#### 15 Notifications to the ~~FSA~~ FCA or PRA

...

#### 15.2 Purpose

15.2.1 G A *firm* is required to provide the ~~FSA~~ appropriate regulator with a wide range of information to enable the ~~FSA~~ appropriate regulator to meet its responsibilities for monitoring the *firm's* compliance with requirements imposed by or under the *Act*. Some of this information is provided through regular reports, including those set out in *SUP* 16 (Reporting requirements) and *SUP* 17 (Transaction reporting). In addition, other chapters in the *Handbook* set out specific notification and reporting requirements. *Principle* 11 includes a requirement for a *firm* to disclose to the ~~FSA~~ appropriate regulator appropriately anything relating to the *firm* of which the ~~FSA~~ appropriate regulator would reasonably expect notice.

15.2.2 G This chapter sets out:

[FCA/  
PRA]

- (1) ...
- (2) *rules* on events and changes in condition that a *firm* must notify; these are the types of event that the ~~FSA~~ appropriate regulator must be informed about, usually as soon as possible, if it is to be able to carry out its monitoring function effectively and react in good time to developments that may require a regulatory response;
- (3) *rules* on the core information that a *firm* must provide to the ~~FSA~~ appropriate regulator, for example its name and address and the names of its other regulators, so that the ~~FSA~~ appropriate regulator is able to maintain a relationship with the *firm* and with those regulators;
- (4) *rules* requiring a *firm* to ensure that information provided to the ~~FSA~~ appropriate regulator is accurate and complete; section 398 of the *Act* makes it an offence knowingly or recklessly to provide the ~~FSA~~ appropriate regulator with information which is false or misleading in a material particular, in purported compliance with any requirement imposed by or under the *Act*; the purpose of the *rules* in *SUP* 15.6 is to ensure that *firms* take due care to ensure the accuracy of information and to require them to ensure that information is not

only accurate but also complete; and

- (5) material (in *SUP* 15.10 (Notification of suspicious transactions (market abuse))) to implement the provisions of the *Market Abuse Directive* for the reporting of transactions about which there is reasonable suspicion of *market abuse*.

15.2.3 G *Rules and guidance* have also been included to set out how *firms* should  
[FCA/ make a notification and to determine when it may be appropriate to discuss  
PRA] matters with their usual supervisory contact at the *appropriate regulator* by  
telephone (*SUP* 15.7).

...

15.2.5 G Where a *PRA-authorised person* is required to notify (a) the *appropriate*  
[PRA] *regulator* by a *PRA Handbook* provision and (b) the *FCA* by the equivalent  
provision in the *FCA Handbook*, the *PRA-authorised person* is expected to  
comply with both provisions.

### 15.3 General notification requirements

Matters having a serious regulatory impact

15.3.1 R *A firm* must notify the *FSA appropriate regulator* immediately it becomes  
[FCA/ aware, or has information which reasonably suggests, that any of the  
PRA] following has occurred, may have occurred or may occur in the foreseeable  
future:

...

15.3.2 G The circumstances which may give rise to any of the events in *SUP* 15.3.1R  
[FCA/ are wide-ranging and the probability of any matter resulting in such an  
PRA] outcome, and the severity of the outcome, may be difficult to determine.  
However, the *FSA appropriate regulator* expects *firms* to consider properly  
all potential consequences of events.

15.3.3 G In determining whether the *appropriate regulator* should be notified of an  
[FCA/ event that may occur in the foreseeable future ~~should be notified to the *FSA*,~~  
PRA] a *firm* should consider both the probability of the event happening and the  
severity of the outcome should it happen.

...

15.3.5 G *A firm* making a notification in accordance with *SUP* 15.3.1R should  
[FCA/ consider the *guidance* in *SUP* 15.7.2G and notify the *FSA appropriate*  
PRA] *regulator* by telephone if appropriate.

15.3.6 G An *insurer* or *friendly society* making a notification under SUP 15.3.1R(1) [PRA] relating to satisfaction of the threshold condition 4 (Adequate resources) set out in paragraph 4D of Schedule 6 to the Act should be aware of the requirements in SUP App 2 (Scheme of operations).

Communication with the FSA appropriate regulator in accordance with Principle 11

15.3.7 G *Principle 11* requires a *firm* to deal with its regulators in an open and [FCA/ cooperative way and to disclose to the FSA appropriate regulator PRA] appropriately anything relating to the *firm* of which the FSA appropriate regulator would reasonably expect notice. *Principle 11* applies to *unregulated activities* as well as *regulated activities* and takes into account the activities of other members of a *group*.

15.3.7A G Although *PRIN* does not apply to a *firm* in relation to its carrying on of [FCA] *auction regulation bidding*, the FSA FCA expects to be given notice of events that are material to the FSA's FCA's supervision of that business and so *firms* carrying on that business should have regard to the *guidance* in SUP 15.3.8G to SUP 15.3.10G.

15.3.8 G Compliance with *Principle 11* includes, but is not limited to, giving the FSA [FCA/ appropriate regulator notice of: PRA]

(1) ...

(i) in relation to a *dormant account fund operator*, notify the FSA appropriate regulator when the operator intends to rely on a third party for the performance of operational functions which are critical or important for the performance of relevant services and activities in connection with *operating a dormant account fund* on a continuous and satisfactory basis;

...

15.3.9 G The period of notice given to the FSA appropriate regulator will depend on [FCA/ the event, although the FSA appropriate regulator expects a *firm* to discuss PRA] relevant matters with it at an early stage, before making any internal or external commitments.

15.3.10 G A notification under *Principle 11* may be given orally or in writing (as set [FCA/ out in SUP 15.7.1R and SUP 15.7.2G), although the FSA appropriate PRA] regulator may request written confirmation of a matter. However, it is the responsibility of a *firm* to ensure that matters are properly and clearly communicated to the FSA appropriate regulator. A *firm* should provide a written notification if a matter either is complex or may be such as to make it necessary for the FSA appropriate regulator to take action. A *firm* should also have regard to *Principle 11* and the *guidance* in SUP 15.7.2G in respect

of providing important information promptly.

15.3.11 R (1) A *firm* must notify the *FSA appropriate regulator* of:

[FCA/  
PRA] regulator* needs to be aware of the types of fraudulent and irregular activity which are being attempted or undertaken, and to act, if necessary, to prevent effects on *consumers* or other *firms*. A notification under SUP 15.7.3G should provide all relevant and significant details of the incident or suspected incident of which the *firm* is aware.

15.3.20 G In addition, the *firm* may have suffered significant financial losses as a result  
[FCA/  
PRA] of the incident, or may suffer reputational loss, and the *FSA appropriate regulator* will wish to consider this and whether the incident suggests weaknesses in the *firm's internal controls*.

- 16.1.4 [FCA/PRA] G (1) This chapter contains requirements to report to the *FSA appropriate regulator* on a regular basis. These requirements include reports relating to a *firm's* financial condition, and to its compliance with other *rules* and requirements which apply to the *firm*. Where the relevant requirements are set out in another section of the *Handbook*, this chapter contains cross references. An example of this is financial reporting for *insurers* and *friendly societies*.
- (2) Where such requirements already apply to a *firm* under legislation other than the *Act*, they are not referred to in this chapter. An example of this is reporting to the *FSA appropriate regulator* by *building societies* under those parts of the Building Societies Act 1986 which have not been repealed.
- (3) ...

...

- 16.1.7 [FCA/PRA] G Where a *PRA-authorised person* is required to notify or provide any information to (a) the *appropriate regulator* by a *PRA Handbook* provision and (b) the *FCA* by the equivalent provision in the *FCA Handbook*, the *PRA-authorised person* is expected to comply with both provisions.

## 16.2 Purpose

- 16.2.1 [FCA/PRA] G (1) In order to discharge its functions under the *Act*, the *FSA appropriate regulator* needs timely and accurate information about *firms*. The provision of this information on a regular basis enables the *FSA appropriate regulator* to build up over time a picture of *firms'* circumstances and behaviour.
- (2) *Principle 11* requires a *firm* to deal with its regulators in an open and cooperative way, and to ~~to~~ disclose to the *FSA appropriate regulator* appropriately anything relating to the *firm* of which the *FSA appropriate regulator* would reasonably expect notice. The reporting requirements are part of the *FSA's appropriate regulator's* approach to amplifying *Principle 11* by setting out in more detail the information that the *FSA appropriate regulator* requires. They supplement the provisions of *SUP* 2 (Information gathering by the *FSA appropriate regulator* on its own initiative) and *SUP* 15 (Notifications to the *FSA FCA* or *PRA*). The reports required under these *rules* help the *FSA appropriate regulator* to monitor *firms'* compliance with *Principles* governing relationships between *firms* and their *customers*, with *Principle 4*, which requires *firms* to

maintain adequate financial resources, and with other requirements and standards under the *regulatory system*.

Timely reporting

- 16.3.13 [FCA/  
PRA] R (1) A *firm* must submit a report required by this chapter in the frequency, and so as to be received by the *FSA appropriate regulator* no later than the due date, specified for that report.
- (2) If the due date for submission of a report required by this chapter falls on a day which is not a *business day*, the report must be submitted so as to be received by the *FSA appropriate regulator* no later than the first *business day* after the due date.

Failure to submit reports

- 16.3.14 [FCA/  
PRA] R (1) If a *firm* does not submit a complete report by the date on which it is due in accordance with the *rules* in, or referred to in, this chapter or the provisions of relevant legislation and any prescribed submission procedures, the *firm* must pay an administrative fee of £250.

If it appears to the *FSA appropriate regulator* that, in the exceptional circumstances of a particular case, the payment of any fee would be inequitable, the *FSA appropriate regulator* may reduce or remit all or part of the fee in question which would otherwise be payable (see *FEES 2.3*).

16.3.15 [FCA/  
PRA] G The *FSA appropriate regulator* may from time to time send reminders to *firms* when reports are overdue. *Firms* should not, however, assume that the *FSA appropriate regulator* has received a report merely because they have not received a reminder.

16.3.16 [FCA/  
PRA] G The *firm* is responsible for ensuring delivery of the required report ~~at the *FSA's* offices~~ by the due date. If a report is received by the *FSA appropriate regulator* after the due date and the *firm* believes its delivery arrangements were adequate, it may be required to provide proof of those

arrangements. Examples of such proof would be:

- (1) "proof of posting" receipts from a *UK* post office or overseas equivalent which demonstrates that the report was posted early enough to allow delivery by the due date in accordance with the delivery service standards prescribed by the relevant postal authority; or
- (2) recorded postal delivery receipts showing delivery on the required day; or
- (3) records of a courier service provider showing delivery on the required day.

| 16.3.18<br>[FCA/<br>PRA] | G | <p><i>SUP 16.2.1G</i> emphasises the importance to the <i>FSA appropriate regulator</i> of timely and accurate information. The extension of a <i>firm's</i> accounting period to more than 15 months may hinder the timely provision of relevant and important information to the <i>FSA appropriate regulator</i>. This is because many due dates for reporting to the <i>FSA appropriate regulator</i> are linked to <i>firms' accounting reference dates</i>. Indeed, for some categories of <i>firm</i>, the only reports required by the <i>FSA appropriate regulator</i> have due dates for submission which are linked to the <i>firm's accounting reference date</i>. If the extension of a <i>firm's</i> accounting period appears likely to impair the effectiveness of the <i>FSA's appropriate regulator's</i> supervisory work, the <i>FSA appropriate regulator</i> may take action to ensure that it continues to receive the information it requires on a timely basis. This may include the use of any of the tools of supervision set out in <i>SUP 1.4.5G</i>.</p> |

#### Service of Notices Regulations

- 16.3.22 G The Financial Services and Markets Act 2000 (Service of Notices) [FCA/ PRA] Regulations 2001 (SI 2001/1420) contain provisions relating to the service of documents on the *FSA appropriate regulator*. They do not apply to reports required under SUP 16, because of the specific *rules* in this section.

#### Confidentiality and sharing of information

- 16.3.23 G When the *FSA appropriate regulator* receives a report which contains [FCA/ PRA] confidential information and whose submission is required under this chapter, it is obliged under Part ~~XXIII~~ 23 of the Act (Public Record, Disclosure of Information and Co-operation) to treat that information as confidential. (See SUP 2.2.4G for the *FCA* and SUP 2.2.4AG for the *PRA*)

- 16.3.24 G ~~SUP 2.3.12G states~~ SUP 2.3.12AG and SUP 2.3.12BG state that the *FSA* [FCA/ PRA] *appropriate regulator* may pass to other regulators information which it has in its possession. Such information includes information contained in reports submitted under this chapter. The *FSA's appropriate regulator's* disclosure of information to other regulators is subject to SUP 2.2.4G or SUP 2.2.4AG (Confidentiality of information).

#### Reports from groups

...

- 16.3.26 G Examples of reports covering a *group* are: [FCA/ PRA]

- (1) ...  
(2) annual controllers reports required under ~~SUP 16.5.4R~~ 16.4.5R;  
...

## 16.4 Annual controllers report

...

#### Purpose

- 16.4.4 G A *firm* and its *controllers* are required to notify certain changes in *control* [FCA/ PRA] (see SUP 11 (Controllers and close links)). The purpose of the *rules* and

PRA] *guidance* in this section is:

- (1) to ensure that, in addition to such notifications, the *FSA appropriate regulator* receives regular and comprehensive information about the identities of all of the *controllers* of a *firm*, which is relevant to a *firm's* continuing to satisfy the effective supervision threshold conditions (see *COND 2.3*);
- (2) ...
- (3) to support the *FSA's* regulatory functions under Part ~~XII~~ 12 of the *Act* (Notices of acquisitions of control over UK authorised persons) (see *SUP 11* (Controllers and close links)).

Reporting requirement

16.4.5  
[FCA/  
PRA]

- R
- (1) A *firm* must submit a report to the *FSA appropriate regulator* annually, containing the information in (3) or (4) (as applicable).
  - (2) A *firm* must submit the report in (1) to the *FSA appropriate regulator* within four months of the *firm's* accounting reference date.
  - ...
  - (4A) A *firm* that is a *regulated entity* must include in its report to the *FSA appropriate regulator* under (1) whether any *consolidation group* of which it is a member is a *third-country banking and investment group*.
  - (4B) A *firm* does not have to give notice to the *FSA appropriate regulator* under (4A) if it, or another member of the *third-country banking and investment group*, has already given notice to the *FSA appropriate regulator* of the relevant fact.
  - ...

...

16.4.7  
[FCA/  
PRA]

- G
- If a *group* includes more than one *firm*, a single annual controllers report may be submitted, and so satisfy the requirements of all *firms* in the *group*. Such a report should contain the information required from all of them, meet all relevant due dates, indicate all the *firms* on whose behalf it is submitted and give their *FSA* firm reference numbers. Nevertheless, the requirement to provide a report, and the responsibility for the report, remain with each *firm* in the *group*.

...

Exception: insurers

16.4.12 [FCA/PRA] R An *insurer* need not submit a report under SUP 16.4.5R to the extent that the information has already been provided to the *FSA appropriate regulator* under IPRU(INS) 9.30R (Additional information on controllers).

## 16.5 Annual Close Links Reports

...

### Purpose

16.5.2 [FCA/PRA] G A *firm* is required to notify the *FSA appropriate regulator* of changes to its *close links* (see SUP 11.9). ~~Threshold condition 3 (Close links) provides~~ The effective supervision threshold conditions provide that, if a *firm* has *close links* with another *person*, the *FSA* must be satisfied that the matters which are relevant in determining whether a *firm* satisfies the condition of being capable of being effectively supervised include:

- (1) ~~those *close links* are not likely to prevent the *FSA's* effective supervision of the *firm*; and~~ the nature of the relationship between the *firm* and that *person*;
- (2) ~~where it appears to the *FSA* that the *person* is subject to the laws, regulations or administrative provisions of a territory which is not an *EEA State*, neither the foreign provisions, nor any deficiency in their enforcement, would prevent the *FSA's* effective supervision of the *firm*. whether those links or that relationship are likely to prevent the *appropriate regulator's* effective supervision of the *firm*; and~~
- (3) if the *person* is subject to the laws, regulations or administrative provisions of a territory which is not an *EEA State*, whether those foreign provisions, or any deficiency in their enforcement, would prevent the *appropriate regulator's* effective supervision of the *firm*.

16.5.3 [FCA/PRA] G The purposes of the *rules* and *guidance* in this section are:

- (1) to ensure that, in addition to such notifications, the *FSA appropriate regulator* receives regular and comprehensive information about the identities of all persons with whom a *firm* has *close links*, which is relevant to a *firm's* continuing to satisfy the ~~effective supervision threshold conditions condition 3 (Close links) (see SUP 2.3)~~ and to the protection of *consumers*; and
- (2) to implement certain requirements relating to the provision of information on *close links* which must be imposed on *firms* under the '*Post-BCCI Directive*'.

### Report

- 16.5.4 [FCA/PRA] R (1) A *firm* must submit a report to the *FSA appropriate regulator* annually by completing the Close Links Notification Form (see ~~SUP 11.9.3AG~~ *SUP 11.9.3BG* for the *FCA* and *SUP 11.9.3CG* for the *PRA*) and must include the information in (3) or (4) (as applicable) and (5).
- (2) A *firm* must submit the report in (1) to the *FSA appropriate regulator* within four months of the ~~firm's~~ *firm's* *accounting reference date*.

...

- 16.5.6 [FCA/PRA] G If a *group* includes more than one *firm*, a single annual close links report may be submitted and so satisfy the requirements of all *firms* in the *group*. Such a report should contain the information required from all of them, meet all relevant due dates, indicate all the *firms* on whose behalf it is submitted and give their ~~FSA~~ firm reference numbers. Nevertheless, the requirement to provide a report, and the responsibility for the report, remain with each *firm* in the *group*.

## 16.6 Compliance reports

...

### Purpose

- 16.6.3 G ~~The *FSA* performs part of its supervision work by reviewing and analysing information about *firms'* records of compliance with the requirements and standards under the *regulatory system*. The type of report the *FSA* requires will vary, depending on the type of business a *firm* undertakes. The requirements in *SUP 16.6* represent an interim approach to compliance reporting, based mainly on the reporting requirements, which *previous regulators* applied to *firms*. This information helps the *FSA* to determine whether a *firm* is complying with the requirements applicable to its business, and what procedures it is operating to ensure its compliance.~~  
[deleted]

- 16.6.3A [FCA] G The *FCA* performs part of its supervision work by reviewing and analysing information about *firms'* records of compliance with the requirements and standards under the *regulatory system*. The type of report the *FCA* requires will vary, depending on the type of business a *firm* undertakes. This information helps the *FCA* to determine whether a *firm* is complying with the requirements applicable to its business, and what procedures it is operating to ensure its compliance.

- 16.6.3B [PRA] G The *PRA* performs part of its supervision work by reviewing and analysing information about *firms'* records of compliance with prudential

requirements and standards. The type of report the PRA requires will vary, depending on the type of business a firm undertakes. This information helps the PRA to determine whether a firm is complying with the requirements applicable to its business, and what procedures it is operating to ensure its compliance.

## 16.8 Persistency reports from insurers and data reports on stakeholder pensions

...

Purpose

- 16.8.2 [FCA] G The purpose of this section is to enable information on the persistency of life policies and data on stakeholder pensions to be prepared and provided to the ~~FSA~~ FCA in a standard format. This information is used in the monitoring of *firms* both individually and collectively.

Requirement to submit persistency and data reports

- 16.8.3 [FCA] R (1) *An insurer with permission to effect or ~~carry out~~ life policies* carry out life policies must submit to the ~~FSA~~ FCA a persistency report in respect of *life policies* by 30 April each year in accordance with this section.
- (2) *A firm with permission to establish, operate or wind up a stakeholder pension scheme* must submit to the ~~FSA~~ FCA:

...

- 16.8.20 [FCA] R If, in relation to any Form, a *firm* has no *life policies* or stakeholder pensions to report on in a copy of that Form, the *firm* need not submit that copy provided that it confirms in writing to the ~~FSA~~ FCA, as part of the persistency or data report, that it is not doing so and the reason for not doing so.

...

- 16.8.23 [FCA] R A *firm* must make and retain such records as will enable it to:
- (1) ...
- (2) make persistency reports or data reports to the ~~FSA~~ FCA in accordance with SUP 16.8.3R.

## 16.9 Appointed representatives annual report

Application

16.9.1 [FCA] G The effect of SUP 16.1.1R is that this section applies to every *firm* with a ~~Part 4A~~ permission to advise on investments, arrange (bring about) deals in investments, making arrangements with a view to transactions in investments, or arrange safeguarding and administration of assets.

Purpose

16.9.2 [FCA] G The purpose of the *rules* and *guidance* in this section is to ensure that, in addition to the notifications made under SUP 12.7 (Appointed representatives; notification requirements), the ~~FSA~~ FCA receives regular and comprehensive information about the *appointed representatives* engaged by a *firm*, so that the ~~FSA~~ FCA is in a better position to pursue the ~~regulatory objective~~ statutory objective of the protection of *consumers*.

16.9.3 [FCA] R (1) A *firm* must:

- (a) submit a report to the ~~FSA~~ FCA annually, in the form of an amended copy of the relevant extract from the ~~FSA Register~~ Financial Services Register, containing the information in (2);
- (b) submit the report in (1) to the ~~FSA~~ FCA within four *months* of the ~~firm's accounting~~ firm's accounting reference date.

(2) The report in (1) must contain a list of all the current *appointed representatives* of the *firm* as at the ~~firm's accounting~~ firm's accounting reference date.

(3) The report in (1) is not required if:

- (a) ...
- (b) this is reflected in the relevant extract from the ~~FSA Register~~ Financial Services Register.

16.9.4 [FCA] G The ~~FSA Register~~ Financial Services Register is maintained under section 347 of the *Act* (The record of authorised persons, etc.) and may be viewed at the ~~FSA's website at www.fsa.gov.uk/register/~~ FCA's website.

...

16.9.6 [FCA] G If a group includes more than one *firm*, a single annual *appointed representatives* report may be submitted on behalf of all *firms* in the *group*. Such a report should contain the information required from all the *firms*, meet all relevant due dates, indicate all the *firms* on whose behalf it is submitted and give their ~~FSA~~ Financial Services Register firm reference numbers. The requirement to provide a report, and the responsibility for the report remains with each *firm* in the *group*.

**16.10 Verification of standing data**

...

Purpose

- 16.10.2 [FCA/  
PRA] G *Standing data* is used by the ~~FSA~~ appropriate regulator:
- (1) to ensure that a *firm* is presented with the correct regulatory return when it seeks to report electronically;
  - (2) in order to communicate with a *firm*;
  - (3) as the basis for some sections of the ~~FSA Register~~ Financial Services Register; and
  - (4) in order to carry out thematic analysis across sectors and groups of *firms*.

...

Requirement to check the accuracy of standing data and to report changes to the ~~FSA~~ appropriate regulator

- 16.10.4 [FCA/  
PRA] R (1) Within 30 *business days* of its *accounting reference date*, a *firm* must check the accuracy of its *standing data* through the relevant section of the ~~FSA~~ appropriate regulator's website.
- (2) ...
- (3) If any *standing data* is incorrect, the *firm* must submit the corrected *standing data* to the ~~FSA~~ appropriate regulator, using the appropriate form set out in SUP 15 Ann 3R and in accordance with SUP 16.10.4AR.
- 16.10.4A [FCA/  
PRA] R (1) A *firm* other than a *credit union* must submit any corrected *standing data* under SUP 16.10.4R(3) online at ~~www.fsa.gov.uk~~ the appropriate regulator's website using the ~~FSA's~~ ONA ONA system.
- (2) A *credit union* must submit any corrected *standing data* under SUP 16.10.4R(3) ~~in the way set out in SUP 15.7.4R to SUP 15.7.9G (Form and method of notification)~~ to [static.data@fca.org.uk](mailto:static.data@fca.org.uk) or via post or hand delivery to the FCA marked for the attention of the 'Static Data team'.
- (3) Where a *firm* is obliged to submit corrected *standing data* online under (1), if the ~~FSA's~~ FCA's information technology systems fail and online submission is unavailable for 24 hours or more, until such time as facilities for online submission are restored, a *firm* must submit its corrected *standing data* ~~in the way set out in SUP 15.7.4R to SUP 15.7.9G (Form and method of notification)~~ to

[static.data@fca.org.uk](mailto:static.data@fca.org.uk) or via post or hand delivery to the FCA marked for the attention of the 'Static Data team'.

16.10.4B G If the ~~FSA's~~ FCA's information technology systems fail and online  
[FCA/ submission is unavailable for 24 hours or more, the ~~FSA~~ FCA will  
PRA] endeavour to publish a notice on its website confirming that online  
submission is unavailable and that the alternative methods of submission  
set out in ~~SUP 16.10.4AR(3) and SUP 15.7.4R to SUP 15.7.9G (Form and  
method of notification)~~ SUP 16.3.9R should be used.

...

16.10.5 G The *standing data* is made available to the *firm* when the *firm* logs into the  
[FCA/ appropriate section of the ~~FSA~~ appropriate regulator's website. The *firm*  
PRA] should check the *standing data* and send any corrections to the ~~FSA~~  
appropriate regulator. The ~~FSA's~~ appropriate regulator's preferred  
method of receiving corrections to *standing data* is by the online forms  
available at the ~~FSA's~~ appropriate regulator's website.

## 16.11 Product Sales Data Reporting

...

### Purpose

16.11.2 G (1) The purpose of this section is to set out the requirements for *firms*  
[FCA] in the retail mortgage, investment, and *pure protection contract*  
markets specified in SUP 16.11.1R to report individual product  
sales data to the ~~FSA~~ FCA. In the case of *firms* in the sale and rent  
back market, there is a requirement to record, but not to submit,  
the data. These requirements apply whether the *regulated activity*  
has been carried out by the *firm*, or through an intermediary which  
has dealt directly with the *firm*.

(2) The purpose of collecting this data is to assist the ~~FSA~~ FCA in the  
ongoing supervision of *firms* engaged in retail activities and to  
enable the ~~FSA~~ FCA to gain a wider understanding of market  
trends in the interests of protecting *consumers*.

...

16.11.4 G (1) ...  
[FCA] (2) If it is easier and more practical for a *firm* to submit additional  
data relating to products other than those specified in SUP  
16.11.5R, it may submit that additional data to the ~~FSA~~ FCA in a  
data report.

...

- 16.11.9 R A *firm* must provide the data report to the ~~FSA~~ FCA electronically in a  
[FCA] standard format provided by the ~~FSA~~ FCA.
- 16.11.10 G A data report will have been provided to the ~~FSA~~ FCA in accordance with  
[FCA] *SUP* 16.11.9R only if all mandatory data reporting fields (as set out in *SUP*  
16 Annex 21RR) have been completed correctly and the report has been  
accepted by the relevant ~~FSA~~ FCA reporting system.

Use of reporting agents

- 16.11.11 R (1) A *firm* may appoint another *person* to provide the data report on  
[FCA] the *firm's* behalf if the *firm* has informed the ~~FSA~~ FCA of that  
appointment in writing.

...

## 16.12 Integrated Regulatory Reporting

...

Purpose

- 16.12.2 G (1) *Principle 4* requires *firms* to maintain adequate financial  
[FCA/  
PRA] resources. The Interim Prudential sourcebooks, *PRU*, *BIPRU* and  
*GENPRU* set out the ~~FSA's~~ appropriate regulator's detailed  
capital adequacy requirements. By submitting regular data, *firms*  
enable the ~~FSA~~ appropriate regulator to monitor their compliance  
with *Principle 4* and their prudential requirements in the ~~FSA~~  
~~Handbook~~ Handbook.
- (2) The *data items* submitted help the ~~FSA~~ appropriate regulator  
analyse *firms'* financial and other conditions and performance and  
to understand their business. By means of further collation and  
review of the data which the *data items* provide, the ~~FSA~~  
appropriate regulator also uses the *data items* to identify  
developments across the financial services industry and its  
constituent sectors.
- (3) The requirements in this section differ according to a *firm's*  
*regulated activity group (RAG)*, as different information is  
required to reflect different types of business. Standard formats are  
used for reporting, to assist compatibility between *firms* which  
carry on similar types of business. Timely submission is important  
to ensure the ~~FSA~~ appropriate regulator has up-to-date  
information.

Reporting requirement

- 16.12.3 R (1) Any *firm* permitted to carry on any of the activities within each of

[FCA/  
PRA]

the RAGs set out in column (1) of the table in SUP 16.12.4R must:

- (a) (i) unless (ii) or (iii) applies, submit to the *FSA appropriate regulator* the duly completed *data items* or other items applicable to the *firm* as set out in the provision referred to in column (2) of that table;
- (ii) unless (iii) applies, where a *firm* is required to submit completed *data items* for more than one RAG, that *firm* must only submit the *data item* of the same name and purpose in respect of the lowest numbered RAG applicable to it, RAG 1 being the lowest and RAG 10 the highest;
- (iii) where a *firm* is, but for this rule, required to submit *data items* for more than one RAG and this includes the submission of *data items* in respect of *FSA* fees, the *FOS* or *FSCS* levy, or threshold conditions, that *firm* must only submit these *data items* if they belong to the lowest numbered of the RAGs applicable to it;
- (iv) in the case of a *non-EEA bank*, or an *EEA bank* (whether or not it has *permission* for *accepting deposits*) other than one with *permission* for *cross border services* only, any *data items* submitted should, unless indicated otherwise, only cover the activities of the branch operation in the *United Kingdom*;

in the format specified as applicable to the *firm* in the provision referred to in column (2);

...

- (2) Unless (3) applies, any *data item* in (1) must be submitted by electronic means made available by the *FSA*; *appropriate regulator*.
- (3) Paragraph (2) does not apply to:
  - (a) *credit unions* solely in relation to the reporting requirement for RAG 1 activities, ~~where SUP 16.3.6R to SUP 16.3.10G will apply;~~ where the following submission methods apply:
    - (i) Post to the Bank of England for postal submission:  
Regulatory Data Group  
Statistics and Regulatory Data Division (HO5 A-B)  
Bank of England  
Threadneedle Street  
London

EC2R 8AH

- (ii) Leaving the report marked for the attention of “Regulatory Data Group, Statistics and Regulatory Data Division (HO 5 A-B) at the Bank of England, Threadneedle Street, London, EC2R 8AH, and obtaining a dated receipt
  - (iii) Electronic mail (CreditUnionReporting@BankofEngland.co.uk) or fax (020 7601 3334) to the Regulatory Data Group of the Bank of England
  - (iv) Online submission via the appropriate systems accessible from the appropriate regulator’s website;
- (b) *firms* in RAG 2 in relation to the reporting requirements for RAG 2 activities; and
- (c) those data items specified as "No standard format", where SUP 16.3.6R to SUP 16.3.10G will apply.

**16 Annex 26G Guidance on designated liquidity groups in SUP 16.12**  
[PRA]

...		
8.	G	The definition applies automatically. It does not depend, for example, on the <i>firm</i> getting a <i>waiver</i> under BIPRU 12 (Liquidity). However, in practice it is likely that the <i>firm</i> and the <del>FSA</del> <u>PRA</u> will agree who is in the <i>firm's DLG by default</i> .
...		
13.	G	The <del>FSA</del> <u>PRA</u> recognises that a <i>firm</i> may be part of a wider <i>group</i> which manages its liquidity on a <i>group-wide</i> basis. This is recognised by an <i>intra-group liquidity modification</i> . A <i>DLG by modification</i> arises out of the <i>intra-group liquidity modification</i> .

##### Introduction

18.1.3 G *Insurance business transfers* are subject to Part VII of the *Act* and must be

[FCA/  
PRA]

approved by the court under section 111. ~~The Financial Services and Markets Act 2000 (Control of Business Transfers) (Requirements on Applicants) Regulations 2001 (SI 2001/3625), also apply. These regulations set out minimum requirements for publicising schemes, notifying certain interested parties directly (subject to the discretion of the court), and giving information to anyone who requests it. The following statutory pieces of legislation also apply:~~

- (1) The Financial Services and Markets Act 2000 (Control of Business Transfers) (Requirements on Applicants) Regulations 2001 (SI 2001/3625), as amended by the Financial Services and Markets Act 2000 (Control of Business Transfers)(Requirements on Applicants) (Amendment) Regulations 2008 (SI 2008/1467) and the Financial Services and Markets Act 2000 (Amendments to Part 7) Regulations 2008 (SI 2008/1468);
- (2) the Financial Services and Markets Act 2000 (Control of Transfers of Business Done at Lloyd's) Order 2001(SI 2001/3626), as amended by The Financial Services and Markets Act 2000 (Control of Transfers of Business Done at Lloyd's) (Amendment) Order (2008/1725); and
- (3) the Reinsurance Directive Regulations 2007 (SI 2007/3253) and the Financial Services and Markets Act 2000 (Reinsurance Directive) Regulations 2007 (SI 2007/3255),

These regulations set out minimum requirements for publicising schemes, notifying certain interested parties directly (subject to the discretion of the court), and giving information to anyone who requests it.

18.1.4  
[FCA/  
PRA]

G An *insurance business transfer scheme* is defined in section 105 of the Act and the definition has been extended to transfers from *underwriting members* and *former members* of Lloyd's, ~~to reflect the effect of the Financial Services and Markets Act 2000 (Control of Transfers of Business Done at Lloyd's) Order 2001(SI 2001/3626). With certain exclusions (relating to some schemes approved under foreign legislation, some novations of reinsurance or some captive *insurers*), it includes, in broad terms, any scheme to transfer *insurance business* from one *firm* (other than a *friendly society*) or *members* of Lloyd's to another body (which may be a *friendly society*), if:~~

- (1) [deleted]
  - (a) ~~the transferor is an "UK authorised person" and the business is being carried on in one or more *EEA States*; or [deleted]~~
  - (b) ~~the business is reinsurance carried on in the *United Kingdom*; or [deleted]~~
  - (c) ~~the business is carried on in the *United Kingdom* and the transferor is not an *EEA firm*; and [deleted]~~

- (2) ~~in each case, the transferred business will be carried on from an establishment in the EEA. [deleted]~~

The business transferred may include liabilities and potential liabilities on expired *policies*, liabilities on current *policies* and liabilities on contracts to be written in the period until the transfer takes effect. The parties to schemes approved under foreign legislation or involving novations of reinsurance or a captive *insurer* can apply to the court for an order sanctioning the scheme.

- 18.1.5 [FCA/  
PRA] G ~~In the opinion of the FSA, The regulators are likely to consider~~ a novation or a number of novations ~~would constitute as amounting to an insurance business transfer~~ only if their number or value were such that the novation was to be regarded as a transfer of part of the business. A novation is an agreement between the *policyholder* and two *insurers* whereby a contract with one *insurer* is replaced by a contract with the other. ~~In the opinion of the FSA, where~~ If an *insurer* agrees to meet the liabilities (this may include undertaking the administration of the *policies*) of another *insurer* by means of a reinsurance contract, including Lloyd's *reinsurance to close*, this would not constitute an *insurance business transfer* because the contractual liability remains with the original *insurer*; nor would an arrangement whereby an *insurer* offers to renew the *policies* of another *insurer* on their expiry date.

- 18.1.6 [FCA/  
PRA] G Under section 112 of the *Act*, the court has wide discretion to transfer property and liabilities to the transferee and to make orders in relation to incidental, consequential and supplementary matters. ~~In the opinion of the FSA, the court has the power in such cases and on such terms as may be appropriate, to transfer the benefit of reinsurance contracts protecting the transferred business and to make such amendments to the terms of those contracts as may be necessary to give effect to that transfer of benefit.~~

...

- 18.1.8 [FCA/  
PRA] G Legislation in respect of other transactions, for example, cross-border mergers, does not negate the requirements under Part VII of the *Act*. It is for the *firms* participating in such transactions to determine whether or not the proposed transfer gives rise to an *insurance business transfer*. The regulators expect *firms* proposing such transactions to discuss the proposal with them as soon as practicable.

