible for the costs. For funding purposes, When the *FSCS* imposes a *compensation costs levy* these costs are allocated by the *FSCS*, and met by *participant firms*, in the same way as *specific costs* the levy is allocated to the class which is responsible for the costs up to relevant *levy limits* and then in accordance with the allocation provisions in ~~*FEES* 6.5.2R~~. Certain classes may be funded, for *compensation costs levies* beyond the *class levy limit*, by the *retail pool*.

Participant firms that are members of more than one class

- 6.1.16 G If a *participant firm* is a member of more than one *sub-class* the total *compensation costs levy* and *specific costs levy* for that *firm* in a particular year will be the aggregate of the individual levies calculated for the ~~firm~~ *firm* in respect of each of the *sub-classes* for that year. Each *sub-class* has a *levy limit* which is the maximum amount of *compensation costs* and

*specific costs* which may be allocated to a particular *sub-class* in a financial year for the purposes of a levy. ~~Once the costs attributable to a particular *sub-class* have exceeded the *levy limit* the excess costs are allocated to the other *sub-class* in the same *class*, up to the *levy limit* of that other *sub-class*, and thereafter allocated to a 'general retail pool' of all the other *sub-classes* whose *levy limits* have not been reached (with the exception of the home finance providers). The amount of the excess cost to be allocated to each particular *sub-class* in the general retail pool is calculated pro-rata in accordance with the relative size of the *levy limit* of that *sub-class* to the sum of the *levy limits* of the remainder of the *sub-classes* in the general retail pool whose *levy limits* have not been reached. In the case of the deposits *class*, once the costs attributable to that class have exceeded the *levy limit* the excess costs are allocated to the general retail pool. The use made by FSCS of borrowing facilities to provide liquidity until the next levy does not affect this allocation of costs.~~

- 6.1.16A G ~~FSCS may consider obtaining insurance cover, if available, against the risk that the value of claims FSCS pays out exceeds the *levy limits* of, or given levels within, particular *classes*. Any costs associated with the insurance would be allocated proportionally to the *classes* intended to benefit from that insurance. [deleted]~~

Incoming EEA firms

- 6.1.17 G *Incoming EEA firms* which obtain cover or 'top up' under the provisions of COMP 14 are firms whose *Home State* scheme provides no or limited compensation cover in the event that they are determined to be in default. Under FEES 6.6, the FSCS is required to consider whether *incoming EEA firms* should receive a discount on the amount that they would otherwise pay as their share of the levy, to take account of the availability of their *Home State* cover. The amount of any discount is recoverable from the other members of the *incoming EEA firm's sub-class*.

### 6.3 The FSCS's power to impose levies

~~General limits on levies~~ Imposing management expenses and compensation costs levies

- 6.3.1 R The FSCS may at any time impose a *management expenses levy*, ~~or a *compensation costs levy* or a *MERS levy*~~, provided that the FSCS has reasonable grounds for believing that the funds available to it to meet relevant expenses are, or will be, insufficient, taking into account expenditure already incurred, actual and expected recoveries and:
- (1) in the case of a *management expenses levy*, the level of the FSCS's ~~anticipated~~ expected expenditure in respect of those expenses in the financial year of the *compensation scheme* in relation to which the levy is imposed; ~~and~~

- (2) in the case of a *compensation costs levy*, the level of the *FSCS's* ~~anticipated~~ expected expenditure in respect of *compensation costs* in the 12 *months* immediately following the levy.

...

- 6.3.2A G The *FSCS* will usually levy once in each financial year (and in respect of *compensation costs*, for expenditure expected in the period of 12 *months* following 1 July in that year). However, if the *compensation costs* or *specific costs* incurred, or expected to be incurred, exceed the amounts held, or reasonably expected to be held, to meet those costs, the *FSCS* may, at any time during the financial year, do one or more of the following:
- (1) impose an interim *compensation costs levy* or *management expenses levy*; or
  - (2) utilise other sources of funding such as commercial borrowing or other borrowing including from the National Loans Fund; or
  - (3) utilise money collected from *firms* as set out in, and subject to, *FEES* 6.3.17R (Management of funds).

The *FSCS* will generally impose a levy rather than borrow or utilise funds as described in (3), unless the latter options appear to it to be preferable in the specific circumstances prevailing at the relevant time; for example, to address short-term liquidity issues, or in order to deal with a significant failure without having to wait for a levy to be imposed or collected.

- 6.3.3 G ~~The *FSCS* may impose one or more levies in a financial year to meet its *management expenses*, its *compensation costs* or its *management expenses* in respect of *relevant schemes*. The *FSCS* may also impose interim levies, as part of its overall levy commitment. This flexibility allows the *FSCS* to phase its financing over the course of a financial year and thus avoid collecting levies from firms before the money is actually needed. The *FSCS* has committed itself in the Memorandum of Understanding with the *FSA* (the text of which can be found on the *FSA* website [www.fsa.gov.uk](http://www.fsa.gov.uk)) to publish regularly an indicative timetable for its levy procedures and its policy in respect of levying.~~

...

#### Imposing a MERS levy

- 6.3.4A R The *FSCS* may at any time impose a *MERS levy* provided that the *FSCS* has reasonable grounds for believing that the funds available to it to meet relevant expenses are or will be insufficient, taking into account relevant expenses incurred or expected to be incurred in the 12 *months* following the date of the levy.

Limits on compensation costs and specific costs levies on ~~sub-classes and~~

classes

- 6.3.5 R The maximum aggregate amount of *compensation costs* and *specific costs* for which the *FSCS* can levy each ~~sub-class~~ and *class* in any one financial year of the *compensation scheme* is limited to the amounts set out in the table in *FEES* 6 Annex 2R.

...

Management of funds

- 6.3.11 R The *FSCS* must hold any amount collected from a *specific costs levy* or *compensation costs levy* to the credit of the *classes* and ~~relevant sub-classes~~, in accordance with the allocation established under *FEES* 6.4.6R and *FEES* 6.5.2R.

...

- 6.3.13 R Interest earned by the *FSCS* in the management of funds held to the credit of a ~~sub-class~~ must be credited to that ~~sub-class~~, and must be set off against the *management expenses* or *compensation costs* allocated to that ~~sub-class~~.

- 6.3.14 R The *FSCS* must keep accounts which ~~show~~ include:
- (1) the funds held to the credit of each *class* and ~~relevant sub-class~~; and
  - (2) the liabilities of that *class* and ~~relevant sub-class~~.

- 6.3.15 R ~~The *FSCS* may use the money collected from *firms* within one *class* to pay *compensation costs* in respect of any *sub-class* within that *class* so long as it ensures that this is done without prejudice to the *participant firms* from whom the money has been collected. [deleted]~~

- 6.3.15A G ~~*FEES* 6.3.15R deals with how the *FSCS* may use money available to it and does not affect the *rules* on allocation in *FEES* 6.5.2R. Therefore the requirement that the procedure in *FEES* 6.3.15R should not prejudice the *participant firms* does not apply to an allocation under *FEES* 6.5.2R. [deleted]~~

- 6.3.16 G *FEES* 6.3.15R means that, for example:
- (1) when crediting interest under *FEES* 6.3.13 R, the *FSCS* should regard any money collected from one ~~sub-class~~ which has been used to pay the *compensation costs* of another ~~sub-class~~ within the same *class* as standing to the credit of the first ~~sub-class~~;
  - (2) the *FSCS* should not raise a levy under *FEES* 6.3.1R on a ~~sub-class~~ solely because, as a result of the *FSCS's* action under *FEES* 6.3.15R, there appear to be insufficient funds available to the credit of the ~~sub-class~~ to meet its expenses; and

- (3) ~~(2) would not be applicable to the extent that the funds used are in respect of costs allocated to the *sub-class* in accordance with the rules on allocation in FEES 6.5.2 R(1) and (2). [deleted]~~
- 6.3.17 R (1) The *FSCS* may use any money held to the credit of one *class* (the creditor *class*) to pay ~~compensation costs~~ compensation costs or specific costs in respect of attributable or allocated by way of levy to another *class* (the debtor *class*) if the *FSCS* has reasonable grounds to believe that this would be more economical than borrowing funds from a third party or raising a levy.
- (2) Where the *FSCS* acts in accordance with (1), it must ensure that:
- ...
- (c) the amount lent by the creditor *class* to the debtor *class* is taken into account by the *FSCS* when considering whether to impose a ~~compensation costs levy~~ compensation costs levy on the creditor *class* under FEES 6.3.1R.
- 6.3.18 G FEES 6.3.17R deals with how *FSCS* may use money already available to it and does not affect the rules on levy allocation in FEES ~~6.5.2R~~ 6.4, 6.5 and 6.5A. ~~Therefore FEES 6.3.17R(2)(a), (b) and (c) do not apply where the costs otherwise attributable to one debtor *class* are allocated to the creditor *class* in accordance with the rules on allocation in FEES 6.5.2R.~~
- 6.3.19 R Unless FEES 6.3.20R applies, any recoveries made by the *FSCS* in relation to *protected claims* must be credited to the ~~*sub-classes*~~ to which the related *compensation costs* were allocated was attributable.
- 6.3.20 R (1) ~~This rule applies where~~ Where the *FSCS* makes recoveries in relation to *protected claims* where a related *compensation costs* levy would have been ~~met by~~ allocated to a *sub-class* (sub-class A) had the *levy limit* for sub-class A not been reached and have therefore been met by has been allocated to another *sub-class* or *sub-classes* in the retail pool, the recoveries must be applied:
- (a) first, to the *classes* to which the costs levied were allocated in accordance with FEES 6.5A in the same proportion as those *classes* contributed, up to the total amount of that allocation plus interest at a rate equivalent to the Bank of England's Official Bank Rate from time to time in force; and
- (b) thereafter, to class A.
- (2) This rule applies even though the recovery is made in a subsequent financial year.
- (3) ~~Recoveries referred to in (1) must be applied in the following order of priority:~~

- (a) ~~(if the *compensation costs* were allocated to the general retail pool (see *FEES 6.5.2 R(2)*) to the *classes* and *sub-classes* to which the costs were allocated in accordance *FEES 6.5.2 R(2)* in the same proportion as those *classes* and respective *sub-classes* contributed, up to the total amount of that allocation plus interest at a rate equivalent to the Bank of England's repo rate from time to time in force;~~
- (b) ~~(if the *compensation costs* were allocated to the other *sub-class* in the same *class* as sub-class A) to that other *sub-class* up to the total amount of that allocation plus interest at a rate equivalent to the Bank of England's repo rate from time to time in force; and~~
- (c) ~~sub-class A. [deleted]~~

...

- 6.3.21 R If the *FSCS* has more funds (whether from levies, recoveries or otherwise) to the credit of a *sub-class* than the *FSCS* believes will be required to meet levies on that *sub-class* for the next 12 *months* it may refund the surplus to members or former members of the *sub-class* on any reasonable basis.

...

Firms acquiring businesses from other firms

- 6.3.22C R (1) This *rule* applies to the calculation of the levies of a *firm* (A) if:
- (a) either:
    - (i) A acquires all or a part of the business of another *firm* (B), whether by merger, acquisition of goodwill or otherwise; or
    - (ii) A became authorised as a result of B's simple change of legal status (as defined in *FEES 3 Annex 1R Part 6*);
  - (b) B is no longer liable to pay a levy; and
  - (c) that acquisition or change takes place after the date to which, or as of which, A's most recent statement of business under *FEES 6.5.13R* is drawn up so far as concerns the *sub-classes* covered by B's business.
- (2) A must pay an additional amount equal to the levy that would have been payable by B in relation to the relevant business and relevant *sub-classes* if the acquisition or change in status had not taken place and B had remained liable to pay levies. The amount is based on the most recent information supplied by B under *FEES 6.5.13R*. A is included in the *sub-classes* applicable to the relevant business.

## 6.4 Management expenses

...

### Base costs levy

- 6.4.5 R ~~Unless Subject to FEES 6.3.22R applies,~~ the FSCS must calculate a *participant firm's* share of a *base costs levy* by:
- (1) identifying the *base costs* which the FSCS has incurred, or expects to incur, in the relevant financial year of the *compensation scheme*, but has not yet levied; ~~and:~~
    - (a) allocating 50% of those *base costs* as the sum to be levied on participants in activity groups A.1, A.3, A.4, A.5 and A.6 (as listed in FEES 4 Annex 1R); and
    - (b) allocating 50% of those *base costs* as the sum to be levied on participants in all the activity groups listed in FEES 4 Annex 1R;
  - (2) calculating the amount of the *participant firm's regulatory costs* as a proportion of the total *regulatory costs* relating to all *participant firms* for the relevant financial year; ~~and:~~
    - (a) if the *participant firm* belongs to any of the activity groups in (1)(a), imposed by the FSA in respect of those groups; and
    - (b) if the *participant firm* belongs to any of the activity groups in (1)(b), imposed by the FSA in respect of those groups; and
  - (3) applying the proportion calculated in (2)(a) (if any) to the ~~figure~~ sum in (1)(a), and the proportion calculated in (2)(b) (if any) to the sum in (1)(b).

- 6.4.5A G The effect of FEES 6.4.5R is that if a *participant firm* belongs to activity groups in both (1)(a) and (1)(b) of that rule, it will be required to pay a share of the *base costs levy* in respect of both sets of activity groups.

### Specific costs levy

- 6.4.6 R The FSCS must allocate any *specific costs levy* amongst the relevant ~~*sub-classes*~~ in proportion to the amount of relevant costs ~~arising from, or expected to arise from, claims in respect of~~ arising from the different activities ~~represented by~~ for which *firms* in those *sub-classes* have permission up to the *levy limit* of each relevant *class*.

- 6.4.7 R The *FSCS* must calculate a *participant firm's* share of a *specific costs levy* (subject to *FEES* 6.3.22R (Adjustments to calculation of levy shares) by:
- (1) identifying each of the relevant *sub-classes* to which the *participant firm* belongs, using the statement of business most recently supplied under *FEES* 6.5.13R;
  - (2) identifying the *management expenses* other than *base costs* which the *FSCS* has incurred, or expects to incur, in the relevant financial year of the *compensation scheme*, allocated to the *sub-classes* identified in (1), but not yet levied;
  - (3) calculating, in relation to each relevant *sub-class*, the *participant firm's* tariff base as a proportion of the total tariff base of all *participant firms* in the *sub-class*, using the statement of business most recently supplied under *FEES* 6.5.13R;
  - (4) applying the proportion calculated in (3) to the figure in (2); and
  - (5) if more than one *class* ~~or *sub-class*~~ is relevant, adding together the figure in (4) for each *sub-class*.

...

- 6.4.10A R (1) This *rule* deals with the calculation of:
- ...
- (c) the tariff base for the ~~*class* or *sub-classes*~~ *classes* that relate to the relevant *permissions* or extensions, as the case may be.

...

...

## 6.5 Compensation costs

- 6.5.1 R ~~The *compensation costs levy* is made up of *compensation costs* incurred by the *FSCS*, together with any *compensation costs* expected to be incurred in the 12 *months* following the levy date, and which in each case have not already been subject to a levy. [deleted]~~
- 6.5.2 R The *FSCS* must allocate any *compensation costs levy* ~~to the *sub-classes* in proportion to the amount of *compensation costs* arising from, or expected to arise from, claims in respect of the different activities represented by those *sub-classes* up to the *levy limit* of each relevant *sub-class* and thereafter in the following order:~~
- (1) ~~any excess must be allocated to the other *sub-class* in the same *class* up to the *levy limit* of that other *sub-class* (except in the deposit *class*, for which there is only one *sub-class*); and any excess must be allocated to the other *sub-class* in the same *class* up to the *levy limit*~~

of that other *sub-class* (except in the *deposit class*, for which there is only one *sub-class*) first, to the *classes* in proportion to the amount of *compensation costs* arising from, or expected to arise from, claims in respect of the different activities for which *firms* in those *classes* have *permission* up to the *levy limit* of each relevant *class*; and

- (2) ~~any excess above the *levy limit* of the *class* must be allocated to each other *sub-class*, other than the home finance provision *sub-class* E1, whose *levy limit* has not been reached (the 'general retail pool'), in proportion to the relative sizes of the *levy limits* of those remaining *sub-classes* in the general retail pool thereafter, where the *levy limit* has been reached (whether as a result of *compensation costs* or *specific costs* or both) for a *class* whose attributable costs may be allocated to the *retail pool*, to the *retail pool* in accordance with FEES 6.5A.~~

- 6.5.2A G The use made by FSCS of borrowing facilities to provide liquidity until the next levy does not affect the attribution of *compensation costs*, nor the allocation of costs incurred or anticipated *compensation cost levies*; the allocation of a *compensation costs levy* occurs at the time that the FSCS imposes a levy.
- 6.5.2B G The calculation of the relative sizes of the *levy limits* for the purpose of ~~FEES 6.5.2R(2) (including any allocations caused by the exhaustion of a receiving *sub-class*) is based on the original *levy limit* for the *sub-classes* (as set out in FEES 6 Annex 2R) and not the remaining capacity in each *sub-class*. [deleted]~~
- 6.5.2C G ~~When FSCS allocates excess *compensation costs levies* otherwise attributable to a *class* which has reached its *levy limit*, in accordance with FEES 6.5.2R(2), a *sub-class* to which any excess has been allocated (the 'receiving *sub-class*') may, as a result of that allocation, itself reach its *levy limit*. In that case, the effect of FEES 6.5.2R is that any resulting excess levy beyond the *levy limit* of the receiving *sub-class* is to be allocated amongst the remaining *sub-classes* whose *levy limits* have not been reached, to the exclusion of the receiving *sub-class*. This process is repeated until the *compensation costs levy* has been met in full or the general retail pool has been exhausted. [deleted]~~
- 6.5.3 R If a *participant firm* which is in default has carried on a *regulated activity* other than in accordance with a *permission*, the FSCS must ~~allocate~~ treat any *compensation costs* or *specific costs* arising out of that activity to the relevant *sub-class* which covers that activity or if a *levy limit* of the relevant *sub-class* or *class* has been exceeded, FSCS must allocate any *compensation costs levy* on the same basis as set out in FEES 6.5.2R as if the relevant *permission* were held by the *participant firm*.
- 6.5.4 R If the relevant *person* in default is an *appointed representative*, the FSCS must ~~allocate~~ treat any *compensation costs* or *specific costs* arising out of a *regulated activity* for which his *principal* has not accepted responsibility to the relevant *sub-class* for that activity or if a *levy limit* of the relevant *sub-*

~~class or class has been exceeded, FSCS must allocate any compensation costs levy on the same basis as set out in FEES 6.5.2R as if the principal had accepted responsibility.~~

- 6.5.5 R (1) A *participant firm* must pay to the FSCS a share of each *compensation costs levy* allocated to the classes of which it is a member unless either the *firm* is exempt under FEES 2 (Exemption) or the FSCS has chosen to exercise its discretion under FEES 6.3.23R in respect of that *firm*.
- (2) ~~If a levy relates solely to costs allocated in excess of a particular levy limit (1) does not apply to a participant firm member of the sub-class or class whose levy limit has been exceeded. [deleted]~~
- 6.5.6 R The FSCS must calculate each *participant firm's* share of a *compensation costs levy* (subject to FEES 6.3.22R (Adjustments to calculation of levy shares)) by:
- (1) identifying each of the ~~sub-classes~~ to which each *participant firm* belongs, using the statement of business most recently supplied under FEES 6.5.13R(1);
  - (2) identifying the *compensation costs* falling within FEES 6.5.1R allocated, in accordance with FEES 6.5.2R, to the ~~sub-classes~~ identified in (1);
  - (3) calculating, in relation to each relevant ~~sub-class~~, the *participant firm's* tariff base as a proportion of the total tariff base of all *participant firms* in the ~~sub-class~~, using the statement of business most recently supplied under FEES 6.5.13R;
  - (4) applying the proportion calculated in (3) to the figure in (2); and
  - (5) if more than one ~~class or sub-class~~ is relevant, adding together the figure in (4) for each ~~sub-class~~.

~~Sub-classes~~ Classes and tariff bases for compensation cost levies and specific costs levies

- 6.5.7 R When calculating a *participant firm's* share of a *compensation costs levy* or *specific costs levy* allocated to each ~~sub-class~~ the FSCS must use the ~~sub-classes~~ and tariff bases as set out in the table in FEES 6 Annex 3R.

- 6.5.13 R (1) Unless exempt under *FEES* 6.2.1R, a *participant firm* must provide the *FSCS* by the end of February each year (or, if it has become a *participant firm* part way through the financial year, by the date requested by the *FSA*) with a statement of:
- (a) ~~sub-classes~~ to which it belongs; and
  - (b) the total amount of business (measured in accordance with the appropriate tariff base or tariff bases) which it conducted, in respect of the most recent valuation period (as specified by *FEES* 6 Annex 3R (Financial Services Compensation Scheme - classes and ~~sub-classes~~)) ending before the relevant year in relation to each of those ~~sub-classes~~.

...

- (3) ~~This rule does not apply in relation to the home finance provision sub-class E1. Therefore any reference in the Handbook to information that is or must be supplied under this rule must be read, in the case of sub-class E1, as if it referred to the corresponding provisions relating to FSA periodic fees. [deleted]~~

- 6.5.13A G For example, when the tariff base for a particular ~~sub-class~~ is based on a *firm's annual eligible income* the valuation period for that ~~sub-class~~ is the *firm's* last financial year ending in the year to 31 December preceding the financial year of the *FSCS* for which the calculation is being made. This table belongs to FEES 6.5.8G

	Calculation of annual eligible income for firms in <i>sub-class</i> D1 who carry out discretionary fund management and are in FSA fee block A7
--	--

-1.1	G	The tariff base for <i>sub-class</i> D1 is calculated by taking gross income falling into <i>sub-class</i> D1 and then deducting commission, fees and similar amounts rebated to customers or passed on to other <i>firms</i> (for example, where there is a commission chain). ...
...		
1.2	G	<i>Annual eligible income</i> should exclude
		income received or receivable from assets managed on a non-discretionary basis, being assets that the <i>firm</i> has a contractual duty to keep under continuous review but in respect of which prior specific consent of the client must be obtained for proposed transactions, as this activity is covered in <i>sub-class</i> D2 (the investment intermediation <i>sub-class</i> ).
...		
		Calculation of annual eligible income for firms in sub-class D1 and who carry out activities within <del>FSA</del> <u>FSA</u> fee block A9
2.1	G	The calculation of income in respect of activities falling into <i>sub-class</i> D1 and <i>FSA</i> fee block A9 should be based on the tariff base provisions for that fee block (in Part 2 of <i>FEES</i> 4 Annex 1R). ...
2.2	G	Although the calculation should be based on the one for fee block A9, the calculation is not the same. <i>FSA</i> fee block A9 is based on gross income. <i>Sub-class</i> <u>Class</u> D1 is based on net income retained.
		Calculation of annual eligible income for a firm in <del>sub-class</del> B2 or <del>sub-class</del> C2

		Difficulties in calculating annual eligible income
4.1	G	The purpose of Note 2 in the section of notes at the end of <i>FEES</i> 6 Annex 3R (Financial Services Compensation Scheme - classes <del>and sub-classes</del> ) is to deal with the practical difficulties of allocating income correctly between different <i>sub-classes</i> and in deciding whether income falls outside <i>FEES</i> 6 Annex 3R altogether. ...

5.2	G	The figures for gross technical liabilities and mathematical reserves of a <i>non-directive friendly society</i> for the purpose of calculating its tariff base in <i>sub-class</i> B1 (General Insurance Provision) and C1 (Life and Pensions Provision) are based on a valuation. ...

## TP 7 Transitional provisions relating to changes to the FSCS levy arrangements taking effect in 2013/14

- 7.1 R As at 31 March 2013, the *FSCS* must:
- (1) allocate any surplus or deficit in the balance of an activity group in respect of *base costs*, as listed in *FEES* 4 Annex 1R, to the account of that activity group as at 1 April 2013; and
  - (2) take that surplus or deficit (so allocated) into account when calculating the amount to be levied under *FEES* 6.4.5R in respect of the financial year commencing on 1 April 2013.

### Part 2: Comes into force on 1 April 2014

## 6 Financial Services Compensation Scheme Funding

### 6.1 Application

...

General structure

...

- 6.1.6 G In calculating a *compensation costs levy*, the *FSCS*:
- (1) for claims for protected deposits, may include *compensation costs* expected in the 12-month period following the date of the levy. ~~The total amount of all *management expenses levies* attributable to a financial year will be restricted to the amount set out on an annual basis in *FEES* 6 Annex 1R.~~ and
  - (2) for other protected claims, may include up to the greater of one third of the *compensation costs* expected in the 36-month period following the date of the levy, or the *compensation costs* expected in the 12 months following that date.

- 6.1.6A G The total amount of all *management expenses levies* attributable to a financial year will be restricted to the amount set out on an annual basis in *FEES* 6 Annex 1R.

...

The compensation costs levy

- 6.1.14 G In imposing a *compensation costs levy* in each financial year of the *compensation scheme* the *FSCS* will take into account the *compensation costs* which the *FSCS* has incurred and has not yet raised through levies, any recoveries it has made using the rights that have been assigned to it or

to which it is subrogated and a further amount calculated taking into account:

- (1) for claims for protected deposits, those *compensation costs* it expects to incur (including in respect of defaults yet to be declared) ~~over~~ in the 12 months following the date of the levy; and
- (2) for other protected claims:
  - (a) the compensation costs it expects to incur in the 12 months following the date of the levy; or, if greater
  - (b) one third of the compensation costs it expects to incur in the 36 months following the date of the levy (see FEES 6.3.1R (Imposing management expenses and compensation costs levies)).

...

### 6.3 The FSCS's powers to impose levies

Imposing management expenses and compensation costs levies

- 6.3.1 R The *FSCS* may at any time impose a *management expenses levy* or a *compensation costs levy*, provided that the *FSCS* has reasonable grounds for believing that the funds available to it to meet relevant expenses are, or will be, insufficient, taking into account expenditure already incurred, actual and expected recoveries and:
- (1) in the case of a *management expenses levy*, the level of the *FSCS's* expected expenditure in respect of those expenses in the financial year of the *compensation scheme* in relation to which the levy is imposed; ~~and~~
  - (2) in the case of a *compensation costs levy* relating to *claims for protected deposits*, the level of the *FSCS's* expected expenditure in respect of *compensation costs* in the 12 months following the levy; and
  - (3) in the case of a compensation costs levy relating to other protected claims,
    - (a) the FSCS's expenditure in respect of compensation costs expected in the 12 months following the levy; or, if greater
    - (b) one third of the FSCS's expenditure in respect of compensation costs expected in the 36 months following the levy.
- 6.3.2A G The *FSCS* will usually levy once in each financial year (and in respect of *compensation costs*, for expenditure expected in the period of 12 months or, if greater, one third of the expenditure expected in the period of 36

months following 1 July in that year)...

**4.2 Obligation to pay periodic fees**

...

4.2.7B R (1) This rule deals with the calculation of:

[FCA/  
PRA]

- (a) a *firm's* fees for its second and subsequent financial year. ~~This is~~ These are the FSA financial year years following the FSA financial year in which it was given *permission* and/or was authorised or registered under the *Payment Services Regulations* or the *Electronic Money Regulations* or had its *permission* and/or *payment services* activities extended (the relevant permissions); and
- (b) the tariff base for the fee block or fee blocks that relate to each of the relevant permissions.
- (2) ~~Unless this rule says otherwise, the tariff base for a firm's second financial year is calculated using projected valuations for its first year (as provided to the FSA in the course of the firm's application), of the business to which the tariff relates. The starting point for calculating the fees referred to in (1)(a) is determining whether or not the firm's tariff base for the relevant FSA financial year can be calculated using data from a complete period (as specified in FEES 4 Annex 2R or FEES 4 Annex 11R) that begins on or after the date that the firm obtained the relevant permission to which that tariff base relates.~~
- (a) If it can, the firm must use that data for calculating its tariff base.
- (b) If it cannot, the tariff base must be calculated using the projected valuations for its first year of the business to which the tariff relates (as provided to the FSA in the course of the firm's application), unless (5)(b) or 5(c) applies.
- (3) ...
- (4) A reference to the “FSA financial year” means the 12 months ending with 31 March.
- (5) ~~The rest of this rule only applies to a firm that becomes authorised or registered or extends its permission and/or payment services activities on or after 1 April 2009.~~
- (a) ~~If a firm's tariff base is calculated using data from a period that begins on or after the date that the firm obtains the relevant permission to which that tariff base relates, the firm must use that data. [deleted]~~
- (b) ~~Unless (a) applies, if~~ If a firm:
- (i) receives a relevant permission between 1 April and 31 December inclusive; and
- (ii) ...

...

(c) ~~if~~ If a firm, satisfies, the following conditions it must calculate its tariff base under (d):

- (i) ~~the firm receives a relevant permission between 1 April and 31 December inclusive; and is but for this rule, required to calculate its tariff base for the relevant permission by reference to the firm's financial year ended in the calendar year ending on the 31 December before the start of the FSA financial year and, since obtaining the relevant permission, the firm has yet to complete a full financial year ended in the calendar year ending on the 31 December before the start of the FSA financial year; or~~
- (ii) ~~the firm's tariff base for that relevant permission is, but for this rule, calculated by reference to the firm's financial year ended in the calendar year ending on the 31 December before the start of the FSA financial year or the twelve months ending 31 December before the start of the FSA financial year is, but for this rule, required to calculate its tariff base by reference to the twelve months ending on the 31 December before the start of the FSA financial year and, since obtaining the relevant permission, the firm has yet to complete a full twelve months ending on the 31 December before the start of the FSA financial year;~~

it must calculate the tariff base under (d) below unless it is in its second FSA financial year and was authorised between 1 January and 1 April (in which case it must use the projected valuations provided for in (2)(b) above).

(d) If a firm satisfies either of the conditions in (c) it must calculate its tariff base as follows:

- (i) ...
- (ii) in respect of firms satisfying condition (5)(c)(i), the tariff is calculated by reference to the period beginning on the date it acquired the relevant permission relating to the tariff, and ending on either the 31 December before the start of the FSA financial year or, if earlier, the start date of the firm's financial year; and in respect of firms satisfying condition (5)(c)(ii), the tariff is calculated by reference to the period beginning on the date on which it acquired the relevant permission, and ending on the 31 December before the start of the FSA financial year;

(iii) the figures are annualised by increasing them by the same proportion as the period of 12 months bears to the period starting from when the *firm* received its relevant permission to ~~31 December~~ to the relevant period end date specified in (ii).

(e) ...

(f) Where a *firm* is required to use actual data under this *rule FEES 4 Annex 1R Part 3 and FEES 4 Annex 11R Part 4* are modified in relation to the calculation of that *firm's* valuation date in ~~its second financial year~~ the FSA financial years to which this rule applies.

New business

20.2.28A G (1) Writing new *insurance business* into a *with-profits fund* is not, of itself, automatically adverse to the interests of *with-profits policyholders*. For example, new *insurance business* which defers the emergence or distribution of surplus to a limited extent for a number of *policyholders*, or which leads to a marginal change in the equity backing ratio, may, subject to satisfying the guidance in *COBS* 20.2.60G and *COBS* 20.2.29G, reasonably be considered not to have an adverse effect on the *with-profits policyholders* in a *with-profits fund*, if the *firm's governing body* is satisfied (and can demonstrate based on appropriate analysis) that each new line of *insurance business* is likely to be financially self-supporting over the periods during which the contracts are expected to remain in force and is likely to add sufficient value to the *with-profits fund* to offset the cost of acquiring the business.

#### 1 **FSA Appropriate regulator approval and emergencies**

##### 1.1 **Application**

[**Note:** ESMA has also issued guidelines under article 16(3) of the ESMA Regulation covering various topics relating to automated trading and direct electronic access. See <http://www.fsa.gov.uk/static/pubs/other/esma-guidelines.pdf> [www.fca.org.uk](http://www.fca.org.uk)

##### 1.2 **Referring to approval by the FSA appropriate regulator**

1.2.1 G The purpose of *GEN* 1.2.2R is to prevent *clients* being misled about the extent to which the *FSA appropriate regulator* has approved a *firm's* affairs.  
[FCA/  
PRA]

1.2.2 R (1) Unless required to do so under the *regulatory system*, a *firm* must ensure that neither it nor anyone acting on its behalf claims, in a public statement or to a client, expressly or by implication, that its affairs, or any aspect of them, have the approval or endorsement of the *FSA appropriate regulator* or another competent authority.  
[FCA/  
PRA]

(2) Paragraph (1) does not apply to statements that explain, in a way that is fair, clear and not misleading, that:

...

(e) the *firm's approved persons* have been approved by the *FSA appropriate regulator* for the purposes of section 59 of the *Act* (Approval for particular arrangements);

(f) the *firm* has been given express written approval by the *FSA appropriate regulator* in respect of a specific aspect of the *firm's* affairs.

...

1.2.3 G *GEN* 1.2.2R(2)(f) is confined to written approval because of the need for clarity as to the scope of any approval given by the *FSA appropriate regulator*.  
[FCA/  
PRA]

## 1.3 Emergency

1.3.1 G The *FSA appropriate regulator* recognises that there may be occasions  
[FCA/ when, because of a particular emergency, a *person* (generally a *firm*, but in  
PRA] certain circumstances, for example in relation to *price stabilising rules*, an  
*unauthorised person*) may be unable to comply with a particular *rule* in the  
*Handbook*. The purpose of *GEN 1.3.2R* is to provide appropriate relief from  
the consequences of contravention of such a *rule* in those circumstances.

1.3.2 R ...  
[FCA/ (3) The *person* must notify the *FSA appropriate regulator* as soon as  
PRA] practicable of the emergency and of the steps it is taking and proposes  
to take to deal with the consequences of the emergency.

(4) A notification under (3) must be given to or addressed and delivered  
in accordance with *SUP 15.7* (Form and method of notification)  
(whether or not the *person* is a *firm*). If the *person* is not a *firm*, the  
notification must be given to or addressed for the attention of: Firm  
Contact Centre, The Financial Services Conduct Authority, 25 The  
North Colonnade, Canary Wharf, London E14 5HS (tel: 0845 606  
9966).

1.3.3 G A *firm* should continue to keep the *FSA appropriate regulator* informed of  
[FCA/ the steps it is taking under *GEN 1.3.2R(3)*, in order to comply with its  
PRA] obligations under *Principle 11* (Relations with regulators).

...

1.3.5 G *GEN 1.3.2R* operates on the *FSA's appropriate regulator's rules*. It does  
[FCA/ not affect the *FSA's appropriate regulator's* powers to take action against a  
PRA] *firm* in an emergency, based on contravention of other requirements and  
standards under the *regulatory system*. For example, the *FSA appropriate  
regulator* may exercise its *own-initiative power* in appropriate cases to vary  
a *firm's Part IV permission Part 4A permission* based on a failure or  
potential failure to satisfy the *threshold conditions* (see *SUP 7* (Applying  
the *FSA's Individual requirements to individual firms*) and *EG 8* (Variation  
and cancellation of permission on the *FSA's own initiative and intervention  
against incoming firms*)).

## 2 Interpreting the Handbook

...

### 2.2 Interpreting the Handbook

...

Evidential provisions

- 2.2.3 [FCA/PRA] R Any *rule* in the *Handbook* which has the status letter "E" in the margin or heading:
- (1) is to be taken also to provide that contravention of the *rule* does not give rise to any of the consequences provided for by provisions of the *Act* other than ~~section 149~~ section 138C (Evidential provisions); and
- ...
- 2.2.4 [FCA/PRA] G (1) The *rules* to which ~~section 149~~ section 138C of the *Act* applies ("evidential provisions") are identified in the *Handbook* by the status letter "E" in the margin or heading.
- (2) Other provisions in the *Handbook*, although also identified by the status letter "E" in the margin or heading, are actually not *rules* but provisions in codes and *GEN 2.2.3R* does not apply to them. These code provisions are ~~*GEN 2.1.4E*~~, and those provisions in the *Code of Practice for Approved Persons (APER 3 and APER 4)* and the *Code of Market Conduct (MAR 1)* with the status letter "E".

...

Cross-references in the Handbook

...

- 2.2.13A [FCA/PRA] R Unless a contrary intention appears, to the extent that a provision made by the *appropriate regulator* ('the referring provision') contains a cross-reference to another provision that is not made by that regulator ('the referred provision'), the referred provision is to be taken to have been made by the *appropriate regulator* to the extent necessary to make the referring provision function with the full effect indicated by the reference.

References to writing

...

- 2.2.15 [FCA/PRA] G *GEN 2.2.14R* means that, for example, electronic media may be used to make communications which are required by a provision of the *Handbook* to be "in writing", unless a contrary intention appears, or the use of electronic media would contravene some other requirement ~~such as the requirement to treat customers fairly under Principle 6~~. *GEN 2.2.14R* does not, however, affect any other legal requirement which may apply in relation to the form or manner of executing a *document* or agreement.
- 2.2.15A [FCA] G An example of a requirement relevant to whether a communication required by a provision of the *Handbook* to be "in writing" may be made by use of electronic media is the requirement to treat *customers* fairly under *Principle 6*.

...

Activities covered by general rules

2.2.17 R A *general rule* (that is a *rule* made by the appropriate regulator under [FCA/ ~~section 138 of the Act (General rule-making power)~~ the general rule making PRA] *powers*) is to be interpreted as:

...

...

Application of provisions made by both the FCA and the PRA

2.2.23 R (1) This rule applies to Handbook provisions made by both the FCA [FCA/ and the PRA. It may affect their application by the FCA to PRA- PRA] *authorised persons* and *PRA-approved persons*, and may affect their application by the PRA to any *authorised person* or *approved person*.

(2) Where a Handbook provision (or part of one) goes beyond the FCA's or PRA's powers or regulatory responsibilities, it is to be interpreted as applied by that regulator to the extent of that regulator's powers and regulatory responsibilities only.

(3) The extent of a Handbook provision is to be interpreted as cut back under GEN 2.2.23R(2) by the minimum degree necessary.

2.2.24 G The published Memorandum of Understanding between the FCA and the [FCA/ PRA] *PRA* describes their regulatory responsibilities.

2.2.25 G Examples of *rules* being interpreted as cut back by GEN 2.2.23R include [FCA/ the following: PRA]

(1) *BIPRU 4* imposes capital requirements that, for a *PRA-authorised person* such as a *bank*, are the exclusive responsibility of the *PRA*; accordingly this section is not applied by the *FCA* to a *PRA-authorised person*.

(2) *SYSC 6.1.1R* requires a *firm* to maintain adequate policies and procedures to ensure compliance with its obligations under the *regulatory system*; *SYSC 6.1.1R* should be interpreted:

(a) as applied by the *FCA* in respect of a *PRA-authorised person's* compliance with regulatory obligations that are the responsibility of the *FCA* (for example, in respect of a *bank* maintaining policies and procedures to ensure compliance with banking conduct requirements in *BCOBS*); and,

(b) as applied by the *PRA* in respect of a *PRA-authorised*

person's compliance with those regulatory obligations that are the responsibility of the PRA (for example, in respect of a bank maintaining policies and procedures to ensure compliance with financial resources requirements in BIPRU).

- (3) COMP 5.2.1R sets out types of protected claims to be covered by the FSCS. The powers of the FCA and the PRA to make this type of rule are set out in the order made under section 213(1A) of the Act. The rule must be read as applying only to the extent of those powers. For example, the PRA has no power to make COMP 5.2.1R(3) creating protected claims in connection with protected investment business, and the FCA has no power to make COMP 5.2.1R(1) as creating protected claims for a protected deposit. As such, those provisions are to be interpreted as not applied by the PRA and FCA, respectively.

### **Designation of rules etc. by the Financial Conduct Authority**

- 2 In accordance with Article 3(1) of the Designation Order and, subject to paragraph 3, the Financial Conduct Authority designates the following Relevant Instruments:
  - (1) The rules, guidance, requirements, codes, schemes, statements or directions, set out in each FSA Instrument (or part of such instrument) by which the Authority made, issued, gave, imposed or amended the part or provision of the Handbook identified with an “x” in the columns headed “FCA only” and “FCA and PRA”, in each Annex<sup>1</sup> to this Instrument; and
  - (2) (If a part or provision of the Handbook was made, issued, given, imposed or amended by the Authority other than by an FSA Instrument), the rules, guidance, requirements, codes, schemes, statements or directions, as set out in that part or provision of the Handbook identified with an “x” in the columns headed “FCA only” and “FCA and PRA”, in each Annex to this Instrument.
- 3 The designation by the Financial Conduct Authority in paragraph 2 excludes:

2.1.6 G Frequently asked questions about allocation of functions in SYSC 2.1.3R.

This table belongs to SYSC 2.1.5G.

	Question	Answer
1	...	An individual to whom a function is allocated under SYSC 2.1.3R will be performing the <i>apportionment and oversight function</i> (CF 8, see SUP 10.7.1R) and an application must be made <del>to the FSA</del> <u>under section 59 of the Act</u> for approval of the individual before the function is performed <del>under section 59 of the Act (Approval for particular arrangements)</del> . There are exceptions from this in SUP 10.1 (Approved persons – Application).
...		
7	...	Normally, yes, under SYSC 2.1.4 R, column 2. But if the <i>firm</i> is a <i>body corporate</i> and a member of a <i>group</i> , the functions may, instead of to the <i>firm's chief executive</i> , be allocated to a <i>director</i> or <i>senior manager</i> from the <i>group</i> responsible for the overall management of the <i>group</i> or of a relevant <i>group</i> division, so long as this is appropriate (see Question 3). Such individuals <del>will</del> <u>may</u> nevertheless require approval <del>by the FSA</del> <u>under section 59</u> (see Question 1). If the <i>firm</i> chooses to allocate the functions to a <i>director</i> or <i>senior manager</i> responsible for the overall management of a relevant <i>group</i> division, the <del>FSA</del> <u>appropriate regulator</u> would expect that individual to be of a seniority equivalent to or greater than a <i>chief executive</i> of the <i>firm</i> for the allocation to be appropriate. See also Question 14.

...		
14	...	The Note to SYSC 2.1.4 R provides that the <i>chief executive</i> or other executive director or <i>senior manager</i> need not be involved in such circumstances. For example, the <i>UK Corporate Governance Code</i> recommends that the board of a listed company should establish an audit committee of non-executive directors to be responsible for oversight of the audit. That aspect of the oversight function may therefore be allocated to the members of such a committee without involving the <i>chief executive</i> . Such individuals may require approval <del>by the FSA under section 59</del> in relation to that function (see Question 1).

How to interpret this section

- 14.1.6 G This section is designed to amplify *Principle 3* (Management and control) which requires that a *firm* take reasonable care to organise and control its affairs responsibly and effectively, with adequate risk management systems. This section is also designed to be complementary to *SYSC 2*, *SYSC 3* and *SYSC 13* in that it contains some additional *rules* and *guidance* on senior management arrangements and associated systems and controls for *firms* that could have a significant impact on the ~~FSA's objectives in a prudential context~~ PRA objectives.

...

#### The role of systems and controls ~~in a prudential context~~

- 14.1.10 G ~~In a prudential context, a~~ A *firm's* systems and controls should provide its senior management with an adequate means of managing the *firm*. As such, they should be designed and maintained to ensure that senior management is able to make and implement integrated business planning and risk management decisions on the basis of accurate information about the risks that the *firm* faces and the financial resources that it has.

...

#### Firms subject to risk management on a group basis

- 14.1.14 G Some *firms* organise the management of their prudential risks on a stand-alone basis. In some cases, however, the management of a *firm's* prudential risks may be entirely or largely subsumed within a whole *group* or *sub-group* basis.
- (1) The latter arrangement may still comply with the ~~FSA's prudential policy~~ PRA's policy on systems and controls if the *firm's governing body* formally delegates the functions that are to be carried out in this way to the *persons* or bodies that are to carry them out. Before doing so, however, the *firm's governing body* should have explicitly considered the arrangement and decided that it is appropriate and that it enables the *firm* to meet the ~~FSA's prudential policy~~ PRA's policy on systems and controls. The firm should notify the ~~FSA~~ PRA if the management of its prudential risks is to be carried out in this way.

...

- 14.1.15 G Any delegation of the management of prudential risks to another part of a *firm's group* does not relieve it of responsibility for complying with the ~~FSA's prudential policy~~ PRA's policy on systems and controls. A *firm* cannot absolve itself of such a responsibility by claiming that any breach of the ~~FSA's prudential policy~~ PRA's policy on systems and controls is effected by the actions of a third party *firm* to whom the *firm* has delegated tasks. The risk management arrangements are still those of the *firm*, even though personnel elsewhere in the *firm's group* are carrying out these functions on

its behalf. Thus any references in *GENPRU*, *INSPRU* or *SYSC* to what a *firm*, its personnel and its management should and should not do still apply, and do not need any adjustment to cover the situation in which risk management functions are carried out on a *group*-wide basis.

...

- 17.1.4 G Insurance risk concerns the ~~FSA in a prudential context~~ PRA because inadequate systems and controls for its management can create a threat to the *regulatory objectives* of market confidence, consumer protection and financial stability. Inadequately managed insurance risk may result in:

#### Record Keeping

- 17.1.38 G The ~~FSA's~~ PRA's high level *rules* and *guidance* for record keeping are outlined in *SYSC* 3.2.20R (Records). Additional *rules* and *guidance* ~~in relation to the prudential context~~ are set out in *SYSC* 14.1.51G to *SYSC* 14.1.64G. In complying with these *rules* and *guidance*, a *firm* should retain an appropriate record of its insurance risk management activities. This may, for example, include records of:

### Internal procedures

- 18.2.2 G (1) *Firms* are encouraged to consider adopting (and encouraged to invite their *appointed representatives* or, where applicable, their *tied agents* to consider adopting) appropriate internal procedures which will encourage workers with concerns to blow the whistle internally about matters which are relevant to the functions of the ~~FSA~~ FCA or PRA.

...

- (3) (a) *Firms* should also consider telling workers (through the *firm's* internal procedures, or by means of an information sheet available from the ~~FSA's~~ FCA's website, or by some other means) that they can blow the whistle to the ~~FSA~~ FCA, as the regulator prescribed in respect of financial services and markets matters under PIDA.

- (b) The ~~FSA~~ FCA will give priority to live concerns or matters of recent history, and will emphasise that the worker's first port of call should ordinarily be the *firm* (see Frequently Asked Questions ~~on~~ at <http://www.fsa.gov.uk/Pages/Doing/Contact/Whistle/FAQ/index.shtml> ~~at~~ [\[web address tbc\]](#)).
- (c) For the ~~FSA's~~ FCA's treatment of confidential information, see SUP 2.2.4G.

Link to fitness and propriety

- 18.2.3 G The ~~FSA~~ FCA would regard as a serious matter any evidence that a *firm* had acted to the detriment of a worker because he had made a protected disclosure (see SYSC 18.2.1G(2)) about matters which are relevant to the functions of the ~~FSA~~ FCA or PRA. Such evidence could call into question the fitness and propriety of the *firm* or relevant members of its staff, and could therefore, if relevant, affect the *firm's* continuing satisfaction of *threshold condition 5* (Suitability) or, for an *approved person*, his status as such.

Amend the following provisions as follows.

- 1.2.15 G This section also has *rules* requiring a *firm* to identify and assess risks to its being able to meet its liabilities as they fall due, how it intends to deal with those risks, and the amount and nature of financial resources that the *firm* considers necessary. *GENPRU* 1.2.60 R provides that a *firm* should document that assessment. The ~~FSA~~ *appropriate regulator* will review that assessment as part of its own assessment of the adequacy of a *firm's* capital under its *supervisory review and evaluation process (SREP)*. ## Sch 5 G Right of action for damages

1. The table below sets out the rules in *GENPRU* contravention of which by an *authorised person* may be actionable under section ~~450~~ 138D of the *Act* (Actions for damages) by a person who suffers loss as a result of the contravention.

2. If a "Yes" appears in the column headed "For private person", the rule may be actionable by a private person under section ~~450~~ 138D (or, in certain circumstances, his fiduciary or representative; see article 6(2) and (3)(c) of the Financial Services and Markets Act 2000 (Rights of Action) Regulations 2001 (SI 2001/2256)). A "Yes" in the column headed "Removed" indicates that the ~~FSA~~

FCA has removed the right of action under section ~~150(2)~~ 138D(3) of the Act. If so, a reference to the rule in which it is removed is also given.

3. The column headed "For other person" indicates whether the rule may be actionable by a person other than a private person (or his fiduciary or representative) under article 6(2) and (3) of those Regulations. If so, an indication of the type of person by whom the rule may be actionable is given.

If the group is category D1 or D3 and the average of F4 and F5 is less than 10% but F6 is greater than €6bn then select ii.

If the group is category D2 or D4 and the answer to F2 is greater than 40% AND the average of F4 and F5 is greater than 10% then select type iii.

If the group is category D2 or D4 and the answer to F2 is greater than 40% AND the average of F4 and F5 is less than 10% but F6 is greater than €6bn then select type iv.

Part 4: Other relevant information

H1	Who do you think are the relevant competent authorities for your group (i.e. supervisors in EEA States in which the group has significant regulated activity? See article 2 (17)(a) for definition of relevant competent authorities.	
H2	Who do you think should be the likely coordinator for the group (i.e. EEA supervisor of the group's most important regulated activity in the EU)? See article 10(1) and 10(2).	
H3	Do you consider that balance sheet value and solvency requirements were an appropriate criterion to determine whether a group is financial and whether cross sector activities exist? If not, do you consider there are other parameters (as referred to in article 3(5)) that would be more appropriate?	
H4	Do you have any other relevant comments? (use continuation sheet if necessary)

1. The table below sets out the rules in *BIPRU* contravention of which by an *authorised person* may be actionable under section ~~150~~ 138D of the *Act* (Actions for damages) by a person who suffers loss as a result of the contravention.

2. If so, a reference to the rule in which it is removed is also given.

3. The column headed "For other person" indicates whether the rule may be actionable by a person other than a private person (or his fiduciary or representative) under article 6(2) and (3) of those Regulations. If so, an indication of the type of person by whom the rule may be actionable is given.

- (1) The provisions of this paragraph are subject to the provisions of paragraph 5.

- (3) If default is made for a period of 7 days or more in the payment of any principal due in respect of the Loan or for a period of 14 days or more in the payment of any interest due in respect of the Loan the Lender may, in order to enforce payment, at its discretion and after taking such preliminary steps as may be necessary and after notifying the ~~FSA~~ FCA or PRA (delete as appropriate), institute proceedings for the Insolvency of the Borrower [or the Insolvency of all or any Partners\*\*]. Resources Requirement immediately thereafter; and

- (b) (if an order has been made or an effective resolution has been passed for the Insolvency of the Borrower [or if the Borrower shall be dissolved\*\*]) the Borrower being solvent at the time of payment by the Borrower; and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that the Borrower could make such payment and still be solvent immediately thereafter. - (4) For the purposes of sub-paragraph (1)(b) above a report given at any relevant time as to the solvency of the Borrower by its Insolvency Officer, in form and substance acceptable to the ~~FSA~~ FCA or PRA (delete as appropriate), shall in the absence of proven error be treated and accepted by the ~~FSA~~ FCA or PRA (delete as appropriate), the Lender and the Borrower as correct and sufficient evidence of the Borrower's solvency.
- (5) If the Lender shall receive from the Borrower [or any Partner\*\*] payment of any sum in respect of the Subordinated Liabilities where repayment is prohibited under paragraph 4(2) or when any of the terms and conditions referred to in sub-paragraphs (1) or (2) above is not satisfied the payment of such sum shall be void for all purposes and [any such sum shall be received by the Lender upon trust to return the same to the Borrower+++] [the Lender shall at any time thereafter be bound to return such sum to the Borrower, or, as the case may be, its Insolvency Officer+] (and any sum so returned shall then be treated for the purposes of the Borrower's obligations under this Agreement as if it had not been paid by the Borrower and its original payment shall be deemed not to have discharged any of the obligations of the Borrower). A request to the Lender for return of any sum under the foregoing provisions of this sub-paragraph (5) shall be in writing and shall be made by or on behalf of the Borrower or, as the case may be, its Insolvency Officer.

This document is provided as an example and is not intended to have continuing effect.

- (5) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part of them to the Senior Liabilities might be terminated, impaired or adversely affected.

## 7. DOCUMENTATION

This Agreement forms the entire agreement as to the Subordinated Liabilities. If there are any other terms relating to the Subordinated Liabilities existing at the date of this Agreement and not comprised in it such terms shall be of no further force and effect. No variation of or amendment to this Agreement shall be of any effect unless it is in writing signed by all the parties. Any amendment to this Agreement made or purported to be made without the consent of the ~~FSA~~ FCA or PRA (delete as appropriate) shall be void. For the avoidance of doubt, nothing in this paragraph requires the ~~FSA~~ FCA or PRA (delete as appropriate) to be a party to this agreement.

- (1) assign or purport to assign to any person the whole or any part of the Subordinated Liabilities;

- (3) amend or waive the terms of any document evidencing or providing for the Subordinated Liabilities;
- (4) attempt to obtain repayment of any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;

This document is provided as an example and is not intended to have continuing effect.

[Note: Before giving its consent to a transaction falling under paragraph 8(6), the ~~FSA~~ FCA or PRA (delete as appropriate) will need to be satisfied that the provider of security has waived his rights of subrogation against the Borrower until all Senior Liabilities of the Borrower have been paid in full.]

9. This Agreement shall subsist in full force and effect notwithstanding any change which may take place from time to time in the constitution or title of the Borrower by the retirement of the present partners or [either] [any] of them or the assumption of new Partners or by a change of name it being provided that:-
  - (a) a retired Partner shall continue to be liable for the payment of all sums due under this Agreement and implementation of all other obligation contained in it until such time as the Lender and the remaining Partner[s] shall agree in writing to release a retired Partner from such obligations and the ~~FSA~~ FCA or PRA (delete as appropriate) has given its written consent to the release; and
  - (b) in the event of a new partner being assumed as a Partner of the Borrower the other partners shall procure that the said assumed Partner shall become bound to the Lender as a party to this Agreement and shall execute such addendum to it as the Lender and the ~~FSA~~ FCA or PRA (delete as appropriate) may consider necessary.

The obligations and undertakings of the Borrower under this Agreement shall bind the Borrower and the Partners jointly and severally. ~~\*\*+~~]

## 10. LAW [AND JURISDICTION]

- (1) This Agreement is governed by [English law +++++] [the law of Scotland +] [the law of Northern Ireland +++++] and, for the benefit of the ~~FSA~~ FCA or PRA (delete as appropriate) solely, each of the Borrower and the Lender irrevocably submits to the jurisdiction of the [English Courts +++++] [Court of Session, Scotland +] [Northern Irish Courts +++++] (and, to the extent that it does not have a place of business within this jurisdiction, appoints [name and address of agent for service] as agent for receipt of service of process in such courts). Such jurisdiction shall be non-exclusive except to the extent that such non-exclusivity prejudices the submission to such jurisdiction.
- (2) Although not a party to the agreement, the ~~FSA~~ FCA or PRA (delete as appropriate) may in its own right enforce a term of the agreement to the extent that it purports to confer upon the ~~FSA~~ FCA or PRA (delete as appropriate) a benefit.

This document is provided as an example and is not intended to have continuing effect.

For the purposes of this sub-paragraph, the Borrower shall be solvent if it is able to pay its debts in full and in determining whether the Borrower is solvent for the purposes of this sub-paragraph there shall be disregarded obligations which are not payable or capable of being established or determined in the Insolvency of the Borrower.
- (2)
  - (a) No payment of the Subordinated Liabilities (other than in respect of interest) shall be made at any time under sub-paragraph (1) above unless the Borrower has obtained the FSA's FCA's or PRA's (delete as appropriate) prior written consent to such payment and that consent has not been withdrawn.
  - (b) The Borrower shall give or ensure that there are given to the FSA FCA or PRA (delete as appropriate) such information and auditor's certificate in relation to the proposed payment as the FSA FCA or PRA (delete as appropriate) may require.

- (5) If the Lender shall receive from the Borrower [or any Partner\*\*] payment of any sum in respect of the Subordinated Liabilities where repayment is prohibited under paragraph 4(2) or when any of the terms and conditions referred to in sub-paragraphs (1) or (2) above is not satisfied the payment of such sum shall be void for all purposes and [any such sum shall be received by the Lender upon trust to return the same to the Borrower+++] [the Lender shall at any time thereafter be bound to return such sum to the Borrower, or, as the case may be, its Insolvency Officer+] (and any sum so returned shall then be treated for the purposes of the Borrower's obligations under this Agreement as if it had not been paid by the Borrower and its original payment shall be deemed not to have discharged any of the obligations of the Borrower). A request to the Lender for return of any sum under the foregoing provisions of this sub-paragraph (5) shall be in writing and shall be made by or on behalf of the Borrower or, as the case may be, its Insolvency Officer.

- (2) redeem, purchase or otherwise acquire any of the Subordinated Liabilities;
- (3) amend any document evidencing or providing for the Subordinated Liabilities;
- (4) repay any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;
- (5) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part of them to the Senior Liabilities might be terminated, impaired or adversely affected.

## 7. DOCUMENTATION

This Agreement forms the entire agreement as to the Subordinated Liabilities. If there are any other terms relating to the Subordinated Liabilities existing at the date of this Agreement and not comprised in it such terms shall be of no further force and effect. No variation of or amendment to this Agreement shall be of any effect unless it is in writing signed by all the parties. Any amendment to this Agreement made or purported to be made without the consent of the ~~FSA~~ FCA or PRA (delete as appropriate) shall be void. For the avoidance of doubt, nothing in this paragraph requires the ~~FSA~~ FCA or PRA (delete as appropriate) to be a party to this agreement.

## 8. UNDERTAKINGS OF LENDER

The Lender will not without the prior written consent of the ~~FSA~~ FCA or PRA (delete as appropriate):-

- (1) assign or purport to assign to any person the whole or any part of the Subordinated Liabilities;

- (3) amend or waive the terms of any document evidencing or providing for the Subordinated Liabilities;
- (4) attempt to obtain repayment of any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;

This document is provided as an example and is not intended to have continuing effect.

- (5) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part of them to the Senior Liabilities might be terminated, impaired or adversely affected;
- (6) take or enforce any security, guarantee or indemnity from any person for all or any part of the Subordinated Liabilities, and the Lender shall, upon obtaining security, guarantee or indemnity in breach of this undertaking, hold the same [on trust for +++] [as agent of and for the benefit of ++] the Borrower.

[Note: Before giving its consent to a transaction falling under paragraph 8(6), the ~~FSA~~ FCA or PRA (delete as appropriate) will need to be satisfied that the provider of security has waived his rights of subrogation against the Borrower until all Senior Liabilities of the Borrower have been paid in full.]

9. This Agreement shall subsist in full force and effect notwithstanding any change which may take place from time to time in the constitution or title of the Borrower by the retirement of the present partners or [either] [any] of them or the assumption of new Partners or by a change of name it being provided that:-
  - (a) a retired Partner shall continue to be liable for the payment of all sums due under this Agreement and implementation of all other obligation contained in it until such time as the Lender and the remaining Partner[s] shall agree in writing to release a retired Partner from such obligations and the ~~FSA~~ FCA or PRA (delete as appropriate) has given its written consent to the release; and
  - (b) in the event of a new partner being assumed as a Partner of the Borrower the other partners shall procure that the said assumed Partner shall become bound to the Lender as a party to this Agreement and shall execute such addendum to it as the Lender and the ~~FSA~~ FCA or PRA (delete as appropriate) may consider necessary.