## 18.2 Insurance business transfers

### Purpose

- 18.2.1 [FCA/  
PRA] G Transfers may enable *firms* to manage their affairs more effectively, ~~both for their own benefit and for that of their *customers*~~. However they represent an interference in the contracts between a *firm* and its *customers*, without the consent of each ~~unless *customers* customer consent~~, and may also affect the rights of third parties. An important protection is the requirement for the consent of the court. ~~Under section 110 of the *Act*, the FSA is entitled to be~~

~~heard by the court. In deciding whether it should appear, the FSA will consider the potential risk to its *regulatory objectives* of the scheme compared to not implementing the scheme.~~

The regulators

- 18.2.1A [FCA/  
PRA] G (1) Part VII of the Act prescribes certain statutory functions in relation to *insurance business transfer schemes* for both the PRA and the FCA. In accordance with the Act, the PRA and the FCA maintain a Memorandum of Understanding, which describes each regulator's role in relation to the exercise of its functions under the Act relating to matters of common regulatory interest and how each regulator intends to ensure the coordinated exercise of such functions. Under the Memorandum of Understanding, the PRA will lead the process for *insurance business transfers* and will be responsible for specific regulatory functions connected with Part VII applications, including the provision of certificates under section 111 of the Act. Further, the PRA will consult with the FCA both at the outset and throughout the *insurance business transfer* process. As such, the scheme promoters should first approach the PRA but should also consider whether any aspect of their proposals should be discussed with the FCA at an early stage. Scheme promoters should also consider SUP 18.2.13G.
- (2) By virtue of section 110 of the Act, both the PRA and the FCA are entitled to be heard in the proceedings. The Memorandum of Understanding confirms that both the PRA and the FCA may provide the court with written representations setting out their views on the proposed transfer scheme, for example, by way of a report to the court. Each regulator will decide in relation to each *insurance business transfer* whether it is necessary or appropriate to prepare a report bearing in mind its objectives and other relevant matters.
- (3) As set out in the Memorandum of Understanding, before nominating or approving an *independent expert* under section 109(2)(b) of the Act or approving the form of a *scheme report* under section 109(3) the PRA will first consult the FCA. Further, where the PRA is the *appropriate regulator* it will consult appropriately with the FCA before approving the notices required under the Financial Services and Markets Act 2000 (Control of Business Transfers) (Requirements on Applicants) Regulations 2001(SI 2001/3625).
- 18.2.1B [FCA/  
PRA] G In exercising its functions under the Act, each regulator will, so far as is reasonably possible, act in a way which is compatible with, and most appropriate for advancing, its *statutory objectives* as set out in the Act and will have regard to the regulatory principles in section 3B of the Act.
- 18.2.2 G ~~The FSA's *regulatory objectives* include market confidence, financial stability and the protection of *consumers*. Any or all of these might be impaired if a transfer were approved that led to loss, or perceived loss, to *consumers* or other market participants. On the other hand a transfer that led to improved security or benefits for *consumers* would promote the FSA's~~

~~regulatory objectives. When considering a transfer, the FSA needs to take into account the interests of existing consumers of the transferee and of consumers remaining with the transferor as well as of those whose contracts are being transferred. The guidance in this section is intended to protect consumers. By so doing it promotes the market confidence objective.~~  
[deleted]

- 18.2.3 G Under section 5(2) of the Act, in considering what degree of protection may be appropriate for consumers, the FSA must have regard to their need for accurate information. Under Principle 7, a firm must pay due regard to the information needs of clients (the scope of the Principle is not precisely consumers). The extent and nature of the information provided to consumers about a proposed scheme will therefore be a factor for the FSA in determining its attitude to the scheme. For the court process to be an effective protection, consumers and others affected need to learn of the proposed transfer and receive sufficient information on the transfer and its effects in such a form as to enable them to decide if they are likely to be adversely affected, and whether they wish to be heard by the court. The information needed depends on the circumstances and cannot be precisely specified in advance but this chapter contains guidance aimed at ensuring that consumers, the FSA and the court receive adequate information. [deleted]
- 18.2.4 G Under Principle 11, a firm must deal with the FSA in an open and cooperative way and disclose to the FSA appropriately anything relating to the firm of which the FSA would reasonably expect notice. This chapter contains guidance on the information that the FSA expects to receive from firms and members of Lloyd's in the context of insurance business transfer schemes. [deleted]
- 18.2.5 [FCA/  
PRA] G Under Principle 6, a firm must treat customers fairly (the scope of the Principle is not precisely consumers) and, under Principle 8, manage conflicts of interest fairly. A criterion for the FSA in considering a proposed scheme would be whether it appears that either Principle is not being followed. Transfers may have positive and negative effects on individual consumers. In such circumstances it is for consumers to balance these effects and assess whether, the proposed scheme as a whole is in their interests and whether to make representations to the court about the scheme. The FSA's main A key concern then becomes to ensure that consumers have in this regard for each regulator will be to be satisfy itself that each consumer has appropriate adequate information and not set its judgement over theirs reasonable time within which to determine whether or not he is adversely affected and, if adversely affected, whether to make representations to the court.
- 18.2.6 G A scheme may have a material effect on the transferor or the transferee. The FSA will take any scheme into account in its future regulation of the firms, where it continues to regulate them. This could include, for instance, the exercise of own initiative powers under section 45 of the Act to vary a firm's Part IV permission, for instance, by requiring a scheme of operations (SUP 7 contains guidance on criteria for varying a firm's Part IV permission).

[deleted]

- 18.2.7 G For many transfers it is necessary to cooperate with *overseas regulators*. This section contains *guidance* on such cooperation. [deleted]
- 18.2.8 G Section ~~86(8)~~ of the Friendly Societies Act 1992 requires, where a transferee is a *friendly society*, that consent to accept the engagements is passed by special resolution in accordance with paragraph 7 of Schedule 12 to that Act. This section includes *guidance* about the information needed in these circumstances. [deleted]
- 18.2.9 G Under section 109 of the *Act*, an *insurance business transfer scheme* must be accompanied by a *scheme report* in a form approved by the *FSA*. This section contains *guidance* on the form of a *scheme report*. [deleted]
- 18.2.10 G Also under section 109 of the *Act*, the *scheme report* must be made by a *person* nominated or approved by the *FSA*. This section contains *guidance* on the procedures and general criteria that the *FSA* proposes to adopt for this purpose. [deleted]
- 18.2.11 G The *FSA* has a duty under section 2(3) of the *Act* "to have regard to the need to use its resources in the most efficient and economic way". The extent to which (if at all) it examines and considers the details of a scheme and the resources it devotes to such consideration will depend on the potential risk to its *regulatory objectives*. [deleted]

Procedure: initial steps

- 18.2.12 G When an *insurance business transfer scheme* is being considered, the scheme promoters (including the transferor and, except possibly if it is a new *company*, the transferee) should discuss the scheme with the *FSA* appropriate regulator as soon as reasonably practical, to enable the *FSA* regulators to consider what issues are likely to arise, and to enable a practical timetable for the scheme to be agreed established. The *FSA* will wish to consider material issues relating to *policyholder* rights (such as the reasonable expectations of *with-profits policyholders*) or *policyholder* security at the earliest opportunity. In any case the *FSA* will need time to:
- [FCA/  
PRA]
- (1) consider the application, if an application by the transferee for a *Part IV 4A permission* or a variation of *permission* is necessary (*SUP 6* provides *guidance* on this); [deleted]
  - (2) seek information or approvals from other supervisors (where this applies); [deleted]
  - (3) consider what skills are needed to make a proper report on the scheme and what criteria should therefore be applied to the choice of *independent expert*; [deleted]
  - (4) consider whether the promoters' nominee for *independent expert* is suitable for approval or, if the *FSA* proposes to nominate someone,

~~who the FSA should nominate; and [deleted]~~

- (5) ~~consider whether to object to the scheme in the light of the report and other circumstances. [deleted]~~

18.2.13 G The initial documentary information on the scheme ~~provided to the FSA~~  
[FCA/ under SUP 18.2.12G should be provided to the PRA, who will share it with  
PRA] the FCA, and should include its broad outline and its purpose. ~~The FSA will~~  
Each regulator may indicate to the promoters how closely it wishes to monitor the progress of the scheme, including the extent to which it wishes to see draft documentation.

Independent expert: qualifications

18.2.14 G Under section 109(2) of the Act a *scheme report* may only be made by a  
[FCA/ *person*:  
PRA]

- (1) appearing to the ~~FSA~~ appropriate regulator to have the skills necessary to enable him to make a proper report; and
- (2) nominated or approved for the purpose by the ~~FSA~~ appropriate regulator.

18.2.14 G The promoters should ensure that any relevant fees are paid before any  
A application will be considered.  
[FCA/  
PRA]

18.2.15 G The general principles set out in SUP 5.4.8G, for suitability of a *skilled*  
[FCA/ *person*, apply also to the *independent expert*. The ~~FSA regulators~~ expects  
PRA] expect the *independent expert* making the *scheme report* to be a natural person, who:

...

...

Independent expert: appointment

18.2.19 G The suitability of a *person* to act as an *independent expert* depends on the  
[FCA/ nature of the scheme and the *firms* concerned. On the basis of the preliminary  
PRA] information supplied by the scheme promoters (and any other knowledge it has of the circumstances and the *firms*), the ~~FSA~~ appropriate regulator will consider what skills are needed to make a proper report on the scheme and what criteria should therefore be applied to the choice of *independent expert*. The ~~FSA~~ appropriate regulator will inform the promoters of any such criteria it is minded to apply.

18.2.20 G Under section 107(2) of the Act, the application to the court may be made by  
[FCA/ the transferor or the transferee or both. As soon as reasonably practical, the  
PRA] intended applicant should choose their nominee for *independent expert* in the

PRA] light of any criteria advised by the ~~FSA~~ and advise the ~~FSA~~ of their choice, appropriate regulator. The intended applicant(s) should then advise the appropriate regulator of their choice, unless the ~~FSA~~ appropriate regulator wishes them to defer nomination or to make its own nomination. The notification should be accompanied by reasons why the party considers the nominee to be a suitable *person* to act as *independent expert*; ~~together with relevant details of his~~. Relevant details provided should usually include information about the nominee's experience and qualifications; the proposed terms and conditions of the nominee's appointment, including any remuneration arrangements; and any current or previous professional or commercial arrangements with the transferor or transferee or their associated companies, including the remuneration (direct or indirect) for those arrangements with the nominee and/or with any professional firm or company in which the nominee has or has had any interest.

18.2.21 G The ~~FSA~~ regulators may wish to have preliminary discussions with the nominee about the transfer to ~~help the FSA determine whether~~ before the appropriate regulator determines if he is suitably qualified to address issues arising from the transfer. The ~~FSA~~ regulators will consider the suitability of the nominee and the appropriate regulator will inform the *firm* that nominated him whether ~~it approves him~~ he has been approved. Since the nature of the scheme is a factor in determining the suitability of the nominee, the ~~FSA~~ appropriate regulator cannot approve a nominee before the broad outlines of the scheme have been determined. ~~If the FSA rejects a nominee, it will normally inform him and, with the agreement of the nominee, the applicant of the reasons for the rejection.~~

18.2.22 G The ~~FSA~~ appropriate regulator may itself nominate the *independent expert*, either where it indicates that a nomination is not required by the parties, or where it does not approve the parties' own nomination. In either case ~~it~~ the appropriate regulator will inform the promoters of its nominee.

#### Consultation with EEA regulators and/or other foreign regulators

18.2.23 G Under the terms of the Memorandum of Understanding, the PRA will lead when carrying out consultation with EEA regulators and/or other foreign regulators.  
A  
[FCA/  
PRA]

18.2.24 G The *guidance* set out in SUP 18.2.25G to SUP 18.2.30G derives from the requirements of the *Insurance Directives*, the *Reinsurance Directive* and the associated agreements between *EEA regulators*. Schedule 12 of the *Act* implements some of these requirements.

18.2.25 G (1) If the transferee is (or will be) an *EEA firm* (authorised in its *Home State* to carry on *insurance business* under the *Insurance Directives*) or a *Swiss general insurance company*, then the ~~FSA~~ appropriate regulator has to consult the transferee's *Home State regulator*, who has 3 months to respond. It will be necessary for the ~~FSA~~

appropriate regulator to obtain from the transferee's *Home State regulator* a certificate confirming that the transferee will meet the *Home State's* solvency margin requirements (if any) after the transfer.

- (1A) If the transferee is (or will be) an EEA firm (authorised in its Home State to carry on insurance business under the Reinsurance Directive) it will be necessary for the appropriate regulator to obtain from the transferee's Home State regulator a certificate confirming that the transferee will meet the Home State's solvency margin requirements (if any) after the transfer.
- (2) If the transferee is *authorised* in the *United Kingdom*, the ~~FSA~~ appropriate regulator will need to certify that the transferee will meet its solvency margin requirements after the transfer. If the ~~FSA~~ appropriate regulator has required of a *UK firm* a financial recovery plan of the kind mentioned in paragraph 1 of article 38 of the ~~Life Directive~~ Consolidated Life Directive (2002/83/EC) or paragraph 1 of article 20a of the *First Non-Life Directive*, or paragraphs 1 and 2 of article 43 of the Reinsurance Directive, the ~~FSA~~ appropriate regulator will not issue a certificate for so long as it considers that *policyholders'* rights are threatened within the meaning of ~~paragraph~~ these paragraphs.

18.2.26 [FCA/  
PRA] G The transferor will need to provide the ~~FSA~~ appropriate regulator with the information that the *Home State regulator* requires from ~~FSA~~ the appropriate regulator. This information includes:

...

- (4) details of any guarantees (including reinsurance arrangements), whether provided by the transferor or a third party, to protect the provisions for the business transferred against deterioration; and
- (5) the *states of the risks* or the *states of the commitments* of the business being transferred.

18.2.27 [FCA/  
PRA] G If the transferee is not (and will not be) *authorised* and will be neither an *EEA firm* nor a *Swiss general insurance company*, then the ~~FSA~~ appropriate regulator will need to consult ~~its~~ the transferee's insurance supervisor in the place where the business is to be transferred. The ~~FSA~~ appropriate regulator will need confirmation from this supervisor that the transferee will meet his solvency margin requirements there (if any) after the transfer.

18.2.28 [FCA/  
PRA] G If the transferor is ~~an~~ a UK insurer (other than a pure reinsurer) and the business to be transferred includes business carried on from a branch in another *EEA State*, then the ~~FSA~~ appropriate regulator has to consult the *Host State regulator*, who has 3 months to respond. The ~~FSA~~ appropriate regulator will need to be given the information that the *Host State regulator* requires from it. This information should identify the parties to the transfer and include the transfer agreement or draft transfer agreement or a summary

containing relevant information, and describe arrangements for settling *claims* if the branch is to be closed.

18.2.29 G If the transferor is ~~an~~ a *UK insurer* and the business to be transferred includes a long-term insurance contract (other than reinsurance) for which the *state of the commitment* is an *EEA state* other than the *United Kingdom*, then the ~~FSA~~ appropriate regulator has to consult the *Host State regulator*. If the transferor is ~~an~~ a *UK insurer* and the business to be transferred includes a general insurance contract (other than reinsurance) for which the *state of the risk* is an *EEA state* other than the *United Kingdom*, then the ~~FSA~~ appropriate regulator must consult the *Host State regulator*. The ~~FSA~~ appropriate regulator will need to be given the information that the *Host State regulator* requires from it. This information should identify the parties to the transfer and include the transfer agreement or draft transfer agreement or a summary containing relevant information. It would be helpful (especially for *long-term insurance business*) if a draft of the *scheme report* was also available. The appropriate regulator will also need to have sufficient information about the business proposed to be transferred to be satisfied that the applicants have undertaken sufficient steps to identify the state of the risk or the state of the commitment, as the case may be. The consent of the *Host State regulator* to the transfer is required, unless he does not respond within 3 months.

18.2.30 G Where the transferor is ~~an~~ a *UK-deposit insurer* and, following the transfer, it will no longer be carrying on *insurance business* in the *United Kingdom*, the ~~FSA~~ appropriate regulator will need to collaborate with *regulatory bodies* in the other *EEA States* in which it is carrying on business to ensure that effective supervision of the business carried on in the *EEA* continues. The transferor should cooperate with the ~~FSA~~ appropriate regulator and the other *regulatory bodies* in this process and demonstrate that it will meet the requirements of its regulators following the transfer.

#### Form of scheme report

18.2.31 G Under section 109 of the *Act*, a *scheme report* must accompany an application to the court to approve an *insurance business transfer scheme*. This report must be made in a form approved by the ~~FSA~~ appropriate regulator. The appropriate regulator would generally expect a scheme report to contain at least the information specified in SUP 18.2.33G before giving its approval ~~The FSA would not expect to approve the form of a scheme report that complies. SUP 18.2.32G and SUP 18.2.34G to SUP 18.2.41G provide additional guidance for the independent expert.~~

18.2.31  
A  
[FCA/  
PRA] G When the appropriate regulator has approved the form of a scheme report, the scheme promoter may expect to receive written confirmation to that effect from that regulator.

18.2.32 G There may be matters relating to the scheme or the parties to the transfer that the ~~FSA~~ wishes regulators wish to draw to the attention of the *independent expert*. The ~~FSA~~ regulators may also wish the report to address particular issues. The *independent expert* should therefore contact the ~~FSA~~ regulators at

an early stage to establish whether there are any such matters or issues. The *independent expert* should form his own opinion on any such issues, which may differ from the opinion of the *FSA regulators*.

- 18.2.33 G The *scheme report* should comply with the applicable rules on expert evidence and contain the following information:
- [FCA/  
PRA]
- ...
- (2) confirmation that the *independent expert* has been approved or nominated by the *FSA appropriate regulator*;
- (3) a statement of the *independent expert's* professional qualifications and (where appropriate) descriptions of the experience that fits him for the role;
- ...
- (11A) his opinion on the likely effects of the scheme on any *reinsurer* of a transferor, any of whose contracts of *reinsurance* are to be transferred by the scheme;
- ...
- 18.2.34 G The purpose of the *scheme report* is to inform the court and the *independent expert*, therefore, has a duty to the court. However reliance will also be placed on it by *policyholders*, by *reinsurers*, by others affected by the scheme and by the *FSA regulators*. The amount of detail that it is appropriate to include will depend on the complexity of the scheme, the materiality of the details themselves and the circumstances. ~~For instance where it is clear that no one will be adversely affected by the transfer, a simple explanation for this conclusion plus the details required by SUP 18.2.33G might be an adequate report.~~
- [FCA/  
PRA]
- ...
- 18.2.40 G Where the transfer forms part of a wider chain of events or corporate restructuring, it may not be appropriate to consider the transfer in isolation and the *independent expert* should seek sufficient explanations on corporate plans to enable him to understand the wider picture. Likewise he will need information on the operational plans of the transferee and, if only part of the business of the transferor is transferred, of the transferor. These will need to have sufficient detail to allow him to understand in broad terms how the business will be run. ~~He would not normally be expected to assess the adequacy of systems and controls in detail.~~
- [FCA/  
PRA]
- 18.2.41 G A transfer may provide for benefits to be reduced for some or all of the *policies* being transferred. This might happen if the transferor is in financial difficulties. If there is such a proposal, the *independent expert* should report on what reductions he considers ought to be made, unless either:
- [FCA/  
PRA]

...

Under such circumstances, the transfer might be urgent and it might be appropriate for the reduction in benefits to take place after the event, by means of an order under section 112 of the *Act*. ~~The FSA~~ Each regulator would wish to consider ~~the fairness of~~ any such reduction against its *statutory objectives* and section 113 of the *Act* allows the court, on the application of either regulator, to appoint an independent *actuary* to report ~~to the FSA~~ on any such post-transfer reduction in benefits.

#### Notice provisions

- 18.2.42 G Under the Financial Services and Markets Act 2000 (Control of Business Transfers) (Requirements on Applicants) Regulations 2001 (SI 2001/3625), [FCA/ unless the court directs otherwise, notice of the application must be sent to all PRA] *policyholders* of the parties and reinsurers (or a person acting on its behalf) any of whose contracts of reinsurance are proposed to be transferred as part of the *insurance business transfer scheme*.

It may also be appropriate to give notice to others affected, ~~in particular~~ for example, to:

- (1) ~~reinsurers of the transferor where it is proposed that benefits or liabilities under their contracts should pass to the transferee; and~~
- (2) anyone with an interest in the *policies* being transferred who has notified the transferor of their interest.

- 18.2.43 G The regulations referred to in SUP 18.2.42G require that notice of the [FCA/ application must be published in: PRA]

...

- (2) unless the court directs otherwise, in: accordance with requirements in those regulations.
  - (a) ~~two national newspapers in the *United Kingdom*; and~~
  - (b) ~~in two national newspapers in any other *EEA State* that is the *state of the risk* or the *state of the commitment*.~~

Wider publication may be appropriate in some circumstances (~~especially if not all *policyholders* are sent notices~~).

- 18.2.44 G The regulations referred to in SUP ~~18.2.44G~~ 18.2.42G require that the ~~FSA~~ [FCA/ *appropriate regulator* approves in advance the notices sent to *policyholders* PRA] and published in the press.

- 18.2.45 G Where a transfer involves *underwriting members* of Lloyd's as transferor or [FCA/ transferee, any notice requirements of the *Society* will also apply.

PRA]

- 18.2.46 [FCA/  
PRA] G The ~~FSA~~ regulators are entitled to be heard by the court on any application for a transfer. A consideration for the ~~FSA~~ regulators in determining whether to oppose a transfer would be ~~its~~ their view on whether adequate steps had been taken to tell policyholders and, as appropriate, other affected persons, about the transfer and whether they had adequate information and time to consider it. The ~~FSA~~ regulators would not normally consider adequate a period of less than six weeks between sending notices to policyholders and the date of the court hearing. Therefore it would be sensible, before requesting from the court ~~for~~ a waiver of the publication requirements or the requirement to send statements direct to policyholders, to consult the ~~FSA~~ regulators on ~~its~~ their views about what waivers might be appropriate and what substitute arrangements might be made. The ~~FSA~~ regulators will take into account the practicality and costs of sending notices to policyholders (especially for *firms* in financial difficulty), the likely benefits for policyholders of receiving notices and the efficacy of other arrangements proposed for informing policyholders (including additional advertising or, where appropriate, electronic communication). ~~For instance, the FSA would be unlikely to object to a transfer on the grounds that policyholders had not been sent notices, if cover for the policies concerned had expired and the probability of them making a claim was so small as to make the sending disproportionately expensive (particularly if there had been additional advertising). A firm may not be able to send notices to some or all of its policyholders, because it does not have their address, or may not even know their identity. This situation is not uncommon for business written through brokers or other agents. In such a case, alternative ways of informing policyholders need to be considered.~~

...

Statement to policyholders

...

- 18.2.49 [FCA/  
PRA] G Where the transferee is a *friendly society*, the notice should include information about the meeting at which a special resolution in accordance with paragraph 7 of Schedule 12 to the Friendly Societies Act 1992 is to be voted on, including the date of the meeting, how notice of the meeting is to be given to members and the terms of the special resolution. After the meeting the *friendly society* should inform the ~~FSA~~ appropriate regulator whether the special resolution has been passed. The court will also need to be informed, so ~~an appropriate one~~ way of informing the ~~FSA~~ appropriate regulator may be to include it in the affidavit to the court.
- 18.2.50 [FCA/  
PRA] G The ~~FSA~~ regulators should be given the opportunity to comment on the statement referred to in SUP 18.2.48G before it is sent, unless ~~the FSA has informed the promoters~~ have been informed in writing that ~~it does not wish to do so~~ this is not necessary.

~~FSA assessment~~ Assessment of scheme and the regulators' report(s) to the court

- 18.2.51 G The assessment is a continuing process, starting when the scheme promoters first approach the *FSA appropriate regulator* about a proposed scheme. Each regulator will have an interest in assessing the scheme. Among the considerations that may be relevant to both the depth of consideration ~~given~~ each gives to, and ~~the FSA's~~ each regulator's opinion on, a scheme are:
- (1) the potential risk posed by the transfer to ~~the regulatory objectives~~ its statutory objectives;
  - ...
  - (4) how the scheme compares with possible alternatives, particularly those that do not require approval (whether by the court or the *FSA appropriate regulator*);
  - ...
  - (6A) how any reinsurer of a transferor, any of whose contracts of reinsurance are to be transferred by the scheme may be affected;
  - (7) how for other *persons* (besides *policyholders* and *reinsurers*) who have an interest in *policies*, their rights and the security of those rights appear to be affected;
  - (8) the opportunity given to *policyholders* and other persons affected by the scheme to consider the scheme, that is whether they have been properly notified, whether they have had adequate information and whether they have had adequate time to consider that information;
  - ...
  - (10) for a transfer that involves *underwriting members* or *former members* of Lloyd's as transferor or transferee, the effect on the *Society*;
  - ...
  - (12) any views expressed by *policyholders*, *reinsurers* or any other affected parties.
- 18.2.52 G The *scheme report* will be an important factor in the view ~~the FSA~~ each of the regulators forms on a scheme. ~~The FSA will place considerable reliance~~ Considerable reliance will be placed on the opinions of the *independent expert* and the reasons for them. However ~~it~~ each regulator will form its own view taking into account other relevant information and having regard to its ~~regulatory~~ statutory objectives.
- 18.2.53 G The ~~FSA is~~ regulators are likely to object to a scheme if ~~it~~ they ~~concludes~~ conclude that it is unfair to a class of *policyholders*, unless the *policyholders* of that class have approved the scheme on the basis of information the *FSA* ~~considers~~ regulators consider to be adequate, clear and accurate. ~~Policyholders are not required to vote on a scheme but would, for instance,~~

~~normally vote on a demutualisation or on a scheme of arrangement under the Companies Act 2006. The FSA is also likely to object to a scheme if it concludes that it has a material adverse effect on *policyholders*' security. The FSA may wish to satisfy itself that questions of systems and controls are properly addressed. There may also be conduct of business issues, particularly if the market has not fully absorbed the impact of the scheme by its effective date. The FSA would seek to resolve such issues through discussion with the scheme promoters in advance of the application to the court for approval, giving them the opportunity to amend the scheme or documentation, or otherwise to allay the FSA's concerns. Scheme promoters should keep the FSA informed to allow this discussion.~~

- 18.2.53 A [FCA/PRA] G If at any time the regulators, or either of them, conclude that *policyholders* and/or, as appropriate, other relevant affected *persons* have not had adequate information and/or sufficient time to consider information, they will seek to resolve such issues with the scheme promoters. This may require further notification. If either regulator remains unsatisfied that such *policyholders* and/or other persons have received adequate information and sufficient time to consider it they are likely to object to a transfer.
- 18.2.54 [FCA/PRA] G ~~The FSA~~ Either regulator may exercise its other powers under the *Act*, if it considers this a more effective method of achieving its *regulatory objectives*.  
~~advancing its *statutory objectives*.~~
- 18.2.55 [FCA/PRA] G ~~The FSA~~ Neither regulator is ~~not~~ required under its *regulatory statutory objectives* to object to a scheme merely because some other scheme might have been in the better interests of *policyholders*, if the scheme itself is not adverse to their interests. However there may be circumstances where ~~treating *customers* fairly would~~ either regulator might require a *firm* to consider or to implement an alternative scheme.
- 18.2.56 [FCA/PRA] G Where a transfer involves *underwriting members* or *former members* of Lloyd's as transferor or transferee, the ~~FSA~~ appropriate regulator will consult the *Society*. Where the business of a *syndicate* is being transferred, the transfer involves all *members* participating in the relevant *syndicate years*.
- 18.2.57 [FCA/PRA] G Regulations require that copies of the application to the court, the *scheme report* and the statement for *policyholders* referred to in SUP 18.2.48G are also given to the ~~FSA~~ appropriate regulator. ~~This enables the FSA to consider these and determine whether it wishes to be heard by the court. It might assist the FSA if these items were given to the FSA in draft, in the first instance. This would enable:~~
- (1) ~~the FSA to seek clarification before the documents were finalised;~~  
and
  - (2) ~~if the promoters so choose, allow them to amend the scheme to meet any concerns of the FSA.~~
- 18.2.57 A G The provision of reports from one or other (or both) regulators to assist the court is common practice. In most cases, a first report will be provided to the

- [FCA/  
PRA] court in advance of the directions hearing and a second report will be provided to the court in advance of the final hearing. Where additional information needs to be given to the court by either regulator, this will be provided using the most appropriate format for the circumstances in each case, and may include the provision of one or more additional reports to the court.
- 18.2.57 G When assessing a proposed scheme under Part VII of the Act each regulator will, taking into account all relevant matters in each case, consider whether it should provide a report to the court. As it will lead the Part VII process for insurance business transfers, the PRA will usually provide such a report.  
B  
[FCA/  
PRA]
- 18.2.57 G In order to enable each of the regulators to assess the scheme and to facilitate the process, the parties to the proposed scheme will need to ensure timely provision of all relevant information to each regulator for its consideration of that scheme.  
C  
[FCA/  
PRA]
- 18.2.57 G In relation to the matters at SUP 18.2.57AG to SUP 18.2.57CG above and to facilitate the provision to the court of a first report in advance of a directions hearing, near final versions of relevant documents will need to be made available to each of the regulators as soon as practicable. Scheme promoters should be aware that where such documents are produced less than six weeks before the date set for the hearing the regulators will be less likely to be in a position to complete their assessment in advance of the hearing. Final versions of any such documents should be provided as soon as they are available.  
D  
[FCA/  
PRA]
- 18.2.57 G Relevant documents in SUP 18.2.57DG above will usually include:  
E  
[FCA/  
PRA]
- (1) the scheme report;
  - (2) if the business to be transferred includes long-term insurance business, copies of reports on the transfer by the actuarial function holder and (if the insurance business includes with-profits business) the with-profits actuary of both firms;
  - (3) draft notices under article 3 of the Financial Services and Markets Act 2000 (Control of Business Transfers)(Requirements on Applicants) Regulations 2001(SI 2001/3625), as amended by the Financial Services and Markets Act 2000 (Control of Business Transfers)(Requirements on Applicants) (Amendment) Regulations 2008 (SI 2008/1467) and the Financial Services and Markets Act 2000 (Amendments to Part 7) Regulations 2008 (SI 2008/1468);
  - (4) where a proposed transfer involves an underwriting member or former underwriting member of the Society as transferor or transferee, a copy of the resolution or certificate required by article 4 of the Financial Services and Markets Act 2000(Control of Transfers

of Business Done at Lloyd's) Order 2001 (SI 2001/3626), as amended by the Financial Services and Markets Act 2000 (Control of Transfers of Business Done at Lloyd's) (Amendment) Order 2008 (SI 2008/1725;

- (5) any witness statements or other evidence which the parties to the proposed transfer intend to submit to the court for the directions hearing;
- (6) the draft order.

18.2.57 G Matters included at *SUP* 18.2.57EG(5) should include sufficient information  
F to enable:  
[FCA/  
PRA]

- (1) the appropriate regulator to decide which other non-UK regulators must be consulted. This information should be provided to the appropriate regulator as soon as it is available;
- (2) the appropriate regulator to decide whether to approve the notices at *SUP* 18.2.57EG(3); and
- (3) each regulator to form an opinion on any matters arising in connection with press advertising and notifications, including in relation to any waivers the parties to the proposed transfer intend to seek from the court under article 4 of those regulations.

18.2.57 G A copy of any order made at the directions hearing should be provided by the  
G applicant to the *appropriate regulator* as soon as it is available.  
[FCA/

18.2.57 G In relation to the matters at *SUP* 18.2.57A to *SUP* 18.2.57CG and to facilitate

[FCA/  
PRA] hearing, near-final versions of relevant documents will need to be made available to each of the regulators as soon as practicable. Scheme promoters should be aware that where such documents are produced less than six weeks before the date set for that hearing, the regulators will be less likely to be in a position to complete their assessment in advance of the hearing. Final versions of any such documents should be provided as soon as they are available.

18.2.58 G ~~For long-term insurance business, the affidavit evidence to the court would normally include copies of reports on the transfer by the actuarial function holder and (if the insurance business includes with profits business) the with-profits actuary of both firms, which should be provided to the FSA at an early stage. *SUP* 4.3.17R (4) requires a firm to request the advice of its with-profits actuary about the likely effect of material changes in its business plans on the rights and reasonable expectations of the relevant classes of its with-profits policyholders. A transfer would be material unless the liabilities transferred~~

~~were not material relative to the total liabilities of the firm. The advice on a transfer would normally be in the form of a formal report by the *with profits actuary*. [deleted]~~

- 18.2.58 G Relevant documents in SUP 18.2.57HG will usually include:  
A  
[FCA/  
PRA]
- (1) any witness statements or other evidence which the parties to the proposed transfer intend to submit to the court for the final hearing;
  - (2) the notice or notices published and sent in accordance with the order of the court at SUP 18.2.57GG;
  - (3) proof of publication of the notice or notices at (2);
  - (4) any final and/or additional reports of the *independent expert*;
  - (5) any objections or other representations received from *policyholders* and/or other affected persons together with any responses to any such objections or representations;
  - (6) the draft final order.
- 18.2.59 G ~~The scheme promoters should advise the FSA about any material representations made to them in response to the transfer scheme. Where it is proposed that reinsurance arrangements should pass to the transferee under the scheme, the FSA should also be informed about the steps being taken to consult with, or seek the consent of, the reinsurers and the reactions received. [deleted]~~
- 18.2.59 G Provided that any necessary consents have been obtained in respect of confidential information, where either regulator has made a report it will give a copy of its report to the court and will give a copy of its report as filed with the court to each of the parties to the proposed transfer as soon as practicable after such filing.

- 18.2.59 G Provided that any necessary consents have been obtained in respect of confidential information, the parties to the proposed transfer should give a copy of any report at SUP 18.2.59AG to the *independent expert*.  
B  
[FCA/  
PRA]
- 18.2.59 G The parties to the proposed transfer should, in each case, consider whether it would facilitate the effective running of the process to give copies to any other person, including any person who alleges that he would be adversely affected by the carrying out of the scheme and intends to be heard in accordance with section 110 of the Act. Where any such provision is to be made, any necessary consents should first be obtained in respect of confidential information.  
C  
[FCA/  
PRA]

- 18.2.59 G The court is likely to wish to know the opinion of each of the regulators.  
D Each regulator will decide in each case, taking all relevant matters into  
[FCA/ account, the most effective method to make known to the court its opinion.

- 18.2.59 G Where either regulator has indicated to the parties to the proposed transfer  
E that it intends to appear at any hearing before the court in relation to a  
[FCA/ proposed scheme under Part VII of the Act a copy set of the bundle of  
PRA] documents filed with the court should be provided to it as soon as practicable.

#### Post-transfer advertising

- 18.2.60 G ~~The court is likely to wish to know the FSA's opinion on the scheme and, if  
the FSA does not intend to be heard, the affidavit may include a summary of  
the views expressed by the FSA. The applicants to the court should provide  
the FSA with a copy of all the affidavit evidence that they intend to submit to  
the court. [deleted]~~
- 18.2.61 G Under section 114 of the Act the court must direct that notice of the transfer  
[FCA/ be published by the transferee in any EEA State other than the United  
PRA] Kingdom which is the state of the commitment or the state of the risk as  
regards any policy included in the transfer which evidences a contract of  
insurance (other than a contract of reinsurance). The regulators would expect  
the transferee to publish notice in at least one national newspaper in each  
relevant EEA State. Such publication should include the notification of the  
transfer to the policyholders in the state of the commitment or the state of the  
risk. The parties should also be mindful of relevant provisions of the national  
laws of the relevant state of the commitment or the state of the risk.
- 18.2.62 G Under section 114A of the Act the court may direct that notice of a transfer  
[FCA/ be published by the transferee in any EEA State which is the state of the  
PRA] commitment or the state of the risk as regards any policy included in the  
transfer which evidences a contract of reinsurance.

### 18.3 Insurance business transfers outside the United Kingdom

#### Purpose

- 18.3.1 G Under section 115 of the Act, the ~~FSA~~ appropriate regulator has the power to  
[FCA/ give a certificate confirming that a firm possesses any required minimum  
PRA] margin, to facilitate an insurance business transfer to the firm under overseas  
legislation from a firm authorised in another EEA State or from a Swiss  
general insurance company. This section provides guidance on how the FSA  
appropriate regulator would exercise this power and on related matters.

#### ~~FSA~~ Appropriate regulator response to proposal

- 18.3.1A G Unless otherwise expressly stated by the appropriate regulator, all the  
[FCA/ procedural aspects for dealing with insurance business transfers outside the

- PRA] United Kingdom should be discussed by firms with the PRA in the first instance.
- 18.3.2 G Under cooperation agreements between *EEA regulators*, if it has serious  
[FCA/ concerns about the proposed transferee, the FSA appropriate regulator  
PRA] should inform the *regulatory body* of the transferor within 3 months of the original request from that *regulatory body*. The FSA appropriate regulator is not obliged to reply, but if it does not, its opinion is taken to be ~~favorable~~ favourable. Although the protocol does not apply to Switzerland, the FSA appropriate regulator is required to cooperate with the Swiss *regulatory body* and would apply similar principles to a proposed transfer from a *Swiss general insurance company*.
- 18.3.3 G The information that the *regulatory body* of the transferor is required to  
[FCA/ supply will normally be sufficient for the FSA appropriate regulator  
PRA] to determine whether the transfer is likely to have a material effect on the transferee.
- 18.3.4 G If the effect of the transfer is not likely to be material and the FSA  
[FCA/ appropriate regulator does not already have serious concerns about the  
PRA] transferee, the FSA appropriate regulator can reply ~~favorably~~ favourably.
- 18.3.5 G If the effect of the transfer may be material, the FSA appropriate regulator  
[FCA/ will need to consider whether to request a *scheme of operations* or other  
PRA] information from the proposed transferee to assist in determining whether the likely effect of the transfer is such that the FSA appropriate regulator should have serious concerns.
- 18.3.6 G If the effect of the transfer may have a material adverse effect on the  
[FCA/ transferee or the security of *policyholders*, the FSA appropriate regulator  
PRA] will consider whether it is appropriate to exercise its powers under the *Act* to achieve its ~~regulatory~~ statutory objectives.

## 18.4 Friendly Society transfers and amalgamations

...

### General considerations

- 18.4.1A G In general, although the legislation governing transfers of engagements  
[FCA/ involves friendly societies is the Friendly Societies Act 1992, similar issues  
PRA] arise in these transfers as in insurance business transfers under Part VII of the Act and so the regulators would expect firms to be subject to a similar process followed under the Act. Accordingly, firms should usually first discuss the procedural aspects for dealing with friendly society transfers and amalgamations with the PRA. The PRA will consult the FCA as required by the Friendly Societies Act 1992, or as may otherwise appear to be appropriate.

- 18.4.2 [FCA/PRA] G *Friendly societies* are encouraged to discuss a proposed transfer or amalgamation with the FSA appropriate authority, at an early stage to help ensure that a workable timetable is developed. This is particularly important where there are notification requirements for supervisory authorities in *EEA States* other than the *United Kingdom*, or for an amalgamation where additional procedures are required.
- 18.4.3 [FCA/PRA] G The FSA regulators will want to satisfy ~~itself~~ themselves that after an amalgamation or a transfer the business will be prudently managed and continue to comply with the *Principles*. ~~It may therefore require prudential information to be provided. It may request prudential information at an early stage to provide itself with adequate time to assess the information all~~ applicable requirements.
- 18.4.4 [FCA/PRA] G For a transfer to another *friendly society*, if the conditions of 87(1) and 87(2) of the Friendly Societies Act 1992 are met a report is required from the *appropriate actuary* of the transferee to confirm that it will meet the ~~required minimum margin~~ necessary margin of solvency. Where the conditions of 87(1) and 87(3) are met the FSA appropriate authority may require a report from the *appropriate actuary* of the transferee to confirm that it will have an excess of assets over liabilities.
- 18.4.5 [FCA/PRA] G For a transfer of *long-term insurance business*, the FSA appropriate authority may, under section 88 of the Friendly Societies Act 1992, require a report from an independent *actuary* on the terms of the proposed transfer and on his opinion of the likely effects of the transfer on long-term *policyholder* members of either the transferor or (if it is a *friendly society*) the transferee. A summary is included in the statement sent to members (see SUP 18.4.13G) and the full report is required to be made available to anyone on payment of a reasonable fee. The general principles in SUP 18.2.32G to SUP 18.2.40G apply to the independent *actuary's* report.
- 18.4.6 [FCA/PRA] G Under the Friendly Societies Act 1992 the FSA appropriate authority ~~may not~~ is required to confirm a proposed transfer of engagements, ~~unless it is~~ It will do so only where it is satisfied that the transfer is in the interests of the members of each *friendly society* participating in the transfer (see SUP 18.4.25G(2)(b)). ~~It~~ The appropriate authority will therefore ask that the participating societies' *actuaries* confirm that the transfer is in the interests of the members.
- 18.4.7 [FCA/PRA] G Under the Friendly Societies Act 1992, members will normally have the opportunity to vote on a proposed transfer or amalgamation (SUP 18.4.11G and SUP 18.4.12G describe exceptions). A *friendly society* has to ensure that, before casting their votes, its members are clearly and fully informed of the terms on which the amalgamation or transfer of engagements is to take place and that they have all the information needed to understand how their interests will be affected. If the society's rules permit, delegates can vote except on an "affected members' resolution" under section 86. The FSA appropriate authority may not confirm an amalgamation or a transfer if it considers that information material to the members' decision was not made

available to all the members eligible to vote.

- 18.4.8 [FCA/  
PRA] G Amendments to a *friendly society's* registered rules may be necessary to permit a transfer to it. The ~~FSA~~ FCA will need to be consulted in the usual way about registration of the appropriate rules. Similarly for an amalgamation, each of the amalgamating societies has to approve the memorandum and rules of the new society and the requirements of schedule 3 to the Friendly Societies Act 1992 have to be met. It will be necessary to allow adequate time for these processes.
- 18.4.9 [FCA/  
PRA] G For an amalgamation the successor society, and for a transfer the transferee, may need to apply for *permission*, or to vary its *permission*, under Part ~~IV~~ 4A of the *Act*. The ~~FSA~~ regulators will need sufficient time before ~~confirming~~ a transfer is confirmed to consider whether any necessary *permission* or variation should be given. If the transferee is an *EEA firm* or a *Swiss general insurance company*, then confirmation will be needed from its *Home State regulator* that it meets the *Home State's* solvency margin requirements (see *SUP* 18.4.25G(3)).
- 18.4.10 [FCA/  
PRA] G It is likely that the information sent to members will include a statement explaining the reasons for the amalgamation or transfer and the choice of partner. Although this is not a statutory statement and not subject to ~~FSA~~ either regulator's approval, the ~~FSA~~ regulator's views on the content of the statement will be a factor that the appropriate authority will take the statement into account when before considering whether to confirm the amalgamation or transfer. A *friendly society* will therefore find it helpful to consult the ~~FSA~~ regulators about the content of such a statement.

FSA Exercise of discretion by the appropriate authority

- 18.4.11 [FCA/  
PRA] G The ~~FSA~~ appropriate authority has discretion under section 86(3)(b) of the Friendly Societies Act 1992 to allow a transferee society to resolve to undertake to fulfil the engagements of a transferor society by resolution of the committee of management, rather than by special resolution. Among the issues on which the ~~FSA~~ appropriate authority will wish to ~~satisfy itself be~~ satisfied before exercising this discretion, are that the transfer will be in the interests of the members of both societies and that the transfer will not mean a change of policy by the transferee society. The ~~FSA~~ appropriate authority is unlikely to exercise this discretion unless the transferee is significantly larger than the business to be transferred.
- 18.4.12 [FCA/  
PRA] G The ~~FSA~~ appropriate authority has discretion under section 89 of the Friendly Societies Act 1992 to modify some of the requirements for a transfer of engagements from a *friendly society*, on the application of a specified number of its members, if it is satisfied that it is expedient to do so in the interests of its members or potential members.

Schedule 15 statement to members

- 18.4.13 [FCA/  
PRA] G Schedule 15 to the Friendly Societies Act 1992 requires a statement to be sent to every member of a *friendly society* entitled to vote on a transfer or

PRA] amalgamation. Among other matters this statement has to cover the financial position of the *friendly society* and every other participant in the transfer or amalgamation. The members should be provided with sufficient financial information about the respective financial positions of the participants to gain an understanding of the relative financial strengths and *key features* of the participants. The statement has to include a summary of any *actuary's* report under section 88, though the FSA appropriate authority may direct that the summary is to be provided separately if inclusion appears impractical.

...

18.4.16 G The information should state whether any of the participants has any  
[FCA/ significant future capital commitments. The FSA appropriate authority will  
PRA] require it to state that the transfer of engagements or amalgamation will not conflict with any contractual commitment by a society, any *subsidiary* or any body jointly controlled by it and others.

18.4.17 G Brief details should be given of the date of the last actuarial valuation and  
[FCA/ the position revealed (surplus/deficit, ~~required minimum margin~~ necessary  
PRA] margin of solvency and free assets) for each participant.

18.4.18 G The FSA appropriate authority may require confirmation from the auditors  
[FCA/ of either *friendly society* involved in the transfer or amalgamation about the  
PRA] reasonableness of any part of the information in the statement. For instance such confirmation would normally be required if the financial information relates to a date more than six months previously.

...

18.4.20 G Under schedule 15 to the Friendly Societies Act 1992, the FSA appropriate  
[FCA/ authority may require the statement to include any other matter. ~~The FSA~~  
PRA] ~~would normally require~~ Under this provision, inclusion of the terms on which the amalgamation or the transfer of engagements is to be made will usually be required.

18.4.21 G The statement should be clearly separate from other information sent to  
[FCA/ members. It has to be approved by the FSA appropriate authority and if it is  
PRA] not in a self-contained document, the approved element should appear in a separate section.

...

#### Confirmation procedures and criteria

18.4.23 G Under the Friendly Societies Act 1992:  
[FCA/  
PRA]

- (1) when the members of a transferor society have approved the transfer of its engagements by passing a special resolution and the transferee has approved the transfer (by passing a resolution where the

transferee is a *friendly society*); or

- (2) when two or more societies have approved a proposed amalgamation by passing a special resolution;

it, or they jointly, must then obtain confirmation by the FSA appropriate authority of the transfer. Notice of the application will need to be published in one or more of the London, Edinburgh or Belfast Gazettes and other newspapers as directed by the FSA appropriate authority. If the FSA appropriate authority confirms a transfer, then ~~it~~ the FCA will register the society's instrument of transfer after receiving an application on the appropriate form by the transferor society and the transferee. If the FSA appropriate authority confirms an amalgamation, ~~it~~ the FCA will register the successor society. All the property, rights and liabilities pass on the transfer date specified by the FSA appropriate authority.

18.4.24 [FCA/  
PRA] G For a *directive friendly society*, if the transfer or amalgamation includes *policies* where the *state of the risk* or the *state of the commitment* is an *EEA State* other than the *United Kingdom*, consultation with the *Host State regulator* is required and SUP 18.2.25G to SUP 18.2.29G apply (for an amalgamation they apply as if the business of the amalgamating societies is to be transferred to the successor society). Paragraph 6(1) of Schedule 15 to the Friendly Societies Act 1992 requires publication of the application to the FSA appropriate authority for confirmation of an amalgamation or transfer and the FSA appropriate authority may require the notice of the application to be published in two national newspapers in the *Host State*.

18.4.25 [FCA/  
PRA] G The criteria that the FSA appropriate authority must use in determining whether to confirm a proposed amalgamation or transfer are set out in schedule 15 to the Friendly Societies Act 1992. These criteria include that:

- (1) confirmation must not be given if the FSA appropriate authority considers that:  
...
- (2) the FSA appropriate authority must be satisfied that:
  - (a) the transferee or successor society will have any *permissions* necessary under Part ~~IV~~ 4A of the *Act*;
  - ...
- (3) for a transfer, the transferee possesses the ~~*required minimum margin*~~ necessary margin of solvency after taking the proposed transfer into account or, where it is not required to maintain a ~~*required minimum margin*~~ necessary margin of solvency, possesses an excess of assets over liabilities (for a transferee that is a *Swiss general insurance company* or an *EEA firm*, this is evidenced by a certificate from its *home state regulator*).

- 18.4.26 [FCA/  
PRA] G If *authorisation* or a *Part IV 4A permission* is needed, the FSA appropriate authority will need to consider the application for *authorisation* or *permission* in the usual way. If the *authorisation* or *permission* is refused, confirmation cannot be given even if all the other criteria are met. ~~As part of the regulatory objective to protect consumers, the FSA may consider whether an amalgamation is in the interests of members.~~
- 18.4.27 [FCA/  
PRA] G The FSA appropriate authority may (as an alternative to refusing confirmation) direct the society or societies to remedy certain procedural defects in a proposed transfer or amalgamation, and after they have been remedied confirm the application. If it appears to the FSA appropriate authority that failure to meet a "relevant requirement" of the Friendly Societies Act 1992 or the rules of the *friendly society* could not be material to the members' decision, then it may direct that this failure is to be disregarded.
- Confirmation procedures: representations
- 18.4.28 [FCA/  
PRA] G Any interested party has the right to make representations to the FSA appropriate authority about an application for confirmation of a transfer or amalgamation. This includes any *person* (whether a member of the *friendly society* or not) who claims that he would be adversely affected by the amalgamation or transfer. The *person* making the representations should state clearly why he or she claims to be an interested party and the ground or grounds to which the representations are directed.
- 18.4.29 [FCA/  
PRA] G Written representations, or written notice of a *person's* intention to make oral representations, or both, are required to reach the FSA appropriate authority by the date published in the relevant Gazette and other newspapers. Those giving notice of intent to make oral representations are advised to state the nature and general grounds of the oral representations they intend to make. *Persons* who make written representations but subsequently decide also to make oral representations are required, nevertheless, to give notice of that intention, in writing, to the FSA appropriate authority by the same date.
- 18.4.30 [FCA/  
PRA] G The FSA appropriate authority will send copies of all written representations to the society(ies), and will afford them an opportunity to comment on the representations. It may consider the written representations and a society's response to them, before the date set for hearing oral representations. A synopsis of the written representations (probably in the form of a summary of each of the points made and the numbers of *persons* making each point) and a society's responses will be made available to those participating in the hearing. This is intended to inform those making oral representations of the points already being considered by the FSA appropriate authority.
- 18.4.31 [FCA/  
PRA] G The ~~FSA expects~~ regulators expect that any documents referred to in a society's comments will be made available by the society for inspection at its registered office and, if reasonably possible, at the venue of the hearing on the date of the hearing. However if a society applies to put documents

which it considers to be sensitive to the FSA to the regulator(s) in confidence, the FSA regulators will balance any disadvantage this might cause interested parties in making representations against the commercial damage that publication of the documents might cause, and the appropriate authority may permit the documents or sensitive parts of them not to be available for inspection.

Confirmation hearing

- 18.4.32 [FCA/PRA] G Interested parties may be represented and may make collective representations. Such arrangements should be notified to the FSA appropriate authority in advance to enable it to make appropriate arrangements.
- 18.4.33 [FCA/PRA] G The hearing referred to in *SUP* 18.4.30G will be at a time and place that will be notified to the participants and will be conducted by FSA the appropriate authority's representatives. The hearing may last longer than one day and may be adjourned. The FSA appropriate authority will try to tell participants when they may expect to make their representations and when the society may be expected to respond.
- 18.4.34 [FCA/PRA] G The FSA appropriate authority expects that oral hearings will be held in public though this is not required. At the start, members of the general public and the press will be asked to wait outside while participants are asked if any of them has good reason to object to the admission of the general public or the press. Unless an objection by a participant is upheld by the FSA appropriate authority's representatives, the press and the general public will then be admitted, within the limits of the space available. However, the FSA appropriate authority's representatives may decide that parts of the hearing will be in private if that appears to them to be desirable.
- 18.4.35 [FCA/PRA] G The procedure will be informal. All participants will be expected to speak concisely and avoid repetition. The FSA appropriate authority will, as far as practicable, help those who are not professionally represented. Those taking the hearing may question the participants. The sequence of events will normally be broadly:
- ...
- (4) the other participants will be invited to speak to their representations. The FSA appropriate authority expects to call them in order of a list arranged, so far as possible, by subject matter;
- ...
- 18.4.36 [FCA/PRA] G The above procedure may be varied according to the circumstances at the hearing, and is intended only as a guide. The hearing may be adjourned if the FSA appropriate authority's representatives consider that necessary to enable facts to be checked or additional information to be obtained.
- 18.4.37 G The FSA appropriate authority will not decide whether to confirm the

[FCA/  
PRA]

transfer or amalgamation at the hearing. A copy of its written decision, including its findings on the points made in representations, will be sent to the society(ies) and to those making representations. It will also be available to any other *person* on request and may be published.

**Table: 1 Transitional Provisions applying across the FCA and PRA Handbooks**

(1)	The purpose of these transitional provisions is to assist a smooth transition at cutover. They comprise various technical provisions that will apply across the whole <i>FCA and PRA Handbooks</i> and achieve results that most people would probably expect to apply in any event.

(3)	The more specific transitional provisions relating to record keeping and <i>notification rules</i> override the general transitional provisions. Both the general and the more specific transitional provisions do not apply if the context requires otherwise and are subject to any more specific transitional provision elsewhere in the <i>FCA</i> and <i>PRA Handbooks</i> relating to the matter.

**Schedule 5 Rights of action for damages**

Sch 5.1 G The table below sets out the *rules* in *GEN* contravention of which by an *authorised person* may be actionable under section ~~150~~ 138D of the *Act* (Actions for damages) by a person who suffers loss as a result of the contravention.

Sch 5.2 G If a 'Yes' appears in the column headed 'For *private person*?', the *rule* may be actionable by a 'private person' under section ~~150~~ 138D (or, in certain circumstances, his fiduciary or representative; see article 6(2) and (3)(c) of the Financial Services and Markets Act 2000 (Rights of Action) Regulations 2001 (SI 2001/2256)). A 'Yes' in the column headed 'Removed' indicates that the ~~FSA~~ FCA has removed the right of action under section ~~150(2)~~ 138D(3) of the *Act*. If so, a reference to the *rule* in which it is removed is also given.

Sch 5.3 G The column headed 'For other person?' indicates whether the *rule* may be actionable by a person other than a *private person* (or his fiduciary or representative) under article 6(2) and (3) of those Regulations. If so, an indication of the type of *person* by whom the *rule* may be actionable is given.

## Schedule 6 Rules that can be waived

Sch 6.1 G 4 ~~As a result of regulation 10 of the Regulatory Reform (Financial Services and Markets Act 2000) Order 2007 (SI 2007/1973) the FSA has power to waive all its rules, other than rules made under section 247 (Trust scheme rules) or section 248 (Scheme particulars rules) of the Act. However, if the rules incorporate requirements laid down in European directives, it will not be possible for the FSA to grant a waiver that would be incompatible with the United Kingdom's responsibilities under those directives. It therefore follows that if a rule contains provisions which derive partly from a directive, and partly not, the FSA will be able to consider a waiver of the latter requirements only, unless the directive provisions are optional rather than mandatory.~~

2 ~~GEN 2.1.8R is made by FOS Ltd and not by the FSA and cannot be waived by the FSA.~~

3 ~~Every other rule in GEN can be waived by the FSA if, and to the extent that, the rules elsewhere in the Handbook which it modifies or to which it otherwise relates can be waived by the FSA. [deleted]~~

Sch 6.1A  
G As a result of section 138A of the Act (Modification or waiver of rules) the FCA has power to waive all its rules, other than rules made under section 137O (Threshold condition code), section 247 (Trust scheme rules) or section 248 (Scheme particulars rules) of the Act. However, if the rules incorporate requirements laid down in European directives, it will not be possible for the FCA to grant a waiver that would be incompatible with the United Kingdom's responsibilities under those directives.

Sch 6.1B  
G As a result of section 138A of the Act (Modification or waiver of rules) the PRA has power to waive all its rules, other than rules made under section 137O (Threshold condition code). However, if the rules incorporate requirements laid down in European directives, it will not be possible for the PRA to grant a waiver that would be incompatible with the United Kingdom's responsibilities under those directives.

Sch 6.2 G 1 GEN 2.1.8R is made by FOS Ltd and not by the appropriate regulator and cannot be waived by the appropriate regulator.

2 Every other rule in GEN can be waived by the appropriate regulator if, and to the extent that, the rules elsewhere in its Handbook which it modifies or to which it otherwise relates can be waived by the appropriate regulator.

## Annex C

### Amendments to the Supervision manual (SUP)

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### 21.1 Form of waiver for energy participants

...

21.1.2 G *Energy market participants* should bear in mind that section 138A and 138B of the *Act* requires that in order to give a *waiver* of particular *rules*, the ~~FSA~~ FCA must be satisfied that:

- (1) compliance with the *rules*, or with the *rules* as unmodified, would be unduly burdensome or would not achieve the purpose for which the *rules* were made; and
- (2) the *waiver* would not ~~result in undue risk to persons whose interests the rules are intended to protect~~ adversely affect the advancement of any of the *FCA*'s operational objectives.

...

#### Appendix 3 Guidance on passporting issues

...

App 3.3.14 G Blanket notification is the practice of the *Home State regulator* notifying all *Host State regulators* in respect of all activities regardless of any genuine intention to carry on the activity. This practice is discouraged by the ~~FSA~~ FCA and PRA. However, a *firm* may be carrying on activities in the *United Kingdom* or elsewhere in a way that necessarily gives rise to a real possibility of the provision of services in other *EEA States*. In such cases, the *firm* should consider with its advisers whether it should notify the relevant authorities and include that possibility in its business plan.

...

App 3.6.7 G In respect of banking services, the European Commission believes that "...to determine where the activity was carried on, the place of provision of what may be termed the 'characteristic performance' of the service i.e. the essential supply for which payment is due, must be determined" (Commission interpretative communication: Freedom to provide services and the interests of the general good in the Second Banking Directive (97/C 209/04)). In the ~~FSA's~~ view of the FCA and PRA, this requires consideration of where the service is carried out in practice.

App 3.6.8 G The ~~FSA~~ FCA and PRA are of the opinion that *UK firms* that are *credit institutions* and *MiFID investment firms* should apply the 'characteristic

PRA] performance' test (as referred to in *SUP* App 3.6.7G) when considering whether prior notification is required for services business. *Firms* should note that other *EEA States* may take a different view. Some *EEA States* may apply a solicitation test. This is a test as to whether it is the consumer or the provider that initiates the business relationship.

...

App 3.6.15 [FCA / PRA] G The ~~FSA~~ FCA and PRA consider that, in order to comply with *Principle 3: Management and control* (see *PRIN* 2.1.1R), a *firm* should have appropriate procedures to monitor the nature of the services provided to its *customers*. Where a *UK firm* has non-resident *customers* but has not notified the *EEA State* in which the *customers* are resident that it wishes to exercise its freedom to provide services, the ~~FSA~~ FCA and PRA would expect the *firm's* systems to include appropriate controls. Such controls would include procedures to prevent the supply of services covered by the *Single Market Directives* in the *EEA State* in which the *customers* are resident if a notification has not been made and it is proposed to provide services otherwise than by remote communication. In respect of *insurance business*, the *insurer's* records should identify the location of the risk at the time the policy is taken out or last renewed. That will, in most cases, remain the location of the risk thereafter, even if, for example, the *policyholder* changes his habitual residence after that time.

...

App 3.6.25 [FCA / PRA] G (1) The ~~FSA~~ FCA and PRA are of the opinion that where a *UK firm* becomes a member of:

- (a) a *regulated market* that has its registered office or, if it has no registered office, its head office, in another *EEA State*; or
- (b) an *MTF* operated by a *MiFID investment firm* or a *market operator* in another *EEA State*,

the same principles as in the 'characteristic performance' test should apply. Under this test, the fact that a *UK firm* has a screen displaying the *regulated market's* or the *MTF's* prices in its UK office does not mean that it is *dealing* within the territory of the *Home State* of the *regulated market* or of the *MTF*.

(2) In such a case, ~~we~~ the FCA and PRA would consider that:

- (a) the *market operator* operating the *regulated market* or the *MTF* is providing a *cross-border service* into the *UK* and so, provided it has given notice to its *Home State regulator* in accordance with articles 42(6) or 31(5) *MiFID*, it will be exempt from the *general prohibition* in respect of any *regulated activity* carried on as part of the business of the *regulated market* or of *operating an MTF* (see section 312A of the Act);

- (b) the *MiFID investment firm* operating the *MTF* is providing a *cross-border service* into the *UK* and so needs to comply with *SUP 13A*.

...

App 3.6.27 G *Firms* should note that, in circumstances where the ~~FSA~~ takes FCA or PRA [FCA / PRA] take the view that a notification would not be required, other *EEA States* may take a different view.

**Schedule 5 Rights of actions for damages**

Sch 5.1 G [FCA]	1	The table below sets out the <i>rules</i> in SUP contravention of which by an <i>authorised person</i> may be actionable under section <del>150</del> <u>138D</u> of the <i>Act</i> (Actions for damages) by a <i>person</i> who suffers loss as a result of the contravention.
	2	If a "Yes" appears in the column headed "For private person?", the <i>rule</i> may be actionable by a " <i>private person</i> " under section <del>150</del> <u>138D</u> (or, in certain circumstances, his fiduciary or representative). A "Yes" in the column headed "Removed" indicates that the <del>FS</del> <i>FCA</i> has removed the right of action under section <del>150(2)</del> <u>138D(3)</u> of the <i>Act</i> . If so, a reference to the <i>rule</i> in which it is removed is also given.
	3	The column headed "For other person?" indicates whether the rule is actionable by a <i>person</i> other than a <i>private person</i> (or his fiduciary or representative). If so, an indication of the type of <i>person</i> by whom the <i>rule</i> is actionable is given.

##### 2.1 Introduction

...

Purpose

...

2.1.10 G ~~Paragraph 17(2) of Schedule 1 and section 99(3) to the Act prohibit the FSA from taking account of penalties received when setting its periodic and other fees. Accordingly periodic fees are specified without reference to the penalties received. However, the FSA normally expects to allocate those penalties to the fee blocks within which the penalty payers fall, by way of a deduction from the periodic fee. Any deductions of this sort are set out in the relevant fees provisions or will be notified to the fee payer at the relevant time. [deleted]~~

**4.1 Introduction**

...

Background

...

4.1.3 G Most of the detail of the periodic fees that are payable by *firms* is set out in *FEES 4 Annexes 1A* to 11. *FEES 4 Annex 12G* provides guidance on the calculation of certain tariffs. Most of the provisions of the Annexes will vary from one ~~financial year~~ *fee year* to another. Accordingly fresh *FEES 4 Annexes* will come into force, following consultation, for each ~~financial year~~ *fee year*.

[FCA/  
PRA]

[Note: References to the fee period 1 April 2012 to 31 March 2013 have been updated to 1 April 2013 to 31 March 2014 in respect of the FCA and 1 April 2013 to 28 February 2014 in respect of the PRA to put into effect the rule changes contained in the Legal Cutover (Fees) Instrument 2013 only. The tariff rates set out in the FEES 4 Annexes have not yet been updated for the 2013/2014 fee year. The rates for the 2013/2014 fee year will be made by the FCA and PRA boards in June, following a consultation on a separate fees rates instrument expected to be published in March 2013.]

- 4.2.7B R (1) This rule deals with the calculation of:
- [FCA/  
PRA]
- (a) a firm's fees for its second and subsequent ~~financial year~~ fee year. These are the ~~FSA financial years~~ fee years following the ~~FSA financial year~~ fee year in which it was given permission and/or was authorised or registered under the Payment Services Regulation or the Electronic Money Regulations or had its permission and/or payment services activities extended (the relevant permissions); and
  - (b) the tariff base for the fee block or fee blocks that relate to each of the relevant permissions.
- (2) The starting point for calculating the fees referred to in (1)(a) is determining whether or not the firm's tariff base for the relevant ~~FSA financial year~~ fee year can be calculated using data from a complete

period (as specified in ~~FEES 4 Annex 2~~ Part 5 of FEES 4 Annex 1AR, Part 5 of FEES 4 Annex 1BR or Part 4 of FEES 4 Annex 11R) that begins on or after the date that the *firm* obtained the relevant *permission* to which that tariff base relates.

- (a) If it can, the *firm* must use that data for calculating its tariff base.
- (b) If it cannot, the tariff base must be calculated using the projected valuations for its first year of the business to which the tariff relates (as provided to the ~~FSA~~ in the course of the *firm's* application), unless (5)(b) or (5)(c) applies.

...

(4) ~~A reference to “FSA financial year” means the 12 months ending with 31 March [deleted]~~

(5)

...

- (b) If a *firm*:
  - (i) receives a relevant permission between 1 April and 31 December inclusive; and

...

it must calculate that tariff base as at the December before the start of the ~~FSA financial year~~ *fee year*.

- (c) If a *firm*:
  - (i) is, but for this *rule*, required to calculate its tariff base for the relevant permission by reference to the *firm's* financial year ended in the calendar year ending on the 31 December before the start of the ~~FSA financial year~~ *fee year* and, since obtaining the relevant permission, the *firm* has yet to complete a full financial year ended in the calendar year ending on the 31 December before the start of the ~~FSA financial year~~ *fee year*; or
  - (ii) is, but for this *rule*, required to calculate its tariff base by reference to the twelve *months* ending on the 31 December before the start of the ~~FSA financial year~~ *fee year* and, since obtaining the relevant permission, the *firm* has yet to complete a full twelve *months* ending on the 31 December before the start of the ~~FSA financial year~~ *fee year*;

it must calculate the tariff base under (d) below unless it is in its second ~~FSA financial year~~ *fee year* and was authorised between 1 January and 1 April (in which case it must use the projected valuations provided for in (2)(b) above.

(d) If a *firm* satisfies either of the conditions in (c) it must calculate its tariff base as follows:

(i) ...

(ii) in respect of *firms* satisfying condition (5)(c)(i), the tariff is calculated by reference to the period beginning on the date it acquired the relevant permission relating to the tariff, and ending on either the 31 December before the start of the ~~FSA financial~~ *fee year* or, if earlier, the start date of the *firm's* financial year; and

in respect of *firms* satisfying condition (5)(c)(ii), the tariff is calculated by reference to the period beginning on the date on which it acquired the relevant permission, and ending on the 31 December before the start of the ~~FSA financial~~ *fee year*;

...

(e) Where a *firm* is required to use the method in (d) it must notify the ~~FSA~~ FCA (in its own capacity and, if applicable, in its capacity as collection agent for the PRA) of this by the date specified in *FEES* 4.4R (Information on which Fees are calculated).

(f) Where a *firm* is required to use actual data under this *rule* ~~*FEES* 4 Annex 1R Part 3~~ *FEES* 4 Annex 1AR Part 5, *FEES* 4 Annex 1BR Part 5 and *FEES* 4 Annex 11R Part 4, are modified, where applicable, in relation to the calculation of that *firm's* valuation date in the ~~FSA financial~~ *fee years* to which this *rule* applies.

Part 1	
This table shows how the <i>FCA</i> links the <i>regulated activities</i> for which a <i>firm</i> has <i>permission</i> to activity groups (fee-blocks). A <i>firm</i> can use the table to identify which fee-blocks it falls into based on its <i>permission</i> .	
Activity group	Fee payer falls in the activity group if
<b>A.1 Deposit acceptors</b>	its <i>permission</i> includes <i>accepting deposits</i> or <i>operating a dormant account fund</i> <b>BUT DOES NOT</b> include either of the following: <i>effecting contracts of insurance;</i> <i>carrying out contracts of insurance.</i>
<b>A.2 Home finance providers and administrators</b>	its <i>permission</i> includes a <i>regulated activity</i> within one or more of the following: <i>entering into a home finance transaction;</i> or <i>administering a home finance transaction;</i> or <i>agreeing to carry on a regulated activity</i> which is within either of the above.
<b>A.3 Insurers - general</b>	its <i>permission</i> includes one or more of the following: - <i>effecting contracts of insurance;</i> - <i>carrying out contracts of insurance;</i> in respect of <i>specified investments</i> that are: - <i>general insurance contracts;</i> or - <i>long-term insurance contracts</i> other than <i>life policies</i> .