The obligations and undertakings of the Borrower under this Agreement shall bind the Borrower and the Partners jointly and severally. ~~\*\*+~~]

- (1) This Agreement is governed by [English law +++++] [the law of Scotland +] [the law of Northern Ireland +++++] and, for the benefit of the ~~FSA~~ FCA or PRA (delete as appropriate) solely, each of the Borrower and the Lender irrevocably submits to the jurisdiction of the [English Courts +++++] [Court of Session, Scotland +] [Northern Irish Courts +++++] (and, to the extent that it does not have a place of business within this jurisdiction, appoints [name and address of agent for service] as agent for receipt of service of process in such courts). Such jurisdiction shall be non-exclusive except to the extent that such non-exclusivity prejudices the submission to such jurisdiction.
- (2) Although not a party to the agreement, the ~~FSA~~ FCA or PRA (delete as appropriate) may in its own right enforce a term of the agreement to the extent that it purports to confer upon the ~~FSA~~ FCA or PRA (delete as appropriate) a benefit.

This document is provided as an example and is not intended to have continuing effect.

**Additional Guidance on the ~~FSA~~'s FCA's Assessment of ACMPs**

**PREAMBLE**

This document is intended as a guide to those areas of Credit Management Policies which the ~~FSA~~ FCA will address when considering their adequacy.

**A DEFINITION OF CREDIT AND THE MEASUREMENT OF CREDIT RISK**

The ~~FSA~~ FCA expects that *firms* have a clear definition of what is considered to be “credit risk” (by whatever name it is known) within the *firm*.

The ~~FSA~~ FCA expects *firms* to consider in depth the measurement of the extent of Credit Risk which is incurred vis a vis any given counterparty. *Firms* should be aware that the extent of credit risk incurred will not necessarily be the same as the nominal value of contracts entered into (“value at risk” concept).

The ~~FSA~~ FCA will expect that *firms* measure and monitor the extent of Credit Risk incurred vis a vis any given counterparty by reference to a system of limits showing the maximum Credit Risk which the *firm* considers it prudent to incur vis a vis that counterparty having regard for the financial strength of the counterparty.

The ~~FSA~~ FCA expects there to be adequate procedures within the *firm* for the recognition of where credit risk may be incurred, for the approval of incurring such risk, and, once incurred, for the monitoring of that risk to ensure the satisfactory recovery of all amounts owed to the *firm* by a counterparty.

**THE DECISION TO GRANT CREDIT**

...

Financial information on proposed counterparty.

In order to ascertain the financial strengths and weaknesses of a proposed counterparty the ~~FSA~~ FCA expects *firms* to revert to financial information, some examples of which are given below.

...

## **THE MONITORING OF CREDIT EXPOSURES**

Once a proposal to grant credit has been approved the ~~FSA~~ FCA will expect that there are adequate procedures in place to ensure the proper monitoring of all credit exposures entered into.

The ~~FSA~~ FCA expects the monitoring function to be separate from and managed independently of those profit centres which may benefit from the incurring of credit risk.

...

The ~~FSA~~ FCA will consider the methods by which this information is communicated e.g. memorandum, manual lists, credit procedures manuals etc.

## **COMPUTER SYSTEMS**

Where use is made of computer systems the ~~FSA~~ FCA will consider the various methods by which the integrity of databases is ensured. These could include

...

Where information is transferred between computer systems e.g. for reporting purposes or to PC based systems the ~~FSA~~ FCA will consider any reconciliations which are performed.

## **REPORTING**

The ~~FSA~~ FCA expects there to be an adequate reporting system for the monitoring of credit exposure. Many *firms* make use of a series of reports, analysing their credit exposure based on a number of different criteria. Examples of the kinds of reports which may be found useful by *firms* are given below.

...

The ~~FSA~~ FCA will give consideration to the frequency of production of reports used in monitoring credit risk.

## **CREDIT RISK MANAGEMENT/CONTROL**

The ~~FSA~~ FCA will expect to be given details of the action taken where monitoring shows that any aspect of credit exposure is not in line with previously agreed parameters.

For example where exposure is in excess of approved limits the ~~FSA~~ FCA will expect to be informed about what action is taken, where payments are not received, how this is followed up. If counterparty's financial standing deteriorates, what action is taken to attempt to mitigate possible credit loss?

## **DOCUMENTATION**

The ~~FSA~~ FCA expects *firms* to have adequate procedures in place to be certain that all transactions which require documentation are documented and that this occurs within an acceptable time frame, and that any transactions which fail to be documented are identified and reported to Senior Management for appropriate action to be taken.

The ~~FSA~~ FCA expects any staff responsible for documentation to be separate from front office/profit centres and have an independent reporting structure. This will ensure that the commercial wish to trade and do business does not cloud the negotiation of effective and binding legal documentation.

...

## **ONGOING REVIEW OF CREDIT RISK**

The ~~FSA~~ FCA expects firms to have in place adequate procedures for the annual (or more frequent) review of credit risk.

...

The ~~FSA~~ FCA will expect a *firm* to be able to explain what action may be taken as the result of review e.g. reduction of credit limit, calling for further collateral etc. Where the review indicates cause for concern.

## **DOCUMENTATION OF CREDIT POLICIES AND PROCEDURES AND CUSTOMER FILES**

The ~~FSA~~ FCA will expect *firms* to consider the manner in which their Credit Policies are documented. Areas for comment could include:

...

## **Appendix 62: Netting**

...

## **CROSS-PRODUCT NETTING**

### ***Introduction***

The ~~FSA~~ FCA will consider granting rule waivers in order to permit firms to take account of cross-product netting in the calculation of their Counterparty Risk Requirement (CRR) in instances where the ~~FSA~~ FCA regards it appropriate.

The current drafting of the ~~FSA~~'s FCA's Financial Rules for securities and futures firms allows "similar" types of transactions to be netted (where those transactions are covered by a valid netting agreement, with a supporting legal opinion). In practice, similar has been defined as all transactions which fall within a particular CRR Rule treatment. Thus, currently, for the calculation of CRR in relation to exposures to a counterparty which are covered by valid

netting arrangements, a firm would be required to assess, for example, a net exposure for all derivative transactions with that counterparty and a separate net exposure for all repo type transactions with that counterparty.

The ~~FSA~~ FCA will consider granting waivers in accordance with *SUP* 8, though in general it will expect the following conditions to be met:

1. For the types of transaction which the firm is seeking to net, the firm must have the capability to monitor, and must in practice manage, the resultant exposures on a net basis.
2. All transactions which the firm is seeking to net must be covered by valid netting agreements and supported by legal opinions, in accordance with the requirements of the ~~FSA's~~ FCA's Financial Rules; and
3. Where underlying netting agreements are linked by a master netting agreement, the legal opinion must address the enforceability of the netting arrangements in their entirety;

One factor that the ~~FSA~~ FCA will consider in assessing whether a particular applicant meets these requirements is whether the firm has had the use of its ACMP sanctioned for the purposes of calculating CRR.

Note: Forms 3.1 and 9.1 in Annex D both contain the same Schedule 2, for the parts listed below, thus the below amendments apply to both.

## Schedule 2

Such jurisdiction shall be non-exclusive except to the extent that non-exclusivity prejudices the submission to the jurisdiction.

The following notes do not form part of the *services and costs disclosure document*.

**Note 1 – permission to use the keyfacts logo:** the *FSA-FCA* has developed a common keyfacts logo to be used on significant pieces of information directed to *clients*. The keyfacts logo and the text “about our services and costs” may only be used and positioned as shown in the *services and costs disclosure document* (see *COBS* 6.3.4R). The logo may be re-sized and re-coloured. It may only be used if it is reasonably prominent and its proportions are not distorted. A specimen of the keyfacts logo can be obtained from the *FSA-FCA* website [http://www.fsa.gov.uk/pubs/other/keyfacts\\_logo](http://www.fsa.gov.uk/pubs/other/keyfacts_logo) [web address tbc].

**Note 2 –** insert the *firm's* or *appointed representative's* or *tied agent's* name (either the name under which it is *authorised* or the name under which it trades). A corporate logo or logos may be included. If an individual who is employed or engaged by an *appointed representative* or *tied agent* provides the information, the individual should not put his or her own name on the *services and costs disclosure document*.

**Note 3 –** insert the address of the head office and/or if appropriate the principal place of business from which the *firm*, *appointed representative* or *tied agent* expects to conduct business (this can include a *branch*) with *clients*. (An *appointed representative* or *tied agent* should include its own name and address rather than those of the *authorised firm*.)

**Section 2: Which service will we provide you with?**

**Note 4 –** the *firm* should select, for example by ticking, the box(es) which are appropriate for the service that it expects to provide to the *client*. This needs to be done only in relation to the service the *firm* is offering to a particular *client*. More than one box can be selected if more than one service is being offered to a particular *client*. If more than one box is selected, the *firm* should clearly explain the different nature of the services by adding text to this section, such that the explanation of the services the *firm* offers under this section is fair, clear and not misleading. Do not remove boxes that are not selected.

The *firm* should tick the first box in section 2 if it will be providing *independent advice*.

The *firm* should tick the second box in section 2 if it will be providing *restricted advice*, including *basic advice* (on *stakeholder products*).

The *firm* should tick the third box in section 2 if it will not be providing advice.

**Note 5 –** if the *services and costs disclosure document* is provided by an *appointed representative*

or *tied agent*, the service described should be that offered by the *appointed representative* or *tied agent*.

**Note 6** – if the *firm* selects this box and the *firm* does not consider all *retail investment products*, the *firm* should include an explanation of the types of products it does consider, in a way that meets the *fair, clear and not misleading rule*. For example, if a *firm* only considers ethical and socially responsible investments, this should be explained here.

**Note 7** – if the *firm* selects this box, it will be offering:

- (a) products from a limited number of companies; or
- (b) products of a single company or single group of companies; or
- (c) its own products (e.g. where the *firm* is a *product provider* offering only its own products, or is part of a *product provider* offering only the products sold under that part’s trading name); or
- (d) *basic advice* on *stakeholder products*; or
- (e) limited types of products; or
- (f) limited types of products from a single company or from a limited number of companies.

The *firm* should replace the preceding text with the relevant text as set out below. If the *firm* does not select this box, then no amendments should be made to the preceding text.

(a)	“Restricted advice – We will advise and make a recommendation for you after we have assessed your needs. We [can] <b>[Note a]</b> only offer products from a limited number of companies. You may ask us for a list of the companies whose products we offer.” <b>[Note b]</b> .
(b)	“Restricted advice – We will advise and make a recommendation for you after we have assessed your needs. We [can] <b>[Note a]</b> only offer products from [name of provider].” or if the provider has only one product the <i>firm</i> should amend the text to the singular, for example “We [can] <b>[Note a]</b> only offer a pension from [name of provider].”
(c)	“Restricted advice – We only offer our own products. We will advise and make a recommendation for you after we have assessed your needs. You may ask us for a list of the products we offer advice on.” <b>[Note e]</b>
(d)	“Restricted advice – We will provide basic advice on a limited range of stakeholder products and in order to do this we will ask some questions about your income, savings and other circumstances, but we will not conduct a full assessment of your needs or offer advice on whether a non-stakeholder product may be more suitable.” <b>[Note c]:</b> “We [can] <b>[Note a]</b> offer products from a single stakeholder product provider.”; or “We [can] <b>[Note a]</b> offer products from a limited number of stakeholder product providers You may ask us for a list of the companies whose products we offer.” <b>[Note b]</b> ; or “We only offer our own stakeholder products.”
(e)	“Restricted advice – We will advise and make a recommendation for you after we have assessed your needs. We only offer advice on limited types of

	products. You may ask us for a list of the products we offer.” [Note b]
(f)	“Restricted advice – We will advise and make a recommendation for you after we have assessed your needs. We offer advice on limited types of products (which we offer from [a single company] [from a limited number of companies] [Note d]). You may ask us for a list of the companies and products we offer advice on.” [Note b]

[Note a] – insert “can” if the *firm’s* range of products is determined by any contractual obligation.

[Note b] – the list of products will be the range of *retail investment products* that is appropriate having regard to the services that the *firm* is providing, or may provide, to the *client*. For services provided in relation to non-investment insurance contracts, this is the list required by *ICOB*S 4.1.6R(2).

[Note c] – the *firm* should insert one of the three statements, whichever is relevant.

[Note d] – the *firm* should select this option if it does not only offer its own products. The *firm* should insert one of the two statements, whichever is relevant.

[Note e] – the *firm* should only select this option if it only offers its own products.

#### Section 4: What will you have to pay us for our services?

**Note 8** – in this section, the *firm* should outline how it intends to charge its *clients* for the services provided. If the *firm* is not intending to provide a *personal recommendation* it should refer to the notes under “Non-advised services” below. If the *firm* is intending to provide a *personal recommendation*, it should refer to the notes under “Advised services”. If the *firm* is providing both a *personal recommendation* and “non-advised” services, the *firm* should set out the charging arrangements for the non-advised and advised services separately, and make clear which charging arrangements apply to which service using appropriate sub-headings.

**Note 9** – a *firm* should disclose all of the charging arrangements it offers its *clients*, from the alternatives of *adviser charge, fee, commission* or a combination.

**Note 10** – if applicable, a *firm* should disclose to the *client* the possibility that other costs including taxes (for example VAT), related to transactions in connection with the *packaged product* and that are not paid via the *firm* or imposed by it, may arise for the *client*.

#### Notes for non-advised services

**Note 11** – any reference in this section to “*commission*” means *commission* and *commission equivalent*.

**Note 12** – a *firm* that is not proposing to give *personal recommendations* on *packaged products* can amend this section accordingly. The *firm* need not provide information regarding payment options but should provide at this section at least a statement explaining that the *client* will be told how much the *firm* will be paid before the *firm* carries out any business for the *client* and honour that undertaking. For example, “We will tell you how we get paid and the amount before we carry out any business for you.” If a *firm* chooses to provide the *client* with the total price in this section and any part of that price is to be paid in or represents an amount of foreign currency, the *firm* should provide an indication of the currency and the applicable currency conversion rates and costs.

**Note 13** – in order to comply with *COBS* 2.3.1R as qualified by 2.3.2R, *firms* receiving non-monetary benefits may wish to disclose those benefits in summary form here, under the heading “**Other benefits we may receive**”. If a *firm* does so, it should provide the undertaking described in *COBS* 2.3.2R(1) (to provide further details on request) in writing, in this section and honour that undertaking. However, it is not the purpose of this section to provide significant or extensive explanation of non-monetary benefits such that it distracts from the wider purpose of the document.

*For example*

“We sell a range of products from a variety of firms; some of these firms provide us with annual training, which allows us to offer you a better service. This year we expect to receive in total [XX] hours worth of training from XYZ, ABC and DEF firms, predominantly from ABC. Some of the cost of this training may be passed to you as part of the total charges you pay should you choose a product provided by XYZ, ABC or DEF. Further information regarding these arrangements is available on request.”

### **Notes for advised services**

**Note 14** – *firms* proposing to provide a *personal recommendation on packaged products* should use the following notes to provide information to the *client* on the *firm*’s charging structure and the *client*’s payment options.

**Note 15** – a *firm* should include here its charging structure, outlining as closely as possible the services that it offers and the charge for each service. The *firm* should ensure that this is presented in clear and plain language and, as far as practicable, uses cash terms.

**Note 16** – the charging structure should be expressed in pounds sterling or, where relevant, another appropriate currency. Where a *firm*’s charging structure is in non-cash terms, examples in cash terms should be used to illustrate how the charging structure will be applied in practice. Where a *firm* uses hourly rates in its charging structure, it should state whether the rates are actual or indicative and provide an approximate indication of the number of hours a particular service may take. If a *firm* chooses to provide the *client* with the total *adviser charge* in this section and any part of that *adviser charge* is to be paid in or represents an amount of foreign currency, the *firm* should provide an indication of the currency and the applicable currency conversion rates and costs.

*For example*

Our charging structure

Service	Initial charge	Ongoing charge for twice yearly reviews
Review of your pension arrangements (pre-retirement)	Charged at £100 per hour (exc. VAT) - approx. 4-6 hours	
Advice on what to do with your pension fund (at retirement)	Charged at £130 per hour (exc. VAT) - approx. 2-3 hours	
Where to put your savings (for those with up to £25,000 to invest)	3% of your investment, if you go ahead with our recommendations	Service available on request for 0.5% of your investment per year

**Note 17** – where a *firm* provides an ongoing service, it should disclose the ongoing service that will be offered and that there will be an *adviser charge* for that service. The *firm* can also include in this section additional information the *client* would receive before the provision of the *personal recommendation* or related services.

*For example*

“There will be an additional charge for any ongoing work, such as periodic or ongoing reviews, we carry out on your behalf. We will confirm the rate, frequency and length of this ongoing service before beginning any ongoing service.”

**Note 18** – a *firm* must use the headings (i) “Your payment options” and (ii) the following sub-headings as applicable: “Settling your adviser charge in a single payment” and/or “Settling your adviser charge by instalments”. A *firm* should outline the payment options offered to *clients* and any restrictions on these payment options. In addition, a *firm* should provide an explanation relating to each option offered in clear and plain language.

**Note 19 – Additional text to be included under the heading “Settling your adviser charge in a single payment”**

The text for describing how the *client* can settle the *adviser charge* through a single payment is not prescribed, but should be clear and in plain language. This could commence with an explanation of

the arrangements relating to the single payment of the *adviser charge*, including any specific provision as to the circumstances when an *adviser charge* will be payable (including where relevant, payment of any “non-contingent” *adviser charge* (i.e. where the *client* will be charged even if they do not purchase a product)), the type of payments accepted by the *firm* and the timing for the payment of the *adviser charge*. For example:

“Whether you buy a product or not, you will pay us an adviser charge for our advice and services, which will become payable on completion of our work.”

“You will be required to settle the payment of your adviser charge on completion of our work in [insert number of days] days. We accept cheque or card payments. We do/do not accept payment by cash. You will be provided with a receipt upon payment.”

**Note 20 – Additional text to be included under the heading “Settling your adviser charge by instalments”**

This text should be included where a *firm* is offering payment of its *adviser charge* by instalments and no ongoing service is provided. *Firms* should make it clear that the option to pay by instalment does not relate to an ongoing service. A *firm* which offers the payment of an *adviser charge* over a period of time for ongoing services should use the text in **Note 24** below.

A *firm* should note that the option for *clients* to pay their *adviser charge* by instalments is only permitted where regular premium products are recommended (see COBS 6.1.A.21R). If a *firm* offers the option to pay the *adviser charge* by instalments, the *firm* must use the headings (i) “Settling your adviser charge by instalments” and (ii) the following sub-headings as applicable: “Paying by instalments through your recommended product” and/or “Paying by other arrangements”.

The text for describing the option to pay for the *adviser charge* by instalments is not prescribed, but should be clear and in plain language. This should commence with an explanation of the arrangements relating to the payment of the *adviser charge* over time.

**Note 21 – Additional text to be included under the heading “Paying by instalments through your recommended product”**

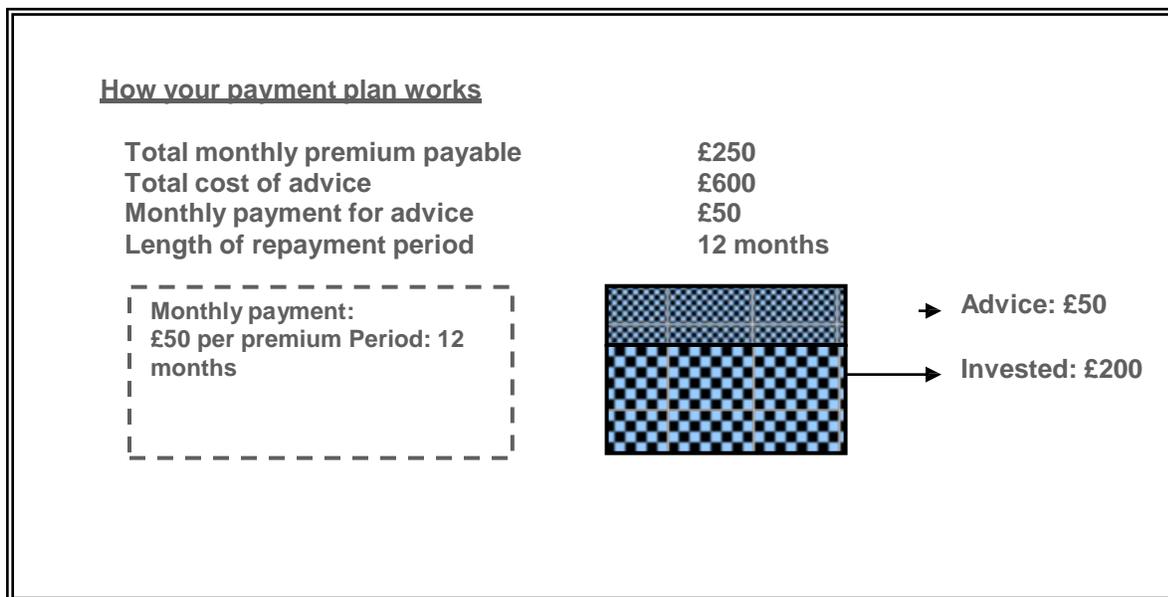

A *firm* which offers the *client* the option to have the *adviser charge* facilitated through a *retail investment product* should include this heading. The text for describing a *client’s* option to pay by instalment through the recommended *retail investment product* is not prescribed, but should be clear and in plain language. This could commence with an explanation of the arrangements including any specific provision as to the circumstances when this option is permitted/not permitted and the frequency and period over which this arrangement will operate. A *firm* could consider the use of graphical representations to ensure that the *client* understands what they are paying for, how much they are required to pay and how frequently.

*For example*

“If you buy a financial product, you can choose to have your adviser charge deducted from the product through instalments. Although you pay nothing to us up front, that does not mean that our service is free. You still pay us indirectly through deductions from the amount you pay into your

product. These deductions will pay towards settling the adviser charge. These deductions could reduce the amount left for investment.”

and

with the following text:

“You have chosen to pay for the advice you have received today through instalments. These instalments will be deducted from the premium you pay each month and allocated towards settling the adviser charge. For example, the total cost of advice is £600. You have been recommended a regular premium product of which £250 will be paid each month. £50 will be taken from this amount to pay off your adviser charge over 12 months. The remaining £200 will be invested during this time. At the end of this period the adviser charge would have been settled in full. From month 13 the full £250 will be invested.”

**Note 22 – Additional text to be included under the heading “Paying through other arrangements”**

Where a *firm* is offering the option to pay its *adviser charge* by instalments through arrangements other than facilitating payment through the recommended *retail investment product*, it must use the heading “Paying through other arrangements”. The text for describing the *client’s* option to pay through other arrangements is not prescribed, but should be in clear and plain language. This could commence with an explanation of the option to pay through other arrangements and how this could work in practice.

**Note 23 – Keeping up with your payments**

This text is not prescribed, but a *firm* must include the heading “Keeping up with your payments” if

it is offering the *client* the option to pay by instalments. In this section the *firm* should outline the implications for the *client* if they fail to keep up with their payments before the *adviser charge* has been paid, including if its recommended product is cancelled before the *adviser charge* is paid.

#### **Note 24 – Payment for ongoing services**

If a *firm* provides an ongoing service to the *client* for which there is an *adviser charge* payable over a period of time, the *firm* must include the heading “Payment for ongoing services”. The text for describing how the *client* pays for ongoing service is not prescribed but should be in clear and plain language and should also include the nature of the service to be provided.

##### *For example*

“We have a range of ongoing services we can provide to ensure that your personal recommendation is reviewed frequently and remains relevant to your changing circumstances. The frequency of the charge will depend on the service you choose and is usually made by direct debit on the 1<sup>st</sup> of every month. Ask you adviser for more details.”

“We offer an ongoing service where we review your account every 3 months and inform you of new recommendations or changes that may be relevant to your circumstances. This service is provided at a charge of [insert charge here] per month and can be either deducted from your investment or paid by direct debit. This service can be cancelled at any time. Please ask your adviser for more details.”

**Note 25** – in order to comply with *COBS* 2.3.1R as qualified by 2.3.2R, a *firm* receiving a benefit, in relation to the facilitation of the payment of an *adviser charge* may wish to disclose those benefits in summary form here, under the heading “**Other benefits we may receive**”. If a *firm* does so, it should provide the undertaking described in *COBS* 2.3.2R(1) (to provide further details on request) in writing, in this section and honour that undertaking.

##### *For example*

“ABC firm provides us with a specialised software CD-ROM and accompanying [XX] hours worth of training per annum. We use this software in processing your details when you apply for an investment product and wish to facilitate the payment of the adviser charge through deductions from your investment. Some of the cost of this software may be passed on to you as part of the total charges you pay ABC firm. Further information regarding this arrangement is available on request.”

#### **Section 5: Who regulates us?**

**Note 26** – the *firm* may omit this section for services relating to *packaged products* if the *firm* has, on first contact with the *client*, provided the *client* with its *client* agreement which contains that information. If this section is omitted, the other sections of the *services and costs disclosure document* should be renumbered accordingly.

**Note 27** – if the *firm*’s address on the *FSA Register* *Financial Services Register* differs

from that given on the *services and costs disclosure document* under Note 3, the address on the ~~FSA Register~~ *Financial Services Register* should be given in this section. If the address is the same as that given under Note 3 it should be repeated in this section.

**Note 28** – where the *authorised firm* trades under a different name from that under which it is *authorised*, it should include the name under which it is *authorised* and listed in the ~~FSA Register~~ *Financial Services Register*. It may also include its trading name(s) if it wishes.

**Note 29** – ~~an incoming EEA firm will need to modify this section if it chooses to use the services and costs disclosure document (see GEN 4 Annex 1R(2)). A tied agent that is regulated in an EEA State other than the United Kingdom will similarly need to modify this section. A UK domestic firm (or an overseas firm) will need to use the appropriate wording to describe its regulator(s) as set out in GEN 4 Annex 1R (firms that are not PRA-authorised persons) or GEN 4 Annex 1AR (PRA-authorised persons). An appointed representative will also need to use the appropriate wording for appointed representatives as set out in GEN 4 Annex 1R (firms that are not PRA-authorised persons) or GEN 4 Annex 1AR (PRA-authorised persons). An EEA incoming firm will also need to modify this section if it chooses to use the services and costs disclosure document (see GEN 4 Annex 1R(2) or (3), or GEN 4 Annex 1AR (3) or (4)). A tied agent that is regulated in an EEA State other than the United Kingdom will similarly need to modify this section.~~

**Note 30** – insert a short, plain language description of the business for which the *firm* has a *permission* which relates to the service it is providing.

**Note 31** – where the information is provided by an *appointed representative* or *tied agent*, the *appointed representative* or *tied agent* should use this text instead. The *appointed representative* or *tied agent* should give details of the *authorised firm(s)* that is its *principal(s)* for each type of service that it is providing to a particular *client*.

## Section 6: Loans and ownership

**Note 32** – omit this section where there are no relevant loan or ownership arrangements under the following notes. If this section is omitted the other sections of the *services and costs disclosure document* should be renumbered accordingly. Where the information is provided by an *appointed representative* or *tied agent*, it should cover loans made to or by that *appointed representative* or *tied agent*, or holdings in or held by that *appointed representative* or *tied agent*, as appropriate.

**Note 33** – insert, in the *firm's* own words, a short description of any direct or indirect holding of more than 10 per cent in the capital or voting power of the *firm* which is held by a provider or *operator* of a *packaged product* or by the parent of the provider or *operator*.

**Note 34** – insert, in the *firm's* own words, a short description of any direct or indirect holding of more than 10 per cent in the capital or voting power of a provider or *operator* of a *packaged product* which is held by the *firm*.

**Note 35** – insert, in the *firm's* own words, a short description of any *credit* provided to

the *firm* by a *product provider* (other than *commission* due to the *firm* in accordance with an indemnity claw-back arrangement) or by any *undertaking* in the *immediate group* of the *product provider* where the amount of the *credit* exceeds 10 per cent of the share and loan capital of the *firm*.

### **Section 7: What to do if you have a complaint**

**Note 36** – if different to the address in Note 3, give the address and telephone number which is to be used by *clients* wishing to complain.

**Note 37** – if the *firm* is carrying on an activity from an establishment which is outside the *United*

*Kingdom* it should make clear that the *Financial Ombudsman Service* will not be available. The *firm* may refer to any similar complaints scheme that may be applicable.

### **Section 8: Are we covered by the Financial Services Compensation Scheme (FSCS)?**

**Note 38** – when an *incoming EEA firm* provides the *services and costs disclosure document*, it should modify this section as appropriate.

**Note 39** – when a *firm* which is not a *participant firm* provides the *services and costs disclosure document*, it should answer this question „No“ and should state the amount of cover provided (if any) and from whom further information about the compensation arrangements may be obtained.

The following notes do not form part of the *combined initial disclosure document*.

**Note 1 – permission to use the keyfacts logo:** the ~~Financial Services Authority~~ Financial Conduct Authority has developed a common keyfacts logo to be used on significant pieces of information directed to *clients*. The keyfacts logo and the text ‘about our services and costs’ may only

be used and positioned as shown in the *combined initial disclosure document* (see COBS 6.3.4R). The logo may be re-sized and re-coloured. It may only be used if it is reasonably prominent and its proportions are not distorted. A specimen of the keyfacts logo can be obtained from the *FSA FCA* website [http://www.fsa.gov.uk/pubs/other/keyfacts\\_logo](http://www.fsa.gov.uk/pubs/other/keyfacts_logo) [web address tbc]

**Note 2** – insert the *firm's*, *appointed representative's* or *tied agent's* name (either the name under which it is *authorised* or the name under which it trades). A corporate logo or logos may be included. If an individual who is employed or engaged by an *appointed representative* or *tied agent* provides the information, the individual should not put his or her own name on the *combined initial disclosure document*.

**Note 3** – insert the head office and/or if appropriate the principal place of business from which the *firm*, *appointed representative* or *tied agent* expects to conduct business (this can include a *branch*) with *clients*. (An *appointed representative* or *tied agent* should not include the name and address of the *authorised firm* instead of its own.)

## **Section 2: Whose products do we offer? And Section 3: Which services will we provide you with?**

**Note 4** – a *firm* should describe the services that it expects to provide to the particular *client*. For services in relation to:

- *investments* – the *firm* should select, for example by ticking, the box(es) which are appropriate for the service that it expects to provide to the *client*. This needs to be done only in relation to the service the *firm* is offering to a particular *client*. More than one box can be selected if more than one service is being offered to a particular *client*. If more than one box is selected, the *firm* should clearly explain the different nature of the services by adding text to this section, such that the explanation of the services the *firm* offers under this section is fair, clear and not misleading. Do not remove boxes that are not selected.

The *firm* should tick the first box in section 2 if it will be providing *independent advice*. The *firm* should tick the second box in section 2 if it will be providing *restricted advice*, including *basic advice* (on *stakeholder products*).

- the *firm* should tick the third box in section 2 if it will not be providing advice
- *non-investment insurance contracts* – the *firm* should select more than one box if the scope of the service or the type of service it provides varies by type of contract (e.g. if it deals with a single *insurance undertaking* for motor insurance and a range of *insurance undertakings* for household insurance). If more than one box is selected, the *firm* should specify which box relates to which type of *non-investment insurance contract*, by adding text to the *combined initial disclosure document*. *Firms* should not omit the boxes not selected.
- *equity release transactions* – the *firm* should select a maximum of two boxes within this section. *Firms* should not omit the boxes not selected.

**Note 6** – if the *combined initial disclosure document* is provided by an *appointed representative* or *tied agent*, the service described should be that offered by the *appointed representative* or *tied agent*.

**Note 7** – insert “can” if the *firm*’s range of products is determined by any contractual obligation. This does not apply where a *product provider, insurer, lender, home purchase provider or home reversion provider* is selling its own products.

**Note A** – if the *firm* selects this box and the *firm* does not consider all *retail investment products*, the *firm* should include an explanation of the types of products it does consider, in a way that meets the *fair, clear and not misleading rule*. For example, if a *firm* only considers ethical and socially responsible investments, this should be explained here.

**Note B**– if the *firm* selects this box, it will be offering:

- a) products from a limited number of companies; or
- b) products of a single company or single group of companies; or
- c) its own products (e.g. where the *firm* is a *product provider* offering only its own products, or is part of a *product provider* offering only the products sold under that part’s trading name); or
- d) *basic advice on stakeholder products*; or
- e) limited types of products; or
- f) limited types of products from a single company or from a limited number of companies.

The *firm* should replace the preceding text with the relevant text as set out below. If the *firm* does not select this box, then no amendments should be made to the preceding text.

(a)	“Restricted advice – We will advise and make a recommendation for you after we have assessed your needs. We [can] [ <b>Note a</b> ] only offer products from a limited number of companies. You may ask us for a list of the companies whose products we offer.” [ <b>Note b</b> ].
(b)	“Restricted advice – We will advise and make a recommendation for you after we have assessed your needs. We [can] [ <b>Note a</b> ] only offer products from [name of provider].”  or if the provider has only one product the <i>firm</i> should amend the text to the singular, for example “We [can] [ <b>Note a</b> ] only offer a pension from [name of provider].”
(c)	“Restricted advice – We only offer our own products. We will advise and make a recommendation for you after we have assessed your needs.” You may ask us for a list of the products we offer advice on.” [ <b>Note e</b> ]
(d)	“Restricted advice – We will provide basic advice on a limited range of stakeholder products and in order to do this we will ask some questions about your income, savings and other circumstances, but we will not conduct a full assessment of your needs or offer advice on whether a non-stakeholder

	<p>product may be more suitable.”</p> <p><b>[Note c]:</b></p> <p>“We [can] <b>[Note a]</b> offer products from a single stakeholder product provider.”; or</p> <p>“We [can] <b>[Note a]</b> offer products from a limited number of stakeholder product providers You may ask us for a list of the companies whose products we offer.” <b>[Note b]</b>; or</p> <p>“We only offer our own stakeholder products.”</p>
(e)	<p>“Restricted advice – We will advise and make a recommendation for you after we have assessed your needs. We only offer advice on limited types of products. You may ask us for a list of the products we offer.” <b>[Note b]</b></p>
(f)	<p>“Restricted advice – We will advise and make a recommendation for you after we have assessed your needs. We offer advice on limited types of products (which we offer from [a single company] [from a limited number of companies] <b>[Note d]</b>). You may ask us for a list of the companies and products we offer advice on.” <b>[Note b]</b></p>

[Note a] – insert “can” if the *firm*’s range of products is determined by any contractual obligation.

[Note b] – the list of products will be the range of *retail investment products* that is appropriate having regard to the services that the firm is providing, or may provide, to the *client*. For services provided in relation to non-investment insurance contracts, this is the list required by *ICOBS* 4.1.6R(2).

[Note c] – the *firm* should insert one of the three statements, whichever is relevant.

[Note d] – the *firm* should select this option if it does not only offer its own products. The firm should insert one of the two statements, whichever is relevant.

[Note e] – the *firm* should only select this option if it only offers its own products.

**Note 10** – if the *insurance intermediary* or *insurer* deals with a different *insurance undertaking* for different types of *non-investment insurance contracts*, it should identify all the *insurance undertakings* and specify the type of contract to which they relate on the *combined initial disclosure document*. This only needs to be done in relation to the service it is offering a particular *client*. For example, “we can only offer products from ABC Insurance for motor insurance and ABC Insurance for household insurance”.

**Note 11** – if the *firm* selects this box, it will be offering the products of one provider for a particular product type. It should therefore follow the format specified in (1) below except when offering its own products, in which case it should follow (2) instead. In the case of *non-investment insurance contracts*, where the *firm* is providing a service in relation to different types of insurance, this box covers the situation where it is offering a particular type of insurance from a single *insurance undertaking*.

- (1) Insert the name of the provider, namely the *product provider* for *packaged products*, the *insurance undertaking(s)* for *non-investment insurance contracts*, the

*lender* for *regulated mortgage contracts* and *regulated lifetime mortgage contracts* and the *home reversion provider* for *home reversion plans*. For example: “We can only offer products from [name of *product provider*]”. For *non-investment insurance contracts* the type of insurance offered should also be included. For example: “We only offer ABC’s household insurance and ABC’s motor insurance.” If the provider has only one product, the *firm* should amend the text to the singular – for example: “We can only offer a mortgage from [name of *lender*]”. If the *firm* does not offer all of the *home finance transactions* generally available from that provider, it should insert the words “a limited range of” as shown in the specimen.

- (2) If the *firm* is a *product provider* offering only its own products, or is part of a *product provider* offering only the products sold under that part’s trading name, it should use this alternative text.
- (3) If the *firm* offers *home reversion plans* from only one *reversion provider*, and *lifetime mortgages* from only one *lender*, which is different from the *reversion provider*, then the *firm* should identify the *lender* and the *reversion provider* and specify the type of *equity release transaction* to which they relate. For example, “We can only offer lifetime mortgages from ABC Mortgages Ltd and home reversion plans from ABC Reversions Ltd.”

**Note 12** – if the *firm* does not give *personal recommendations* advise or give personalised information on both types of *equity release transactions*, then it should indicate to the *client* the sector that the *firm* does not cover. However, if the *firm*’s scope of service does not include *equity release transactions*, the last box (“We do not offer [lifetime mortgages] [home reversion plans]”), should be omitted.

**Note 13** – in describing the services and products provided, *firms* should omit the text in brackets that do not apply and ensure that they describe accurately their activities with respect of the services and products that they offer, as follows:

- (1) Headings and sub-headings:
  - a. If the *firm* offers both *regulated mortgage contracts* and *home purchase plans*, it should include the heading “Home Finance Products” in the *combined initial disclosure document* and describe the *regulated mortgage contracts* and *home purchase plans* that it offers under two separate sub-headings. The sub-headings (“Mortgages” and “Home Purchase Plans”) should be numbered accordingly. If the *firm* only offers one of these two products, then the heading “Home Finance Products” should be omitted and the heading will read “Mortgages” or “Home Purchase Plans”, as appropriate.
  - b. If the *firm* offers *equity release transactions*, then the heading “Home Finance Products” should be omitted and the heading will read “Equity Release

Products” (even if the *firm* offers *equity release transactions* from only one sector).

(2) Describing the products:

- a. If a *firm* gives *personal recommendations* or gives personalised information on lifetime mortgages, it should change “mortgage” to “lifetime mortgage”
- b. If a *firm* gives *personal recommendations* or gives personalised information on home reversion plans, it should use the text in brackets relating to home reversion plans.
- c. If the *firm* gives *personal recommendations* or gives personalised information on products from both equity release market sectors, then it should use the term ‘equity release products’ when referring to them collectively.

- (3) Describing the provider: If a *firm* gives *personal recommendations* or gives personalised information on *home purchase plans* or *home reversion plans*, it should change “mortgage” to “product” and “lender” to “company” or “provider”, as appropriate.

**Note 14** – for services provided in relation to *home finance transactions*, this sentence is required only where a *firm* selects this service option. It may also be omitted if a *firm* chooses to list all of the *lenders*, *home purchase providers* and *home reversion providers* it offers *home finance transactions* from in the previous line, so long as the *firm* offers all of the products generally available from each.

**Note 15** – this sentence is required only where a *firm* selects this service option. For services provided in relation to *packaged products*, the list of products will be the range of *packaged products* that is appropriate having regard to the services that the *firm* is providing, or may provide, to the *client*. For services provided in relation to *non-investment insurance contracts*, this is the list required by *ICOBS* 4.1.6R(2).

**Note 16** – if the *firm* does not select this box, it should alter the wording to say “a single group of companies” for *packaged products*, “a single insurer” for *non-investment insurance contracts*, “a single lender” for *regulated mortgage contracts* or *lifetime mortgages* and “a single company” (or “a single provider”) for *home purchase plans* and *home reversion plans*. For example: “We only offer the products from a single group of companies” should replace the text in the specimen *combined initial disclosure document*.

## Section 2: Subsection on “Compliance with Islamic law” or other beliefs

**Note 18** – This subsection is optional unless the *firm* holds itself, its *regulated mortgage contract* or *home purchase plan* products or services out as compliant with Islamic law in

the *combined initial disclosure document*. If a *firm* includes this section it should describe it as Section 2 and renumber subsequent sections accordingly.

A *firm* that wishes to hold itself, its *regulated mortgage contract* or *home purchase plan* products or services out as compliant with religious or philosophical beliefs other than Islamic law in the *combined initial disclosure document* may also use the subsection in accordance with this note and modify the wording in the section to the extent appropriate.

**Note 19** – A *firm* that carries on *home purchase activities* may omit the word “Islamic” from “Islamic home purchase plan(s)” if one or more *home purchase plans* within its scope of service is not held out as compliant with Islamic law. If “Islamic” is omitted, it should be omitted consistently throughout the document. However, a *firm* may omit the word “Islamic” in sections 5 and 8 without having to omit it throughout the document. A *firm* that wishes to hold itself, its products or services out as compliant with religious or philosophical belief other than Islamic law in the *combined disclosure document* may make appropriate amendments to references to “Islamic” and “Islamic law”.

#### **Section 4: What will you have to pay us for our services?**

**Note 20A** – in this section, the *firm* should outline how it intends to charge its *clients* for the services provided. If the *firm* is not intending to provide a *personal recommendation* it should refer to the notes under ‘Non-advised services’ below. If the *firm* is intending to provide a *personal recommendation*, it should refer to the notes under ‘Advised services’. If the *firm* is providing both a *personal recommendation* and ‘non-advised’ services, the *firm* should set out the charging arrangements for the non-advised and advised services separately, and make clear which charging arrangements apply to which service using appropriate sub-headings.

**Note 20B** – a *firm* should disclose all of the charging arrangements it offers its *clients*, from the alternatives of *adviser charge*, *fee*, *commission* or a combination.

**Note 20C** – if applicable, a *firm* should disclose to the *client* the possibility that other costs including taxes (for example VAT), related to transactions in connection with the *packaged product* and that are not paid via the *firm* or imposed by it, may arise for the *client*.

#### **Notes for non-advised services**

**Note 21** – any reference in this section to “*commission*” means *commission* and *commission equivalent*.

**Note 22** – a *firm* that is not proposing to give *personal recommendations* on *packaged products* can amend this section accordingly. The *firm* need not provide information regarding payment options but should provide at this section at least a statement explaining that the *client* will be told how much the *firm* will be paid before the *firm* carries out any business for the *client* and honour that undertaking. For example, “We will tell you how we get paid and the amount before we carry out any business for you.” If a *firm* chooses to

provide the *client* with the total price in this section and any part of that price is to be paid in or represents an amount of foreign currency, the *firm* should provide an indication of the currency and the applicable currency conversion rates and costs.

**Note 23** – in order to comply with *COBS* 2.3.1R as qualified by 2.3.2R, *firms* receiving non-monetary benefits may wish to disclose those benefits in summary form here, under the heading “**Other benefits we may receive**”. If a *firm* does so, it should provide the undertaking described in *COBS* 2.3.2R(1) (to provide further details on request) in writing, in this section and honour that undertaking. However, it is not the purpose of this section to provide significant or extensive explanation of non-monetary benefits such that it distracts from the wider purpose of the document.

*For example*

“We sell a range of products from a variety of firms; some of these firms provide us with annual training, which allows us to offer you a better service. This year we expect to receive in total [XX] hours worth of training from XYZ, ABC and DEF firms, predominantly from ABC. Some of the cost of this training may be passed to you as part of the total charges you pay should you choose a product provided by XYZ, ABC or DEF. Further information regarding these arrangements is available on request.”

#### **Notes for advised services**

**Note 24** – *firms* proposing to provide a *personal recommendation* on *packaged products* should use the following notes to provide information to the *client* on the *firm's* charging structure and the *client's* payment options.

**Note 25** – a *firm* should include here its charging structure, outlining as closely as possible the services that it offers and the charge for each service. The *firm* should ensure that this is presented in clear and plain language and, as far as practicable, uses cash terms.

**Note 26** – the charging structure should be expressed in pounds sterling or, where relevant, another appropriate currency. Where a *firm's* charging structure is in non-cash terms, examples in cash terms should be used to illustrate how the charging structure will be applied in practice. Where a *firm* uses hourly rates in its charging structure, it should state whether the rates are actual or indicative and provide an approximate indication of the number of hours a particular service may take. If a *firm* chooses to provide the *client* with the total *adviser charge* in this section and any part of that *adviser charge* is to be paid in or represents an amount of foreign currency, the *firm* should provide an indication of the currency and the applicable currency conversion rates and costs.

*For example*

### Our charging structure

Service	Initial charge	Ongoing charge for twice yearly reviews
Review of your pension arrangements (pre-retirement)	Charged at £100 per hour (exc. VAT) - approx. 4-6 hours	
Advice on what to do with your pension fund (at retirement)	Charged at £130 per hour (exc. VAT) - approx. 2-3 hours	
Where to put your savings (for those with up to £25,000 to invest)	3% of your investment, if you go ahead with our recommendations	Service available on request for 0.5% of your investment per year

**Note 27** – where a *firm* provides an ongoing service it should disclose the ongoing service that will be offered and that there will be an *adviser charge* for that service. The *firm* can also include in this section additional information the *client* would receive before the provision of the *personal recommendation* or related services.

*For example*

“There will be an additional charge for any ongoing work, such as periodic or ongoing reviews, we carry out on your behalf. We will confirm the rate, frequency and length of this ongoing service before beginning any ongoing service.”

**Note 28A** – a *firm* must use the headings (i) “Your payment options” and (ii) the following sub-headings as applicable: “Settling your adviser charge in a single payment” and/or “Settling your adviser charge by instalments”. A *firm* should outline the payment options offered to *clients* and any restrictions on these payment options. In addition, a *firm* should provide an explanation relating to each option offered in clear and plain language.

**Note 28B** – Additional text to be included under the heading “Settling your adviser charge in a single payment”

The text for describing how the *client* can settle the *adviser charge* through a single payment is not prescribed, but should be clear and in plain language. This could commence with an explanation of the arrangements relating to the single payment of the *adviser charge*, including any specific provision as to the circumstances when an *adviser charge* will be payable (including where relevant, payment of any “non-contingent” *adviser charge* (i.e. where the *client* will be charged even if they do not purchase a product)), the type of payments accepted by the *firm* and the timing for the payment of the *adviser charge*. For example:

“Whether you buy a product or not, you will pay us an adviser charge for our advice and services, which will become payable on completion of our work.”

“You will be required to settle the payment of your adviser charge on completion of our work in [insert number of days] days. We accept cheque or card payments. We do/do not accept payment by cash. You will be provided with a receipt upon payment.”

**Note 28C – Additional text to be included under the heading “Settling your adviser charge by instalments”**

This text should be included where a *firm* is offering payment of its *adviser charge* by instalments and no ongoing service is provided. *Firms* should make it clear that the option to pay by instalment does not relate to an ongoing service. A *firm* which offers the payment of an *adviser charge* over a period of time for ongoing services should use the text in **Note 30** below.

A *firm* should note that the option for *clients* to pay their *adviser charge* by instalments is only permitted where regular premium products are recommended (see *COBS* 6.1A.22R). If a *firm* offers the option to pay the *adviser charge* by instalments, the *firm* must use the headings (i) “Settling your adviser charge by instalments” and (ii) the following sub-headings as applicable: “Paying by instalments through your recommended product” and/or “Paying by other arrangements”.

The text for describing the option to pay for the *adviser charge* by instalments is not prescribed, but should be clear and in plain language. This should commence with an explanation of the arrangements relating to the payment of the *adviser charge* over time.

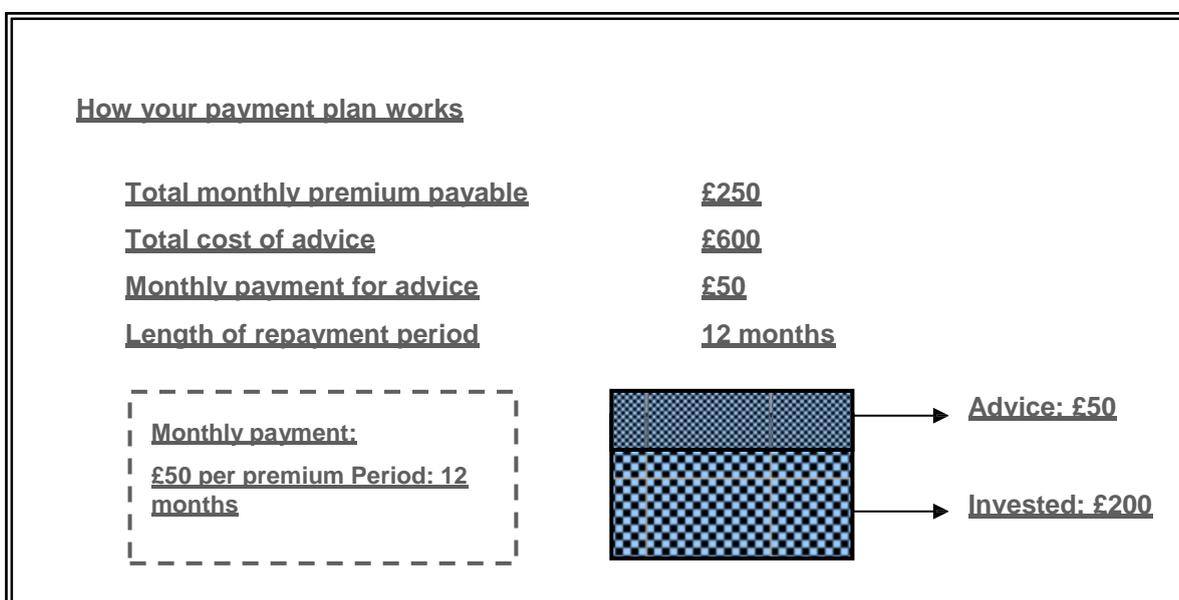

**Note 28D – Additional text to be included under the heading “Paying by instalments through your recommended product”**

A *firm* which offers the *client* the option to have the *adviser charge* facilitated through a *retail investment product* should include this heading. The text for describing a *client’s* option to pay by instalment through the recommended *retail investment product* is not prescribed, but should be clear and in plain language. This could commence with an explanation of the arrangements including any specific provision as to the circumstances when this option is permitted/not permitted and the frequency and period over which this arrangement will operate. A *firm* could consider the use of graphical representations to ensure that the *client* understands what they are paying for, how much they are required to pay and how frequently.

*For example*

“If you buy a financial product, you can choose to have your adviser charge deducted from the product through instalments. Although you pay nothing to us up front, that does not mean that our service is free. You still pay us indirectly through deductions from the amount you pay into your product. These deductions will pay towards settling the adviser charge. These deductions could reduce the amount left for investment.”

*and*

With the following text:

“You have chosen to pay for the advice you have received today through instalments. These instalments will be deducted from the premium you pay each month and allocated towards settling the adviser charge. For example, the total cost of advice is £600. You have been recommended a regular premium product of which £250 will be paid each month. £50 will be taken from this amount to pay off your adviser charge over 12 months. The remaining £200 will be invested during this time. At the end of this period the adviser charge would have been settled in full. From month 13 the full £250 will be invested.”

**Note 28E – Additional text to be included under the heading “Paying through other arrangements”**

Where a *firm* is offering the option to pay its *adviser charge* by instalments through arrangements other than facilitating payment through the recommended *retail investment product*, it must use the heading “Paying through other arrangements”. The text for describing the *client’s* option to pay through other arrangements is not prescribed, but should be in clear and plain language. This could commence with an explanation of the option to pay

through other arrangements and how this could work in practice.

### **Note 29 – Keeping up with your payments**

This text is not prescribed but a *firm* must include the heading “Keeping up with your payments” if it is offering the *client* the option to pay by instalments. In this section the *firm* should outline the implications for the *client* if they fail to keep up with their payments before the *adviser charge* has been paid, including if its recommended product is cancelled before the *adviser charge* is paid.

### **Note 30 – Payment for ongoing services**

If a *firm* provides an ongoing service to the *client* for which there is an *adviser charge* payable over a period of time, the *firm* must include the heading “Payment for ongoing services”. The text for describing how the *client* pays for ongoing service is not prescribed but should be in clear and plain language and should also include the nature of the service to be provided.

*For example*

“We have a range of ongoing services we can provide to ensure that your personal recommendation is reviewed frequently and remains relevant to your changing circumstances. The frequency of the charge will depend on the service you choose and is usually made by direct debit on the 1<sup>st</sup> of every month. Ask you adviser for more details.”

“We offer an ongoing service where we review your account every 3 months and inform you of new recommendations or changes that may be relevant to your circumstances. This service is provided at a charge of [insert charge here] per month and can be either deducted from your investment or paid by direct debit. This service can be cancelled at any time. Please ask your adviser for more details.”

**Note 31** – in order to comply with COBS 2.3.1R as qualified by 2.3.2R, a *firm* receiving a benefit, in relation to the facilitation of the payment of an *adviser charge* may wish to disclose those benefits in summary form here, under the heading “**Other benefits we may receive**”. If a *firm* does so, it should provide the undertaking described in COBS 2.3.2R(1) (to provide further details on request) in writing, in this section and honour that undertaking.

*For example*

“ABC firm provides us with a specialised software CD-ROM and accompanying [XX] hours worth of training per annum. We use this software in processing your details when you apply for an investment product and wish to facilitate the payment of the adviser charge through deductions from your investment. Some of the cost of this software may be passed on to you as part of the total charges you pay ABC firm. Further information regarding this arrangement is available on request.”

**Note 32** – if the *customer* will be charged a *fee* for *insurance mediation activities* in connection with *non-investment insurance contracts*, insert a plain language description of what each *fee* is for and when each *fee* is payable. This should include any *fees* for *advising on* or *arranging a non-investment insurance contract* and any *fees* over the life of the contract, for example, for mid-term adjustments. If a *firm* does not charge a *fee* the text in the first box should be abbreviated to ‘A fee’. If the *firm* is offering more than one type of service in connection with *non-investment insurance contracts*, the *firm* may aggregate the *fees* over all the services provided, and (if that is the case) identify the services for which there is no *fee*.

**Note 33** – if the *firm* receives commission instead of, or in addition to, *fees* from the *client* for services relating to *home finance transactions*, it should insert a plain language explanation of this (see specimen for a plain language example). If the *firm* will pay over to the *client* any commission the *firm* receives, it may refer to that fact here.

**Note 34** – insert a plain language description of when any *fees* are payable for services relating to *home finance transactions*. This description could include, for example, a cash amount, a percentage of the loan or reversion amount or the amount per hour, as appropriate. However, where a cash amount is not disclosed, one or more examples of the cash amount should be included. If a *firm* offers more than one pricing option in relation to *equity release transactions*, it should specify the pricing policy for each of them. For example, “A fee of £[XX] payable at the outset and £[YY] when you apply for a lifetime mortgage and £[ZZ] when you apply for a home reversion plan”. If a *firm* does not charge a *fee*, the text for the second box should be abbreviated to ‘A fee’.

**Note 35** – a *firm* may omit this part of the *combined initial disclosure document* on ‘Refund of fees’ if the *firm* has indicated that there will be “No fee” for services in relation to *home finance transactions* or that any *fee* will be payable only if the product completes.

**Note 36** – *firms* may select as many boxes as appropriate.

**Note 37** – insert a short, plain language description of the circumstances in which the *fee* for services in relation to *home finance transactions* is refundable or not refundable as described. If the refund policy is different depending on the *equity release transaction* in question, the *firm* should specify the refund policy for each of them. For example, “A refund of £[XX] if your lifetime mortgage application falls through and a refund of £[YY] if your home reversion plan application falls through.”

**Note 38** – a *firm* may delete this line if it does not offer a partial refund for services in relation to *home finance transactions* in any circumstances.

## **Section 5: Who regulates us?**

**Note 39** – the *firm* may omit this section for services relating to *packaged products* if the *firm* has, on first contact with the *client*, provided the *client* with its *client agreement* which contains that information. This section may be omitted for services relating to *non-investment insurance contracts* if the information covered by this section is not required by *ICOBS* or is required by *ICOBS* but is provided to the *customer* by some other means. This section may be omitted for services relating to *home finance transactions* in accordance with *MCOB* 4.4.1R(3). If this section is omitted, the other sections of the *combined initial disclosure document* should be renumbered accordingly.

**Note 40** – if the *firm*'s address on the *FSA Financial Services Register* differs from that given on the *combined initial disclosure document*, the address on the *FSA Financial Services Register* should be given in this section.

**Note 41** – where the *authorised firm* trades under a different name from that under which it is *authorised*, it should include the name under which it is *authorised* and listed in the *Financial Services FSA Register*. It may also include its trading name(s) if it wishes.

**Note 42** – A UK domestic firm (or an overseas firm) will need to use the appropriate wording to describe its regulator(s) as set out in GEN 4 Annex 1R (firms that are not PRA-authorised persons) or GEN 4 Annex 1AR (PRA-authorised persons). An appointed representative will also need to use the appropriate wording for appointed representatives as set out in GEN 4 Annex 1R (firms that are not PRA-authorised persons) or GEN 4 Annex 1AR (PRA-authorised persons). An EEA incoming firm will also need to modify this section if it chooses to use the services and costs disclosure document (see GEN 4 Annex 1R(2) or (3), or GEN 4 Annex 1AR (3) or (4)). A tied agent that is regulated in an EEA State other than the United Kingdom will similarly need to modify this section. an incoming EEA firm will need to modify this section if it chooses to use this combined initial disclosure document (see GEN 4 Annex 1R(2)). A tied agent that is regulated in an EEA State other than the United Kingdom will similarly need to modify this section.

**Note 43** – insert a short, plain language description of the business for which the *firm* has a *permission* which relates to the service it is providing.

**Note 44** – where the information is provided by an *appointed representative* or *tied agent*, the *appointed representative* or *tied agent* should use this text instead. The *appointed representative* or *tied agent* should give details of the *authorised firm(s)* that is its *principal(s)* for each type of service that it is providing to a particular *client*.

## **Section 6: Loans and ownership**

**Note 45** – omit this section where there are no relevant loan or ownership arrangements under the following notes or if the *firm* is an *insurer* selling its own *non-investment insurance contracts*. If this section is omitted the other sections of the *combined initial disclosure document* should be renumbered accordingly. If the *firm* is not providing services in relation to *packaged products*, the heading of this section should be changed to 'Ownership'. Where the information is provided by an *appointed representative* or *tied agent*, it should cover loans made to or by that *appointed representative* or *tied agent* or holdings in, or held by, that *appointed representative* or *tied agent* as appropriate.

**Notes 46, 47 and 48** apply only to a *firm* making a *personal recommendation, dealing in, or arranging* in relation to *packaged products*.

**Note 46** – insert, in the *firm's* own words, a short description of any direct or indirect holding of more than 10 per cent in the capital or voting power of the *firm* which is held by a provider or *operator* of a *packaged product* or by the parent of the provider or *operator*.

**Note 47** – insert, in the *firm's* own words, a short description of any direct or indirect holding of more than 10 per cent in the capital or voting power of a provider or *operator* of a *packaged product* which is held by the *firm*.

**Note 48** – insert, in the *firm's* own words, a short description of any *credit* provided to the *firm* by a *product provider* (other than *commission* due to the *firm* in accordance with an indemnity claw-back arrangement) or by any *undertaking* in the *immediate group* of the *product provider* where the amount of the *credit* exceeds 10 per cent of the share and loan capital of the *firm*.

**Notes 49 and 50** apply to an *insurance intermediary* providing services in relation to *non-investment insurance contracts*.

**Note 49** – insert, in the *insurance intermediary's* own words, a short description of any direct or indirect holding of more than 10 per cent in the capital or voting power of the *insurance intermediary* which is held by an *insurance undertaking* or by the parent of an *insurance undertaking*.

**Note 50** – insert, in the *insurance intermediary's* own words, a short description of any direct or indirect holding of more than 10 per cent in the capital or voting power of an *insurance undertaking* which is held by the *insurance intermediary*.