<p><b>A.4 Insurers - life</b></p>	<p>its <i>permission</i> includes one or more of the following:  - <i>effecting contracts of insurance</i>;  - <i>carrying out contracts of insurance</i>;  in respect of <i>specified investments</i> including <i>life policies</i>;  - <i>entering as provider into a funeral plan contract</i>.</p>
<p><b>A.5 Managing agents at Lloyd's</b></p>	<p>its <i>permission</i> includes <i>managing the underwriting capacity of a Lloyd's syndicate as a managing agent at Lloyd's</i>.</p>
<p><b>A.6 The Society of Lloyd's</b></p>	<p>it is the <i>Society</i> of Lloyd's.</p>
<p><b>Note for authorised professional firms:</b>  Generally, for fee-blocks A.7 to A.19 below, only those <i>regulated activities</i> that are not limited to <i>non-mainstream regulated activities</i> should be taken into account in determining which fee-block(s) fee-payers belong to for the purpose of charging periodic fees. However, in the case that all the <i>regulated activity</i> within a <i>firm permission</i> are limited to <i>non-mainstream regulated activities</i>, then that <i>firm's</i> will be allocated to fee-block A.13 alone. This does not prevent a fee being payable by an <i>authorised professional firm</i> under <i>FEES 3.2.7R(p)</i> and/or <i>FEES 3.2.7AR(c)</i> where it applies to vary its <i>Part 4A permission</i> such that it would normally be allocated to fee-block(s) other than A.13 if the variation was granted.</p>	

<p><b>A.7 Fund managers</b></p>	<p>(1) its <i>permission</i> includes <i>managing investments</i> (a <i>firm</i> falling within this category is a <i>class (1) firm</i>);  <b>OR</b>  (2) its <i>permission</i> includes <b>ONLY</b> either one or both of:  <i>safeguarding and administering of investments (without arranging)</i>; and  <i>arranging safeguarding and administration of assets</i> (a <i>firm</i> falling within this category is a <i>class (2) firm</i>);  <b>OR</b>  (3) the <i>firm</i> is a <i>venture capital firm</i> (a <i>firm</i> falling within this category is a <i>class (3) firm</i> if it is not a class (1) or (2) <i>firm</i>).  <b>Class (1) firms</b> are subdivided into three classes:  - <b>class (1)A</b>, where the funds managed by the <i>firm</i> belong to one or more <i>occupational pension schemes</i>;  - <b>class (1)B</b>, where:  (a) the <i>firm</i> is not a class (1)A <i>firm</i>; and  (b) the <i>firm's</i> <i>permission</i> includes <b>NEITHER</b> of the following:  <i>safeguarding and administering investments (without arranging)</i>;  <i>arranging safeguarding and administration of assets</i>; and  (c) the <i>firm</i> <b>EITHER</b>:  has a <i>requirement</i> that prohibits the <i>firm</i> from holding or controlling <i>client money</i>, or both; <b>OR</b>  if it does not have such a <i>requirement</i>, <b>only</b> holds or controls <i>client money</i> (or both), arising from an agreement under which <i>commission</i> is rebated to a <i>client</i>; and  - <b>class (1)C</b>, where the <i>firm</i> is not within class (1)A or class (1)B.</p>
<p><b>A.9 Operators, Trustees and Depositories of collective investment schemes and Operators of personal pension schemes or stakeholder pension schemes</b></p>	<p>(1) its <i>permission</i>:  (a) includes one or more of the following:  <i>establishing, operating or winding up a regulated collective investment scheme</i>;  <i>establishing, operating or winding up an unregulated collective investment scheme</i>;  <i>acting as trustee of an authorised unit trust scheme</i>;  <i>acting as the depository or sole director of an open-ended investment company</i>;  <i>establishing, operating or winding up a personal pension scheme or a stakeholder pension scheme</i> (but only if the <i>firm</i> does not fall within activity group A1 or A4);  <b>AND</b>  (b) <b>PROVIDED</b> the <i>firm</i> is <b>NOT</b> one of the following:  a <i>corporate finance advisory firm</i>;  a <i>firm</i> in which the above activities are limited to carrying</p>

Home finance outsourcing <i>firms</i> are <i>firms</i> with <i>permission</i> for administering a home finance transaction, but not entering into a home finance transaction. (2) In this context a 'mortgage' means a loan secured by a first charge over residential property in the <i>United Kingdom</i>. For the measure of the number of contracts being administered, each first charge counts as one contract, irrespective of the number of loans involved. (3) Mortgages, <i>home purchase plans</i>, <i>home reversion plans</i> and <i>regulated sale and rent back agreements</i> administered include those that the <i>firm</i> administers on behalf of other <i>firms</i>.</p>

(2) An <i>insurer</i> must include in its calculation of adjusted gross premium income (AGPI) and mathematical reserves (MR) the value of MR and AGPI relating to all risks ceded to <i>ISPVs</i>. (3) Trustee Investment Plans are the class of <i>contract of insurance</i> specified in Class III of Part II of Schedule 1 to the <i>Regulated Activities Order</i> (Contracts of long-term insurance) and which are invested in pooled funds beneficially owned by the <i>insurer</i> and not earmarked to individual beneficiaries by that <i>insurer</i>.</p>
<b>A.5</b>	<p><b>ACTIVE CAPACITY</b> The capacity of the <i>syndicate(s)</i> under management in the year in question. This includes the capacity for <i>syndicate(s)</i> that are not writing new business, but have not been closed off in the year in question.</p>
<b>A.6</b>	Not applicable.
<b>A.7</b>	<p><b>FUNDS UNDER MANAGEMENT (FuM)</b> The total value, in pounds sterling, of all assets (see note (a) below) in portfolios which the <i>firm</i> manages, on a discretionary basis (see note (b) below), in accordance with its terms of business, less: (a) funds covered by the exclusion contained in article 38 (Attorneys) of the <i>Regulated Activities Order</i>; (b) funds covered by the exclusion contained in article 66(3) (Trustees, nominees and personal representatives) of the <i>Regulated Activities Order</i>;</p>

	<p>(c) funds covered by the exclusion contained in article 68(6) (Sale of goods or supply of services) of the <i>Regulated Activities Order</i>;</p> <p>(d) funds covered by the exclusion contained in article 69(5) (Groups and joint enterprises) of the <i>Regulated Activities Order</i>; and</p> <p>(e) the value of those parts of the managed portfolios in respect of which the responsibility for the discretionary management has been formally delegated to another <i>firm</i> (and which <i>firm</i> will include the value of the assets in question in its own FuM total); any such deduction should identify the <i>firm</i> to which management responsibility has been delegated.</p>
	<p><b>Notes on FuM</b></p> <p>(a) For the purposes of calculating the value of funds under management, assets means all assets that consist of or include any <i>investment</i> which is a <i>designated investment</i> or those assets in respect of which the arrangements for their management are such that the assets may consist of or include such <i>investments</i>, and either the assets have at any time since 29 April 1988 done so or the arrangements have at any time (whether before or after that date) been held out as arrangements under which the assets would do so.</p> <p>(b) Assets managed by the <i>firm</i> on a discretionary basis exclude the <i>firm's</i> own assets. Assets managed on a non-discretionary basis, being assets that the <i>firm</i> has a contractual duty to keep under continuous review but in respect of which prior specific consent of the <i>client</i> must be obtained for proposed transactions, are also excluded as this activity is covered in those charged to fees in activity groups A.12 and A.13.</p> <p>(c) In respect of <i>collective investment schemes</i>, assets means the total value of the assets of the scheme.</p> <p>(d) For an <i>OPS firm</i>, the FuM should also be reduced by the value of the assets held as a result of a decision taken in accordance with article 4(6) of The Financial Services and Markets Act 2000 (Carrying on Regulated Activities by Way of Business) Order 2001 (investments in <i>collective investment scheme</i> or <i>bodies corporate</i> which have as their primary purpose the acquisition, directly, or indirectly, of relevant investments, as defined in that article).</p> <p>(e) Only assets that are managed from an establishment maintained by the <i>firm</i> in the <i>United Kingdom</i> are relevant.</p> <p>(f) If the <i>firm</i> is managing an overlay portfolio of <i>derivative</i> instruments and the underlying assets are managed by itself or a <i>firm</i> within the same <i>group</i> that has not reported them separately to the <i>FCA</i>, or by a <i>firm</i> outside its <i>group</i>, then it should calculate the value of the <i>derivatives</i> and other assets as prescribed in the <i>guidance</i> in FSA038 in SUP 16 Annex 25G.</p>

	<p>If the underlying assets are managed by another <i>firm</i> within the same <i>group</i> who has reported their value separately to the <i>FCA</i>, then to avoid double-counting within the <i>group</i>, the calculation must be restricted to the exposure of the overlay.</p>
<p><b>A.9</b></p>	<p><b>GROSS INCOME</b>  For <i>operators</i> (including <i>ACDs</i> and managers of <i>unit trusts</i> but excluding <i>operators</i> of a <i>personal pension scheme</i> or a <i>stakeholder pension scheme</i>):  gross income from the activity relating to fee-block A.9 is defined as:  the amount of the annual charge on funds invested in regulated or <i>unregulated collective investment scheme</i> received or receivable in the latest accounting period (this is calculated as a % of funds invested, typically 1% p.a.);  <b>PLUS</b>  the front-end or exit charge levied on sales or redemptions of <i>collective investment schemes</i> (typically 4-5% of sales/redemptions) in that same accounting period;</p>
	<p><b>PLUS</b>  any additional initial or management charges levied through a product wrapper such as an <i>ISA</i>;  <b>BUT EXCLUDING</b> box management profits.  <b>For depositaries (including trustees of collective investment schemes and ICVC depositaries):</b>  The amount of the annual charge levied on funds in <i>regulated collective investment schemes</i> for which they act as <i>depository</i> (typically a % of the total funds for which they act as <i>depository</i>).  For <i>operators</i> of a <i>personal pension scheme</i> or a <i>stakeholder pension scheme</i>:  The amount of the charges levied on the <i>personal pension scheme</i> or <i>stakeholder pension scheme</i> for which they act as <i>operator</i>:  including up-front charges, fund related charges, transaction related charges and periodic charges; but  excluding charges made to an investor in respect of third party suppliers; for example, charges for stock broking, borrowing, banking services and charges for arranging third party legal services, surveys or environmental screening in connection with property.  <b>Note:</b>  Only the gross income corresponding to <i>United Kingdom</i> business is relevant.</p>
<p><b>A.10</b></p>	<p><b>NUMBER OF TRADERS</b>  Any <i>employee</i> or agent, who:  ordinarily acts within the <i>United Kingdom</i> on behalf of an <i>authorised person</i> liable to pay fees to the <i>FCA</i> in its fee-</p>

	<p>block A.10 (firms dealing as principal); and who, as part of their duties in relation to those activities of the <i>authorised person</i>, commits the <i>firm</i> in market dealings or in transactions in <i>securities</i> or in other <i>specified investments</i> in the course of <i>regulated activities</i>.          But not any <i>employees</i> or agents who work solely in the <i>firm's MTF</i> operation.          A <i>firm</i> may, as an option, report <i>employees</i> or agents as full-time equivalents (FTE), taking account of any part-time staff. In calculating the FTE, <i>firms</i> must take into account the total hours <i>employees</i> or agents have contracted to work for the <i>firm</i> and not the time <i>employees</i> or agents devote to the <i>dealing in investments as principal</i> and <i>bidding in emissions auctions</i> functions set out in fee-block A.10. Any figures using the FTE calculation to be recorded to one decimal place, rounded down to the nearest decimal place.</p>

A.18

**ANNUAL INCOME**

(a) the net amount retained by the *firm* of all brokerages, fees, commissions and other related income (e.g. administration charges, overrides, profit shares) due to the *firm* in respect of or in relation to *home finance mediation activity* (or activities which would have been *mortgage mediation activity* if they had been carried out after 30 October 2004 or *home purchase mediation activity* or *home reversion mediation activity* if they had been carried out on or after 6 April 2007 or *regulated sale and rent back mediation activity* if they had been carried out on or after 1 July 2009);

**Plus**

(b) for any *home finance mediation activity* carried out by the *firm* for which it receives payment from the lender or provider on a basis other than that in (a), the value of all new mortgage advances and amounts provided under other *home finance transactions* resulting from that activity multiplied by 0.004;

**Plus**

(c) if the *firm* is a *home finance provider*, the value of all new mortgage advances and amounts provided under other *home finance transactions* which are or would be *regulated mortgage contracts* if they had been made after 30 October 2004 or *home purchase plans* or *home reversion plans* if they had been made on or after 6 April 2007 or *regulated sale and rent back mediation activity* if they had been carried out on or after 1 July 2009 (other than those made as a result of *home finance mediation activity* by another *firm*), multiplied by 0.004.

For mortgage outsourcing *firms* or home finance outsourcing *firms* whose permission does not include *advising on a home finance transaction* the relevant amounts are multiplied by 0.15.

**Notes on annual income:**

(1) For the purposes of calculating annual income, "net amount retained" means all the commission, fees, etc. in respect of *home finance mediation activity* that the *firm* has not rebated to customers or passed on to other *firms* (for example, where there is a commission chain). Items such as general business expenses (e.g. employees' salaries, overheads) should **not** be deducted.

(2) The *firm* must include in its income calculation, on the same basis as above, earnings from those who will become its *appointed representatives* immediately after *authorisation*.

(3) Reference to a "*firm*" above also includes reference to any *person* who carried out activities which would be *mortgage mediation activity* if they had been carried out after 30 October 2004 or *home purchase mediation activity* or *reversion mediation activity* if they had been carried out on or after 6 April 2007 or *regulated sale and rent back mediation activity* if they had been carried out on or after 1 July 2009.

(4) Mortgage outsourcing *firms* are *firms* whose *permission* includes *administering regulated mortgage contracts*, but not *entering into a regulated mortgage contract*. Home finance outsourcing *firms* are *firms* whose *permission* includes *administering a home finance transaction*, but not *entering into a home finance transaction*.

(5) The same *firm* may receive income under paragraph (a) and (c).

(6) A *firm* must include in paragraph (a) any income it receives from *home finance mediation activity* carried on by another *person* with respect to any *home finance transaction* into which the *firm* has entered as lender, plan provider or home purchase provider.

(7) In calculating the net amount retained, a *firm* may not deduct amounts that it rebates to a *person* other than another *firm*, a *person* falling within the extended definition of *firm* in Note (4) or the *firm's* customer.

(8) A *firm* may only deduct amounts under paragraph (a) in calculating its net amount retained if the amount is to be deducted from income that the *firm* must include under paragraph (a). Therefore for example:

(a) if a mortgage lender (Firm A) pays a *firm* commission for arranging a *regulated mortgage* under which Firm A is a lender, Firm A may not take that expense into account in calculating its annual income if Firm A does not receive a fee from the borrower or another *person* in respect of that *regulated mortgage*; and

(b) if a mortgage lender (Firm A) pays a *firm* (Firm B) commission for arranging a *regulated mortgage* under which Firm A is a lender, Firm A receives a payment from the borrower under that transaction and the amount payable to Firm B exceeds the amount payable by the borrower, Firm A may not take that excess into account in calculating its annual income and must instead net the sum payable by the borrower to zero.

(9) A *firm* must include in paragraph (a) any survey and booking fees due to it in respect of or in relation to *home finance mediation activity* or which would be *home finance mediation activity* if they had been carried on or after the dates in paragraph (a).

<p><b>A.19</b></p>	<p><b>ANNUAL INCOME</b> (A) the net amount retained by the <i>firm</i> of all brokerages, fees, commissions and other related income (e.g. administration charges, overrides, profit shares) due to the <i>firm</i> in respect of or in relation to <i>insurance mediation activity</i> (or activities which would have been <i>insurance mediation activity</i> if they had been carried out after 13 January 2005 or, in relation to <i>connected travel insurance contracts</i>, from 1 January 2009) in relation to <i>general insurance contracts</i> or <i>pure protection contracts</i>;</p> <p><b>Plus</b> (B) in relation to the activities set out in (A), for any <i>insurance mediation activity</i> carried out by the <i>firm</i> for which it receives payment from the <i>insurer</i> on a basis other than that in (A), the amount of <i>premiums</i> receivable on the <i>contracts of insurance</i> resulting from that activity multiplied by 0.07;</p> <p><b>Plus</b> (C) if the <i>firm</i> is an <i>insurer</i>, in relation to the activities set out in (A), the amount of <i>premiums</i> receivable on its <i>contracts of insurance</i> multiplied by 0.07, excluding those <i>contracts of insurance</i> which:</p> <ul style="list-style-type: none"> <li>(i) result from <i>insurance mediation activity</i> by another <i>firm</i>, where a payment has been made by the <i>insurer</i> to the <i>firm</i> under (A); or</li> <li>(ii) the <i>insurer</i> reports in, and pays a fee under, the A.4 activity group; or</li> <li>(iii) are not <i>general insurance contracts</i> or <i>pure protection contracts</i>.</li> </ul> <p><b>Notes on annual income:</b></p> <p>(1) For the purposes of calculating annual income, "net amount retained" means all the commission, fees, etc. in respect of <i>insurance mediation activity</i> that the <i>firm</i> has not rebated to customers or passed on to other <i>firms</i> (for example, where there is a commission chain). Items such as general business expenses (e.g. employees' salaries, overheads) should <b>not</b> be deducted.</p> <p>(2) The <i>firm</i> must include in its income calculation, on the same basis as above, earnings from those who will become its <i>appointed representatives</i> immediately after <i>authorisation</i>.</p> <p>(3) Reference to a "<i>firm</i>" above also includes reference to any <i>person</i>, including a <i>connected travel insurance intermediary</i>, who carried out activities which would be <i>insurance mediation activity</i> (in respect of <i>general insurance contracts</i> or <i>pure protection contracts</i>) if they had been carried out after 13 January 2005 or, in relation to <i>connected travel insurance contracts</i>, from 1 January 2009.</p> <p>(4) The same <i>firm</i> may receive income under (A) and (C).</p> <p>(5) A <i>firm</i> must include in (A) any income it receives from <i>insurance mediation activity</i> carried on by another <i>person</i> with respect to any <i>general insurance contracts</i> or <i>pure protection contracts</i> into which the <i>firm</i> has entered as insurer.</p> <p>(6) In calculating the net amount retained, a <i>firm</i> may not</p>
--------------------	--

	<p>deduct amounts that it rebates to a <i>person</i> other than another <i>firm</i>, a <i>person</i> falling within the extended definition of <i>firm</i> in Note (4) or the <i>firm's</i> customer.</p> <p>(7) A <i>firm</i> may only deduct amounts under (A) in calculating its net amount retained if the amount is to be deducted from income that the <i>firm</i> must include under (A). Therefore for example:</p> <p>(a) if an insurer (Firm A) pays a <i>firm</i> commission for arranging a <i>general insurance contract</i> or <i>pure protection contract</i> under which Firm A is the <i>insurer</i>, Firm A may not take that expense into account in calculating its annual income if Firm A does not receive a fee from the insured or another <i>person</i> in respect of that contract; and</p> <p>(b) if an insurer (Firm A) pays a <i>firm</i> (Firm B) commission for arranging a <i>general insurance contract</i> or <i>pure protection contract</i> under which Firm A is the <i>insurer</i>, Firm A receives a payment from the insured under that transaction and the amount payable to Firm B exceeds the amount payable by the insured, Firm A may not take that excess into account in calculating its annual income and must instead net the sum payable by the insured to zero.</p>

**4 Annex 1BR [PRA] PRA activity groups, tariff bases and valuation dates**

Part 1

This table shows how the *PRA* links the *PRA-regulated activities* for which a *PRA-authorized person* has *permission* to activity groups (fee-blocks). A *PRA-authorized person* can use the table to identify which fee-blocks it falls into based on its *permission*.

Activity group	Fee payer falls in the activity group if
<b>A.1 Deposit acceptors</b>	its <i>permission</i> includes <i>accepting deposits</i> <b>BUT DOES NOT</b> include either of the following: <i>effecting contracts of insurance;</i> <i>carrying out contracts of insurance.</i>
<b>A.3 Insurers - general</b>	its <i>permission</i> includes one or more of the following: - <i>effecting contracts of insurance;</i> - <i>carrying out contracts of insurance;</i> in respect of <i>specified investments</i> that are: - <i>general insurance contracts;</i> or - <i>long-term insurance contracts other than life policies.</i>

<b>A.6 The Society of Lloyd's</b>	it is the <i>Society of Lloyd's.</i>
<b>A.10 Firms dealing as principal</b>	its <i>permission</i> includes <i>dealing in investments as principal;</i> and the <i>PRA</i> has designated <i>dealing in investments as principal</i> a <i>PRA-regulated activity</i> in respect of the <i>firm.</i>

### New Chapter 10A of the Supervision manual (SUP)

After SUP 10 (deleted) insert the following new section. The text is not underlined.

#### 10A FCA Approved Persons

##### 10A.1 Application

###### General

- 10A.1.1 R This chapter applies to every *firm*.
- 10A.1.2 G This chapter is also relevant to every *FCA-approved person*.
- 10A.1.3 G The *rules* in this chapter specify descriptions of *FCA controlled functions* under section 59 of the *Act* (Approval for particular arrangements).
- 10A.1.4 G The directions in this chapter relate to the manner in which a *firm* must apply for the *FCA's* approval under section 59 of the *Act* and other procedures.

###### Overseas firms: UK services

- 10A.1.5 R This chapter does not apply to an *overseas firm* in relation to *regulated activities* which are carried on in the *United Kingdom* other than from an establishment maintained by it or its *appointed representative* in the *United Kingdom*.

###### Overseas firms: UK establishments

- 10A.1.6 R Only the following *FCA controlled functions* apply to an *overseas firm* which maintains an establishment in the *United Kingdom* from which *regulated activities* are carried on:
- (1) the *director function* where the *person* performing that function:
    - (a) has responsibility for the *regulated activities* of a *UK branch* which are likely to enable him to exercise significant influence over that *branch*; or
    - (b) is someone whose decisions or actions are regularly taken into account by the *governing body* of that *branch*;
  - (2) the *non-executive director function* where the *person* performing one of those functions:

- (a) has responsibility for the *regulated activities* of a *UK branch* which is likely to enable him to exercise significant influence over that *branch*; or
  - (b) is someone whose decisions or actions are regularly taken into account by the *governing body* of that *branch*;
- (3) the *chief executive function*;
  - (4) the *FCA required functions*;
  - (5) the *systems and controls function*;
  - (6) the *significant management function* in so far as the function relates to:
    - (a) *designated investment business* other than *dealing in investments as principal*, disregarding article 15 of the *Regulated Activities Order*; or
    - (b) processing confirmations, payments, settlements, insurance claims, *client money* and similar matters in so far as this relates to *designated investment business*; and
  - (7) the *customer function*.

Incoming EEA firms, incoming Treaty firms and UCITS qualifiers

10A.1.7 R This chapter does not apply to:

- (1) an *incoming EEA firm*; or
- (2) an *incoming Treaty firm*; or
- (3) a *UCITS qualifier*;

if and in so far as the question of whether a *person* is fit and proper to perform a particular function in relation to that *firm* is reserved, under any of the *Single Market Directives*, the *Treaty*, the *UCITS Directive* or the *auction regulation*, to an authority in a country or territory outside the *United Kingdom*.

- 10A.1.8 G *SUP 10A.1.7R* reflects the provisions of section 59(8) of the *Act* and, in relation to an incoming *Treaty firm* and a *UCITS qualifier*, the *Treaty* and the *UCITS Directive*. It preserves the principle of *Home State* prudential regulation. In relation to an *incoming EEA firm* exercising an *EEA right*, or an *incoming Treaty firm* exercising a *Treaty right*, the effect is to reserve to the *Home State regulator* the assessment of the fitness and propriety of a *person* performing a function in the exercise of that right. A member of the *governing body*, or the notified *UK branch manager*, of an *incoming EEA firm*, acting in that capacity, will not therefore have to be approved by the *FCA* under the *Act*.
- 10A.1.9 G Notwithstanding *SUP 10A.1.8G*, an *incoming EEA firm* (other than an *EEA pure reinsurer*) or *incoming Treaty firm* will have had to consider the impact of the *Host State* rules with which it is required to comply when carrying on a *passport activity* or *Treaty activity* through a *branch* in the *United Kingdom*. An *incoming EEA firm* (other than an *EEA pure reinsurer*) will have been notified of those provisions under Part II of Schedule 3 to the *Act* in the course of satisfying the conditions for *authorisation* in the *United Kingdom*.
- 10A.1.10 G An *incoming EEA firm* will have to consider, for example, the position of a *branch manager* based in the *United Kingdom* who may also be performing a function in relation to the carrying on of a *regulated activity* not covered by the *EEA right* of the *firm*. In so far as the function is within the description of an *FCA controlled function*, the *firm* will need to seek approval for that *person* to perform that *FCA controlled function*.

Incoming EEA firms: passported activities from a branch

- 10A.1.11 R Only the following *FCA controlled functions* apply to an *incoming EEA firm* with respect to its *passport activities* carried on from a *branch* in the *United Kingdom*:
- (1) the *money laundering reporting function*;
  - (2) the *significant management function*, in so far as the function relates to:
    - (a) *designated investment business* other than *dealing in investments as principal*, disregarding article 15 of the *Regulated Activities Order*; or
    - (b) processing confirmations, payments, settlements, insurance claims, client money and similar matters, in so far as this relates to *designated investment business*; or
    - (c) the activity of *accepting deposits* from *banking customers* and activities substantially connected to that activity to the extent that it does not fall within (a) or (b); and

- (3) the *customer function* other than where this relates to the function in SUP 10A.10.7R(4) and (7).

10A.1.12 R If an *incoming EEA firm* is an *EEA pure reinsurer*, then SUP 10A.1.11R does not apply. Instead, none of the *FCA controlled functions* apply with respect to its *passport activities* carried on from a *branch* in the *United Kingdom*.

Incoming EEA firms etc with top-up permission activities from a UK branch

10A.1.13 R In relation to the activities of a *firm* for which it has a *top-up permission*, only the following *FCA controlled functions* apply:

- (1) the *FCA required functions*, other than the *apportionment and oversight function* and the *compliance oversight function*;
- (2) the *significant management function*, in so far as it relates to:
  - (a) *designated investment business* other than *dealing in investments as principal*, disregarding article 15 of the *Regulated Activities Order*; or
  - (b) processing confirmations, payments, settlements, insurance claims, *client money* and similar matters, in so far as this relates to *designated investment business*; or
  - (c) the activity of *accepting deposits* from *banking customers* and activities substantially connected to that activity to the extent that it does not fall within (a) or (b); and
- (3) the *customer function*.

10A.1.14 R A *person* does not perform the *significant management function* for a *firm* under SUP 10A.1.11R or SUP 10A.1.13R if that *person* would not have been treated as performing any *FCA controlled function* for that *firm* if that *firm* had been a *UK firm*.

Appointed representatives

10A.1.15 R The descriptions of the following *FCA controlled functions* apply to an *appointed representative* of a *firm*, except an *introducer appointed representative*, as they apply to an *FCA-authorised person*:

- (1) the *FCA governing functions*, subject to SUP 10A.1.16R and except for a *tied agent* of an *EEA MiFID investment firm*; and
- (2) the *customer function* other than in relation to acting in the capacity of an *investment manager* (see SUP 10A.10.7R(6)).

- 10A.1.16 R (1) *SUP* 10A.1.15R is modified in relation to an *appointed representative* meeting the conditions in (2) so that only one of the following *FCA-governing functions*:
- (a) *director function*; or
  - (b) *chief executive function*; or
  - (c) *partner function*; or
  - (d) *director of unincorporated association function*;
- applies, as appropriate, to an individual within that *appointed representative* who will be required to be an *FCA-approved person*.
- (2) The conditions are that:
- (a) the scope of appointment of the *appointed representative* includes *insurance mediation activity* in relation to *non-investment insurance contracts*, but no other *regulated activity*; and
  - (b) the principal purpose of the *appointed representative* is to carry on activities other than *regulated activities*.

Members of a profession

- 10A.1.17 R (1) This chapter, except in respect of the *FCA required functions*, does not apply to an *authorised professional firm* in respect of its *non-mainstream regulated activities*, subject to (2).
- (2) Where the *authorised professional firm* has appointed *FCA-approved persons* to perform the *FCA governing functions* with equivalent responsibilities for the *firm's non-mainstream regulated activities* and other *regulated activities*, for the *firm's non-mainstream regulated activities* this chapter applies with respect to the *FCA governing functions* and the *FCA required functions* (other than the *apportionment and oversight function*) only.

Oil market participants, service companies, energy market participants, subsidiaries of local authorities or registered social landlords and insurance intermediaries.

- 10A.1.18 R The descriptions of *FCA significant-influence functions*, other than the *FCA required functions*, and, if the *firm* is a *MiFID investment firm*, the *FCA governing functions* do not extend to activities carried on by a *firm* whose principal purpose is to carry on activities other than *regulated activities* and which is:
- (1) an *oil market participant*; or

- (2) a *service company*; or
- (3) an *energy market participant*; or
- (4) a wholly owned *subsidiary* of:
  - (a) a local authority; or
  - (b) a registered social landlord; or
- (5) a *firm* with *permission* to carry on *insurance mediation activity* in relation to *non-investment insurance contracts* but no other *regulated activity*.

10A.1.19 G It will be a matter of fact in each case whether, having regard to all the circumstances, including in particular where the balance of the business lies, a *firm's* principal purpose is to carry on activities other than *regulated activities*. If a *firm* wishes to rely on SUP 10A.1.18R, it should be in a position to demonstrate that its principal purpose is to carry on activities other than *regulated activities*.

#### Insolvency practitioners

- 10A.1.20 R This chapter does not apply to a function performed by:
- (1) a *person* acting as an insolvency practitioner within the meaning of section 388 of the Insolvency Act 1986; or
  - (2) a *person* acting as a nominee in relation to a voluntary arrangement under Parts I (Company Voluntary Arrangements) and VIII (Individual Voluntary Arrangements) of the Insolvency Act 1986; or
  - (3) a *person* acting as an insolvency practitioner within the meaning of Article 3 of the Insolvency (Northern Ireland) Order 1989; or
  - (4) a *person* acting as a nominee in relation to a voluntary arrangement under Parts II (Company Voluntary Arrangements) and VIII (Individual Voluntary Arrangements) of the Insolvency (Northern Ireland) Order 1989.

#### Bidders in emissions auctions

- 10A.1.21 G For a *firm* that is exempt from *MiFID* under article 2(1)(i) and whose only *permission* is *bidding in emissions auctions*, the only *FCA controlled functions* that apply to it are:
- (1) the *FCA governing functions*;
  - (2) the *money laundering reporting function*;
  - (3) the *customer function*; and

- (4) (where it has exercised an opt-in to CASS in accordance with CASS 1.4.9R and is a *CASS medium firm* or a *CASS large firm*) the *CASS operational oversight function*.

This is because the *FCA approved persons* regime specifies a number of functions by incorporation of requirements in SYSC; however, a *firm* carrying on *auction regulation bidding* is only subject to SYSC to a limited extent in relation to that activity. This means that the *FCA required functions* do not apply to *auction regulation bidding*, except for the *money laundering reporting function*. Similarly, the *significant management function* does not apply in relation to *auction regulation bidding* because, in carrying on that activity, a *firm* is not subject to SYSC 2.1.1R or SYSC 4.1.1R and is not undertaking *proprietary trading*.

## 10A.2 Purpose

- 10A.2.1 G The immediate purpose of SUP 10A.3 to SUP 10A.11 is to specify, under section 59 of the *Act*, descriptions of the *FCA controlled functions* which are listed in SUP 10A.4.4R. The underlying purpose is to establish, and mark the boundaries of, the "FCA-approved persons regime".
- 10A.2.2 G SUP 10A does not deal with the *PRA's approved persons* regime.
- 10A.2.3 G The *FCA* has certain powers in relation to *PRA-approved persons*, such as the requirement to give its consent in certain cases to the *PRA* granting approval for the performance of a *PRA controlled function*. SUP 10A does not deal with these.

## 10.3 Provisions related to the Act

- 10A.3.1 R A function is an *FCA controlled function* only to the extent that it is performed under an *arrangement* entered into by:
- (1) a *firm*; or
  - (2) a contractor of the *firm*;
- in relation to the carrying on by the *firm* of a *regulated activity*.
- 10A.3.2 G Sections 59(1) and (2) of the *Act* provide that approval is necessary in respect of an *FCA controlled function* which is performed under an *arrangement* entered into by a *firm*, or its contractor (typically an *appointed representative*), in relation to a *regulated activity*.

- 10A.3.3 G *Arrangement* is defined in section 59(10) of the *Act* as any kind of arrangement for the performance of a function which is entered into by a *firm* or any of its contractors with another *person* and includes the appointment of a *person* to an office, his becoming a *partner*, or his employment (whether under a contract of service or otherwise). For the provisions in this chapter relating to outsourcing, see *SUP* 10A.13.5G and *SUP* 10A.13.6G.
- 10A.3.4 G If, however, a *firm* is a member of a group, and the *arrangements* for the performance of an *FCA controlled function* of the *firm* are made by, for instance, the *holding company*, the *person* performing the function will only require approval if there is an arrangement (under section 59(1)) or a contract (under section 59(2)) between the *firm* and *holding company* permitting this. This need not be a written contract but could arise, for example, by conduct, custom and practice.
- 10A.3.5 G The *arrangement* must be “in relation to” the carrying on of a *regulated activity*. *Regulated activities* are defined in the *Glossary* by reference to the *Regulated Activities Order*. This order prescribes the activities which are *regulated activities* for the purposes of the *Act*.

#### 10A.4 Specification of functions

- 10A.4.1 R Each of the functions described in *SUP* 10A.4.4R (the table of FCA controlled functions) is an *FCA controlled function*.
- 10A.4.2 R Part 1 of the table of *FCA controlled functions* applies in relation to an *FCA-authorised person*. It also applies in relation to an *appointed representative* for the purposes of *SUP* 10A.1.15R (Appointed representatives) whether its *principal* is an *FCA-authorised person* or a *PRA-authorised person*. Part 2 applies in relation to a *PRA-authorised person*.
- 10A.4.3 G The fact that a *person* may be *FCA*-approved for one purpose does not have the effect of bringing all his activities within that *FCA controlled function*.
- 10A.4.4 R FCA controlled functions

## 10A.5 Significant-influence functions

What are the FCA significant-influence functions?

- 10A.5.1 G The *FCA significant-influence functions*, which are specified in SUP 10A.4.1R, comprise the *FCA governing functions* (SUP 10A.6), the *FCA required functions* (SUP 10A.7), the *systems and controls function* (SUP 10A.8) and the *significant management function* (SUP 10A.9). SUP 10A.5 applies to each of the *FCA significant influence functions*.

Definition of FCA significant-influence function

- 10A.5.2 R Each *FCA significant-influence function* is one which comes within the definition of a *significant-influence function*.
- 10A.5.3 G Section 59(7B) of the *Act* says that a *significant-influence function*, in relation to the carrying on of a *regulated activity* by a *firm*, means a function that is likely to enable the *person* responsible for its performance to exercise a significant influence on the conduct of the *firm's* affairs, so far as relating to the activity.
- 10A.5.4 G SUP 10A.5.2R gives effect to section 59(5)(b) of the *Act*.
- 10A.5.5 G Whether an *FCA controlled function* is likely to result in the *person* responsible for its performance exercising significant influence on the conduct of the *firm's* affairs is a question of fact in each case. The *FCA* has identified the *FCA significant influence functions* as satisfying this condition.

Periods of less than 12 weeks

- 10A.5.6 R If:
- (1) a *firm* appoints an individual to perform a function which, but for this *rule*, would be an *FCA significant influence function*;
  - (2) the appointment is to provide cover for an *approved person* whose absence is:
    - (a) temporary; or
    - (b) reasonably unforeseen; and
  - (3) the appointment is for less than 12 weeks in a consecutive 12-month period;

the description of the relevant *FCA significant influence function* does not relate to those activities of that individual.

- 10A.5.7 G *SUP* 10A.5.6R enables cover to be given for, as an example, holidays and emergencies and avoids the need for the precautionary approval of, for example, a deputy. However, as soon as it becomes apparent that a *person* will be performing an *FCA controlled function* for more than 12 weeks, the *firm* should apply for approval.

## 10A.6 FCA governing functions

### Introduction

- 10A.6.1 G Every *firm* will have one or more *persons* responsible for directing its affairs. These *persons* will be performing the *FCA governing functions* and will be required to be *FCA-approved persons* unless the application provisions in *SUP* 10A.1, or the particular description of an *FCA controlled function*, provide otherwise. For example, each *director* of a *company* incorporated under the Companies Acts will perform an *FCA governing function*. However, if the *firm* is a *PRA-authorized person*, the *governing functions* do not apply. Instead, those *persons* will be performing the *PRA governing functions* and will be required to be *PRA-approved persons* instead.
- 10A.6.2 G A *sole trader* does not fall within the description of the *governing functions*.
- What the FCA governing functions include
- 10A.6.3 R Each of the *FCA governing functions* includes:
- (1) (where apportioned under SYSC 2.1.1R or SYSC 4.3.1R and SYSC 4.4.3R):
    - (a) the *systems and controls function* (if it applies to the *firm*);  
and
    - (b) the *significant management function*;
  - (2) (in respect of *bidding in emissions auctions*) that part of the *customer function* specified in *SUP* 10A.10.7R(7) (bidder's representative).

This does not apply to the *non-executive director function* or the function described in *SUP* 10A.6.8R.

- 10A.6.4 G (1) The effect of SUP 10A.6.3R is that a *person* who is approved to perform an *FCA governing function* will not have to be specifically *FCA*-approved to perform the *systems and controls function* or the *significant management function* or the part of the *customer function* specified in SUP 10A.10.7R(7). However, a *person* who is approved to perform an *FCA governing function* will have to be additionally *FCA*-approved before he can perform any of the *FCA required functions* or the *customer function* (except the part specified in SUP 10A.10.7R(7)).
- (2) SUP 10A.6.3R does not apply to the *non-executive director function*. It does not apply to the *director function* if the only part of that function that the *FCA-approved person* is performing is the function described in SUP 10A.6.8R.
- 10A.6.5 G A *firm* carrying on *insurance mediation activity*, other than a *sole trader*, must allocate to a *director* or *senior manager* the responsibility for the *firm's insurance mediation activity* (MIPRU 2.2.1R). MIPRU 2.2.2R(1) provides that the *firm* may allocate this responsibility to one or more of the *persons* performing an *FCA governing function* (other than the *non-executive director function*).
- 10A.6.6 G Where a *person* performing a *governing function* is also responsible for the *firm's insurance mediation activity*, the words “(insurance mediation)” will be inserted after the relevant *FCA controlled function* (see MIPRU 2.2.5G).
- Director function (CF1)
- 10A.6.7 R If a *firm* is a *body corporate* (other than a *limited liability partnership*), the *director function* is the function of acting in the capacity of a *director* (other than *non-executive director*) of that *firm*.
- 10A.6.8 R (1) If a *firm* is a *body corporate* (other than a *limited liability partnership*), the *director function* is also the function of acting in the capacity of a *person*:
- (a) who is a *director*, partner, officer, member (if the *parent undertaking* or *holding company* is a *limited liability partnership*), *senior manager*, or employee of a *parent undertaking* or *holding company* of the *firm*; and
- (b) whose decisions or actions are regularly taken into account by the *governing body* of the *firm*.
- (2) (1) does not apply if that *parent undertaking* or *holding company* has a *Part 4A permission* or is regulated by an *EEA regulator*.
- (3) (1) does not apply to the function falling into SUP 10A.6.13R (*non-executive director* of the *parent undertaking* or *holding company*).

- 10A.6.9 G Examples of where *SUP* 10A.6.8R might apply include (but are not limited to):
- (1) a chairman of an audit committee of a *parent undertaking* or *holding company* of a *UK firm* where that audit committee is working for that *UK firm* (that is, functioning as the audit committee for the *group*);  
or
  - (2) a *director* (other than a *non-executive director*) of a *parent undertaking* or *holding company* of a *UK firm* exercising significant influence by way of his involvement in taking decisions for that *UK firm*; or
  - (3) an individual (such as a *senior manager*) of a *parent undertaking* or *holding company* of a *UK firm* who is responsible for and/or has significant influence in setting the objectives for and the remuneration of executive *directors* of that *UK firm*; or
  - (4) an individual who is a *director* (other than a *non-executive director*) or a *senior manager* of a *parent undertaking* or *holding company* of a *UK firm* who is accustomed to influencing the operations of that *UK firm*, and acts in a manner in which it can reasonably be expected that an executive *director* or *senior manager* of that *UK firm* would act; or
  - (5) an individual of an *overseas firm* which maintains an establishment in the *United Kingdom* from which *regulated activities* are carried on, where that individual has responsibilities for those *regulated activities* which are likely to enable him to exercise significant influence over the *UK branch*.

10A.6.10 G A *director* can be a *body corporate* and may accordingly require approval as an *FCA-approved person* in the same way as a natural *person* may require approval.

10A.6.11 G The *director function* does not apply in relation to a *PRA-authorised person*. *PRA* approval is required instead.

Non-executive director function (CF2)

10A.6.12 R If a *firm* is a *body corporate*, the *non-executive director function* is the function of acting in the capacity of a *non-executive director* of that *firm*.

- 10.A.6.13 R (1) If a *firm* is a *body corporate*, the *non-executive director function* is also the function of acting in the capacity of a *person*:
- (a) who is a *non-executive director* of a *parent undertaking* or *holding company*; and
  - (b) whose decisions or actions are regularly taken into account by the *governing body* of the *firm*.