## **Section 7: What to do if you have a complaint**

**Note 51** – if different to the address in Note 3, give the address and telephone number which is to be used by *clients* wishing to complain.

**Note 52** – this text may be omitted for *non-investment insurance contracts* if the *insurance intermediary* or *insurer* is aware that a *commercial customer* would not be an *eligible complainant*.

**Note 53** – if the *combined initial disclosure document* is provided by an *authorised professional firm* which is exclusively carrying on *non-mainstream regulated activities*, the *authorised professional firm* should delete this sentence and refer to the alternative complaints handling arrangements.

**Note 54** – if the *firm* is carrying on an activity from an establishment which is outside the *United Kingdom* it should make clear that the *Financial Ombudsman Service* will not be

available. The *firm* may refer to any similar complaints scheme that may be applicable.

### **Section 8: Are we covered by the Financial Services Compensation Scheme (FSCS)?**

**Note 55** – when an *incoming EEA firm* provides the *combined initial disclosure document*, it should modify this section as appropriate.

**Note 56**- when a *firm* which is not a *participant firm* provides the *combined initial disclosure document*, it should answer this question ‘No’ and should state the amount of cover provided (if any) and from whom further information about the compensation arrangements may be obtained.

**Note 57** – where the *insurance intermediary* or *insurer* provides a service in relation to a compulsory class of insurance, such as *employers’ liability insurance*, it should use this alternative text.

## 8 Are we covered by the Financial Services Compensation Scheme (FSCS)? [Note 13] [Note 20]

---

We are covered by the FSCS. You may be entitled to compensation from the scheme if we cannot meet our obligations. This depends on the type of business and the circumstances of the claim.

Insurance advising and arranging is covered for 90% of the claim, without any upper limit.

[or] [Note 21]

For compulsory classes of insurance, insurance advising and arranging is covered for 100% of the claim, without any upper limit.

Further information about compensation scheme arrangements is available from the FSCS.

The following notes do not form part of the *initial disclosure document*.

**Note 1** – For requirements on using the keyfacts logo, see *GEN 5.1* and *GEN 5 Annex 1G*.

**Note 2** – Insert the *firm's* or *appointed representative's* name (either the name under which it is *authorised* or the name under which it trades). If an individual who is employed or engaged by an *appointed representative* provides the information, the individual should not put his or her own name on the *initial disclosure document*. A corporate logo or logos may be included.

**Note 3** – Insert the head office or if more appropriate the principal place of business from which the *firm* or *appointed representative* expects to conduct business with *customers*. An *appointed representative* should state its own name and address.

### **Section 2: Whose products do we offer?**

**Note 4** – Select, for example by ticking, the box(es) which are appropriate for the service that it expects to provide to the *customer*. More than one box can be selected if the scope of the service provided to a particular *customer* varies by type of contract, for example, if a *firm* deals with a single *insurance undertaking* for motor insurance and a range of *insurance undertakings* for household insurance. If more than one box is selected, specify which relates to which type of *policy*, by adding text to the *initial disclosure document*. This needs to be done only in relation to the service offered to a particular *customer*. Do not remove boxes that are not selected.

**Note 5** – Insert “can” if the range of *policies* is determined by any contractual obligation. This does not apply to an *insurer* selling its own products.

**Note 6** – This sentence is required only if this service option is selected.

**Note 7** – If the *firm* deals with a different *insurance undertaking* for different types of *policy*, identify all the *insurance undertakings* and specify the types of contract to which they relate. This needs to be done only in relation to the service offered to a particular *customer*. For example, “we can only offer products from ABC Insurance for motor insurance and XYZ Insurance for household insurance”.

**Note 8** – If this box is not selected, use this alternative text.

**Note 9** – An *insurer* offering only its own *policies*, or part of an *insurer* offering only *policies* sold under that part's trading name, should use this alternative text.

### **Section 3: Which service will we provide you with?**

**Note 10** – This section may be omitted if the *customer* receives this information as part of a demands and needs statement. Renumber remaining sections.

**Note 11** – Select, for example by ticking, the box which is appropriate for the service expected to be provided to the *customer*. Both boxes can be selected if different services are offered in relation to different types of *policy*. If more than one box is selected, specify which box relates to which type of *policy*. Do not remove an unselected box.

### **Section 4: What will you have to pay us for our services?**

**Note 12** – If the *customer* will be charged a *fee* for *insurance mediation activities*, insert a plain language description of what each *fee* is for and when each *fee* is payable. This should include any *fees* over the life of the contract, for example, for mid-term adjustments. If a *firm* does not charge a *fee* the first box should be abbreviated to 'A fee'. If more than one type of service is offered, *fees* may be aggregated over all the services provided and the services for which there is no *fee* identified.

### **Section 5: Who regulates us?**

**Note 13** – This section may be omitted if the information is provided by other means.  
Renumber remaining sections.

**Note 14** – ~~Modify this section for incoming EEA firms (see GEN 4 Ann 1R(2)).~~ A UK domestic firm (or an overseas firm) will need to use the appropriate wording to describe its regulator(s) as set out in GEN 4 Annex 1R (firms that are not PRA-authorized persons) or GEN 4 Annex 1AR (PRA-authorized persons). An appointed representative will also need to use the appropriate wording for appointed representatives as set out in GEN 4 Annex 1R (firms that are not PRA-authorized persons) or GEN 4 Annex 1AR (PRA-authorized persons). An EEA incoming firm will also need to modify this section if it chooses to use this initial disclosure document (see GEN 4 Annex 1R(2) or (3), or GEN 4 Annex 1AR (3) or (4)). A tied agent that is regulated in an EEA State other than the United Kingdom will similarly need to modify this section.

**Note 15** – An appointed representative should use this text instead. It should give the details of its principal for each type of policy that it is offering to a particular customer.

### **Section 6: Ownership**

**Note 16** – Omit this section (and renumber remaining sections) if there are no relevant ownership arrangements under the following notes or the firm is an insurer selling its own policies. In an initial disclosure document provided by an appointed representative, cover holdings in or held by that appointed representative, as appropriate.

### **Section 7: What to do if you have a complaint**

**Note 17** – If different to the address in note 5, give the address and telephone number which is to be used by customers wishing to complain.

**Note 18** – This text may be omitted for a customer who would not be an eligible complainant.

**Note 19** – An authorised professional firm which is exclusively carrying on non-mainstream regulated activities should delete this sentence and refer to the alternative complaints handling arrangements.

### **Section 8: Are we covered by the Financial Services Compensation Scheme (FSCS)?**

**Note 20** – An incoming EEA firm should modify this section as appropriate. A firm which is not a participant firm must answer this question 'No' and should state the amount of cover provided (if any) and from whom further information about the compensation arrangements may be obtained.

**Note 21** – Use this alternative text if providing a service in relation to a compulsory class of insurance, such as employer's liability insurance. If providing a service in relation to a contract which covers both a compulsory class of insurance and a class of insurance which is not compulsory, indicate the level of compensation that applies to each class.

**Think carefully about the product and services you need. [We can only offer services in relation to Islamic home purchase plans and cannot provide advice on standard mortgages.] [If you want [information] [or ] [advice] standard mortgages, please ask.]**  
[Note 25]

The following notes do not form part of the IDD.

## Section 1

**Note 1** – subject to this, a *firm* may use its own house style and brand.

**Note 1A** –insert the appropriate description using the words in square brackets based on the *firm's* scope of service. A *firm's* scope of service cannot combine *regulated mortgage activities* and *home purchase activities* in the same IDD. A *firm* that carries on *home purchase activities* may omit the word "Islamic" from "Islamic home purchase plan(s)" provided that it does so consistently throughout the document. However, a *firm* may omit the word "Islamic" in sections 6 and 8 without having to omit it throughout the document. A *firm* that wishes to hold itself, its products or services out as compliant with religious or philosophical beliefs other than Islamic law in the IDD may make appropriate amendments to references to 'Islamic' and 'Islamic law'

**Note 2** – the ~~Financial Services Authority~~ Financial Conduct Authority has developed a common 'keyfacts' logo to be used on significant pieces of information directed to *customers*. The 'keyfacts' logo and the text "about our [mortgage/Islamic home purchase plan] services" must be used and positioned as shown in the IDD. The logo may be re-sized, but it must be reasonably prominent and its proportions must not be distorted. When reproducing the logo, *firms* may use colour providing this does not diminish the prominence of the logo.

**Note 3** – insert the *firm's* or *appointed representative's* name (either the name under which it is *authorised* or the name under which it trades). A corporate logo or logos may be included.

**Note 4** – if the IDD is provided by an *appointed representative*, insert the name of the *appointed representative*. (If an individual who is employed or engaged by an *appointed representative* provides the information, the individual should not put his or her own name on the IDD.)

**Note 5** – insert the head office or if more appropriate the principal place of business from which the *firm* or *appointed representative* expects to conduct business with *customers*. (An *appointed representative* must not include the name and address of the *authorised firm* instead of its own.)

### Section 1A: Compliance with Islamic law

Note 5A – Section 1A is optional unless the *firm* holds itself, its products or services out as compliant with Islamic law in the IDD. If a *firm* includes Section 1A then it must describe the section on the IDD as section 2 and renumber subsequent sections accordingly.

A *firm* that wishes to hold itself, its products or services out as compliant with religious or philosophical beliefs other than Islamic law in the IDD may also use Section 1A in accordance with this note and modify the wording in the section to the extent appropriate.

## Section 2: Whose [mortgages/Islamic home purchase plans] do we offer?

**Note 6** – *firms* must select, for example by ticking, one box which is appropriate for the service which it expects to provide to the *customer*.

**Note 7** - if the IDD is provided by an *appointed representative*, the service described must be that offered by the *appointed representative*, in accordance with MCOB 4.3.10R.

**Note 8** – insert “can” if the *firm*’s range of *regulated mortgage contracts or home purchase plans* is determined by any contractual obligation.

**Note 9** – this sentence is required only where a firm selects this service option. It may also be omitted if a *firm* chooses to list all of the lenders or providers it offers *home finance transactions* from instead of the text "a limited number of [lenders/providers]", in the previous line, so long as the *firm* offers all of the mortgages or *home purchase plans* generally available from each lender or provider.

**Note 10** – if the *firm* selects this box, it must insert the name of the lender or provider. If the *firm* does not select this box, it must insert the words "a single lender/provider" instead. If the *firm* does not offer all of the mortgages or *home purchase plans* generally available from that lender or provider, it must insert the words "a limited range of", as shown. If the lender or provider only has one relevant product, the *firm* should amend the text to "We can only offer a [mortgage/home purchase plan] from [name of single lender/provider]."

**Note 11** – if the *firm* is a provider or lender offering only its own *home finance transactions*, or is part of a provider or lender offering only the *home finance transactions* sold under that part's trading name, it may use this alternative text.

## Section 4: What will you have to pay us for this service?

**Note 12** – if the *firm* receives commission instead of, or in addition to, *fees* from the *customer*, it must insert a plain language explanation of this case (see specimen for a plain language example). If the *firm* will pay over to the *customer* any commission the *firm* receives, it may refer to the fact here.

**Note 13** – insert a plain language description of when any *fees* are payable. This description could include, for example, a cash amount, a percentage of the loan amount or the amount per hour, as appropriate. However, where a cash amount is not disclosed, one or more examples of the cash amount must be included. If the *firm* offers more than one pricing option, it may illustrate each with a separate box. If a *firm* does not charge a *fee*, the text for the second box should be abbreviated to 'A fee'.

**Note 13A** – A *firm* must not include this paragraph if the services to which the IDD relates are *home purchase activities*.

## Section 5: Refund of fees

**Note 14** – if, in section 4, it has been indicated that there will be 'No fee' or that any *fee* will be payable only if the transaction completes, section 5 may be omitted altogether, and the following sections re-numbered accordingly.

**Note 15** – firms must select as many boxes as are appropriate.

**Note 16** – insert a short, plain language description of the circumstances in which the *fee* is refundable or not refundable as described.

**Note 17** – the *firm* may delete this line if it does not offer a partial refund in any circumstances

## Section 6: Who regulates us?

**Note 18** – A *firm* may choose not to include these sections if it provides the *customer* with the information required by them in some other *durable medium* before the *customer* makes an application for a *home finance transaction*. If this section is omitted, the other sections of the IDD must be renumbered accordingly.

**Note 19** – where the *authorised firm* trades under a different name from that under which it is *authorised*, it must include the name under which it is *authorised* and listed on the *FSA* register. It may also include its trading name if it wishes.

**Note 19A** – if the *firm's* address on the ~~*FSA Register*~~ *Financial Services Register* differs from that given on the IDD under **Note 5**, the address on the ~~*FSA Register*~~ *Financial Services Register* must be given in this section. If the address is the same as that given under **Note 5**, it should be repeated in this section.

**Note 19B** – where the information is provided by an *appointed representative*, the *appointed representative* must use this text instead.

**Note 20** – ~~An incoming EEA firm will need to modify this section if it chooses to use this IDD (see GEN 4 Ann 1R(2)).~~ A UK domestic firm (or an overseas firm) will need to use the appropriate wording to describe its regulator(s) as set out in GEN 4 Annex 1R (firms that are not PRA-authorised persons) or GEN 4 Annex 1AR (PRA-authorised persons). An appointed representative will also need to use the appropriate wording for appointed representatives as set out in GEN 4 Annex 1R (firms that are not PRA-authorised persons) or GEN 4 Annex 1AR (PRA-authorised persons). An EEA incoming firm will also need to modify this section if it chooses to use this initial disclosure document (see GEN 4 Annex 1R(2) or (3), or GEN 4 Annex 1AR (3) or (4)). A tied agent that is regulated in an EEA State other than the United Kingdom will similarly need to modify this section.

**Note 21** – insert a plain language description of the business for which the *firm* has *permission* in relation to either *regulated mortgage contracts* or *home purchase plans*, as relevant to the scope of service described.

## Section 7: What to do if you have a complaint

**Note 22** - if different to the address in **Note 5**, give the address and telephone number which is to be used by *customers* wishing to complain.

**Note 22A** – if the IDD is provided by an *authorised professional firm* which is exclusively carrying on *non-mainstream regulated activities*, the *authorised professional firm* should delete this sentence and refer to the alternative complaints handling arrangements.

**Section 8: Are we covered by the Financial Services Compensation Scheme (FSCS)?**

**Note 23** – when an *incoming EEA firm* provides the IDD, it must modify this section as appropriate.

**Note 24** - when a *firm* which is not a *participant firm* provides the IDD, it must answer this question 'No' and should state the amount of cover provided (if any) and from whom further information about the compensation arrangements may be obtained.

**Note 25** – a *firm* must only include this paragraph if the services to which the IDD relates are *home purchase activities*. If the *firm* does not carry on *regulated mortgage activities*, it must include the second sentence and delete the third. If the *firm* carries on *regulated mortgage activities* as well as *home purchase activities* it must omit the second sentence and include the third.

**The following notes do not form part of the IDD.**

**Note 1** – subject to this, a *firm* may use its own house style and brand.

**Note 2** – the ~~Financial Services Authority~~ Financial Conduct Authority has developed a common 'key facts' logo to be used on significant pieces of information directed to *customers*. The 'key facts' logo and the text "about our equity release services" must be used and positioned as shown in the IDD. The logo may be re-sized, but it must be reasonably prominent and its proportions must not be distorted. When reproducing the logo, *firms* may use colour providing this does not diminish the prominence of the logo. Further requirements regarding the use of the keyfacts logo are set out in *GEN* 5.1 and *GEN* 5 Annex 1G.

**Note 3** – *firms* must insert the text in square brackets relating to *lifetime mortgages* if their scope of services includes *lifetime mortgages*; the text in square brackets relating to home reversion plans if their scope of service includes *home reversion plans*; and the text in square brackets relating to equity release products if their scope of service includes products from both market sectors. The texts in square brackets are mutually exclusive. This means that *firms* should use only one of the square bracketed texts and must omit those not used.

**Note 4** – insert the *firm* or *appointed representative's* name (either the name under which it is *authorised* or the name under which it trades). A corporate logo, or logos, may be included.

**Note 5** – if the IDD is provided by an *appointed representative*, insert the name of the *appointed representative*. (If an individual who is employed or engaged by an *appointed representative* provides the information, the individual should not put his or her own name on the IDD.)

**Note 6** – insert the head office or if more appropriate the principal place of business from which the *firm* or *appointed representative* expects to conduct business with *customers*. (An *appointed representative* must not include the name and address of the *authorised firm* instead of its own.)

**Section 2: Whose mortgages do we offer?**

**Note 7** – *firms* must describe their scope of service by selecting and ticking, the box or boxes that describe the products and services that the firm expects to provide to the *customer*. *Firms* must not delete the boxes not selected (but see Note 8A). In the text associated with boxes that are not ticked:

- a. in Section 2 a *firm* must delete references to 'home reversions' and 'lifetime mortgages' but leave references to 'equity release products'. This is so that a *customer* can see other possible options, even if not available from the *firm* issuing the IDD, and
- b. in Section 3, a *firm* must use the words in square brackets that reflect the products it is offering in Section 2. If the *firm* advises or gives personalised

information on products from both equity release market sectors, it must use the term 'equity release products'.

**Note 8** - if the IDD is provided by an *appointed representative*, the service described must be that offered by the *appointed representative*, in accordance with MCOB 4.3.10R.

**Note 8A** – if the *firm's* scope of service does not include both types of *equity release transactions*, it must use this box to indicate to the *customer* the sector that it does not cover.

**Note 9** – insert “can” if the *firm's* range of *equity release transactions* is determined by any contractual obligation.

**Note 10** – this sentence is required only where a *firm* selects this service option. It may also be omitted if a *firm* chooses to list all of the lenders it offers mortgages from instead of the text "a limited number of companies", in the previous line, so long as the *firm* offers all of the products generally available from each company.

**Note 11** – if the *firm* selects this box, it must insert the name of the company. If the *firm* does not select this box, it must insert the words "a single company" instead. If the *firm* does not offer all of the mortgages generally available from that company, it must insert the words "a limited range of", as shown. If the company only has one product, the *firm* should amend the text to "We can only offer a product from [name of company]."

**Note 11A** – if the *firm* offers *home reversion plans* from only one *reversion provider*, and *lifetime mortgages* from only one *lender*, which is different from the *reversion provider*, then the *firm* should identify the *lender* and the *reversion provider* and specify the *equity release transaction* to which they relate. For example, "We can only offer lifetime mortgages from ABC Mortgages Ltd and home reversion plans from XYZ Reversions Ltd."

**Note 12** – if the *firm* offers only its own products, or is part of a *firm* offering only the products sold under that part's trading name, it may use this alternative text.

#### **Section 4: What will you have to pay us for this service?**

**Note 13** – if the *firm* receives commission instead of, or in addition to, *fees* from the *customer*, it must insert a plain language explanation of this case (see specimen for a plain language example). If the *firm* will pay over to the *customer* any commission the *firm* receives, it may refer to the fact here.

**Note 14** – insert a plain language description of when any *fees* are payable. This description could include, for example, a cash amount, a percentage of the loan amount or the amount per hour, as appropriate. However, where a cash amount is not disclosed, one or more examples of the cash amount must be included. If the *firm* offers more than one pricing option, it should specify the pricing policy for each product. For example, "A fee of £100 payable at the outset and £120 when you apply

for a lifetime mortgage and £80 when you apply for a home reversion plan." If a *firm* does not charge a *fee*, the text for the second box should be abbreviated to 'A fee'.

### Section 5: Refund of fees

**Note 15** – if, in section 4, it has been indicated that there will be 'No fee' or that any *fee* will be payable only if the mortgage completes, section 5 may be omitted altogether, and the following sections re-numbered accordingly.

**Note 16** – *firms* must select as many boxes as are appropriate.

**Note 17** – insert a plain language description of the circumstances in which the *fee* is refundable or not refundable as described. If the refund policy is different depending on the *equity release transaction* in question, the *firm* should specify the refund policy for each of them. For example, "A refund of £100 if your lifetime mortgage application falls through and a refund of £120 if your home reversion plan application falls through."

**Note 18** – the *firm* may delete this line if it does not offer a partial refund in any circumstances

### Section 6: Who regulates us?

**Note 19** – these sections may be omitted in accordance with *MCOB* 4.4.1R(3). If this section is omitted, the other sections of the IDD must be renumbered accordingly.

**Note 20** – where the *authorised firm* trades under a different name from that under which it is *authorised*, it must include the name under which it is *authorised* and listed on the ~~FSA register~~ Financial Services register. It may also include its trading name if it wishes.

**Note 20A** – if the *firm's* address on the ~~FSA register~~ Financial Services register differs from that given on the IDD under **Note 6**, the address on the ~~FSA register~~ Financial Services register must be given in this section. If the address is the same as that given under **Note 6**, it should be repeated in this section.

**Note 20B** – where the information is provided by an *appointed representative*, the *appointed representative* must use this text instead. The *appointed representative* must give details of the authorised *firm(s)* that is its *principal(s)* for each type of service that it is providing to a particular *customer*.

**Note 21** – ~~An incoming EEA firm will need to modify this section if it chooses to use this IDD (see GEN 4 Ann 1R(2)). ### 1. About this information

We are required by the ~~Financial Services Authority~~ Financial Conduct Authority (FSA FCA) – the independent watchdog that regulates, financial services – to provide you with this illustration.

All firms selling lifetime mortgages are required to give you illustrations like this one, that contain similar information presented in the same way.

Ask for other illustrations if you want to compare this lifetime mortgage with lifetime mortgages from other lenders.

The Money Advice Service provides useful information on lifetime mortgages and other ways of releasing equity from your home in a booklet called 'Raising money from your home'. You can get this free through the Money Advice Service website [www.moneyadvice.org.uk](http://www.moneyadvice.org.uk) or by calling 0300 500 5000.

### 2. Which service are we providing you with?

We recommend, having assessed your needs, that you take out this lifetime mortgage.

We are not recommending a particular lifetime mortgage for you. However, based on your answers to some questions, we are giving you information about this lifetime mortgage so that you can make your own choice, or find out about other ways in which you may be able to release equity from your home.

### 3. What is a lifetime mortgage?

Important information from the ~~Financial Services Authority~~ Financial Conduct Authority:

- A lifetime mortgage is a special type of loan which is usually designed to run for the rest of your life, and which means that you borrow money that is secured on your home to give you a

lump sum/or a regular income. The amount you owe to the lender is usually paid back from the proceeds of the sale of your home after death. If you are borrowing with someone else this would be after the death of the last borrower. Any money left over would be paid to your beneficiaries.

- If you buy a new home, you may be able to transfer your lifetime mortgage to your new home, or you may be able to get a new lifetime mortgage. Otherwise you will usually have to repay the amount you owe to the lender from the money you get from the sale of your home. Any money left over belongs to you.
- If you move into sheltered accommodation or long term care you will usually have to repay the amount you owe to the lender from the money you get from the sale of your home. Again any money left over belongs to you. If you are borrowing jointly with someone else and one of you needs to move into long-term care, you don't usually have to sell your home until the last borrower either dies or moves into long-term care or another property.
- If you decide that you simply don't want the lifetime mortgage any more, you can repay the amount you owe to the lender at any time, but the lender may make an early repayment charge if you do. Section 13 of this illustration will tell you if any early repayment charges apply to this mortgage.
- Some lifetime mortgages are linked to an investment – this means you borrow a lump sum which is invested (for example in an annuity) to give you a regular income. If this happens the full details of the investment will be shown in a separate document and it is important to read both documents together.

We are not recommending a particular home reversion plan for you. However, based on your answers to some questions, we are giving you information about this home reversion plan so that you can make your own choice or find out about other ways in which you may be able to release equity from your home.

## 3. What is a home reversion plan?

### How home reversions work

- A home reversion is an arrangement designed to run for the rest of your life or until the occurrence of certain events. You sell all or part of your home to give you a lump sum and/or an income. **You no longer own your home** (or the part of it that you have sold) but you have the right to live there, for the rest of your life or until the occurrence of certain events, [insert capacity in which the *customer* will occupy the premises, e.g. "as the tenant of the firm or person who bought it"]. We call this person or firm "the reversion provider". At the end of the plan (this is explained below), the property is put up for sale by the provider. If you sold only part of your home, the value of the part you did not sell is paid to you or your estate.
- The amount you receive for your property, or the portion of it that you sell, will normally be less than its market value. This will reflect factors such as your age, the value of your property and how much property prices are expected to change in the future.
- You may be required to pay rent. This is usually a token sum but it may be more.

### Income Plans

- Some home reversions give you an income instead of, or as well as, a lump sum. If an income option is available, your adviser will tell you how it would work and how much you would receive and for how long.

### When does a home reversion plan end?

- This depends on the terms of the plan but will usually include death or where you (or, in the case of a joint plan, the survivor) move out permanently, for example into long-term residential care. The property will be put up for sale by the provider and the value of any part you do not sell to the provider will be paid to you or your estate. See also "Cancelling a home reversion", below.

### **Moving home**

- Not all home reversion plans can be transferred to a new property, if you should want to move home in the future. Section 5 will tell you if this plan cannot be transferred. You may incur costs with such a transfer, such as fees for a solicitor or surveyor. If you think you may want to move home in the future, check to see if the plan can be transferred before taking out the plan.

### **Cancelling a home reversion plan**

- A home reversion plan is designed to run for the rest of your life or until the occurrence of certain events. However, if you decide that you no longer want the plan, it may be possible to buy back the property but this is likely to be at the full market rate at the time and may cost you more than you received for it under the reversion plan. Section 11 will tell you if you can buy back your property.

Amend the following provisions as follows.

- 2.1.3 G Achieving the *regulatory objectives* involves the *FSA* informing itself of developments in *firms* and in markets. The *Act* requires the *FSA FCA* to monitor a *firm's* compliance with requirements imposed by or under the *Act*, or by directly applicable Community regulation or decision made under *MiFID* or the *UCITS Directive* or the *auction regulation* (paragraph 6(1) of

Schedule 1). The *Act* also requires the ~~FSA~~FCA to take certain steps to cooperate with other relevant bodies and regulators (section 354A). For these purposes, the ~~FSA~~FCA needs to have access to a broad range of information about a *firm's* business.

Section 343 and the regulations also apply to an auditor of an *authorised person* in his capacity as an auditor of a *person* who has *close links* with the *authorised person*. In relation to Lloyd's, an effect of the *insurance market direction* set out at SUP 3.1.13D is that sections 342(5) and 343(5) of the *Act*

(Information given by an auditor or actuary to ~~the Authority a~~ regulator) apply also to auditors appointed to report on the *insurance business of members*.

...

- 3.10.8B G The rights and duties of auditors are set out in *SUP* 3.8 (Rights and duties of all auditors) and *SUP* 3.10 (Duties of auditors: notification and report on client assets). *SUP* 3.8.10 G also refers to the auditor's statutory duty to report certain matters to the ~~FSA~~ FCA imposed by regulations made by the Treasury under sections 342(5) and 343(5) of the *Act* (information given by auditor or actuary to ~~the FSA a~~ regulator). An auditor should bear these rights and duties in mind when carrying out *client* asset report work, including whether anything should be notified to the ~~FSA~~ FCA immediately.

SUP 3 Annex 1R

**Auditor's client assets report Part 1 – Auditor's Opinion**

**Independent auditor's report on client assets to the ~~Financial Services Authority~~ Financial Conduct Authority in respect of [*Firm name*], ~~FSA FCA~~ firm reference number [*number*], for the period started [*dd/mm/yyyy*] and ended [*dd/mm/yyyy*]**

**Part 1: Auditor's Opinion on Client Assets**

We report in respect of [*Firm name*] ('the firm') on the matters set out below for the period started [*dd/mm/yyyy*] and ended [*dd/mm/yyyy*] ('the period').

Our report has been prepared as required by SUP 3.10.4R and is addressed to the ~~Financial Services Authority~~ Financial Conduct Authority ('the ~~FSA~~ FCA') in its capacity as regulator of financial services firms under the Financial Services and Markets Act 2000.

**Basis of opinion**

We have carried out such procedure as we considered necessary for the purposes of this report in accordance with [*specify Standard/Guidance used*] issued by the [*specify organisation name*].

This opinion relates only to the period and should not be seen as providing assurance as to any future position, as changes to systems or control procedures may alter the validity of our opinion.

**Opinion**

In our opinion:

[The firm has maintained] [Except for...the firm has maintained] [Because of...the firm did not maintain] systems adequate to enable it to comply with [the custody rules,] [the collateral rules,] [the mandate rules] [and] [the client money rules] throughout the period since [the last date at which a report was made] [the firm was authorised] [the firm became subject to SUP 3.11 and we, its auditor, became subject to SUP 3.10].\*

[The firm was] [Except for...the firm was] [Because of...the firm was not] in compliance with the [the custody rules,] [the collateral rules,] [the mandate rules] [and] [the client money rules] as at the period end date.\*

~/~

The scope of the firm's permissions did not allow it to hold [client money] [or] [custody assets].

The directors (or equivalent corporate officers) of the firm have stated that the firm did not hold [client money] [or] [custody assets] during the period. Based on review procedures performed, nothing has come to our attention that causes us to believe that the firm held [client money] [or] [custody assets] during the period.

~/~

In our opinion, [*name of nominee companies*], subsidiaries of the firm which are nominee companies during the period in whose name custody assets are registered, those nominee companies have maintained throughout the period systems for the custody, identification and control of custody assets which:

a) were adequate; and

b) included reconciliations at appropriate intervals between the records maintained (whether by the firm or the nominee company) and statements or confirmations from custodians or from the person who maintained the record of legal entitlement. \*\*

~/~

In relation to the secondary pooling event during the period, the firm has complied with the rules in [CASS 5.6] [and] [CASS 7A (client money distribution)] in relation to that pooling event.

~/~

### **Other matters**

The report should be read in conjunction with the Breaches Schedule that we have prepared and which is appended to it. [Our opinion expressed above does not extend to the Breaches Schedule.]

[*Signature of the partner/individual with primary responsibility within the audit firm*] [*Typed name of signing individual*]

for and on behalf of [*Name of the audit firm*]

[*registered office*]

[*Date report*]

#### Instructions for Part 1:

\* If the auditor expresses an adverse opinion (i.e. states the firm 'did not maintain...' or 'was not in compliance...') he must set out the reasons why. This can be done by reference to items in columns A to D in Part 2 of the auditor's report on client assets.

If the auditor expresses a qualified opinion (i.e. states 'that except for ..., the firm did maintain' or 'that except for ..., the firm was in compliance') he must do so by reference to items in columns A to D in Part 2 of the auditor's report on client assets.

\*\* In accordance with SUP 3.10.5R(3), the opinion relating to the nominee company is only required to be included in the case of a nominee company in whose name custody assets are registered where that company is a subsidiary of an investment management firm, personal investment firm, a UCITS firm, securities and futures firm or BIRPU investment firm.

**Auditor's client assets report Part 2 – Breaches Schedule**

**Part 2: Identified CASS Breaches that have occurred during the period**

[*Firm name*], FSA ~~FCA~~ FCA firm reference number [*number*], for the period started [*dd/mm/yyyy*] and ended [*dd/mm/yyyy*]

In accordance with SUP 3.10.9AR, Columns A to D are to be completed by and are the responsibility of the auditor. In accordance with SUP 3.11.1G, Column E should be completed by the firm. The auditor has no responsibility for the content of Column E.

Column A	Column B	Column C	Column D	Column E
Item No.	Rule Reference(s)	Identifying party	Breach Identified	Firm's Comment
1				
...				

Instructions for Part 2:

In Columns A to D of the above schedule the auditor is to set out all the breaches of CASS by the firm occurring during the period subject to the auditor's report. These must include the breaches the auditor has identified through its work (such as in the sample testing of reconciliations) and breaches identified by the firm or any other party (such as those included in the firm's breaches register). In relation to any breach identified, the auditor must provide in Column D any information that it has as respects the severity and duration of the breach identified and, where relevant, the frequency with which that breach has occurred.

The auditor must provide a 'nil' return for this part of the report where no CASS rule breach has been identified.

In Column E the firm should set out any remedial actions taken (if any) associated with the breaches cited, together with an explanation of the circumstances that gave rise to the breach in question.

## Form of Waiver: Energy Market Participant

### Power

1. This waiver is given by the ~~FSA~~ FCA under section 448 138A of the Act (Modification and waiver of rules).

### Authorised person to whom this waiver applies

2. This waiver applies to ..... (the "firm").

### Guidance Note

In addition to the provisions of this waiver, the following special application provisions in the Handbook will apply to the firm because it is an energy market participant: COBS 18.2 and SUP 3.1.2R, SUP 10.1.21R and SUP 10.1.22G.

### Term

3. (1) This waiver takes effect from the date of this notice.
- (2) However, if the firm is not then an energy market participant, this waiver takes effect only when the firm becomes one.
- (3) This waiver ends when the firm first stops being an energy market participant.

### Waiver: Capital and financial reporting requirements<sup>1</sup>

4. The ~~FSA~~ FCA directs that the parts of the Handbook mentioned in the table do not apply to the firm, if the firm satisfies both the following conditions:
  - (1) the firm's main business consists of the generation, production, storage, distribution, or transmission of energy; and
  - (2) the firm does not engage in oil market activity as a member of a recognised investment exchange or designated investment exchange which is under the rules of that exchange entitled to trade with other members.

### Table:

Part of Handbook	Waiver
IPRU(INV) 3	IPRU(INV) 3 (Financial resources for Securities and Futures Firms which are not Investment Firms) does not apply to the firm if the firm satisfies both the conditions in this clause.
<sup>1</sup> For whether this clause would be inserted in a particular case see SUP 21.1.4.	
Part of Handbook	Waiver
SUP 16.7	SUP 16.7 (Financial reports) does not apply to the firm if the firm satisfies both the conditions in this clause.

# Ann 1G

## Guidance Notes

An energy market participant to which IPRU(INV) 3 does not apply is still subject to the requirement of Principle 4 to have adequate financial resources.

The conditions in this clause are imposed under ~~s.148(5)~~ s. 138A(6) of the Act. For guidance on the effect of conditions attached to a waiver, see SUP 8.4.1G(2).

## Modification: Transaction reports

5. The ~~FSA~~ FCA directs that the part of the Handbook mentioned in the table apply to a firm which is not a MiFID investment firm or a third country investment firm with the modifications specified in the table.

### Table:

Part of Handbook	Modification
SUP 17	SUP 17 (Transaction reports) does not apply to the firm in relation to its energy market activity.

## Interpretation

6. Unless the contrary intention appears, interpretative provisions in GEN 2 (Interpreting the Handbook) apply to this waiver in the same way they apply to the Handbook.

### Guidance Note

Defined terms in this waiver (other than the term "the firm") are italicised.

Dear [Insert name]

**Redress determination in respect of advice to invest in the Arch cru [insert fund name(s)]**

[WHERE INFORMATION HAS BEEN SUFFICIENT TO REACH A CONCLUSION:]

- **Our review found that our advice was suitable/unsuitable.**
- **We have found that you are/are not owed compensation for our advice to you on investing in the Arch cru [insert fund name(s)].**
- **[if owed compensation] The amount you are owed is:**
- **[if owed compensation] We were required by the FSA FCA to subtract from the total the current value of the funds and the amount you could receive under the separate CF Arch cru payment scheme – you have until 31 December 2013 to apply to that scheme;**

**Why did we reach this decision?**

[Insert reason: summarise the information in the template which led to the finding]

[If advice unsuitable, but firm believes it did not cause the consumer's loss:]

Although we have decided the advice to you to invest in the Arch cru funds was unsuitable given your circumstances at the time, based on the evidence available we believe our unsuitable advice did not cause your loss. [Insert further detail of the evidence.]

[If advice unsuitable, but no compensation is payable according to calculator:]

Although we have decided the advice to you to invest in the Arch cru funds was unsuitable given your circumstances at the time, the redress calculator provided by the FSA FCA shows that you suffered no financial loss as a result. This calculation is enclosed.

[If advice unsuitable, i.e. firm is applying FSA FCA comparator in calculation, and compensation is payable as a result:]

We have applied the findings of the review to the calculator provided by the FSA FCA. It has found you are owed £\_\_\_\_\_. This calculation is enclosed.

As part of our calculation, we assessed the position that you would be in now if you had taken out an investment that correctly matched the level of risk you wanted to take with your money. In your case, we estimated that at the time we advised you, the level of risk you were prepared to take was [Insert explanation of the relevant point on the risk scale, setting out why the customer was rated in this way] and so a relevant comparator investment for your case was [insert description of relevant comparator as provided in FSA FCA template instructions].

[If advice unsuitable and firm is not applying FSA FCA comparator in calculation:]

As part of our calculation, we assessed the position that you would be in now if you had taken out an investment that correctly matched the level of risk you wanted to take with your money. In your case, we estimated that at the time we advised you, the level of risk you were prepared to take was [*Insert explanation of the relevant point on the risk scale, setting out why the customer was rated in this way*] and so a relevant comparator investment for your case was [*insert details of comparator*] because [*insert reason*].

*[Where compensation is payable]*

The ~~FSA~~ FCA has required us to subtract the current value of the funds and the amount you are eligible to receive under the separate CF Arch cru payment scheme, from the compensation payment. This was subtracted whether or not you have made a claim under the payment scheme.

You have until 31 December 2013 to apply to the payment scheme.

You should have already received letters explaining how the payment scheme works and details of how CFM calculated each investor's share of the £54m package.

**You can apply to the CF Arch cru payment scheme whether you accept or refuse our offer.**

*[Firm may include this wording if it wishes:]*

If you accept this payment, it will be in full and final settlement of all claims against [*me/us/name of firm which provided the advice*] arising out of the advice given by [*me/us/it*] to you to invest in the above-named fund.

*[Where compensation is payable]*

## **Explanatory Notes**

**You should read these before you complete and sign the declaration to confirm the information you give in Sections 1 - 7 is correct**

### **Section 1: Details of the scheme**

- 1.2** We need this and other information to help us decide whether the aims of the scheme are reasonably capable of being achieved. This section should be about the investment objectives of the scheme. In the case of an umbrella, you should describe the investment objectives of each of the proposed sub-funds.
- 1.5** Please refer to 'Types of authorised fund' at COLL 1.2.1R.
- 1.6** You should give enough detail to enable us to assess the intention and effect of the feature in question. A novel feature for the purposes of 1.6 will be any feature new to the manager and/or which the manager considers to be innovative or of interest to us when we consider the application.
- 1.9** ~~Please refer to COLLG.2.1.10~~ You should submit the information in enough detail to enable us to assess the features of the proposed unit classes. If certain unit classes are only available to specific sub-funds, you should identify these.
- 1.11** In particular you should give the following information:
- a.** how the units will be sold and to whom;
  - b.** the countries in which it is proposed that the units will be marketed;
  - c.** the initial price of units;
  - d.** any minimum transaction size, both initially and subsequently, if different; and
  - e.** details of any proposal to convert or amalgamate a scheme or sub-fund into/with the scheme.

Where the manager is an EEA UCITS management company, please provide details of any relevant notifications/applications that have been made in association with this application. If applicable, you must provide details of when and to whom the notification/application was made and what it was for.

#### **2.4 and 3.4**

Section 243(4) of FSMA requires that the manager and the trustee must be independent of each other. Independence may be compromised in various ways, so it is in the interests of all concerned that any facts, relationships, arrangements or circumstances, which might at any stage be considered to bring that independence into question, are declared to the ~~FSA~~ FCA at the time of application. You may wish to refer to the guidance set out in COLL 6.9.

### **Solicitor's certificates**

Section 243(1)(c) of FSMA requires that a copy of the trust deed be accompanied by a certificate signed by a solicitor. The certificate should state that the trust deed complies with the requirements of the rules made under section 247 of FSMA that relate to its contents.

The certificate should be signed by an individual solicitor who holds a practising certificate granted by The Law Society, The Law Society of Scotland, or The Law Society of Northern Ireland.

## **Explanatory Notes**

- 1.1 You must state whether the scheme is an AUT or ICVC.
- 1.2 We have up to one 15 working days in which to approve a proposal; following the submission of a complete application. If we propose to refuse approval of a proposal, we will send a warning notice to explain why; we will also set a period for representations to us. Subsequently, if we decide to refuse approval, we will send a decision notice. There is further information on our procedures in the Decision Procedure and Penalties manual (DEPP).

Where applicable, any notice given by a UCITS scheme under section 283A of FSMA must be accompanied by a solicitor's certificate. That certificate must confirm that the change will not affect compliance of the instrument with Schedule 2 of the OEIC Regulations or the trust deed with the trust scheme rules and with any requirements of COLL that relate to the contents of that document.

If further changes or modifications to existing proposals are suggested during the course of assessing a proposal, this will require separate notification, unless we agree otherwise. In any event, subsequent modification (other than a simple grammatical or typographical error) to the instrument of incorporation or trust deed relating to an existing proposal should be accompanied either by a new solicitor's certificate or written confirmation by the solicitor that the original certificate continues to apply.

- 1.4 You must explain whether a proposed change is to be treated as fundamental, significant or notifiable, and the procedural steps that will be taken in compliance with COLL 4.3 (Approvals and notifications).
- 1.8 Space is provided to give notice to us of: i) (where the ACD is authorised by the ~~FSA~~ FCA) any application made in relation to the ACD's Part ~~IV~~ 4A permission to carry on a regulated activity in the United Kingdom. If an application has been submitted to vary any of the activities that the firm may carry on, including the removal of any limitation (relating to an individual activity), you must provide details of when the application was made and what it was for; ii) (where the ACD is an EEA UCITS management company) any relevant notifications/applications that have been made in relation to these proposed changes. If applicable, you must provide details of when and to whom the notification/application was made and what it was for.

Further information on the ~~FSA's~~ FCA's variation of permission procedures can be found on the ~~FSA~~ FCA website at <http://www.fsa.gov.uk/Pages/doing/regulated/notify/permissions/index.shtml> [website address tbc]

**Please note, you should use Form FN to notify us that changes approved under section 283A of FSMA have subsequently been carried into effect.**

- 1.2.7 G Section 9A of the 1986 Act prohibits a society or its subsidiary undertakings (subject to certain defined exemptions) from:
- ...
- 1.2.8 G Section 9A of the 1986 Act contains definitions of the above terms, and societies are directed particularly to section 9A(9) for the purposes of compliance monitoring.
- 1.2.9 G Section 9A of the 1986 Act also includes a "purpose" test for entering into derivatives contracts and a "safe harbour" clause for society counterparties stating that any transaction in contravention of the section 9A of the 1986 Act prohibitions is not, however, thereby invalid and may be enforced against the society.
- 1.2.10 G The exemptions in section 9A of the 1986 Act fall into two broad categories:
- ...
- 1.2.11 G The Treasury may, by negative resolution order, amend the £100,000 transaction limit and may add factors to, or remove factors from, the list in BSOG 1.2.10G (2). The factor relating to credit worthiness was added to the original list in section 9A(4)(b) by the Building Societies (Restricted Transactions) Order 2001 (SI 2001/1826). The Treasury may, by affirmative resolution order, make more significant amendments to section 9A(4)(b) of the 1986 Act.
- 1.2.12 G Boards should have procedures and controls to ensure that use of section 9A

of the 1986 Act exemptions by their society (and subsidiary undertakings, if any) is within the law. The exemptions permitting transactions of up to 100,000 (as market-maker in currency or securities transactions, or trading currencies) may not be abused by artificially breaking up larger transactions into a number of smaller amounts falling within the 100,000 ceiling (section 9A(8) of the 1986 Act is the relevant anti-avoidance provision). Compliance with the 1986 Act may be assisted by specifying the purposes and circumstances in which hedging transactions may be undertaken, or derivatives used, both in the financial risk management policy documents and in the internal arrangements for delegation, identifying the specific authority in section 9A of the 1986 Act. Whatever the hedging policies adopted, and however the control and authorisation arrangements are organised, it is important that they should be accurately and fully documented.

...

- 1.3.4 G A person elected as an executive or non-executive director of a building society must not exercise a controlled function unless the ~~Authority~~ the appropriate regulator gives its approval (sections 59 and 60 of the Act). The ~~Authority~~ appropriate regulator will not approve a director unless it is satisfied that he meets, and will continue to meet, the Fit and Proper Test for Approved Persons (see the Fit and Proper Test for Approved Persons sourcebook in the ~~Authority's~~ Handbook (*FIT*)). An approved person must also comply with the requirements of the Statement of Principle and Code of Practice for Approved Persons sourcebook in the ~~Authority's~~ Handbook (*APER*).

...

- 1.5.2 G The Electronic Communications Order does not amend the 1986 Act requirement to submit certain returns to be placed on its public file. Nor does it affect the supervisory financial returns required to be submitted by the rules in the ~~Authority's~~ Supervision manual.

Amend the following provisions as follows.

1A.1.1 G ...

- (4) The material in this guide is intended only as a summary of a number of significant legal provisions affecting *regulated collective investment schemes*. It does not constitute *guidance* under sections ~~457~~ 139A and ~~458~~ 139B of the Act and does not have the status of the guidance in the *Handbook*. This also means that GEN 2.2 (Interpreting the *FCA Handbook*) does not apply. If you have any doubt about any legal provision you should seek appropriate legal advice.

...

1A.1.6 G (1)

No *person* may carry on a *regulated activity* by way of business in the *United Kingdom*, or purport to do so, unless he is an *authorised person* (or an *exempt person*). This prohibition is referred to in the Act as the *general prohibition*. *Guidance* for persons considering carrying on *regulated activities* in the *United Kingdom* can be found in *PERG*. The FSA website page "How do I get authorised?" (<http://www.fsa.gov.uk/doing/how>) ([web address tbc]) gives *guidance* on how to apply to the ~~FSA~~ FCA for a ~~Part IV~~ Part 4A *permission*. This *authorisation* is different to the authorisation of an *AUT* or an *ICVC*, as referred to in *COLLG 1A.1.4G* and *COLLG 1A.1.5G* respectively.

...

- (3) The ~~FSA~~ FCA maintains a public register of *persons* who have a *permission* to carry on a *regulated activity*. Paragraph

- G The contents of the Guide's fraud chapter reflect ~~our~~ the FSA's previous thematic work in this area. This means it does not specifically address such topics as plastic card, cheque or insurance fraud. This is not because the ~~FSA~~ *FCA* regards fraud prevention as unimportant. Rather it reflects our view that our limited resources are better directed elsewhere, given the strong incentive firms should have to protect themselves from fraud; and the number of other bodies active in fraud prevention. Links to some of these other bodies are provided in paragraph 4.5.

Paragraph

This information is not guidance, but firms interested in comparing themselves against their peers' systems and controls and policies and procedures in the areas covered by the reviews can find more information on this in the original reports.

...

Part 2,

G Overall ~~we~~ the FSA found that the private banks covered by ~~our~~ its review

Paragraph 3.4 acknowledged the relatively high risk of money laundering within their business activities and recognised the need to develop and implement strong AML systems and controls. The report also emphasised that private banks should obtain and keep up-to-date information on clients.

G ~~We~~ The FSA wrote a short report on automated Anti-Money Laundering Transaction Monitoring Systems in July 2007. This was in anticipation of the fact that transaction monitoring would become compulsory following the implementation of the Money Laundering Regulations 2007.

Part 2,  
Paragraph 4.2

G The report explains that ~~we~~ the FSA did not anticipate that there would be major changes in firms' practice, as the new framework expressed in law what firms were already doing. Instead, it is to be read as feedback on good practice to assist firms in complying with the Money Laundering Regulations 2007.

Part 2,  
Paragraph 5.1

G In March 2008 ~~we~~ the FSA conducted a review of firms' implementation of a risk-based approach to anti-money laundering. This followed the move to a more principles-based regulatory strategy from August 2006, when we replaced the detailed rules contained in the Money Laundering sourcebook with high-level rules in the Senior Management Arrangements, Systems and Controls sourcebook (SYSC) of ~~our~~ the FSA Handbook.

Part 2,  
Paragraph 5.2

G ~~We~~ The FSA visited 43 firms in total and gathered additional information from approximately 90 small firms with a survey. The report explored in depth a number of key areas that required improvement, including a review of staff training and the need to ensure staff are aware that it is a constant requirement to ensure AML policies and procedures are up to date and effective.

Part 2,  
Paragraph  
5.3

G Due to the wide range of firms ~~we~~ the FSA visited, there were a number of different findings. There were many examples of good practice, particularly in the way the larger firms had fully embraced the risk-based approach to AML and senior management’s accountability for effective AML. ~~We~~ The FSA also recognised that smaller firms, which generally represent lower risk, had fewer resources to devote to money laundering risk assessment and mitigation.

Paragraph  
6.1

G In April 2008 ~~we~~ the FSA published the findings of ~~our~~ its thematic review on how financial services firms in the UK were addressing the risk that customer data may be lost or stolen and used to commit fraud or other financial crime. ~~We~~ The FSA visited 39 firms, including retail and wholesale banks, investment firms, insurance companies, financial advisers and credit unions. ~~We~~ The FSA also took into account ~~our~~ their experience of data loss incidents dealt with by our Financial Crime Operations Team: during 2007, the team dealt with 56 cases of lost or stolen data from financial services firms.

Part 2,  
Paragraph  
6.2

G ~~We~~ The FSA found a wide variation between good practices demonstrated by firms that were committed to ensuring data security and weakness in firms that were not taking adequate steps. Overall, ~~we~~ the FSA found that data security in financial services firms needed to be improved significantly.

Part 2,  
Paragraph  
6.3

G The report concluded that poor data security was a serious, widespread and high-impact risk, and that firms were often failing to consider the wider risks of identity fraud which could occur from cases of significant data loss and the impact of this on consumers. ~~We~~ The FSA found that firms lacked a clear understanding of these risks and were therefore failing properly to inform customers, resulting in a lack of transparency.

Part 2,  
Paragraph  
7.1

G In the second half of 2008 ~~we~~ the FSA reviewed how financial services firms in the UK were addressing financial crime risks in functions they had moved to offshore centres. The review followed on from ~~our~~ the FSA's report into data security in financial services (April 2008 – [http://www.fsa.gov.uk/pubs/other/data\\_security.pdf](http://www.fsa.gov.uk/pubs/other/data_security.pdf) (TBC)).

Part 2,  
Paragraph  
7.2

G The main financial crime risks ~~we~~ the FSA reviewed were: customer data being lost or stolen and used to facilitate fraud; money laundering; and fraud. The review found that, while there were good data security controls in place across the industry, continued effort was required to ensure controls did not break down and that they remained 'valid and risk-based'.

Part 2,  
Paragraph  
8.1

G In April 2009 ~~we~~ the FSA published the findings of ~~our~~ its thematic review of firms' approach to UK financial sanctions. ~~We~~ The FSA received 228 responses to an initial survey from a broad range of firms across the financial services industry, ranging from small firms to major financial groups, both retail and wholesale. Tailored surveys were sent to different types of firms to ensure that the questions were relevant to the nature and

scale of the business of each firm. ~~We~~ The FSA then selected a sub-sample of 25 firms to visit to substantiate the findings from the surveys.

Part 2,  
Paragraph  
8.2

G The review highlighted areas where there was significant scope across the industry for improvement in firms' systems and controls to comply with the UK financial sanctions regime. ~~We~~ The FSA found that, while some firms had robust systems in place that were appropriate to their business need, others, including some major firms, lacked integral infrastructure and struggled with inappropriate systems for their business. In small firms in particular, ~~we~~ the FSA found a widespread lack of awareness of the UK financial sanctions regime.

Part 2,  
Paragraph  
8.3

G The report examined a number of key areas of concern which included an in-depth look at whether senior management were aware of their responsibilities and, if so, were responding in an appropriate manner. ~~We~~ The FSA also identified issues over the implementation of policies and procedures, particularly those put in place to ensure that staff were adequately trained, were kept aware of changes in this area, and knew how to respond when sanctions were imposed. ~~We~~ The FSA also had concerns about firms' screening of clients, both initially and as an ongoing process.

Although this report focused on commercial insurance brokers, the findings are relevant in other sectors.

...

Part 2,  
Paragraph  
9.4

G The report identified a number of common concerns including weak governance and a poor understanding of bribery and corruption risks among senior managers as well as very little or no specific training and weak vetting of staff. ~~We~~ The FSA found that there was a general failure to implement a risk-based approach to anti-bribery and corruption and very weak due diligence and monitoring of third-party relationships and payments.

Paragraph 11.1 into how mortgage lenders in the UK were managing the risks mortgage fraud posed to their businesses. ~~Our~~ The FSA's project population of 20 banks and building societies was selected to be a representative sample of the mortgage lending market. The firms ~~we~~ the FSA visited accounted for 56% of the mortgage market in 2010.

Part 2, Paragraph 11.2 G ~~Our~~ The FSA's review found the industry had made progress coming to terms with the problem of containing mortgage fraud over recent years. Defences were stronger, and the value of cross-industry cooperation was better recognised. However, ~~we~~ the FSA found that many in the industry could do better; ~~we~~ the FSA were disappointed, for example, that more firms were not actively participating in ~~our~~ the FSA's Information From Lenders scheme and other industry-wide initiatives to tackle mortgage fraud. Other areas of concern ~~we~~ the FSA identified were to do with the adequacy of firms' resources for dealing with mortgage fraud, both in terms of the number and experience of staff; and ~~we~~ the FSA identified scope for significant improvement in the way lenders dealt with third parties such as brokers, valuers and conveyancers.

Part 2, Paragraph 11.1 G In June 2011 ~~we~~ the FSA published the findings of ~~our~~ its thematic review of how banks operating in the UK were managing money-laundering risk in higher-risk situations. ~~We~~ The FSA focused in particular on correspondent banking relationships, wire transfer payments and high-risk customers including politically exposed persons (PEPs). ~~We~~ The FSA conducted 35 visits to 27 banking groups in the UK that had significant international activity exposing them to the AML risks on which ~~we~~ the FSA were focusing.

Part 2, Paragraph 12.2 G ~~Our~~ The FSA's review found no major weaknesses in banks' compliance with the legislation relating to wire transfers. On correspondent banking, there was a wide variance in standards with some banks carrying out good

quality AML work, while others, particularly among the smaller banks in ~~our~~ the *FSA's* sample, carried out either inadequate due diligence or none at all.

Part 2,  
Paragraph  
12.3

G However, ~~our~~ the *FSA's* main conclusion was that around three-quarters of banks in ~~our~~ its sample, including the majority of major banks, were not always managing high-risk customers and PEP relationships effectively and had to do more to ensure they were not used for money laundering purposes. ~~We~~ The *FSA* identified serious weaknesses in banks' systems and controls, as well as indications that some banks were willing to enter into very high-risk business relationships without adequate controls when there were potentially large profits to be made. This meant that ~~we~~ the *FSA* found it likely that some banks were handling the proceeds of corruption or other financial crime.

Part 2,  
Paragraph  
12.6

G In addition to the examples of good and poor practice below, Section 6 of the report also included case studies illustrating relationships into which banks had entered which caused ~~us~~ the *FSA* particular concern. The case studies can be accessed via the link in the paragraph above.

Part 2,  
Paragraph  
13.1

G In March 2012, ~~we~~ the *FSA* published the findings of ~~our~~ its review of investment banks' anti-bribery and corruption systems and controls. ~~We~~ The *FSA* visited 15 investment banks and firms carrying on investment banking or similar activities in the UK to assess how they were managing bribery and corruption risk. Although this report focused on investment banking, its findings are relevant to other sectors.

Part 2,  
Paragraph  
13.2

G ~~We~~ The *FSA* found that although some investment banks had completed a great deal of work to implement effective anti-bribery and corruption controls in the months preceding ~~our~~ its visit, the majority of them had more work to do and some firms' systems and controls fell short of ~~our~~ its regulatory requirements. Weaknesses related in particular to: many firms' limited understanding of the applicable legal and regulatory regimes, incomplete or inadequate bribery and corruption risk assessments; lack of senior management oversight; and failure to monitor the effective implementation of, and compliance with, anti-bribery and corruption policies and procedures.

Part 2,  
Paragraph  
14.1

G ~~Our~~ The FSA's thematic review, Bank's defences against investment fraud, published in June 2012, set out the findings of ~~our~~ its visits to seven retail banks and one building society to assess the systems and controls in place to contain the risks posed by investment fraudsters.

- 1.2.3 G *PERG* uses words and phrases that have specific meanings in the *Handbook* or in legislation; these may be different from, or more precise than, their usual dictionary meanings. Defined terms used in the text of the *Handbook* are shown in italics (see Chapter 7 of the Reader's Guide to the *Handbook* at <http://fsahandbook.info/FSA/pdf/rguide.pdf> [web address tbc]

## 1.5 What other guidance about the perimeter is available from the **FSA FCA**?

- 1.5.1 G General *guidance* on the perimeter is also contained in various *FSA* documents (mainly fact sheets and frequently asked questions) that are available on the *FSA* website at [www.fsa.gov.uk](http://www.fsa.gov.uk) [web address tbc]. These documents, and the URL on which they may be accessed, include:

- 1.5.3 G In addition, the ~~FSA~~ FCA has established a team to provide general assistance and guidance to persons generally about the scope of the *Act*. Enquiries of this kind may be made:
- (1) by authorised firms, to either the Firm Contact Centre (email ~~fee@fsa.gov.uk~~, fcc@fca.org.uk Tel 0845 606 9966) or their normal supervisory contact; or

The *general prohibition* is disapplied in relation to any *regulated activity* carried on by a member relating to *contracts of insurance* written at Lloyd's. Directions can be made by the ~~FSA~~ FCA or PRA in relation to individual *members* or the *members* of the *Society of Lloyd's* taken together. Alternatively, instead of being required to obtain *authorisation*, a member of the *Society of Lloyd's* may, as a result of a direction under section 316 of the *Act*, become subject to specific provisions of the *Act* even though he is not an *authorised person*.

4.16.2 G The government's intention behind the regulatory regime for mortgages was "to ensure that, at any one time, it would be possible for each mortgage to be linked to one and only one ~~FSA~~ ... authorised firm (with

### Amendments to the Responsibilities of Providers and Distributors for the Fair Treatment of Customers sourcebook (RPPD)

In this Annex, underlining indicates new text and striking through indicates deleted text, unless otherwise stated.

In the table below, the wording in Column A is changed to the new wording in Column B in the provisions of the FCA and/or PRA Handbook as specified in Column C.

FSA Handbook	FCA Handbook	RPPD 1.4, 1.11

Amend the following provisions as follows.

- 1.3 This Guide is guidance issued under section ~~157~~ 139A of the Financial Services and Markets Act 2000 ("the Act"). As such, it is not binding on those to whom the Act and rules apply and need not be followed in order to achieve compliance with rules or other requirements. There is no presumption that departing from this Guide indicates a breach of a rule. However, the Guide may be relevant in an enforcement context, for example to explain the regulatory context. If a person acts in accordance with the Guide in the circumstances contemplated by the Guide, then the ~~FSA~~ FCA will not take action against that person in relation to the aspects of the rules to which the Guide relates. The Guide will also be a useful tool for supervisors, particularly when they deal with TCF issues at firms. Supervisors may use the Guide in their discussions with firms. The issues it covers will continue to be dealt with in our supervision work as they are now, for example in the risk assessment framework we use for supervising firms (ARROW) or in pieces of focused thematic work

## 14         ~~Prudential risk~~ **Risk** management and associated systems and controls for insurers

### 14.1       **Application**

...

#### Purpose

- 14.1.3     G     This section sets out some *rules* and *guidance* on the establishment and  
[PRA]           maintenance of systems and controls for the management of a *firm's*  
prudential risks. A *firm's* prudential risks are those that can reduce the  
adequacy of its financial resources, and as a result may adversely affect  
~~confidence in the financial system or prejudice consumers~~ its safety and  
soundness or prejudice policyholders. Some key prudential risks are credit,  
market, liquidity, operational, insurance and group risk.

- 14.1.4     G     The purpose of this section is to serve the ~~FSA's regulatory objectives of  
consumer protection, market confidence and financial stability~~ PRA's  
statutory objectives of promoting the safety and soundness of PRA-

authorised persons and contributing to the securing of an appropriate degree of protection for those who are, or may become, policyholders. In particular, this section aims to reduce the risk that a *firm* may pose a threat to these ~~regulatory objectives~~ statutory objectives, either because it is not prudently managed, or because it has inadequate systems to permit appropriate senior management oversight and control of its business.

...

#### How to interpret this section

- 14.1.6 [PRA] G This section is designed to amplify *Principle 3* (Management and control) which requires that a *firm* take reasonable care to organise and control its affairs responsibly and effectively, with adequate risk management systems. This section is also designed to be complementary to *SYSC 2*, *SYSC 3* and *SYSC 13* in that it contains some additional *rules* and *guidance* on senior management arrangements and associated systems and controls for *firms* that could have a significant impact on the ~~FSA's objectives in a prudential context~~ PRA's objectives.

...

#### The role of systems and controls ~~in a prudential context~~

- 14.1.10 [PRA] G ~~In a prudential context, a~~ A *firm's* systems and controls should provide its senior management with an adequate means of managing the *firm*. As such, they should be designed and maintained to ensure that senior management is able to make and implement integrated business planning and risk management decisions on the basis of accurate information about the risks that the *firm* faces and the financial resources that it has.

...

#### Business planning and risk management

- 14.1.17 [PRA] G Business planning and risk management are closely related activities. In particular, the forward-looking assessment of a *firm's* financial resources needs, and of how business plans may affect the risks that it faces, are important elements of prudential risk management. A *firm's* business planning should also involve the creation of specific risk policies which will normally outline a *firm's* strategy and objectives for, as appropriate, the management of its market, credit, liquidity, operational, insurance and group risks and the processes that it intends to adopt to achieve these objectives. *SYSC 14.1.18R* to *SYSC 14.1.25G* set out some *rules* and *guidance* relating to business planning and risk management ~~in a prudential context~~ (see also *SYSC 3.2.17G*, which states that a *firm* should plan its business appropriately).

...

Internal controls: introduction

14.1.26 G *Internal controls* should provide a *firm* with reasonable assurance that it  
[PRA] will not be hindered in achieving its objectives, or in the orderly and  
legitimate conduct of its business, by events that may reasonably be  
foreseen. More specifically ~~in a prudential context~~, *internal controls* should  
be concerned with ensuring that a *firm's* business plan and risk management  
systems are operating as expected and are being implemented as intended.  
The following *rule* (SYSC 14.1.27R) reflects the importance of *internal  
controls* ~~in a prudential context~~.

...

14.1.29 G ...  
[PRA]

14.1.29A G When determining the adequacy of its *internal controls*, a *firm* should  
[FCA] consider both the potential risks that might hinder the achievement of the  
objectives listed in SYSC 14.1.28G, and the extent to which it needs to  
control these risks. More specifically, this should normally include  
consideration of:

- (1) the appropriateness of its reporting and communication lines (see SYSC 3.2.2G);
- (2) how the delegation or contracting of functions or activities to *employees*, *appointed representatives* or, where applicable, its *tiered agents* or other third parties (for example *outsourcing*) is to be monitored and controlled (see SYSC 3.2.3G to SYSC 3.2.4G and the additional guidance on the management of *outsourcing* arrangements is also provided in SYSC 13.9);
- (3) the risk that a *firm's employees* or contractors might accidentally or deliberately breach a *firm's* policies and procedures (see SYSC 13.6.3G);
- (4) the need for adequate segregation of duties (see SYSC 3.2.5G);
- (5) the establishment and control of risk management committees;
- (6) the need for risk assessment and the establishment of a risk assessment function (see SYSC 3.2.10G);
- (7) the need for internal audit and the establishment of an internal audit function and audit committee (see SYSC 3.2.15G to SYSC 3.2.16G).

Internal controls: segregation of duties

14.1.30 G The effective segregation of duties is an important internal control ~~in the~~  
*prudential context*. In particular, it helps to ensure that no one individual is

[PRA] completely free to commit a *firm's* assets or incur liabilities on its behalf. Segregation can also help to ensure that a *firm's governing body* receives objective and accurate information on financial performance, the risks faced by the *firm* and the adequacy of its systems. In this regard, a *firm* should ensure that there is adequate segregation of duties between *employees* involved in:

...

...

#### Management information

14.1.46 [PRA] G Many individuals, at various levels of a *firm*, need management information relating to their activities. However, SYSC 14.1.47G to SYSC 14.1.50G concentrates on the management information that should be available to those at the highest level of a *firm*, that is, the *firm's governing body* and relevant *senior managers*. In so doing SYSC 14.1.47G to SYSC 14.1.50G amplify SYSC 3.2.11G and SYSC 3.2.12G (which outline the *FSA's PRA's* high level policy on senior management information) by providing some additional *guidance* on the management information that should be available ~~in a prudential context~~.

...

#### Record keeping

14.1.51 [PRA] G SYSC 3.2.20R requires a *firm* to take reasonable care to make and retain adequate records. The following policy on record keeping supplements SYSC 3.2.20R by providing some additional *rules* and *guidance* on record keeping ~~in a prudential context~~. The purpose of this policy is to:

...

- (2) help the *FSA PRA* to satisfy itself that a *firm* is operating in a prudent manner and is not prejudicing ~~the interests of its customers, market confidence or financial stability~~ its safety and soundness or the interests of policyholders .

...

## 15 Credit risk management systems and controls for insurers

### 15.1 Application

...

#### Purpose

...

- 15.1.5 G Credit risk concerns the ~~FSA in a prudential context~~ PRA because  
[PRA] inadequate systems and controls for credit risk management can create a threat to the ~~regulatory objectives of market confidence, consumer protection and financial stability~~ statutory objectives of promoting the safety and soundness of PRA-*authorised persons* and contributing to the securing of an appropriate degree of protection for those who are or may become policyholders by:

...

...

## 17 Insurance risk systems and controls

### 17.1 Application

...

#### Purpose

- 17.1.3 G This section provides *guidance* on how to interpret SYSC 14 (~~Prudential~~  
[PRA] ~~risk~~ Risk management and associated systems and controls) in so far as it relates to the management of insurance risk. Insurance risk refers to fluctuations in the timing, frequency and severity of insured events, relative to the expectations of the *firm* at the time of underwriting. Insurance risk can also refer to fluctuations in the timing and amount of *claim* settlements. For *general insurance business* some specific examples of insurance risk include variations in the amount or frequency of *claims* or the unexpected occurrence of multiple *claims* arising from a single cause. For *long-term insurance business* examples include variations in the mortality and persistency rates of *policyholders*, or the possibility that guarantees could acquire a value that adversely affects the finances of a *firm* and its ability to treat its *policyholders* fairly consistent with the *firm's* obligations under the FCA's Principle 6. More generally, insurance risk includes the potential for expense overruns relative to pricing or provisioning assumptions.

- 17.1.4 G Insurance risk concerns the ~~FSA in a prudential context~~ PRA because  
[PRA] inadequate systems and controls for its management can create a threat to the ~~regulatory objectives of market confidence, consumer protection and financial stability~~ statutory objectives of promoting the safety and soundness of PRA-*authorised persons* and contributing to the securing of an appropriate degree of protection for those who are or may become policyholders. - (2) the inability of a *firm* to treat its *policyholders* fairly consistent with the *firm's* obligations under the *FCA's Principle 6* (for example, in relation to bonus payments).

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### 1 General

##### 1.1 Application and purpose

...

1.1.2 G The purpose of *FIT* is to set out and describe the criteria that the *FSA* appropriate regulator will consider when assessing the fitness and propriety of a *candidate* for a *controlled function* (see generally *SUP* 10 on *approved persons*). The criteria are also relevant in assessing the continuing fitness and propriety of *approved persons*. ~~The criteria that the *FSA* will consider in relation to an *authorised person* are described in *COND*.~~

##### 1.2 Introduction

...

1.2.2 G ~~The method of applying for *approved person* status is set out in *SUP* 40. [deleted]~~

...

1.2.3 G ~~Under section 63(1) of the *Act* (Withdrawal of approval), the *FSA* may withdraw its approval if it considers that the *person* in respect of whom the approval was given is not fit and proper to perform the *controlled function* to which the approval relates. [deleted]~~

1.2.3A G Under section 63(1) of the *Act* (Withdrawal of approval), the *FCA* may withdraw an approval under section 59 given by the *FCA* or the *PRA* in relation to the performance by a person of a function if it considers that the *person* is not a fit and proper *person* to perform the function.

1.2.3B G Under section 63(1A) of the *Act* (Withdrawal of approval), the *PRA* may withdraw an approval under section 59 in relation to the performance by a *person* (“A”) of a function if: (a) the *PRA* gave the approval, or the *FCA* gave the approval and the function is a *significant influence function* performed in relation to the carrying on by a *PRA-authorised person* of a regulated activity; and (b) the *PRA* considers that A is not a fit and proper person to perform the function.

## 2.2 Competence and capability

2.2.1 G In determining a *person's* competence and capability, the ~~FSA~~ FCA  
[FCA] will have regard to all relevant matters including but not limited to:

- (1) whether the *person* satisfies the relevant ~~FSA~~ FCA training and competence requirements in relation to the *controlled function* the *person* performs or is intended to perform;

...

2.2.1A G In determining a *person's* competence and capability, the PRA will  
[PRA] have regard to all relevant matters including but not limited to:

- (1) whether the *person* has demonstrated by experience and training that the *person* is suitable , or will be suitable if approved, to perform the *controlled function*;
- (2) whether the *person* has adequate time to perform the *controlled function* and meet the responsibilities associated with that function.

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### 1.2 Financial stability information powers

##### Introduction

- 1.2.1 G The ~~FSA~~ PRA has a ~~regulatory objective~~ statutory objective of ~~contributing to the protection and enhancement of UK financial stability~~ promoting the safety and soundness of PRA-*authorised persons*. That objective is to be advanced primarily by the PRA (1) seeking to ensure that the business of PRA-*authorised persons* is carried on in a way which avoids any adverse effect on the stability of the UK financial system, and (2) seeking to minimise the adverse effect that the failure of a PRA-*authorised person* could be expected to have on the stability of the UK financial system. Section 250 of the Banking Act 2009 imposes a duty on the ~~FSA~~ PRA to collect information that it thinks is, or may be, relevant to the stability of individual financial institutions or to one or more aspects of the *UK financial system*.

### Amendments to the Fees manual (FEES)

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### 1.1 Application and Purpose

...

- 1.1.3A G The rules in FEES should be read in conjunction with GEN 2.2.23R to GEN 2.2.25G. In relation to FEES, some rules are made by both the FCA and PRA. Those rules may contain obligations for or references to FCA-*authorised persons* (for example *payment service providers* and *electronic money issuers*) notwithstanding that they also are made by the PRA in order to apply them to PRA-*authorised persons*. GEN 2.2.23R limits the application of those rules so that the PRA will only apply them in respect of PRA-*authorised persons* and not to such FCA-*authorised persons* as are specifically included within the rule.

#### 2. General Provisions

##### 2.1 Introduction

...

Purpose

...

- 2.1.5 G ~~Paragraph 17 of Schedule 1 to and section 99~~ Paragraph 23 of Schedule 1ZA of the Act, regulation 92 of the *Payment Services Regulations* and regulation 59 of the *Electronic Money Regulations* enable the ~~FSA~~ FCA to charge fees to cover its costs and expenses in carrying out its functions. The corresponding provisions for the *FSCS* levy, *FOS* levies and *CFEB* levies are set out in *FEES* 6.1, *FEES* 5.2 and *FEES* 7.1.4G respectively. Case fees payable to the *FOS Ltd* are set out in *FEES* 5.5A. *Fee-paying payment service providers* and *fee-paying electronic money issuers* are not required to pay the *FSCS* levy but are liable for *FOS* levies.
- [FCA]

- 2.1.5-A G Paragraph 31 of Schedule 1ZB of the Act enables the PRA to charge fees to cover its costs and expenses in carrying out its functions. The corresponding provisions for the *FSCS* levy are set out in *FEES* 6.1.
- [PRA]

- 2.1.5A G Regulation 92 of the *Payment Services Regulations* and regulation 59 of the *Electronic Money Regulations* each provide that the functions of the ~~FSA~~

[FCA] FCA under the respective regulations are treated for the purposes of ~~paragraph 17 of Schedule 1~~ paragraph 23 of Schedule 1ZA to the *Act* as functions conferred on the ~~FSA~~ FCA under the *Act*. ~~Paragraphs 17(2) and (3) Paragraphs 23(7) and 20(1)(b)~~ however, have not been included. These are, respectively, the ~~FSA's~~ FCA's obligation to ensure that the amount of penalties received or expected to be received are not to be taken into account in determining the amount of any fee payable and the provision that allows fees to be raised to repay borrowed monies in respect of expenses incurred, before or after the coming into force of the *Act* or the Bank of England Act 1998.

2.1.6 G The ~~FSA~~ appropriate regulator fees payable will vary from one ~~financial year~~ fee year to another, and will reflect the ~~FSA's~~ appropriate regulator's funding requirement for that period and the other key components, as described in *FEES* 2.1.7G. Periodic fees, which will normally be payable on an annual basis, will provide the majority of the funding required to enable the ~~FSA~~ appropriate regulator to undertake its statutory functions.

...

2.1.9A G PRA-authorised persons and persons seeking to become PRA-authorised persons should note that the *FCA* and the *PRA* have agreed for the *FCA* to act as the *PRA's* agent in relation to the collection of *PRA* fees. Where applicable, both PRA and FCA fees should be paid as a single payment to the FCA, which will receive the payment in its own capacity in respect of FCA fees and in its capacity as agent for the PRA in respect of the PRA fees. References to this arrangement will be referred to in FEES where applicable.

...

## 2.2 Late Payments and Recovery of Unpaid Fees

### Late Payments

...

2.2.2 G The ~~FSA~~ FCA, (for FCA and PRA periodic fees, *FOS* and *FSCS* levies and *CFEB* levies), expect to issue invoices at least 30 *days* before the date on which the relevant amounts fall due. Accordingly it will generally be the case that a *person* will have at least 30 *days* from the issue of the invoice before an administrative fee becomes payable.

3.1.7 G A potential applicant for ~~*Part IV permission*~~ *Part 4A permission* (or *Treaty firm*) has the opportunity to discuss its proposed application (or exercise of *Treaty rights*) with the *FSA appropriate regulator* before submitting it formally. ~~(For more information, contact the Firm Contact Centre (020 7066 3954) or visit the *FSA* website How do I get authorised: <http://www.fsa.gov.uk/Pages/Doing/how/index.shtml>.)~~ If an applicant for ~~*Part IV permission*~~ *Part 4A permission* (or *Treaty firm*) does so, the *FSA appropriate regulator* will be able to use that dialogue to make an initial assessment of the fee categorisation and therefore indicate the authorisation fee that should be paid.

#### 1.1 Application

...

1.1.2A G A firm should refer to GEN 2.2.13AR (cross-references in the Handbook) and GEN 2.2.23R to GEN 2.2.25G (cutover: application of provisions made by both the FCA and the PRA) when applying the rules and guidance in GENPRU. In particular, many rules in GENPRU are made by both the PRA (in relation to PRA-*authorised persons*) and by the FCA (in relation to BIPRU investment firms that are FCA-*authorised persons*).

[PRA/

1.1.2B G As the FCA does not have the power to impose prudential rules and guidance on PRA-*authorised persons*, references to PRA-*authorised persons* or PRA rules that are included in FCA GENPRU provisions will not be relevant in the FCA's application of that provision, unless otherwise stated.

## 2.2 Capital resources

...

2.2.7 G Parts of this section are irrelevant to a *BIPRU firm* whose *capital resources* consist of straightforward *capital instruments*. Therefore the *FSA's Personal handbooks* facility available on its website allows a *BIPRU firm* to screen out those parts of this section that are not relevant to a *simple capital issuer*.

...

Other requirements: insurers carrying on with-profits business (Insurer only)

2.2.270 R *GENPRU 2.2.270R to GENPRU 2.2.275G only apply to an insurer.*

2.2.270A G *GENPRU 2.2.271R to GENPRU 2.2.272G and GENPRU 2.2.274G are made by both the PRA and FCA for the purpose of applying these provisions to insurers pursuant to the statutory objectives.*  
[PRA/  
FCA]

2.2.271 R *An insurer carrying on with-profits insurance business must, in addition to the other requirements in respect of capital resources elsewhere in GENPRU 2.2, meet the following conditions before a capital instrument can be included in that insurer's capital resources:*

...

(3) no amounts, whether interest, principal, or other amounts, must be payable by the *firm* under the *capital instrument* if the *firm's* assets would then be insufficient to enable it to declare and pay under a *with-profits insurance contract* discretionary benefits that are consistent with the *firm's* obligations under the FCA's Principle 6 (Customers' interests).

2.2.272 G The purpose of *GENPRU 2.2.271R* is to achieve practical subordination of *capital instruments* if they are to qualify as *capital resources* to the liabilities an *insurer* has to *with-profits policyholders*, including liabilities which arise from the regulatory duty (as regulated by the FCA) to treat *customers* fairly in setting discretionary benefits. (FCA's Principle 6 (Customers' interests) requires a *firm* to pay due regard to the interests of its customers and treat them fairly.) It is not sufficient for a *capital instrument* to be subordinated to such liabilities only on winding up of the *firm* because such liabilities to *policyholders* may have been reduced by the inappropriate use of management discretion to enable funds to be applied in repaying subordinated *capital instruments* before winding up proceedings commence.

## 2 Annex 8G Guidance on applications for waivers relating to implicit items

Implicit items under the Act	
...	
16	The <del>FSA</del> PRA recognises that the assessment of the insurance <i>technical provisions</i> reflects the contractual obligations of the <i>firm</i> . <i>Implicit items</i> are therefore margins over and above an economic assessment in these

	<p><i>technical provisions</i> only. Non-contractual "constructive" obligations arising from a <i>firm's</i> regulatory duty (<u>as regulated by the FCA</u>) to treat <i>customers</i> fairly e.g. regarding future terminal bonuses, are not fully captured by the <i>technical provisions</i>. A <i>firm</i> must instead be satisfied that it has sufficient <i>capital resources</i> at all times to meet its obligations under <u>the FCA's</u> Principle 6. The granting of a <i>waiver</i> for an <i>implicit item</i> does not in any way detract from this requirement and a <i>firm</i> will need to be satisfied that this condition is still met.</p>

#### 1 Capital resources requirements and technical provisions for insurance business

#### 1.2 Mathematical reserves

...

1.2.6 G A number of the *rules* in this section require a *firm* to take into account its regulatory duty to treat *customers* fairly. In this section, references to such a duty are to a ~~*firm's duty*~~ the duty of a *firm* regulated by the *FCA* to pay due regard to the interests of its *customers* and to treat them fairly (see the *FCA's Principle 6* in *PRIN*). This duty is owed to both *policyholders* and potential *policyholders*.

1.2.6A G A number of *rules* in this section are made by the *FCA* and the *PRA*. Some of the rules made by the *FCA* and *PRA* contain references to, or are reliant on, *rules* that are only made by the *PRA*. *Firms* should consider *GEN 2.2.13AR* (cross-references in the *Handbook*) and *GEN 2.2.23R* to *GEN 2.2.25G* (cutover: application of provisions made by both the *FCA* and the *PRA*) when applying these *rules*. In the context of mathematical reserves, the *FCA rules* ensure a *firm* takes into account its regulatory duty to treat *customers* fairly. Where an *FCA rule* refers to a *PRA rule*, *GEN 2.2.13AR* and *GEN 2.2.23R* will apply so that the *PRA rule* is also made by the *FCA* to the extent necessary to make the *FCA rule* function but only to the extent of the *FCA's* powers and regulatory responsibilities.

1.2.10 R In the actuarial valuation under *INSPRU 1.2.7R*, a *firm* must use methods and prudent assumptions which:

1.3.14 G In this section, any reference to a *firm's* regulatory duty to treat its *customers* fairly is a reference to ~~the firm's duty~~ the duty of a firm regulated by the FCA under FCA's Principle 6 (Customers' interests). This states that a *firm* must pay due regard to the interests of its *customers* and treat them fairly.

1.3.15 G In this section, any reference to the *Principles and Practices of Financial Management (PPFM)* is a reference to the requirements in the FCA's rules at COBS 20.3 (Principles and Practices of Financial Management) for *firms* to establish, maintain and record the principles and practices of financial management according to which the business of its *with-profits funds* is conducted.

### 3.1 Market risk in insurance

...

Covering linked liabilities

...

- 3.1.61-A G Where liabilities are linked to orders made under section 148 of the Social Security Administration Act 1992, *firms* are required by *COBS* 21.3.5R to notify ~~their supervisors~~ the PRA before effecting any such business and to explain how the risks associated with this business will be safely managed. This requirement does not apply in respect of liabilities for which a limited revaluation premium has been paid to the Department for Work and Pensions so that the liability for revaluation, while still linked to section 148 orders, is limited to 5%. The risks may be mitigated by holding assets to cover an alternative index which is reasonably expected to at least cover the section 148 order (e.g. RPI plus a margin) over the duration of the link. The *firm's* exposure to an order under section 148 exceeding this index should be appropriately limited by putting a cap on the liabilities linked to the order so that risks are within acceptable limits.

## 5 Operational Risk Management

### 5.1 Application

...

Purpose

- 5.1.3 G This section provides *guidance* on how to interpret *SYSC* 14.1.18R and *SYSC* 14.1.19R(2) (which relate to the design and documentation of risk management systems) ~~in so far as they relate to the management of~~

~~operational risk in a prudential context~~. Operational risk has been described by the Basel Committee on Banking Supervision as "the risk of loss, resulting from inadequate or failed internal processes, people and systems, or from external events". Thus this section covers management of risks concerning any of the *firm's* operations, whether caused by internal or external matters. However, it does not cover management of credit, market, liquidity and insurance risk. Examples of operational risk exposures that this section is meant to address include internal and external fraud; failure to comply with employment law or meet workplace safety standards; damage to physical assets; business disruptions and system failures; and transaction processing failures.

5.1.4 G Operational risk concerns the ~~FSA in a prudential context~~ PRA because inappropriate management of operational risk can adversely affect the solvency or business continuity of a *firm*, threatening the ~~regulatory objectives~~ statutory objectives of ~~market confidence, consumer protection and financial stability~~ promoting the firm's safety and soundness and contributing to the securing of an appropriate degree of protection for those who are or may become policyholders.

5.1.5 G This section contains *guidance* on how a *firm* should determine, ~~in a prudential context~~, its policy for operational risk management and its processes for the identification, assessment, monitoring and control of operational risk. In addition, *guidance* is provided on record keeping in relation to operational risk.

## 7 Individual Capital Assessment

### 7.1 Application

...

7.1.3A G A firm should refer to GEN 2.2.23R to GEN 2.2.25G (cutover: application of provisions made by both the FCA and the PRA) when applying the rules and guidance in INSPRU 7. In particular:  
[FCA/  
PRA]

(1) INSPRU 7.1.16G to 7.1.18G and INSPRU 7.1.20G are made by the FCA for the purpose of applying this guidance to insurers pursuant to the statutory objectives; and

(2) certain rules and guidance in INSPRU 7.1 are also made by the FCA for the purpose of their application to dormant account operators. These provisions are INSPRU 7.1.4G to 7.1.21G, INSPRU 7.1.25G to 7.1.27, INSPRU 7.1.29G to 7.1.73G and INSPRU 7.1.91G to 7.1.99G.

...

7.1.9A G This section sets out in greater detail the approach to be taken by a *firm* when carrying out the assessment of capital described in the preceding paragraph. This is the assessment referred to as an *individual capital assessment*. *GENPRU* 1.2.42 R is a general requirement for a *firm* to carry out stress tests and scenario analyses taking into account an appropriate range of adverse circumstances and events relevant to the *firm's* business and risk profile and to estimate the financial resources it would need to continue to meet the *overall financial adequacy rule* in the stress scenarios considered. As part of its obligations under *GENPRU* 1.2.42 R, the *firm* must carry out stress tests and scenario analyses to estimate the financial resources it would need to support its business plans and continue adequately to cover its *CRR* and meet the *overall financial adequacy rule* over a time horizon of 3 to 5 years. This is a separate requirement from that to carry out an *ICA*, and *guidance* on this requirement is provided in *GENPRU* 1.2.73A G. This is a separate requirement from that to carry out an *ICA*, and *guidance* on this requirement is provided in *GENPRU* 1.2.73A G and *GENPRU* 1.2.73CG. In particular, *firms* should note that there is no requirement that the level of capital required as identified by the *ICA* should be equal to, or exceed, the *CRR*.

...

7.1.26 G The *ICA* should assume that a *firm* will continue to manage its business having regard to the ~~*FSA's*~~ *PRA's* and *FCA's* Principles for Businesses. Sch 5.2 G If a "Yes" appears in the column headed "For *private person*", the *rule* may be actionable by a *private person* under section ~~150~~ 138D(2) (or, in certain circumstances, his fiduciary or representative; see article 6(2) and (3)(c) of the Financial Services and Markets Act 2000 (Rights of Action) Regulations 2001 (SI 2001/2256)). A "Yes" in the column headed "Removed" indicates that the ~~*FSA*~~ *FCA* has removed the right of action under section ~~150(2)~~ 138D(3) of the *Act*. If so, a reference to the *rule* in which it is removed is also given.

Sch 5.3 G The column headed "For other *person*" indicates whether the *rule* may be actionable by a *person* other than a *private person* (or his fiduciary or representative) under article 6(2) and (3) of those Regulations. If so, an

indication of the type of *person* by whom the *rule* may be actionable is given.

### Amendments to the Interim Prudential sourcebook for Friendly Societies (IPRU(FSOC))

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### **GUIDANCE: THE PURPOSE OF THE PRUDENTIAL RULES FOR FRIENDLY SOCIETIES AND AN OVERALL DESCRIPTION**

4. One of the features of a *contract of insurance* is the long period of risk the contract may cover. The prudential rules for *friendly societies* seek to protect the *policyholder* against the risk that a *friendly society* will fail to meet a valid claim as it falls due ~~or to fulfil the reasonable expectations of *policyholders*~~

...

11. As part of the continuing supervision of a *friendly society*, the rules in Chapter 5 require the *friendly society* to prepare certain accounts and statements in accordance with the rules and deposit them with the ~~FSA~~ PRA. ~~In addition, Chapter 6 requires a *friendly society* to make certain statistical returns.~~

...

#### **APPLICATION**

...

Actions for damages

- 1.2 Section ~~150(1)~~ 138D(2) of the *Act* does not apply.

...

#### **Annex 2**

...

*Duty of care*

...

5. Annex 3 also draws attention to the special duty of care that the *officers* of a *friendly society* have in respect of ~~safeguarding~~ protecting the interests of *policyholders*. This duty is recognised in the PRA and FCA's Principles for Business, including principle 6 of the FSA FCA's Principles for Businesses (paying due regard to policyholders interests and treating them fairly). In the ~~FSA's~~ PRA's view, because of the increasing risk of error and omission, and the possibility that any liabilities which may arise as a result could be substantially greater than an *officer's* or *officers'* financial resources to cover them, that duty of care places a responsibility on a *committee* to consider whether the *friendly*

*society* should obtain indemnity insurance cover for appropriate *officers* in the interests of members (see 6).

...

### **Annex 3**

#### Part I

...

#### **B. ACCOUNTING RECORDS AND SYSTEMS**

11. The principal reasons why a *friendly society* (including any *registered branch*) or a group is required by rule 3.1 to maintain adequate accounting and other records are:

(a) ...

(b) ...

(c) to safeguard the assets of the *friendly society* (or branch) and to protect the interests of *policyholders*;

### Amendments to the Interim Prudential sourcebook for Investment Business (IPRU(INV))

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### 1.1 PURPOSE

...

- 1.1.2 The *rules and guidance* in this sourcebook will assist the ~~FSA~~ appropriate regulator to meet the statutory objectives ~~of protecting consumers and maintaining market confidence~~. This sourcebook does so by setting minimal capital and other risk management standards thereby mitigating the possibility that firms will be unable to meet their liabilities and commitments to *consumers* and counterparties.

...

#### Annex A LIMITED LIABILITY PARTNERSHIPS: ELIGIBLE MEMBERS' CAPITAL

...

##### Purpose

- 1.4 G The purpose of this annex is to amplify *Principle 8* (Financial resources) which requires *a firm* to maintain adequate financial resources to meet its investment business commitments and to withstand the risks to which its business is subject. This annex imposes various conditions that must be satisfied for members' capital to count as "Tier 1" or equivalent grade capital in meeting the *limited liability partnership's* financial resources requirement. These conditions are made up of conditions specific to *limited liability partnerships* and general conditions based for the most part on those set out in article 57 of *the Banking Consolidation Directive*. This assists in the achievement of the ~~regulatory objectives~~ statutory objective of consumer protection ~~and market confidence~~.

### Amendments to the Supervision manual (SUP)

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### 2.1 Application and purpose

...

2.1.5 G Part XI of the *Act* (Information Gathering and Investigations) gives the ~~FSA~~  
[FCA] FCA statutory powers, including:

- (1) to require the provision of information (see sections 165, ~~165A~~, and EG 3 and ~~FINMAR1~~);

...

...

#### 2.2 Information gathering by the FCA appropriate regulator on its own initiative: background

...

2.2.3 G The ~~FSA~~ FCA would not normally seek to gather information using the  
[FCA] methods described in *SUP 2.3* or *SUP 2.4* in a situation where the ~~FSA~~ FCA  
could not have obtained it under the powers in Part XI of the *Act*  
(Information Gathering and Investigations). In particular, the limitations in  
the following sections of the *Act* are relevant to this chapter:

- (1) section 175(5) (Information and documents: supplementary powers) under which no *person* may be required under Part XI of the *Act* (Information Gathering and Investigations) to disclose information or produce a document subject to banking confidentiality (with exceptions); the ~~FSA~~ FCA would not normally seek such information using the methods described in *SUP 2.3* or *SUP 2.4*; and
- (2) section 413 (Protected items), under which no *person* may be required under the *Act* to produce, disclose or permit the inspection of *protected items*; a *firm* would not breach *Principle 11* or the *rules* in this chapter by not producing such items.

2.2.3A G The PRA would not normally seek to gather information using the methods  
[PRA] described in SUP 2.3 in a situation where the PRA could not have obtained  
it under the powers in Part XI of the Act (Information Gathering and  
Investigations). In particular, the limitations in the following sections of the

Act are relevant to this chapter:

- (1) section 175(5) (Information and documents: supplementary powers) under which no *person* may be required under Part XI of the *Act* (Information Gathering and Investigations) to disclose information or produce a document subject to banking confidentiality (with exceptions); the *PRA* would not normally seek such information using the methods described in *SUP 2.3*; and
- (2) section 413 (Protected items), under which no *person* may be required under the *Act* to produce, disclose or permit the inspection of *protected items*; a *firm* would not breach *Principle 11* or the *rules* in this chapter by not producing such items.

#### Confidentiality of information

2.2.4 G When the ~~FSA~~ FCA obtains confidential information using the methods of information gathering described in *SUP 2.3* or *SUP 2.4*, it is obliged under Part XXIII of the *Act* (Public Record, Disclosure of Information and Co-operation) to treat that information as confidential. The ~~FSA~~ FCA will not disclose confidential information without lawful authority, for example if an exception applies under the Financial Services and Markets Act 2000 (Disclosure of Confidential Information) Regulations 2001 (SI 2001/2188) or with the consent of the *person* from whom that information was received and (if different) to whom the information relates.

[FCA]

2.2.4A G When the *PRA* obtains confidential information using the methods of information gathering described in *SUP 2.3*, it is obliged under Part XXIII of the *Act* (Public Record, Disclosure of Information and Co-operation) to treat that information as confidential. The *PRA* will not disclose confidential information without lawful authority, for example if an exception applies under the Financial Services and Markets Act 2000 (Disclosure of Confidential Information) Regulations 2001 (SI 2001/2188) or with the consent of the *person* from whom that information was received and (if different) to whom the information relates.

[PRA]

#### Admissibility of information in proceedings

2.2.5 G Information obtained by the ~~FSA~~ FCA using the methods described in *SUP 2.3* and *SUP 2.4* is admissible in evidence in any proceedings, so long as it complies with any requirements governing the admissibility of evidence in the circumstances in question.

[FCA]

2.2.5A G Information obtained by the *PRA* using the methods described in *SUP 2.3* is admissible in evidence in any proceedings, so long as it complies with any requirements governing the admissibility of evidence in the circumstances in question.

[PRA]

### 2.3 Information gathering by the ~~FSA~~ appropriate regulator on its own

**initiative: cooperation by firms**

...

Suppliers under material outsourcing arrangements

...

2.3.9 G When a *firm* appoints or renews the appointment of a supplier under a  
[FCA/ *material outsourcing* arrangement, it should satisfy itself that the terms of  
PRA] its contract with the supplier require the supplier to give the *FSA*  
*appropriate regulator* access to its premises as described in *SUP* 2.3.5R(2),  
and to cooperate with the *FSA appropriate regulator* as described in *SUP*  
2.3.7R. The *FSA appropriate regulator* does not consider that the  
'reasonable steps' in *SUP* 2.3.7R would require a *firm* to seek to change a  
contract, already in place either when that *rule: (1)* was made by the *FSA* on  
21 June 2001; or (2) was designated by the *appropriate regulator*, until  
renewal of the contract.

...

2.3.12 G ~~In complying with *Principle 11*, the *FSA* considers that a *firm* should  
cooperate with it in providing information for other regulators. Sections 169  
(Investigations etc. in support of overseas regulator) and 169A (Support of  
overseas regulator with respect to financial stability) of the *Act* give the *FSA*  
certain statutory powers to obtain information and appoint investigators for

[FCA/ This table and the provisions in *SUP* 3 should be read in conjunction with  
PRA] *GEN* 2.2.23R to *GEN* 2.2.25G. In particular, the *PRA* does not apply any of the  
provisions in *SUP* 3 in respect of *FCA-authorised persons*. *SUP* 3.10 and *SUP*  
3.11 are applied by the *FCA* only.

- 3.1.2A G If a *firm* falls within more than one row in column (1) of the table in *SUP*  
 [FCA/  
 PRA] 3.1.2R, *SUP* 3.1.1R requires the *firm* and its external auditor to comply with all the sections referred to in column (2) or (3). ~~For example, a bank which carries on designated investment business which is also a mortgage lender, falls in rows (4) and (9). Therefore, the bank must comply with *SUP* 3.1 to *SUP* 3.7, and its external auditor must comply with *SUP* 3.1, *SUP* 3.2, *SUP* 3.8 and *SUP* 3.10.~~

### 3.2 Purpose

...

- 3.2.6 G The rights and duties of auditors are set out in *SUP* 3.8 (Rights and duties of  
 [FCA] all auditors) and *SUP* 3.10 (Duties of auditors: notification and report on client assets). *SUP* 3.8.10G includes the auditor's statutory duty to report certain matters to the ~~FSA~~ *FCA* imposed by regulations made by the Treasury under sections 342(5) and 343(5) of the *Act* (information given by auditor or actuary to ~~the FSA~~ a regulator). An auditor should bear these rights and duties in mind when carrying out *client* asset report work, including whether anything should be notified to the ~~FSA~~ *FCA* immediately.

- 3.2.6A G The rights and duties of auditors are set out in *SUP* 3.8 (Rights and duties of  
 [PRA] all auditors). *SUP* 3.8.10G includes the auditor's statutory duty to report certain matters to the *PRA* imposed by regulations made by the Treasury under sections 342(5) and 343(5) of the *Act* (information given by auditor or actuary to a regulator).

### 3.3 Appointment of auditors

...

- 3.3.3 G (1) *SUP* 3.3.2R applies to every *firm* to which this section applies. That  
 [PRA] includes a *firm* which is under an obligation to appoint an auditor under an enactment other than the *Act*, such as the Companies Act 1985 or the Companies Act 2006, as appropriate. Such a *firm* is expected to wish to have a single auditor who is appointed to fulfil both obligations. *SUP* 3.3.2R is made under section ~~138~~ 137F of the *Act* (~~General rule-making power~~ The *PRA*'s general rules), in relation to such *firms*, and under section 340(1) (Appointment) in relation to other *firms*.
- (2) *Building societies* and *friendly societies* are reminded that they are subject to the provisions of Schedule 11 to the Building Societies Act 1986 and Schedule 14 to the Friendly Societies Act 1992 relating to

auditors, in addition to the provisions in this chapter. In relation to *SUP* 3.3.2R(2), such *firms* may give the *FSA PRA* a single notification of a vacancy in the office of auditor provided that the notification complies with the requirements of the relevant Act and *SUP* 3.3.2R(2).

### 4.2 Purpose

- 4.2.1 G Section 340 of the *Act* gives the *FSA PRA* power to make *rules* requiring an *authorised person*, or an *authorised person* falling into a specified class, to appoint an *actuary*. Section 340 further empowers the *FSA PRA* to make *rules* governing the manner, timing and notification ~~to the *FSA*~~ of such an appointment and, where an appointment is not made, for the *FSA PRA* to make

an appointment on the firm's behalf. The ~~FSA's~~ rule-making powers of the PRA and FCA under section 340 of the *Act* also extend to an *actuary's* duties ~~and to the cessation of an *actuary's* term of office.~~

### 4.3 Appointment of actuaries

...

4.3.2 G The provisions relating to the duties of an *actuary* appointed to perform these functions are set out in *SUP* 4.3.13R to *SUP* 4.3.18G. The functions performed by *actuaries* appointed by a *firm* under *SUP* 4.3.1R are specified as *controlled functions* (CF 12, the *actuarial function*, and CF 12A, the *with-profits actuary function*) in *SUP* 10B (PRA-Approved persons). As a result, an application must be made to the ~~FSA~~ PRA under section 60 of the *Act* (Applications for approval) for approval by the PRA with the consent of the FCA of the *person* proposing to take up such an appointment. Section 61(3) of the *Act* (Determination of applications) gives the ~~FSA~~ PRA three months to grant its approval or give a *warning notice* that it proposes to refuse the application. A *firm* should not appoint an *actuary* until the ~~FSA~~ PRA with the consent of the FCA has approved the *actuary*. In order to comply with *SUP* 4.3.1R, a *firm* should ensure it applies to the ~~FSA~~ PRA as soon as practicable before the date when it needs the *actuary* to take office. The ~~FSA~~ PRA will need time to consider the application before deciding whether to grant approval. See *SUP* 10B (PRA-Approved persons).

...

4.3.5 G The ~~FSA~~ PRA will not normally seek to appoint an *actuary* under *SUP* 4.3.3R if a notification under *SUP* 10B (PRA-Approved persons) has been received from the *firm* in relation to a proposed appointment of an *actuary* under *SUP* 4.3.1R, and that application is still being considered.

...

4.3.11 R A *firm* must not appoint under *SUP* 4.3.1R an *actuary* who is disqualified by the ~~FSA~~ FCA under section 345 of the *Act* (~~Disqualification~~ Disciplinary measures: FCA) or the PRA under section 345A of the *Act* (Disciplinary measures: PRA) from acting as an *actuary* either for that *firm* or for a relevant class of *firm*.

4.3.12 G If it appears to the ~~FSA~~ FCA or PRA that an *actuary* has failed to comply with a duty imposed on him under the *Act*, it may have the power to and may disqualify him under section 345 or 345A, respectively, of the *Act*. ~~For more detail about what happens when the disqualification of an actuary is being considered or put into effect, see EG 15 (Disqualification of auditors and actuaries).~~ A list of actuaries who are disqualified by the ~~FSA~~ FCA may be found on the ~~FSA~~ FCA website ([www.fsa.gov.uk](http://www.fsa.gov.uk)) [web address tbc].

#### 4.4 Appropriate actuaries

## 4.5 Provisions applicable to all actuaries

...

4.5.7 G (1) *Actuaries* appointed under this chapter are subject to regulations made by the Treasury under sections 342(5) and 343(5) of the *Act* (Information given by auditor or actuary to the Authority a regulator). Section 343 and the regulations also apply to an actuary of an *authorised person* in his capacity as an actuary of a *person* with *close links* with the *authorised person*.

[FCA/  
PRA]

(2) These regulations oblige *actuaries* to report certain matters to the *FSA appropriate regulator*. Sections 342(3) and 343(3) of the *Act* provide that an *actuary* does not contravene any duty by giving information or expressing an opinion to the *FSA appropriate regulator*, if he is acting in good faith and he reasonably believes that the information or opinion is relevant to any functions of the *FSA appropriate regulator*. These provisions continue to have effect after the end of the actuary's term of appointment.

~~In relation to Lloyd's, an effect of the *insurance market direction* set out at *SUP 3.1.13D* is that sections 342(5) and 343(5) of the *Act* (Information given by auditor or actuary to the *FSA*) apply also to *actuaries* who are appointed to evaluate the *long-term insurance business* of a *syndicate*.~~

4.5.7A G In relation to Lloyd's, an effect of the *insurance market direction* set out at *SUP 3.1.13D* is that sections 342(5) and 343(5) of the *Act* (Information given by auditor or actuary to a regulator) apply also to *actuaries* who are appointed to evaluate the *long-term insurance business* of a *syndicate*.

[PRA]

...

4.5.11 G When an *actuary* appointed under *SUP 4.3.1R* ceases to hold office, he ceases to perform a *controlled function*. A *firm* is therefore required under *SUP 10.13.6R* to tell the *FSA PRA* within seven *business days* of its *actuary* ceasing to hold office and to complete a withdrawal form (Form C, *SUP 10 Annex 6R*). Note also the requirement of *SUP 10.13.7 R* in relation to qualified withdrawals.

## 4.6 Lloyd's

...

4.6.2 G The functions performed by the *actuary* appointed as the *Lloyd's actuary* under SUP 4.6.1R are specified as *controlled functions* in SUP 10B (~~Approved persons~~ PRA-Approved persons). As a result, an application must be made to the ~~FSA~~ PRA under section 60 of the *Act* (Applications for approval) for approval of the *person* proposing to take up such an appointment. Section 61(3) of the *Act* (Determination of applications) gives the ~~FSA~~ PRA three months to grant its approval or give a *warning notice* that it proposes to refuse the application. An *actuary* should not be appointed until the ~~FSA~~ PRA with the consent of the FCA has approved the *actuary*. In order to comply with SUP 4.6.1R, the *Society* should ensure it applies to the ~~FSA~~ PRA as soon as practicable before the date when it needs the *actuary* to take office. The ~~FSA~~ PRA will need time to consider the application before deciding whether to grant approval.

...

4.6.5 R The *Society* must not appoint under SUP 4.6.1R as *Lloyd's actuary* an *actuary* who is disqualified by the ~~FSA~~ FCA under section 345 of the *Act* (~~Disqualification~~ Disciplinary measures: FCA) or the *PRA* under section 345A of the *Act* (Disciplinary measures: PRA) from acting: ...

4.6.6 G If it appears to the ~~FSA~~ FCA or *PRA* that an *actuary* has failed to comply with a duty imposed on him under the *Act*, it may have the power to and may disqualify him under section 345 or 345A, respectively, of the *Act*. ~~For more detail about what happens when the disqualification of an actuary is being considered or put into effect, see EG 15.~~ A list of *actuaries* who are disqualified by the ~~FSA~~ FCA may be found on the ~~FSA~~ FCA website.

4.6.13 R A *managing agent* must not appoint under SUP 4.6.9R as *syndicate actuary* an *actuary* who is disqualified by the ~~FSA~~ FCA under section 345 of the *Act* (~~Disqualification~~ Disciplinary measures: FCA) or the *PRA* under section 345A of the *Act* (Disciplinary measures: PRA) from acting: ...

4.6.14 G If it appears to the ~~FSA~~ FCA or *PRA* that an *actuary* has failed to comply with a duty imposed on him under the *Act*, it may have the power to and may disqualify him under section 345 or 345A, respectively, of the *Act*. ~~For more detail about what happens when the disqualification of an actuary is being considered or put into effect, see EG 15.~~ A list of *actuaries* who are disqualified by the ~~FSA~~ FCA may be found on the ~~FSA~~ FCA website.

...

9.2.2 G A *firm* and its professional advisers should address requests for

individual *guidance* to the *firm's* usual supervisory contact at the ~~FSA~~ FCA, with the exception of requests for *guidance* on the *Code of Market Conduct (MAR 1)* which should be addressed to the specialist team within the ~~Markets and Exchanges Division~~ Markets Division. A *firm* may wish to discuss a request for *guidance* with the relevant contact before making a written request.

...

- 9.3.2 G The ~~FSA~~ FCA may give individual *guidance* to a *firm* on its own initiative if it considers it appropriate to do so. For example:
- (1) the ~~FSA~~ FCA may consider that general *guidance* in the *Handbook* does not appropriately fit a *firm's* particular circumstances (which may be permanent or temporary) and therefore decide to give additional individual *guidance* to the *firm*;
  - (2) some of the ~~FSA's~~ FCA's requirements are expressed in general terms; however, there may be times when the ~~FSA~~ FCA will wish to respond to a *firm's* particular circumstances by giving individual *guidance* on the application of the general requirement in these circumstances;
  - (3) the ~~FSA~~ FCA may consider that a *firm* should be given more detailed *guidance* than that contained in the ~~Handbook~~ FCA Handbook; for example, where a *firm* holds positions in instruments of a non-standard form it may be appropriate to give the *firm* additional or more detailed *guidance* on how the ~~FSA~~ FCA considers that it should calculate its financial resources requirement
  - (4) in some instances a *rule* allows a *firm* to select which requirement, within a range of alternative requirements, a *firm* should comply with; in many instances, the ~~Handbook~~ FCA Handbook gives *guidance* setting out the circumstances in which compliance with a particular requirement is appropriate; the ~~FSA~~ FCA may sometimes consider it necessary to give additional individual *guidance* to tell a *firm* which requirement it considers appropriate;
  - (5) in relation to the maintenance of adequate financial resources, the ~~FSA~~ FCA may give a *firm* individual *guidance* on the amount or type of financial resources the ~~FSA~~ FCA considers appropriate, for example *individual capital guidance* for *BIPRU firms* ~~and insurers~~; further *guidance* on how and when the ~~FSA~~ FCA may give *individual capital guidance* on financial resources is contained in the Prudential Standards part of the *Handbook*:
    - (a) for a *BIPRU firm*: *GENPRU 1.2* and *BIPRU 2.2*; and
    - (b) ~~for an insurer: GENPRU 1.2 and INSPRU 7.1; [deleted]~~
    - (c) for a *securities and futures firm* (or other *firm* required to comply with *IPRU(INV) 3*): *IPRU(INV) 3-79R*; ~~and~~

(d) ~~for an insurer: *INSPRU 7*~~ [deleted]

...

App 2.3.1 G To fulfil its obligations under the *Insurance Directives*, and as part of the ~~FSA's~~ PRA's risk-based approach to supervision, there are certain times when the ~~FSA~~ PRA needs to monitor a *firm* more closely than it normally would. This is so the ~~FSA~~ PRA can fulfil its function of supervising the safety and soundness of firms properly and meet the ~~regulatory objective~~ statutory objective of securing an appropriate degree of protection for ~~consumers~~ policyholders.

[PRA]

...

App 2.3.4 G In accordance with the *Insurance Directives*, a *firm* whose capital resources have fallen below its required margin of solvency, or its guarantee fund, is required, by the *rule* set out in this appendix, to submit a *scheme of operations*, together with an explanation of how its capital resources will be adequately restored. In order to secure an appropriate degree of protection for ~~consumers~~ policyholders, the ~~FSA~~ PRA applies the rule in this appendix to firms to which the provisions of the *Insurance Directives* would not otherwise apply.

[PRA]

...

App 2.3.8 G In relation to a *firm* carrying on *with-profits insurance business*, action which it takes either to restore its capital resources to the levels set by the intervention points in this appendix, or to prevent its capital resources falling below those points, should be consistent with *Principle 6* of the ~~FSA's~~ FCA's Principles for Businesses. The FCA's Principle 6 requires a *firm* to pay due regard to the interests of its *customers* and treat them fairly.

App 2.7.5  
[PRA]

G If a *firm* has not accepted *individual capital guidance* given by the ~~FSA~~ PRA it should, nevertheless, inform the ~~FSA~~ PRA as soon as practicable if its capital resources have fallen below the level suggested by that *individual capital guidance*. In such circumstances, the ~~FSA~~ PRA may ask the *firm* for further explanation as to why it does not consider the *individual capital guidance* to be appropriate. The ~~FSA~~ PRA may also consider using its powers under section 45 55M of the *Act* to, on its own initiative, ~~vary a firm's Part IV permission, so as to~~ require it a *firm* to hold such capital as the ~~FSA~~ PRA considers is necessary for the ~~firm~~ firm to comply with *GENPRU 1.2.26R*.

App 2.9.1

G ~~A firm that has notified the FSA of a new parent undertaking may be requested to submit a scheme of operations (see SUP 11.5.5G). A scheme of operations would be requested if the significance and circumstances of the change were considered to be sufficient to merit that level of scrutiny. This is normally only likely to be necessary when there has been an ultimate change in control, or when, as a result of the change in control, significant changes are proposed to the firm's regulated activities, business plan or strategy. A firm which has submitted a scheme of operations under SUP 11.5.5G, is not required to submit a further scheme of operations under this appendix unless SUP App 2.4, SUP App 2.5 or SUP App 2.8 applies. #### INTRO 1A Foreword [FCA]

##### **(This Foreword to the Compensation sourcebook does not form part of COMP.)**

The *Act* requires the *FCA* to make rules establishing a scheme for compensating consumers in cases where: (i) authorised *firms* are unable, or likely to be unable, to satisfy claims against them; or (ii) persons who have assumed responsibility for liabilities arising from acts or omissions of authorised *firms* (“successors”) are unable, or likely to be unable, to satisfy claims against the successors that are based on those acts or omissions. The body established to operate and administer the compensation scheme is the *Financial Services Compensation Scheme Limited (FSCS)*. By making rules that allow the *FSCS* to pay compensation to retail consumers and small businesses, and focusing protection on those who need it most, the compensation scheme rules form an important part of the toolkit the *FCA* will use to meet its statutory objectives. This module of the *FCA Handbook* contains the rules and guidance that allow the *Financial Services Compensation Scheme Limited* to pay claims for compensation when an authorised person is unable or likely to be unable to meet claims against it. The rules specify who is eligible to receive compensation and in what circumstances, how much compensation can be paid to a claimant; and how the scheme will be funded. The compensation rules are of interest to consumers. The rules apply to the *FSCS* and to authorised firms.

The Sourcebook is divided into the following Chapters covering all aspects of the scheme:

#### Chapter 1: Introduction and Overview

This chapter provides an introduction to the *FSCS* rules and a table of question and answers that may be of interest to consumers.

#### Chapter 2: The *FSCS*

This chapter gives the *FSCS* the duty to administer the compensation scheme. It also sets out the general conditions the *FSCS* must follow when administering the scheme, such as having regard to the efficient and economic use of resources, the requirement to publish an Annual Report, and the duty to ensure consumers are informed about how they can make a claim. The rules in this chapter also require the *FSCS* to have in place procedures for dealing with

complaints.

#### Chapter 3 The qualifying conditions for paying compensation

This chapter sets out the main qualifying conditions that must be satisfied before the FSCS can pay compensation to claimants. These are that a claimant is eligible to claim; the activity that gave rise to the loss is protected by the scheme; the firm against which the claim is being made is protected by the scheme; and that the claimant has assigned his rights to the scheme. Chapters 4 to 7 expand on the general conditions described in Chapter 3.

#### Chapter 4 Eligible claimants

This chapter specifies who is eligible to receive compensation provided by the FSCS.

Chapter 5 What is a protected claim? This chapter specifies the activities that are protected by the FSCS.

#### Chapter 6 Relevant persons in default

This chapter specifies the circumstances when a firm is in default, that is, when a firm is to be taken as being unable or likely to be unable to meet claims against it. The FSCS can only pay compensation if the circumstances specified in Chapter 6 are met.

#### Chapter 7 Assignment of rights

This chapter enables the FSCS to make an offer of compensation conditional on the claimant assigning to it their rights to claim against the failed firm. If the FSCS recovers from the firm a greater sum than it has paid to the claimant, it must pay the balance to the claimant.

#### Chapter 8 Rejection of application and withdrawal of offer

This chapter allows the FSCS to reject an application for compensation or withdraw an offer of compensation in specified circumstances.

#### Chapter 9 Time limits on payment and postponing payment

This chapter requires the FSCS to pay a claim for compensation within a specified time unless specified conditions apply.

#### Chapter 10 Limits on the amount of compensation payable

This chapter specifies the maximum amount of compensation the FSCS can pay to a claimant.

#### Chapter 11 Payment of compensation

This chapter specifies to whom the FSCS may pay compensation. In certain circumstances compensation may be paid to a person other than the claimant.

#### Chapter 12 Calculating compensation

This chapter specifies how the FSCS will calculate the amount of compensation it can pay to a claimant.

#### Chapter 13 Funding

Chapter 13 relating to the funding of the FSCS has now been deleted. The

funding provisions for the FSCS are now contained in FEES 6 instead and allow the FSCS to make levies on authorised firms to fund the operation of the scheme or to pay compensation. FEES 6 specifies how FSCS can make levies, how costs are to be allocated, the maximum the FSCS can levy in any particular period of time, and how sums recovered from failed firms are to be treated.

#### Chapter 14 Participation by EEA firms

This chapter sets out the way the FSCS deals with incoming EEA firms who may choose to top-up into the FSCS to supplement the compensation available from their home state scheme.

### Foreword

**(This Foreword to the Compensation sourcebook does not form part of COMP.)**

The *Act* requires the *PRA* to make rules establishing a scheme for compensating consumers in cases where: (i) authorised *firms* are unable, or likely to be unable, to satisfy claims against them; or (ii) persons who have assumed responsibility for liabilities arising from acts or omissions of authorised *firms* (“successors”) are unable, or likely to be unable, to satisfy claims against the successors that are based on those acts or omissions. The body established to operate and administer the compensation scheme is the *Financial Services Compensation Scheme Limited (FSCS)*. By making rules that allow the *FSCS* to pay compensation to retail consumers and small businesses, focusing protection on those who need it most, the compensation scheme rules form an important part of the toolkit the *PRA* will use to meet its statutory objectives.

This module of the *PRA Handbook* contains the rules and guidance that allow the *Financial Services Compensation Scheme Limited* to pay claims for compensation or secure continuity of insurance when an authorised person is unable or likely to be unable to meet claims against it. The rules specify who is eligible to receive compensation and in what circumstances, how much compensation can be paid to a claimant; and how the scheme will be funded. The compensation rules are of interest to consumers. The rules apply to the *FSCS* and to authorised firms.

The Sourcebook is divided into 17 Chapters covering all aspects of the scheme:

#### Chapter 1: Introduction and Overview

This chapter provides an introduction to the FSCS rules and a table of question and answers that may be of interest to consumers.

#### Chapter 2: The FSCS

This chapter gives the FSCS the duty to administer the compensation scheme. It also sets out the general conditions the FSCS must follow when administering the scheme such as having regard to the efficient and economic use of resources, the requirement to publish an Annual Report, and the duty to ensure consumers are informed about how they can make a claim. The rules in this

chapter also require the FSCS to have in place procedures for dealing with complaints.

#### Chapter 3 The qualifying conditions for paying compensation

This chapter sets out the main qualifying conditions that must be satisfied before the FSCS can pay compensation to claimants or take steps to secure continuity of insurance. These are that a claimant is eligible to claim; the activity that gave rise to the loss is protected by the scheme; the firm against which the claim is being made is protected by the scheme; and that the claimant has assigned his rights to the scheme. Chapters 4 to 7 expand on the general conditions described in Chapter 3.

#### Chapter 4 Eligible claimants

This chapter specifies who is eligible to receive compensation or benefit from the continuity of insurance provided by the FSCS.

Chapter 5 What is a protected claim? This chapter specifies the activities that are protected by the FSCS.

#### Chapter 6 Relevant persons in default

This chapter specifies the circumstances when a firm is in default, that is, when a firm is to be taken as being unable or likely to be unable to meet claims against it. The FSCS can only pay compensation, take steps to secure continuity of insurance, or provide assistance to an insurer in financial difficulties if the circumstances specified in Chapter 6 are met.

#### Chapter 7 Assignment or subrogation of rights

This chapter enables the FSCS to make an offer of compensation conditional on the claimant assigning to it their rights to claim against the failed firm. If the FSCS recovers from the firm a greater sum than it has paid to the claimant, it must pay the balance to the claimant.

#### Chapter 8 Rejection of application and withdrawal of offer

This chapter allows the FSCS to reject an application for compensation or withdraw an offer of compensation in specified circumstances.

#### Chapter 9 Time limits on payment and postponing payment

This chapter requires the FSCS to pay a claim for compensation within a specified time unless specified conditions apply.

#### Chapter 10 Limits on the amount of compensation payable

This chapter specifies the maximum amount of compensation the FSCS can pay to a claimant, and the limits on the FSCS's duty to secure continuity of insurance for policyholders. Different limits apply depending on whether a claim is for a deposit, a claim on an insurance policy, or a claim in connection with an investment.

#### Chapter 11 Payment of compensation

This chapter specifies to whom the FSCS may pay compensation. In certain circumstances compensation may be paid to a person other than the claimant.

#### Chapter 12 Calculating compensation

This chapter specifies how the FSCS will calculate the amount of compensation it can pay to a claimant.

#### Chapter 13 Funding

Chapter 13 relating to the funding of the FSCS has now been deleted. The funding provisions for the FSCS are now contained in FEES 6 instead and allow the FSCS to make levies on authorised firms to fund the operation of the scheme, to pay compensation or secure continuity of insurance. FEES 6 specifies how FSCS can make levies, how costs are to be allocated, the maximum the FSCS can levy in any particular period of time, and how sums recovered from failed firms are to be treated.

#### Chapter 14 Participation by EEA firms

This chapter sets out the way the FSCS deals with incoming EEA firms who may choose to top-up into the FSCS to supplement the compensation available from their home state scheme.

#### Chapter 15 Protected deposits: Payments from other schemes

This chapter provides for the FSCS to have the power to pay compensation on behalf of another compensation scheme or government and to recover the sums paid.

#### Chapter 16 Disclosure requirements for firms that accept deposits

This chapter sets out the format, frequency and method of communication that deposit-taking firms must use in informing eligible customers that their deposits are covered by the FSCS. It also requires deposit-taking firms to inform their customers if their deposits are not covered by the FSCS.

#### Chapter 17 Systems and information requirements for firms that accept deposits

This chapter sets out the information required by the FSCS to make deposit compensation payments to eligible depositors. This chapter also sets out the electronic requirements connected to the information contained within each Single Customer View, including the requirement to flag eligible depositor accounts, aggregate accounts held by each eligible depositor to provide a consistent view of each eligible depositor, perform a limit check on each aggregated Single Customer View and enable the electronic submission of the Single Customer View to the FSCS. This chapter also outlines a threshold below which the electronic requirements connected to the Single Customer View are not mandatory.