- (2) However, (1) does not apply if that *parent undertaking* or *holding company* has a *Part 4A permission* or is regulated by an *EEA regulator*.

10A.6.14 G Examples of where *SUP 10A.6.13R* might apply include (but are not limited to):

- (1) an individual who is a *non-executive director* of a *parent undertaking* or *holding company* who takes an active role in the running of the business of a *UK firm*, for example, as a member of a board or committee (on audit or remuneration) of that *firm*; or
- (2) an individual who is a *non-executive director* of a *parent undertaking* or *holding company* having significant influence in setting and monitoring the business strategy of the *UK firm*; or
- (3) an individual who is a *non-executive director* of a *parent undertaking* or *holding company* of a *UK firm* involved in carrying out responsibilities such as scrutinising the approach of executive management, performance, or standards of conduct of the *UK firm*; or
- (4) an individual who is a *non-executive director* of a *parent undertaking* or *holding company* of a *UK firm* who is accustomed to influence the operations of the *UK firm*, and acts in a way in which it can reasonably be expected that a *non-executive director* of the *UK firm* would act; or
- (5) an individual who is a *non-executive director* of an *overseas firm* which maintains a *branch* in the *United Kingdom* from which *regulated activities* are carried on where that individual has responsibilities for those *regulated activities* which are likely to enable him to exercise significant influence over the *UK branch*.

10A.6.15 G The *non-executive director function* does not apply in relation to a *PRA-authorised person*. *PRA* approval is required instead.

Guidance on persons in a parent undertaking or holding company exercising significant influence

10A.6.16 G (1) This paragraph explains the basis on which the *director function* and the *non-executive director function* are applied to *persons* who have a position with the *firm's parent undertaking* or *holding company* under *SUP 10A.6.8R* or *SUP 10A.6.13R*.

- (2) The basic position is set out in *SUP* 10A.3.4G. As is the case with all *controlled functions*, *SUP* 10A.6.8R and *SUP* 10A.6.13R are subject to the overriding provisions in *SUP* 10A.3.1R, which sets out the requirements of section 59(1) and (2) of the *Act*. This means that unless the *firm* has an *arrangement* permitting the performance of these roles by the *persons* concerned, these *persons* will not be performing these *controlled functions*. Therefore, the *FCA* accepts that there will be cases in which a *person* performing these roles will not require approval. However where there is such an *arrangement* the function may apply.

#### Chief executive function (CF3)

- 10A.6.17 R The *chief executive function* is the function of acting in the capacity of a *chief executive* of a *firm*.
- 10A.6.18 G This function is having the responsibility, alone or jointly with one or more others, under the immediate authority of the *governing body*: ,
- (1) for the conduct of the whole of the business (or relevant activities);  
or
- (2) in the case of a *branch* in the *United Kingdom* of an *overseas firm*, for the conduct of all of the activities subject to the *UK regulatory system*.
- 10A.6.19 G For a *branch* in the *United Kingdom* of an *overseas firm*, the *FCA* would not normally expect the overseas *chief executive* of the *firm* as a whole to be *FCA*-approved for this function where there is a *senior manager* under him with specific responsibility for those activities of the *branch* which are subject to the *UK regulatory system*. In some circumstances, the *person* within the *firm* responsible for *UK* operations may, if the function is likely to enable him to exercise significant influence over the *branch*, also perform the *chief executive function* (see *SUP* 10A.7.4G).
- 10A.6.20 G A *person* performing the *chief executive function* may be a member of the *governing body* but need not be. If the chairman of the *governing body* is also the *chief executive*, he will be discharging this function. If the responsibility is divided between more than one *person* but not shared, there is no *person* exercising the *chief executive function*. But if that responsibility is discharged jointly by more than one *person*, each of those *persons* will be performing the *chief executive function*.
- 10A.6.21 G Note that a *body corporate* may be a *chief executive*. If so, it will need to be approved (if the *firm* in question is an *FCA-authorised person*) to perform the *chief executive function*.
- 10A.6.22 G The *chief executive function* does not apply in relation to a *PRA-authorised person*. *PRA* approval is required instead.

#### Partner function (CF4)

- 10A.6.23 R (1) If a *firm* is a *partnership*, the *partner function* is the function of acting in the capacity of a *partner* in that *firm*.
- (2) If the principal purpose of the *firm* is to carry on one or more *regulated activities*, each *partner* performs the *partner function*.
- (3) If the principal purpose of the *firm* is other than to carry on *regulated activities*:
- (a) a *partner* performs the *partner function* to the extent only that he has responsibility for a *regulated activity*; and
- (b) a *partner* in a *firm* will be taken to have responsibility for each *regulated activity* except where the *partnership* has apportioned responsibility to another *partner* or group of *partners*.
- 10A.6.24 G Any apportionment referred to in SUP 10A.6.23R(3)(b) will have taken place under SYSC 2.1.1R or SYSC 4.3.1R and SYSC 4.4.3R. The FCA may ask to see details of the apportionment but will not require, as a matter of course, a copy of the material which records this (see SYSC 2.2).
- 10A.6.25 G The effect of SUP 10A.1.17R is that *regulated activity* in SUP 10A.6.23R (and elsewhere) is to be taken as not including an activity that is a *non-mainstream regulated activity*. Therefore, a *partner* whose only *regulated activities* are incidental to his professional services, in a *partnership* whose principal purpose is to carry on other than *regulated activities*, need not be an FCA-approved person. What amounts to the principal purpose of the *firm* is a matter of fact in each case having regard to all the circumstances, including the activities of the *firm* as a whole. Any *regulated activities* which such a partner carries on are not within the description of the *partner function*.
- 10A.6.26 R If a *firm* is a *limited liability partnership*, the *partner function* extends to the *firm* as if the *firm* were a *partnership* and a member of the *firm* were a *partner*.
- 10A.6.27 R If a *partnership* is registered under the Limited Partnership Act 1907, the *partner function* does not extend to any function performed by a limited partner.
- 10A.6.28 G The *partner function* does not apply in relation to a PRA-*authorised person*. PRA approval is required instead.

Director of unincorporated association function (CF5)

- 10A.6.29 R If a *firm* is an unincorporated association, the *director of unincorporated association function* is the function of acting in the capacity of a *director* of the unincorporated association.

10A.6.30 G The *director of unincorporated association function* does not apply in relation to a *PRA-authorised person*. *PRA* approval is required instead.

Small friendly society function (CF6)

10A.6.31 R (1) If a *firm* is a *non-directive friendly society*, the *small friendly society function* is the function of directing its affairs, either alone or jointly with others.

(2) If the principal purpose of the *firm* is to carry on *regulated activities*, each *person* with responsibility for directing its affairs performs the *FCA controlled function*.

(3) If the principal purpose of the *firm* is other than to carry on *regulated activities*, a *person* performs the *small friendly society function* only to the extent that he has responsibility for a *regulated activity*.

10A.6.32 R (1) Each *person* on the *non-directive friendly society's governing body* will be taken to have responsibility for its *regulated activities*, unless the *firm* has apportioned this responsibility to one particular individual to whom it is reasonable to give this responsibility.

(2) The individual need not be a member of the *governing body*.

10A.6.33 G Typically a *non-directive friendly Society* will appoint a “committee of management” to direct its affairs. However, the governing arrangements may be informal and flexible. If this is the case, the *FCA* would expect the society to resolve to give responsibility for the carrying on of *regulated activities* to one individual who is appropriate in all the circumstances. That individual may, for example, have the title of *chief executive* or similar. The individual would have to be an *FCA-approved person* under *SUP* 10A.6.31R.

10A.6.34 G In practice, the *FCA* expects that most *non-directive friendly societies* will be *PRA-authorised persons*. Where that is the case, the *small friendly society function* will not apply. *PRA* approval is required instead.

## 10A.7 FCA required functions

Apportionment and oversight function (CF8)

10A.7.1 R The *apportionment and oversight function* is the function of acting in the capacity of a *director* or *senior manager* responsible for either or both of the apportionment function and the oversight function set out in *SYSC* 2.1.3R or *SYSC* 4.4.5R.

- 10A.7.2 G In requiring someone to apportion responsibility, a *common platform firm* should not apply for that *person* or *persons* to be *FCA*-approved to perform the *apportionment and oversight function* (see *SUP* 10A.7.1R, *SYSC* 2.1.3R and *SYSC* 1 Annex 1).
- 10A.7.3 G The fact that there is a *person* performing the *apportionment and oversight function*, and who has responsibility for activities subject to regulation by the *FCA*, may have a bearing on whether a manager who is based overseas will be performing an *FCA controlled function*. It is a factor to take into account when assessing the likely influence of the overseas manager.
- 10A.7.4 G Generally, in relation to a *UK* establishment of an *overseas firm* or a *firm* which is part of an overseas *group*, where an overseas manager's responsibilities in relation to the *United Kingdom* are strategic only, he will not need to be an *FCA-approved person*. However, where, in accordance with *SYSC* 3 or *SYSC* 4 to *SYSC* 10, he is responsible for implementing that strategy in the *United Kingdom*, and has not delegated that responsibility to a *senior manager* in the *United Kingdom*, he is likely to be performing an *FCA controlled function* for example, the *chief executive function* or a *PRA controlled function*.
- 10A.7.5 G A *firm* carrying on *insurance mediation activity*, other than a *sole trader*, must allocate to a *director* or *senior manager* the responsibility for the *firm's insurance mediation activity* (*MIPRU* 2.2.1R). *MIPRU* 2.2.2R(2) provides that the *firm* may allocate this responsibility to the *person* performing the *apportionment and oversight function*.
- 10A.7.6 G Where the *person* performing the *apportionment and oversight function* is also responsible for the *firm's insurance mediation activity*, the words "(insurance mediation)" will be inserted after this *FCA controlled function* (see *MIPRU* 2.2.5G).
- 10A.7.7 G As explained in *SUP* 10A.11 (Minimising overlap with the *PRA* approved persons regime), the application of the *apportionment and oversight function* is sometimes disapplied for a *PRA-authorised person*.

Compliance oversight function (CF10)

- 10A.7.8 R The *compliance oversight function* is the function of acting in the capacity of a *director* or *senior manager* who is allocated the function set out in *SYSC* 3.2.8R or *SYSC* 6.1.4R(2).

CASS operational oversight function (CF10a)

- 10A.7.9 R In relation to a *CASS medium firm* and a *CASS large firm*, the *CASS operational oversight function* is the function of acting in the capacity of a *person* to whom is allocated the function set out in *CASS* 1A.3.1AR.

Money laundering reporting function (CF11)

- 10A.7.10 R The *money laundering reporting function* is the function of acting in the capacity of the *money laundering reporting officer* of a *firm*.
- 10A.7.11 G A *firm's* obligations in respect of its *money laundering reporting officer* are set out elsewhere in the *Handbook* (see SYSC 3.2.6IR and SYSC 6.3.9R and for their scope, see the application provisions in SYSC 1 Annex 1).

## 10A.8 Systems and controls functions

Systems and controls function (CF28)

- 10A.8.1 R The *systems and controls function* is the function of acting in the capacity of an *employee* of the *firm* with responsibility for reporting to the *governing body* of a *firm*, or the audit committee (or its equivalent) in relation to:
- (1) its financial affairs;
  - (2) setting and controlling its risk exposure (see SYSC 3.2.10G and SYSC 7.1.6R);
  - (3) adherence to internal systems and controls, procedures and policies (see SYSC 3.2.16G and SYSC 6.2).
- 10A.8.2 R The *systems and controls function* does not apply in relation to *bidding in emissions auctions* carried on by a *firm* that is exempt from *MiFID* under article 2(1)(i).
- 10A.8.3 G The *systems and controls function* does not apply in relation to a *PRA-authorized person*. *PRA* approval is required instead.
- 10A.8.4 G Where an *employee* performs the *systems and controls function* the *FCA* would expect the *firm* to ensure that the *employee* had sufficient expertise and authority to perform that function effectively. A *director* or *senior manager* would meet this expectation.

## 10A.9 Significant management functions

Application

- 10A.9.1 R *SUP* 10A.9 applies only to a *firm* which:
- (1) under SYSC 2.1.1R or, SYSC 4.1.1R, apportions a significant responsibility, within the description of the *significant management function*, to a *senior manager* of a significant business unit; or
  - (2) undertakes *proprietary trading*; or

- (3) (in the case of an *EEA firm*) undertakes the activity of *accepting deposits* from *banking customers* and activities connected with this.
- 10A.9.2 G The *FCA* anticipates that there will be only a few *firms* needing to seek approval for an individual to perform the *significant management function* set out in *SUP* 10A.9.1R(1). In most *firms*, those approved for the *FCA governing functions*, *FCA required functions* and, where appropriate, the *systems and controls function* or the equivalent *PRA controlled functions*, are likely to exercise all the significant influence at senior management level.
- 10A.9.3 G A *proprietary trader* undertakes activities with the *firm's money* and has the ability to commit the *firm*. By virtue of this role, all *proprietary traders* have potential to be able to exercise significant influence on the *firm* for the purposes of the definition of *significant-influence function*. Therefore, it is the *FCA's* expectation that all *firms* will assess all their proprietary traders to ascertain the ones for whom approval is required.
- 10A.9.4 G The scale, nature and complexity of the *firm's* business may be such that a *firm* apportions, under *SUP* 10A.9.1R(1), a significant responsibility to an individual who is not approved to perform the *FCA governing functions*, *FCA required functions* or, where appropriate, the *systems and controls function* or the equivalent *PRA controlled functions*. If so, the *firm* should consider whether the functions of that individual fall within the *significant management function*. For the purposes of the description of the *significant management functions*, the following additional factors about the *firm* should be considered:
- (1) the size and significance of the *firm's* business in the *United Kingdom*; for example, a *firm* carrying on *designated investment business* may have a large number of *approved persons* (for example, in excess of 100 individuals); or a *firm* carrying on *general insurance business* may have gross written *premiums* in excess of £100m;
  - (2) the number of *regulated activities* carried on, or proposed to be carried on, by the *firm* and (if relevant) other members of the *group*;
  - (3) its *group* structure (if it is a member of a *group*);
  - (4) its management structure (for example, matrix management); and
  - (5) the size and significance of its international operations, if any.
- 10A.9.5 G When considering whether a business unit is significant, the *firm* should take into account all relevant factors in the light of the *firm's* current circumstances and its plans for the future, including:
- (1) the risk profile of the unit; or
  - (2) its use or commitment of a *firm's* capital; or

- (3) its contribution to the profit and loss account; or
  - (4) the number of *employees* or *approved persons* in the unit; or
  - (5) the number of *customers* of the unit; or
  - (6) any other factor which makes the unit significant to the conduct of the *firm's* affairs so far as relating to the *regulated activity*.
- 10A.9.6 G The question may arise whether a manager who is based overseas will be performing the *significant management function* under SUP 10A.9.9R and should, therefore, be an *FCA-approved person*. This is especially true where the *firm* operates matrix management. The fact there is a *person* performing the *apportionment and oversight function*, and who has responsibility for activities subject to regulation by the *FCA*, may have a bearing on this. It is a factor to take into account when assessing the likely influence of the overseas manager.
- 10A.9.7 G Generally, in relation to a *branch* of a *firm*, or a *firm* which is part of an overseas *group*, where an overseas *manager* is responsible for strategy, he will not need to be approved for the *significant management function*. However, where he is responsible for implementing that strategy in the *United Kingdom*, and has not delegated that responsibility to a *senior manager* in the *United Kingdom*, he is likely to be performing that *FCA controlled function*.
- 10A.9.8 G See also SUP 10A.7.3G to SUP 10A.7.6G in relation to matrix management.
- Significant management function (CF29)
- 10A.9.9 R The *significant management function* is the function of acting as a *senior manager* with significant responsibility for a significant business unit that:
- (1) carries on *designated investment business* or other activities not falling within (2) to (4);
  - (2) *effects contracts of insurance* (other than *contractually based investments*);
  - (3) makes material decisions on the commitment of a *firm's* financial resources, its financial commitments, its assets acquisitions, its liability management and its overall cash and capital planning;
  - (4) processes confirmations, payments, settlements, insurance claims, *client money* and similar matters;
  - (5) (in the case of an *EEA firm*) undertakes the activity of *accepting deposits* from *banking customers* and activities connected with this.
- 10A.9.10 R The *significant management function* also includes the function of acting as a *proprietary trader*.

- 10A.9.11 R The *significant management function* does not include any of the activities described in any other *FCA controlled function* or *PRA controlled function* if that other *controlled function* applies to the *firm*.
- 10A.9.12 G A *senior manager* carrying on the *significant management function* under SUP 10A.9.9R with significant responsibility for a significant business unit that carries on activities other than *designated investment business* for the purposes of SUP 10A.9.9R(1) could, for example, be the head of a unit carrying on the activities of: retail banking, personal lending, corporate lending, salvage or loan recovery, or *proprietary trading*, or a member of a committee (that is, a *person* who, together with others, has authority to commit the *firm*) making decisions in these functions.
- 10A.9.13 G A *proprietary trader* also undertakes activities which may have a significant influence on the *firm*. Such activities may require approval for CF29 under SUP 10A.9.10R.
- 10A.9.14 G A *firm* carrying on *insurance mediation activity*, other than a *sole trader*, must allocate to a *director* or *senior manager* the responsibility for the *firm's insurance mediation activity* (MIPRU 2.2.1R). MIPRU 2.2.2R(3) provides that the *firm* may allocate this responsibility to the *person* performing the *significant management function*.
- 10A.9.15 G Where the *person* performing the *significant management function* is also responsible for the *firm's insurance mediation activity*, the words “(insurance mediation)” will be inserted after this *FCA controlled function* (see MIPRU 2.2.5G).

## 10A.10 Customer-dealing functions

### Introduction

- 10A.10.1 R SUP 10A.10 applies with respect to activities carried on from an establishment maintained by the *firm* (or by its *appointed representative*) in the *United Kingdom*.
- 10A.10.2 G Without SUP 10A.10.1R, the description of the *customer function* would extend to this function wherever it was performed. The effect of SUP 10A.10.1R is that the description is limited, in relation to *regulated activities* with an overseas element, in a manner which is broadly consistent with the scope of conduct of business regulation.
- 10A.10.3 G The *customer function* has to do with giving advice on, *dealing* and arranging deals in and *managing investments*; it has no application to banking business such as deposit taking and lending, nor to *general insurance business*.

The basic rule about the customer function

- 10A.10.4 R The *customer function* is one which comes within the definition of a *customer-dealing function*.
- 10A.10.5 G Section 59(7A) of the *Act* (Approval for particular arrangements) says that the customer-dealing function, in relation to the carrying on of a *regulated activity* by a *firm* (“A”), means a function that will involve the *person* performing it in dealing with:
- (1) customers of A; or
  - (2) property of customers of A;
- in a manner substantially connected with the carrying on of the activity.
- 10A.10.6 G The *FCA* interprets the phrase “dealing with” as including having contact with *customers* and extending beyond “dealing” as used in the phrase “dealing in investments”. “Dealing in” is used in Schedule 2 to the *Act* to describe in general terms the *regulated activities* which are specified in Part II of the *Regulated Activities Order*.

Customer function (CF 30)

- 10A.10.7 R The *customer function* is the function of:
- (1) *advising on investments* other than a *non-investment insurance contract* (but not where this is *advising on investments* in the course of carrying on the activity of giving *basic advice* on a *stakeholder product*) and performing other functions related to this such as *dealing* and *arranging*;
  - (2) giving advice to *clients* solely in connection with *corporate finance business* and performing other functions related to this;
  - (3) giving advice or performing related activities in connection with *pension transfers* or opt-outs for *retail clients*;
  - (4) giving advice to a *person* to become, or continue or cease to be, a member of a particular *Lloyd’s syndicate*;
  - (5) *dealing*, as principal or as agent, and *arranging (bringing about) deals in investments* other than a *non-investment insurance contract* with, for, or in connection with *customers* where the *dealing* or *arranging deals* is governed by *COBS 11 (Dealing and managing)*;
  - (6) acting in the capacity of an *investment manager* and carrying on functions connected to this;
  - (7) in relation to *bidding in emissions auctions*, acting as a ‘bidder’s representative’ within the meaning of subparagraph 3 of article 6(3) of the *auction regulation*.

- 10A.10.8 R The *customer function* does not extend to an individual who is performing the functions in SUP 10A.10.7R(1) to (2) or SUP 10A.10.7R(5) to (7) and who is based overseas and who, in a 12-month period, spends no more than 30 days in the *United Kingdom* to the extent that he is appropriately supervised by a *person* approved for this function.
- 10A.10.9 G The *FCA* would expect an individual from overseas to be accompanied on a visit to a *customer*. TC 2.1.9R(2) provides that the *firm* will have to be satisfied that the individual has at least three years of up-to-date, relevant experience obtained outside the *United Kingdom*. However, the remaining provisions of TC 2.1.9R(2) are disapplied in these circumstances (except for an individual who gives advice to *retail clients* on *retail investment products* or is a *broker fund adviser*). The effect of this is that such individuals need not attain the relevant regulatory module of an appropriate qualification (see TC 2.1.9R(2)).
- 10A.10.10 G The *customer function* in SUP 10A.10.7R(5) does not extend to the individual who, on the instructions of the *customer*, simply inputs the *customer's* instructions into an automatic execution system where no discretion is or may be exercised by the individual performing the activity. Nor does it extend to merely introducing a *customer* to a *firm* or distributing advertisements.
- 10A.10.11 G An individual may *advise on investments* prior to being assessed as competent in accordance with the *rules* in the Senior Management Arrangements, Systems and Controls sourcebook (*SYSC*) and, where relevant, the Training and Competence sourcebook (*TC*). The *firm* should record when that *person* subsequently becomes competent.

## 10A.11 Minimising overlap with the PRA approved persons regime

### Introduction

- 10A.11.1 G SUP 10A.11 deals with how the *FCA's approved persons* regime applies to *PRA-authorised persons*. SUP 10A.11 therefore only applies if the *firm* in question is a *PRA-authorised person*.
- 10A.11.2 G Both the *FCA* and the *PRA* may specify a function as a *controlled function* in relation to a *PRA-authorised person*. However, only the *FCA* has power to specify a *customer-dealing function* as a *controlled function*.
- 10A.11.3 G Therefore, if a *person's* job for a *firm* involves:
- (1) an *FCA controlled function*, the *firm* should apply to the *FCA* for approval;
  - (2) a *PRA controlled function*, the *firm* should apply to the *PRA* for approval;

(3) both an *FCA controlled function* and a *PRA controlled function*, the *firm* should apply to both the *FCA* and the *PRA* for approval (the purpose of *SUP* 10A.11 is to cut down the need for this sort of dual approval).

10A.11.4 G The *PRA* cannot give its approval for the performance of a *PRA controlled function* without the consent of the *FCA*. The *firm* does not need to apply to the *FCA* for that consent. The *PRA* must as soon as practicable notify the *FCA* of the receipt or withdrawal of an application to the *PRA*.

10A.11.5 G Under section 59B of the *Act* (Role of *FCA* in relation to *PRA* decisions) the *FCA* may arrange with the *PRA* that in agreed cases the *PRA* may give approval without obtaining the consent of the *FCA*. No such arrangements are currently in force.

10A.11.6 G The *FCA* and *PRA* have coordinated their *approved persons* regime to reduce the amount of overlap. These arrangements relate to *significant-influence functions* only.

10A.11.7 G The *FCA* is under a duty under section 59A of the *Act* (Specifying functions as controlled functions: supplementary) to exercise the power to specify any *significant-influence function* as an *FCA controlled function* in a way that it considers will minimise the likelihood that approvals fall to be given by both the *FCA* and the *PRA* in respect of the performance by a *person* of *significant-influence functions* in relation to the same *PRA-authorised person*.

Guidance on how *SUP* 10A.11 works

10A.11.8 G *SUP* 10A.11 disapplies the *apportionment and oversight function* for a *person* who is the subject of an application for approval to perform a *PRA governing function*, subject to certain conditions set out in *SUP* 10A.11.11R. Where this is the case the *apportionment and oversight function* is included in the *PRA governing function* for which the *person* has approval. *SUP* 10B.7 of the *PRA's Handbook* deals with this.

10A.11.9 G *SUP* 10A.11.10G gives some examples of how *SUP* 10A.11 works.

10A.11.10 G Table: Examples of how the need for dual *FCA* and *PRA* approval in relation to *PRA-authorised persons* is reduced

Example	Whether <i>FCA</i> approval required	Whether <i>PRA</i> approval required	Comments
(1) A is being appointed <i>chief executive</i> and the <i>person</i> performing the <i>apportionment</i>	No.	Yes	The <i>PRA chief executive function</i> is expanded to include the <i>apportionment and</i>

<i>and oversight function.</i>			<i>oversight function.</i> To avoid the need for <i>FCA</i> approval, A's appointment as the <i>person</i> performing the <i>apportionment and oversight function</i> should not take effect before <i>PRA</i> approval for the <i>chief executive</i> role.
(2) Same as (1) but the application to the <i>PRA</i> does not mention that it is also intended that A is perform what would otherwise be the <i>apportionment and oversight function</i>	Yes	Yes	<i>SUP</i> 10A.11 does not apply if the application for <i>PRA</i> approval does not say that A will also be performing what would otherwise be the <i>apportionment and oversight function</i> .
(3) A is appointed as <i>chief executive</i> . Later, he is appointed to perform the <i>apportionment and oversight function</i> while carrying on as <i>chief executive</i> . The main rule

- 10A.11.11 R A *person* (referred to as A in this *rule*) is not performing the *apportionment and oversight function* in relation to a *PRA-authorized person* (referred to as B in this *rule*), at a particular time, if:
- (1) A has been approved by the *PRA* to perform any *PRA governing function* in relation to B;
  - (2) throughout the whole of the period between the time of the *PRA* approval in (1) and the time in question A has been the subject of a *current PRA approved person approval* to perform a *PRA governing function* in relation to B;
  - (3) at the time of the *PRA* approval referred to in (1), A was not subject to a *current FCA approved person approval* to perform the *apportionment and oversight function* in relation to B; and
  - (4) at the time of the *PRA* approval referred to in (1), A had not started to perform what would otherwise have been the *apportionment and oversight function* (the *FCA* function) and, as part of the application for the *PRA* approval referred to in (1), B notified the *PRA* that A would start to perform the *FCA* function at or around the time of the *PRA* approval in (1).

## 10A.13 Application for approval and withdrawing an application for approval

When to apply for approval

- 10A.13.1 G In accordance with section 59 of the *Act* (Approval for particular arrangements), where a *candidate* will be performing one or more *FCA controlled functions*, a *firm* must take reasonable care to ensure that the *candidate* does not perform these functions unless he has prior approval from the *FCA*.

Failure to apply for approval

- 10A.13.2 G If a *person* performs an *FCA controlled function* without approval it is not only the *firm* that is accountable. Under section 63A of the *Act* (Power to impose penalties), if the *FCA* is satisfied that:
- (1) a *person* (“P”) has at any time performed an *FCA controlled function* without approval; and
  - (2) at that time P knew, or could reasonably be expected to have known, that P was performing an *FCA controlled function* without approval;
- it may impose a penalty on P of such amount as it considers appropriate.

How to apply for approval

- 10A.13.3 D An application by a *firm* for the *FCA*'s approval under section 59 of the *Act* (Approval for particular arrangements) must be made by completing Form A (except where *SUP* 10A.14.4D requires a Form E).
- 10A.13.4 G *SUP* 10A.16.1D explains how applications should be submitted.

Who should make the application?

- 10A.13.5 G (1) In accordance with section 60 of the *Act* (Applications for approval), applications must be submitted by, or on behalf of, the *firm* itself, not by:
- (a) the *FCA candidate*; or
  - (b) (where the *FCA candidate* works for the *firm*'s parent undertaking or holding company) by the *firm*'s parent undertaking or holding company.

- (2) Usually this will be the *firm* that is employing the *FCA candidate* to perform the *FCA controlled function*. Where a *firm* has outsourced the performance of an *FCA controlled function*, the details of the outsourcing determine where responsibility lies and whom the *FCA* anticipates will submit *FCA-approved persons* application forms. *SUP* 10A.13.6G describes some common situations. The *firm* which is outsourcing is referred to as "A" and the *person* to whom the performance of the *FCA controlled function* has been outsourced, or which makes the arrangement for the *FCA controlled function* to be performed, is referred to as "B". In each situation, A must take reasonable care to ensure that, in accordance with section 59(2) of the Act, no *person* performs an *FCA controlled function* under an arrangement entered into by its contractor in relation to the carrying on by A of a *regulated activity*, without approval from the *FCA*. See also *SYSC* 3.2.4G and *SYSC* 8.1.1R, and *SYSC* 13.9 for *insurers*.

10A.13.6 G Outsourcing arrangements

<b>Outsourcing arrangements</b>		<b>Submitting form</b>
<i>Firm A to firm B</i>	The <i>FCA</i> will consider A to have taken reasonable care if it enters into a contract with B under which B is responsible for ensuring that the relevant <i>FCA controlled functions</i> are performed by <i>FCA-approved persons</i> , and that it is reasonable for A to rely on this	<i>Firm B</i> submits <i>FCA-approved persons</i> forms on behalf of <i>firm A</i>

See <i>SYSC 3.2.4G</i> and <i>SYSC 8</i></p>	<p>A ensures that an individual approved by the <i>FCA</i> or the <i>PRA</i> under a <i>controlled function</i> that is a <i>significant-influence function</i> has responsibility for the <i>outsourced arrangement</i> and A submits a form in relation to that individual</p>
--	---	--

- 10A.13.7 G Where the notification of an *appointed representative* (*SUP 12.7.1R*) is linked to an application for approval (*SUP 10A.13* (Applications for approval and withdrawing an application for approval)), any delay in receiving the notification under *SUP 12.7.1R* may delay the *FCA*'s approval of the individuals employed by that *appointed representative* who will be performing *FCA controlled functions* for the *firm*.

Processing an application

- 10A.13.8 G The *Act* sets out the time that the *FCA* has to consider an application and come to a decision.
- 10A.13.9 G In any case where the application for approval is made by a *person* applying for *permission* under Part 4A of the *Act*, the *FCA* has until the end of whichever of the following periods ends last:
- (1) the period within which an application for that *permission* must be determined; and
  - (2) the period of three months from the time it receives a properly completed application.
- 10A.13.10 G In any other case it is the period of three months from the time it receives a properly completed application.

- 10A.13.11 G The *FCA* must either grant the application or, if it proposes not to grant an application, issue a *warning notice* (see *DEPP 2*). The *FCA* will deal with cases more quickly than this whenever circumstances allow and will try to meet the standard response times published on the website and in its Annual Report. However, if an application is incomplete when received, or the *FCA* has knowledge that, or reason to believe that, the information is incomplete, then the processing time will be longer than the published standard response times.
- 10A.13.12 G Application forms must always be completed fully and honestly. Further notes on how to complete the form are contained in each form. If forms are not completed fully and honestly, applications will be subject to investigation and the *FCA candidate's* suitability to be approved to undertake an *FCA controlled function* will be called into question. A *person* who provides information to the *FCA* that is false or misleading may commit a criminal offence, and could face prosecution under section 398 of the *Act* regardless of the status of their application.
- 10A.13.13 G If there is a delay in processing the application within the standard response time, the *FCA* will tell the *firm* making the application as soon as this becomes apparent.
- 10A.13.14 G Before making a decision to grant the application or give a *warning notice*, the *FCA* may ask the *firm* for more information about the *FCA candidate*. If it does this, the three-month period in which the *FCA* must determine a completed application:
- (1) will stop on the day the *FCA* requests the information; and
  - (2) will start running again on the day on which the *FCA* finally receives all the requested information.
- 10A.13.15 G The *FCA* may grant an application only if it is satisfied that the *FCA candidate* is a fit and proper *person* to perform the *FCA controlled function* stated in the application form. Responsibility lies with the *firm* making the application to satisfy the *FCA* that the *FCA candidate* is fit and proper to perform the *FCA controlled function* applied for.
- 10A.13.16 G For further *guidance* on criteria for assessing whether a *FCA candidate* is fit and proper, see *FIT*.

#### Decisions on applications

- 10A.13.17 G Whenever it grants an application, the *FCA* will confirm this in writing to all *interested parties*.
- 10A.13.18 G If the *FCA* proposes to refuse an application in relation to one or more *FCA controlled functions*, it must follow the procedures for issuing *warning* and *decision notices* to all *interested parties*. The requirements relating to *warning* and *decision notices* are in *DEPP 2*.

#### Withdrawing an application for approval

- 10A.13.19 R A *firm* applying to withdraw an application for approval must notify the *FCA*, using Form B, in the form set out in *SUP* 10A Annex 5R.
- 10A.13.20 G Under section 61(5) of the *Act* (Determination of applications), the *firm* may withdraw an application only if it also has the consent of the *candidate* and the *person* by whom the *candidate* is or would have been employed, if this is not the *firm* making the application.

### 10A.14 Changes to an FCA-approved person's details

#### Moving within a firm

- 10A.14.1 G An *FCA-approved person's* job may change from time to time as a result, for instance, of a change in personal job responsibilities or a *firm's regulated activities*. Where the changes will involve the *person* performing one or more *FCA controlled functions* different from those for which approval has already been granted, then an application must be made to the *FCA* for approval for the *person* to perform those *FCA controlled functions*. The *firm* must take reasonable care to ensure that an individual does not begin performing an *FCA controlled function* until the *FCA* has granted *FCA-approved person* status to that individual in respect of that *FCA controlled function*. Similarly, a *firm* must get the *FCA's* approval if a *person* is to start performing an *FCA controlled function* in relation to that *firm* when he already has the *PRA's* approval to perform a *PRA controlled function* in relation to that *firm*.
- 10A.14.2 G If an *FCA-approved person* or a *PRA-approved person* is ceasing to perform *FCA controlled functions* or *PRA controlled functions*, as well as applying for approval in respect of *FCA controlled functions*, *SUP* 10A.14.4D generally applies. Further details can be found in *SUP* 10A Annex 2G.
- 10A.14.3 G If a *person* is to perform an *FCA controlled function* for a *firm* for which he already performs a *PRA controlled function* or *FCA controlled function* as an *approved person* but he is not at the same time ceasing to perform an *FCA controlled function* or *PRA controlled function*, a *firm* should use Form A. It is not mandatory to complete all parts of the form. See the notes relevant to each form for full details.
- 10A.14.4 D (1) A *firm* must use Form E where an *approved person* is both ceasing to perform one or more *controlled functions* and needs to be approved in relation to one or more *FCA controlled functions* within the same *firm* or *group*.

- (2) A *firm* must not use Form E if the *approved person* has never before been approved to perform a *significant-influence function* for any *firm* or has not been subject to a *current approved person approval* from the *FCA* or *PRA* to perform a *significant-influence function* in relation to any *firm* for more than six months.
- (3) A *firm* must not use Form E if a notification has been made or should be made under *SUP* 10A.14.17R (Changes in fitness to be notified under Form D) or *SUP* 10B.12.18R (the equivalent *PRA rule*) in relation to any *controlled functions* that that *person* is ceasing to perform (as referred to in (1)) or any *controlled function* that he is continuing to perform in relation to that *firm* or a *firm* in the same *group*.

10A.14.5 G *SUP* 10A.16.1D explains how applications should be submitted.

#### Moving between firms

10A.14.6 G If it is proposed that an *FCA-approved person* will no longer be performing an *FCA controlled function* under an *arrangement* entered into by one *firm* or one of its contractors, but will be performing the same or a different *FCA controlled function* under an *arrangement* entered into by a new *firm* or one of its contractors (whether or not the new *firm* is in the same *group* as the old *firm*), the new *firm* will be required to make a fresh application for the performance of the *FCA controlled function* by that *person*.

10A.14.7 G In certain circumstances, when the *FCA* already has the information it would usually require, a shortened version of the relevant Form A may be completed. See the notes relevant to each form for full details.

#### Ceasing to perform an FCA controlled function

10A.14.8 R A *firm* must submit to the *FCA* a completed Form C, in the form set out in *SUP* 10A Annex 6R, no later than seven *business days* after an *FCA-approved person* ceases to perform an *FCA controlled function*. This does not apply if the *firm* has already notified the *FCA* of the proposal to do that using Form E in accordance with this chapter or has notified the *PRA* of the proposal to do that using the *PRA's* Form E in accordance with *SUP* 10B of the *PRA's* Handbook.

10A.14.9 G *SUP* 10A.16.2R explains how notifications should be submitted.