#### Fit and proper test for directors

- 1.3.3 G A building society’s directors are elected by its members. Subject to certain exceptions, any natural person may be elected as a building society director (section 60 of the 1986 Act). Members have the right to nominate any
- [FCA/

candidate for election. Unless that person is subject to an ~~Authority prohibition order~~ a prohibition order made under section 56 of the Act, the board cannot refuse to accept a candidate's nomination because the board does not regard that person as fit and proper. Prior to the election, the board should take reasonable steps to establish whether there are any facts or matters concerning the candidate's fitness and propriety which the members should be aware of. If there are, the board should bring them to the members' attention before the election takes place. The ~~Authority~~ Prudential Regulator will not vet candidates for election.

- 1A.3.7 G Before giving a direction, the ~~Authority~~ FCA is required to give particulars of the application to the building society concerned and to give it the opportunity to make representations. If either the applicant or the society so requests, the ~~Authority~~ FCA must give both the opportunity of being heard by it. The FCA must also consult the PRA before making a direction.

## 2 Merger Procedures

...

- 2.1.1 G This chapter ultimately derives from the Merger Procedures Guidance Note issued by the Commission in May 1999. It gives guidance on the requirements of the 1986 Act, as amended, ~~by and under the Act, under which~~ Under the Act certain functions of the Commission were transferred to the ~~Authority~~ Financial Services Authority and, subsequently, to the FCA and PRA. This chapter is not intended to be exhaustive and is not a substitute for looking at the 1986 Act as amended and the Mergers Regulations 1987 (SI 1987/2005) as amended by the Mergers (Amendment) Regulations 1995 (SI 1995/1874), the Merger Notification Statement Regulations 1999 (SI 1999/1215), where applicable, and a society's own Rules. Nor is it a substitute for the society seeking its own legal advice. It gives a description of the relevant provisions of the 1986 Act, of the information which must be

made available to the Authority Prudential Regulator and to societies' members, together with an outline of the procedures to be followed at general meetings, and the voting majorities required to pass the Merger Resolutions which the members are to be asked to approve. This chapter describes the role of the Authority Prudential Regulator in approving the statements to members under Schedule 16 to the 1986 Act, in its prudential supervision of mergers, and in confirmation hearings. It also gives a broad indication of the way in which the Authority Prudential Regulator may be expected to exercise its discretionary powers. Except as described in section 6, to which section 7 of this chapter also applies, this chapter is concerned only with voluntary mergers under Sections 93 and 94 of the 1986 Act.

2.1.1A    G    The 1986 Act assigns most of the functions relating to Merger Procedures to "the appropriate authority". In order to clarify this, the term "Prudential Regulator" is used throughout this chapter, including where guidance is being given.  
[FCA/  
PRA]

...

Statutory requirements

2.1.5    G  
[PRA]    ...

The procedures for all three are much the same, and the differences are explained in the relevant sections of this chapter. The Authority's practice as described in this chapter is derived exclusively from previous experience of transfers of engagements because, so far, there have been no amalgamations or partial transfers under the 1986 Act. However, it is not expected that the Authority's Prudential Regulator's handling of amalgamation procedures would be significantly different from what is described here.

...

### **Terms of a merger**

2.2.7    G    The terms negotiated between the parties in a merger will be set out in a formal agreement. In the case of a transfer of engagements, Section 94(6) of the 1986 Act requires the "extent of the transfer", and in practice the other agreed terms, to be recorded in an Instrument of Transfer. For an amalgamation, Section 93(2) of the 1986 Act requires the parties to agree on a Memorandum and Rules for the successor society, and each to approve the terms of the amalgamation by Merger Resolutions, so that there must be agreement on the terms. The Authority Prudential Regulator will expect the Instrument of Transfer or amalgamation agreement to be signed before the Authority Prudential Regulator approves the Schedule 16 statement, although it will be conditional on, among other things, approval by members and confirmation by the Authority Prudential Regulator. In both cases the boards of the societies will have approved the Instrument or agreement and the

Schedule 16 statement and, in the case of an amalgamation, the Memorandum and Rules of the successor society. Before such approval by the boards, drafts of the proposed Memorandum and Rules should have been cleared with the ~~registration team~~ FCA and the Prudential Regulator. The Rules of transferee societies should provide that members of transferor societies are not disenfranchised for any period after the merger is effected (see ~~paragraph~~ *BSOG* 2.3.16G and rule 4(9) of the BSA Model Rules 5th edition).

...

### **Bonus Payments to Members**

- 2.2.10 G Whether any bonus is to be paid to members and, if so, its amount and distribution, are matters to be agreed by the boards of the societies concerned and to be approved by their members, subject to the discretion described in ~~paragraphs 4.41 and 4.42~~ *BSOG* 2.4.41G and 2.4.42G. However, the ~~Authority~~ Prudential Regulator will wish to be satisfied that the combined society will maintain a prudent level of capital resources after the bonus is paid. A bonus may, for example, be paid to the members of a transferor society with a higher capital ratio than the transferee society so as to equalise the reserves which both bring to the combined society. If it is thought desirable also to pay a bonus to the members of the transferee society, then the reserves of the combined society may be equalised at a level below the capital ratio of the transferee society, but only if it is prudent to do so. The statutory requirements for approval of bonus payments are described in ~~paragraph~~ *BSOG* 2.4.4G.
- [PRA]

...

### Compensation to Directors and Other Officers

- 2.2.12 G Any compensation proposed to be paid to directors or other officers must be disclosed in the Schedule 16 Statement and approved by a separate special resolution of the members (see ~~paragraphs~~ *BSOG* 2.3.11G and *BSOG* 2.4.3G)
- [PRA]

...

...

## **2.3 Information Provided To Members**

### Statutory requirements

- 2.3.1 G Part I of Schedule 16 to the 1986 Act requires a building society which desires to merge with another society to send to every member entitled to notice of a meeting of the society a statement concerning the matters specified in the Schedule. The statement is to be included in or with the notice of the meeting at which the Merger Resolutions are to be moved. No statement shall be sent unless its contents, so far as they concern the specified matters, have been approved by the ~~Authority~~ Prudential Regulator. Where
- [PRA]

the transferee society has obtained the consent of the Authority Prudential Regulator to proceed by board resolution then it is exempt from this requirement (see ~~paragraphs~~ *BSOG 2.4.41G* and *BSOG 2.4.42G*).

2.3.2 G Meeting arrangements and resolutions are discussed in ~~section 4~~ *BSOG 2.4*.

[PRA]

...

The financial position

2.3.6 G Paragraph 1(4)(a) of Schedule 16 to the 1986 Act requires the Statement to contain information concerning the financial position of each of the societies participating in the merger. The members should be given sufficient information to enable them to gain an accurate understanding of the key financial features of their businesses. The information will include a balance sheet, recent results and certain financial ratios; for this purpose it is necessarily rather more detailed than is required for the annual Summary Financial Statement. In addition, further information will be required concerning accounting policies and other matters, as set out in ~~paragraph~~ *BSOG 2.3.10G*.

[PRA]

2.3.7 G The information should comprise consolidated accounts of each society and its connected undertakings prepared at a common balance sheet date which should be no more than 6 months before the date on which the Statement is approved by the Authority, or the date on which the Statement is to be sent to the members if that is expected to be significantly later. Information regarding results should relate to the relevant period ending on the chosen balance sheet date. The figures may be derived from audited or unaudited accounts. In either case, the source must be stated. If unaudited figures are used, the Authority Prudential Regulator will require a “letter of comfort” from the relevant society’s external auditors confirming that, in their opinion:

[PRA]

...

(3) in reviewing the data relating to the Statement, nothing has come to their attention which would cast doubt on the directors’ statement (see ~~paragraph~~ *BSOG 2.3.8G*) that there has been no material change affecting the information given.

2.3.8 G Since the financial information will necessarily relate to a period ending somewhat before the date of approval of the Schedule 16 Statement, the board is required to state whether or not there have been any material changes to the financial position in the interim. If the effect of a change cannot be quantified, it must be described so that the members at least know that it has been identified and is relevant to their consideration of the proposed merger. Failure to disclose such changes will be relevant to the Authority’s Prudential Regulator’s subsequent consideration of the society’s application for confirmation of the merger (see ~~paragraphs~~ *BSOG 2.5.4G*, *BSOG 2.5.12G* and *BSOG 2.5.13G*).

[PRA]

...

#### Interests of Directors and Other Officers

- 2.3.11 G Subparagraphs 1(4)(b) and (c) of Schedule 16 to the 1986 Act require the  
[PRA] Statement to disclose any interests of the directors in the merger and any compensation to be paid to them or other officers. This information must be comprehensive and clear. It should include the following:

...

- (2) any compensation payable to directors or other officers for loss of office or reduction in emoluments, and the basis on which it is calculated; if a global sum is proposed to be given to a group of persons, the intended manner of apportionment should be stated (see ~~paragraph~~ *BSOG 2.2.12G*);

...

...

#### Bonus Payments to Members

- 2.3.13 G Paragraph 1(4)(d) of Schedule 16 to the 1986 Act requires the Statement to  
[PRA] specify the bonus, if any, to be paid to members in consideration of the merger. The ~~Authority's Prudential Regulator's~~ views on what may, or may not, be regarded as bonus are given in ~~paragraph~~ *BSOG 2.2.11G*, and the statutory requirements for approval of bonus payments are described in ~~paragraph~~ *BSOG 2.4.4G*.

...

#### Other Matters

- 2.3.15 G As is noted in ~~paragraph~~ *BSOG 2.2.9G*, the Instrument of Transfer (or  
[PRA] amalgamation agreement) will normally make provision for a number of matters in addition to those concerning the interests of directors and other officers and any bonus to be paid to the members. Such matters must be explained in the Schedule 16 Statement, together with any other matters of which the ~~Authority~~ Prudential Regulator may require particulars to be given (see paragraph 1(4)(f) of Schedule 16 to the 1986 Act). They are discussed in the following paragraphs.

- 2.3.16 G Post-merger membership rights should be secured by the adoption of ~~BSA~~  
[PRA] Model Rule 4(9) (Fifth Edition, November 1997) BSA Model Rules which cover this matter or a similar Rule to the same effect. The purpose of the Rule is to ensure that members of a transferor society are not disenfranchised ...

...

#### Board Rationale and Statements

2.3.22 G A board putting a merger proposal to its members has, in addition to its  
[PRA] statutory duty to provide a Schedule 16 Statement, a fiduciary duty to provide its members with essential factual information and a fair assessment of the issues so that they can take informed decisions on whether to approve the boards proposals. The Authority Prudential Regulator, therefore, expects that the Merger Document (see ~~paragraph~~ *BSOG 2.3.4G*) will include an explanation by or on behalf of the board of the reasons for the merger and the choice of merger partner. This rationale should give a fair assessment of the advantages and disadvantages of the merger and should be entirely consistent with the facts set out in the Schedule 16 Statement. In addition to explaining the rationale and its consequences for the members, it should explain the effect on the staff's terms and conditions of employment and expectations for future employment prospects. The planned timescale for integration of the businesses should also be explained.

...

2.3.25 G The rationale itself is not a statutory requirement, and is not subject to  
[PRA] approval by the Authority Prudential Regulator. However, the Authority Prudential Regulator will take account of the information it provides when considering whether to confirm the merger (see ~~section~~ *BSOG 2.5*, particularly ~~paragraphs~~ *BSOG 2.5.9G* and *BSOG 2.5.12G*). Societies will, therefore, find it helpful to consult the Authority's Prudential Regulator's staff about the drafting and content of the rationale.

...

#### Application and the Authority's Prudential Regulator's Approval

2.3.28 G A society's formal application to the Authority Prudential Regulator for  
[FCA/  
PRA] approval of a Schedule 16 Statement is likely to be the culmination of many weeks of discussion with the Authority's Prudential Regulator's staff who will have reviewed and commented upon a draft or successive drafts of the Statement, having had regard also to drafts of the Instrument of Transfer (or amalgamation agreement) and the prudential information described in ~~section~~ *BSOG 2.2*. Societies should also have cleared any proposed Rule changes or, in the case of an amalgamation, the proposed Memorandum and Rules of the successor society, with the ~~registration team~~ FCA and the Prudential Regulator. The probable sequence of events is described more fully in ~~section~~ *2.8 BSOG 2.8*. The case where the Authority Prudential Regulator has consented to a transferee society proceeding by board resolution, and thereby exempting it from the requirement to put Merger Resolutions, and sending a Schedule 16 Statement, to its members, is described in ~~paragraphs~~ *BSOG 2.4.41G* and *BSOG 2.4.42G*.

2.3.29 G Schedule 16 Statements must be prepared to the same standards as apply to  
[PRA] financial statements and directors' reports. An application to the Authority Prudential Regulator for approval of a Schedule 16 Statement must be made in writing and should include a declaration made on behalf of the board, that the Statement is complete and includes all material information of which, in

the opinion of the directors, the members should be aware. That declaration should say whether or not there have been any other merger or takeover proposals (confidential or otherwise see ~~paragraph~~ *BSOG* 2.3.23G) and confirm that the information about them is correct. The application should be accompanied by the following documents:

...

- (2) two authenticated copies of the final draft of the Merger Document (or documents) in printer's proof form, including the Schedule 16 Statement, the board rationale, the notice of the general meeting and Merger Resolutions (including, in the case of an amalgamation, per section 93(2)(d) of the 1986 Act, three copies of the proposed Memorandum and Rules of the successor society), any merger or transfer proposal statements as mentioned in ~~paragraphs~~ *BSOG* 2.3.23G and *BSOG* 2.3.24G, and the directors' responsibility statements.

...

- (5) an assurance by, or on behalf, of the board that the society's systems for verification of membership records are capable of providing the information required to fulfil the relevant requirements of the 1986 Act and the Rules (see ~~paragraph~~ *BSOG* 2.4.15G);

...

- (8) confirmation that the final draft as submitted for approval does not differ from that previously seen by the ~~Authority~~ Prudential Regulator or, where it does, indicating each change that has been made.

2.3.29 G Per section 93(2)(d) of the 1986 Act, in the case of an amalgamation, three copies of the proposed Memorandum and Rules of the successor society must also be sent to the FCA.  
A  
[FCA/  
PRA]

2.3.30 G The ~~Authority's~~ Prudential Regulator's approval of the Schedule 16 Statement will be confirmed by returning to the society one authenticated copy of the Statement with the ~~Authority's~~ Prudential Regulator's certificate of approval signed by an authorised signatory for the ~~Authority~~ Prudential Regulator. There is no statutory requirement for copies of Schedule 16 Statements to be placed on the public files of societies but, because the documents are in the public domain, it will be the Authority's Prudential Regulator's practice to pass copies to the ~~registration team~~ FCA for filing. Were a public announcement about the merger not to be made until after the ~~Authority~~ Prudential Regulator had approved the Schedule 16 Statement, the ~~Authority~~ Prudential Regulator would not pass a copy of the Statement to the ~~registration team~~ FCA until after the announcement. The supporting documents listed above will not be passed to the ~~registration team~~ FCA for inclusion on the public file.  
[PRA]

2.3.31 G The PRA is required to consult the FCA before approving a Schedule 16  
[PRA] Statement.

## 2.4 General Meetings and Resolutions

...

2.4.3 G Section 96(1) of the 1986 Act provides that, where a society wishes to pay  
[PRA] compensation to directors or other officers for loss of office or diminution of  
emoluments, such compensation must be approved by a special resolution of  
the society's members (see also ~~paragraph~~ *BSOG 2.2.12G*), separate from the  
Merger Resolutions ...

2.4.4 G The members' approval of bonus payments is required as part of the Merger  
[PRA] Resolutions (see ~~Section~~ section 96(4) to (6) of the 1986 Act) and see  
~~paragraph~~ *BSOG 2.2.11G* for the Authority's Prudential Regulator's view of  
what may constitute a bonus). If the total gross cost of the proposed bonus(es)  
(i.e. without any adjustment for prospective corporation tax recovery) is within  
the prescribed limit, then approval for it need only be included in each of the  
Merger Resolutions of the society whose funds are to be distributed. If it  
exceeds that limit then it must be included in each of the Merger Resolutions  
of each participating society. The prescribed limit was changed by the  
Building Societies (Mergers) (Amendment) Regulations SI 1995/1874  
amending S1 1987/2005 and now is:

...

- (3) or a sum equal to the society's reserves after deducting its fixed assets  
(apportioned pro rata in respect of ~~4.4(2)~~ *BSOG 2.4.4G(2)* above),  
whichever is the less. The Regulations should be consulted for the full  
detail of the calculations.

...

2.4.8 G The "qualifying shareholding date" is either the last day of the financial year  
[PRA] preceding the voting date or, if the voting date falls during that part of a  
financial year which follows the conclusion of the society's Annual General  
Meeting commenced in that year, the first day of the period beginning 56 days  
before the date of the meeting. Therefore, if a society's Rules, ~~following the~~  
~~BSA Model Rules (Fifth Edition)~~, include the provisions concerning  
shareholding and continuity of membership described in ~~paragraph~~ *BSOG*  
*2.4.7G*, and if the voting date is later than the AGM in that year, a person to be  
entitled to vote on a shareholding members' resolution must:

...

But note that there is no requirement for continuity of shareholding between  
~~2.4.8(1) and (2)~~ *BSOG 2.4.8G(1) and (2)*. (In contrast, in the case of an

ordinary or special resolution, membership at ~~2.4.8(1)~~ BSOG 2.4.8G(1) may be satisfied by either borrowing or shareholding membership provided the shareholding member satisfies the other conditions of ~~2.4.8(2) to (4)~~ BSOG 2.4.8G(2) to (4) in order to vote in his or her capacity as a shareholder.) Note also that a person cannot meet a requirement for “holding shares” on a given date, or during a given period, by relying on his holding of a share account with an overdrawn balance; and a person cannot meet a requirement for being a “member” on a given date (for example, at ~~2.4.8(a)~~ BSOG 2.4.8G(1)) by relying on his holding of such a share account.

...

- 2.4.11 G A member may vote once only on any resolution, irrespective of the number of  
[PRA] accounts he or she may hold. The amount of the balance(s) held on an account(s) is not material, except to qualify to vote (see ~~paragraphs 2.4.7 and 2.4.8~~ BSOG 2.4.7G and 2.4.8G). Thus, a member with several share accounts and/or several mortgage accounts, whether as sole and/or representative joint shareholder or representative joint borrower, may vote once only on any resolution ...

...

#### Register of Members

- 2.4.14 G Every society is required to maintain a register of the names and addresses of  
[PRA] its members and whether each member is a shareholding member or a borrowing member or both (paragraph 13 of Schedule 2 to the 1986 Act). The register should, so far as possible, be “de-duplicated”; that is, multiple account holders should be identified and their names recorded once only in the register. A society’s systems must also be capable of recognising those members who are eligible to vote by, for example, aggregating share account balances of multiple account holders to check that they have the requisite qualifying shareholding, by checking members’ continuity of shareholding (if and where applicable), and by identifying minors including (separately) those who will shortly attain their majority (see ~~paragraphs~~ BSOG 2.4.6G and BSOG 2.4.9G). Other situations requiring careful consideration are, for example, in relation to powers of attorney, personal representatives, and death of the representative joint holder or borrower. This information is required to ensure that the notice of the meeting is sent to all the members entitled to receive it and so that the scrutineers have adequate systems to validate the votes cast on the Merger Resolutions (see also ~~paragraph~~ BSOG 2.4.20G).

- 2.4.15 G It will be necessary for the directors of a society contemplating a merger to  
[PRA] satisfy themselves, in consultation with their external auditors, that the society’s systems are capable of delivering the information described above. The ~~Authority~~ Prudential Regulator will require an assurance on this point when the society applies for approval of the Schedule 16 Statement (see ~~paragraph~~ BSOG 2.3.29G(5)). One of the criteria which the ~~Authority~~ Prudential Regulator has to consider at the confirmation stage is whether some relevant requirement of the 1986 Act or the Rules was not fulfilled (see

paragraphs *BSOG* 2.5.15G to *BSOG* 2.5.19G).

...

#### General Meeting Arrangements

- 2.4.18 G Paragraphs *BSOG* 2.4.19G to *BSOG* 2.4.34G consider the requirements for  
[PRA] sending notices of meetings and Schedule 16 Statements to members, and the  
conduct of meetings at which Merger Resolutions are to be moved. It is for  
societies to satisfy themselves that they comply with the relevant requirements  
of the 1986 Act, their Rules and the general law on meetings.

#### Notice of Meeting

- 2.4.19 G The statutory requirements concerning notices are in paragraph 22 of Schedule  
[PRA] 2 to the 1986 Act. Notice of the meeting must be given to each shareholding  
and borrowing member of the society who would be eligible to vote at the  
meeting if the meeting were held on the date of the notice (a single date for all  
notices irrespective of when they are despatched). In addition, notice must also  
be given to any person who will attain the age of 18 years after the date of the  
notice but on or before the date of the meeting, and to every person who  
becomes a shareholding or borrowing member of the society after the date of  
the notice but before the final date for receipt of proxy voting forms, and who  
would, in either case, be eligible to vote at the meeting if he remained a  
member until then. (In practice, this may mean sending out a notice to every  
such person, even if they will, in fact, not be entitled to vote). The Schedule 16  
Statement must be sent in or with the notices (paragraph 1(2) of Schedule 16  
to the 1986 Act). Accidental omission to give notice of a meeting to any  
person entitled to receive it does not invalidate the proceedings at the meeting.  
However, accidental omission does not include a systemic failure to send  
notices (e.g. omitting to send notices to new members, or omission of a group  
or class of members from the mailing list arising from a fault in a computer  
programme), nor all cases of error by management see also paragraph *BSOG*  
2.4.39G.

...

- 2.4.21 G The Schedule 16 Statement is required, by paragraph 1(2) of that Schedule, to  
[PRA] be sent in or with the notice of the meeting to every member entitled to that  
notice. As is suggested in paragraph *BSOG* 2.3.4G, it may be expedient to  
include both in a comprehensive Merger Document.

...

- 2.4.26 G Merger Resolutions or the other resolutions mentioned in paragraphs *BSOG*  
[PRA] 2.4.1G to *BSOG* 2.4.3G, cannot be amended at the meeting except in a way  
which does not change their substance at all. This is because an amendment to  
such a resolution has to be subject to the same procedure and period of notice  
to members as the resolution itself ...

#### Conduct of the Voting

...

2.4.28 G Experience has demonstrated the need for societies to take the greatest care to ensure that they comply strictly with the statutory procedural requirements and their own Rules on meetings and resolutions. The chairman of the meeting should ensure that he or she is well briefed and aware of the Rules and the general law relating to procedural resolutions, such as resolutions to adjourn the meeting. The Authority Prudential Regulator will require a confirmatory report from the scrutineers on the validity of the voting procedures when the society applies for confirmation (see ~~paragraph~~ *BSOG* 2.4.38G).

[PRA]

...

2.4.37 G Validation checks during the counting of votes may be expected to include the following:

[PRA]

...

- (2) the member is eligible to vote under the 1986 Act and under the society's Rules (a proxy vote may still be valid even though the member ceases to be a member after the closing date for receipt of proxies see ~~paragraph~~ *BSOG* 2.4.12G(2));

...

...

2.4.40 G The Authority Prudential Regulator would find it helpful if the scrutineers' report would also comment upon any procedural difficulties encountered and give an analysis of the reasons why votes were found to be invalid, if the numbers of invalid votes appear to be significant (see also ~~paragraph~~ *BSOG* 2.5.14G).

[PRA]

...

## 2.5 Confirmation

...

2.5.2 G The parties in an amalgamation should make a joint application for confirmation to the Authority Prudential Regulator, while the parties to a transfer of engagements should make separate applications for confirmation of the transfer. These applications should specify the date on which the merger is intended to take effect and should be accompanied by two authenticated copies of the Instrument of Transfer, or the amalgamation agreement, and of the Merger Document or separate Schedule 16 Statement. In addition, in the case of an amalgamation, three signed copies of the Memorandum and Rules of the successor to the amalgamating societies should be sent to the ~~registration team~~ Prudential Regulator and the FCA. The scrutineers' report described in ~~paragraphs~~ *BSOG* 2.4.38G to *BSOG* 2.4.40G, and a certified copy of the minutes of the general meeting at which the Merger Resolutions were moved,

[FCA/  
PRA]

must be enclosed with each application.

...

2.5.4 G ...

[PRA]

Section 95(5) then provides that the ~~Authority~~ Prudential Regulator shall not be precluded from confirming a merger by virtue only of the non-fulfilment of some relevant requirement of the 1986 Act or the Rules (the Third Criterion in *BSOG* 2.5.4(3)) if it appears to the ~~Authority~~ Prudential Regulator that the failure could not have been material to the members decision about the merger, and the ~~Authority~~ Prudential Regulator gives a direction under that sub-section that the failure is to be disregarded.

...

#### Scope of the ~~Authority's~~ Prudential Regulator's powers

2.5.6 G The ~~Authority's~~ Prudential Regulator's powers in connection with applications for confirmation of a merger are confined to considerations of whether, in the light of the facts, any of the Three Criteria apply. It is not for the ~~Authority~~ Prudential Regulator to consider, or make judgements about, the merits of a proposed merger or the fairness of its terms; these matters are first for the board of a society, and then for its members to decide. Once the members have approved the merger and its terms, the ~~Authority~~ Prudential Regulator has no powers to require a society to make any changes to those terms. The ~~Authority's~~ Prudential Regulator's discretionary powers are similarly confined to the matters described in ~~paragraphs~~ *BSOG* 2.5.4G and *BSOG* 2.5.5G.

[PRA]

2.5.7 G The ~~Authority~~ Prudential Regulator has no general power to determine disputes between a society and its members. Disputes concerning the services provided by societies in the ordinary course of their business are generally a matter, in the first instance, for a society's internal complaints procedure. They may also fall within the jurisdiction of the Financial Services Ombudsman. Disputes between a building society and a member of the society, in his capacity as a member, in respect of any rights or obligations arising from the Rules of the society or the provisions of the 1986 Act, fall within the jurisdiction of the High Court or, in Scotland, the Court of Session (Section 85 of and Schedule 14 to the 1986 Act). ~~However, the Authority does have power, on the written application of an eligible member, to direct that the member has the right to obtain names and addresses from the societys register of members. Before it gives such a direction, the Authority is required to be satisfied that the member requires that right for the purpose of communicating with members of the society on a subject relating to its affairs, and must have regard to the interests of the members as a whole and to all the other circumstances (Schedule 2, paragraph 15). A fee is payable by the applicant. Chapter 1A on applications for access to the register of members explains who is eligible to apply.~~

2.5.7A G However, the FCA does have power, on the written application of an eligible member, to direct that the member has the right to obtain names and addresses from the society's register of members. Before it gives such a direction, the FCA is required to be satisfied that the member requires that right for the purpose of communicating with members of the society on a subject relating to its affairs, and must have regard to the interests of the members as a whole and to all the other circumstances (Schedule 2, paragraph 15). A fee is payable by the applicant. Chapter 1A on applications for access to the register of members explains who is eligible to apply.  
[FCA/  
PRA]

...

2.5.24 G Copies of the society's comments on representations in the category set out in BSOG 2.5.22G(2) will be sent to those who made the representations so that they may concentrate their oral representations on the points which they consider to remain at issue. Persons making written representations who wish to see the society's response must, therefore, give notice of intention to make oral representations. The Authority Prudential Regulator will consider the written representations in the category set out in BSOG 2.5.22G(1) and the societies' responses to them in advance of the date set for hearing oral representations. The society may, exceptionally, apply to put to the Authority Prudential Regulator in confidence documents which the society considers to be commercially sensitive: the Authority Prudential Regulator will decide on the merits of each case whether, and on what terms, to accept them as being confidential. Persons in the category set out in BSOG 2.5.22G(3) will be asked to inform the Authority Prudential Regulator, in advance of the hearing, of the subject and general grounds of the representations they intend to make and their responses will be copied to the society.

...

2.5.32 G The PRA is required to consult the FCA before confirming an amalgamation or transfer of engagements or making a direction under section 95 of the 1986 Act. The PRA will notify the FCA if it confirms an amalgamation or transfer of engagements and will furnish the FCA with a copy of any direction it makes.  
[PRA]

## 2.6 Transfer Of Engagements Under Direction

...

2.6.1A G The PRA is required to consult the FCA before giving a direction under section 42B of the 1986 Act.  
[FCA/  
PRA]

...

2.6.3 G The Merger Notification Statement must have been approved by the Authority

[PRA] Prudential Regulator before it is sent to the members, and must be sent within the specified time limit. Applications for approval should, in general, follow the procedure described in paragraph BSOG 2.3.28G, and the final draft of the Merger Notification Statement should be accompanied by the relevant documents listed in paragraph BSOG 2.3.29G, but as appropriate to the particular case and the less extensive information the statement is required to contain. The statement must include particulars of any compensation payable to directors or other officers of the transferor society to which the Authority Prudential Regulator has given its consent under paragraph 2(1) of Schedule 8A to the 1986 Act.

2.6.4 G Section BSOG 2.4 (General Meetings and Resolutions) does not apply, except  
[PRA] that the directors will need to be satisfied that the society's register of members is correct to enable the society to send Merger Notification Statements to those entitled to receive them.

2.6.5 G When the board has resolved to transfer the society's engagements and Merger  
[PRA] Notification Statements have been sent to its members, the society may apply to the Authority Prudential Regulator for confirmation of the transfer of engagements, but using an adaptation agreed with the Authority Prudential Regulator of the pro forma in Annex 2A. The procedure described in section BSOG 2.5 is to be followed, including the publication of notices in the official Gazettes and newspapers and the form of application. However, the lapse of time between each stage of the procedure may be modified according to the particular circumstances of a case, and having regard to the need to protect the investments of shareholders or depositors. While a scrutineers' report will not be required, the Authority Prudential Regulator will require a report from the society's external auditors on the adequacy of the society's systems to fulfil the requirements of the 1986 Act and the Rules with regard to the sending of Merger Notification Statements. This is, of course, relevant to the Authority's Prudential Regulator's consideration of the Third Criterion.

2.6.6 G As is noted in paragraph BSOG 2.6.1G, the First and Second Criteria are  
[PRA] replaced, in those circumstances, by a single criterion as to whether the members or a proportion of them would be unreasonably prejudiced by the transfer. Whether this special criterion applies will be a matter of judgement for the Authority Prudential Regulator to make in the light of any representations made to it and its own enquiries in respect of the particular case. It follows also that, in considering the Third Criterion, the Authority Prudential Regulator will take account of the modified procedure.

## 2.7 Registration And Dissolution

...

2.7.2 G In the case of an amalgamation, the ~~registration team~~ FCA is required to be  
[FCA/  
PRA] satisfied as regards the proposed Rules, Memorandum and name of the successor society. The amalgamating societies are, therefore, advised to clear drafts of the proposed Rules and Memorandum with the ~~registration team~~ FCA

at an early stage (see ~~paragraph~~ *BSOG* 2.3.28G). When they apply to the ~~Authority~~ Prudential Regulator for confirmation under Section 93(2) of the 1986 Act, the amalgamating societies must ~~also~~ send three signed copies of the Rules and Memorandum to the ~~registration team~~ Prudential Regulator and the FCA (Section 93(2)(d)). If the ~~registration team~~ FCA is satisfied on these matters it will, upon confirmation by the Prudential Regulator, register the successor society and issue to it a certificate of incorporation specifying the date (the specified date) from which the incorporation takes effect, and will return to it one copy each of the Rules and Memorandum together with a certificate of registration. Copies are placed on the public file of the successor society.

2.7.3 G On the specified date of the amalgamation, all the property, rights and liabilities of the amalgamating societies are transferred to the successor society, the successor is given such permission under ~~Part IV~~ Part 4A of the Act as the ~~Authority~~ Prudential Regulator considers appropriate, and the amalgamated societies are dissolved and their registrations cancelled by the FCA, having consulted the PRA (Section 93, sub-sections (4), (5) and (6) and Section 103(1) of the 1986 Act). In deciding on the appropriate terms of the permission for the successor society, the ~~Authority~~ Prudential Regulator will have regard to the terms of the permissions of the amalgamating societies, including any limitations or requirements. It will also have regard to the business plan for the successor society.

[FCA/  
PRA]

2.7.4 G In the case of a transfer of engagements, the ~~registration team~~ FCA will register a copy of the Instrument of Transfer and issue a registration certificate to the transferee society. A copy of the Instrument of Transfer and the registration certificate are placed on the public file of the transferee society. On the date specified in the registration certificate, the property, rights and liabilities of the transferor society are transferred to the transferee society, by virtue of Section 94(8) of the 1986 Act, the transferor society's authorisation is revoked by the ~~Authority~~ FCA, and the society itself is dissolved (Section 94(10)). The transferor society's registration is subsequently cancelled by the ~~registration team~~ FCA, having consulted the PRA, under Section 103(1).

[FCA/  
PRA]

## 2.8 Timetable

...

2.8.2 G The likely sequence of events is as follows:

[FCA/  
PRA]

Stage 1	Informal consultations with the <del>Authority's</del> <u>Prudential Regulator's</u> supervisory staff on both substance and timing of the proposed merger.
Stage 2	Submission to the <del>Authority</del> <u>Prudential Regulator</u> of:
	(a) prudential information: this should be available to the <del>Authority</del> <u>Prudential Regulator</u> for discussion with the society well before

	the Schedule 16 Statement is submitted for approval;
	(b) written details of the proposed terms of the merger: it will be helpful for both the societies and the <u>Authority Prudential Regulator</u> to be clear about these matters as soon as possible after Stage 1 and well before Stage 3 is reached.
	Submission to the <del>registration team FCA</del> and the <u>Prudential Regulator</u> , in the case of an amalgamation, of preliminary draft Rules and Memorandum, noting any unresolved issues.
Stage 3	Submission to the <u>Authority Prudential Regulator</u> and, in respect of (b) below to the <del>Registration team FCA</del> , in draft, of the following:
	...
	(c) the Merger Document, including the Schedule 16 Statement, unless consent to proceed by way of board resolution is being sought in respect of the transferee society, together with the explanations of change, comparability and commitments referred to in paragraphs <i>BSOG 2.3.8G to BSOG 2.3.10G</i> and <i>BSOG 2.3.27G</i> ;
	...
	<p>After examination of these drafts, the <u>Authority Prudential Regulator</u> or, as the case may be, <del>registration team staff the FCA</del> will return them with any comments and, if necessary, will discuss them with the societies and their advisers. Any clearance by the <u>Authority Prudential Regulator</u> at this stage is provisional, and the <u>Authority Prudential Regulator</u> may seek further modification of the documents in the light of later information. Similarly, any clearance given by the <del>registration team FCA</del> is subject to review of the proofs submitted at stage 4.</p> <p>If the transferee society is applying for consent to proceed by way of board resolution, formal application to do so (with supporting justification) should be made to the <u>Authority Prudential Regulator</u> at this stage.</p>

Stage 5	<p>Informal clearance of near-final proofs (particularly of the Schedule 16 Statement(s)) by the <u>Authority Prudential Regulator</u>.</p> <p>Informal clearance of proof copies of Rules and Memorandum by the <del>registration team FCA</del> and the <u>Prudential Regulator</u>, in the case of an amalgamation.</p>
Stage	Formal submission of the Schedule 16 Statement(s) for approval by the <u>Authority Prudential Regulator</u> . The covering letter should

6	<p>include a declaration on behalf of the board of the society either:</p> <p>...</p> <p>(h) letter of comfort from the society's external auditors when required (see <del>paragraph</del> <i>BSOG 2.3.7G</i>);</p> <p>...</p> <p>(j) the fee payable by each society to the <u>Authority Prudential Regulator</u>.</p>
<p>NB Schedule 16 Statements should not be printed for distribution to members until after Stage 7.</p>	
Stage 7	<p>Approval by the <u>Authority Prudential Regulator</u> of the Schedule 16 Statement, or the <u>Authority's Prudential Regulator's</u> consent to proceed by board resolution. Approval or consent will be given by letter and one proof copy of the Schedule 16 Statement, with the certificate of approval signed on behalf of the <u>Authority Prudential Regulator</u>, will be returned to the society.</p>
Stage 8	<p>Printing and circulation of documents to members in time to be received by them at least 21 days before the voting date for the meeting at which the Merger Resolutions are to be moved (see <del>paragraphs</del> <i>BSOG 2.4.12G</i>, <i>BSOG 2.4.19G</i> and <i>BSOG 2.4.20G</i>).</p>
...	
Stage 10	<p>If the Merger Resolutions have been passed, application to the <u>Authority Prudential Regulator</u> for confirmation and publication of notices of that application in the London and Edinburgh or Belfast Gazettes, and in other newspapers (as the <u>Authority Prudential Regulator</u> directs). The application must notify the <u>Authority Prudential Regulator</u> of the specified effective date for the merger, and be accompanied by two authenticated copies of the Instrument of Transfer or amalgamation agreement. In addition, in an amalgamation, <del>four</del> <u>three</u> signed copies, <u>each</u>, of the Memorandum and Rules of the successor society, <del>should be sent to the registration team FCA, and to the Prudential Regulator</del>, should be sent to the <u>registration team FCA, and to the Prudential Regulator</u>. Stage 11	<p>Notification by the <u>Authority Prudential Regulator</u> of the time and place of the confirmation hearing, if it is necessary to hold an oral hearing. The societies should allow sufficient time before the proposed effective date for the <u>Authority Prudential Regulator</u> to consider and write its decision, and in case it proves necessary to adjourn the hearing.</p>

Stage 12	Confirmation hearing and decision by the <u>Authority Prudential Regulator</u> whether to confirm the merger. <u>The PRA must consult the FCA before confirming an amalgamation.</u>
Stage 13	Registration by the <del>registration team</del> <u>FCA</u> to give effect to the amalgamation or transfer of engagements.

2.8.3 G The following table indicates the likely minimum time to be taken by the main stages outlined above:

[FCA/  
PRA]

Pre Day 1	Board Resolution to Merge Initial discussions with <u>Authority Prudential Regulator</u> re timetable and prudential information Submission of terms and initial prudential information to <u>Authority Prudential Regulator</u> Submission of draft Rules and Memorandum to <del>registration team</del> <u>the FCA and Prudential Regulator</u> (amalgamations)

4.1	Introduction	
...		
4.1.2	G	The 1986 Act provides that when the necessary merger resolutions have been passed the societies must obtain confirmation by the <u>Authority Prudential Regulator</u> of the merger in accordance with Section 93(2) (amalgamations) or Section 94(7) (transfers of engagements) of the 1986 Act. If the <u>Authority Prudential Regulator</u> confirms the merger <del>the</del> <u>FCA</u> will issue a registration certificate.
...		
4.3.5	G	Copies of the society's comments on representations in category 4.3.3(2) will be sent to those who made the representations so that they may concentrate their representations at oral hearings on the points which they consider to remain at issue. Persons making written

		representations who wish to see the society's comments must, therefore, also give notice of intention to make oral representations. Any documents referred to in the society's comments will be made available by the society for inspection at a specified place which will be notified to those making oral representations. (The society may, exceptionally, apply to put to the <u>Authority Prudential Regulator</u> in confidence documents which the society considers to be commercially sensitive: the <u>Authority Prudential Regulator</u> will decide on hearing argument whether, and on what terms, to accept them as confidential). Persons in the category set out in <u>BSOG 2 Annex 4.3.3G(3)</u> will be asked to inform the <u>Authority Prudential Regulator</u> , in advance of the hearing, of the subject and general grounds of the representations they intend to make. The <u>Authority Prudential Regulator</u> will pass this information to the society.
...		
4.4	Purpose of the hearing	
4.4.1	G	The purpose of the hearing is to enable interested parties to make representations, and to enable the <u>Authority Prudential Regulator</u> to make such enquiry as it considers necessary, both of the society and of those making representations, in order to reach an informed view on those aspects of the decision on confirmation to which the representations are directed. The <u>Authority Prudential Regulator</u> will examine all the representations, whether written or oral, in relation to the three statutory criteria described in <u>paragraph BSOG 2 Annex 4.2.1G</u> . In the light of that examination, and consideration of all the representations and the society's response, the <u>Authority Prudential Regulator</u> will decide whether to confirm, or direct the society to correct any defects, or to refuse to confirm the merger. It is for the <u>Authority Prudential Regulator</u> to decide whether the matters discussed in representations are relevant to the statutory criteria.

### 3 Transfer Procedures

#### 3.1 Introduction

The Purpose of this Chapter

- 3.1.1 G This chapter ultimately derives from the Transfer Procedures Guidance Note published by the Commission in April 1998. It gives guidance on the requirements of the 1986 Act relevant to, and on the procedures to be followed by, a building society proposing to transfer its business to a
- [PRA]

company having permission under the Act to carry on those regulated activities which it will undertake as a result of the transfer. It is not intended to be exhaustive, and is not a substitute for looking at the 1986 Act and the Transfer Regulations, on which a society should seek its own legal advice. It describes the relevant provisions of the 1986 Act, and the information which must be made available to the ~~Authority~~ Prudential Regulator, the FCA, and to the society's members, and outlines the procedures to be followed at general meetings, including the voting majorities required to pass the Transfer Resolutions. The chapter also describes the role of the ~~Authority~~ Prudential Regulator in approving the Transfer Statement which must be sent to the members and in the confirmation procedure, together with its ongoing prudential supervision during the transfer process. The Transfer Summary, which a society may send to its members instead of the Transfer Statement, is also discussed. Except as described in ~~section~~ BSOG 3.7, to which ~~section~~ BSOG 3.8 also applies, this section is concerned only with voluntary transfers under Section 97 of the 1986 Act.

3.1.1A G The 1986 Act assigns most of the functions relating to Transfers of Business to “the appropriate authority”. In order to clarify this, the term “Prudential Regulator” is used throughout this chapter including where guidance is being given.  
[PRA]

3.1.2 G It is for the directors of a society to assess the case for transfer, and they must explain and recommend their decision to the members. However, the ~~Authority's~~ Prudential Regulator's staff are willing to discuss with a society the procedures to be followed and the information required to ensure that the members can reach fully informed decisions. Societies are strongly recommended to consult the ~~Authority~~ Prudential Regulator early on in the formative stages of transfer proposals. Such consultation will, of course, be treated in the strictest confidence. It will be helpful, also, to have regard to the indicative timetable set out in ~~section~~ BSOG 3.9.  
[FCA/  
PRA]

...

3.1.4 G This chapter considers each stage of the transfer procedure in chronological order. The remainder of this section gives a synopsis of the relevant requirements of the 1986 Act, which are then discussed in more detail in subsequent sections, as follows:  
[FCA/  
PRA]

- (1) ~~Section~~ BSOG 3.2, Preliminary Matters, considers the rationale for a transfer and the handling of public announcements, and gives guidance on certain prudential issues.
- (2) ~~Section~~ BSOG 3.3, Terms of a Transfer, considers the mandatory provisions of Section 100 of the 1986 Act concerning the successor company's obligation to treat former shareholders of the society as depositors with it, and the Statutory Cash Bonus. It also considers the mandatory provisions of Sections 102B to D of the 1986 Act, concerning distributions to members who are Trustee Account Holders, the statutory restrictions on distributions to members in Section 100, and the permissive provisions of Sections 100 and

102A. The protective provisions for specially formed successor companies are also discussed.

- (3) ~~Section~~ BSOG 3.4, Information Provided to Members, discusses the form and content of the statutory Transfer Statement and the Transfer Summary, and the accompanying rationale and other statements by the board, and describes the form of application to be made to the Authority for approval of the Transfer Statement.
- (4) ~~Section~~ BSOG 3.5, General Meetings and Resolutions, discusses the register of members and members' entitlement to vote, the arrangements for general meetings, the conduct of voting on the Transfer Resolutions and the scrutineers' report.
- (5) ~~Section~~ BSOG 3.6, Confirmation, describes the form of application to the Authority for confirmation of a transfer, and the procedures which the Authority expects to follow in considering and hearing written and oral representations and in reaching its decision.

the Building Societies Act 1986, as amended by or under other legislation, including:

the Building Societies (Joint Account Holders) Act 1995

### 3.3 Terms of a Transfer

...

#### The Successor Company

...

3.3.20 G The terms of the transfer must include provision to secure that the society ceases to hold any shares in the specially formed successor company by the date on which the society is to dissolve (Section 100(11) of the 1986 Act). The provisions of the 1986 Act concerning the dissolution of the society and the disposal of any shares in its successor are discussed in ~~section~~ BSOG 3.8.  
[PRA]

3.3.21 G The requisite protective provisions are the provisions of Section 101 of the 1986 Act which require the successor company to ensure that it does not allow one person, or two or more persons acting in concert, to hold more than 15% of the shares of the company during the period from the company's incorporation until 5 years after the vesting date. The purpose of this provision is, clearly, to protect the newly converted bank from takeover. The provisions will cease to apply if the ~~Authority~~ Prudential Regulator so directs or if the successor company acquires another financial institution, as defined in Section 101(6), or if the shareholders resolve to that effect by a majority representing at least 75% of the nominal value of shares giving voting rights. The PRA is required to consult the FCA before making a direction under section 101.

#### Scope of the Authority's Prudential Regulator's Powers

...

3.6.7 G The ~~Authority~~ Prudential Regulator has no general power to determine disputes between a society and its members, nor to seek to enforce other legislation or the general law. Disputes concerning services provided by societies in the ordinary course of their business are generally a matter, in the first instance, for a society's internal complaints procedure. They may also fall within the jurisdiction of the Financial Services Ombudsman Scheme. Disputes between a building society and a member of the society, in his or her capacity as a member, in respect of any rights or obligations arising from the Rules of the society or the provisions of the 1986 Act, fall within the jurisdiction of the High Court or, in Scotland, the Court of Session (Section 85 of and Schedule 14 to the 1986 Act). ~~However, the Authority does have power, on the written application of certain members, to direct that the member has the right to obtain names and addresses from the society's register of members. Before it gives such a direction, the Authority is required to be satisfied that the member requires that right for the purpose of communicating with other members of the society on a subject relating to its affairs, and must have regard to the interests of the members as a whole and to all the other circumstances (paragraph 15 of Schedule 2 to the 1986 Act). A fee is payable by the applicant. Chapter 1A of this Guide gives guidance on applications for access to the register of members.~~

3.6.7A G However, the FCA does have power, on the written application of certain members, to direct that the member has the right to obtain names and addresses from the society's register of members. Before it gives such a direction, the FCA is required to be satisfied that the member requires that right for the purpose of communicating with other members of the society on a subject relating to its affairs, and must have regard to the interests of the members as a whole and to all the other circumstances (paragraph 15 of Schedule 2 to the 1986 Act). A fee is payable by the applicant. Chapter 1A of this Guide gives guidance on applications for access to the register of members.

...

3.6.26 G The ~~Authority~~ Prudential Regulator will consider the written representations in the category set out in BSOG 3.6.24G(1) and the society's responses to them in advance of the date set for hearing oral representations. Copies of the society's comments on representations in the category set out in BSOG 3.6.24G(2) will be sent to those who made the representations so that they

[PRA]

may concentrate their oral representations on the points which they consider to remain at issue. A person making written representations who also wishes to see the society's response must, therefore, also give notice of intention to make oral representations. The society may, exceptionally, apply to put to the Authority Prudential Regulator in confidence documents which the society considers to be commercially sensitive: the Authority Prudential Regulator will decide on the merits of each case whether, and on what terms, to accept them as being confidential. Persons in the category set out in BSOG 3.6.24G(3) will be asked to inform the Authority Prudential Regulator, in advance of the hearing, of the subject and general grounds of the representations they intend to make, and their responses will be copied to the Society.

...

#### The Authority's Prudential Regulator's decision

- 3.6.33 G The Authority Prudential Regulator will not normally give an oral decision at the end of the hearing, ~~but may be expected to~~ and will reserve its decision to be issued later in writing, setting out its reasons. Copies of the written decision will be sent to the participants, and can be purchased by any other person. The Authority Prudential Regulator will ask the ~~registration team~~ FCA to place a copy on the public file of the society.

### 3.7 Transfers under Direction

- 3.7.1 G This section describes the Authority's Prudential Regulator's powers to direct a society to transfer its business to a company, and to proceed by board resolution, and the modified transfer procedure consequently prescribed by the 1986 Act. Section 42B of the 1986 Act provides that, if the Authority Prudential Regulator considers it expedient to do so to protect the investments of shareholders or depositors, it may direct a society, inter alia, to transfer its business to a company within a specified time (subsection (1)(b)). The PRA must consult the FCA before giving a direction under section 42B of the 1986 Act. In such a case, or where the Authority Prudential Regulator would have directed a transfer, but for the fact that negotiations were already under way, the Authority Prudential Regulator may also direct that the approval of the transfer shall be by board resolution rather than the Transfer Resolutions. In these circumstances, because neither a Transfer Statement nor Transfer Resolutions are required, the 1986 Act requires the society instead to send to every member entitled to notice of a meeting a statement (referred to below as a transfer notification statement) before it applies for confirmation of the transfer (paragraphs 9 and 10 of Schedule 8A to the 1986 Act). Finally, in these circumstances, the first two Confirmation Criteria concerning information made available to, and the views of, the members (see section 6) are replaced by a single criterion: the members or a proportion of them would be unreasonably prejudiced by the transfer;
- [PRA]

(paragraph 11 of Schedule 8A to the 1986 Act).

...

### 3.8 Notification and Dissolution

...

3.8.2 G Section 97(8) of the 1986 Act requires the society to notify the ~~Authority~~ Prudential Regulator and the FCA of the vesting date, and it must do so no later than 7 days before that date, and, unless a notice is given under subsection (10), subsection (9) provides that the society shall be dissolved on that date ...

[FCA/  
PRA]

...

3.8.4 G The ~~registration team~~ FCA will record the relevant date, or dates, notified to the ~~Authority~~ Prudential Regulator and the FCA by the society.

[FCA/  
PRA]

3.8.5 G The society will be dissolved on the vesting date or on the later date for dissolution referred to in ~~paragraph~~ *BSOG* 3.8.2G, and its registration will subsequently be cancelled by the ~~registration team~~ FCA under the provisions of Section 103(1)(a) of the 1986 Act having consulted the FCA.

[FCA/  
PRA]

### 3.9 Timetable

3.9.1 G The society will need to draw up a project plan covering the key elements in the transfer process and the relationships between them, and specifying when it wishes to receive the necessary clearances from the ~~Authority~~ Prudential Regulator. The time needed for the process will depend, among other things, on the length of time it takes to settle the final terms of the distribution scheme, the complexity of those terms and whether the scheme raises new legal issues (perhaps requiring resolution by application to the High Court), and the time needed to verify the register of members and the record of Trustee Account Holders. It will also be affected by the facility with which the society and its advisers can develop satisfactory documents and respond to enquiries and representations. The plan and the timetable will, of course, need to cover all that will be required of the society, and the successor company, in relation to the requirements of the Banking Regulator, and of the ~~Authority~~ FCA concerning the listing of any shares in the successor company.

[FCA/  
PRA]

3.9.2 G It will be helpful for the society to discuss its plans with the ~~Authority~~ Prudential Regulator during their formative stages, when the ~~Authority~~ Prudential Regulator will be prepared to give a view on their feasibility. However, although the ~~Authority~~ Prudential Regulator may agree that a

[FCA/  
PRA]

planned timetable appears to be manageable, it cannot undertake to meet any deadlines set by the society. In particular, the Authority Prudential Regulator cannot be constrained in the proper performance of its statutory functions by, for example, the society's wish to put the Transfer Resolutions to a SGM on or before the date of the AGM in that year, or the planned flotation date. The Authority Prudential Regulator will be mindful of the need to ensure that there is adequate time, compatible with its other business and commitments, to:

...

- (3) give interested parties an opportunity to make considered representations at the confirmation stage, for the society to respond to those representations, and for the Authority Prudential Regulator to consider all the evidence and arguments, including making any necessary further enquiries of its own, and to meet any statutory requirement for consultation; and

...

3.9.3 G The likely sequence of events is as follows:

[FCA/  
PRA]

Stage 1	Informal preliminary discussions with the <u>Authority Prudential Regulator</u> and, if different, the Banking Regulator on both substance and timing of the proposed transfer.
Stage 2	Public announcement of the transfer proposals. The <u>Authority Prudential Regulator</u> will be ready to comment on drafts of the announcement and any supporting material, although the terms of the announcement are for the society to decide and the <u>Authority Prudential Regulator</u> is not required to approve them.
Stage 3	Consultation with the <u>Authority Prudential Regulator</u> on the outline structure of, and main features to be contained in, the Transfer Statement, and on the full specification of the proposed cash and/or share distribution scheme.
Stage 4	Submission to the <u>Authority Prudential Regulator</u> of the prudential information described in <u>section BSOG 3.2</u> .
Stage 5	Initial application to the <u>Authority Prudential Regulator</u> , with the appropriate fee, for approval of a full draft of the Transfer Statement, contained within a draft Transfer Document, supported by the material described in paragraph <u>BSOG 3.4.12G</u> .
Stage 6	Consideration by the <u>Authority Prudential Regulator</u> , and discussion with the society and its advisers, of the draft documents, including submission by the society of revised drafts as necessary. At this stage, the <u>Authority's Prudential Regulator's</u> staff will also be ready to comment informally on draft proxy forms and other material

	proposed to be sent to the members with, or in advance of, the Transfer Document. By this stage also, the society ought to have undertaken any mailing to members which it thinks necessary to verify its register of members (see <del>paragraphs</del> <i>BSOG 3.5.14G</i> to <i>BSOG 3.5.17G</i> ), and to notify them of the rights of Trustee Account Holders (See <del>paragraph</del> <i>BSOG 3.3.18G</i> ).
Stage 7	(if necessary) Further application to the <u>Authority Prudential Regulator</u> , with a further fee, for approval of a significantly revised Transfer Statement (see <del>paragraph</del> <i>BSOG 3.4.14G</i> ).
...	
Stage 9	Informal indication by the <u>Authority Prudential Regulator</u> that it is satisfied with near-final proofs of the Transfer Statement, and the Transfer Agreement.
Stage 10	Formal submission to the <u>Authority Prudential Regulator</u> of the final draft of the Transfer Statement, together with the supporting documents described in <del>paragraph</del> <i>BSOG 3.4.15G</i> .
Stage 11	Approval by the <u>Authority Prudential Regulator</u> of the Transfer Statement. One proof copy of the Statement, identified and signed on behalf of the <u>Authority Prudential Regulator</u> , will be returned to the society.
Stage 12	Printing and distribution of meeting notice and Transfer Document to members of the society in time to be received by them at least 21 days before the last date for receipt of proxy forms for the meeting at which the Transfer Resolutions are to be moved. The <u>Authority Prudential Regulator</u> would appreciate being provided with a number (to be agreed) of copies of the final printed Transfer Document and any Transfer Summary and of the Transfer Statement if printed separately for distribution on request. Although not required by the 1986 Act, one copy of each will be passed to the <del>Registration team</del> <u>FCA</u> to be placed on the public file of the society.
...	
Stage 14	If the Transfer Resolutions are passed, application to the <u>Authority Prudential Regulator</u> for confirmation and publication of notices of that application in the official Gazettes and newspapers. The application should be accompanied by the requisite fee and the material specified in <del>paragraph</del> <i>BSOG 3.6.2G</i> .
Stage 15	Last date for receipt by the <u>Authority Prudential Regulator</u> of representations with respect to the applications. A minimum of four weeks should be allowed between Stages 14 and 15 and a further four weeks to Stage 16 (with extra time allowed for any public holidays which intervene). Representations will be copied to the

	society for its comments as and when they are received. The <u>Authority Prudential Regulator</u> will then require sufficient time before the hearing to consider and assess all the representations and the society's responses, and to make any further enquiries which it may think necessary.
...	
Stage 17	Notification to the society and representers, and publication, of the <u>Authority's Prudential Regulator's Decision</u> . It is advisable to allow a minimum of four weeks between Stages 16 and 17, again allowing extra time for any public holidays.
Stage 18	Notification by the society to the <u>Authority Prudential Regulator and the FCA</u> of the vesting date and, if later, the date of dissolution of the society.
...	

...

3.9.5 G The PRA is required to consult the FCA before approving a merger. This will happen before Stage 17 in the table above.

4.3.1	G	The purpose of the hearing is to enable interested parties to make representations, and to enable the <u>Authority Prudential Regulator</u> to make such enquiry as it considers necessary, both of the society and of those making representations, in order to reach an informed view. The <u>Authority Prudential Regulator</u> will examine all the representations, whether written or oral, in relation to the four statutory criteria described in <u>paragraph BSOG 3 Annex 4.2.2G</u> . In the light of that examination, and consideration of all the representations and the society's response, <u>and after any consultation required by the 1986 Act</u> , the <u>Authority Prudential Regulator</u> will make its decision.
...		
4.4.4	G	The <u>Authority Prudential Regulator</u> will send copies of all written representations to the society, and will afford it an opportunity to comment on them (paragraph 8 of Schedule 17 to the 1986 Act). The <u>Authority Prudential Regulator</u> will consider the written representations in the categories set out in <u>BSOG 3 Annex 4.4.3G(1) and (2)</u> , and the

		<p>society's responses to them. A synopsis of the representations (probably in the form of a summary of each of the main points made and the numbers of persons making each point) and the society's responses may be made available to those participating in the oral hearing. This is intended to inform those making oral representations of the points already under consideration by the <u>Authority Prudential Regulator</u> with a view to avoiding unnecessary repetition.</p>
4.4.5	G	<p>Copies of the society's comments on representations in <u>the category set out in BSOG 3 Annex 4.4.3G(2)</u> will be sent to those who made the representations in time for the oral hearing so that they may concentrate their oral representations on the points which they consider to remain at issue. A person making written representations who wishes to see the society's comments must, therefore, also give notice of intention to make oral representations. Any documents referred to in the society's comments will be made available by the society for inspection at a specified place which will be notified to those making oral representations. (The society may, exceptionally, apply to put to the <u>Authority Prudential Regulator</u> in confidence documents which the society considers to be commercially sensitive: the <u>Authority Prudential Regulator</u> will decide on hearing argument whether, and on what terms, to accept them as being confidential). Persons in <u>the category set out in BSOG 3 Annex 4.4.3G(3)</u> will be asked to inform the <u>Authority Prudential Regulator</u>, in advance of the oral hearing, of the subject and general grounds of the representations they intend to make; the <u>Authority Prudential Regulator</u> will copy any response to the society.</p>

5.3.4 G As with any other contract, a *contract of insurance* that is not effected by way of a deed will only be legally binding if, amongst other things, it is entered into for valuable consideration. Determining what amounts to sufficient consideration in any given case is a matter for the courts. In practice, however, the legal definition of consideration is very wide. In particular, just because a *contract of insurance* is 'free' in the colloquial sense does not mean that there is no consideration for it. In the vast majority of cases, therefore, 'free' insurance policies (such as policies that act as loss leaders for an *insurance undertaking*) will be binding contracts and will amount to *specified investments* and therefore be subject to ~~FSA~~ regulation under the Act.

5.1.1 R ...

5.1.1A R In respect of the FCA's power in section 166 of the Act (Reports by skilled persons), reference to a firm in SUP 5.5.1R, SUP 5.5.5R and SUP 5.5.9R includes a recognised investment exchange.  
[FCA]

5.1.1B G In respect of the FCA's power in section 166 of the Act (Reports by skilled persons), the guidance in this chapter applies to a recognised investment exchange in the same way as it applies to a firm.  
[FCA]

...

Purpose

5.1.3 G The purpose of this chapter is to give *guidance* on the ~~FSA's~~ appropriate regulator's use of the power in section 166 (Reports by skilled persons) and section 166A (Appointment of skilled person to collect and update information) of the Act (~~Reports by skilled persons~~). The purpose is also to make *rules* requiring a *firm* ~~to include certain provisions in its contract with a skilled person~~ and to give assistance to a *skilled person* and, where a *firm* is required to appoint a skilled person, to include certain provisions in its contract with a skilled person. These *rules* are designed to ensure that the ~~FSA~~ appropriate regulator receives certain information from a *skilled person* and that a *skilled person* receives assistance from a *firm*.  
[FCA/  
PRA]

##### 5.2 The ~~FSA's~~ appropriate regulator's power

Who may be required to provide a report?

5.2.1 G Under section 166 of the Act (Reports by skilled persons), the ~~FSA~~ appropriate regulator may, by giving a written notice, itself appoint a skilled person to provide it with a report, or require any of the following *persons* to provide it with a report by a *skilled person*:  
[FCA/  
PRA]

...

5.2.2  
[FCA/  
PRA]      G      Under section 166A of the Act (Appointment of skilled person to collect and update information), the *appropriate regulator* may require a *firm* to appoint, or itself appoint, a *skilled person* to collect or update information.

### 5.3 Policy on the use of skilled persons

5.3.1  
[FCA/  
PRA]      G      The appointment of a *skilled person* to produce a report under section 166 of the Act (Reports by skilled persons) is one of the *FSA's appropriate regulator's* regulatory tools. The tool may be used:

...

~~*SUP 5 Annex 1 gives examples of circumstances in which the FSA may use the skilled persons tool.*~~

5.3.1A  
[FCA]      G      *SUP 5 Annex 1 gives examples of circumstances in which the FCA may use the skilled persons tool.*

5.3.2  
[FCA/  
PRA]      G      The decision by the *appropriate regulator* to require a report by a *skilled person* under section 166 of the Act (Reports by skilled persons) will normally be prompted by a specific requirement for information, analysis of information, assessment of a situation, expert advice or recommendations or by a decision to seek assurance in relation to a regulatory return. It may be part of the risk mitigation programme applicable to a *firm*, or the result of an event or development relating or relevant to a *firm*, prompted by a need for verification of information provided to the *FSA appropriate regulator* or part of the *FSA's appropriate regulator's* regular monitoring of a *firm*.

5.3.2A  
[FCA/  
PRA]      G      The decision by the *appropriate regulator* to require the collection or updating of information by a *skilled person* under section 166A of the Act (Appointment of skilled person to collect and update information) will be prompted where the *appropriate regulator* considers there has been a breach of a requirement by a *firm* to collect, and keep up to date, information of a description specified in the *appropriate regulator's rules*.

5.3.3  
[FCA/  
PRA]      G      When making the decision to require a report by a *skilled person* under section 166 (Reports by skilled persons) or the collection or updating of information by a *skilled person* under section 166A (Appointment of skilled person to collect and update information) of the Act, the *FSA appropriate regulator* will have regard, on a case-by-case basis, to all relevant factors. Those are likely to include:

...

(4) the objectives of the *FSA's appropriate regulator's* enquiries;

...

(6) considerations relating to *FSA the appropriate regulator's*

resources.

*SUP 5.3.4G* to *SUP 5.3.10G* give further guidance on these listed factors.

Circumstances relating to the firm

5.3.4  
[FCA/  
PRA]

G The *FSA appropriate regulator* will have regard to circumstances relating to the *firm*, for example:

...

- (3) quality of a *firm's* systems and records: whether the *FSA appropriate regulator* has confidence that the *firm* has the ability to provide the required information;
- (4) objectivity: whether the *FSA appropriate regulator* has confidence in the *firm's* willingness and ability to deliver an objective report;
- (5) conflicts of interest: whether the subject matter of the enquiries or the report involves actual or potential misconduct and it would be inappropriate for the *FSA appropriate regulator* to rely on the *firm* itself to enquire into the matter; and

...

Alternative tools available, including other statutory powers

5.3.5  
[FCA/  
PRA]

G The *FSA appropriate regulator* will have regard to alternative tools that may be available, including, for example:

- (1) obtaining what is required without using specific statutory powers (for example, by a visit by *FSA* staff of the *appropriate regulator* or a request for information on an informal basis);
- (2) requiring information from *firms* and others, including authorising an agent to require information, under section 165 of the *Act* (~~Authority's power~~ Power to require information);
- (3) appointing investigators to carry out general investigations under section 167 of the *Act* (~~Appointment of persons to carry out general investigations~~ investigator in general cases) (see *EG 3* for the *FSA's appropriate regulator's* policy on the use of this power); and
- (4) appointing investigators to carry out investigations in particular cases under section 168 of the *Act* (~~Appointment of persons to carry out investigations in particular cases~~ investigator in specific cases) (see *EG 3* for the *FSA's appropriate regulator's* policy on the use of this power).

Legal and procedural considerations

5.3.6  
[FCA/  
PRA]

- G The *FSA appropriate regulator* will have regard to legal and procedural considerations including:
- (1) statutory powers: whether one of the other available statutory powers is more appropriate for the purpose than the power in section 166 (Reports by skilled persons) or section 166A (Appointment of skilled person to collect and update information) of the *Act* (~~Reports by skilled persons~~);
  - ...
  - (3) application of the *Handbook rules*: whether it is important that the relevant *rules* in the *Handbook* should apply, for example SUP 5.5.1R which obliges the *firm* to require and permit the ~~skilled person~~ *skilled person* to report specified matters to the *FSA appropriate regulator*.

The objectives of the *FSA's appropriate regulator's* enquiries

5.3.7  
[FCA/  
PRA]

- G The *FSA appropriate regulator* will have regard to the objectives of its enquiries, and the relative effectiveness of its available powers to achieve those objectives. For example:
- (1) historic information or evidence: if the objectives are limited to gathering historic information, or evidence for determining whether enforcement action may be appropriate, the *FSA's appropriate regulator's* information gathering and investigation powers under sections 165 (~~Authority's power~~ Power to require information), 167 (~~Appointment of persons to carry out general investigations~~ investigator in general cases) and 168 (~~Appointment of persons to carry out investigations in particular cases~~ investigator in specific cases) of the *Act* are likely to be more appropriate than the ~~power in~~ section 166 ~~power~~ (Reports by skilled persons) or section 166A (Appointment of skilled person to collect and update information) of the *Act*; and
  - (2) expert analysis or recommendations: if the objectives include obtaining expert analysis or recommendations (or both) for diagnostic, monitoring, preventative or remedial purposes, the section 166 power (Reports by skilled persons) may be an appropriate power to use, instead of, or in conjunction with, the *FSA's appropriate regulator's* other available powers.

Cost considerations

5.3.8  
[FCA/  
PRA]

- G In accordance with its general policy the *FSA appropriate regulator* will have regard to the question of cost, which is particularly pertinent in relation to *skilled persons* because:
- (1) if the *FSA appropriate regulator* uses the section 166 power

(Reports by skilled persons) or the section 166A power (Appointment of skilled person to collect and update information), either the firm will appoint, and will have to pay for the services of, the skilled person, or the appropriate regulator will appoint, and will require under FEES 3.2.7R(zp) or FEES 3.2.7R(zq) that the relevant firm pays for the services of, the skilled person;

- (2) if the *FSA appropriate regulator* uses its other information gathering and investigation powers, it will either authorise or appoint its own staff to undertake the information gathering or investigation (or both), or it will pay for the services of external competent persons to do so; in either case the costs will be recovered under the *FSA's appropriate regulator's* general fee scheme.

5.3.9 [FCA/  
PRA] G In having regard to the cost implications of using the section 166 power (Reports by skilled persons) or the section 166A power (Appointment of skilled person to collect and update information) alternative options (such as visits) or other powers, the *FSA appropriate regulator* will take into account relevant factors, including:

...

- (4) whether the *firm* appears to have breached requirements or standards under the *regulatory system* or otherwise put the interests of consumers at risk, and it is unable or unwilling to review and remedy the matters of concern, or the *FSA appropriate regulator* considers that it cannot rely on the *firm* to do so; and

...

...

Considerations relating to *FSA the appropriate regulator's* resources

5.3.10 [FCA/  
PRA] G The *FSA appropriate regulator* will have regard to *FSA appropriate regulator*-related considerations including:

- (1) *FSA appropriate regulator* expertise: whether the *FSA appropriate regulator* has the necessary expertise; and
- (2) *FSA appropriate regulator* resources: whether the resources required to produce a report or to make enquiries or to appoint a skilled person itself are available within the *FSA appropriate regulator*, or whether the exercise will be the best use of the *FSA's appropriate regulator's* resources at the time.

## 5.4 Appointment and reporting process

Scope of report

- 5.4.1 [FCA/PRA] G ~~The FSA~~ Where the appropriate regulator requires a report by a skilled person under section 166 of the Act (Reports by skilled persons), the appropriate regulator will send a notice in writing requiring the person in SUP 5.2.1G to provide a report by a skilled person, or notifying the person in SUP 5.2.1G in writing of the appropriate regulator's appointment of a skilled person to provide a report, on any matter if it is reasonably required in connection with the exercise of its functions conferred by or under the Act. The ~~FSA~~ appropriate regulator may require the report to be in whatever form it specifies in the notice (SUP 5 Annex 2 summarises the appointment and reporting processes).
- 5.4.1A [FCA/PRA] G Where the appropriate regulator requires the updating or collection of information by a skilled person under section 166A of the Act (Appointment of skilled person to collect and update information), the appropriate regulator will send a notice in writing requiring the firm to appoint a skilled person, or notifying the firm of the appropriate regulator's appointment of a skilled person, to collect or update the relevant information.
- 5.4.2 [FCA/PRA] G As part of the decision making process the ~~FSA~~ appropriate regulator will normally contact the person in SUP 5.2.1G or in SUP 5.2.2G to discuss its needs before finalising its decision to require a report or the updating or collection of information by a skilled person. This will provide an opportunity for discussion about the appointment, whether an alternative means of obtaining the information would be better, what the scope of a report should be, who should be appointed, who should appoint, and the likely cost.
- 5.4.3 [FCA/PRA] G The ~~FSA~~ appropriate regulator will give written notification to the person in SUP 5.2.1G or SUP 5.2.2G of the purpose of the report or collection or updating of information, its scope, the timetable for completion and any other relevant matters. The ~~FSA~~ appropriate regulator will state the matters which the report is to contain, or the information which is to be collected or updated, as well as any requirements as to the report's format. For example, a report on controls may be required to address key risks, key controls and the control environment. The ~~FSA~~ appropriate regulator attaches importance to there being a timetable for each report and to the skilled person, with the cooperation of the person in SUP 5.2.1G or the firm in SUP 5.2.2G, as relevant, keeping to that timetable.
- 5.4.4 [FCA/PRA] G The written notification in SUP 5.4.3G may be preceded or followed by a discussion of the ~~FSA's~~ appropriate regulator's requirements and the reasons for them. This may involve the ~~FSA~~ appropriate regulator, the person in SUP 5.2.1G or in SUP 5.2.2G and the person who has been, or is expected to be, appointed as the skilled person. The ~~FSA~~ appropriate regulator recognises that there will normally be value in holding discussions involving the skilled person at this stage. These discussions may include others if appropriate.
- 5.4.5 [FCA/PRA] G The ~~FSA~~ appropriate regulator will wish to conduct the discussion with the firm, its skilled person and any others within a timescale appropriate to the

PRA] circumstances of the case.

#### Appointment process

5.4.6 [FCA/  
PRA] G ~~The~~ Where the skilled person is appointed by the *person* in SUP 5.2.1G-  
~~The FSA or SUP 5.2.2G, the appropriate regulator~~ will normally seek to  
agree in advance with the *person* in SUP 5.2.1G or SUP 5.2.2G the skilled  
person who will make the report or collect or update the relevant  
information. The *Act* requires that ~~the~~ such skilled person be nominated or  
approved by the ~~FSA~~ appropriate regulator:

- (1) if the ~~FSA~~ appropriate regulator decides to nominate the skilled  
person who is to make the report or collect or update the  
information, it will notify the *person* in SUP 5.2.1G or SUP 5.2.2G  
accordingly; and
- (2) alternatively, if the ~~FSA~~ appropriate regulator is content to approve  
a skilled person selected by the *person* in SUP 5.2.1 G or SUP  
5.2.2G, it will notify the latter *person* of that fact.

The ~~FSA~~ appropriate regulator may give the *person* in SUP 5.2.1G or SUP  
5.2.2G a shortlist from which to choose.

5.4.7 [FCA/  
PRA] G A skilled person must appear to the ~~FSA~~ appropriate regulator to have the  
skills necessary to make a report on the matter concerned or collect or  
update the relevant information. A skilled person may be an accountant,  
lawyer, compliance consultant, *actuary* or *person* with relevant business,  
technical or technological skills.

5.4.8 [FCA/  
PRA] G When considering whether to nominate, ~~or~~ approve or appoint a skilled  
person to make a report or collect or update information, the ~~FSA~~  
appropriate regulator will have regard to the circumstances of the case,  
including whether the proposed skilled person appears to have:

- (1) the skills necessary to make a report on the matter concerned or  
collect or update the relevant information;
- (2) the ability to complete the report or collect or update the information  
within the time expected by the ~~FSA~~ appropriate regulator;
- (3) any relevant specialised knowledge, for instance of the *person* in  
SUP 5.2.1G or SUP 5.2.2G, the type of business carried on by the  
*person* in SUP 5.2.1G or SUP 5.2.2G, or the matter to be reported  
on or information to be collected or updated;
- (4) any professional difficulty or potential conflict of interest in  
reviewing the matters to be reported on or the information to be  
collected or updated, for instance because ~~the matters to be reported  
on~~ it may involve questions reflecting on the quality or reliability of  
work previously carried out by the proposed skilled person; and

- (5) enough detachment, bearing in mind the closeness of an existing professional or commercial relationship, to be able to collect or update the information or to give an objective opinion on matters such as:
- (a) matters already reported on by the *skilled person* (for example, on the financial statements of the *person* in SUP 5.2.1G or in SUP 5.2.2G or in relation to their *systems and controls*); or
  - (b) matters that are likely to be contentious and may result in disciplinary or other enforcement action against the *person* in SUP 5.2.1G or SUP 5.2.2G, its management, *shareholders* or *controllers*; or

...

5.4.9 [FCA/PRA] G In appropriate circumstances, it may be cost effective for the *FSA appropriate regulator* to nominate or approve the appointment of, or appoint itself, a *skilled person* who has previously acted for, or advised, the *person* in SUP 5.2.1G or SUP 5.2.2G. For example, the *FSA appropriate regulator* may nominate, or approve the appointment of, or appoint, the auditor of a *person* in SUP 5.2.1G or SUP 5.2.2G to prepare a report or collect or update the information taking into account, where relevant, the considerations set out in SUP 5.4.7G.

#### Reporting process

5.4.10 [FCA/PRA] G ~~The *FSA*~~ Where the *skilled person* is appointed by the *person* in SUP 5.2.1G or SUP 5.2.2G, the *appropriate regulator* will normally require the ~~*person* in SUP 5.2.1G to appoint a *skilled person* to be appointed to report~~ to the *FSA appropriate regulator* through that *person*. In the normal course of events the *FSA appropriate regulator* expects that the *person* in SUP 5.2.1G or SUP 5.2.2G will be given the opportunity to provide written comments on the report or the collection of the relevant information prior to its submission to the *FSA appropriate regulator* (*SUP 5 Annex 2 summarises the reporting process*).

5.4.10A [FCA/PRA] G Where the *skilled person* is to be appointed by the *appropriate regulator* itself, the *skilled person* will report directly to the *appropriate regulator*.

5.4.11 [FCA/PRA] G The *FSA appropriate regulator* may enter into a dialogue with the *skilled person*, and is ready to discuss matters relevant to the report or the collection or updating of the relevant information with him, during the preparation of the report or the collection or updating of the relevant information. Such discussions ~~will normally~~ may involve or be through the *person* in SUP 5.2.1G or SUP 5.2.2G.

5.4.12 [FCA/PRA] G The *FSA appropriate regulator* will normally specify a time limit within which it expects the *skilled person* to deliver the report or collect or update

PRA] the relevant information. Where the *skilled person* is appointed by the *person* in SUP 5.2.1G or SUP 5.2.2G, ~~The~~ the *skilled person* should, in complying with its contractual duty under SUP 5.5.1R, take reasonable steps to achieve delivery by that time. If the *skilled person* becomes aware that the report may not be delivered, or collection or updating of the relevant information may not be, on time, he should inform the ~~FSA~~ *FSA appropriate regulator* and the *person* in SUP 5.2.1G or SUP 5.2.2G as soon as possible. ~~If~~ Where the *skilled person* is appointed by the *person* in SUP 5.2.1G or SUP 5.2.2G, if the *skilled person* becomes aware that there may be difficulties delivering the report or collecting or updating the relevant information within cost estimates, he will no doubt wish to advise the *firm*.

5.4.13 [FCA/ PRA] G The ~~FSA~~ *FSA appropriate regulator* may meet with the *person* in SUP 5.2.1G or SUP 5.2.2G and the *skilled person* together to discuss the final report. The ~~FSA~~ *FSA appropriate regulator* may also wish to discuss the final report with the *skilled person* present but without the *person* in SUP 5.2.1G or SUP 5.2.2G.

## 5.5 Duties of firms

### Contract with the skilled person

5.5.1 [FCA/ PRA] R When a *firm* appoints a ~~skilled person~~ *skilled person* to provide a report under section 166 (Reports by skilled persons) or collect or update information under section 166A (Appointment of skilled person to collect and update information) of the Act (~~Reports by skilled persons~~), the *firm* must, in a contract with the *skilled person*:

- (1) require and permit the *skilled person* during and after the course of his appointment:
  - (a) to cooperate with the *FSA appropriate regulator* in the discharge of its functions under the Act in relation to the *firm*; and
  - (b) to communicate to the *FSA appropriate regulator* information on, or his opinion on, matters of which he has, or had, become aware in his capacity as *skilled person* reporting on the *firm* in the following circumstances:
    - (i) the *skilled person* reasonably believes that, as regards the *firm* concerned (A) there is or has been, or may be or may have been, a contravention of any relevant *requirement* that applies to the *firm* concerned; and (B) that the contravention may be of material significance to the *FSA appropriate regulator* in determining whether to exercise, in relation to the *firm* concerned, any functions conferred on the *FSA appropriate regulator* by or under any provision of

the *Act* other than Part VI (Official Listing); or

- (ii) the *skilled person* reasonably believes that the information on, or his opinion on, those matters may be of material significance to the *FSA appropriate regulator* in determining whether the *firm* concerned satisfies and will continue to satisfy the *threshold conditions*; or

...

- (2) require the *skilled person* to prepare a report or collect or update information, as notified to the *firm* by the *FSA appropriate regulator*, ~~within the time specified by the FSA~~ within the time specified by the appropriate regulator; and
- (3) waive any duty of confidentiality owed by the *skilled person* to the *firm* which might limit the provision of information or opinion by that *skilled person* to the *FSA appropriate regulator* in accordance with (1) or (2). (See also *SUP 5.5.13G* and *SUP 5.6*)

5.5.2  
[FCA/  
PRA]

- G In complying with the contractual duty in *SUP 5.5.1R(1)* the *FSA appropriate regulator* expects that a *skilled person* appointed by a firm under section 166 (Reports by skilled persons) or section 166A (Appointment of skilled person to collect and update information) of the *Act* (~~Reports by skilled persons~~) will cooperate with the *FSA appropriate regulator* by, amongst other things, providing information or documentation about the planning and progress of the report and its findings and conclusions, if requested to do so. A *firm* should therefore ensure that the contract it makes with the *skilled person* requires and permits the *skilled person* to provide the following to the *FSA appropriate regulator* if requested to do so:

...

5.5.3  
[FCA/  
PRA]

- G If the *FSA appropriate regulator* is considering asking for the information specified in *SUP 5.5.2G* it will take into consideration the cost of the *skilled person* complying with the request, and the benefit that the *FSA appropriate regulator* may derive from the information. For example, in most cases, the *FSA appropriate regulator* will not need to request a *skilled person* to give it source data, *documents* and working papers. However, the *FSA appropriate regulator* may do so when it reasonably believes that this information will be relevant to any investigation it may be conducting, or any action it may need to consider taking against the *firm*.

5.5.4  
[FCA/  
PRA]

- G In complying with the contractual duty in *SUP 5.5.1R*, the *FSA appropriate regulator* expects that, in the case of substantial or complex reports, the *skilled person* will give a periodic update on progress and issues to allow for a re-focusing of the report if necessary. The channel of communication would normally be directly between the *skilled person* and the *FSA appropriate regulator*. However, the *FSA appropriate regulator* would also

expect *firms* normally to be informed about the passage of information, and the *skilled person* would usually be expected to keep the *firm* informed of any communication between the *skilled person* and the *FSA appropriate regulator*.

- 5.5.5 [FCA/PRA] R A *firm* must ensure that the contract required by SUP 5.5.1R:  
...  
(2) expressly
- (a) provides that the *FSA appropriate regulator* has a right to enforce the provisions included in the contract under SUP 5.5.1R and SUP 5.5.5R(2);
  - (b) provides that, in proceedings brought by the *FSA appropriate regulator* for the enforcement of those provisions, the *skilled person* is not to have available by way of defence, set-off or counterclaim any matter that is not relevant to those provisions;
  - (c) (if the contract includes an arbitration agreement) provides that the *FSA appropriate regulator* is not, in exercising the right in (a), to be treated as a party to, or bound by, the arbitration agreement; and
  - (d) provides that the provisions included in the contract under SUP 5.5.1R and SUP 5.5.5R(2) are irrevocable and may not be varied or rescinded without the *FSA's appropriate regulator's* consent; and
- ...
- 5.5.6 [FCA/PRA] G The Contracts (Rights of Third Parties) Act 1999, or Scots common law, enables the *FSA appropriate regulator* to enforce the rights conferred on it under the contract required by SUP 5.5.1R against the *skilled person*.
- 5.5.7 [FCA/PRA] G If the *FSA appropriate regulator* considers it appropriate, it may request the *firm* to give it a copy of the draft contract required by SUP 5.5.1R before it is made with the *skilled person*. The *FSA appropriate regulator* will inform the *firm* of any matters that it considers require further clarification or discussion before the contract is finalised.
- 5.5.8 [FCA/PRA] G The *FSA appropriate regulator* expects the *firm*, including where applicable in complying with Principle 11, to give the *FSA appropriate regulator* information about the cost of the *skilled persons* report. This may include both an initial estimate of the cost as well as the cost of the completed report. This information is required to help inform the *FSA's appropriate regulator's* decision making in the choice of regulatory tools. Information about the number and cost of reports by *skilled persons* will be published by the *FSA appropriate regulator*.

#### Assisting the skilled person

- 5.5.9 [FCA/  
PRA] R A *firm* must provide all reasonable assistance to any *skilled person* appointed to provide a report under section 166 (Reports by skilled persons) or to collect or update information under section 166A (Appointment of skilled person to collect and update information) of the *Act* (~~Reports by skilled persons~~).

...

#### Responsibility for delivery

- 5.5.12 G ~~In complying with Principle 11,~~ When a *firm* appoints a *skilled person* to provide a report under section 166 (Reports by skilled persons) or collect or update information under section 166A (Appointment of skilled person to collect and update information) of the *Act*, a *firm* is expected, including where applicable in complying with *Principle 11*, to take reasonable steps to ensure that a *skilled person* delivers a report or collects or updates information in accordance with the terms of his appointment.

#### Assistance to skilled persons from others

- 5.5.13 [FCA/  
PRA] G In respect of the appointment of a *skilled person* under section 166 of the *Act* (Reports by skilled persons), ~~Section section 166(57) of the *Act* (Authority's power to require information)~~ imposes a duty on certain *persons* to give assistance to a *skilled person*. The *persons* on whom this duty is imposed are those who are providing, or have at any time provided, services to any *person* falling within SUP 5.2.1G. They include suppliers under *material outsourcing arrangements*.

- 5.5.14 [FCA/  
PRA] G In respect of the appointment of a *skilled person* under section 166A (Appointment of skilled person to collect and update information) of the *Act*, under section 166A(5) a *skilled person* may require any *person* to provide all such assistance as the *skilled person* may reasonably require to collect or update the information in question.

## 5.6 Confidential information and privilege

- 5.6.1 [FCA/  
PRA] G Within the legal constraints that apply, the *FSA appropriate regulator* may pass on to a *skilled person* any information which it considers relevant to the *skilled person's* function. A *skilled person*, being a primary recipient under section 348 of the *Act* (Restrictions on disclosure of confidential information by Authority etc.), is bound by the confidentiality provisions in Part XXIII of the *Act* (Public record, disclosure of information and cooperation) as regards confidential information he receives from the *FSA appropriate regulator* or directly from a *firm* or other *person*. A *skilled person* may not pass on confidential information without lawful authority, for example, where an exception applies under the Financial Services and Markets Act 2000 (Disclosure of Confidential Information) Regulations

2001 (SI 2001/2188) or with the consent of the *person* from whom that information was received and (if different) to whom the information relates. The *FSA appropriate regulator* will indicate to a *skilled person* if there is any matter which cannot be discussed with the *person* in SUP 5.2.1G.

...

5.6.3  
[FCA/  
PRA]

G In respect of the appointment of a *skilled person* under section 166A (Appointment of skilled person to collect and update information) of the *Act*, a contractual or other requirement imposed on a *person* to keep any information confidential will not apply if:

- (1) the information is or may be relevant to anything required to be done as part of the *skilled person's* appointment under section 166A (Appointment of skilled person to collect and update information) of the *Act*;
- (2) a *firm* or a *skilled person* requests or requires the *person* to provide the information for the purpose of securing that those things are done; and
- (3) the *appropriate regulator* has approved the making of the request or the imposition of the requirement before it is made or imposed.

5.6.4  
[FCA/  
PRA]

G A *firm* may provide information that would otherwise be subject to a contractual or other requirement to keep it in confidence if it is provided for the purposes of anything required to be done in respect of the *skilled person's* collection or updating of information under section 166A (Appointment of skilled person to collect and update information) of the *Act*.

#### 6 **Applications to vary and cancel Part IV ~~4A~~ permission and to impose, vary or cancel requirements**

##### 6.1 **Application, interpretation and purpose**

Application

6.1.1 G This chapter applies to every *firm* with a ~~Part IV permission~~ Part 4A permission which wishes to:  
[FCA/  
PRA]

- (1) vary its ~~Part IV permission~~ Part 4A permission;
- (2) cancel its ~~Part IV permission~~ Part 4A permission and end its *authorisation*;
- (3) have a new requirement imposed on it;
- (4) vary a requirement imposed on it; or
- (5) cancel a requirement imposed on it.

6.1.2 G If appropriate, a *firm* which is an *authorised fund manager* should also refer to *COLL 7* for *guidance* on the termination of *ICVCs* and *AUTs* and on winding up *authorised funds* that are not commercially viable.  
[FCA/  
PRA]

...

Interpretation

6.1.3A G (1) In SUP 6 the “relevant regulator” is the regulator to which a *firm* with a *Part 4A permission* has made or can make (in accordance with SUP 6) an application to vary or cancel its *Part 4A permission* or to have imposed on it a new *requirement* or to vary or cancel any existing *requirement* (see SUP 6.2.3AG to SUP 6.2.3EG).  
[FCA/  
PRA]

(2) Where the PRA can only determine an application with the consent of the FCA, the FCA may request further information as if it were the relevant regulator.

(3) In some instances, the Act requires the FCA and the PRA to consult with each other prior to exercising their powers under the Act. Details

of where consultation is required have not been set out in SUP 6. Where a provision in SUP 6 makes reference to a power, the exercise of which by the FCA or the PRA (as the case may be) requires consultation under the Act, firms should be aware that the regulator concerned will need to consult the other regulator before exercising that power.

## Purpose

- 6.1.4 G This chapter explains:
- [FCA/  
PRA]
- (1) how a *firm* with ~~Part IV permission~~ a Part 4A permission can apply to the FSA relevant regulator to vary that *permission*;
  - (2) how a *firm* which has ceased to carry on any of the *regulated activities* for which it has ~~a Part IV 4A permission~~, or which expects to do so in the short term (normally less than six months), should apply to the FSA relevant regulator to cancel that *permission* completely;
  - (2A) how a firm with a Part 4A permission can apply to the relevant regulator to:
    - (a) have a new requirement imposed on it; or
    - (b) vary a requirement imposed on it; or
    - (c) cancel a requirement imposed on it.
  - ...
  - (4) how the FSA relevant regulator assesses those applications.
- 6.1.5 G This chapter also outlines the FSA's relevant regulator's powers to withdraw authorisation from a firm whose ~~Part IV permission~~ Part 4A permission has been cancelled at the firm's request. It does not, however, cover the FSA's appropriate regulator's use of its own initiative powers to vary or cancel a firm's ~~Part IV 4A permission~~ (see SUP 7 (Individual requirements) and EG 8 (Variation and cancellation of permission on the FSA's own initiative and intervention against incoming firms)).
- [FCA/
- PRA]
- 6.1.6 G This chapter does not cover the FCA's use of its own-initiative variation power to vary or cancel a firm's Part 4A permission or its own-initiative requirement power to impose, vary or cancel a requirement (see SUP 7 (Individual requirements) and EG 8 (Variation and cancellation of permission on the FCA's own initiative and intervention against incoming firms)).
- [FCA]
- ## 6.2 Introduction
- 6.2.1 G A *firm authorised under Part IV 4A of the Act* (Permission to carry on regulated activity) has a single ~~Part IV permission~~ Part 4A permission granted
- [FCA/

- PRA] by the ~~FSA~~ FCA or the PRA. A firm's ~~Part IV permission~~ Part 4A permission specifies all or some of the following elements (see PERG 2 Annex 2G (Regulated activities and the permission regime) and the ~~FSA information~~ online at the FCA and PRA websites): ~~website "How do I get authorised": <http://www.fsa.gov.uk/Pages/Doing/how/index.shtml>)~~
- ...
- 6.2.2 G Under section 20(1) and 20(1A) of the Act (Authorised persons acting without permission), a firm is prohibited from carrying on a regulated activity in the United Kingdom (or purporting to do so) otherwise than in accordance with its permission.
- [FCA/  
PRA]
- 6.2.3 G ~~If a firm wishes to change its Part IV permission, it can apply to the FSA under section 44 of the Act (Variation etc. at request of authorised person) for a variation or cancellation of its Part IV permission. SUP 6.2.5G sets out the differences between these types of application and the circumstances in which they should be made and SUP 6 Annex 1 gives an overview of the considerations in these cases. [deleted]~~
- 6.2.3A G If an FCA-authorised person wishes to change its Part 4A permission to:
- [FCA]
- (1) add a regulated activity, other than a PRA-regulated activity; or
  - (2) remove a regulated activity from those to which the permission relates; or
  - (3) vary the description of a regulated activity to which the permission relates; or
  - (4) cancel the permission;
- it can apply to the FCA under section 55H of the Act (Variation by FCA at request of authorised person).
- 6.2.3B G If an FCA-authorised person wishes to change its Part 4A permission, by adding to the regulated activities to which the permission relates one or more regulated activities, which include a PRA-regulated activity, it can apply to the PRA under section 55I of the Act (Variation by PRA at request of authorised person). The PRA can determine such an application only with the consent of the FCA.
- [FCA/  
PRA]
- 6.2.3C G If a firm with a Part 4A permission wishes the FCA to:
- [FCA]
- (1) impose a new requirement; or
  - (2) vary a requirement imposed by the FCA; or
  - (3) cancel such a requirement;

it can apply to the FCA under section 55L(5) of the Act (Imposition of Requirements by FCA).

- 6.2.3D G If a PRA-*authorised person* wishes to change its Part 4A *permission* to:  
[PRA]
- (1) add a *regulated activity* to those to which the *permission* relates; or
  - (2) remove a *regulated activity* from those to which the *permission* relates; or
  - (3) vary the description of a *regulated activity* to which the *permission* relates; or
  - (4) cancel the *permission*;

it can apply to the PRA under section 55I of the Act (Variation by PRA at request of authorised person). The PRA can determine such an application, other than an application to cancel the *permission*, only with the consent of the FCA.

- 6.2.3E G If a PRA-*authorised person* wishes the PRA to:  
[PRA]
- (1) impose a new *requirement*; or
  - (2) vary a *requirement* imposed by the PRA; or
  - (3) cancel such a *requirement*;

it can apply to the PRA under section 55M(5) of the Act (Imposition of Requirements by PRA).

- 6.2.4 G A *firm* intending to expand its business should assess, taking appropriate professional advice where necessary, whether it will need to ~~apply to the FSA to vary its Part IV *permission*~~ make an application in accordance with SUP 6 before making any changes to its business.  
[FCA/  
PRA]

- 6.2.4A G If a *firm* intends to transfer its business to a different legal entity (~~for example, the business is to be transferred from a sole trader to a partnership or the other way around~~) it will need to apply to the ~~FSA~~ relevant regulator for cancellation of its ~~Part IV *permission*~~ Part 4A *permission* and the entity to which the business is to be transferred will need to apply for a ~~Part IV *permission*~~ Part 4A *permission*.

- 6.2.6 G A firm which is seeking to:
- [FCA/  
PRA]
- (1) to vary its ~~Part IV permission~~ Part 4A permission substantially; or
  - (2) to cancel its ~~Part IV permission~~ Part 4A permission; or
  - (3) the imposition of a new requirement and/or the variation or cancellation of any existing requirement;

should discuss its plans with its ~~usual~~ supervisory contact at the ~~FSA~~ relevant regulator as early as possible before making an application, in order to comply with *Principle 11* (see SUP 15.3.7G (~~Notifications to the FSA~~)). These discussions will help the ~~FSA~~ relevant regulator and the firm to agree the correct approach for the firm.

- 6.2.7 G If a firm intends to cease carrying on one or more *regulated activities* permanently, it should give prompt notice to the ~~FSA~~ appropriate regulator to comply with *Principle 11* (see SUP 15.3.8G(1)(d)). A firm should consider whether it needs to notify the ~~FSA~~ appropriate regulator before applying to vary or cancel its ~~Part IV permission~~ Part 4A permission.
- [FCA/  
PRA]

Firms with long term liabilities to customers

- 6.2.8 G Discussions with the ~~FSA~~ appropriate regulator are particularly relevant where the firm has to discharge obligations to its customers or policyholders before it can cease carrying on a *regulated activity*. This may be the case, for example, where the firm is an insurer, a bank a dormant account fund operator, or, as is often the case, holding client money or customer assets.
- [FCA/  
PRA]

- 6.2.9 G If an insurer, a bank or a dormant account fund operator wishes to cease carrying on all *regulated activities* for which it has ~~Part IV permission~~ Part 4A permission, it will usually be necessary to wind down the business over a long term period which is normally more than six months. This may also be the case for a firm holding client money or customer assets. In these
- [FCA/  
PRA]

circumstances, it will usually be appropriate for the *firm* to apply for variation of its ~~Part IV permission~~ Part 4A permission and/or imposition of a new requirement, variation of any existing requirement or cancellation of such a requirement before commencing the wind-down. A *firm* should only make an application for cancellation of *permission* when it expects to complete its wind-down (run-off) within six months.

6.2.10 G A *firm* which is winding down (running off) its activities should contact its ~~usual~~ supervisory contact at the ~~FSA~~ appropriate regulator to discuss its circumstances. ~~The FSA will discuss~~ Discussions will focus on the firm's winding down plans and the need for the firm to vary or cancel its Part IV permission Part 4A permission and/or the need to impose a new requirement, vary any existing requirement or cancel such a requirement. Following these discussions ~~an application for variation or cancellation of Part IV 4A permission, as appropriate, should usually be made by the firm, although, in certain circumstances, the FSA may use its own initiative powers under section 45 of the Act (Variation etc. on the FSA's own initiative) (see SUP 7 and EG 8 (Variation and cancellation of permission on the FSA's own initiative and intervention against))~~ the firm should usually make the relevant application, as appropriate.

6.2.10 G In certain circumstances the FCA and/or the PRA may use their own-initiative powers (see SUP 7 and EG 8) (Variation and cancellation of permission on the FCA's own initiative and intervention against incoming firms)).

(2) The guidance in SUP 6 Annex 4 applies to any *firm* that is applying for variation of ~~Part IV permission~~ Part 4A permission or for the imposition, variation or cancellation of a requirement before it applies for cancellation of ~~Part IV permission~~ Part 4A permission to enable it to wind down (run off) its business over a long term period of six months or more. It will apply to most *insurers* and *banks* and, in some circumstances, ~~as advised by the FSA~~, to *firms* holding *client money* or *customer assets*.

(3) If a *firm* wishes to cease carrying on some of its *regulated activities*, or the *specified investments* in respect of which the activities are carried on, the ~~FSA~~ appropriate regulator may consider it appropriate for the *firm* to comply with the additional procedures in SUP 6 Annex 4. This would depend on the scale and nature of the *regulated activities* concerned. This might be the case, for example, if the *firm* is ceasing a significant part of its business in respect of which it has outstanding obligations to *customers* and ~~the FSA believes it is believed~~ that the additional procedures would protect *consumers*.

UK firms exercising EEA or Treaty rights

6.2.12 G A *UK firm* should assess the effect of any change to its ~~Part IV 4A permission~~, or any requirements, on its ability to continue to exercise any *EEA right* or

[FCA/  
PRA] *Treaty right* and discuss any concerns with its ~~usual~~ appropriate supervisory contact(s) at the *FSA*. ~~A variation of *Part IV permission*~~ This may also change the *applicable provisions* with which it is required to comply by a *Host State*.

6.2.13 G A *UK firm* which, as well as applying to vary or cancel its ~~*Part IV permission*~~ *Part 4A permission*, wishes to vary or terminate any business which it is carrying on in another *EEA State* under one of the *Single Market Directives*, should follow the procedures in *SUP 13* (Exercise of passport rights by UK firms) on varying or terminating its *branch* or *cross border services* business.

[FCA/  
PRA]

The Lloyd's market

6.2.14 G A *firm* making an application to ~~vary or cancel its *Part IV permission*~~ in accordance with *SUP 6* which requires any approval from the *Society of Lloyd's* should apply to the *Society* for this at the same time as applying to the ~~*FSA*~~ relevant regulator for the ~~variation or cancellation~~. See *SUP 6* Annex 4 for additional procedures.

### 6.3 **Applications for variation of permission and/or imposition, variation or cancellation of requirements**

What is a variation of permission?

6.3.1 G ~~Under section 44 of the *Act*, a *firm* may apply to the *FSA* to vary its *Part IV permission* to:~~

- ~~(1) allow it to carry on further *regulated activities*; or~~
- ~~(2) reduce the number of *regulated activities* it is permitted to carry on; or~~
- ~~(3) vary the *FSA's* description of its *regulated activities* (including by the removal or variation of any *limitations*); or~~
- ~~(4) cancel any *requirement* applied for by the *firm* or imposed by the *FSA* under section 43 of the *Act* (Imposition of requirements); or~~
- ~~(5) vary any such *requirement*. [deleted]~~

6.3.1A G Under section 55H of the *Act*, an *FCA-authorized person* may apply to the *FCA* to vary its *Part 4A permission* to:

[FCA]

- (1) allow it to carry on further *regulated activities*, other than a *PRA-regulated activity*; or
- (2) reduce the number of *regulated activities* it is permitted to carry on; or
- (3) vary the description of its *regulated activities* (including by the removal or variation of any *limitations*).

6.3.1B G Under section 55I of the *Act*, an *FCA-authorized person* may apply to the *PRA*

[FCA/  
PRA] to vary its *Part 4A permission* to add *regulated activities* which include a *PRA-regulated activity*.

6.3.1C G Under section 55I of the Act, a *PRA-authorised person* may apply to the *PRA*  
[PRA] to vary its *Part 4A permission* to:

(1) allow it to carry on further *regulated activities*; or

(2) reduce the number of *regulated activities* it is permitted to carry on; or

(3) vary the description of its *regulated activities* (including by the removal or variation of any *limitations*).

6.3.2 G An application for variation of *Part IV 4A permission* may include one or more of SUP 6.3.1G(1)(5). For example, a *firm* may apply to vary its *Part IV IV permission* to add a new *regulated activity* and at the same time remove a *regulated activity* for which it currently has *permission*. [deleted]

#### Applications to impose, vary or cancel requirements

6.3.2A G Under section 55L(5) of the Act a *firm* with a *Part 4A permission* may apply to  
[FCA] the *FCA* for the imposition of a new *requirement* and/or the variation or cancellation of any *requirement* previously imposed by the *FCA*.

6.3.2B G Under section 55M(5) of the Act, a *PRA-authorised person* may apply to the  
[PRA] *PRA* for the imposition of a new *requirement* and/or the variation or cancellation of any *requirement* previously imposed by the *PRA*.

#### The scope of applications

6.3.2C G An application may relate to one or more of SUP 6.3.1AG and SUP 6.3.2AG.  
[FCA] For example, a *firm* may apply to vary its *Part 4A permission* to add a new *regulated activity* and at the same time remove a *regulated activity* for which it currently has *permission*.

6.3.2D G An application may relate to one or more of SUP 6.3.1C and SUP 6.3.2BG.  
[PRA] For example, a *firm* may apply to vary its *Part 4A permission* to add a new *regulated activity* and at the same time remove a *regulated activity* for which it currently has *permission*.

6.3.3 G In applying for a variation of ~~*Part IV permission*~~ *Part 4A permission*, a branch  
[FCA/  
PRA] of a *firm* from outside the *EEA* should be mindful of any continuing requirements referred to in the rest of the *Handbook*.

#### Applications to add additional regulated activities

6.3.4 G In determining the activities and *specified investments* for which a ~~*Part IV 4A*~~ *Part 4A*  
[FCA/  
PRA] *permission* is required, and whether to apply for a variation of that *permission*, a *firm* may need to take professional advice and may also wish to discuss this with its usual appropriate supervisory contact ~~at the *FSA*~~.

6.3.5 G Before applying to vary its *permission*, a *firm* should determine whether there are any statutory restrictions that do not allow combinations of certain types of *regulated activity*, particularly for *insurance business* or *UCITS managers*. For example, the ~~FSA PRA~~ will not grant a variation of ~~Part IV permission~~ Part 4A permission to allow a *friendly society* to carry on reinsurance business as this is not permitted under the Friendly Societies Acts 1974 and 1992. A *firm* should discuss its plans with its ~~usual~~ appropriate supervisory contact ~~at the FSA~~.

6.3.6 G If a *firm* is seeking a variation of ~~Part IV permission~~ Part 4A permission to add categories of *regulated activities*, it should be mindful of the directive requirements referred to at SUP 6.3.42G relating to the need to commence new activities within 12 months.

#### Applications to remove certain regulated activities

6.3.7 G If a *firm* wishes to cease carrying on an activity for which it has ~~Part IV permission~~ Part 4A permission, it will usually apply to vary its ~~Part IV permission~~ Part 4A permission to remove that activity. If a *firm* wishes to cease carrying on an activity in relation to any *specified investment*, it will usually apply to vary its ~~Part IV permission~~ Part 4A permission to remove that *specified investment* from the relevant activity.

#### How a variation of permission may affect the firm's approved persons

- 6.3.8 G (1) Where a *firm* is submitting an application for variation of ~~Part IV permission~~ Part 4A permission which would lead to a change in the *controlled functions* of its *approved persons*, it should, at the same time and as appropriate:
- (a) make an application ~~to the FSA~~ for an internal transfer of an *approved person*, Form E (Internal transfer), or make an application ~~to the FSA~~ for an individual to perform additional *controlled functions*, the relevant Form A (Application); see SUP 10.13.3D to SUP 10.13.5G;
  - (b) notify the ~~FSA~~ appropriate regulator of any *approved person* who has ceased to perform a *controlled function* specified by that regulator, Form C (Ceasing to perform controlled functions); see SUP 10.13.6R to SUP 10.13.13G.
- (2) If the *firm* intends to recruit new individuals to perform *controlled functions*, it should apply ~~to the FSA~~ for approval of the individuals as *approved persons* as soon as possible using Form A (Application); see SUP 10.12.

#### ~~How a variation of permission may change a firm's prudential category~~

6.3.9 G ~~A variation of Part IV permission may, in some cases, lead to a change in a firm's prudential category or sub-category (see SUP App 1). For example, an investment management firm which varies its Part IV permission to include~~

~~accepting deposits and as a result meets the definition of a bank, would move to the prudential category for a bank (see SUP App 1.3.1G). [deleted]~~

- 6.3.10 G ~~Even if a variation of permission does not itself lead to a change in a firm's prudential category or sub-category, the FSA may use its their own initiative powers to require a firm to comply with a different category or sub-category of prudential rules where it considers this to be appropriate. For details of when and how the FSA may use its own-initiative powers in this context, see SUP 7. [deleted]~~

Variation of permission involving insurance business

- 6.3.11 G A firm with ~~Part IV permission~~ Part 4A permission to carry on insurance business, which is applying for a variation of its ~~Part IV permission~~ Part 4A permission to add further insurance activities or *specified investments*, will be required to submit particular information on its existing activities as part of its application. This includes the *scheme of operations* which is required to be submitted as part of the application pack (for further details on the *scheme of operations*, see SUP App 2 (Insurers: scheme of operations)).
- [FCA/  
PRA]
- 6.3.12 G In applying to vary its ~~Part IV permission~~ Part 4A permission to add categories of *specified investments*, in relation to *insurance business*, a firm carrying on *insurance business* will need to determine the *classes* of *specified investments* relating to *effecting and carrying out contracts of insurance* for which variation of ~~Part IV permission~~ Part 4A permission will be necessary, having regard to whether certain *classes* of contract may qualify to be effected or carried out on an ancillary or supplementary basis (see SUP 3.12.6G to SUP 3.12.12G).
- [FCA/  
PRA]
- 6.3.13 G The application for variation of ~~Part IV permission~~ Part 4A permission will need to provide information about the *classes* of *contract of insurance* for which variation of ~~Part IV permission~~ Part 4A permission is requested and also those *classes* qualifying to be carried on, on an ancillary or supplementary basis. For example, an *insurer* applying to vary its *permission* to include *class 10* (motor vehicle liability, other than carrier's liability) must satisfy the ~~FSA~~ FCA that it will meet, and continue to meet, ~~threshold condition 2A.3F~~ (Appointment of claims representatives). *Firms* should note that, although the ~~FSA~~ relevant regulator is able in principle to use its power to give ~~Part IV permission~~ Part 4A permission for an applicant to carry on a *regulated activity* for which it did not originally apply, this is not possible under the Insurance Directives, which set out minimum information requirements for an application for *authorisation* including information on the *specified investments* the applicant proposes to deal in.

- 6.3.14 G (1) A firm carrying on *insurance business* which is seeking to cease such business in respect of one or more *classes* of *specified investment*, but which is not intending to cease all *insurance business*, should apply to vary its ~~Part IV permission~~ Part 4A permission to remove the activity of *effecting contracts of insurance* in respect of those *specified investments* in relation to which it no longer wishes to carry on business. A firm intending to cease all *insurance business* should refer
- [PRA]

to SUP 6 Annex 4.

- (2) If the application for variation of ~~Part IV permission~~ Part 4A permission is granted by the ~~FSA PRA~~, the firm will have ~~Part IV permission~~ Part 4A permission only to carry out contracts of insurance in respect of the specified investments in relation to which it no longer wishes to carry on business (see SUP 6 Annex 4). This will allow the firm to run off this aspect of its business. When the business in question has been run-off completely, the firm should then apply to vary its ~~Part IV permission~~ Part 4A permission to remove the relevant classes of specified investment.

The application for variation of permission and/or imposition, variation or cancellation of requirements

- 6.3.15 D (1) A firm other than a credit union wishing to vary its ~~Part IV permission~~ make an application under SUP 6 must apply online at ~~www.fsa.gov.uk~~ using the form specified on the ~~FSA's~~ ONA system.

- (2) ~~A credit union wishing to vary its Part IV permission must apply using the form in SUP 6 Ann 5D and submit its application in the way set out in SUP 15.7.4R to SUP 15.7.9G (Form and method of notification).~~ [deleted]
- (3) Until the application has been determined, a firm which submits an application for variation of ~~Part IV permission~~ must inform the ~~FSA~~ relevant regulator of any significant change to the information given in the application immediately it becomes aware of the change.
- (3A) Where an application requires the consent of the FCA, a firm which submits an application must inform the FCA of any significant change to the information given in the application immediately it becomes aware of the change.
- (4) Where a firm is obliged to submit any form, notice or application online under (1), if the ~~FSA's~~ ONA information technology systems fail and online submission is unavailable for 24 hours or more, until such time as facilities for online submission are restored a firm must submit any form, notice or application by using the form in SUP 6 Ann 5D and submitting it in the way set out in SUP 15.7.4R to SUP 15.7.9G (Form and method of notification).
- 6.3.15 G (1) If the ~~FSA's ONA~~ information technology systems fail and online submission is unavailable for 24 hours or more, the ~~FSA~~ relevant regulator will endeavour to publish a notice on its website confirming that online submission is unavailable and that the alternative methods of submission set out in SUP 6.3.15D(4) and SUP 15.7.4R to SUP 15.7.9G (Form and method of notification) should be used.

- 6.3.16 G (1) Section ~~54(2)~~ 55(U)(2) of the Act (Applications under this Part) requires that the application for variation of ~~Part IV permission~~ Part 4A permission must contain a statement:

(1A) Section 55(U)(3) of the Act requires that an application for variation of a requirement imposed under section 55L or 55M or the imposition of a new requirement must contain a statement of the desired variation or requirement.  
(2) The full form and content of the application for variation of ~~Part IV permission~~ Part 4A permission or for the imposition or variation of a requirement is a matter for direction by the ~~FSA~~ relevant regulator, who will determine the additional information and documentation required on a case by case basis.
- 6.3.17 G (1) [deleted]

(2) A firm is advised to discuss its application with ~~its usual supervisory contact at the FSA~~ the relevant regulator before submission, particularly if it is seeking a variation of Part 4A permission or imposition, variation or cancellation of a requirement within a short timescale. A firm is also advised to include as much detail as possible (including any additional information identified by its supervisors at this stage) with its application.
- 6.3.18 G The ~~FSA~~ relevant regulator, as soon as possible after receipt of an application, will advise the firm of any additional information which is required as part of its application (see SUP 6.3.23G to SUP 6.3.27G). The amount of information ~~the FSA will~~ required will vary depending on the scale of the variation in the context of the firm as a whole, and the nature, risk profile and complexity of the variation.

variation of ~~Part IV permission~~ Part 4A permission which includes adding further *regulated activities* or changing a ~~requirement or limitation~~ would cause a significant change in the *firm's* business or risk profile. In these circumstances, the ~~FSA~~ relevant regulator may require the *firm* to complete appropriate parts of the full application pack (see the ~~FSA~~ relevant regulator's website "How do I get authorised": <http://www.fsa.gov.uk/Pages/Doing/how/index.shtml>), as directed by the ~~FSA~~ relevant regulator. Applications for variation involving significant changes may be processed by the *firm's* usual appropriate supervisory contact ~~at the FSA~~, in conjunction with the ~~Permissions department~~ Authorisations Team. Examples of an application for imposition, variation or cancellation of a requirement and for variation of ~~Part IV permission~~ Part 4A permission which may represent a significant change include, but are not limited to, an application:

...

- (3) to remove a *requirement* preventing a *firm* from holding or controlling *client money*; ~~or,~~

Information to be supplied to the ~~FSA~~ relevant regulator as part of the application

6.3.23  
[FCA/  
PRA]

- G (1) The ~~FSA~~ relevant regulator may ask for any information it reasonably requires before determining the application. The information required will be determined on a case by case basis, taking into account the ~~FSA's~~ relevant regulator's existing knowledge of the *firm* and the ~~variation~~ change requested. The ~~FSA~~ relevant regulator will advise the *firm* of the information required at an early stage in the application process.
- (2) The nature of the information and documents requested will be related to the risks posed to the ~~FSA's~~ relevant regulator's *regulatory statutory objectives* by the *regulated activities* and any *unregulated activities* that the *firm* is carrying on or is seeking to carry on. This information will be proportional to the nature of the business which

the *firm* intends to carry on or the risks posed by the *firm*.

6.3.24 G (1) The information the FSA relevant regulator may require includes, but is not limited to, the examples given in SUP 6.3.25G:  
[FCA/

6.3.25 G Information which may be required. See SUP 6.3.24G

	2. (If the application seeks to vary a <i>permission</i> to include <i>motor vehicle liability insurance business</i> ) details of the claims representatives required by <i>threshold condition 2A 3F</i> (Appointment of claims representatives), if applicable.
<i>Accepting deposits and designated investment business</i>	1. 6.3.26 G Specific information may also be required by the FSA relevant regulator on the activities the *firm* intends to cease, or cease carrying on in relation to any *specified investments* (see SUP 6 Annex 4).  
[FCA/  
PRA]

6.3.27 G When determining whether to grant an application, the FSA relevant regulator may request further information, including reports from third parties such as the *firm's* auditors, and may require meetings with, and visits to, the *firm*. The FSA relevant regulator may also require a statement from members of the *firm's governing body* confirming, to the best of their knowledge, the completeness and accuracy of the information supplied. The FSA relevant regulator may also discuss the application with other regulators or exchanges.  
[FCA/

When will the ~~FSA grant~~ an application for variation of permission and/or imposition or variation of requirements be granted?

6.3.28 G (1) The FSA relevant regulator is required by section 41(2) 55B(3) of the *Act* to ensure that a *firm* applying to gain or vary a *Part IV permission* *Part 4A permission* or to impose or vary a *requirement* satisfies and will continue to satisfy the *threshold conditions* in relation to all the regulated activities for which the *firm* has or will have a *Part IV*  
[FCA/  
PRA]

~~permission Part 4A permission, after the variation determination of the application. However, the FSA's duty under the Act does not prevent it, having regard to that duty, from taking such steps as it considers necessary in relation to a particular firm, to meet any of its regulatory objectives. This may include granting a firm's application for variation of Part IV 4A permission when it wishes to wind down (run off) its business activities and cease to carry on new business as a result of no longer being able to satisfy the threshold conditions.~~

- (2) ~~In addition, the FSA may refuse the application if it appears that any of its regulatory objectives would be adversely affected if the application were to be granted and it is desirable in order to meet any of its regulatory objectives for the application to be refused. [deleted]~~

6.3.28 A [FCA] G Where a firm applies to the PRA for the variation of its Part 4A permission, the FCA, in giving consent to such an application or imposing any requirements on the firm, is required by section 55B(3) of the Act to ensure that the firm satisfies and will continue to satisfy the threshold conditions for which the FCA is responsible in relation to all the regulated activities for which the firm has or will have Part 4A permission after the variation.

6.3.28 B [FCA] G (1) The FCA's duty under section 55B(3) of the Act does not prevent it, having regard to that duty, from taking such steps as it considers necessary in relation to a particular firm, to meet any of its operational objectives. This may include granting or consenting to (as the case may be) a firm's application for variation of Part 4A permission when it wishes to wind down (run off) its business activities and cease to carry on new business as a result of no longer being able to satisfy the threshold conditions.

- (2) The FCA may refuse an application, or refuse to give its consent to an application, under section 55B(3) of the Act if it considers that it is desirable to do so in order to advance any of its operational objectives.

6.3.28 C [PRA] G (1) The PRA's duty under section 55B(3) of the Act does not prevent it, having regard to that duty, from taking such steps as it considers necessary in relation to a particular firm, to meet any of its objectives. This may include, with the consent of the FCA, granting a firm's application for variation of Part 4A permission when it wishes to wind down (run off) its business activities and cease to carry on new business as a result of no longer being able to satisfy the threshold conditions.

- (2) The PRA may refuse an application under section 55B(3) of the Act if it considers that it is desirable to do so in order to advance any of its objectives.

6.3.29 [FCA/  
PRA] G In determining whether the firm satisfies and continues to satisfy the threshold conditions, the FSA regulator concerned will consider whether the firm is ready, willing and organised to comply with the regulatory requirements it will be subject to if the application requested

~~variation of Part IV permission~~ is granted.

6.3.30 G The ~~FSA~~ will also consider the specific requirements that apply to certain types of activity will also need to be considered as these may not allow certain combinations of activity.  
[FCA/  
PRA]

6.3.31 G In considering whether to grant (or consent to, as the case may be) a *firm's* application to vary its ~~Part IV permission~~ Part 4A permission or impose or vary a *requirement*, the ~~FSA~~ regulator concerned will also have regard, under section 49(1) 55R(1) of the *Act* (Persons connected with an applicant), to any *person* appearing to be, or likely to be, in a relationship with the *firm* which is relevant. The *Financial Groups Directive Regulations* make special consultation provisions where the ~~FSA~~ regulator is exercising its functions under Part ~~IV~~ 4A of the *Act* (Permission to carry on regulated activities) for the purposes of carrying on supplementary supervision. Broadly, where ~~the FSA a regulator~~, in the course of carrying on supplementary supervision, is considering varying the ~~Part IV permission~~ Part 4A permission of a *person* who is a member of a *group* which is a *financial conglomerate*, the consultation provisions in section 49(2) 55R(2) of the *Act* are disapplied. In their place, the regulations impose special obligations, linked to the *Financial Groups Directive*, to obtain the consent of the relevant competent authorities, to consult those authorities and to consult with the *group* itself.

The ~~FSA's~~ regulator's powers in respect of application for variation of Part IV permission

6.3.32 G The ~~FSA's~~ power to vary a ~~Part IV permission~~ after it receives an application from a *firm* extends to including in the ~~Part IV permission~~ as varied any provision that could be included as though a fresh permission was being given in response to an application under section 40 of the Act (Application for permission). Under sections 42 (Giving permission) and 43 of the Act (Imposition of requirements), the FSA may:

- (1) ~~incorporate in the description of a regulated activity a limitation (for example, as to the circumstance in which a regulated activity may or may not be carried on); or~~
- (2) ~~specify a narrower or wider description of regulated activity than the firm applied for in the application for variation of Part IV permission (see SUP 3.9.29G(3) for restrictions on insurers); or~~
- (3) ~~require the firm not to take a specified action (for example, not to hold client money); or~~
- (4) ~~require the firm to take a specified action (for example, to submit financial returns more frequently than normal). [deleted]~~

6.3.32 G The ~~FCA's~~ power to vary a Part 4A permission after it receives an application from a *firm* extends to including in the Part 4A permission as varied any provision that could be included as though a fresh permission was being given in response to an application under section 55A of the Act (Application for  
A  
[FCA]

permission). Under section 55E of the Act (Giving permission: the FCA) the FCA may:

- (1) incorporate in the description of a regulated activity such limitations (for example, as to the circumstance in which a regulated activity may or may not be carried on) as it considers appropriate; or
- (2) specify a narrower or wider description of regulated activity than that to which the application relates; or
- (3) give permission for the carrying on of a regulated activity which is not included among those to which the application relates and is not a PRA-regulated activity.

6.3.32 G Thus, when determining an application for variation of Part 4A permission, B the FCA can, include new limitations and vary existing limitations, either on [FCA] application from the firm (for example, the customer categories with which a firm may carry on a specified activity) or, if considered appropriate, by the FCA under section 55E(5) of the Act.

6.3.32 G If a firm has applied (whether to the FCA or the PRA) for the variation of a C Part 4A permission, the FCA has the power to impose on that person such [FCA/ requirements, taking effect on or after the variation of permission, as the FCA PRA] considers appropriate.