- 10A.14.10 R
- (1) A *firm* must notify the *FCA* as soon as practicable after it becomes aware, or has information which reasonably suggests, that it will submit a qualified Form C in respect of an *FCA-approved person*.
  - (2) Form C is qualified if the information it contains:
    - (a) relates to the fact that the *firm* has dismissed, or suspended, the *FCA-approved person* from its employment; or

- (b) relates to the resignation by the *FCA-approved person* while under investigation by the *firm*, the *FCA* or any other *regulatory body*; or
  - (c) otherwise reasonably suggests that it may affect the *FCA*'s assessment of the *FCA-approved person*'s fitness and propriety.
- 10A.14.11 G Notification under *SUP* 10A.14.10R may be made by telephone, email or fax and should be made, where possible, within one *business day* of the *firm* becoming aware of the information. If the *firm* does not submit Form C, it should inform the *FCA* in due course of the reason. This could be done using Form D, if appropriate.
- 10A.14.12 G A *firm* is responsible for notifying the *FCA* if any *FCA-approved person* has ceased to perform an *FCA controlled function* under an arrangement entered into by its *appointed representative* or former *appointed representative*
- 10A.14.13 G A *firm* can submit Form C or Form E to the *FCA* in advance of the cessation date. When a *person* ceases the arrangement under which he performs an *FCA controlled function*, he will automatically cease to be an *FCA-approved person* in relation to that *FCA controlled function*. A *person* can only be an *FCA-approved person* in relation to a specific *FCA controlled function*. Therefore, a *person* is not an *FCA-approved person* during any period between ceasing to perform one *FCA controlled function* (when he is performing no other *FCA controlled function*) and being approved in respect of another *FCA controlled function*.
- 10A.14.14 G Sending forms promptly will help to ensure that any fresh application can be processed within the standard response times.

Changes to an approved person's personal details

- 10A.14.15 R If an *FCA-approved person*'s title, name or national insurance number changes, the *firm* for which the *person* performs an *FCA controlled function* must notify the *FCA* on Form D, in the form set out in *SUP* 10A Annex 7R, of that change within seven *business days* of the *firm* becoming aware of the matter.
- 10A.14.16 G The duty to notify in *SUP* 10A.14.15R does not apply to changes to an *FCA-approved person*'s private address.
- 10A.14.17 R If a *firm* becomes aware of information which would reasonably be material to the assessment of an *FCA-approved person*'s, or a *FCA candidate*'s, fitness and propriety (see *FIT*), it must inform the *FCA* on Form D, or (if it is more practical to do so and with the prior agreement of the *FCA*) by e-mail or fax, as soon as practicable.
- 10A.14.18 G *SUP* 10A.16.2R applies to the submission of Form D.

- 10A.14.19 G Failing to disclose relevant information to the *FCA* may be a criminal offence under section 398 of the *Act*.
- 10A.14.20 G The duty to notify in *SUP* 10A.14.17R extends to any circumstances that would normally be declared when giving the information required for section 5 of Form A or matters considered in *FIT* 2.
- 10A.14.21 R (1) If, in relation to a *firm* which has completed the relevant Form A (*SUP* 10A Annex 4D), any of the details relating to arrangements and *FCA controlled functions* are to change, the *firm* must notify the *FCA* on Form D (*SUP* 10A Annex 7R).
- (2) The notification under (1) must be made as soon as reasonably practicable after the *firm* becomes aware of the proposed change.
- (3) This also applies in relation to an *FCA controlled function* for which an application was made using Form E.
- (4) This *rule* also applies to a *firm* in respect of an *approved person*, to whom the grandfathering arrangements relating to the coming into force of the *Act* applied as if the *firm* had completed the relevant Form A for that *person*.
- 10A.14.22 G *SUP* 10A.16.2R also applies to the submission of Form D under *SUP* 10A.14.21R.
- 10A.14.23 G An example of where a *firm* should use Form D is when an individual who is appointed by one *appointed representative* becomes employed by another *appointed representative* but continues to perform the *customer function* for the *firm*. The *firm* should notify the *FCA* by completing Section 1.07 of Form D.

#### Ongoing alerts for retail adviser complaints

- 10A.14.24 R (1) A *firm* must notify the *FCA*, in the form set out in *SUP* 10 Annex 9R, where:
- (a) in any twelve-month period, it has upheld three *complaints* about matters relating to the *retail investment activities* carried out by any one *retail investment adviser*; or
- (b) it has upheld a *complaint* about matters relating to the *retail investment activities* carried out by a *retail investment adviser*, where the redress paid exceeds £50,000.
- (2) (a) Notifications made under (1)(a) must be made by the end of the period of 20 *business days*, beginning on the day in which the *firm* has upheld the third complaint.

- (b) Notifications made under (1)(b) must be made by the end of the period of 20 *business days*, beginning on the day in which the *firm* has upheld the complaint.

10A.14.25 G For the purpose of *SUP* 10A.14.24R:

- (1) when calculating the number of *complaints* in *SUP* 10A.14.24R(1)(a), the *firm* should exclude complaints previously notified to the *FCA* under this *rule*;
- (2) redress, under *SUP* 10A.14.24R(1)(b), should be interpreted to include an amount paid, or cost borne, by the *firm*, where a cash value can be readily identified, and should include:
  - (a) amounts paid for distress and inconvenience;
  - (b) a free transfer out to another provider which transfer would normally be paid for;
  - (c) goodwill payments and goodwill gestures;
  - (d) interest on delayed settlements;
  - (e) waiver of an excess on an insurance policy; and
  - (f) payments to put the consumer back into the position the consumer should have been in had the act or omission not occurred; and
- (3) if a *firm* reports on the amount of redress paid under *SUP* 10A.14.24R(1)(b), the redress should not include repayments or refunds of premiums which had been taken in error (for example where a *firm* had been taking, by direct debit, twice the actual premium amount due under a policy); the refund of the overcharge would not count as redress.

[**Note:** See *DISP* 1.10.2AR for the duty to notify *complaints* under the *complaints reporting rules*]

10A.14.26 R Notifications under *SUP* 10A.14.24R must be made electronically using a method of notification prescribed by the *FCA*.

## **10A.15 References and accurate information**

### References

10A.15.1 R (1) If a *firm* (A):

- (a) is considering appointing a *person* to perform any *FCA controlled function*;
- (b) requests another *firm* (B), as a current or former employer of that *person*, for a reference or other information in connection with that appointment; and
- (c) indicates to B the purpose of the request;

B must, as soon as reasonably practicable, give to A all relevant information of which it is aware.

- (2) When giving the information to A under (1), B must have regard to the purpose of the request and, in particular, to:
  - (a) any outstanding liabilities of that *person* from commission payments;
  - (b) any relevant outstanding or upheld complaint from an *eligible complainant* against that *person*;
  - (c) section 5 of the relevant Form A in SUP 10A Annex 4 (Application to perform controlled functions under approved persons regime);
  - (d) FIT 2 (Main assessment criteria); and
  - (e) if SUP 16.8.1G(1) (Persistency reports from insurers) applies to B, the persistency of any *life policies* sold by that *person*.

10A.15.2 G The requirement in SUP 10A.15.1R(1) for *firm* (B) to give to *firm* (A) all relevant information of which it is aware concerning a *person* *firm* A is considering appointing to perform any of the *FCA controlled functions*, also applies where *firm* A has outsourced the collection of that information to another (unregulated) third party, where *firm* B has been made aware that the unregulated third party is acting on behalf of *firm* A.

10A.15.3 G A *firm* supplying a reference in accordance with SUP 10A.15.1R owes a duty to its former *employee* and the recipient *firm* to exercise due skill and care in the preparation of the reference. The reference should be accurate and based on documented fact. The *firm* may give frank and honest views, but only after taking reasonable care both as to factual content, and as to the opinions expressed, and verifying the information upon which they are based.

The need for complete and accurate information

10A.15.4 G The obligations to supply information to:

- (1) the *FCA* under either SUP 10A.14.8R or SUP 10A.14.10R;

(2) another *firm* under SUP 10A.15.1R;

apply notwithstanding any agreement (for example a 'COT 3' Agreement settled by the Advisory, Conciliation and Arbitration Service (ACAS)) or any other arrangements entered into by a *firm* and an *employee* upon termination of the *employee's* employment. A *firm* should not enter into any such arrangements or agreements that could conflict with its obligations under this section.

10A.15.5 G Failing to disclose relevant information to the *FCA* may be a criminal offence under section 398 of the Act.

## 10.16 How to apply for approval and give notifications

- 10A.16.1 D (1) This direction applies to an application under Form A or Form E.
- (2) An application by a *firm* other than a *credit union* must be made by submitting the Form online at [fca.org.uk](http://fca.org.uk) using the form specified on the *FCA's* and *PRA's* ONA system.
- (3) An application by a *credit union* must be made using the form in SUP 10A Annex 4D or SUP 10A Annex 8D and must be submitted in the way set out in SUP 15.7.4R to SUP 15.7.9G (Form and method of notification).
- (4) Where a *firm* is obliged to submit an application online under (2), if the information technology systems used by the *FCA* fail and online submission is unavailable for 24 hours or more, until such time as facilities for online submission are restored a *firm* must use the form in SUP 10A Annex 4D or SUP 10A Annex 8D and submit it in the way set out in SUP 15.7.4R to SUP 15.7.9G (Form and method of notification).
- 10A.16.2 R (1) This rule applies to a notification under Form C or Form D.
- (2) A notification must be made in accordance with SUP 10A.16.1D, except that the annexes to SUP 10A in which the forms are to be found are SUP 10A Annex 6R or SUP 10A Annex 7R, rather than the Annexes mentioned in SUP 10A.16.1D.
- 10A.16.3 G If the information technology systems used by the *FCA* fail and online submission is unavailable for 24 hours or more, the *FCA* and *PRA* will endeavour to publish a notice on their websites confirming that online submission is unavailable and that the alternative methods of submission set out in SUP 10A.16.1D(4) and SUP 15.7.4R to SUP 15.7.9G (Form and method of notification) should be used.
- 10A.16.4 G Where SUP 10A.16.1D(4) or the equivalent situation under SUP 10A.16.2R applies to a *firm*, GEN 1.3.2R (Emergency) does not apply.

**10A.17 Further questions**

- 10A.17.1 G A list of frequently asked questions and answers is at *SUP* 10A Annex 1.
- 10A.17.2 G If the *firm* or its advisers have further questions, they should contact the *FCA's* Contact Centre (see *SUP* 10A.12.6G).

**10A Annex 1G Frequently asked questions**

	Question	Answer
	<b>Requirements of the regime</b>	
1	Does pre-approval apply to individuals taking up a new <i>FCA controlled function</i> within the same <i>firm</i> ?	Yes. Pre-approval applies in all circumstances (see section 59 of the <i>Act</i> (Approval for particular arrangements)) except under the temporary (12 weeks) provision. See <i>SUP</i> 10A.5.6R and question 2.
2	What are the procedures for 'emergency situations'?	Individuals may perform an <i>FCA significant-influence function</i> for up to 12 weeks in any consecutive 12-month period without requiring approval. When it becomes clear that a <i>person</i> will be performing the function on a permanent basis, then an application for approval should be made. However, there is no provision for individuals to perform the <i>customer function</i> on a continuing basis without approval ( <i>SUP</i> 10A.5.6R).
3	Can a <i>person</i> be approved for more than one <i>FCA controlled function</i> ?	Yes. A <i>firm</i> will need to seek approval in respect of each <i>FCA controlled function</i> a <i>person</i> is to perform.

4	Do the <i>FCA controlled functions</i> apply to an <i>incoming EEA firm</i> that is providing <i>cross border services</i> into the <i>United Kingdom</i> ?	No. The <i>FCA-approved persons</i> regime does not apply to <i>cross border services</i> ( <i>SUP 10A.1.5R</i> ).
5	May any activity be outsourced by a <i>firm</i> ?	Yes. But if that activity constitutes a <i>regulated activity</i> , the <i>person</i> to whom it is outsourced will itself need permission.
6	Can an <i>FCA significant-influence function</i> be outsourced?	It is a question of fact in each case as to who is performing an <i>FCA significant-influence function</i> . These functions are mostly described at a high level of responsibility, for example, the <i>director</i> of a <i>company</i> or a <i>partner</i> in a <i>partnership</i> . The <i>persons</i> performing these functions cannot avoid their ultimate responsibility and, therefore, the need for approval. However, some of the <i>FCA significant-influence functions</i> may be performed by a <i>person</i> who is specifically brought in to do the job, for example the <i>chief executive function</i> (where it is to be performed by a <i>body corporate</i> ).
7	Do Lloyd's underwriting agents still require registration with Lloyd's?	Yes. Approval for a <i>controlled function</i> is not sufficient.
8	What should a <i>firm</i> do if it is unsure whether an individual needs approval?	The <i>firm</i> should contact the <i>FCA's</i> Customer Contact Centre. See <i>SUP 10A.12.6G</i> .
	<b>Submitting an application</b>	
9	Who applies for approval?	The <i>firm</i> . See section 60 of the <i>Act</i> (Applications for approval).

10	What is the role of the <i>FCA candidate</i> in the application process?	Before the <i>firm</i> submits the relevant Form A or Form E, it must verify the information contained in it. As part of this verification, the Form provides for the <i>FCA candidate</i> to confirm the accuracy of the information given by the <i>firm</i> so far as it relates to him.
11	What checks should a <i>firm</i> make on a <i>FCA candidate</i> before submitting an application for approval from the <i>FCA</i> ?	The <i>FCA</i> expects <i>firms</i> to perform due and diligent enquiries into their <i>FCA candidates</i> before they submit an application to the <i>FCA</i> for approval. The <i>FCA</i> 's approval process is not a substitute for the checks that a <i>firm</i> should be carrying out on its prospective recruits. It is for the <i>firm</i> to determine what checks are appropriate but, in making its decision, a <i>firm</i> should have regard to the <i>FCA controlled function</i> to which the application relates. <i>Firms</i> ' enquiries should include checks to verify relevant qualifications and previous employment. Note also the provisions of <i>EG 6</i> .
12	Should these checks include a check of criminal records?	It is for senior management to decide what checks should be made. In deciding if it is necessary to carry out a check of criminal records, the <i>firm</i> should consider that the <i>FCA</i> does not routinely carry out these checks during the approval process. By virtue of the <i>rehabilitation exceptions orders</i> , the <i>FCA</i> and the industry also have a right to ask about the spent criminal convictions specified in those Orders, as well as any unspent criminal convictions, in order to assess the suitability of <i>FCA candidates</i> for <i>approved person</i> status (see section 5 of the relevant Form A (Application to perform controlled functions under the approved persons regime)). Note also the provisions of <i>EG 6</i> (Publicity).
13	What is the "fit and proper" test for approval?	Section 61(1) of the <i>Act</i> (Determination of applications) provides that the <i>FCA</i> may grant an application only if it is satisfied that the <i>FCA candidate</i> is a fit and proper <i>person</i> to perform the relevant function. In determining this question, the <i>Act</i> sets out the matters to which the <i>FCA</i> may have regard (section 61(2)) and the <i>FCA</i> has given guidance on this in <i>FIT</i> .

14	If a <i>firm</i> is unsure whether or not something may have an impact upon an individual's fitness and propriety, should it be disclosed?	Yes, always. The deliberate non-disclosure of material facts is taken very seriously by the <i>FCA</i> as it is seen as possible evidence of current dishonesty. Therefore, if in doubt, disclose.
15	What happens if adverse information comes to light after the application form has been submitted or after the individual has been <i>FCA</i> -approved?	The <i>firm</i> must inform the <i>FCA</i> at the earliest opportunity. See <i>SUP</i> 10A.14.17R.
16	Will the <i>FCA</i> consider an application in respect of a <i>FCA candidate</i> who has not yet signed a contract with the <i>firm</i> ?	Yes, as the <i>FCA</i> will consider the arrangement under which the <i>FCA candidate</i> will perform the function. However, the <i>FCA</i> will not consider speculative or provisional applications - such as for the <i>FCA candidates</i> in an election to a mutual society Board. The <i>FCA</i> must be informed immediately of any material changes to the information provided on the application form which arises before the application has been determined. All changes must be communicated to the <i>FCA</i> by the <i>firm</i> making the application (see <i>SUP</i> 15.6.4R). Failure to notify the <i>FCA</i> may result in a delay in processing or rejection or both.
17	How can <i>credit unions</i> get a supply of application forms (Forms A to F)?	These can be ordered from the <i>FCA</i> 's Customer Contact Centre. There is no charge for an application form.

18	Is there a separate fee for making an application for <i>FCA-approved person</i> status?	No.
19	Must all gaps in previous employment be explained?	Yes.
	<b>FCA procedure</b>	
20	Does the <i>FCA</i> verify the information provided to it?	Yes, as far as possible, information is verified.
21	Will the <i>FCA</i> handle information confidentially?	Yes. The <i>FCA</i> is obliged to handle all information confidentially and is subject to the provisions of the Data Protection Act 1998.
22	How long will the <i>FCA</i> take to process an application for <i>FCA-approved person</i> status?	The length of time taken to process the application will vary as it is dependent upon the application under consideration. The <i>FCA</i> publishes standard response times on its website at <a href="http://www.fca.org.uk">www.fca.org.uk</a> setting out how long the application process is expected to take in practice. From time to time, the <i>FCA</i> also publishes its performance against these times. However, if, for example, information is missing from the application, or the information provided gives the <i>FCA</i> cause for concern, or the <i>FCA</i> already has in its possession relevant information which gives rise to concerns, processing time will almost always be longer. In each case, the <i>FCA</i> will notify the <i>firm</i> of any extension to the processing times.
23	Will the <i>firm</i> and individual be notified if there is a delay in processing the application form?	Yes. The <i>FCA</i> will contact the <i>firm</i> explaining the position and, where appropriate, giving the reasons for delay. It will then be the responsibility of the <i>firm</i> to keep the <i>FCA candidate</i> and any other <i>interested party</i> informed.

24	How are non-routine cases handled?	Refer to <i>DEPP 2</i> .
25	Can the <i>FCA</i> apply conditions to an <i>FCA-approved person</i> ?	No. The application can either be granted or refused. The <i>Act</i> provides no equivalent to the limitations or requirements which may be included in <i>permissions</i> . If the application is refused, the <i>firm</i> may re-apply in respect of the same individual but a different <i>FCA controlled function</i> . If it is considering doing this, the <i>firm</i> is encouraged to discuss the matter with the <i>FCA</i> . Where there are reasonable grounds for doing so, the <i>FCA</i> may require a <i>firm</i> to provide information about an <i>FCA-approved person</i> (see section 165 of the <i>Act</i> (Power to require information)).
26	Will the <i>firm</i> be issued with confirmation of approval?	Yes. The <i>firm</i> will be sent a letter setting out the effective date of approval together with the <i>FCA controlled function</i> for which the individual has been <i>FCA-approved</i> . It will then be the <i>firm's</i> responsibility to inform the individual and any other <i>interested party</i> , for example any <i>appointed representative</i> .
	<b>Withdrawing an application</b>	
27	Can a <i>firm</i> withdraw its application?	Yes, but only with the consent of the <i>FCA candidate</i> . See section 61(5) of the <i>Act</i> (Determination of applications).
28	What happens if the individual refuses to consent to the withdrawal of the application?	The <i>FCA</i> will consider with all <i>interested parties</i> what to do. If it proposes to refuse the application, it will give a <i>warning notice</i> to all <i>interested parties</i> . See section 62 of the <i>Act</i> (Applications for approval: procedure and right to refer to the Tribunal).
29	Can the <i>firm</i> withdraw only part of an application – for instance, in relation to a specific <i>FCA controlled function</i> ?	The <i>FCA</i> will allow the <i>firm</i> to amend its application at any time before determination with the consent of all other <i>interested parties</i> . Whether the amendment will have the effect of amounting to a fresh application will be considered on a case by case basis.

	<b>Conduct of FCA-approved persons</b>	
30	How and when must the <i>firm</i> report to the <i>FCA</i> potentially adverse information about an <i>FCA-approved person's</i> fitness and propriety?	Normally, the <i>firm</i> should report such matters to the <i>FCA</i> on Form D once it is reasonably satisfied as to the information's validity ( <i>SUP</i> 10A.14.17R). (See also, Chapter 11 of the Principle for Businesses sourcebook ( <i>PRIN</i> ) and Statement of Principle 4 in Chapter 2 of the Statements of Principle and Code of Practice for Approved Persons ( <i>APER</i> .) However, if an <i>FCA-approved person</i> is dismissed, is suspended, or resigns while under investigation by the <i>firm</i> , the <i>FCA</i> or another <i>regulatory body</i> , or there are any other matters that might affect the individual's fitness and propriety to perform an <i>FCA controlled function</i> , the <i>firm</i> should inform the <i>FCA</i> ( <i>SUP</i> 10A.14.10R) that it will be submitting a Form C containing adverse information. Full details must then be provided within seven business days, on the Form C ( <i>SUP</i> 10A.14.8R).
31	For how long are individuals accountable to the <i>FCA</i> after ceasing to be an <i>FCA-approved person</i> ?	A <i>person</i> is guilty of misconduct if, while an <i>FCA-approved person</i> , he fails to comply with a <i>Statement of Principle</i> or is knowingly concerned in the contravention by a <i>firm</i> of a requirement in the <i>Act</i> or the <i>Handbook</i> or certain other requirements. But the <i>FCA</i> may not bring proceedings after three years from when it first knew of the misconduct.

## Annex C

### New Chapter 10B of the Supervision manual (SUP)

Insert the following new chapter in the appropriate place in the Supervision manual. The text is not underlined.

#### **10B PRA Approved Persons**

##### **10B.1 Application**

General

- 10B.1.1 R This chapter applies to every *PRA-authorised person*.
- 10B.1.2 G This chapter is also relevant to every *PRA-approved person*.
- 10B.1.3 G The *rules* in this chapter specify descriptions of *PRA controlled functions* under section 59 of the *Act* (Approval for particular arrangements).
- 10B.1.4 G The directions in this chapter relate to the manner in which a *firm* must apply for the *PRA's* approval under section 59 of the *Act* and other procedures.

Overseas firms: UK services

- 10B.1.5 R This chapter does not apply to an *overseas firm* in relation to *regulated activities* which are carried on in the *United Kingdom* other than from an establishment maintained by it or its *appointed representative* in the *United Kingdom*.

Overseas firms: UK establishments

- 10B.1.6 R Only the following *PRA controlled functions* apply to an *overseas firm* which maintains an establishment in the *United Kingdom* from which *regulated activities* are carried on:
- (1) the *director function* where the *person* performing that function:
    - (a) has responsibility for the *regulated activities* of a *UK branch* which are likely to enable him to exercise significant influence over that branch; or
    - (b) is someone whose decisions or actions are regularly taken into account by the *governing body* of that branch;
  - (2) the *non-executive director function* where the *person* performing that function:

- (a) has responsibility for the *regulated activities* of a *UK branch* which is likely to enable him to exercise significant influence over that branch; or
- (b) is someone whose decisions or actions are regularly taken into account by the *governing body* of that *branch*;
- (3) the *chief executive function*;
- (4) the *PRA required functions*;
- (5) the *systems and controls function*.

Incoming EEA firms and incoming Treaty firms

10B.1.7 R This chapter does not apply to:

- (1) an *incoming EEA firm*; or
- (2) an *incoming Treaty firm*;

if and in so far as the question of whether a *person* is fit and proper to perform a particular function in relation to that *firm* is reserved, under any of the *Single Market Directives*, the *Treaty* or the *auction regulation*, to an authority in a country or territory outside the *United Kingdom*.

10B.1.8 G *SUP 10B.1.7R* reflects the provisions of section 59(8) of the *Act* and, in relation to an *incoming Treaty firm* the *Treaty*. It preserves the principle of *Home State* prudential regulation. In relation to an *incoming EEA firm* exercising an *EEA right*, or an *incoming Treaty firm* exercising a *Treaty right*, the effect is to reserve to the *Home State regulator* the assessment of the fitness and propriety of a *person* performing a function in the exercise of that right. A member of the *governing body*, or the notified UK branch manager, of an *incoming EEA firm*, acting in that capacity, will not therefore have to be approved by the *PRA* under the *Act*.

10B.1.9 G Notwithstanding *SUP 10B.1.8G*, an *incoming EEA firm* (other than an *EEA pure reinsurer*) or *incoming Treaty firm* will have had to consider the impact of the *Host State* rules with which it is required to comply when carrying on a *passported activity* or *Treaty activity* through a *branch* in the *United Kingdom*. An *incoming EEA firm* (other than an *EEA pure reinsurer*) will have been notified of those provisions under Part II of Schedule 3 to the *Act* in the course of satisfying the conditions for *authorisation* in the *United Kingdom*.

10B.1.10 G An *incoming EEA firm* will have to consider, for example, the position of a *branch manager* based in the *United Kingdom* who may also be performing a function in relation to the carrying on of a *regulated activity* not covered by the *EEA right* of the *firm*. In so far as the function is within the description of a *PRA controlled function*, the *firm* will need to seek approval for that *person* to perform that *PRA controlled function*.

Incoming EEA firms: passported activities from a branch

- 10B.1.11 R None of the *PRA controlled functions* apply to an *incoming EEA firm* with respect to its *passported activities* carried on from a *branch* in the *United Kingdom*.

Incoming EEA firms etc with top-up permission activities from a UK branch

- 10B.1.12 R In relation to the activities of a *firm* for which it has a *top-up permission*, only the *PRA required functions* apply.

Committees of the Society of Lloyd's

- 10B.1.13 R For the purpose of *SUP* 10B.6.1R (the *director function*), "director" includes an executive member of a committee to which the *Council* of the *Society of Lloyd's* directly delegates authority to carry out the *Society's* regulatory functions.

- 10B.1.14 R For the purpose of *SUP* 10B.6.3R (the non-executive director function), "*non-executive director*" includes a non-executive member of a committee to which the *Council* of the *Society of Lloyd's* directly delegates authority to carry out the *Society's* regulatory functions.

Insolvency practitioners

- 10B.1.15 R This chapter does not apply to a function performed by:
- (1) a *person* acting as an insolvency practitioner within the meaning of section 388 of the Insolvency Act 1986; or
  - (2) a *person* acting as a nominee in relation to a voluntary arrangement under Parts I (Company Voluntary Arrangements) and VIII (Individual Voluntary Arrangements) of the Insolvency Act 1986; or
  - (3) a *person* acting as an insolvency practitioner within the meaning of Article 3 of the Insolvency (Northern Ireland) Order 1989; or
  - (4) a *person* acting as a nominee in relation to a voluntary arrangement under Parts II (Company Voluntary Arrangements) and VIII (Individual Voluntary Arrangements) of the Insolvency (Northern Ireland) Order 1989.

Appointed representatives

- 10B.1.16 G The *PRA* has no special *rule* relating to *appointed representatives*. Therefore, *SUP* 10B applies to an *appointed representative* of a *firm* in the same way as it does to any other contractor of the *firm* (see *SUP* 10B.3.1R). In practice in *SUP* 10B the main application to *appointed representatives* of a *firm* will be to people seconded by the *appointed representative* to the *firm*.

## 10.2 Purpose

- 10B.2.1 G The immediate purpose of *SUP* 10B.3 to *SUP* 10B.9 is to specify, under section 59 of the *Act*, descriptions of the *PRA controlled functions* which are listed in *SUP* 10B.4.3R. The underlying purpose is to establish, and mark the boundaries of, the *PRA's* "approved persons regime".

## 10.3 Basic rules for all PRA controlled functions

The need for an arrangement

- 10B.3.1 R A function is a *PRA controlled function* only to the extent that it is performed under an *arrangement* entered into by:
- (1) a *firm*; or
  - (2) a contractor of the *firm*;
- in relation to the carrying on by the *firm* of a *regulated activity*.
- 10B.3.2 G Sections 59(1) and (2) of the *Act* provide that approval is necessary in respect of a *PRA controlled function* which is performed under an *arrangement* entered into by a *firm*, or its contractor (typically an *appointed representative*), in relation to a *regulated activity*.
- 10B.3.3 G *Arrangement* is defined in section 59(10) of the *Act* as any kind of arrangement for the performance of a function which is entered into by a *firm* or any of its contractors with another *person* and includes the appointment of a *person* to an office, his becoming a *partner*, or his employment (whether under a contract of service or otherwise). For the provisions in this chapter relating to outsourcing, see *SUP* 10B.11.6G and *SUP* 10B.11.7G.
- 10B.3.4 G If, however, a *firm* is a member of a group, and the *arrangements* for the performance of a *PRA controlled function* of the *firm* are made by, say, the *holding company*, the *person* performing the function will only require approval if there is an arrangement (under section 59(1)) or a contract (under section 59(2)) between the *firm* and *holding company* permitting this. This need not be a written contract but could arise, for example, by conduct, custom and practice.
- 10B.3.5 G The *arrangement* must be "in relation to" the carrying on of a *regulated activity*. *Regulated activities* are defined in the *Glossary* by reference to the *Regulated Activities Order*. This order prescribes the activities which are *regulated activities* for the purposes of the *Act*.

Significant-influence functions

- 10B.3.6 R Each *PRA controlled function* is one which comes within the definition of a *significant-influence function*.
- 10B.3.7 G Section 59(6) of the *Act* says that the *PRA* may specify a description of function as a *PRA controlled function* only if, in relation to the carrying on of a *regulated activity* by a *firm*, it is satisfied that the function is a *significant-influence function*.
- 10B.3.8 G Section 59(7B) of the *Act* says that a significant-influence function, in relation to the carrying on of a *regulated activity* by a *firm*, means a function that is likely to enable the *person* responsible for its performance to exercise a significant influence on the conduct of the *firm's* affairs, so far as relating to the activity.
- 10B.3.9 G *SUP* 10B.3.6R gives effect to sections 59(6) and 59(7B) of the *Act*.
- 10B.3.10 G Whether a function is likely to result in the *person* responsible for its performance exercising significant influence on the conduct of the *firm's* affairs is a question of fact in each case. The *PRA* has identified the *PRA controlled functions* as satisfying this condition.

#### Actions for damages

- 10B.3.11 R A contravention of the *rules* in *SUP* 10B (other than *SUP* 10B.1 to *SUP* 10B.9) gives rise to a right of action by a *private person* under section 138D of the *Act* (and each of those *rules* is specified under section 138D(1) of the *Act* as a provision giving rise to such a right of action).

#### 10.4 Specification of functions

- 10B.4.1 R Each of the functions described in *SUP* 10B.4.3R (the table of *PRA controlled functions*) is a *PRA controlled function*.
- 10B.4.2 G The fact that a *person* may be approved for one purpose does not have the effect of bringing all his activities within that *PRA controlled function*.
- 10B.4.3 R *PRA controlled functions*

Type	CF	Description of <i>PRA controlled function</i>

## 10.5 Temporary vacancies

### 10B.5.1 R If:

- (1) a *firm* appoints an individual to perform a function which, but for this *rule*, would be a *PRA controlled function*;
- (2) the appointment is to provide cover for an *approved person* whose absence is:
  - (a) temporary; or
  - (b) reasonably unforeseen; and
- (3) the appointment is for less than 12 weeks in a consecutive 12-month period;

the description of the relevant *PRA controlled function* does not relate to those activities of that individual.

- ### 10B.5.2 G
- SUP* 10B.5.1R enables cover to be given for holidays and emergencies and avoids the need for the precautionary approval of, for example, a deputy. However, as soon as it becomes apparent that a *person* will be performing a *PRA controlled function* for more than 12 weeks, the *firm* should apply for approval.

## 10B.6 PRA governing functions

Director function (CF1)

10B.6.1 R If a *firm* is a *body corporate* (other than a *limited liability partnership*), the *director function* is the function of acting in the capacity of a *director* (other than *non-executive director*) of that *firm*.

10B.6.2 R (1) If a *firm* is a *body corporate* (other than a *limited liability partnership*), the *director function* is also the function of acting in the capacity of a *person*:

- (a) who is a *director*, partner, officer, member (if the *parent undertaking* or *holding company* is a *limited liability partnership*), *senior manager*, or employee of a *parent undertaking* or *holding company* of the *firm*; and
- (b) whose decisions or actions are regularly taken into account by the *governing body* of the *firm*.

(2) (1) does not apply if that *parent undertaking* or *holding company* has a *Part 4A permission* or is regulated by an *EEA regulator*.

(3) (1) does not apply to the function falling into SUP 10B.6.4R (*non-executive director* of the *parent undertaking* or *holding company*).

#### Non-executive director function

10B.6.3 R If a *firm* is a *body corporate*, the *non-executive director function* is the function of acting in the capacity of a *non-executive director* of that *firm*.

10B.6.4 R (1) If a *firm* is a *body corporate*, the *non-executive director function* is also the function of acting in the capacity of a *person*:

- (a) who is a *non-executive director* of a *parent undertaking* or *holding company*; and
- (b) whose decisions or actions are regularly taken into account by the *governing body* of the *firm*.

(2) However, (1) does not apply if that *parent undertaking* or *holding company* has a *Part 4A permission* or is regulated by an *EEA regulator*.

10B.6.5 R If a *firm* is a *long-term insurer*, the *non-executive director function* is also the function of acting in the capacity of an individual who, as a member of a committee having the purpose of a *with-profits committee*, has responsibility in relation to governance arrangements for *with-profits business* under COBS 20.3 (Principles and Practices of Financial Management). This does not apply to an individual performing the *director function*.

10B.6.6 G A *firm* should notify the *PRA* if a *person* moves between certain roles making up the *non-executive director function* (SUP 10B.12.6R).

#### Chief executive function (CF3)

- 10B.6.7 R The *chief executive function* is the function of acting in the capacity of a *chief executive* of a *firm*.
- 10B.6.8 G This function is having the responsibility, alone or jointly with one or more others, under the immediate authority of the *governing body*:
- (1) for the conduct of the whole of the business (or relevant activities); or
  - (2) in the case of a *branch* in the *United Kingdom* of an *overseas firm*, for the conduct of all of the activities subject to the *UK regulatory system*.
- 10B.6.9 G For a *branch* in the *United Kingdom* of an *overseas firm*, the *PRA* would not normally expect the overseas *chief executive* of the *firm* as a whole to be approved for this function where there is a *senior manager* under him with specific responsibility for those activities of the *branch* which are subject to the *UK regulatory system*. In some circumstances, the *person* within the *firm* responsible for *UK* operations may, if the function is likely to enable him to exercise significant influence over the *branch*, also perform the *chief executive function*.
- 10B.6.10 G A *person* performing the *chief executive function* may be a member of the *governing body* but need not be. If the chairman of the *governing body* is also the *chief executive*, he will be discharging this function. If the responsibility is divided between more than one *person* but not shared, there is no *person* exercising the *chief executive function*. But if that responsibility is discharged jointly by more than one *person*, each of those *persons* will be performing the *chief executive function*.
- 10B.6.11 G Note that a *body corporate* may be a *chief executive*. If so, it will need to be approved to perform the *chief executive function*.

Partner function (CF4)

- 10B.6.12 R If a *firm* is a *partnership*, the *partner function* is the function of acting in the capacity of a *partner* in that *firm*.
- 10B.6.13 R If a *firm* is a *limited liability partnership*, the *partner function* extends to the *firm* as if the *firm* were a *partnership* and a member of the *firm* were a *partner*.
- 10B.6.14 R If a *partnership* is registered under the Limited Partnership Act 1907, the *partner function* does not extend to any function performed by a limited partner.

Director of unincorporated association function (CF5)

- 10B.6.15 R If a *firm* is an unincorporated association, the *director of unincorporated association function* is the function of acting in the capacity of a *director* of the unincorporated association.

Small friendly society function (CF6)

- 10B.6.16 R (1) If a *firm* is a *non-directive friendly society*, the *small friendly society function* is the function of directing its affairs, either alone or jointly with others.
- (2) If the principal purpose of the *firm* is to carry on *regulated activities*, each *person* with responsibility for directing its affairs performs the *PRA controlled function*.
- (3) If the principal purpose of the *firm* is other than to carry on *regulated activities*, a *person* performs the *small friendly society function* only to the extent that he has responsibility for a *regulated activity*.
- 10B.6.17 R (1) Each *person* on the *non-directive friendly society's governing body* will be taken to have responsibility for its *regulated activities*, unless the *firm* has apportioned this responsibility to one particular individual to whom it is reasonable to give this responsibility.
- (2) The individual need not be a member of the *governing body*.
- 10B.6.18 G (1) Typically a *non-directive friendly society* will appoint a “committee of management” to direct its affairs. However, the governing arrangements may be informal and flexible. If this is the case, the *PRA* would expect the society to resolve to give responsibility for the carrying on of *regulated activities* to one individual who is appropriate in all the circumstances. That individual may, for example, have the title of *chief executive* or similar. The individual would have to be a *PRA-approved person* under *SUP* 10B.6.16R.
- (2) The *PRA* expects that any apportionment of responsibilities will have taken place under *SYSC* 2.1.1R. The *PRA* may ask to see details of the apportionment but will not require, as a matter of course, a copy of the material which records this (see *SYSC* 2.2).