6.3.33 G Thus, when determining an application for variation of Part IV permission, the FCA can, therefore:

- (1) include new limitations and vary existing limitations, either on application from the firm (for example, the customer categories with which a firm may carry on a specified activity), or if considered appropriate by the FSA under section 42(7)(a) of the Act; or
- (2) include any new requirements and vary existing requirements, either on application from the firm or where considered appropriate by the FSA under section 43 of the Act to ensure that the firm satisfies and continues to satisfy the threshold conditions. [deleted]

6.3.33 G The PRA's powers to vary a Part 4A permission after it receives an application A from a firm extends, subject to the consent of the FCA, to including in the Part [PRA] 4A permission as varied any provision that could be included as though a fresh permission was being given in response to an application under section 55A of the Act (Application for permission). Under section 55F of the Act (Giving permission: the PRA), the PRA may:

- (1) incorporate in the description of a regulated activity such limitations (for example, as to the circumstance in which a regulated activity may or may not be carried on) as it considers appropriate; or
- (2) specify a narrower or wider description of regulated activity than that to which the application relates; or

(3) give permission for the carrying on of a regulated activity which is not included among those to which the application relates.

6.3.33 G Thus, when determining an application for variation of *Part 4A permission*,  
B the *PRA* can include new *limitations* and vary existing *limitations*, either on  
[PRA] application from the *firm* (for example, the *customer* categories with which a  
*firm* may carry on a specified activity), or if considered appropriate by the  
*PRA* under section 55F(4) of the *Act*.

6.3.33 C If a firm has applied to the PRA for the variation of a Part 4A permission, the PRA has the power to impose on that person such requirements, taking effect on or after the giving or variation of the permission, as the PRA considers appropriate.

6.3.34 G If ~~limitations or requirements~~ are varied or imposed or requirements are imposed by the ~~FSA~~ relevant regulator which were not included in the *firm's* application for variation of *Part IV 4A permission*, the ~~FSA~~ relevant regulator will be required to issue the *firm* with a *warning notice* and *decision notice* (see SUP 6.3.39G).

6.3.34 G Where a firm has made an application to the PRA for the variation of its Part 4A permission and requirements are imposed by the FCA which were not included in the firm's application, the FCA will be required to issue the firm with a warning notice and decision notice (see SUP 6.3.39G).  
A  
[FCA/  
PRA]

How long will an application take?

6.3.35 G Under section ~~52(4)~~ 55V(1) of the *Act* (Determination of applications), the ~~FSA~~ relevant regulator has six months to consider a completed application from the date of receipt.  
[FCA/  
PRA]

6.3.36 G If the ~~FSA~~ relevant regulator receives an application which is incomplete (that is, if information or a document required as part of the application is not provided), section ~~52(2)~~ 55V(2) of the *Act* requires the ~~FSA~~ relevant regulator to determine that incomplete application within 12 months of the initial receipt of the application.  
[FCA/  
PRA]

6.3.36 G Where the application cannot be determined by the PRA without the consent of the FCA, section 55V(3) of the Act requires that the FCA's decision must also be made within the period required in SUP 6.3.35G or SUP 6.3.36G as appropriate.  
A  
[FCA/  
PRA]

6.3.37 G Within these time limits, however, the length of the process will relate directly to the complexity of the ~~variation requested~~ application. ~~The FSA [To be inserted]~~ publishes standard response times on its website at [www.fsa.gov.uk](http://www.fsa.gov.uk) ~~[insert new website link]~~ setting out how long the application process is expected to take in practice. From time to time, the *FSA* also publishes its performance against these times.  
[FCA/  
PRA]

6.3.37 G The FCA publishes standard times on its website setting out how long the application process is expected to take. From time to time, the FCA also publishes its performance against these times.  
A  
[FCA]

6.3.38 G At any time after receiving an application and before determining it, the FSA relevant regulator may require the applicant to provide additional information or documents. The circumstances of each application will dictate what additional information or procedures are appropriate.  
[FCA/  
PRA]

How will the FSA relevant regulator make the decision?

6.3.39 G A decision to grant an application ~~for variation of Part IV permission, as applied for,~~ will be taken by appropriately experienced staff at the FSA relevant regulator staff. However, if the FSA staff dealing with the application recommend that a *firm's* application for variation of Part IV permission Part 4A permission be either refused or granted subject to *limitations* or *requirements* or a narrower description of *regulated activities* than applied for, the decision will ~~be taken by either the RDC or executive procedures~~ be subject to the regulator's formal decision making process.  
[FCA/  
PRA]

6.3.40 G DEPP gives guidance on the ~~FSA's~~ FCA's decision making procedures including the procedures it will follow if it proposes to refuse an application for variation of Part IV permission Part 4A permission or for imposition or variation of a requirement either in whole or in part (for example, an application granted by the ~~FSA~~ FCA but subject to *limitations* or *requirements* not applied for).  
[FCA]

Commencing new regulated activities

6.3.41 G If the variation of Part IV permission Part 4A permission is given, the FSA relevant regulator will expect a *firm* to commence a new *regulated activity* in accordance with its business plan (revised as necessary to take account of changes during the application process) or scheme of operations for an *insurer*. *Firms* should take this into consideration when determining when to make an application to the FSA relevant regulator.  
[FCA/  
PRA]

6.3.42 G (1) *Firms* should be aware that the FSA appropriate regulator may exercise its *own-initiative variation* power to vary or cancel their ~~Part IV permission~~ Part 4A permission if they do not (see EG 8 section 55J of the Act (Variation and or cancellation on initiative of regulator of permission on the FSA's own initiative and intervention against incoming firms)):  
[FCA/  
PRA]

- (a) commence a *regulated activity* for which they have ~~Part IV permission~~ Part 4A permission within a period of at least 12 months from the date of being given; or
- (b) carry on a *regulated activity* for which they have ~~Part IV permission~~ Part 4A permission for a period of at least 12 months (irrespective of the date of grant).

- (1A) The ~~FSA~~ appropriate regulator may exercise its own-initiative variation power to cancel an investment firm's Part IV permission Part 4A permission if the investment firm has provided or performed no investment services and activities at any time during the period of six months ending with the day on which the warning notice under section ~~54(1)~~ 55Z(1) of the Act is given (see EG 8).

[**Note:** article 8(a) of MiFID]

- (2) If the ~~FSA~~ appropriate regulator considers that such a variation or cancellation of the firm's Part IV permission Part 4A permission is appropriate, it will discuss the proposed action with the firm and its reasons for not commencing or carrying on the regulated activities concerned.

- 6.3.43 G When a firm commences new regulated activities following a variation of a Part IV permission Part 4A permission, it should have particular regard to the requirements of Principle 11 (Relations with regulators) (see SUP 15.3.8G(1)(c)).
- [FCA/  
PRA]

## 6.4 Applications for cancellation of permission

- 6.4.1 G ~~Under section 44(2) of the Act (Variation etc. at request of authorised person), if an authorised person with a Part IV permission applies to the FSA, the FSA may cancel that permission. Cancellation applies to a firm's entire Part IV permission, that is to every activity and every specified investment and not to the individual elements such as specified investments. Changes to the individual elements of a permission would require a variation. [deleted]~~

- 6.4.1A G Under section 55H(3) of the Act (Variation by FCA at request of authorised person), if an FCA-~~authorised~~ person applies to the FCA, the FCA may cancel its Part 4A permission. Cancellation applies to a firm's entire Part 4A permission, that is to every activity and every specified investment and not to the individual elements such as specified investments. Changes to the individual elements of a permission would require a variation.
- [FCA]

- 6.4.1B G Under section 55I(2) of the Act (Variation by PRA at request of authorised person), if a PRA-~~authorised~~ person applies to the PRA, the PRA may cancel its Part 4A permission. Cancellation applies to a firm's entire Part 4A permission, that is to every activity and every specified investment and not to the individual elements such as specified investments. Changes to the individual elements of a permission would require a variation.
- [PRA]

- 6.4.2 G ~~Under section 44(3) of the Act, the FSA may refuse an application from a firm to cancel its Part IV permission if it appears that it is desirable for the application to be refused in order to meet any of the FSA's regulatory objectives.~~

(2) ~~[deleted]~~

6.4.3 G (1) A firm may apply to the ~~FSA~~ relevant regulator to cancel its ~~Part IV 4A~~ permission before it has ceased carrying on all *regulated activities*. (2) *Firms* should note, however, that the ~~FSA~~ relevant regulator will not grant an application for cancellation of ~~Part IV permission~~ Part 4A permission until the firm can demonstrate that it has ceased carrying on all *regulated activities* (SUP 6.4.19G).

(3) The ~~FSA~~ relevant regulator may apply additional procedures or require additional information, as if the firm had entered into a long term wind down of business (see SUP 6 Annex 4), if it considers it appropriate to the circumstances of the firm.

6.4.4 G Additional guidance for a firm carrying on *insurance business, accepting deposits, operating a dormant account fund* or which holds *client money* or *customer's assets* is given in SUP 6 Annex 4. As noted in SUP 6.2.9G, it will usually be appropriate for a firm to apply for variation of its ~~Part IV permission~~ Part 4A permission and/or the imposition, variation or cancellation of a requirement while winding down (running off) its *regulated activities* and before applying to cancel its ~~Part IV permission~~ Part 4A permission.

- 6.4.6 G (1) In addition to applying for cancellation of ~~Part IV permission~~ Part 4A permission in accordance with *SUP 6.4.5D*, a *firm* may discuss prospective cancellations with its ~~usual~~ supervisory contact ~~at the FSA~~ at the appropriate regulator. Alternatively a *firm* can contact the Firms Contact Centre on 0845 606 9966.
- [FCA/  
PRA]
- (2) To contact the Cancellations Team:
- (a) write to: Cancellations Team, The Financial ~~Services~~ Conduct Authority, 25 The North Colonnade, Canary Wharf, London, E14 5HS; or
- (b) email [cancellation.team@fsa.gov.uk](mailto:cancellation.team@fsa.gov.uk)  
[cancellation.team@fca.org.uk](mailto:cancellation.team@fca.org.uk)
- (3) If a *firm* which has applied for cancellation decides to remain

authorised it should inform the FSA relevant regulator immediately using one of the methods in *SUP* 6.4.6G(2).

- 6.4.7 G When an application is received, the FSA relevant regulator will send the *firm* a written acknowledgement. The *firm* will be required to provide information which, in the opinion of the FSA relevant regulator, is necessary for it to determine whether to grant or refuse the application for cancellation of *Part IV 4A permission*. ~~The Cancellations Team will work with the firm's usual supervisory contact at the FSA during this process.~~
- [FCA/  
PRA]

Information to be supplied to the FSA relevant regulator as part of the application for cancellation of permission

- 6.4.8 G The information which the FSA relevant regulator may request on the circumstances of the application for cancellation and the confirmations which the FSA relevant regulator may require a *firm* to provide will differ according to the nature of the *firm* and the activities it has ~~Part IV permission~~ Part 4A permission to carry on.
- [FCA/  
PRA]
- 6.4.9 G A *firm* will be expected to demonstrate to the FSA relevant regulator that it has ceased carrying on *regulated activities*. The FSA relevant regulator may require, as part of the application, a report from the *firm* that includes, but is not limited to, the confirmations referred to in *SUP* 6.4.12G (as appropriate to the *firm's* business). The FSA relevant regulator may also require additional information to be submitted with the report including, in some cases, confirmation or verification from a professional adviser on certain matters to supplement the report (see *SUP* 6.4.15G).
- [FCA/  
PRA]
- 6.4.10 G (1) If a *firm* is subject to the complaints rules in *DISP*, the FSA FCA may request confirmation from the *firm* that there are no unresolved, unsatisfied or undischarged complaints against the *firm* from a *customer* of the *firm*.
- [FCA]
- (2) If there are unresolved or undischarged complaints against a *firm* from a *customer* of the *firm*, the FSA FCA may request confirmation, as appropriate, of the steps (if any) which have been taken under the *firm's* complaints procedures and the amount of compensation claimed. The FSA FCA may also request an explanation of the arrangements made for the future consideration of such complaints.
- 6.4.11 G If the *firm* is carrying on *designated investment business* with *retail clients*, the FSA FCA may request confirmation that the *firm* has written, or intends to write, to all *retail clients* with, or for whom, the *firm* has conducted *regulated activities* within a certain period.
- [FCA]

Confirmations and resolutions

- 6.4.12 G The FSA relevant regulator will usually require the report in *SUP* 6.4.9G to be signed by a *director* or other officer with authority to bind the *firm*. It may include confirmations from the *firm* that, in relation to business carried on under its ~~Part IV permission~~ Part 4A permission, it has:
- [FCA/  
PRA]

...

- 6.4.13 G The FSA relevant regulator may also require a resolution from the *firm's governing body*, for example to support the application for cancellation of *permission*, expressed to be irrevocable, and to give the signatory the authority to sign the formal report to the FSA relevant regulator.  
[FCA/  
PRA]
- 6.4.14 G Under section ~~397~~ 398 of the *Act* (~~Misleading statements and practices~~ the FCA or PRA: residual cases), it is an *offence*, in purported compliance with a requirement imposed by or under the *Act* (including the directions in *SUP* 6.4.5D), for a *person* to knowingly or recklessly give the FSA regulator information that is false or misleading. If necessary, a *firm* should take appropriate professional advice when supplying information required by the FSA regulator(s). An *insurer*, for example, may ask an *actuary* to check assumptions in respect of future *claims* made under *contracts of insurance*.  
[FCA/  
PRA]

#### Reports from professionals

- 6.4.15 G The FSA relevant regulator may require additional information, including professional advice, to supplement or support the report in *SUP* 6.4.9G where it considers this appropriate. Examples of reports that may be requested by the FSA relevant regulator include, but are not limited to those detailed in *SUP* 6.4.16G.  
[FCA/  
PRA]

...

- 6.4.17 G If a *firm* is transferring its business, the FSA relevant regulator may require a professional opinion in respect of certain aspects of the transfer. For example, the FSA relevant regulator may require a legal opinion on the validity of arrangements to transfer *regulated activities*, *client money*, *client deposits*, *custody assets* or any other property belonging to *clients*, to another *authorised person*. Alternatively, an auditor or *reporting accountant* may be requested to verify that a transfer has been properly accounted for in the *firm's* books and records. Transfers of *insurance* and *banking business* are subject to statutory requirements (see *SUP* 18).  
[FCA/  
PRA]

#### Approved persons

- 6.4.18 G A *firm* which is applying for cancellation of ~~*Part IV permission*~~ *Part 4A permission* and which is not otherwise *authorised* by, or under, the *Act* should, at the same time, comply with *SUP* 10.13.6R and notify the FSA appropriate regulator of persons ceasing to perform *controlled functions* specified by that regulator. These forms should give the effective date of withdrawal, if known (see *SUP* 10 (Approved persons)).  
[FCA/  
PRA]

When will the FSA relevant regulator grant an application for cancellation of permission?

- 6.4.19 G The FSA relevant regulator will usually not cancel a *firm's* ~~*Part IV permission*~~ *Part 4A permission* until the *firm* can demonstrate that, in relation to business carried on under that *permission*, it has, as appropriate:  
[FCA/

PRA]

...

6.4.20 G If it is not possible for a *firm* to demonstrate a relevant matter referred to in SUP 6.4.19G, for example, depositors are uncontactable, the *firm* will be expected to have satisfied the FSA relevant regulator that it has made adequate provisions for discharging any liabilities to *clients* which do not involve the *firm* carrying on *regulated activities*.

6.4.21 G Before the FSA relevant regulator cancels a *firm's Part IV permission Part 4A permission*, the *firm* will be expected to be able to demonstrate that it has ceased or transferred all *regulated activities* under that *permission*. For example, the *firm* may be asked to provide evidence that a transfer of business (including, where relevant, any *client money*, *customer assets* or *deposits* or insurance liabilities) is complete. As noted in SUP 6.4.9G, the FSA relevant regulator may require the *firm* to confirm this by providing a report, in a form specified by the FSA relevant regulator:

- (1) as part of the application for cancellation of *permission*, if the *firm* has ceased carrying on all *regulated activities* under its ~~Part IV permission~~ Part 4A permission at the time of application (see SUP 6.4.9G); or
- (2) after the application but before its determination, if the *firm* has not ceased carrying on *regulated activities* under its ~~Part IV permission~~ Part 4A permission at the time of application.

6.4.22 G In deciding whether to cancel a *firm's Part IV permission Part 4A permission*, the FSA relevant regulator will take into account all relevant factors in relation to business carried on under that *permission*, including whether:

...

- (2) the *firm* has complied with ~~CASS 4.3.99R~~, CASS 5.5.80R and CASS 7.2.15R (Client money: discharge of fiduciary duty) ~~and CASS 4.3.104R~~ and CASS 7.2.19R (Client money: allocated but unclaimed client money) if it has ceased to hold *client money*; these *rules* apply to both repayment and transfer to a third party;
- (3) the *firm* has ceased to hold or control *custody assets* in accordance with instructions received from *clients* ~~(including instructions set out in an agreement entered into in accordance CASS 2.3.2R (Custody: client agreement))~~ and COBS 6.1.7R (Information concerning safeguarding of designated investments belonging to clients and client money);

...

- (5) the FSA relevant regulator or another regulator has commenced an investigation against the *firm* or continuing enforcement action against the *firm*;

- (6) there are any matters affecting the *firm* which should be investigated before a decision on whether the *firm* should have its ~~Part IV permission~~ Part 4A permission cancelled by the ~~FSA~~ relevant regulator or be disciplined;

...

- (8) the *firm* has settled all its debts to the ~~FSA~~ appropriate regulator; and

...

The ~~FSA's~~ FCA and the PRA enforcement and investigation powers against a former authorised person

- 6.4.23 G If the ~~FSA has granted~~ an application for cancellation of a *firm's* ~~Part IV permission~~ Part 4A permission has been granted and ~~withdrawn~~ a *firm's* status as an *authorised person* has been withdrawn (see SUP 6.5) it will ~~retain~~ remain subject to certain investigative and enforcement powers ~~in relation to the firm~~ as a former *authorised person*. These include:

[FCA/  
PRA]

...

- 6.4.24 G However, the ~~FSA will not be able to use~~ the following powers may not be used against former *authorised persons*:

[FCA/  
PRA]

...

- (2) the power to require *firms* to make restitution under section 384 of the *Act* (Power of the ~~FSA~~ FCA or PRA to require restitution).

- 6.4.25 G Consequently, the ~~FSA~~ relevant regulator considers that it will have good reason not to grant a *firm's* application for cancellation of *permission* where:

[FCA/  
PRA]

- (1) ~~if~~ the FCA and/or the PRA proposes to exercise any of the powers described in SUP 6.4.24G; or
- (2) ~~if~~ the FCA and/or the PRA has already begun disciplinary and/or restitution proceedings against the *firm* by exercising either or both of these powers against the *firm*.

- 6.4.26 G The ~~FSA's~~ FCA's use of those powers is outlined in DEPP 6 (Penalties).

[FCA]

How long will an application take?

- 6.4.27 G (1) Under section ~~52(1)~~ 55V(1) of the *Act* (Determination of applications), the ~~FSA~~ relevant regulator has six months to consider a completed application.

[FCA/  
PRA]

- (2) If the ~~FSA~~ relevant regulator receives an application which is incomplete, that is, where information or a *document* required as part

of the application is not provided, section ~~52(2)~~ 55V(2) of the *Act* requires the *FSA* relevant regulator to determine the incomplete application within 12 months of the initial receipt of the application.

- (3) Within these time limits, however, the length of the process will relate directly to the complexity of ~~variation~~ cancellation requested and whether the *firm* has fully wound down (run off) its activities at the time it applies. ~~The *FSA* publishes standard response times on its website setting out how long the application process is expected to take in practice. From time to time, the *FSA* also publishes its performance against these times.~~

6.4.27 G The *FCA* publishes standard response times on its website setting out how long the application process is expected to take in practice. From time to time, the *FCA* also publishes its performance against these times.  
A  
[FCA]

How will the ~~*FSA*~~ relevant regulator make the decision?

6.4.28 G A decision to grant an application for cancellation of *permission* will be taken by appropriately experienced *FSA* staff at the relevant regulator. Where, however, the *FSA* staff dealing with the application recommend that a *firm's* application for cancellation of ~~*Part IV permission*~~ *Part 4A permission* be refused, the decision will ~~be taken by the *RDC* if the applicant makes representations to the *FSA*. If there are no representations, the decision will be made under *executive procedures*~~ be subject to the regulator's formal decision making process.  
[FCA/  
PRA]

6.4.29 G See *DEPP* for *guidance* on the *FSA's* *FCA's* decision making procedures, including the procedures it will follow if it proposes to refuse an application for cancellation of ~~*Part IV permission*~~ *Part 4A permission*.  
[FCA]

## 6.5 Ending authorisation

6.5.1 G Under section 33(2) of the *Act* (Withdrawal of authorisation ~~by the *FSA*~~), if the *FSA* appropriate regulator cancels a *firm's* ~~*Part IV permission*~~ *Part 4A permission*, and as a result there is no *regulated activity* for which the *firm* has *permission*, the *FSA* regulator authorising that *firm* is required to give a *direction* withdrawing the *firm's* status as an *authorised person*.  
[FCA/  
PRA]

6.5.2 G ~~If the *FSA* concludes that it should grant a *firm's* application for cancellation of *permission* and end its *authorisation*, the *FSA* will:~~

- ~~(1) cancel the *firm's* *Part IV permission* under section 44(2) of the *Act*;~~
- ~~(2) withdraw the *firm's* *authorised* status under section 33(2) of the *Act* by giving the *firm* a *direction* in writing; and~~
- ~~(3) update the *firm's* entry in the *FSA* register to show it has ceased to be *authorised*. [deleted]~~

- 6.5.2A G If the FCA concludes that it should grant an FCA-*authorised person's* application for cancellation of *permission* and end its *authorisation*, the FCA will:  
[FCA]
- (1) cancel the *firm's Part 4A permission* under section 55H(3) of the Act;
  - (2) withdraw the *firm's authorised* status under section 33(2) of the Act by giving the *firm* a direction in writing; and
  - (3) update the *firm's* entry in the Financial Services Register to show it has ceased to be *authorised*.

- 6.5.2B G If the PRA concludes that it should grant a PRA-*authorised person's* application for cancellation of *permission* and end its *authorisation*, the PRA will:  
[PRA]
- (1) cancel the *firm's Part 4A permission* under section 55I(2) of the Act;
  - (2) withdraw the *firm's authorised* status under section 33(2) of the Act by giving the *firm* a direction in writing; and
  - (3) contact the FCA and request that it update the *firm's* entry in the Financial Services Register to show it has ceased to be *authorised*.

SUP 6 Annex 1, 2 and 3 are deleted in their entirety. The deleted text is not shown.

Amend the following as shown.

**6 Annex 4 Additional guidance for a firm winding down (running off) its business**

**6 Annex 4.1G**  
[FCA/  
PRA]

1.	If a <i>firm</i> has <del>Part IV 4A</del> <i>permission</i> which enables it to hold <i>client money</i> or to carry on <i>regulated activities</i> including:
...	
it may require a long period (usually in excess of six months) in which to wind down (run off) its business. In these circumstances, it will usually be appropriate for the <i>firm</i> to apply for a variation of <del>Part IV permission</del> <i>Part 4A permission</i> before commencing the wind down.	
2.	A <i>firm</i> that believes that it may need to apply for a variation of <del>Part IV permission</del> <i>Part 4A permission</i> as a first step towards cancellation of its <i>permission</i> should discuss its plans with its <del>usual</del> supervisory contact at <del>the FSA</del> <u>at the relevant regulator</u> .
3.	If appropriate, in the interests of its <del>regulatory</del> <i>statutory objectives</i> (limited to the operational objectives in the case of <del>the FCA</del> ), the <del>FSA</del> <u>appropriate regulator</u> will require details of the <i>firm's</i> plans and will discuss them with the <i>firm</i> and monitor the winding down or transfer of

	the <i>firm's</i> business. During the period in which it is winding down, a <i>firm</i> will also be required to notify <del>the FSA</del> of any material changes to the information provided such as, for example, receipt of new complaints and changes to plans.
4.	If, after its <del>Part IV permission</del> <u>Part 4A permission</u> has been varied, a <i>firm</i> has wound down its business, complied with any <i>requirements</i> imposed <del>by the FSA</del> and ceased to carry on <i>regulated activities</i> (or expects to do so within the next six months), it should then make an application for cancellation of its <del>Part IV permission</del> <u>Part 4A permission</u> (see SUP 6.4 (Applications for cancellation of permission)).

**Use of own-initiative powers**

5.	If, for example, the <del>FSA</del> <u>FCA</u> or the <del>PRA</del> has concerns relating to any of the <del>regulatory</del> <u>statutory objectives</u> (limited to the operational objectives in the case of the <del>FCA</del> ), it may, <del>however,</del> use its <del>own-initiative power</del> <u>own-initiative variation power</u> under section 45 of the <del>Act</del> (Variation etc. on the Authority's own initiative) (see SUP 7 (Individual requirements) and EG 8 (Variation and cancellation of permission on the <del>FSA's</del> <u>FCA's</u> own initiative and intervention against incoming firms)), to vary the <del>Part IV permission</del> <u>Part 4A permission</u> of a <i>firm</i> which is winding down or transferring its <i>regulated activities</i> .
5A.	If, for example, the <i>appropriate regulator</i> has concerns relating to any of its <u>statutory objectives</u> (limited to the operational objectives in the case of the <del>FCA</del> ), it may use its <u>own-initiative requirements power</u> to <u>impose on a <i>firm</i> that is winding down or transferring its <i>regulated activities</i>, any <i>requirement</i>, or vary or cancel a <i>requirement</i> imposed by it on that <i>firm</i>.</u>

**Reporting requirements: general**

6.	If a <i>firm</i> is winding down (running-off) its business, the routine reporting requirements in SUP 16 (Reporting requirements) will apply unless the <i>firm</i> is granted a waiver. In addition, a <i>firm</i> may be asked to submit additional reports, for example, to enable the <del>FSA</del> <u>appropriate regulator</u> to monitor the wind down.

1.	If a <i>firm</i> makes an application <u>in accordance with SUP 6</u> to <del>vary its Part IV permission</del> to effect the winding down of <i>regulated activities</i> which it is carrying on including the repayment of <i>client money</i> , or the return of <i>client deposits</i> , <i>custody assets</i> or any other property belonging to <i>clients</i> , the <del>FSA</del> <u>appropriate regulator</u> will expect it to have formal plans to ensure that:

	<p><del>4.3.104R and CASS 7.2.19R (Allocated but unclaimed client money) if it is ceasing to hold <i>client money</i>. **6**  
**Annex**  
**4.3G**  
[FCA/  
PRA]

1.	<p>A <i>firm</i> carrying on <i>insurance business</i> which, ultimately, intends to cease <i>insurance business</i> completely, will first need to apply for a variation of its <del><i>Part IV permission</i></del> <u><i>Part 4A permission</i></u> while it is running off its business. The <i>firm</i> should apply for a variation of <del><i>Part IV permission</i></del> <u><i>Part 4A permission</i></u> to remove the activity of <i>effecting contracts of insurance</i> from its <i>permission</i>, thus restricting its activities to <i>carrying out insurance contracts</i> to enable it to run off its remaining insurance liabilities (see SUP 6.2.9G).</p>
2.	<p>Examples of variations of <del><i>Part IV permission</i></del> <u><i>Part 4A permission</i></u> which may be appropriate in the context of winding down <i>insurance business</i> include:</p>
	<p>(1) removing one or more <i>regulated activities</i> (for example, when a <i>firm</i> which has <del><i>Part IV permission</i></del> <u><i>Part 4A permission</i></u> to carry on <i>insurance business</i> enters into run-off, its <del><i>Part IV permission</i></del> <u><i>Part 4A permission</i></u> will need to be varied to remove the activity of <i>effecting contracts of insurance</i> in relation to new <i>contracts of insurance</i>); a new <i>contract of insurance</i> excludes contracts effected under a term of a subsisting <i>contract of insurance</i>. Thus the <i>firm's permission</i> will be restricted to <i>carrying out contracts of insurance</i> to enable it to run off its existing liabilities; or</p>
	<p>(2) imposing a <i>limitation on regulated activities</i> in a <i>firm's Part IV permission</i> or imposing a <i>requirement on the type of investments a firm holds to support its insurance liabilities</i> <u><i>Part 4A permission</i></u></p>
2A.	<p><u>A <i>firm</i> may also have imposed on it a new <i>requirement</i>, or any existing <i>requirement</i> imposed on a <i>firm</i> may be varied or cancelled. In the</u></p>

	context of winding down <i>insurance business</i> , it may for example be appropriate to impose a <i>requirement</i> on the type of investments a <i>firm</i> holds to support its insurance liabilities.
3.	An <i>insurer</i> ceasing to <i>effect contracts of insurance</i> is required to submit a <i>scheme of operations</i> in accordance with SUP App 2 (Insurers: <i>scheme of operations</i> ). The <i>FSA PRA</i> may require other information depending on the circumstances, for example an actuarial assessment of the <i>firm's</i> run-off.
...	
5.	An <i>insurer</i> should note that the <i>FSA PRA</i> will not cancel a <i>firm's permission</i> until all the <del>firm's</del> <i>firm's</i> insurance liabilities have been discharged, including any potential insurance liabilities. A <i>firm</i> is, therefore, advised to submit an application for cancellation of its <del>Part IV permission</del> <i>Part 4A permission</i> when its run-off is completed.

6  
Annex  
4.4G  
[FCA/  
PRA]

1.	A <i>firm</i> making an application to <del>vary or cancel its Part IV permission</del> in accordance with SUP 6 which requires any approval from the <i>Society of Lloyd's</i> should apply to the <i>Society</i> for this in addition to applying to the <del>FSA for the variation or cancellation</del> <u>relevant regulator</u> .	
2.	Where a <i>firm</i> has <del>Part IV permission</del> <i>Part 4A permission</i> to manage the underwriting capacity of a <i>Lloyd's</i> syndicate as a managing agent at <i>Lloyd's</i> then, if it wishes to vary its <del>Part IV permission</del> <i>Part 4A permission</i> to remove this regulated activity or to cancel its <del>Part IV permission</del> <i>Part 4A permission</i> completely, special procedures will apply.	
3.	(1)	As a first step, the <i>firm</i> should apply to the <i>FSA</i> <u>relevant regulator</u> for a variation of its <del>Part IV permission</del> <i>Part 4A permission</i> to limit the <i>regulated activity</i> , after the <i>Lloyd's</i> syndicates have been closed, to permit no new business. Once the <i>syndicates</i> have been closed, the <i>firm's</i> consent from the <i>Society</i> to manage <i>syndicates</i> will also lapse
	(2)	After a period of one year from the date of closure of the <i>Lloyd's</i> syndicates the <i>firm</i> may apply to the <del>FSA</del> to vary its <del>Part IV permission</del> <i>Part 4A permission</i> , to remove the <i>regulated activity</i> or to cancel its <del>Part IV permission</del> <i>Part 4A permission</i> entirely, as appropriate. At this time, a <i>firm's</i> approval from the <i>Society of Lloyd's</i> as a managing agent will cease.
4.	<i>Firms</i> which wish to discuss these procedures in more detail should contact their <del>usual</del> <u>appropriate</u> supervisory contact at the <del>FSA</del> and the <i>Society of Lloyd's</i> , as appropriate.

1. As stated in SUP 6.2.9G, where a <i>bank</i> , or other <i>firm</i> with permission that
---

Annex  
4.5G  
[FCA/  
PRA]

includes *accepting deposits*, wishes to cancel its ~~*Part IV permission*~~ *Part 4A permission*, it will generally need to apply for a variation of that *permission* while it winds down its business.

2. When a firm is winding down its business activities, it may be appropriate to vary its ~~*Part IV permission*~~ by imposing:

- (1) vary its *Part 4A permission* by imposing a limitation that no new *deposits* will be accepted; or
- (2) vary its *Part 4A permission* by imposing a limitation on the purchasing of *investments* for its own account; or
- (3) impose on it requirements concerning solvency.

3. After a *bank* has discussed with the ~~*FSA*~~ *appropriate regulator* the type of variation of ~~*Part IV permission*~~ *Part 4A permission* and/or *requirement* the *bank* requires to wind down its business, it should make an application ~~for variation of *Part IV permission*~~ as directed in SUP 6.3.15D and follow the *guidance* and procedures in SUP 6 as well as the additional procedures set out in this annex.

4. The ~~*FSA*~~ may vary the ~~*firm's Part IV permission*~~ to impose one or more of As appropriate, one or more of the following may be imposed on a *firm*:

...

5. The information concerning the circumstances of ~~the application for variation of *Part IV permission*~~ these applications and the confirmations a *firm* is required to give to the ~~*FSA*~~ regulator(s) concerned will differ according to the nature of the *bank* and its ~~*Part IV permission*~~ *Part 4A permission*. If appropriate, it may include, but will not necessarily be limited to:

...

**Dealing with residual deposits: general**

6. Where a *firm* has residual *deposits* which, for whatever reason, cannot be repaid, they may be protected by a number of different methods. The precise applicability of the courses to be followed depends upon the particular circumstances of the individual *firm*. The ~~*FSA's*~~ *appropriate regulator's* supervisory approach will be determined by the course of action taken.

**Holding funds on trust**

7. In some circumstances, it may be appropriate for the *firm* to make an irrevocable transfer of funds, at least equal to the total of its *deposits*, to an independent *trustee* to be held on *trust* for the benefit of the depositors. Any such proposal should be discussed in advance with the ~~*FSA*~~ *appropriate regulator*. The amount of funds held on trust should at all times exceed the total of all *deposits*, in order to provide for contingencies. Trust account arrangements are appropriate only in respect of solvent institutions. The *guidance* in paragraph 13 of this section applies in most cases.

8. ....

(2) The *trustee* should be an independent and appropriately qualified third party, nominated by the institution and acceptable to the ~~*FSA*~~ *appropriate regulator*.

...

(b) The ~~*FSA*~~ *appropriate regulator* should be consulted about, or pre-notified of,

<p>a potential change of trustee. (c) Trustees are responsible for fulfilling their obligations under the trust deed. In practice, the <i>FSA appropriate regulator</i> may wish to point out that certain factors need to be given consideration by the trustees and the institution (for example, the procedures for paying out to depositors).</p>
<p>9. The <i>FSA appropriate regulator</i> would require to see an opinion by the <i>firm's</i> legal advisers, confirming the validity and enforceability of the <i>trust</i> and in particular specifying the extent (if any) to which the trust arrangements may be set aside in future. The <i>FSA appropriate regulator</i> reserves the right to request sight of the proposed trust documentation itself.</p>
<p>...</p>
<p>11. The trustee should not deposit, or otherwise invest, trust funds except in segregated accounts with third-party authorised institutions.</p>
<p>...</p> <p>(2) Auditors' reports, from the trust's auditors, should subsequently be obtained at intervals to demonstrate that funds in the trust continue to be at least equal to the remaining liabilities to depositors and that repayments have been properly made. The <i>firm</i> retains the ultimate responsibility to provide information to the <i>FSA appropriate regulator</i>.</p> <p>(3) The <i>FSA appropriate regulator</i> may, however, require the inclusion of a clause in the trust deed requiring the trustee to provide such information as may be requested.</p>

## 8.3 Applying for a waiver

Conditions for giving a waiver

8.3.1 [FCA/  
PRA] G Under section ~~148(4)~~ 138A(4) of the *Act*, the ~~FSA~~ appropriate regulator may not give a *waiver* unless it is satisfied that:

- (1) compliance by the *firm* with the *rules*, or with the *rules* as

unmodified, would be unduly burdensome, or would not achieve the purpose for which the *rules* were made; and

- (2) ~~the *waiver* would not result in undue risk to *persons* whose interests the *rules* are intended to protect~~ adversely affect the advancement of, in the case of the *PRA*, any of its objectives and, in the case of the *FCA*, any of its operational objectives.

8.3.1A  
[FCA/  
PRA]

- G Even if the conditions in section ~~148(4)~~ 138A(4) of the *Act* are satisfied, the ~~*FSA*~~ *appropriate regulator* will consider other relevant factors before giving a *waiver*, such as whether the *waiver* would be compatible with European law, including relevant EC Directives.

#### Publication of waivers

8.3.2  
[FCA/  
PRA]

- G The ~~*FSA*~~ *appropriate regulator* is required by section ~~148(6)~~ 138B of the *Act* to publish a *waiver* unless it is satisfied that it is inappropriate or unnecessary to do so (see *SUP* 8.6).

8.3.2A  
[FCA]

- G The *FCA* must consult the *PRA* before publishing or deciding not to publish a *waiver* which relates to:

- (1) a *PRA-authorised person*; or
- (2) an *authorised person* who has as a member of its *immediate group* a *PRA-authorised person*;

unless the *waiver* relates to rules made by the *FCA* under sections 247 or 248 of the *Act*.

#### Form and method of application

8.3.3  
[FCA/  
PRA]

- D A firm wishing to apply for a *waiver* must complete the application form in *SUP* 8 Annex 2D and submit it in the way set out in *SUP* 15.7.4R to *SUP* 15.7.9G (Form and method of notification).

- (1) ~~A *firm* other than a *credit union* wishing to apply for a *waiver* must apply online at [www.fsa.gov.uk](http://www.fsa.gov.uk) using the form specified on the *FSA*'s ONA system. [deleted]~~
- (2) ~~A *credit union* wishing to apply for a *waiver* must complete the application form in *SUP* 8 Annex 2D and submit it in the way set out in *SUP* 15.7.4R to *SUP* 15.7.9G (Form and method of notification). [deleted]~~
- (3) ~~Where a *firm* is obliged to submit an application online under (1), if the *FSA*'s information technology systems fail and online submission is unavailable for 24 hours or more, until such time as facilities for online submission are restored a *firm* must use the form in *SUP* 8 Annex 2D and submit it in the way set out in *SUP* 15.7.4R to *SUP* 15.7.9G (Form and method of notification). [deleted]~~

...

- 8.3.3A [FCA/PRA] G (1) ~~If the *FSA's* information technology systems fail and online submission is unavailable for 24 hours or more, the *FSA* will endeavour to publish a notice on its website confirming that online submission is unavailable and that the alternative methods of submission set out in *SUP* 8.3.3D(3) and *SUP* 15.7.4R to *SUP* 15.7.9G (Form and method of notification) should be used. The appropriate regulator's preferred method of submission for waiver applications is by e-mail.~~
- (2) ~~Where *SUP* 8.3.3D(3) applies to a *firm*, *GEN* 1.3.2R (Emergency) does not apply. The form is available on the appropriate regulator's website.~~
- 8.3.4 [FCA/PRA] G Before sending in a *waiver* application, a *firm* may find it helpful to discuss the application with its ~~usual~~ appropriate supervisory contact ~~at the *FSA*.~~ However, the *firm* should still ensure that all relevant information is included in the application.
- 8.3.4A FCA G *Firms* or *persons* other than *PRA-authorized persons* should send applications for *waivers* or applications for variations of *waivers* to the *FCA*.
- 8.3.4B [FCA/PRA] G *PRA-authorized persons* should send applications for *waivers* or applications for variations of *waivers* to:
- (1) the *FCA* in respect of rules in the *FCA Handbook* applicable to that *PRA-authorized person*; and
- (2) the *PRA* in respect of rules in the *PRA Handbook*.

#### Procedure on receipt of an application

- 8.3.5 [FCA] G The ~~*FSA*~~ appropriate regulator will acknowledge an application promptly and if necessary will seek further information from the *firm*. The time taken to determine an application will depend on the issues it raises. However, the ~~*FSA*~~ appropriate regulator will aim to give *waiver* decisions within 20 *business days* of receiving an application which includes sufficient information. If the ~~*FSA*~~ appropriate regulator expects to take longer, it will tell the *firm* and give an estimated decision date. A *firm* should make it clear in the application if it needs a decision within a specific time.
- 8.3.5A [FCA/PRA] G The ~~*FSA*~~ appropriate regulator will treat a *firm's* application for a *waiver* as withdrawn if it does not hear from the *firm* within 20 *business days* of sending a communication which requests or requires a response from the *firm*. The ~~*FSA*~~ appropriate regulator will not do this if the *firm* has made it clear to the ~~*FSA*~~ appropriate regulator in some other way that it intends to pursue the application.
- 8.3.6 G In some cases, the ~~*FSA*~~ appropriate regulator may give a modification of a

[FCA/  
PRA] *rule* rather than direct that the *rule* is not to apply. The *FSA appropriate regulator* may also impose conditions on a *waiver*, for example additional reporting requirements. A *waiver* may be given for a specified period of time only, after which time it will cease to apply. A *firm* wishing to extend the duration of a *waiver* should follow the procedure in SUP 8.3.3D. A *waiver* will not apply retrospectively.

8.3.7 G If the *FSA appropriate regulator* decides not to give a *waiver*, it will give reasons for the decision.  
[FCA/  
PRA]

8.3.8 G A *firm* may withdraw its application at any time up to the giving of the *waiver*. In doing so, a *firm* should give the *FSA appropriate regulator* its reasons for withdrawing the application.  
[FCA/  
PRA]

8.3.9 G If the *FSA appropriate regulator* believes that a particular *waiver* given to a *firm* may have relevance to other *firms*, it may publish general details about the possible availability of the *waiver*. For example, IPRU(INV) 3-80(10)G explains that a *firm* that wishes to use its own internal model to calculate its position risk requirement (PRR) will need to apply for a *waiver* of the relevant *rules*.  
[FCA/  
PRA]

#### Giving a waiver with consent rather than on an application

8.3.10 G Under section ~~148(2)~~ 138A(1) of the *Act* the *FSA appropriate regulator* may give a *waiver* with the consent of a *firm*. This power may be used by the *FSA appropriate regulator* in exceptional circumstances where the *FSA appropriate regulator* considers that a *waiver* should apply to a number of *firms* (for example, where a *rule* unmodified may not meet the particular circumstances of a particular category of *firm*). In such cases the *FSA appropriate regulator* will inform the *firms* concerned that the *waiver* is available, either by contacting *firms* individually or by publishing details of the availability of the *waiver* on the *FSA's appropriate regulator's* website provided that the *FCA* must comply with SUP 8.3.2AG. The *firms* concerned will not have to make a formal application but will have to give their written consent for the *waiver* to apply.  
[FCA/  
PRA]

#### Waiver of an evidential provision

8.3.11 G An application for a *waiver* of an *evidential provision* will normally be granted only if a breach of the underlying binding *rule* is actionable under section ~~150~~ 138D of the *Act*. Individual *guidance* would normally be a more appropriate response (see SUP 9 (Individual Guidance)) if there is no right of action.  
[FCA/  
PRA]

...

8.3.13 G For an application for a *waiver* of the presumption of contravention of a binding *rule*, which is actionable under section ~~150~~ 138D of the *Act*, the *FSA appropriate regulator* would normally wish to be satisfied that the evidential *rule* is itself unduly burdensome or does not achieve the purpose of the *rule*.  
[FCA/  
PRA]

PRA]

(1) section 137O of the Act; or

(2) section 192J of the Act.

## 8.4 Reliance on waivers

Application of waived rules

8.4.1 G If the ~~FSA~~ appropriate regulator gives a *firm* a *waiver*, then the relevant *rule*  
[FCA/  
PRA] no longer applies to the *firm*. But:

(1) if a *waiver* directs that a *rule* is to apply to a *firm* with modifications, then contravention of the modified *rule* could lead to ~~FSA~~ appropriate regulator enforcement action and (if applicable) a right of action under section ~~450~~ 138D of the *Act* (Actions for damages); and

(2) if a *waiver* is given subject to a condition, it will not apply to activities conducted in breach of the condition, and those activities, if in breach of the original *rule*, could lead to ~~FSA~~ appropriate regulator enforcement action or such a right of action.

The effect of rule changes on waivers

8.4.2 G Substantive changes to the *rules* (this would not include simple editorial  
[FCA/  
PRA] changes) in the *Handbook* may affect existing *waivers*, changing their practical effect and creating a need for a change to the original *waiver*. The ~~FSA~~ appropriate regulator will consult on proposed *rule* changes. A *firm* should note proposed *rule* changes and discuss the impact on a *waiver* with its usual appropriate supervisory contact ~~at the FSA~~.

## 8.5 Notification of altered circumstances relating to waivers

8.5.1 R A *firm* which has applied for or has been granted a *waiver* must notify the  
[FCA/  
PRA] ~~FSA~~ appropriate regulator immediately if it becomes aware of any matter which could affect the continuing relevance or appropriateness of the application or the *waiver*.

8.5.2 G *Firms* are also referred to SUP 15.6 (Inaccurate, false or misleading  
[FCA/  
PRA] information). This requires, in SUP 15.6.4R, a *firm* to notify the ~~FSA~~ appropriate regulator if false, misleading, incomplete or inaccurate

PRA] information has been provided. This would apply in relation to information provided in an application for a *waiver*.

## 8.6 Publication of waivers

### Requirement to publish

8.6.1 G The *FSA appropriate regulator* is required by ~~section 148(6)~~ sections 138B(1) and (2) of the *Act* to publish a *waiver* unless it is satisfied that it is inappropriate or unnecessary to do so. If the *FSA appropriate regulator* publishes a *waiver*, it will not publish details of why a *waiver* was required or any of the supporting information given in a *waiver* application.

8.6.1A G The FCA must consult the PRA before publishing or deciding not to publish a waiver which relates to:

(1) a PRA-authorised person; or

(2) an authorised person who has as a member of its immediate group a PRA-authorised person;

unless the waiver relates to rules made by the FCA under sections 247 or 248 of the Act.

### Matters for consideration

8.6.2 G When considering whether it is satisfied under section ~~148(6)~~ 138B(2), the *FSA appropriate regulator* is required by section ~~148(7)~~ 138B(3) of the *Act*:

(1) to take into account whether the *waiver* relates to a *rule* contravention of which is actionable under section ~~150~~ 138D of the *Act* (Actions for damages); Schedule 5 identifies such *rules*;

(2) to consider whether its publication would prejudice, to an unreasonable degree, the commercial interests of the *firm* concerned, or any other member of its *immediate group*; ~~and~~

(3) to consider whether its publication would be contrary to an international obligation of the *United Kingdom* (for example, the confidentiality obligations in the *Single Market Directives*); ~~and~~

(4) to consider whether the publication of the waiver would be detrimental to the stability of the UK financial system.

8.6.3 G *Waivers* can affect the legal rights of third parties, including *consumers*. In the *FSA's appropriate regulator's* view it is important that the fact and effect of such *waivers* should be transparent. So the fact that a *waiver* relates to a *rule* that is actionable under section ~~150~~ 138D of the *Act* (see SUP 8.6.2G (1)) will tend to argue in favour of publication.

...

8.6.5 [FCA/  
PRA] G In considering whether commercial interests would be prejudiced to an unreasonable degree (see SUP 8.6.2G(2)), the *FSA appropriate regulator* will weigh the prejudice to *firms'* commercial interests against the interests of *consumers*, markets and other third parties in disclosure. In doing so the *FSA appropriate regulator* will consider factors such as the extent to which publication of the *waiver* would involve the premature release of proprietary information to commercial rivals, for example relating to a product innovation, or reveal information which could reasonably be regarded as the *firm's* own intellectual property. In line with section 148(8)-138B(5) of the *Act*, the *FSA appropriate regulator* will also consider whether prejudice to a *firm's* commercial interests could be avoided or mitigated by publication of the *waiver* without disclosing the identity of the *firm*.

8.6.6 [FCA/  
PRA] G The *FSA appropriate regulator* may consider publication unnecessary where, for example, the *waiver* relates to a minor matter that does not affect any third party and is unlikely to be of relevance or interest to other *firms*.

#### Firm's objection to publication

8.6.7 [FCA/  
PRA] G If, after taking into account the matters in SUP 8.3.3D to SUP 8.6.6G, a *firm* believes there are good grounds for the *FSA appropriate regulator* either to withhold publication or to publish the *waiver* without disclosing the identity of the *firm*, it should make this clear in its application (see SUP 8.3.3D(7)). If the *FSA appropriate regulator* proposes to publish a *waiver* against the wishes of the *firm*, the *FSA appropriate regulator* will give the *firm* the opportunity to withdraw its application before the *waiver* is given.

#### Withholding publication for a limited period

8.6.8 [FCA/  
PRA] G A decision to withhold a *waiver* or identity of a *firm* from publication may be for a limited period only, usually as long as the duration of the relevant grounds for non-publication. If the *FSA appropriate regulator* proposes to publish information about a *waiver* that had previously been withheld, it will first give the *firm* an opportunity to make representations.

#### Means of publication

8.6.9 [FCA/  
PRA] G The principal means of publication of *waiver* information will be the *FSA's appropriate regulator's* website ([www.fsa.gov.uk](http://www.fsa.gov.uk)).

## 8.7 Varying waivers

8.7.1 [FCA/  
PRA] G Once the *FSA appropriate regulator* has given a *waiver*, it may vary it with the *firm's* consent, or on the *firm's* application. If a *firm* wishes the *FSA appropriate regulator* to vary a *waiver*, it should follow the procedures in SUP 8.3.3D, giving reasons for the application. In a case where a *waiver* has

been given to a number of *firms* (see SUP 8.3.10G ), if the *FSA appropriate regulator* wishes to vary such *waivers* with the consent of those *firms*, it will follow the procedures in SUP 8.3.10G.

- 8.7.2 [FCA/  
PRA] G If the *waiver* that has been varied has previously been published, the *FSA appropriate regulator* will publish the variation unless it is satisfied that it is inappropriate or unnecessary to do so, having regard to any representation made by the *firm*.

## 8.8 Revoking waivers

- 8.8.1 [FCA/  
PRA] G The *FSA appropriate regulator* may revoke a *waiver* at any time. In deciding whether to revoke a *waiver*, the *FSA appropriate regulator* will consider whether the conditions in section ~~148(4)~~138A(4) of the *Act* are no longer satisfied (see SUP 8.3.1G), and whether the *waiver* is otherwise no longer appropriate. ~~The *FSA* may revoke a *waiver* with immediate effect, if it considers that this is necessary, for example, in order to prevent undue risk to consumers.~~

- 8.8.2 [FCA/  
PRA] G If the *FSA appropriate regulator* proposes to revoke a *waiver*, or revokes a *waiver* with immediate effect, it will:

...

- (2) state in the notice a reasonable period (usually 28 *days*) within which the *firm* can make representations about the proposal or action; if a *firm* wants to make oral representations, it should inform the *FSA appropriate regulator* as quickly as possible, specify who will make the representations and which matters will be covered; the *FSA appropriate regulator* will inform the *firm* of the time and place for hearing the representations and may request a written summary;

...

- 8.8.3 [FCA/  
PRA] G If the *waiver* that has been revoked has previously been published, the *FSA appropriate regulator* will publish the revocation unless it is satisfied that it is inappropriate or unnecessary to do so, having regard to any representations made by the *firm*.

## 8.9 Decision making

...

- 8.9.2 [FCA/  
PRA] G If the *FSA appropriate regulator*, in the course of carrying on supplementary supervision of a *financial conglomerate*, is considering exercising its powers under section ~~148~~ 138A of the *Act* (Modification or waiver of rules), regulation 4 of the *Financial Groups Directive Regulations* contains special

provisions. The *FSA appropriate regulator* must, in broad terms, do two things. Where required by those regulations, it must obtain the consent of the relevant competent authorities of the group. And, where required by those Regulations, it must consult those competent authorities.

## 11.2 Purpose

- 11.2.1 G Part XII of the *Act* (~~Notices of acquisitions of control over UK authorised persons~~) (Control Over Authorised Persons) places an obligation on the *controllers* and proposed *controllers* of those *UK domestic firms* not listed in SUP 11.1.1R(1) to SUP 11.1.1R(6) to notify the ~~FSA~~ appropriate regulator of changes in *control*, including acquiring, increasing or reducing *control* or ceasing to have *control* over a *firm*. Furthermore, those *persons* are required to obtain the ~~FSA's~~ appropriate regulator's approval approval before becoming a *controller* or increasing their *control* over a *firm*. SUP 11.3 is intended to assist those *persons* in complying with their obligations under Part XII of the *Act*.
- 11.2.2 G The *rules* in SUP 11.4 to SUP 11.6 are aimed at ensuring that the ~~FSA receives information it needs to assist the FSA with~~ appropriate regulator receives the information that it needs to fulfil its responsibility to monitor and, in some cases, give prior approval to *firms' controllers*.
- ...
- 11.2.3 G As the approval of the ~~FSA~~ appropriate regulator is not required under the *Act* for a new *controller* of an *overseas firm*, the *notification rules* on such *firms* are less prescriptive than they are for *UK domestic firms*. Nevertheless, the ~~FSA~~ appropriate regulator still needs to monitor such an *overseas firm's* continuing satisfaction of the *threshold conditions*, which normally includes consideration of a *firm's* connection with any *person*, including its *controllers* and *parent undertakings* (see ~~COND~~ the threshold conditions set out in paragraphs 3B, 4F and 5F of Schedule 6 to the *Act*). The ~~FSA~~ appropriate regulator therefore needs to be notified of *controllers* and *parent undertakings* of *overseas firms*.
- 11.2.4 G As part of the ~~FSA's~~ appropriate regulator's function of monitoring a *firm's* continuing satisfaction of the *threshold conditions*, the ~~FSA~~ appropriate regulator needs to consider the impact of any significant change in the circumstances of one or more of its *controllers*, for example, in their financial standing and, in respect of corporate *controllers*, in their *governing bodies*. Consequently, the ~~FSA~~ appropriate regulator needs to know if there are any such changes. SUP 11.8 therefore requires a *firm* to tell the ~~FSA~~ appropriate regulator if it becomes aware of particular matters relating to a *controller*.
- 11.2.5 G Similarly, the ~~FSA~~ appropriate regulator needs to monitor a *firm's* continuing satisfaction of the threshold conditions condition 3 (Close links) set out in paragraphs 3B, 4F and 5F of Schedule 6 to the *Act* (as applicable) (in relation to *threshold conditions* for which the *FCA* is responsible, see COND 2.3), which requires that a *firm's* *close links* are not likely to prevent the ~~FSA's~~ appropriate regulator's effective supervision of that *firm*. Accordingly the ~~FSA~~ appropriate regulator needs to be notified of any

changes in a *firm's close links*. This requirement is contained in SUP 11.9.

...

### 11.3 Requirements on controllers or proposed controllers under the Act

...

11.3.1B G SUP 11 Annex 6G provides *guidance* on when one *person's* holding of shares or voting power must be aggregated with that of another *person* for the purpose of determining whether an acquisition or increase of control will take place as contemplated by section 181 or 182 of the *Act* such that notice must be given to the ~~FSA~~ appropriate regulator in accordance with section 178 of the *Act* before making the acquisition or increase. This will be:

- (1) where those *persons* are acting in concert, as contemplated by section 178(2) (Obligation to notify ~~the Authority~~ appropriate regulator: acquisitions of control) of the *Act*; or

...

Requirement to notify a proposed change in control

11.3.2 G Sections 178(1) and 191D(1) of the *Act* require a *person* (whether or not he is an *authorised person*) to notify the ~~FSA~~ appropriate regulator in writing if he decides to acquire, increase or reduce *control* or to cease to have *control* over a *UK domestic firm*. Failure to notify is an offence under section 191F of the *Act* (Offences under this Part).

...

Approval required before acquiring or increasing control

11.3.4 G If a *person* decides to acquire *control* or increase *control* over a *UK domestic firm* in a way described in SUP 11.4.2R or acquire *control* in a way described in SUP 11.4.2AR(1), he must obtain the ~~FSA's~~ appropriate regulator's approval before doing so. Making an acquisition before the ~~FSA~~ appropriate regulator has approved of it is an offence under section 191F of the *Act* (Offences under this Part).

11.3.5 G The ~~FSA's~~ appropriate regulator's approval is not required before a *controller* reduces *control* or ceases to have *control* over a *UK domestic firm*.

Pre-notification and approval for fund managers

11.3.5A G The ~~FSA~~ appropriate regulator recognises that *firms* acting as *investment managers* may have difficulties in complying with the prior notification requirements in sections 178 and 191D of the *Act* as a result of acquiring or disposing of listed *shares* in the course of that fund management activity. To

ameliorate these difficulties, the *FSA appropriate regulator* may accept pre-notification of proposed changes in *control*, made in accordance with SUP 11.3.5BD, and may grant approval of such changes for a period lasting up to a year.

11.3.5B D The *FSA appropriate regulator* may treat as notice given in accordance with [FCA/ PRA] sections 178 and ~~190(1)~~ 191D of the *Act* a written notification from a *firm* which contains the following statements:

...

11.3.5C G Where the *FSA appropriate regulator* approves changes in *control* proposed [FCA/ PRA] in a notice given under SUP 11.3.5BD:

- (1) the *controller* remains subject to the requirement to notify the *FSA appropriate regulator* when a change in *control* actually occurs; and
- (2) the notification of change in *control* should be made no later than five *business days* after the end of each *month* and set out all changes in the *controller's* control position for each *UK domestic firm* for the *month* in question.

At that stage, the *FSA appropriate regulator* may seek from the *controller* further information.

...

#### Forms of notifications when acquiring or increasing control

11.3.7 D A *section 178 notice* given to the *FSA appropriate regulator* by a person [FCA/ PRA] who is acquiring *control* or increasing his *control* over a *UK domestic firm*, in a way described in SUP 11.4.2R(1) to (4), or acquiring *control* in a way described in SUP 11.4.2AR, must contain the information and be accompanied by such documents as are required by the *controllers form* approved by the *FSA appropriate regulator* for the relevant application.

11.3.7A G The *controllers forms* approved by the *FSA appropriate regulator* may be [FCA/ PRA] found at the *FSA's appropriate regulator's* website ([www.fsa.gov.uk/Pages/Doing/Regulated/Notify/Control/index.shtml](http://www.fsa.gov.uk/Pages/Doing/Regulated/Notify/Control/index.shtml)) [web address tbc].

...

11.3.10 D (1) A *person* who has submitted a *section 178 notice* under SUP [FCA/ PRA] 11.3.7D must notify the *FSA appropriate regulator* immediately if he becomes aware, or has information that reasonably suggests, that he has or may have provided the *FSA appropriate regulator* with information which was or may have been false, misleading, incomplete or inaccurate, or has or may have changed, in a material particular. The notification must include:

...

...

- 11.3.11 G The *FSA appropriate regulator* will inform a *section 178 notice* giver as soon as reasonably practicable if it considers the *section 178 notice* to be incomplete.  
[FCA/  
PRA]
- 11.3.12 G The *FSA appropriate regulator* has power, under section 179(3) of the Act (Requirements for ~~*section 178 notices*~~ *section 178 notices*), to vary or waive these requirements in relation to a *section 178 notice* in particular cases if it considers it appropriate to do so.  
[FCA/  
PRA]
- 11.3.13 G A Where a *controller* or proposed *controller* which is an *authorised person* is required to submit less information under SUP 11.3.7D than other *persons*, and consequently the *FSA appropriate regulator* may ask for confirmation of details already held by it or any additional information required under SUP 11.5.1R.  
[FCA/  
PRA]
- 11.3.14 G Pursuant to section 188 of the Act (Assessment: consultation with ~~EU~~ EC competent authorities), the *FSA appropriate regulator* is obliged to consult any appropriate *Home State regulator* before making a determination under section 185 of the Act (Assessment: general).  
[FCA/  
PRA]

#### Notification when reducing control

...

- 11.3.15 D A notice given to the *FSA appropriate regulator* by a *person* who is reducing or ceasing to have *control* over a *UK domestic firm*, as set out in SUP 11.4.2R or SUP 11.4.2AR must:  
A  
[FCA/  
PRA]

...

...

#### Joint notifications

- 11.3.17 G Notifications to the *FSA appropriate regulator* by proposed *controllers* and *controllers* under Part XII of the Act may be made on a joint basis outlined in SUP 11.5.8G to SUP 11.5.10G.  
[FCA/  
PRA]

## 11.4 Requirements on firms

...