Insurance mediation

- 10B.6.19 G A *firm* carrying on *insurance mediation activity*, other than a *sole trader*, must allocate to a *director* or *senior manager* the responsibility for the *firm's insurance mediation activity* (*MIPRU* 2.2.1R). *MIPRU* 2.2.2R(1) provides that the *firm* may allocate this responsibility to one or more of the *persons* performing a *governing function* (other than the *non-executive director function*).
- 10B.6.20 G Where a *person* performing a *governing function* is also responsible for the *firm's insurance mediation activity*, the words “(insurance mediation)” will be inserted after the relevant *PRA controlled function* (see *MIPRU* 2.2.5G).

**10B.7 Other functions included in the governing functions**

Systems and controls function

10B.7.1 R Each of the *PRA governing functions* includes, where apportioned under *SYSC 2.1.1R*, *SYSC 4.3.1R* or *SYSC 4.4.3R*, the *systems and controls function*. This does not apply to the *non-executive director function* or the function described in *SUP 10B.6.2R*.

10B.7.2 G The effect of *SUP 10B.7.1R* is that a *person* who is approved to perform a *PRA governing function* (other than the *non-executive director function* or the function described in *SUP 10B.6.2R*) will not have to be specifically approved to perform the *systems and controls function*. A *person* who is approved to perform a *PRA governing function* will have to be additionally approved before he can perform any of the *PRA required functions*.

The FCA's apportionment and oversight function (CF8)

10B.7.3 R If:

- (1) a *person* has been approved to perform a *PRA governing function* in relation to a *firm* and that approval is still in force;
- (2) that *person* is also performing a function that falls within the *apportionment and oversight function* in relation to that *firm* (or would do so except for *SUP 10A.11.11R* (*FCA rule* disapplying the *apportionment and oversight function* in relation to a *person* approved by the *PRA* to perform a *governing function*)); and
- (3) that *person* is not the subject of a *current FCA approved person approval* for the *apportionment and oversight function* in relation to that *firm*;

that *PRA governing function* includes the *apportionment and oversight function* (or, if there is more than one such *PRA governing function*, each them does).

10B.7.4 R If in relation to a *firm*:

- (1) *SUP 10B.7.3R* has applied to a *PRA-approved person*;
- (2) that *person* has ceased to perform any *PRA governing function* (ignoring the expansion of that function by *SUP 10B.7.3R*); and
- (3) that *person* is still performing what would otherwise be the *apportionment and oversight function*;

*SUP 10B.7.3R* continues to apply for three months after that *PRA-approved person* would otherwise have ceased to perform the *PRA controlled function* or, if sooner, until the *FCA* has approved the performance by that *person* of the *apportionment and oversight function* in relation to the *firm*.

- 10B.7.5 G An example of the way SUP 10B.7.4R works is this. Say that a *person* (A) is appointed as *director* and the *person* who performs the *apportionment and oversight function*. A will be performing the *director function* but will not be performing the *apportionment and oversight function*. Say that later A gives up his role as *director* but remains as the *person* who performs *apportionment and oversight function*. If SUP 10B.7.4R (and the corresponding parts of the FCA's Handbook) did not apply the result would be that A would cease to perform a *PRA controlled function* but would start performing the *apportionment and oversight function* before A had a chance to apply to the FCA for approval. The combined effect of SUP 10B.7.4R and SUP 10A.11 of the FCA's Handbook is that the *firm* has three months to secure approval by the FCA for A's performance of the *apportionment and oversight function* and during that interim period A keeps his status as a *PRA-approved person*.
- 10B.7.6 G Further details of how SUP 10B.7.3R and SUP 10B.7.4R work can be found in SUP 10A.11 of the FCA's Handbook.

## 10B.8 PRA required functions

Actuarial function (CF12)

- 10B.8.1 R The *actuarial function* is the function of acting in the capacity of an *actuary* appointed by a *firm* under SUP 4.3.1R to perform the duties set out in SUP 4.3.13R.

With-profits actuary function (CF12A)

- 10B.8.2 R The *with-profits actuary function* is the function of acting in the capacity of an *actuary* appointed by a *firm* under SUP 4.3.1R to perform the duties set out in SUP 4.3.16AR.

Lloyd's actuary function (CF12B)

- 10B.8.3 R The *Lloyd's actuary function* is the function of acting in the capacity of the *actuary* appointed under SUP 4.6.1R to perform the duties set out in SUP 4.6.7R.

## 10B.9 Systems and controls function

Systems and controls function (CF28)

- 10B.9.1 R The *systems and controls function* is the function of acting in the capacity of an *employee* of the *firm* with responsibility for reporting to the *governing body* of a *firm*, or the audit committee (or its equivalent) in relation to:

- (1) its financial affairs;
- (2) setting and controlling its risk exposure (see SYSC 3.2.10G and SYSC 7.1.6R); and
- (3) adherence to internal systems and controls, procedures and policies (see SYSC 3.2.16G and SYSC 6.2).

10B.9.2 R The *systems and controls function* does not apply in relation to *bidding in emissions auctions* carried on by a *firm* that is exempt from *MiFID* under article 2(1)(i).

10B.9.3 G Where an *employee* performs the *systems and controls function* the *PRA* would expect the *firm* to ensure that the *employee* had sufficient expertise and authority to perform that function effectively. A *director* or *senior manager* would meet this expectation.

## 10B.11 Application for approval and withdrawing an application for approval

When to apply for approval

10B.11.1 G In accordance with section 59 of the *Act* (Approval for particular arrangements), where a *candidate* will be performing one or more *PRA controlled functions*, a *firm* must take reasonable care to ensure that the *candidate* does not perform these functions unless he has prior approval from the *PRA* with the consent of the *FCA*.

10B.11.2 G Under section 59B of the *Act* (Role of *FCA* in relation to *PRA* decisions) the *FCA* may arrange with the *PRA* that in agreed kinds of cases there is no need for the consent of the *FCA*. There are currently no such arrangements in place.

Failure to apply for approval

10B.11.3 G If a *person* performs a *PRA controlled function* without approval it is not only the *firm* that is accountable. Under section 63A of the *Act* (Power to impose penalties) if the *PRA* is satisfied that:

(1) a *person* (“P”) has at any time performed a *PRA controlled function* without approval; and

(2) at that time P knew, or could reasonably be expected to have known, that P was performing a *PRA controlled function* without approval;

it may impose a penalty on P of such amount as it considers appropriate.

How to apply for approval

10B.11.4 D An application by a *firm* for the *PRA*'s approval under section 59 of the *Act* (Approval for particular arrangements) must be made by completing Form A (except where *SUP* 10B.12.4D requires a Form E).

10B.11.5 G *SUP* 10B.14.1D explains how applications should be submitted.

Who should make the application?

10B.11.6 G (1) In accordance with section 60 of the *Act* (Applications for approval), applications must be submitted by, or on behalf of, the *firm* itself, not by:

(a) the *PRA candidate*; or

(b) (where the *PRA candidate* works for the *firm's parent undertaking* or *holding company*) by the *firm's parent undertaking* or *holding company*.

(2) Usually this will be the *firm* that is employing the *PRA candidate* to perform the *PRA controlled function*. Where a *firm* has outsourced the performance of a *PRA controlled function*, the details of the outsourcing determine where responsibility lies and whom the *PRA* anticipates will submit *PRA-approved persons* application forms. *SUP* 10B.11.7G describes some common situations. The *firm* which is outsourcing is referred to as "A" and the *person* to whom the performance of the *PRA controlled function* has been outsourced, or which makes the arrangement for the *PRA controlled function* to be performed, is referred to as "B". In each situation, A must take reasonable care to ensure that, in accordance with section 59(2) of the *Act*, no *person* performs a *PRA controlled function* under an arrangement entered into by its contractor in relation to the carrying on by A of a *regulated activity*, without approval from the *PRA*. See also *SYSC* 3.2.4G and *SYSC* 8.1.1R, and *SYSC* 13.9 for *insurers*.

10B.11.7 G Outsourcing arrangements

<b>Outsourcing arrangements</b>		<b>Submitting form</b>
---------------------------------	--	------------------------

<p><i>Firm A to firm B</i></p>	<p>The <i>PRA</i> will consider A to have taken reasonable care if it enters into a contract with B under which B is responsible for ensuring that the relevant <i>PRA controlled functions</i> are performed by <i>PRA-approved persons</i>, and that it is reasonable for A to rely on this</p>	<p><i>Firm B</i> submits <i>PRA-approved persons</i> forms on behalf of <i>firm A</i></p>
<p>Outsourcing by A to B (both being a member of the same <i>United Kingdom group</i> and each having its registered office in the <i>United Kingdom</i>)</p>	<p>See <i>SUP</i> 10B.3.4G</p>	<p>See <i>SUP</i> 15.7.8G</p>
<p>(i) A to B, where B is a non-<i>authorised person</i> not part of the same <i>group</i> as A (ii) A to B, where A is a <i>branch</i> of an <i>overseas firm</i> in the <i>United Kingdom</i>, and B is an <i>overseas undertaking</i> of the same <i>group</i> (iii) A to B, where A is a <i>UK authorised subsidiary</i> of an <i>overseas firm</i>, and B is an <i>overseas undertaking</i> of the same <i>group</i></p>	<p>Responsibility for (as opposed to the performance of) any activity <i>outsourced</i> to B will remain with A. See <i>SYSC</i> 3.2.4G and <i>SYSC</i> 8</p>	<p>A ensures that an individual approved under one of the <i>PRA controlled functions</i> has responsibility for the <i>outsourced arrangement</i> and A submits a form in relation to that individual</p>

Processing an application

- 10B.11.8 G The *Act* sets out the time that the *PRA* has to consider an application and come to a decision.
- 10B.11.9 G In any case where the application for approval is made by a *person* applying for *permission* under Part 4A of the *Act* the *PRA* has until the end of whichever of the following periods ends last:

- (1) the period within which an application for that *permission* must be determined; and
  - (2) the period of three months from the time it receives a properly completed application.
- 10B.11.10 G In any other case it is the period of three months from the time it receives a properly completed application.
- 10B.11.11 G Application forms must always be completed fully and honestly. Further notes on how to complete the form are contained in each form. If forms are not completed fully and honestly, applications will be subject to investigation and the *PRA candidate's* suitability to be approved to undertake a *PRA controlled function* will be called into question. A *person* who provides information to the *PRA* that is false or misleading may commit a criminal offence, and could face prosecution under section 398 of the *Act* regardless of the status of their application.
- 10B.11.12 G The *PRA* will as soon as practicable notify the *FCA* of the receipt of an application to the *PRA*. There is no need for the *firm* to copy the application to the *FCA*.
- 10B.11.13 G Before making a decision to grant the application or give a *warning notice*, the *PRA* may ask the *firm* for more information about the *PRA candidate*. If it does this, the period in which the *PRA* must determine a completed application:
- (1) will stop on the day the *PRA* requests the information; and
  - (2) will start running again on the day on which the *PRA* finally receives all the requested information.
- 10B.11.14 G The *FCA* may also ask the *firm* for more information about the *PRA candidate*. If it does this, the period in which the *PRA* must determine a completed application is extended in the same way as it is if the *PRA* asks for the information.
- 10B.11.15 G The *PRA* may only grant an application (and the *FCA* may only give its consent) if it is satisfied that the *PRA candidate* is a fit and proper *person* to perform the *PRA controlled function* stated in the application form. Responsibility lies with the *firm* making the application to satisfy the *PRA* and the *FCA* that the *PRA candidate* is fit and proper to perform the *PRA controlled function* applied for.
- 10B.11.16 G For further *guidance* on criteria for assessing whether a *PRA candidate* is fit and proper, see *FIT*.

#### Decisions on applications

- 10B.11.17 G The *PRA* must either grant the application or, if it proposes not to grant an application, issue a *warning notice*.

- 10B.11.18 G Whenever it grants an application, the *PRA* will confirm this in writing to all *interested parties*.
- 10B.11.19 G If the *PRA* proposes to refuse an application in relation to one or more *PRA controlled functions*, it must follow the procedures for issuing *warning* and *decision notices*.

#### Withdrawing an application for approval

- 10B.11.20 R A *firm* applying to withdraw an application for approval must notify the *PRA*, using Form B, in the form set out in *SUP* 10B Annex 5R.
- 10B.11.21 G Under section 61(5) of the *Act* (Determination of applications), the *firm* may withdraw an application only if it also has the consent of the *PRA candidate* and the *person* by whom the *PRA candidate* is or would have been employed, if this is not the *firm* making the application.
- 10B.11.22 G The *PRA* will as soon as practicable notify the *FCA* of the receipt of a notice of withdrawal. There is no need for the *firm* to copy the notice to the *FCA*.

## 10B.12 Changes to a PRA-approved person's details

### Moving within a firm

- 10B.12.1 G A *PRA-approved person's* job may change from time to time as a result, for instance, of a change in personal job responsibilities or a *firm's regulated activities*. Where the changes will involve the *person* performing one or more *PRA controlled functions* different from those for which approval has already been granted, then an application must be made to the *PRA* for approval for the *person* to perform those *PRA controlled functions*. The *firm* must take reasonable care to ensure that an individual does not begin performing a *PRA controlled function* until the *PRA* has granted *approved person* status to that individual in respect of that *PRA controlled function*. Similarly, a *firm* must get the *PRA's* approval if a *person* is to start performing a *PRA controlled function* in relation to that *firm* when he already has the *FCA's* approval to perform an *FCA controlled function* in relation to that *firm*.
- 10B.12.2 G If an *FCA-approved person* or a *PRA-approved person* is ceasing to perform *FCA controlled functions* or *PRA controlled functions*, as well as applying for approval in respect of *PRA controlled functions*, *SUP* 10B.12.4D generally applies. Further details can be found in *SUP* 10B Annex 2G.

- 10B.12.3 G If a *person* is to perform a *PRA controlled function* for a *firm* for which he already performs a *PRA controlled function* or *FCA controlled function* as an *approved person* but he is not at the same time ceasing to perform an *FCA controlled function* or *PRA controlled function*, a *firm* should use Form A rather than Form E. It is not mandatory to complete all parts of the form. See the notes relevant to each form for full details.
- 10B.12.4 D (1) A *firm* must use Form E where an *approved person* is both ceasing to perform one or more *controlled functions* and needs to be approved in relation to one or more *PRA controlled functions* within the same *firm* or *group*.
- (2) A *firm* must not use Form E if the *approved person* has never before been approved to perform a *significant influence function* for any *firm* or has not been the subject of a *current approved person approval* from the *FCA* or *PRA* to perform a *significant influence function* in relation to any *firm* for more than six months.
- (3) A *firm* must not use Form E if a notification has been made or should be made under *SUP* 10B.12.18R (Changes in fitness to be notified under Form D) or *SUP* 10A.14.17R (the equivalent *FCA rule*) in relation to any *controlled functions* that, that *person* is ceasing to perform (as referred to in (1)) or any *controlled function* that he is continuing to perform in relation to that *firm* or a *firm* in the same *group*.
- 10B.12.5 G *SUP* 10B.14.1D explains how applications should be submitted.
- 10B.12.6 R If a *person* is performing the *non-executive director function* in relation to a *firm*, the *firm* must notify the *PRA* as soon as possible if that *person* begins to perform or ceases to perform any of the following functions:
- (1) the function of acting in the capacity of the chairman of the *governing body* of the *firm*; or
- (2) the function of acting as a *non-executive director* who has been appointed by the *non-executive directors* to act as the senior independent director of that *firm*; or
- (3) the function of acting in the capacity of the chairman of the *governing body* risk committee of the *firm* (if there is such a committee). For these purposes, the *governing body* risk committee means the committee described in *SYSC* 21.1.5G; or
- (4) the function of acting in the capacity of the chairman of the audit committee of the *governing body* of the *firm* (if there is such a committee); or
- (5) the function of acting in the capacity of the chairman of the remuneration committee of the *governing body* of the *firm* (if there is such a committee).

Any such notification must be e-mailed to the *PRA's approved persons* mailbox at PRA-ApprovedPersons@bankofengland.co.uk

- 10B.12.7 G So for example if a *non-executive director* moves from being chair of the audit committee to chair of the risk committee or adds the role of chair of the audit committee to his existing role as chair of the risk committee he does not require approval from the *PRA*. However, the *firm* should notify the *PRA* of that change as soon as possible. If a *person* stops performing the *non-executive director function* altogether, *SUP* 10B.12.4D or *SUP* 10B.12.10R apply instead.

#### Moving between firms

- 10B.12.8 G If it is proposed that a *PRA-approved person* will no longer be performing a *PRA controlled function* under an *arrangement* entered into by one *firm* or one of its contractors, but will be performing the same or a different *PRA controlled function* under an *arrangement* entered into by a new *firm* or one of its contractors (whether or not the new *firm* is in the same *group* as the old *firm*), the new *firm* will be required to make a fresh application for the performance of the *PRA controlled function* by that *person*.
- 10B.12.9 G In certain circumstances, when the *PRA* already has the information it would usually require, a shortened version of the relevant Form A may be completed. See the notes relevant to each form for full details.

#### Ceasing to perform a PRA controlled function

- 10B.12.10 R A *firm* must submit to the *PRA* a completed Form C, in the form set out in *SUP* 10B Annex 6R no later than seven *business days* after a *PRA-approved person* ceases to perform a *PRA controlled function*. This does not apply if the *firm* has already notified the *PRA* of the proposal to do that using Form E in accordance with this chapter or has notified the *FCA* of the proposal to do using the *FCA's* Form E in accordance with *SUP* 10A of the *FCA's* Handbook.
- 10B.12.11 G *SUP* 10B.14.2R explains how notifications should be submitted.
- 10B.12.12 R (1) A *firm* must notify the *PRA* as soon as practicable after it becomes aware, or has information which reasonably suggests, that it will submit a qualified Form C in respect of a *PRA-approved person*.
- (2) Form C is qualified if the information it contains:
- (a) relates to the fact that the *firm* has dismissed, or suspended, the *PRA-approved person* from its employment; or
  - (b) relates to the resignation by the *PRA-approved person* while under investigation by the *firm*, the *PRA* or any other *regulatory body*; or

- (c) otherwise reasonably suggests that it may affect the *PRA's* assessment of the *PRA-approved person's* fitness and propriety.
- 10B.12.13 G Notification under *SUP* 10B.12.12R may be made by telephone, fax or email and should be made, where possible, within one *business day* of the *firm* becoming aware of the information. If the *firm* does not submit Form C, it should inform the *PRA* in due course of the reason. This could be done using Form D, if appropriate.
- 10B.12.14 G A *firm* is responsible for notifying the *PRA* if any *PRA-approved person* has ceased to perform a *PRA controlled function* under an arrangement entered into by its *appointed representative* or former *appointed representative*.
- 10B.12.15 G A *firm* can submit Form C or Form E to the *PRA* in advance of the cessation date. When a *person* ceases the arrangement under which he performs a *PRA controlled function*, he will automatically cease to be a *PRA-approved person* in relation to that *PRA controlled function*. A *person* can only be a *PRA-approved person* in relation to a specific *PRA controlled function*. Therefore, a *person* is not a *PRA-approved person* during any period between ceasing to perform one *PRA controlled function* (when he is performing no other *PRA controlled function*) and being approved in respect of another *PRA controlled function*.

#### Changes to a *PRA-approved person's* personal details

- 10B.12.16 R If a *PRA-approved person's* title, name or national insurance number changes, the *firm* for which the *person* performs a *PRA controlled function* must notify the *PRA* on Form D, in the form set out in *SUP* 10B Annex 7R, of that change within seven *business days* of the *firm* becoming aware of the matter.
- 10B.12.17 G The duty to notify in *SUP* 10B.12.16R does not apply to changes to a *PRA-approved person's* private address.
- 10B.12.18 R If a *firm* becomes aware of information which would reasonably be material to the assessment of a *PRA-approved person's*, or a *PRA-candidate's*, fitness and propriety (see *FIT*), it must inform the *PRA* on Form D, or (if it is more practical to do so and with the prior agreement of the *PRA*) by fax or e-mail, as soon as practicable.
- 10B.12.19 G *SUP* 10B.14.2R applies to the submission of Form D.
- 10B.12.20 G Failing to disclose relevant information to the *PRA* may be a criminal offence under section 398 of the *Act*.
- 10B.12.21 G The duty to notify in *SUP* 10B.12.18R extends to any circumstances that would normally be declared when giving the information required for section 5 of Form A or matters considered in *FIT* 2.

- 10B.12.22 R (1) If, in relation to a *firm* which has completed the relevant Form A (*SUP* 10B Annex 4D), any of the details relating to arrangements and *PRA controlled functions* are to change, the *firm* must notify the *PRA* on Form D (*SUP* 10B Annex 7R).
- (2) The notification under (1) must be made as soon as reasonably practicable after the *firm* becomes aware of the proposed change.
- (3) This also applies in relation to a *PRA controlled function* for which an application was made using Form E.
- (4) This *rule* also applies to a *firm* in respect of an *approved person*, to whom the grandfathering arrangements relating to the coming into force of the *Act* applied as if the *firm* had completed the relevant Form A for that *person*.

### 10B.13 References and accurate information

#### References

- 10B.13.1 R (1) If a *firm* (A):
- (a) is considering appointing a *person* to perform any *PRA controlled function*;
- (b) requests another *firm* (B), as a current or former employer of that *person*, for a reference or other information in connection with that appointment; and
- (c) indicates to B the purpose of the request;
- B must, as soon as reasonably practicable, give to A all relevant information of which it is aware.
- (2) When giving the information to A under (1), B must have regard to the purpose of the request and in particular to:
- (a) any outstanding liabilities of that *person* from commission payments;
- (b) any relevant outstanding or upheld complaint from an *eligible complainant* against that *person*;
- (c) section 5 of the relevant Form A in *SUP* 10B Annex 4 (Application to perform controlled functions under approved persons regime);
- (d) *FIT* 2 (Main assessment criteria); and

- (e) if *SUP* 16.8.1G(1) (Persistency reports from insurers and data reports on stakeholder pensions) applies to B, the persistency of any *life policies* sold by that *person*.

- 10B.13.2 G The requirement in *SUP* 10B.13.1R(1) for *firm* (B) to give to *firm* (A) all relevant information of which it is aware concerning a *person* *firm* A is considering appointing to perform any of the *PRA controlled functions*, also applies where *firm* A has outsourced the collection of that information to another (unregulated) third party, where *firm* B has been made aware that the unregulated third party is acting on behalf of *firm* A.
- 10B.13.3 G A *firm* supplying a reference in accordance with *SUP* 10B.13.1R owes a duty to its former *employee* and the recipient *firm* to exercise due skill and care in the preparation of the reference. The reference should be accurate and based on documented fact. The *firm* may give frank and honest views, but only after taking reasonable care both as to factual content, and as to the opinions expressed, and verifying the information upon which they are based.

The need for complete and accurate information

- 10B.13.4 G The obligations to supply information to:
- (1) the *PRA* under either *SUP* 10B.12.10R or *SUP* 10B.12.12R; or
  - (2) another *firm* under *SUP* 10B.13.1R;
- apply notwithstanding any agreement (for example a 'COT 3' Agreement settled by the Advisory, Conciliation and Arbitration Service (ACAS)) or any other arrangements entered into by a *firm* and an *employee* upon termination of the *employee's* employment. A *firm* should not enter into any such arrangements or agreements that could conflict with its obligations under this section.
- 10B.13.5 G Failing to disclose relevant information to the *PRA* may be a criminal offence under section 398 of the Act.

## 10.14 How to apply for approval and give notifications

- 10B.14.1 D
- (1) This direction applies to an application under Form A or Form E.
  - (2) An application by a *firm* other than a *credit union* must be made by submitting the Form online at [www.pra.org.uk](http://www.pra.org.uk) using the form specified on the *FCA's* and *PRA's* ONA system.
  - (3) An application by a *credit union* must be made using the form in *SUP* 10B Annex 4D or *SUP* 10B Annex 8D and must be submitted in the way set out in *SUP* 15.7.4R to *SUP* 15.7.9G (Form and method of notification).

- (4) Where a *firm* is obliged to submit an application online under (2), if the information technology systems used by the *PRA* fail and online submission is unavailable for 24 hours or more, until such time as facilities for online submission are restored a *firm* must use the form in *SUP* 10B Annex 4D or *SUP* 10B Annex 8D and submit it in the way set out in *SUP* 15.7.4R to *SUP* 15.7.9G (Form and method of notification).
- 10B.14.2 R (1) This rule applies to a notification under Form C or Form D.
- (2) A notification must be made in accordance with *SUP* 10B.14.1D except that the annexes to *SUP* 10B in which the forms are to be found are *SUP* 10B Annex 6R or *SUP* 10B Annex 7R rather than the Annexes mentioned in *SUP* 10B.14.1D.
- 10B.14.3 G If the information technology systems used by the *PRA* fail and online submission is unavailable for 24 hours or more, the *FCA* and *PRA* will endeavour to publish a notice on their websites confirming that online submission is unavailable and that the alternative methods of submission set out in *SUP* 10B.14.1D(4) and *SUP* 15.7.4R to *SUP* 15.7.9G (Form and method of notification) should be used.
- 10B.14.4 G Where *SUP* 10B.14.1D(4) or the equivalent situation under *SUP* 10B.14.2R applies to a *firm*, *GEN* 1.3.2R (Emergency) does not apply.

### TP 3.3 Amalgamation of functions

- 3.3.1 [FCA] G In the case of an *FCA-authorised person*, if *SUP 10.6.2R* (each of the *FSA's* governing functions includes the *FSA's* systems and controls function and significant management function) applied immediately before *cutover*, *SUP 10A.6.3R* (the equivalent *FCA rule*) applies to the same extent following *cutover*.
- 3.3.2 [PRA] G In the case of a *PRA-authorised person*, if *SUP 10.6.2R* (each of the *FSA's* governing functions includes the *FSA's* systems and controls function and significant management function) applied immediately before *cutover*, *SUP 10B.7.1R* (the equivalent *PRA rule*) applies following *cutover* in relation to the *systems and controls function*.
- 3.3.3 [FCA/  
PRA] G In the case of a *PRA-authorised person*, if a *person* was approved by the *FSA* to perform one of the *FSA's* governing functions and the *FSA's* apportionment and oversight function in relation to a *firm*, the effect of *SUP TP 3* is that he will be deemed to be approved by the *FCA* for the *apportionment and oversight function* and by the *PRA* for the appropriate *governing function* in relation to that *firm*. *SUP 10A.11.11R* (disapplication of the *apportionment and oversight function* if approved for a *PRA governing function*) and *SUP 10B.7.3R* (functions making up the *apportionment and oversight function* if approved for a *PRA governing function*) do not apply.

### TP 3.4 Changes to approved persons details

- 3.4.1 [FCA] G *Firms* are reminded that an effect of the transitional provisions in *SUP TP 2.2* is that *SUP 10A.14.15R* to *SUP 10A.14.21R* (notifications relating to changes to the details relating to *approved persons* and *candidates* and new information relating to them) apply to changes and new information as compared to the position before *cutover*.
- 3.4.2 [PRA] G *Firms* are reminded that an effect of the transitional provisions in *SUP TP 2.2* is that *SUP 10B.14.16R* to *SUP 10B.14.22R* (notifications relating to changes to the details relating to *approved persons* and *candidates* and new information relating to them) apply to changes and new information as compared to the position before *cutover*.

### TP 3.5 Transitional provisions relating to bidding in emissions auctions

- 3.5.1 [FCA] R *SUP* TP 3.5 deals with an *approved person* in relation to a *PRA-authorised person* who:
- (1) immediately before *cutover*, fell within *SUP* 10.6.2AR (*FSA*'s governing functions include certain functions relating to *bidding in emissions auctions*); and
  - (2) immediately before *cutover* was not approved to perform the *FSA*'s customer controlled function in relation to that *firm*.
- 3.5.2 [FCA] R *SUP* 10A.10.7R(7) does not apply in relation to that *person* and that *firm* until that *person* stops performing that function.
- 3.5.3 [FCA] G Under the *FSA*'s *approved persons* regime a *person* acting as a bidder's representative within the meaning of subparagraph 3 of article 6(3) of the *auction regulation* did not require approval to perform the *FSA*'s customer controlled function if that *person* had approval for one of the *FSA*'s governing functions. If a *person* was in this position immediately before *cutover*, acting as a bidder's representative is not included in the *customer function* following *cutover*. It is not included in any *PRA controlled function* either. This only applies in relation to the *firm* for which that *person* was performing that role immediately before *cutover*. Furthermore if that *person* stops performing that role and later takes it up again for the same *firm* he will require approval.
- 3.5.4 [FCA] G This transitional does not apply in relation to an *FCA-authorised person*.

### **TP 3.6 General**

- 3.6.1 [FCA/  
PRA] G References in *SUP* TP 3 to a *person* being approved for the purposes of section 59 of the *Act* (approval for particular arrangements) or being an *approved person* includes someone being taken to be approved for the purposes of that section by virtue of an order made under the *Act* relating to transitional matters, such as one relating to the bringing into force of the *Act*.

## Annex E

### Amendments to the Statement of Principle and Code of Practice for Approved Persons (APER)

In this Annex, underlining indicates new text and striking through indicates deleted text.

APER 1.1 is deleted in its entirety. The deleted text is not shown.

After APER 1.1 (deleted) insert the following new sections. The text is not underlined.

#### 1.1A Application

Who?

1.1A.1 P *APER* applies to *FCA-approved persons* and *PRA-approved persons*.  
[FCA]

What?

1.1A.2 P (1) *APER* applies to the performance by an *approved person* of:  
[FCA]

(a) *FCA controlled functions* (whether or not approval has been sought and granted); and

(b) *PRA controlled functions* (whether or not approval has been sought and granted);

in relation to the *authorised persons* in relation to which that *person* is an *approved person*.

(2) *APER* also applies to the performance by an *approved person* of any other functions in relation to the carrying on of a *regulated activity* by the *authorised persons* referred to in (1).

1.1A.3 G The functions described in *APER* 1.1A.2P are called *accountable functions*.  
[FCA]

1.1A.4 G The relevance of *MiFID* to the *Statements of Principle* will depend on the extent to which the corresponding requirement imposed on *firms* under *MiFID* is reserved to a *Home State regulator* or has been disapplied under *MiFID* (see *APER* 2.1A.2P and *FIT* 1.2.4AG. See also *COBS* 1 Annex 1, Part 2, 1.1R (EEA territorial scope rule: compatibility with European law)).  
[FCA]

Where?

1.1A.5 G The territorial scope of the *approved persons* regime and its application to *incoming EEA firms* is set out in *SUP* 10A.1 (see *SUP* 10A.1.11R and *SUP* 10A.1.13R).  
[FCA]

Coverage of APER

1.1A.6 [FCA] G APER 1.1A.7G gives examples of the effect of APER 1.1A.1P and APER 1.1A.2P. The first column says whether the example involves an *FCA-approved person* and the second column says whether the example involves a *PRA-approved person*. So for example if there is a “Yes” in both columns that means that the example concerns a *person* who has been approved both by the *FCA* and by the *PRA*. The third column explains what functions APER covers in the scenario set out in the first two columns. The table is divided between cases in which the *person* performs the *controlled function* for an *FCA-authorized person* and ones where the *person* does so for a *PRA-authorized person*.

1.1A.7 [FCA] G Table: Examples of what activities APER covers

FCA approved	PRA approved	Coverage of APER
FCA-authorized person		
(1) Yes, in relation to <i>firm A</i>	Not applicable	Applies to the <i>FCA controlled function</i> . Also applies to any other function performed for <i>firm A</i> in relation to the carrying on by <i>firm A</i> of a <i>regulated activity</i> even if it is not a <i>controlled function</i> .
(2) Yes, in relation to <i>firm A</i> . No, in relation to <i>firm B</i> ,	Not applicable	In relation to <i>firm A</i> , the answer is the same as for scenario (1). However, APER does not apply to any function that the <i>approved person</i> carries on in relation to <i>firm B</i> even if that function relates to <i>regulated activities</i> carried out by <i>firm B</i> . However, if the function that he performs in relation to <i>firm B</i> is a <i>controlled function</i> the <i>approved person</i> and <i>firm B</i> may be subject to legal sanctions (see SUP 10A.13.1G to SUP 10A.13.2G).
PRA-authorized person		
(3) Yes, in relation to <i>firm A</i>	No	The answer is the same as for scenario (1).

(4) No	Yes, in relation to <i>firm A</i>	Applies to <i>PRA controlled function</i> . Also applies to any other function performed for <i>firm A</i> in relation to the carrying on by <i>firm A</i> of a <i>regulated activity</i> even if it is not a <i>controlled function</i> .
(5) Yes, in relation to <i>firm A</i>	Yes, in relation to <i>firm A</i>	Applies to <i>FCA controlled function</i> and <i>PRA controlled function</i> . Also applies to any other function performed for <i>firm A</i> in relation to the carrying on by <i>firm A</i> of a <i>regulated activity</i> even if it is not a <i>controlled function</i> .
(6) Yes, in relation to <i>firm A</i> . No, in relation to <i>firm B</i> ,	Yes, in relation to <i>firm A</i> . No, in relation to <i>firm B</i> ,	In relation to <i>firm A</i> , the answer is the same as for scenario (5). However, <i>APER</i> does not apply to any function that the <i>approved person</i> carries on in relation to <i>firm B</i> even if that function relates to <i>regulated activities</i> carried out by <i>firm B</i> . However, if the function that he performs in relation to <i>firm B</i> is a <i>controlled function</i> the <i>approved person</i> and <i>firm B</i> may be subject to legal sanctions (see <i>SUP 10A.13.1G</i> to <i>SUP 10A.13.21G</i> ).

- 1.1A.8 [FCA] G A *person* may be an *approved person* in relation to more than one *firm*. When that is the case, *APER* applies in relation to all those *firms*.
- 1.1A.9 [FCA] G (1) *APER* 1.1A.2P refers to the *authorised person* in relation to which a *person* is an *approved person*.
- (2) Under section 59 of the *Act* (Approval for particular arrangements) there are two kinds of *approved person*.
- (3) Section 59(1) of the *Act* describes the first. It covers a *person* who performs a *controlled function* under an *arrangement* entered into by an *authorised person* (“A”). In this case, *APER* 1.1A.2P refers to A.
- (4) Section 59(2) of the *Act* describes the second. It covers a *person* who performs a *controlled function* under an *arrangement* entered into by a contractor (“B”) of an *authorised person* (“A”). In this case, *APER* 1.1A.2P refers to A (and not B).

Rule in GEN about provisions shared between the FCA and PRA

- 1.1A.10 [FCA] E *GEN 2.2.23R* (Cutover: Application of provisions made by both the FCA and the PRA) does not apply to any provision of *APER* marked with an “E” in the margin.
- 1.1A.11 [FCA] G *GEN 2.2.23R* does not apply to any of *APER*. It does not apply to any part of *APER* that is not shared as *GEN 2.2.23R* only applies to *Handbook* provisions made by both the *FCA* and the *PRA*. Hence *GEN 2.2.23R* does not apply to the *Statements of Principle*. *APER 1.1A.10E* means that *GEN 2.2.23R* does not apply to shared provisions marked with an “E” in the margin. *GEN 2.2.23R* does not apply to shared *guidance* in *APER* because the *guidance* is about material to which *GEN 2.2.23R* does not apply.

**1.1B Application**

Who?

- 1.1B.1 [PRA] P *APER* applies to:
- (1) *PRA-approved persons*; and
  - (2) *FCA-approved persons* in relation to whom the *FCA* has given its approval under section 59 of the *Act* in respect of the performance by them of *significant-influence functions* in relation to the carrying on by *PRA-authorised persons* of *regulated activities*.

What?