#### Requirement to notify a change in control

11.4.2 R A *UK domestic firm*, other than a *non-directive firm*, must notify the ~~FSA~~  
[FCA/appropriate regulator of any of the following events concerning the *firm*:  
PRA]

...

11.4.2A R A *non-directive firm* must notify the ~~FSA~~ appropriate regulator of any of  
[FCA/  
PRA] the following events concerning the *firm*:

...

...

11.4.4 R An *overseas firm* must notify the ~~FSA~~ appropriate regulator if a *person*  
[FCA/  
PRA] becomes a *controller* of the *firm*, increases or reduces *control* over the *firm*  
or ceases to have *control* over the *firm*.

...

11.4.6 G If a *firm* is required to obtain approval from the *Society of Lloyd's* for any  
[PRA] changes in its *controllers*, it should apply for this approval as well as  
notifying the ~~FSA~~ PRA.

#### Content and timing of notification

11.4.7 R The notification by a *firm* under ~~SUP 11.4.2R~~,~~R~~ or ~~SUP 11.4.4R~~ must:  
[FCA/  
PRA]

...

11.4.8 G *Principle 11* requires *firms* to be open and cooperative with the ~~FSA~~  
[FCA/appropriate regulator. A *firm* should discuss with the ~~FSA~~ appropriate  
PRA] regulator, at the earliest opportunity, any prospective changes of which it is  
aware, in a *controller's* or proposed *controller's* shareholdings or *voting*  
*power* (if the change is material). These discussions may take place before  
the formal notification requirement in ~~SUP 11.4.2R~~,~~R~~ or ~~SUP 11.4.4R~~  
arises. (See also ~~SUP 11.3.2G~~). As a minimum, the ~~FSA~~ appropriate  
regulator considers that such discussions should take place before a *person*:

- (1) enters into any formal agreement in respect of the purchase of shares  
or a proposed acquisition or merger which would result in a change  
in *control* (whether or not the agreement is conditional upon any  
matter, including the ~~FSA's~~ appropriate regulator's approval); or

...

...

#### Identity of controllers

...

- 11.4.11 G The steps that the *FSA appropriate regulator* expects a *firm* to take to  
[FCA/  
PRA] comply with SUP 11.4.10R include, if applicable:

...

## 11.5 Notifications by firms

- 11.5.1 R Information to be submitted by the firm (see SUP 11.4.7R(2)(a))  
[FCA/  
PRA]

(1)	The name of the <i>firm</i> ;
(2)	the name of the <i>controller</i> or proposed <i>controller</i> and, if it is a <i>body corporate</i> and is not an <i>authorised person</i> , the names of its <i>directors</i> and its <i>controllers</i> ;
(3)	a description of the proposed event including the shareholding and <i>voting power</i> of the <i>person</i> concerned, both before and after the change in control; and
(4)	any other information of which the <i>FSA appropriate regulator</i> would reasonably expect notice.

...

- 11.5.4 G *Firms* are reminded that a change in *control* may give rise to a change in the  
[FCA/  
PRA] *group companies* to which the *FSA's appropriate regulator's* consolidated financial supervision requirements apply. Also, the *firm* may for the first time become subject to the *FSA's appropriate regulator's* requirements on consolidated financial supervision (or equivalent requirements imposed by another *EEA State*). This may apply, for example, if the *controller* is itself an *authorised undertaking*. The *FSA appropriate regulator* may therefore request such a *firm, controller* or proposed *controller* to provide evidence that, following the change in *control*, the *firm* will meet the requirements of these *rules*, if appropriate.

...

### Joint notifications

- 11.5.8 G A *firm* and its *controller* or proposed *controller* may discharge an obligation  
[FCA/  
PRA] to notify the *FSA appropriate regulator* by submitting a single *section 178 notice* containing the information required from the *firm* and the *controller* or proposed *controller*. In this case, the *section 178 notice* may be used on behalf of both the *firm* and the *controller* or proposed *controller*.

11.5.9 G If a *person* is proposing a change in *control* over more than one *firm* within  
[FCA/ a *group*, then the *controller* or proposed *controller* may submit a single  
PRA] *section 178 notice to the PRA* in respect of all those *firms* which are PRA-  
*authorised persons* and a single *section 178 notice to the FCA* in respect of  
all those *firms* which are not PRA-*authorised persons*. The *section 178*  
*notice* should contain all the required information as if separate notifications  
had been made, but information and documentation need not be duplicated  
within the set of information sent to each regulator.

11.5.10 G When an event occurs (for example, a *group* restructuring or a merger) as a  
[FCA/ result of which:  
PRA]

(1) more than one *firm* in a *group* would undergo a change in *control*; or

(2) a single *firm* would experience more than one change in *control*;

then, to avoid duplication of documentation, all the *firms* and their  
*controllers* or proposed *controllers* may discharge their respective  
obligations to notify the ~~FSA~~ *appropriate regulator* by submitting a single  
*section 178 notice to the PRA* containing one set of information in relation  
to all the *firms* which are PRA-*authorised persons* and a single *section 178*  
*notice to the FCA* containing one set of information in relation to all the  
*firms* which are not PRA-*authorised persons*.

## 11.6 Subsequent notification requirements by firms

Changes in the information provided to the ~~FSA~~ *appropriate regulator*

11.6.1 G *Firms* are reminded that SUP 15.6.4R requires them to notify the ~~FSA~~  
[FCA/ *appropriate regulator* if information notified under SUP 11.4.2R, ~~R~~ or SUP  
PRA] 11.4.4R was false, misleading, inaccurate, incomplete, or changes, in a  
material particular. This would include a *firm* becoming aware of  
information that it would have been required to provide under SUP 11.5.1R  
if it had been aware of it.

11.6.2 R After submitting a *section 178 notice* under SUP 11.4.2R or SUP 11.4.2AR  
[FCA/ and until the change in *control* occurs (or is no longer to take place), SUP  
PRA] 15.6.4R and SUP 15.6.5R apply to a *UK domestic firm* in relation to any  
information its *controller* or proposed *controller* provided to the ~~FSA~~  
*appropriate regulator* under SUP 11.5.1R or SUP 11.3.7D.

...

Notification that the change in control has taken place

11.6.4 R A *firm* must notify the ~~FSA~~ *appropriate regulator*:  
[FCA/ ...  
PRA]

...

## 11.7 Acquisition or increase of control: assessment process and criteria

...

- 11.7.2 G Section 191A deals with the procedure the *FSA appropriate regulator* must follow where ~~there has been a failure to notify or a default.~~ the appropriate regulator reasonably believes that:
- [FCA/  
PRA]
- (1) there has been a failure to give notice under section 178(1) of the Act in circumstances where notice was required;
  - (2) there has been a breach of a condition imposed under section 187 of the Act; or
  - (3) there are grounds for objecting to control on the basis of the matters in section 186 of the Act.

- 11.7.3 G The *FSA appropriate regulator* may serve *restriction notices* in certain circumstances in accordance with section 191B of the Act.
- [FCA/  
PRA]

- 11.7.4 G The *FSA appropriate regulator* may apply to the court for an order for the sale of *shares* in accordance with section 191C of the Act.
- [FCA/  
PRA]

...

- 11.7.13 G Before making a determination under section 185 or giving a *warning notice* under section 191A, the *FSA appropriate regulator* must comply with the requirements as to consultation with EC competent authorities set out in section 188 of the Act and with the other regulator set out in sections 187A, 187B and 191A of the Act, as applicable.
- [FCA/  
PRA]

...

## 11.8 Changes in the circumstances of existing controllers

- 11.8.1 R A *firm* must notify the *FSA appropriate regulator* immediately it becomes aware of any of the following matters in respect of one or more of its *controllers*:
- [FCA/  
PRA]

...

- 11.8.2 G In assessing whether a matter should be notified to the *FSA appropriate regulator* under SUP 11.8.1R(1), SUP 11.8.1R(2) or SUP 11.8.1R(3), a *firm* should have regard to the *guidance* on satisfying the threshold condition~~5~~
- [FCA]

~~(Suitability)~~ *conditions* set out in paragraphs 2E and 3D of Schedule 6 to the *Act* contained in *COND 2.5*.

- 11.8.3 [FCA/PRA] G In respect of *SUP 11.8.1R(3)*, the *FSA appropriate regulator* considers that, in particular, the removal or replacement of a majority of the members of a *governing body* (in a single event or a series of connected events) is a substantial change and should be notified.
- 11.8.4 [FCA/PRA] G If a matter has already been notified to the *FSA appropriate regulator* (for example, as part of the *firm's* application for a *Part IV 4A permission*), the *firm* need only inform the *FSA appropriate regulator* of any significant developments.
- 11.8.5 [FCA/PRA] G The level of a *firm's* awareness of its *controller's* circumstances will depend on its relationship with that *controller*. The *FSA appropriate regulator* does not expect *firms* to implement systems or procedures so as to be certain of any changes in its *controllers'* circumstances. However, the *FSA appropriate regulator* does expect *firms* to notify it of such matters if the *firm* becomes aware of them, and it expects *firms* to make enquiries of its *controllers* if it becomes aware that one of the events in *SUP 11.8.1R* may occur or has occurred.
- 11.8.6 [FCA/PRA] G The *FSA appropriate regulator* may ask the *firm* for additional information following a notification under *SUP 11.8.1R* in order to satisfy itself that the *controller* continues to be suitable (see *SUP 2: Information gathering by the FSA appropriate regulator* on its own initiative).

## 11.9 Changes in close links

Requirement to notify changes in close links

- 11.9.1 R (1) ~~A *firm* must notify the *FSA* that it has become or ceased to be *closely linked* with any *person*. The notification must be made by completing the Close Links Notification Form (see *SUP 11.9.3AG*) and must include the information set out in *SUP 16.5.4R(4)*.  
[deleted]~~
- (2) ~~If a *group* includes more than one *firm*, a single close links notification may be made by completing the Close Links Notification Form and so satisfy the notification requirement for all *firms* in the *group*. Nevertheless, the requirement to notify, and the responsibility for notifying, remains with each *firm* in the *group*.  
[deleted]~~
- 11.9.1A [FCA] R (1) A *firm* must notify the *FCA* that it has become or ceased to be *closely linked* with any *person*. The notification must be made by completing the Close Links Notification Form (see *SUP 11.9.3BG*) and must include the information set out in *SUP 16.5.4R(4)*.

(2) If a *group* includes more than one *firm*, a single close links notification may be made by completing the Close Links Notification Form and so satisfy the notification requirement for all *firms* in the *group*. Nevertheless, the requirement to notify, and the responsibility for notifying, remains with each *firm* in the *group*.

11.9.1B [PRA] R (1) A *firm* must notify the *PRA* that it has become or ceased to be *closely linked* with any *person*. The notification must be made by completing the Close Links Notification Form (see *SUP* 11.9.3CG) and must include the information set out in *SUP* 16.5.4R(4).

(2) If a *group* includes more than one *firm*, a single close links notification may be made by completing the Close Links Notification Form and so satisfy the notification requirement for all *firms* in the *group*. Nevertheless, the requirement to notify, and the responsibility for notifying, remains with each *firm* in the *group*.

...

11.9.3 G ~~The *FSA* may ask the *firm* for additional information following a notification under *SUP* 11.9.1R in order to satisfy itself that the *firm* continues to satisfy the *threshold conditions* (see *SUP* 2: Information gathering by the *FSA* on its own initiative). [deleted]~~

11.9.3-A [FCA] G The *FCA* may ask the *firm* for additional information following a notification under *SUP* 11.9.1AR in order to satisfy itself that the *firm* continues to satisfy the *threshold conditions* (see *SUP* 2: Information gathering by the *FCA* and *PRA* on their own initiative).

11.9.3-B [PRA] G The *PRA* may ask the *firm* for additional information following a notification under *SUP* 11.9.1BR in order to satisfy itself that the *firm* continues to satisfy the *threshold conditions* (see *SUP* 2: Information gathering by the *FCA* and *PRA* on their own initiative).

#### Timing of notification requirement

- 11.9.4 R ~~The *firm* must make a notification to the *FSA* under *SUP* 11.9.1R:~~

## **Annex 6G** **[FCA/PRA]** **Aggregation of holdings for the purpose of prudential assessment of controllers**

### **Q1: What is this guidance about?**

**A:** This guidance considers when one *person's* holding of shares or voting power must be aggregated with that of another *person* for the purpose of determining whether those persons have decided to acquire or increase control over a UK authorised person, as contemplated by section 181 or 182 of the *Act*, such that notice must be given to the ~~FSA~~ appropriate regulator in accordance with section 178 (Obligation to notify the Authority: acquisitions of control) of the *Act* before making the acquisition or deciding to increase their control.

### **Acting in Concert**

...

**Q5: What types of arrangement amount to acting in concert in acquiring or holding shares or voting power for the purposes of these Sections of the Act?**

**A:** Although the term 'acting in concert' has a potentially wide meaning, not all common actions taken by shareholders in relation to shares or voting power will require the aggregation of holdings of shares or voting power for the purposes of section 178 of the *Act*. In particular, there are many circumstances in which *persons*, who between them hold 10% or more of the shares or voting power in a *firm* or its *parent undertaking*, may engage in a concerted exercise of voting power, without this amounting to 'acting in concert' in a manner requiring aggregation of their holdings under section 178(2) of the *Act*. An agreement by one shareholder to vote with other shareholders on a specific issue, for example, rather than on an ongoing or sustained basis, would not generally be regarded by the *FSA appropriate regulator* as acting in concert so as to require a section 178 notice to be given by that group of shareholders, even where the group collectively holds 10% or more of the voting power in the *firm*. However, see further on this point in the response to Question 9.

**Deemed voting power**

....

**Q7: Where X holds 10% of the voting power in a firm and X is the subsidiary of H, which itself has no holding at all directly in the firm, is H a controller?**

**A:** Yes. This follows from section 422(5)(a)(v) of the *Act*, which provides that voting power includes, in relation to a *person* (H), voting power held by a subsidiary of H. The voting power held by X is attributed to H, making H a *controller*.

For the purposes of section 178 of the *Act*, both H and its subsidiary, would be required to notify and obtain the *FSA's appropriate regulator's* approval prior to acquiring or increasing control.

**Practical application of aggregation of holdings**

...

**Q9: Do the aggregation provisions apply to shareholders agreeing how they will vote on a particular issue, for example, for reasons of good corporate governance?**

**A:** We would not generally regard shareholders as acting in concert for the purposes of section 178(2) of the *Act* or as having deemed voting power requiring aggregation pursuant to section 422(5)(a)(i) of the *Act* simply

because they have agreed to vote together on a particular issue, for example:

- rejection of a proposal for the remuneration of directors;
- appointment/removal of a particular director; or
- approval/rejection of an acquisition or disposal proposed by the *firm's* board of directors.

However, there may be circumstances in which voting together on a specific issue would amount to acting in concert for these purposes. Where, for example, shareholders who have no previous agreement in relation to the exercise of their voting rights agree to act together for the purpose of voting through the resolution(s) required to enable them to obtain control of the board of a *firm*, that is likely to constitute acting in concert for these purposes, although it may not fall within section 422(5)(a)(i) of the *Act*, if those shareholders have no 'lasting common policy' towards the *firm's* management.

Those circumstances are likely to be exceptional and, while it is not possible in this guidance to give a definitive list of how they might arise, the *FSA appropriate regulator* remains willing to provide *firms* with individual guidance on the point in cases of uncertainty.

...

**Q12: Are multiple purchasers of shares, who are each party to a share purchase agreement and whose combined shareholding will fall within section 181(2) of the Act, required to give notice pursuant to section 178(1) of the Act, on the basis that the existence of the agreement means they are acting in concert?**

**A:** If it is clear that the only 'agreement' between one or more persons consists in their being parties to the same share purchase agreement, the terms of which pertain strictly to the purchase of shares and do not govern or otherwise seek to regulate the purchasers' relationship with each other following completion of the share purchase, those purchasers would not be regarded by the *FSA appropriate regulator* as acting in concert for the purpose of requiring notification under section 178 of the *Act*. If, however, the share purchase agreement contains provisions governing or otherwise regulating the exercise of the rights linked to the shares to be acquired by the purchasers (or the purchasers have entered into or propose to enter into a shareholders' or other agreement with similar effect), the proposed acquirers may be regarded by the *FSA appropriate regulator* to be acting in concert for the purpose of requiring notification under section 178 of the *Act*, depending on the terms of the relevant agreement(s). Further guidance on the effect of some of the typical provisions included in shareholders' agreements is contained in the response to Question 14. Prospective shareholders who are uncertain as to the effect of any of the provisions of their agreement(s) in these circumstances may wish to seek (either formally or informally) individual guidance at an early stage from the *FSA appropriate regulator*.

Where there is evidence to suggest that the parties do in fact intend to cooperate in relation to the exercise of voting or other rights relating to the shares they are acquiring, notwithstanding that no provisions to that effect appear in the share purchase or other written agreement, this may warrant the conclusion that there is an implicit agreement between them by virtue of which they are acting in concert.

**Q13: What about agreements that are conditional on any necessary approval by the FSA appropriate regulator?**

**A:** Notice must be given under section 178(1) of the *Act* before control is acquired. The point in time at which this occurs may depend on a number of circumstances. In the context of a share purchase agreement that provides for *FSA appropriate regulator* approval of the purchaser to be obtained before the acquisition is completed, the purchaser will not usually be required to give a section 178 notice prior to entering into the agreement. However, there may be circumstances in which control is actually acquired at the time the agreement is entered into, for example, where the parties have agreed that the purchaser will be entitled (whether by virtue of a power of attorney contained in the agreement or otherwise) to exercise the voting rights attached to the shares being acquired in the period between signing and completion. In that case, the purchaser will need to consider whether to give notice under section 178(1) prior to entering into the agreement.

##### 13.2 Introduction

...

13.2.3 G In some circumstances, a *UK firm* that is carrying on business which is outside the scope of the *Single Market Directives* has a right under the *Treaty* to carry on that business. For example, for an *insurer* carrying on both direct insurance and *reinsurance* business, the ~~authorisation~~ authorisation of *reinsurance* business is not covered by the *Insurance Directives*. The *firm* may, however, have rights under the *Treaty* in respect of its *reinsurance* business. Such *UK firms* may wish to consult with the ~~FSA~~ appropriate UK regulator on their particular circumstances (see *SUP* 13.12.2G).  
[FCA/  
PRA]

13.2.4 G In *SUP* 13 the “appropriate UK regulator” amounts to whichever of the *FCA* and the *PRA* is the competent authority for *authorising* the relevant *UK firm*.

##### 13.3 Establishing a branch in another EEA State

...

The conditions for establishing a branch

13.3.2 G A *UK firm* other than a *UK pure reinsurer* cannot establish a *branch* in another *EEA State* for the first time under an *EEA right* unless the conditions in paragraphs 19(2), (4) and (5) of Part III of Schedule 3 to the *Act* are satisfied. It is an offence for a *UK firm* which is not an *authorised person* to contravene this prohibition (paragraph 21 of Part III of Schedule 3 to the *Act*). These conditions are that:  
[FCA/  
PRA]

(1) the *UK firm* has given the ~~FSA~~ appropriate UK regulator, in accordance with the ~~FSA~~ appropriate UK regulator’s rules (see *SUP* 13.5.1R), notice of its intention to establish a *branch* (known as a *notice of intention*) which :

(a) identifies the activities which it seeks to carry on through the

*branch*; and

- (b) includes such other information as may be specified by the *FSA appropriate UK regulator* (see *SUP 13.5.1R*);
- (2) the *FSA appropriate UK regulator* has given notice (known as a *consent notice*) to the *Host State regulator*;
- (2A) if the *UK firm's EEA right* relates to providing *collective portfolio management services*, the *FSA FCA* has provided to the *Host State regulator*:
  - ...
- (3) (a) if the *UK firm's EEA right* derives from the *Insurance Mediation Directive* one *month* has elapsed beginning on the date on which the *UK firm* received notice that the *FSA appropriate UK regulator* had given a *consent notice* as described in *SUP 13.3.6G(1)* (see *SUP 13.3.2AG*);
  - (b) in any other case:
    - (i) the *Host State regulator* has notified the *UK firm* (or, where the *UK firm* is passporting under the *Insurance Directives*, the *FSA PRA*) of the *applicable provisions* or, in the case of a *UK firm* passporting under *MiFID* or the *UCITS Directive*, that the *branch* may be established; or
    - (ii) two *months* have elapsed beginning with the date on which the *FSA appropriate UK regulator* gave the *consent notice*.

- 13.3.2A G If the *UK firm* is passporting under the *Insurance Mediation Directive* and the *EEA State* in which the *UK firm* is seeking to establish a *branch* has not notified the European Commission of its wish to be informed of the intention of *persons* to establish a *branch* in its territory in accordance with article 6(2) of that directive, *SUP 13.3.2G(2)* and *SUP 13.3.2G(3)* do not apply. Accordingly, the *UK firm* may establish the *branch* to which its *notice of intention* relates as soon as the conditions referred to in *SUP 13.3.2G(1)* are satisfied. The list of *EEA States* that have notified the European Commission of their wish to be informed in accordance with article 6(2) of the *Insurance Mediation Directive* is published on the *FSA's FCA's* website at [www.fca.org.uk](http://www.fca.org.uk).  
[FCA/  
PRA]
- 13.3.2B G An *appointed representative* appointed by a *firm* to carry on *insurance mediation activity* on its behalf may establish a *branch* in another *EEA State* under the *Insurance Mediation Directive*. In this case, the *notice of intention* in *SUP 13.3.2G(1)* should be given to the *FSA appropriate UK regulator* by the *firm* on behalf of the *appointed representative*.  
[FCA/  
PRA]
- 13.3.2C G An *exempt professional firm* which is included in the record of *unauthorised persons* carrying on *insurance mediation activity* maintained by the *FSA*

[FCA] *FCA* under article 93 of the *Regulated Activities Order* may establish a *branch* in another *EEA State* under the *Insurance Mediation Directive* (see *PROF 7.2*).

...

13.3.3 G Where the *UK firm* is passporting under the *Insurance Directives* and the  
[PRA] *Host State regulator* has notified the *FSA PRA* of the *applicable provisions*, then under paragraph 19(9) of Part III of Schedule 3 to the *Act*, the *FSA PRA* is required to inform the *firm* of these provisions.

13.3.3A G (1) ...  
[PRA]

(2) Under section 3 of Part III of the *General Protocol*, *Home State regulators* have agreed to inform *Host State regulators* if a *pure reinsurer* for which the *Home State* is responsible carries on business through a *branch* in the *Host State*. Therefore *SUP 13.5.1AR* requires a *UK firm* passporting under the *Reinsurance Directive* to notify the *FSA PRA* of certain information relating to the *branch*.

...

#### Issue of a consent notice to the Host State regulator

13.3.5 G (1) If the *UK firm's EEA right* derives from the *Banking Consolidation Directive* or *MiFID*, the *FSA appropriate UK regulator* will give the  
[FCA/ *Host State regulator* a *consent notice* within three *months* unless it  
PRA] has reason to doubt the adequacy of a *UK firm's* resources or its administrative structure. The *Host State regulator* then has a further two *months* to notify the *applicable provisions* (if any) and prepare for the supervision, as appropriate, of the *UK firm*, or in the case of a *MiFID investment firm*, to inform the *UK firm* that a *branch* can be established.

(1A) If the *UK firm's EEA right* derives from the *UCITS Directive*, the *FSA FCA* will give the *Host State regulator* a *consent notice* within two *months* unless it has reason to doubt the adequacy of the *UK firm's* resources or its administrative structure. The *Host State regulator* then has a further two *months* to prepare for the supervision of the *UK firm*.

(2) (a) If the *UK firm's EEA right* derives from the *Insurance Directives*, the *FSA PRA* will give the *Host State regulator* a *consent notice* within three *months* unless it has reason to:

...

(b) In assessing the matters in (2)(a), the *FSA PRA* may, in particular, seek further information from the *firm* or require a report from a *skilled person* (see *SUP 5* (skilled persons)).

- (c) If the FSA PRA has required a financial recovery plan of a *UK firm* of the kind mentioned in paragraph 1 of article 38 of the *Consolidated Life Directive* or paragraph 1 of article 20a of the *First Non-Life Directive*, the FSA PRA will not give a *consent notice* for so long as it considers that *policyholders* are threatened within the meaning of those provisions.
- (d) If the *UK firm's EEA right* derives from the *Insurance Mediation Directive* and *SUP 13.3.2G(2)* applies, the FSA appropriate UK regulator will give the *Host State regulator* a *consent notice* within one *month* of the date on which it received the *UK firm's notice of intention*. In cases where *SUP 13.3.2G(2)* does not apply (see *SUP 13.3.2AG*), the *UK firm* may establish a *branch* as soon as it satisfies the conditions referred to in *SUP 13.3.2G*.

13.3.5A G Where the PRA is the appropriate UK regulator, it will consult the FCA before deciding whether to give a consent notice, except where paragraph 19(7A) of Part III of Schedule 3 to the Act applies. Where the FCA is the appropriate UK regulator, it will consult the PRA before deciding whether to give a consent notice in relation to a UK firm whose immediate group includes a PRA-authorised person.  
[FCA/  
PRA]

13.3.6 G (1) If the FSA appropriate UK regulator gives a *consent notice*, it will inform the *UK firm* in writing that it has done so.  
[FCA/  
PRA]

...

(3) Where a *consent notice* is given under the *UCITS Directive*, the FSA FCA will at the same time:

...

13.3.7 G (1) If the FSA appropriate UK regulator proposes to refuse to give a *consent notice*, then paragraph 19(8) of Part III of Schedule 3 to the *Act* requires the FSA appropriate UK regulator to give the *UK firm* a *warning notice*.  
[FCA/  
PRA]

(2) If the FSA appropriate UK regulator decides to refuse to give a *consent notice*, then paragraph 19(12) of Part III of Schedule 3 to the *Act* requires the FSA appropriate UK regulator to give the *UK firm* a *decision notice* within three *months* of the date on which it received the *UK firm's notice of intention* (two *months* in the case of a *UK firm* which is a *UCITS management company*). The *UK firm* may refer the matter to the *Tribunal*.

(3) ~~For details of the FSA's procedures for the giving of warning notices or decision notices see DEPP 2 (Statutory notices and the allocation of decision-making). [deleted]~~

[FCA] decision notices see *DEPP 2* (Statutory notices and the allocation of decision  
making).

#### 13.4 Providing cross border services into another EEA State

...

The conditions for providing cross border services into another EEA State

13.4.2 G A *UK firm*, other than a *UK pure reinsurer*, cannot start providing *cross*  
[FCA / *border services* into another *EEA State* under an *EEA right* unless it satisfies  
PRA] the conditions in paragraphs 20(1) of Part III of Schedule 3 to the *Act* and, if  
it derives its *EEA right* from the *Insurance Directives*, paragraph 20(4B) of  
Part III of Schedule 3 to the *Act*. It is an offence for a *UK firm* which is not  
an *authorised person* to breach this prohibition (paragraph 21 of Part III of  
Schedule 3 to the *Act*). The conditions are that:

- (1) the *UK firm* has given the *FSA appropriate UK regulator*, in the way specified by *FSA the appropriate UK regulator's rules* (see *SUP 13.5.2R*), notice of its intention to provide *cross border services* (known as a *notice of intention*) which:
  - (a) identifies the activities which it seeks to carry on by way of provision of *cross border services*; and
  - (b) includes such other information as may be specified by the *FSA appropriate UK regulator* (see *SUP 13.5.2R*); and
- (2) if the *UK firm* is passporting under the *Insurance Directives*, the *firm* has received written notice from the *FSA PRA* as described in *SUP 13.4.6G*; or
- (3) if the *UK firm* is passporting under the *Insurance Mediation Directive* and the *EEA State* in which the *UK firm* is seeking to provide services has notified the European Commission of its wish to be informed of the intention of *persons* to provide *cross border services* in its territory in accordance with article 6(2) of that directive, one *month* has elapsed beginning with the date on which the *UK firm* received written notice from the *FSA appropriate UK regulator* as described in *SUP 13.4.5G* (paragraph 20 (3B)(c) of Schedule 3 to the *Act*).

13.4.2A G An *appointed representative* appointed by a *firm* to carry on *insurance*  
[FCA / *mediation activity* on its behalf may provide *cross border services* in another  
PRA] *EEA State* under the *Insurance Mediation Directive*. In this case, the *notice of intention* in *SUP 13.4.2G*(1) should be given to the *FSA appropriate UK regulator* by the *firm* on behalf of the *appointed representative*.

13.4.2B G An *exempt professional firm* which is included in the record of *unauthorised*  
[FCA] *persons* carrying on *insurance mediation activity* maintained by the *FSA*  
*FCA* under article 93 of the *Regulated Activities Order* may provide *cross*  
*border services* in another *EEA State* under the *Insurance Mediation*  
*Directive* (see *PROF 7.2*).

...

#### Issuing a consent notice or notifying the Host State regulator

13.4.4 G (1) If the *UK firm's EEA right* derives from *MiFID*, the *Banking*  
[FCA/  
PRA] *Consolidation Directive* or the *UCITS Directive*, paragraph 20(3) of  
Part III of Schedule 3 to the *Act* requires the *FSA appropriate UK*  
*regulator* to send a copy of the *notice of intention* to the *Host State*  
*Regulator* within one *month* of receipt. A *UK firm* passporting under  
the *Banking Consolidation Directive* may start providing *cross*  
*border services* as soon as it satisfies the relevant conditions (see  
*SUP 13.4.2G*).

(2) (a) If the *UK firm's EEA right* derives from the *Insurance*  
*Directives*, paragraph 20(3A) of Part III of Schedule 3 to the  
*Act* requires the *FSA PRA*, within one *month* of receiving the  
*notice of intention*, to:

...

(b) The issue or refusal of a *consent notice* under paragraph  
20(3A) of Part III of Schedule 3 to the *Act* is the consequence  
of a regulatory decision, and this *consent notice* (unlike the  
*consent notice* for establishment of a *branch*) is not a *statutory*  
*notice* as set out in section 395 of the *Act*. A *UK firm* that  
receives notice that the *FSA PRA* refuses to give a *consent*  
*notice* may refer the matter to the *Tribunal* under paragraph  
20(4A) of Part III of Schedule 3 to the *Act*.

(c) If the *FSA PRA* has required of a *UK firm* a financial recovery  
plan of the kind mentioned in paragraph 1 of article 38 of the  
*Consolidated Life Directive* or paragraph 1 of article 20a of  
the *First Non-Life Directive*, the *FSA PRA* will not give a  
*consent notice* for so long as it considers that *policyholders'*  
rights are threatened within the meaning of those provisions.

(2A) (a) If the *UK firm's EEA right* derives from the *Insurance*  
*Mediation Directive*, and the *EEA State* in which the *UK firm*  
is seeking to provide services has notified the European  
Commission of its wish to be informed of the intention of  
*persons* to provide *cross border services* in its territory in  
accordance with article 6(2) of that directive, paragraph  
20(3B)(a) of Part III of Schedule 3 to the *Act* requires the *FSA*  
*appropriate UK regulator* to send a copy of the *notice of*  
*intention* to the *Host State regulator* within one *month* of

receipt. Otherwise, the *UK firm* may start providing *cross border services* as soon as it satisfies the relevant conditions (see *SUP* 13.4.2G).

- (b) The list of the *EEA States* that have notified the European Commission of their wish to be informed in accordance with article 6(2) of the *Insurance Mediation Directive* is published on the ~~FSA~~ FCA's website at [www.fca.org.uk](http://www.fca.org.uk).

- (2B) Where a *consent notice* is given under the *UCITS Directive*, the ~~FSA~~ FCA will at the same time:

...

13.4.4A G Where the *PRA* is the *appropriate UK regulator*, it will consult the *FCA* before deciding whether to give a consent notice and where the *FCA* is the *appropriate UK regulator*, it will consult the *PRA* before deciding whether to give a consent notice in relation to a *UK firm* whose immediate group includes a *PRA-authorised person*.  
[FCA/  
PRA]

13.4.5 G When the ~~FSA~~ *appropriate UK regulator* sends a copy of a *notice of intention*, or if it gives a *consent notice* to the *Host State regulator*, it must inform the *UK firm* in writing that it has done so (paragraphs 20(3B)(b) and (4) of Schedule 3 to the *Act*).  
[FCA/  
PRA]

Applicable provisions for cross border services

13.4.6 G ...  
[PRA]

- (2) If the *UK firm* is passporting under the *Insurance Directives*, then the *Host State regulator* may notify the ~~FSA~~ PRA if there are any ~~applicable provisions~~ *applicable provisions*. If so, the ~~FSA~~ PRA will inform the *UK firm* of the *applicable provisions*.

13.5.4 G (1) If the *FSA's* information technology systems fail and online [FCA/ PRA] submission is unavailable for 24 hours or more, the *FSA* appropriate UK regulator will endeavour to publish a notice on its website confirming that online submission is unavailable and that the alternative methods of submission set out in SUP 13.5.3R(3) and SUP 15.7.4R to SUP 15.7.9G (Form and method of notification) should be used.

## 13.6 Changes to branches

...

- 13.6.3 G *UK firms* should also note that changes to the details of *branches* may lead to changes to the *applicable provisions* to which the *UK firm* is subject. These changes should be communicated to the *UK firm* either by the *Host State regulator*, or, if the *firm* is passporting under *Insurance Directives*, via the ~~FSA~~ PRA.

- 13.6.7 [PRA] G Where the change arises from circumstances within the control of the *UK firm*, the requirements in regulation 13(2) are that:
- (1) the *UK firm* has given notice to the *FSA PRA* and to the *Host State regulator* stating the details of the proposed change;
  - (2) the *FSA PRA* has given the *Host State regulator* a notice informing it of the details of the proposed change;
  - (3) the period of at least one *month* beginning on the day on which the *UK firm* gave the *FSA PRA* the notice in (1) has elapsed; and
  - (4) either:
    - (a) a further period of one *month* has elapsed; or
    - (b) the *FSA PRA* has informed the *UK firm* of any consequential changes in the ~~applicable provisions~~ *applicable provisions* of which the *FSA PRA* has been notified by the *Host State regulator*.
- 13.6.8 [PRA] G If a *UK firm* has exercised an *EEA right* under the *Insurance Directives* and established a *branch* in another *EEA State*, regulation 15(1) states that the *UK firm* cannot make a change in any of the *relevant UK details* unless the *UK firm* has given a notice to the *FSA PRA* stating the details of the proposed change at least one *month* before the change is effected.
- 13.6.9 [PRA] G Where a *UK firm* with ~~*Part IV permission*~~ *Part 4A permission* to carry on both *long-term* and *general insurance business*, is passporting under the *Insurance Directives* and wishes to extend its *general insurance business* to include *long term insurance business* (or vice versa), it should complete a new *notice of intention* and not a change to details notice .

...

#### Firms passporting under the Reinsurance Directive

- 13.6.9B [PRA] R A *UK firm* exercising its *EEA right* under the *Reinsurance Directive* to establish a *branch* in another *EEA State* must notify the *FSA PRA* of any changes in the information specified in *SUP 13 Annex 1R*. Whenever possible, this notification must be made as soon as the change in information is known by the *firm*.

#### Changes arising from circumstances beyond the control of a UK firm

- 13.6.10 G (1) If the change arises from circumstances beyond the *UK firm's* control, [FCA/ PRA] the *UK firm*:
- (a) is required by regulation 11(3) or regulation 13(3) to give a notice to the *FSA appropriate UK regulator* and to the *Host State regulator* stating the details of the change as soon as reasonably practicable;
  - (b) may, if it is passporting under the *Insurance Directives*, make a change to its *relevant UK details* under regulation 15(1) if it has, as soon as practicable (whether before or after the change), given notice to the *FSA PRA* stating the details of the change.
- (2) The *FSA appropriate UK regulator* believes that for a change to arise from circumstances beyond the control of a *UK firm*, the circumstances should be outside the control of the *firm* as a whole and not just the *branch* in the *EEA State*.

...

#### The process

- 13.6.11 G When the *FSA appropriate UK regulator* receives a notice from a *UK firm* [FCA/ PRA] other than a *MiFID investment firm* (see *SUP* 13.6.5G(1) and *SUP* 13.6.7G(1)) or a *pure reinsurer* (see *SUP* 13.6.9BR) it is required by regulations 11(4) and 13(4) to either refuse, or consent to the change within a period of one *month* from the day on which it received the notice.

- 13.6.12 G If the *FSA appropriate UK regulator* consents to the change, then under [FCA/ PRA] regulations 11(5) and 13(5) it will:

...

- 13.6.12 G Where the *PRA* is the *appropriate UK regulator*, it will consult the *FCA* [FCA/ PRA] *A* before deciding whether to give consent to a change (or proposed change) and where the *FCA* is the *appropriate UK regulator*, it will consult the *PRA* before deciding whether to give consent in relation to a *UK firm* whose immediate group includes a *PRA-authorised person*.

- 13.6.13 G If a *UK firm* is passporting under the *Banking Consolidation Directive*, then [PRA] regulation 11(7) states provides that the *FSA PRA* may not refuse to consent to a change unless, having regard to the change and to the EEA activities the *UK firm* is seeking to carry on, it doubts the adequacy of the administrative structure or the financial situation of the *UK firm*. In reaching its determination, the *FSA PRA* may have regard to the adequacy of management, systems and the presence of relevant skills needed for the EEA activities to be carried on.

- 13.6.14 G If a *UK firm* is passporting under the *Insurance Directives*, then regulation

[PRA] 13(7) ~~states~~ provides that the ~~FSA~~ PRA may not refuse to consent to a change unless, having regard to the change, the ~~FSA~~ PRA has reason:

...

13.6.15 G If the ~~FSA~~ appropriate UK regulator refuses to consent to a change, then  
[FCA/  
PRA] under regulations 11(6) and 13(6):

(1) the ~~FSA~~ appropriate UK regulator will give notice of the refusal to the *UK firm*, stating its reasons and giving an indication of the *UK firm's* right to refer the matter to the *Tribunal* and the procedures on such a reference; and

(2) the *UK firm* may refer the matter to the *Tribunal*.

13.6.16 G ~~UK firms may wish to submit the standard form~~ Standard forms are available  
[FCA/  
PRA] from the ~~Passport Notifications Unit~~ FCA and PRA authorisations teams (see SUP 13.12 (Sources of further information)) to give the notices to the ~~FSA~~ appropriate UK regulator described in SUP 13.6.5G(1), SUP 13.6.5BG, SUP 13.6.7G(1), SUP 13.6.8G and SUP 13.6.10G(1).

The process: MiFID investment firms

13.6.17 G When the ~~FSA~~ appropriate UK regulator receives a notice from a *UK MiFID investment firm* (see SUP 13.6.5BG(1)), it is required by regulation 11A(3) to inform the relevant *Host State regulator* of the proposed change as soon as reasonably practicable. The *firm* in question may make the change once the period of one *month* beginning with the day on which it gave notice has elapsed.  
[FCA/  
PRA]

## 13.7 Changes to cross border services

...

Firms passporting under the UCITS Directive

13.7.3 G If a *UK firm* is passporting under the *UCITS Directive*, regulation 12(1)  
[FCA] states that the *UK firm* must not make a change in its programme of operations, or the activities to be carried on under its *EEA right*, unless the relevant requirements in regulation 12(2) have been complied with. These requirements are:

(1) the *UK firm* has given a notice to the ~~FSA~~ FCA and to the *Host State regulator* stating the details of the proposed change; or

(2) if the change arises as a result of circumstances beyond the *UK firm's* control, the *UK firm* has as soon as practicable (whether before or after the change) given a notice to the ~~FSA~~ FCA and to the *Host State*

*regulator*, stating the details of the change.

~~UK firms may wish to submit the standard form~~ Standard forms are available from the ~~Passport Notifications Unit~~ FCA authorisations team (see SUP 13.12 (Sources of further information)) to give the notices to the ~~FSA~~ FCA required by referred to in SUP 13.7.3G(1) and SUP 13.7.3AG.

#### Firms passporting under MiFID

...

13.7.3B G The requirements of regulation 12A(2) are that:

- (1) the *UK firm* has given notice to the ~~FSA~~ appropriate UK regulator stating the details of the proposed change; and

...

#### Firms passporting under the Insurance Directives

...

13.7.5 G Regulation 16(3) provides that:  
[PRA]

- (1) the *UK firm* has given a notice to the ~~FSA~~ PRA stating the details of the proposed change; and
- (2) the ~~FSA~~ PRA has given the *Host State regulator* a notice informing it of the details of the proposed change.

13.7.6 G If the change arises from circumstances beyond the *UK firm's* control, the *UK firm* is required by regulation 16(4) to give a notice to the ~~FSA~~ PRA stating the details of the change as soon as reasonably practicable (whether before or after the change). ...

### 13.12 Sources of further information

13.12.1 G (1) Given the complexity of issues raised by passporting, *UK firms* are  
[FCA/  
PRA] advised to consult legislation and also to obtain legal advice at

procedural or notification issues relating to passporting should  
contact the ~~Passport Notifications Unit~~ FCA and PRA authorisations

...

Purpose

...

13A.1.5 G (1) *EEA firms* should note that this chapter only addresses the procedures which the *FSA appropriate UK regulator* will follow under the *Act*. So, an *EEA firm* should consider this *guidance* in conjunction with the requirements with which it will have to comply in its *Home State*.

- (2) The *guidance* in this chapter represents the ~~FSA's~~ appropriate UK regulator's interpretation of the *Single Market Directives*, the *auction regulation*, the *Act* and the secondary legislation made under the *Act*. The *guidance* is not exhaustive and should not be seen as a substitute for a *person* consulting the legislation or taking legal advice.

#### 13A.4 EEA firms establishing a branch in the United Kingdom

The conditions for establishing a branch

...

13A.4.1A G An *EEA UCITS management company* may not exercise an *EEA right* to provide *collective portfolio management services* for a *UCITS scheme* from a *branch* in the *United Kingdom* until approved by the ~~FSA~~ FCA to do so (see *SUP* 13A.3.1CG).  
[FCA]

...

13A.4.3 G For the purposes of paragraph 13(2)(b) of Part II of Schedule 3 to the Act, the *applicable provisions* may include ~~FSA~~ the appropriate UK regulator's rules. The *EEA firm* is required to comply with relevant *rules* when carrying on a *passported activity* through a *branch* in the *United Kingdom* as well as with relevant *UK legislation*.  
[FCA/  
PRA]

...

The notification procedure

13A.4.4 G (1) When the *FSA appropriate regulator* receives a consent notice  
[FCA/ from the *EEA firm's Home State regulator*, it will, under  
PRA] paragraphs 13(2)(b), (c) and 13(3) of Part II of Schedule 3 to the  
*Act*, notify the *applicable provisions* (if any) to:

...

- (1A) The notice date is:
- (a) for a *MiFID investment firm*, the date on which the *Home State* gave the consent notice; and
  - (b) in any other case, the date on which the *FSA appropriate UK regulator* received the consent notice.
- (2) Although the *FSA appropriate UK regulator* is not required to notify the *applicable provisions* to an *EEA firm* passporting under the *Insurance Mediation Directive* or *MiFID*, these provisions are set out in *SUP 13A Annex 1G* (Application of the Handbook to Incoming EEA Firms).

## 13A.5 EEA firms providing cross border services in the United Kingdom

...

The conditions for providing cross border services into the United Kingdom

13A.5.3 G ...  
[FCA/

PRA]

- (3) An EEA UCITS management company may not exercise an EEA right to provide collective portfolio management services for a UCITS scheme on a cross border services basis until approved by the ~~FSA~~ FCA to do so (see SUP 13A.3.1CG).
- (4) An EEA firm that has received authorisation under article 18 of the auction regulation is not subject to the service conditions in its exercise of an EEA right under the auction regulation to provide services in the United Kingdom. The notification procedure in SUP 13A.5.4 G does not apply to it and it does not need to notify the ~~FSA~~ FCA prior to providing services into the United Kingdom because there are presently no applicable provisions that apply in these circumstances. Instead, its provision of these services is supervised by its Home State regulator

The notification procedure

- 13A.5.4 [FCA/PRA] G (1) Unless the EEA firm (other than an EEA pure reinsurer or an EEA firm that received authorisation under article 18 of the auction regulation) is passporting under the Insurance Mediation Directive, if the ~~FSA~~ appropriate UK regulator receives a regulator's notice or, where no notice is required (in the case of an EEA firm passporting under the Banking Consolidation Directive), is informed of the EEA firm's intention to provide cross border services into the United Kingdom, the ~~FSA~~ appropriate UK regulator will, under paragraphs 14(2)(b) and 14(3) of Part II of Schedule 3 to the Act, notify the EEA firm of the applicable provisions (if any) within two months of the day on which the ~~FSA~~ appropriate UK regulator received the regulator's notice or was informed of the EEA firm's intention.
- (2) Although the ~~FSA~~ appropriate UK regulator is not required to notify the applicable provisions to an EEA Firm passporting under the Insurance Mediation Directive or MiFID, these provisions are set out in SUP 13A Annex 1G (Application of the Handbook to Incoming EEA Firms).
- 13A.5.4A [FCA/PRA] G Where the PRA receives a notice, it will give a copy to the FCA without delay and where the FCA receives a notice, it will give a copy to the PRA without delay, where relevant.
- 13A.5.5 [FCA/PRA] G An EEA firm (other than an EEA UCITS management company) that has satisfied the service conditions in paragraph 14 of Part II of Schedule 3 to the Act is entitled to start providing cross border services into the United Kingdom. In the case of an EEA UCITS management company, ~~FSA~~ FCA approval must first be obtained, as explained in SUP 13A.5.3G (see also SUP 13A.3.1CG). However, an EEA firm that wishes to start providing cross border services but has not yet received notification of the applicable provisions may wish to contact the ~~FSA's~~ Passport

~~Notifications Unit~~ authorisations team in the *FCA* or *PRA*, as appropriate (see *SUP* 13A.8.1G(2)).

### 13A.6 Which rules will an incoming EEA firm be subject to?

...

13A.6.4 G Under the *EEA Passport Rights Regulations*, references in section 60 of [FCA/ PRA] the Act (applications for approval for persons to perform controlled functions) to "the authorised person concerned" include:

...

- (2) any other *EEA firm* with respect to which the *FSA appropriate UK regulator* has received a consent notice or regulator's notice under paragraph 13 of Schedule 3 to the Act (see *SUP* 13A.4.1G(1) and *SUP* 13A.4.2G) or a regulator's notice under paragraph 14 of that Schedule (see *SUP* 13A.5.3G(1)), and which will be the *authorised person* concerned if the *EEA firm* qualifies for *authorisation* under that Schedule.

...

### 13A.7 Top-up permission

13A.7.1 G If a person established in the *EEA*: [FCA/ PRA]

...

to carry on a particular *regulated activity* in the *United Kingdom*, it must seek ~~Part IV permission~~ Part 4A permission from the *FSA appropriate UK regulator* to do so (see the *FSA appropriate UK regulator's* website "How do I get authorised": [http://www.fca.org.uk/firms/about-authorisation/getting-authorised for the FCA and www.bankofengland.co.uk/pr/Pages/authorisations/newfirm/default.aspx](http://www.fca.org.uk/firms/about-authorisation/getting-authorised-for-the-FCA-and-www.bankofengland.co.uk/pr/Pages/authorisations/newfirm/default.aspx) for the *PRA*). This might arise if the activity itself is outside the scope of the *Single Market Directives*, or where the activity is included in the scope of a *Single Market Directive* but is not covered by the *EEA firm's Home State authorisation*. If a person also qualifies for *authorisation* under Schedules 3, 4 or 5 of the Act as a result of its other activities, the ~~Part IV permission~~ Part 4A permission is referred to in the *Handbook* as a *top-up permission*.

13A.7.2 G Where the ~~FSA~~ appropriate UK regulator grants a *top-up permission* to an  
[FCA/ incoming EEA firm to carry on regulated activities for which it has neither  
PRA] an EEA right nor a Treaty right, the ~~FSA~~ appropriate UK regulator is responsible for the prudential supervision of the *incoming EEA firm*, to the extent that the responsibility is not reserved to the *incoming EEA firm's Home State regulator*.

...

13A.7.4 G For ~~guidance on how to apply for Part IV permission~~ Part 4A permission  
[FCA/ under the Act, see the ~~FSA~~ appropriate UK regulator's website "~~How do I~~  
PRA] ~~get authorised~~": [http://www.fca.org.uk/firms/about-authorisation/getting-authorised for the FCA and www.bankofengland.co.uk/pr/Pages/authorisations/newfirm/default.aspx](http://www.fca.org.uk/firms/about-authorisation/getting-authorised-for-the-FCA-and-www.bankofengland.co.uk/pr/Pages/authorisations/newfirm/default.aspx) for the PRA. If an EEA firm or Treaty firm wishes to make any subsequent changes to its *top-up permission*, it can make an application for variation of that *permission* (see SUP 6 (Applications to vary and cancel Part IV ~~4A~~ permission)).

**G Matters reserved to a Home State regulator**

[FCA/

PRA]

Introduction	
1. [FCA/ PRA]	The application of certain provisions in the <i>Handbook</i> to an <i>incoming EEA firm</i> or <i>incoming Treaty firm</i> depends on whether responsibility for the matter in question is reserved to the <i>firm's Home State regulator</i> . This annex contains <i>guidance</i> designed to assist such <i>firms</i> in understanding the application of those provisions. This annex is not concerned with the <del>FSA's</del> <i>FCA</i> or the <i>PRA's</i> rights to take enforcement action against an <i>incoming EEA firm</i> or an <i>incoming Treaty firm</i> , which, <u>in the case of the FCA</u> , are covered in the Enforcement Guide ( <i>EG</i> ), or with the position of a <i>firm</i> with a <i>top-up permission</i>
Requirements in the interest of the general good	
2. [FCA/ PRA]	The <i>Single Market Directives</i> , and the <i>Treaty</i> (as interpreted by the European Court of Justice) adopt broadly similar approaches to reserving responsibility to the <i>Home State regulator</i> . To summarise, the <del>FSA</del> <i>FCA</i> or <i>PRA</i> , as <i>Host State regulator</i> , is entitled to impose requirements with respect to activities carried on within the <i>United Kingdom</i> if these can be justified in the interests of the "general good" and are imposed in a non-discriminatory way. This general proposition is subject to the following in relation to activities passported under the <i>Single Market Directives</i> :
	(1) the <i>Single Market Directives</i> expressly reserve responsibility for the prudential supervision of a <i>MiFID investment firm</i> , <i>BCD credit institution</i> , <i>UCITS management company</i> or passporting <i>insurance undertaking</i> to the <i>Firm's Home State regulator</i> . The <i>Insurance Mediation Directive</i> reaches the same position without expressly referring to the concept of prudential supervision. Accordingly, the <del>FSA</del> <i>FCA</i> , as <i>Host State regulator</i> , is entitled to regulate only the conduct of the firm's business within the <i>United Kingdom</i> ;
	...
	(3) for a <i>BCD credit institution</i> , the <del>FSA</del> <i>PRA</i> or <i>FCA</i> , as <i>Host State regulator</i> , is jointly responsible with the <i>Home State regulator</i> under article 41 of the <i>Banking Consolidation Directive</i> for supervision of the liquidity of a <i>branch</i> in the <i>United Kingdom</i> ;
	...
3. [FCA/ PRA]	...
Application of SYSC 2 and SYSC 3	

4. [FCA/ PRA]	SYSC 2 and SYSC 3 only apply to an <i>insurer</i> , a <i>managing agent</i> and the <i>Society</i> . See paragraph 8 below for a discussion of how the <i>common platform requirements</i> apply. SYSC 2.1.1R and SYSC 2.1.2G do not apply for a relevant <i>incoming Treaty firm</i> . The <del>FSA considers</del> <u>FCA and PRA consider that it is they are</u> entitled, in the interests of the general good, to impose the requirements in SYSC 2.1.3 R to SYSC 2.2.3G (in relation to the allocation of the function in SYSC 2.1.3R(2)) and SYSC 3 on an <i>incoming EEA firm</i> and an <i>incoming Treaty firm</i> ; but only in so far as they relate to those categories of matter responsibility for which is not reserved to the <i>firm's Home State regulator</i> .
5. [FCA/ PRA]	Should the <del>FSA</del> <u>FCA or PRA</u> become aware of anything relating to an <i>incoming EEA firm</i> or <i>incoming Treaty firm</i> (whether or not relevant to a matter for which responsibility is reserved to the <i>Home State regulator</i> ), the <del>FSA</del> <u>PRA or FCA</u> may disclose it to the <i>Home State regulator</i> in accordance with any directive and the applicable restrictions in Part 23 <del>XXIII</del> of the <i>Act</i> (Public Record, Disclosure of Information and Co-operation).
6. [FCA/ PRA]	This Annex represents the <del>FSA's</del> <u>FCA's</u> and <u>PRA's</u> views, but a <i>firm</i> is also advised to consult the relevant <i>EU</i> instrument and, where necessary, seek legal advice. The views of the European Commission in the banking and insurance sectors are contained in two Commission Interpretative Communications (Nos. 97/C209/04 and C(1999)5046).

11. [FCA/ PRA]	... The <i>FSA</i> has made certain requirements that fall within the scope of Article 4. These requirements apply to an <i>EEA MiFID investment firm</i> with an establishment in the <i>United Kingdom</i> as they apply to a <i>UK MiFID investment firm</i> , <u>in the circumstances contemplated by article 32(7) MiFID.</u>
Requirements under the UCITS Directive	
11A [FCA]	...
11B [FCA]	A <i>management company</i> which provides <i>collective portfolio management</i> services on a cross-border basis by establishing a <i>branch</i> in another <i>EEA State</i> or under the freedom to provide services must comply with the <i>rules</i> of the <i>UCITS Home State</i> which relate to the constitution and functioning of the <i>UCITS</i> . Where the <i>UCITS Home State</i> is the <i>United Kingdom</i> , the applicable <i>rules</i> that the <i>EEA UCITS management company</i> must comply with are as follows:
	(1) <i>COLL 12.3.4R</i> (Provision of documentation to the <del>FSA</del> <u>FCA</u> : <i>EEA UCITS management companies</i> );
	...

The auction regulation	
11E [FCA]	Where an <i>incoming EEA firm</i> exercises an <i>EEA right</i> under the <i>auction regulation</i> to provide services or establish a branch in the <i>United Kingdom</i> , it is carrying on <i>auction regulation bidding</i> . Authorisation and supervision of a <i>firm</i> under the <i>auction regulation</i> are almost exclusively matters reserved to the <i>Home State regulator</i> . The only requirements which the <del>FSA</del> <u>FCA</u> has applied as <i>Host State regulator</i> under the <i>auction regulation</i> in respect of <i>auction regulation bidding</i> is on a <i>UK branch</i> in relation to safeguards against money laundering and financial crime as well as a statutory status disclosure obligation and requirements to notify the <del>FSA</del> <u>FCA</u> (see Note 4 of <i>SUP 13A Annex 1G</i> ).

14.2.3      G      Where the change arises from circumstances within the control of the  
[FCA/  
PRA]      *incoming EEA firm*, the requirements in regulation 4(4) are that:

- (1) the *incoming EEA firm* has given notice to the *FSA appropriate UK regulator* (see SUP 14.4.1G) and to its *Home State regulator* stating the details of the proposed change;
- (2) the *FSA appropriate UK regulator* has received a notice stating those details; and
- (3) either:

- (a) the *FSA appropriate UK regulator* has informed the firm that it may make the change; or
- (b) the period of one month beginning with the date on which the *incoming EEA firm* gave the *FSA appropriate UK regulator* the notice mentioned in (1) has elapsed.

14.2.4 [FCA/  
PRA] G Changes to the *requisite details* may lead to changes to the *applicable provisions* to which the *incoming EEA firm* is subject. The *FSA appropriate UK regulator* will, as soon as practicable after receiving a notice in SUP 14.2.3G or SUP 14.2.8G, inform the *incoming EEA firm* of any consequential changes in the *applicable provisions* (regulation 4(6)).

#### Firms passporting under the Insurance Directives

...

14.2.6 PRA G Where the change arises from circumstances within the control of the *incoming EEA firm*, the relevant requirements in regulation 6(4) are that:

- (1) the *incoming EEA firm* has given a notice to the *FSA PRA* (see SUP 14.4.1G) and to its *Home State regulator* stating the details of the proposed change;
- (2) the *FSA PRA* has received from the *Home State regulator* a notice stating that it has approved the proposed change;
- (3) the period of at least one month beginning with the day on which the *incoming EEA firm* gave the *FSA PRA* the notice in (1) has elapsed; and
- (4) either:
  - (a) a further period of one month has elapsed; or
  - (b) the *FSA PRA* has informed the *Home State regulator* of any consequential changes in the *applicable provisions*.

...

Changes arising from circumstances beyond the control of an *incoming EEA firm* passporting under the Banking Consolidation Directive, UCITS Directive or Insurance Directive

14.2.8 [FCA/  
PRA] G If the change arises from circumstances beyond the *incoming EEA firm's* control, the *firm* is required by regulation 4(5) (see SUP 14.2.2G) or regulation 6(5) (see SUP 14.2.5G(2)) to give a notice to the *FSA appropriate UK regulator* (see SUP 14.4.1G) and to its *Home State regulator* stating the details of the change as soon as reasonably practicable.

14.2.9 [FCA/ PRA] G The *FSA appropriate UK regulator* believes that for a change to arise from circumstances beyond the control of an *incoming EEA firm*, the

PRA] circumstances should be outside the control of the *firm* as a whole and not just its UK branch. For example, the *FSA appropriate UK regulator* considers that this provision would be unlikely to apply to circumstances in which lack of planning at the *incoming EEA firm's* head office resulted in a problem arising in a *UK branch* which was outside its control. In practice, therefore, use of this provision is likely to be rare.

#### Firms passporting under MiFID

...

14.2.12 G Changes to the *requisite details* may lead to changes to the applicable [FCA/ provisions to which the *EEA MiFID investment firm* is subject. The *FSA PRA] appropriate UK regulator* will, as soon as practicable after receiving a notice in SUP 14.2.11G inform the *EEA MiFID investment firm* of any consequential changes in the applicable provisions.

#### 14.5 Variation of a top-up permission to carry on regulated activities outside the scope of the Single Market Directives or the auction regulation

14.5.1 G Where an *incoming EEA firm* has been granted *top-up permission* by the  
[FCA/ ~~FSA~~ appropriate UK regulator and wishes to vary that *permission*, the *Act*

the notice is treated under regulation 8 as a request for cancellation of the *incoming EEA firm's* qualification for *authorisation* under Schedule 3 to the Act and so as a request under section 34(2) of the Act.

Auction regulation bidding: notification rule

14.6.3A R An *EEA firm* that has exercised an *EEA right* under the *auction regulation*  
[FCA] to establish a branch in the *United Kingdom* must notify the ~~FSA~~ FCA by

it ceases to carry on *regulated activities* through a branch passport in the  
*United Kingdom* or whenever possible thereafter.

- 14.6.7 PRA G The *FSA PRA* is required to send, as soon as practicable, a copy of the direction to the *incoming EEA firm* and to its *Home State regulator* (regulation 9(4)).
- 14.6.8 PRA G Where the *FSA PRA* gives a direction referred to in *SUP* 14.6.4G, the *incoming EEA firm* may apply for *Part IV permission Part 4A permission* (see the *FSA PRA* website "[How do I get authorised](http://www.bankofengland.co.uk/pr/Pages/authorisations/newfirm/default.aspx)": [www.bankofengland.co.uk/pr/Pages/authorisations/newfirm/default.aspx](http://www.bankofengland.co.uk/pr/Pages/authorisations/newfirm/default.aspx) to take effect not earlier than the date that its qualification for *authorisation* is cancelled (as specified in the direction).