- 1.1B.2 [PRA] P (1) *APER* applies to the performance by an *approved person* of:
- (a) *PRA controlled functions* (whether or not approval has been sought and granted); and
  - (b) *FCA controlled functions* that are *significant-influence functions* (whether or not approval has been sought and granted);
- in relation to the *PRA-authorised persons* in relation to which that *person* is an *approved person*.
- (2) *APER* also applies to the performance by an *approved person* of any other *significant-influence functions* in relation to the *PRA-authorised persons* referred to in (1).
- 1.1B.3 [PRA] G The functions described in *APER 1.1B.2P* are called *accountable functions*.

1.1B.4 [PRA] G The relevance of *MiFID* to the *Statements of Principle* will depend on the extent to which the corresponding requirement imposed on *firms* under *MiFID* is reserved to a *Home State regulator* or has been disapplied under *MiFID* (see *APER* 2.1B.2P and *FIT* 1.2.4AG).

Where?

1.1B.5 [PRA] G The territorial scope of the *approved persons* regime and its application to *incoming EEA firms* is set out in *SUP* 10B.1 (see *SUP* 10B.1.11R and *SUP* 10B.1.12R).

Coverage of *APER*

1.1B.6 [PRA] G *APER* 1.1B.7G gives examples of the effect of *APER* 1.1B.1P and *APER* 1.1B.2P. The first column says whether the example involves an *FCA-approved person* and the second column says whether the example involves a *PRA-approved person*. So, for example, if there is a “Yes” in both columns that means that the example concerns a *person* who has been approved both by the *FCA* and by the *PRA*. The third column explains what functions *APER* covers in the scenario set out in the first two columns. The table is divided between cases in which the *person* performs the *controlled function* for an *FCA-authorised person*, and ones where the *person* does so for a *PRA-authorised person*.

1.1B.7 [PRA] G Table: Examples of what activities *APER* covers

FCA approved	PRA approved	Coverage of <i>APER</i>
FCA-authorised person		
(1) Yes, in relation to <i>firm A</i>	Not applicable	Does not apply
PRA-authorised person		
(2) No	Yes, in relation to <i>firm A</i>	Applies to <i>PRA controlled function</i> . Also applies to any other <i>significant-influence functions</i> performed for <i>firm A</i> , even if they are not <i>controlled functions</i> .
(3) Yes, in relation to <i>firm A</i> (for a <i>significant-influence function</i> )	No	Applies to <i>FCA controlled function</i> . Also applies to any other <i>significant-influence functions</i> performed for <i>firm A</i> , even if they are not <i>controlled functions</i> .

(4) Yes, in relation to <i>firm A</i> (for a <i>customer-dealing function</i> )	No	Does not apply. If he is also performing a <i>significant-influence function</i> that is not a <i>controlled function</i> , <i>APER</i> does not apply to that function either.
(5) Yes, in relation to <i>firm A</i> (for a <i>customer-dealing function</i> )	Yes, in relation to <i>firm A</i>	Applies to <i>PRA controlled function</i> . Does not apply to <i>customer-dealing function</i> . Also applies to any other <i>significant-influence functions</i> performed for <i>firm A</i> , even if they are not <i>controlled functions</i> .
(6) Yes, in relation to <i>firm A</i> (for a <i>significant-influence function</i> )	Yes, in relation to <i>firm A</i>	Applies to <i>FCA controlled function</i> and <i>PRA controlled function</i> . Also applies to any other <i>significant-influence functions</i> performed for <i>firm A</i> , even if they are not <i>controlled functions</i> .
(7) Yes, in relation to <i>firm A</i> (for a <i>significant-influence function</i> and <i>customer-dealing function</i> )	Yes, in relation to <i>firm A</i>	The answer is the same as for scenario (6). Does not apply to <i>customer-dealing function</i> .
(8) Yes, in relation to <i>firm A</i> (for a <i>significant-influence function</i> ). No, in relation to <i>firm B</i> ,	Yes, in relation to <i>firm A</i> . No, in relation to <i>firm B</i> ,	In relation to <i>firm A</i> , the answer is the same as for scenario (6). However, <i>APER</i> does not apply to any function that the <i>approved person</i> carries on in relation to <i>firm B</i> , even if that function is a <i>significant-influence function</i> . However, if the function that he performs in relation to <i>firm B</i> is a <i>controlled function</i> , the <i>approved person</i> and <i>firm B</i> may be subject to legal sanctions (see <i>SUP 10B.11.1G</i> and <i>SUP 10B.11.3G</i> ).

1.1B.8 [PRA] G A person may be an *approved person* in relation to more than one *PRA-authorized person*. When that is the case, *APER* applies in relation to all those *firms*.

1.1B.9 [PRA] G (1) *APER* 1.1B.2P refers to the *PRA-authorized person* in relation to which a person is an *approved person*.

- (2) Under section 59 of the *Act* (Approval for particular arrangements) there are two kinds of *approved person*.
- (3) Section 59(1) of the *Act* describes the first. It covers a *person* who performs a *controlled function* under an *arrangement* entered into by an *authorised person* (“A”). In this case, *APER* 1.1B.2P refers to A.
- (4) Section 59(2) of the *Act* describes the second. It covers a *person* who performs a *controlled function* under an *arrangement* entered into by a contractor (“B”) of an *authorised person* (“A”). In this case, *APER* 1.1B.2P refers to A (and not B).

Rule in GEN about provisions shared between the FCA and PRA

- 1.1B.10 [PRA] E *GEN* 2.2.23R (Cutover: Application of provisions made by both the FCA and the PRA) does not apply to any provision of *APER* marked with an “E” in the margin.
- 1.1B.11 [PRA] G *GEN* 2.2.23R does not apply to any of *APER*. It does not apply to any part of *APER* that is not shared, as *GEN* 2.2.23R only applies to *Handbook* provisions made by both the *FCA* and the *PRA*. Hence *GEN* 2.2.23R does not apply to the *Statements of Principle*. *APER* 1.1A.10E means that *GEN* 2.2.23R does not apply to shared provisions marked with an “E” in the margin. *GEN* 2.2.23R does not apply to shared *guidance* in *APER* because the *guidance* is about material to which *GEN* 2.2.23R does not apply.

- 1.2.1A [FCA] G *The *Statements of Principle* contained in *APER* 2 are issued under section 64(1) of the *Act* (Conduct: statements and codes). The paragraphs of the application section in *APER* 1.1A labelled “P” also form part of the *Statements of Principle*.*
- 1.2.1B [PRA] G *The *Statements of Principle* contained in *APER* 2 are issued under section 64(1A) of the *Act* (Conduct: statements and codes). The paragraphs of the application section in *APER* 1.1B labelled “P” also form part of the *Statements of Principle*.*

- 1.2.2 [FCA/PRA] G Section 64(2) of the *Act* states that if ~~the FSA~~ an appropriate regulator issues *Statements of Principle* it must also issue a code of practice for the purpose of helping to determine whether or not a *person's* conduct complies with the *Statements of Principle*. The *Code of Practice for Approved Persons* in *APER 3* and *APER 4* fulfils this requirement.
- 1.2.3 [FCA] G The *Code of Practice for Approved Persons* sets out descriptions of conduct which, in the opinion of the ~~FSA~~ FCA, do not comply with a *Statement of Principle* and, in the case of *Statement of Principle 3*, conduct which tends to show compliance within that statement. The *Code of Practice for Approved Persons* also sets out, in certain cases, factors which, in the opinion of the ~~FSA~~ FCA, are to be taken into account in determining whether or not an *approved person's* conduct complies with a *Statement of Principle*. The guidance set out in *APER 3* and *APER 4* does not form part of the *Code of Practice for Approved Persons*.
- 1.2.3A [PRA] G The *Code of Practice for Approved Persons* sets out descriptions of conduct which, in the opinion of the PRA, do not comply with a *Statement of Principle*. The *Code of Practice for Approved Persons* also sets out, in certain cases, factors which, in the opinion of the PRA, are to be taken into account in determining whether or not an *approved person's* conduct complies with a *Statement of Principle*. - 1.2.5 [FCA] G As set out in ~~SUP 10.3.1R (Arrangements and regulated activities)~~ 10A.3.1R (Provisions related to the Act), a function is a *controlled function* only to the extent that it is performed under an *arrangement* entered into by:

- 1.2.6 G ~~The *Statements of Principle* apply only to the performance of a *controlled function* (that is, to the activities carried on under the arrangement described in the *firm's* application for approval). [deleted]~~
- 1.2.7 G ~~The FSA recognises that an *approved person* may be performing functions which are unrelated to *regulated activities* or are otherwise outside the description of a *controlled function*. The fact that a *person* may be approved for one purpose does not have the effect of bringing all his functions within the *controlled function*, nor of making those functions subject to the *Statements of Principle*. [deleted]~~
- 1.2.8 G ~~The territorial scope of the *approved persons* regime is set out in SUP 10.1 (Application). [deleted]~~

- 1.2.9 G ~~The *Statements of Principle* apply only to the extent that a *person* is performing a *controlled function* for which approval has been sought and granted. [deleted]~~

### **3 Code of Practice for Approved Persons: general**

#### **3.1 Introduction**

- 3.1.1 G This *Code of Practice for Approved Persons* is issued under section 64 of the *Act* (~~Conduct: statements and codes~~) for the purpose of helping to determine whether or not an *approved person's* conduct complies with a *Statement of Principle*. The code sets out descriptions of conduct which, in the *FSA's* opinion, do not comply with the relevant *Statements of Principle*. The code also sets out certain factors which, in the opinion of the *FSA*, are to be taken into account in determining whether an *approved person's* conduct complies with a particular *Statement of Principle*. The description of conduct, the factors and related provisions are identified in the text by the letter 'E' as explained in chapter 6 of the *Reader's Guide*. ~~[deleted]~~

- 3.1.1A [FCA ] G This Code of Practice for Approved Persons is issued under section 64 of the Act (Conduct: statements and codes) for the purpose of helping to determine whether or not an approved person's conduct complies with a Statement of Principle. The code sets out descriptions of conduct which, in the FCA's opinion, do not comply with the relevant Statements of Principle. The code also sets out certain factors which, in the opinion of the FCA, are to be taken into account in determining whether an approved person's conduct complies with a particular Statement of Principle. The description of conduct, the factors and related provisions are identified in the text by the letter 'E' as explained in chapter 6 of the Reader's Guide.
- 3.1.1B [PRA] G This Code of Practice for Approved Persons is issued under section 64 of the Act (Conduct: statements and codes) for the purpose of helping to determine whether or not an approved person's conduct complies with a Statement of Principle. The code sets out descriptions of conduct which, in the PRA's opinion, do not comply with the relevant Statements of Principle. The code also sets out certain factors which, in the opinion of the PRA, are to be taken into account in determining whether an approved person's conduct complies with a particular Statement of Principle. The description of conduct, the factors and related provisions are identified in the text by the letter 'E' as explained in the Reader's Guide.
- ...
- 3.1.3 [FCA/ PRA] G The significance of conduct identified in the *Code of Practice for Approved Persons* as tending to establish compliance with or a breach of a *Statement of Principle* will be assessed only after all the circumstances of a particular case have been considered. Account will be taken of the context in which a course of conduct was undertaken, including the precise circumstances of the individual case, the characteristics of the particular *controlled accountable function* and the behaviour to be expected in that function.
- ...
- 3.1.4A [PRA] G (1) An approved person will only be in breach of a Statement of Principle where he is personally culpable. Personal culpability arises where an approved person's conduct was deliberate or where the approved person's standard of conduct was below that which would be reasonable in all the circumstances.
- (2) For the avoidance of doubt, the Statements of Principle do not extend the duties of approved persons beyond those which the firm owes in its dealings with customers or others.
- 3.1.5 [FCA/ PRA] G In particular, in determining whether or not an *approved person's* conduct complies with a *Statement of Principle*, the *FSA appropriate regulator* will take into account the extent to which an *approved person* has acted in a way that is stated to be in breach of a *Statement of Principle*.

- 3.1.6 [FCA/PRA] G The *Code of Practice for Approved Persons* (and in particular the specific examples of behaviour which may be in breach of a generic description of conduct in the code) is not exhaustive of the kind of conduct that may contravene the *Statements of Principle*. The purpose of the code is to help determine whether or not a *person's* conduct complies with a *Statement of Principle*. The code may be supplemented from time to time. The *FSA appropriate regulator* will amend the code if there is a risk that unacceptable practice may become prevalent, so as to make clear what conduct falls below the standards expected of *approved persons* by the *Statements of Principle*.
- 3.1.7 G ~~*Statements of Principle 1 to 4 apply to all approved persons. In the Statements of Principle and in the Code of Practice for Approved Persons, a reference to "his controlled function" is a reference to the controlled function to which the approval relates. A person performing a significant influence function is also subject to the additional requirements set out in Statements of Principle 5 to 7 in performing that controlled function. Those responsible under SYSC 2.1.3R or SYSC 4.4.5R (Apportionment of responsibilities) for the firm's apportionment obligation will be specifically subject to Statement of Principle 5 (and see in particular APER 4.5.6E). In addition, it will be the responsibility of any such approved person to oversee that the firm has appropriate systems and controls under Statement of Principle 7 (and see in particular APER 4.7.3E). [deleted]*~~
- 3.1.7A [FCA] G *Statements of Principle 1 to 4 apply to all approved persons. A person performing an accountable significant-influence function is also subject to the additional requirements set out in Statements of Principle 5 to 7 in performing that accountable function. Those responsible under SYSC 2.1.3R or SYSC 4.4.5R (Apportionment of responsibilities) for the firm's apportionment obligation will be specifically subject to Statement of Principle 5 (and see, in particular, APER 4.5.6E). In addition, it will be the responsibility of any such approved person to oversee that the firm has appropriate systems and controls under Statement of Principle 7 (and see, in particular, APER 4.7.3E).*
- 3.1.7B [PRA] G *Those responsible under SYSC 2.1.3R or SYSC 4.4.5R (Apportionment of responsibilities) for the firm's apportionment obligation will be specifically subject to Statement of Principle 5 (and see, in particular, APER 4.5.6E). In addition, it will be the responsibility of any such approved person to oversee that the firm has appropriate systems and controls under Statement of Principle 7 (and see, in particular, APER 4.7.3E).*
- 3.1.8 G ~~*In applying Statements of Principle 5 to 7, the nature, scale and complexity of the business under management and the role and responsibility of the individual performing a significant influence function within the firm will be relevant in assessing whether an approved person's conduct was reasonable. For example, the smaller and less complex the business, the less detailed and extensive the systems of control need to be. The FSA will be of the opinion that an individual performing a significant influence function may have breached Statements of Principle 5 to 7 only if his conduct was below the standard which would be reasonable in all the circumstances. (See also*~~

APER 3.3.1E(3) to (5): [deleted]

- 3.1.8A [FCA] G In applying *Statements of Principle 5 to 7*, the nature, scale and complexity of the business under management and the role and responsibility of the individual performing an *accountable significant-influence function* within the *firm* will be relevant in assessing whether an *approved person's* conduct was reasonable. For example, the smaller and less complex the business, the less detailed and extensive the systems of control need to be. The *FCA* will be of the opinion that an individual performing an *accountable significant-influence function* may have breached *Statements of Principle 5 to 7* only if his conduct was below the standard which would be reasonable in all the circumstances. (See also *APER 3.3.1E(3) to (5)*.)
- 3.1.8B [PRA] G In applying *Statements of Principle 5 to 7*, the nature, scale and complexity of the business under management and the role and responsibility of the individual performing an *accountable function* within the *firm* will be relevant in assessing whether an *approved person's* conduct was reasonable. For example, the smaller and less complex the business, the less detailed and extensive the systems of control need to be. The *PRA* will be of the opinion that an individual performing an *accountable function* may have breached *Statements of Principle 5 to 7* only if his conduct was below the standard which would be reasonable in all the circumstances. (See also *APER 3.3.1E(3) to (5)*.)
- 3.1.9 [FCA/ PRA] G *UK domestic firms* listed on the London Stock Exchange are subject to the *UK Corporate Governance Code*, whose *internal control* provisions are amplified in the publication entitled "Internal Control: Revised Guidance for Directors on the Combined Code (October 2005)" issued by the Financial Reporting Council. ~~*FSA-regulated firms*~~ *Firms regulated by the appropriate regulator* in this category will thus be subject to that code as well as to the requirements and standards of the *regulatory system*. In forming an opinion whether *approved persons* have complied with its requirements, the ~~*FSA*~~ *appropriate regulator* will give due credit for their following corresponding provisions in the *UK Corporate Governance Code* and related *guidance*.

### 3.2 Factors relating to all Statements of Principle

- 3.2.1 [FCA/ PRA] E In determining whether or not the particular conduct of an *approved person* within his ~~*controlled*~~ *accountable function* complies with the *Statements of Principle*, the following are factors which, in the opinion of the ~~*FSA*~~ *appropriate regulator*, are to be taken into account:

...

### 3.3 Factors relating to Statements of Principle 5 to 7

3.3.1 E In determining whether or not the conduct of an *approved person*

(1) whether he exercised reasonable care when considering the information available to him;

(2) whether he reached a reasonable conclusion which he acted on;

(3) the nature, scale and complexity of the *firm's* business;

(4) his role and responsibility as an *approved person* performing an *accountable function*;

(5) the knowledge he had, or should have had, of regulatory concerns, if any, arising in the business under his control.

### 4.3 Statement of Principle 3

- 4.3.1 [FCA] G The *Statement of Principle 3* (see ~~*APER 2.1.2P*~~ *APER 2.1A.3P*) is in the following terms: "An *approved person* must observe proper standards of market conduct in carrying out his ~~*controlled function*~~ *accountable functions*."

...

- 4.3.3 [FCA] E A factor to be taken into account in determining whether or not an *approved person's* conduct complies with this *Statement of Principle* ~~*APER 2.1.2P*~~ is whether he, or his *firm*, has complied with the *Code of Market Conduct* (*MAR 1*) or relevant market codes and exchange rules.

- 4.3.4 [FCA] E Compliance with the code or *rules* described in *APER 4.3.3E* will tend to show compliance with this *Statement of Principle* (~~*APER 2.1.2P*~~).

### 4.4 Statement of Principle 4

- 4.4.1 G ~~The *Statement of Principle 4* (see *APER 2.1.2 P*) is in the following terms: "An *approved person* must deal with the *FSA* and with other regulators in an open and cooperative way and must disclose appropriately any information of which the *FSA* would reasonably expect notice." [deleted]~~
- 4.4.1A [FCA] G The *Statement of Principle 4* (see *APER 2.1A.3P*) is in the following terms: "An *approved person* must deal with the *FCA*, the *PRA* and other regulators in an open and cooperative way and must disclose appropriately any information of which the *FCA* or the *PRA* would reasonably expect notice."

- 4.4.2 G ~~For the purpose of this *Statement of Principle* (*APER 2.1.2 P*), regulators in addition to the *FSA* are those which have recognised jurisdiction in relation to *regulated activities* and a power to call for information from the *approved person* in connection with his *controlled function* or (in the case of an individual performing a *significant influence function*) in connection with the business for which he is responsible. This may include an exchange or an *overseas regulator*. [deleted]~~
- 4.4.2A [FCA] G For the purpose of this *Statement of Principle*, regulators in addition to the *FCA* and the *PRA* are those which have recognised jurisdiction in relation to *regulated activities* and a power to call for information from the *approved person* in connection with his *accountable function* or (in the case of an individual performing an *accountable significant-influence function*) in connection with the business for which he is responsible. This may include an exchange or an *overseas regulator*.
- 4.4.2B [PRA] G For the purpose of this *Statement of Principle*, regulators in addition to the *FCA* and the *PRA* are those which have recognised jurisdiction in relation to *regulated activities* and a power to call for information from the *approved person* in connection with his *accountable function* or in connection with the business for which he is responsible. This may include an exchange or an *overseas regulator*.
- 4.4.3 [FCA/ PRA] E In the opinion of the *FSA appropriate regulator*, conduct of the type described in *APER 4.4.4E*, *APER 4.4.7E*, or *APER 4.4.9E* does not comply with *Statement of Principle 4* (~~*APER 2.1.2P*~~).
- 4.4.4 [FCA/ PRA] E Failing to report promptly in accordance with his *firm's* internal procedures (or if none exist direct to the ~~*FSA regulator concerned*~~), information which it would be reasonable to assume would be of material significance to the ~~*FSA regulator concerned*~~, whether in response to questions or otherwise, falls within *APER 4.4.3E*. The regulator concerned is:
- (1) the *FCA* if it would be reasonable to assume that it would be of material significance to it;

- (2) the PRA if it would be reasonable to assume that it would be of material significance to it;
- (3) both the FCA and the PRA if it would be reasonable to assume that it would be of material significance to both of them.

4.4.5 [FCA/  
PRA] G There is no duty on an *approved person* to report such information directly to the FSA regulator concerned unless he is one of the *approved persons* responsible within the *firm* for reporting matters to the FSA regulator concerned. However, if an *approved person* takes steps to influence the decision so as not to report to the FSA regulator concerned or acts in a way that is intended to obstruct the reporting of the information to the FSA regulator concerned, then the FSA appropriate regulator will, in respect of that information, view him as being one of those within the *firm* who has taken on responsibility for deciding whether to report that matter to the FSA regulator concerned.

4.4.6 [FCA/  
PRA] E In determining whether or not an *approved person's* conduct under *APER* 4.4.4E complies with *Statement of Principle 4*, the following are factors which, in the opinion of the FSA appropriate regulator, are to be taken into account:

- (1) the likely significance to the regulator concerned (as defined in APER 4.4.4E) ~~FSA~~ of the information which it was reasonable for the individual to assume;

...

4.4.7 [FCA/  
PRA] E Where the *approved person* is, or is one of the *approved persons* who is, responsible within the *firm* for reporting matters to the FSA regulator concerned (as defined in APER 4.4.4E), failing promptly to inform the FSA regulator concerned of information of which he is aware and which it would be reasonable to assume would be of material significance to the FSA regulator concerned, whether in response to questions or otherwise, falls within *APER* 4.4.3E.

4.4.8 [FCA/  
PRA] E In determining whether or not an *approved person's* conduct under *APER* 4.4.7E complies with *Statement of Principle 4* (~~*APER 2.1.2P*~~), the following are factors which, in the opinion of the FSA appropriate regulator, are to be taken into account:

- (1) the likely significance of the information to the FSA regulator concerned (as defined in APER 4.4.4E) which it was reasonable for the *approved person* to assume;
- (2) whether any decision not to inform the FSA regulator concerned (as defined in APER 4.4.4E) was taken after reasonable enquiry and analysis of the situation.

## 4.5 Statement of Principle 5

4.5.1 G ~~The *Statement of Principle 5* (see *APER 2.1.2P*) is in the following terms: "An *approved person* performing a *significant influence function* must take reasonable steps to ensure that the business of the *firm* for which he is responsible in his *controlled function* is organised so that it can be controlled effectively."~~ [deleted]

4.5.1A G The *Statement of Principle 5* (see *APER 2.1A.3P*) is in the following terms: "An *approved person* performing an *accountable significant-influence function* must take reasonable steps to ensure that the business of the *firm* for which he is responsible in his *accountable function* is organised so that it can be controlled effectively." References in *APER 4.5* to a *significant-influence function* are to an *accountable function* to which *Statement of Principle 5* applies.

4.5.1B G The *Statement of Principle 5* (see *APER 2.1B.3P*) is in the following terms: "An *approved person* performing an *accountable function* must take reasonable steps to ensure that the business of the *firm* for which he is responsible in his *accountable function* is organised so that it can be controlled effectively." References in *APER 4.5* to a *significant-influence function* are to an *accountable function* to which *Statement of Principle 5* applies.

4.5.2 E In the opinion of the ~~*FSA*~~ *appropriate regulator*, conduct of the type described in *APER 4.5.3E*, *APER 4.5.4E*, *APER 4.5.6E* or *APER 4.5.8E* does not comply with *Statement of Principle 5* (~~*APER 2.1.2P*~~).

...

4.5.7 E Behaviour of the type referred to in *APER 4.5.6E* includes, but is not limited to:

(1) failing to review regularly the significant responsibilities which the *firm* is required to apportion ~~under *APER 2.1.1G*~~;

...

## 4.6 Statement of Principle 6

4.6.1 G ~~The *Statement of Principle 6* (see *APER 2.1.2P*) is in the following terms: "An *approved person* performing a *significant influence function* must exercise due skill, care and diligence in managing the business of the *firm* for which he is responsible in his *controlled function*."~~ [deleted]

4.6.1A [FCA] G The Statement of Principle 6 (see APER 2.1A.3P) is in the following terms: "An approved person performing an accountable significant-influence function must exercise due skill, care and diligence in managing the business of the firm for which he is responsible in his accountable function." References in APER 4.6 to a significant-influence function are to an accountable significant-influence function to which Statement of Principle 6 applies.

4.6.1B [PRA] G The Statement of Principle 6 (see APER 2.1B.3P) is in the following terms: "An approved person performing an accountable function must exercise due skill, care and diligence in managing the business of the firm for which he is responsible in his accountable function." References in APER 4.6 to a significant-influence function are to an accountable function to which Statement of Principle 6 applies.

4.6.2 [FCA/ PRA] E In the opinion of the *FSA appropriate regulator*, conduct of the type described in APER 4.6.3E, APER 4.6.5E, APER 4.6.6E or APER 4.6.8E does not comply with *Statement of Principle 6 (APER 2.1.2P)*.

...

4.6.10 [FCA/ PRA] E In determining whether or not the conduct of an *approved person* performing a *significant\_influence function* under APER 4.6.5E, APER 4.6.6E and APER 4.6.8E complies with *Statement of Principle 6 (see APER 2.1.2P)*, the following are factors which, in the opinion of the *FSA appropriate regulator*, are to be taken into account:

...

4.6.11 [FCA/ PRA] G An *approved person* performing a *significant-influence function* will not always manage the business on a day-to-day basis himself. The extent to which he does so will depend on a number of factors, including the nature, scale and complexity of the business and his position within it. The larger and more complex the business, the greater the need for clear and effective delegation and reporting lines. The *FSA appropriate regulator* will look to the *approved person* performing a *significant-influence function* to take reasonable steps to ensure that systems are in place which result in issues being addressed at the appropriate level. When issues come to his attention, he should deal with them in an appropriate way.

...

Delegation

4.6.13 [FCA/ PRA] G ...

- (4) The ~~FSA recognises~~ FCA and PRA recognise that the *approved person* performing a *significant-influence function* will have to exercise his own judgment in deciding how issues are dealt with, and that in some cases that judgment will, with the benefit of hindsight, be shown to have been wrong. He will not be in breach of *Statement of Principle 6* unless he fails to exercise due and reasonable consideration before he delegates the resolution of an issue or authority for dealing with a part of the business and fails to reach a reasonable conclusion. If he is in doubt about how to deal with an issue or the seriousness of a particular compliance problem, then, although he cannot delegate to the ~~FSA appropriate regulator~~ the responsibility for dealing with the problem or issue, he can speak to the ~~FSA appropriate regulator~~ to discuss his approach (see *APER 4.6.5E*).

#### 4.7 Statement of Principle 7

- 4.7.1 G ~~The *Statement of Principle 7* (see *APER 2.1.2P*) is in the following terms: "An *approved person* performing a *significant-influence function* must take reasonable steps to ensure that the business of the *firm* for which he is responsible in his *controlled function* complies with the relevant requirements and standards of the *regulatory system*."~~ [deleted]
- 4.7.1A [FCA] G The *Statement of Principle 7* (see *APER 2.1A.3P*) is in the following terms: "An *approved person* performing an *accountable significant-influence function* must take reasonable steps to ensure that the business of the *firm* for which he is responsible in his *accountable function* complies with the relevant requirements and standards of the *regulatory system*." - 4.7.1B [PRA] G The *Statement of Principle 7* (see *APER 2.1B.3P*) is in the following terms: "An *approved person* performing an *accountable function* must take reasonable steps to ensure that the business of the *firm* for which he is responsible in his *accountable function* complies with the relevant requirements and standards of the *regulatory system*." - 4.7.3 [FCA/ PRA] E Failing to take reasonable steps to implement (either personally or through a compliance department or other departments) adequate and appropriate systems of control to comply with the relevant requirements and standards of the *regulatory system* in respect of ~~its~~ the regulated activities of the firm in question (as referred to in Statement of Principle 7) falls within APER 4.7.2E. ## Contact details and timings for this application

### Contact for this application

#### 1.1 Details of the person we should contact about this application.

This should be an individual in the UK.

### Timings for this application

#### 1.2 Does the applicant firm have any timing factors that it would like us to consider?

If you wish your application to be granted by a specific date, for example in time for a product launch, we will try to do so. However, the time taken to determine each application is significantly affected by the quality of the application submitted and whether it is complete. If you leave a question blank, do not sign the declaration or do not attach the required supporting information, we will have to treat the application as incomplete. This will increase the time taken for us to assess your application.

We are required by law to determine applications within the earlier of (a) six months of receiving a complete application or (b) 12 months of receiving an incomplete application. However, we aim to make a decision about the application as soon as possible.

# 2

## Variation of Permission – Home Finance and General Insurance Mediation activities

It is your responsibility to make sure the regulated activities you request adequately cover the activities the applicant firm intends to carry on. Use this section to request any changes you wish to make to the firm's permission.

You need a Permission Notice that matches the applicant firm's needs and covers every aspect of regulated business it wants to carry on. The Permission Notice shows the range of regulated activities the applicant firm will be authorised to carry on, as well as the investment instruments and type(s) of customer it can deal with for each specific activity. It will also contain what we refer to as 'requirements' and 'limitations'.

Broadly speaking, a limitation is included in the description of a specific regulated activity (e.g. not to deal with retail customers) and will limit how it is carried on, in some way.

A requirement is on the firm to take or not to take a specified action (e.g. not to hold client money). A requirement may extend to activities of the firm which are not regulated activities.

If the applicant firm carries on a regulated activity that is not set out in its permission notice it could be in breach of FSMA and subject to enforcement action.

- For further detailed information on Home Reversion Schemes and Home Purchase Plans, which became regulated on 6 April 2007, please see the following page on our website: [www.fsa.gov.uk/pages/Doing/Regulated/Notify/Permissions/home/index.shtml](http://www.fsa.gov.uk/pages/Doing/Regulated/Notify/Permissions/home/index.shtml) [www.fca.org.uk/your-fca](http://www.fca.org.uk/your-fca) and/or [www.bankofengland.co.uk](http://www.bankofengland.co.uk);

## 3 Variation of Permission – Client Money

The rules and guidance about how applicant firms hold client money are designed to provide an adequate level of protection for consumers.

### **Statutory Trusts and Non-Statutory Trust Accounts**

A non-statutory trust account can be used to make advances of credit. This enables a client's premium to be met from the pool of client money held before the client pays the premium to the intermediary and vice versa.

A statutory trust account does not permit this use of credit.

Another important difference between these two types of trust account is the level of minimum capital resource requirements for the firm.

- For a non-statutory trust account, the firm's minimum capital resources requirement is the higher of £50,000 or 5% of relevant annual income.
- For a statutory trust account, the firm's minimum capital resources requirement is the higher of £10,000 or 5% of relevant annual income.

However, firms may be subject to a higher level of minimum capital resources, depending on the type of business they carry on.

## 4 Reason for Variation

No additional notes.

## 5 Threshold Conditions

Threshold Conditions are the minimum requirements a firm must satisfy to be and to continue to be authorised. When we consider the applicant firm's application we will assess whether you will satisfy, and continue to satisfy, the threshold conditions which are set out in full in the Threshold Conditions (COND) 2 Sourcebook of the FSA Handbook

at: [www.fshandbook.info/FSA/html/handbook/COND/2](http://www.fshandbook.info/FSA/html/handbook/COND/2); [www.fshandbook.info/FS/html/handbook/COND/2](http://www.fshandbook.info/FS/html/handbook/COND/2).

### **Legal Status**

~~This is a requirement of Threshold Condition 2.1. The applicant firm must fall into one of the categories listed to apply for authorisation.~~

### **Location of Offices**

This is a requirement of Threshold Condition 2.2.

### **Close Links**

~~If the applicant firm has any close links (links with other firms or individuals), these must not prevent effective FSA supervision of the applicant firm if authorised. This is a requirement of Threshold Condition 2.3.~~

### **Effective Supervision**

The appropriate regulator must be capable of effectively supervising the firm. This is a requirement of Threshold Condition 2.3.

## **Adequate ~~Appropriate~~ resources**

We must be satisfied the applicant firm has adequate resources. We assess the quality and quantity of the applicant firm's resources for its:

- financial resources;
- management;
- staff; and
- systems and controls.

This is a requirement of Threshold Condition 2.4.

# 5

## Threshold Conditions (cont'd)

### **Prudential category**

We differentiate between our financial requirements by putting applicant firms in different prudential categories. The firm will fall into at least one prudential category; and it may fall into more than one prudential category, depending on its regulated activities.

The prudential categories are set out in the following table:

**Table A**

## 5 Threshold Conditions (cont'd)

### Professional Indemnity Insurance

Some types of firms are required to have professional indemnity insurance (PII) in place, depending on the type of business that they conduct. PII is liability insurance that covers businesses if a third party claims to have suffered a loss because of professional negligence. Unless an exemption applies, you must have compliant PII cover in place before we can grant your application. An authorised firm must have PII that is at least equal to the requirements of the FSA Handbook IPRU (INV) 13 and/or MIPRU 3.2.

All excesses and exclusions identified in the PII policy must have been satisfactorily covered - for example, your firm has adequate capital resources, or has made adequate arrangements to mitigate high excess(es), or increased excess(es) for specific business types. Please note we would not expect your firm to have exclusions for specific business types.

### What if I intend to carry on more than one regulated activity?

If you carry on a combination of investment, home finance and/or insurance mediation regulated activities you will only need to comply with the higher of the prudential requirements as stated in MIPRU 3.2 and/or IPRU (INV)13 for each of these regulated activities.

You do not need to have more than one PII policy to satisfy each prudential requirement in MIPRU and IPRU (INV). One PII policy could cover the separate limits of indemnity and excesses for each type of regulated activity where appropriate. If you are subject to one or more limits of indemnity (because of the scope of your firm's regulated activities) and more than one limit applies, you only need to provide the highest one.

### Suitability

We must be satisfied the applicant firm is 'fit and proper' to be authorised. We assess:

- the competence and ability of management;
- the management's commitment to carrying on the business with integrity; and
- the management's commitment to carrying on the business in compliance with the regulatory regime.

### Compliance

A firm must establish, maintain and carry out a Compliance Monitoring Programme of actions to check it complies, and continues to comply, with regulations. When assessing this application we need to be satisfied the applicant firm has the appropriate compliance arrangements in place to meet its regulatory obligations. The applicant firm will need, as a **minimum**, to have in place procedures to meet our rules for the subject areas in the table below. These procedures must be ready for inspection at any time.

## 6 Approved Persons

You must ensure that no individual performs a controlled function until the application has been granted and we have approved the individual to perform the controlled function(s).

### What is an approved person?

An approved person is an individual who is approved by us to perform a controlled function for an authorised firm or an appointed representative. To be approved and continue to be approved to perform a controlled function, an individual must:

- meet, and maintain, our criteria for approval (the 'fit and proper test'); and then
- perform their controlled function(s) in line with the Statement of Principles and Code of Practice for Approved Persons (APER) Sourcebook of the FSA Handbook.

### What is a controlled function?

A controlled function is a function for a regulated business that has particular regulatory significance. For example, overseeing the firm's systems and controls and being responsible for compliance with our rules. There are different controlled functions relevant to the different types of businesses we regulate. Some controlled functions are required for every firm, others will depend on the nature of your business. Each controlled function has a 'CF' number. You can find a full list of all the controlled functions and an explanation of each one

# 1 Contact details and timings for this application

## Contact for this application

### 1.1 Details of the person we should contact about this application.

This should be an individual in the UK.

## Timings for this application

### 1.2 Does the applicant firm have any timing factors that it would like us to consider?

If you wish your application to be granted by a specific date, for example in time for a product launch, we will try to do so. However, the time taken to determine each application is significantly affected by the quality of the application and whether it is complete. If you leave a question blank, do not sign the declaration or do not attach the required supporting information, we will have to treat the application as incomplete. This will increase the time taken for us to assess your application.

We are required by law to determine applications within the earlier of (a) six months of receiving a complete application or (b) 12 months of receiving an incomplete application. However, we aim to make a decision about the application as soon as possible.

# 2 Variation of Permission – activities

It is your responsibility to make sure the regulated activities you request adequately cover the activities the applicant firm intends to carry on. Use this page to request any changes you wish to make to the firm's permission.

You need a Permission Notice that matches the applicant firm's needs and covers every aspect of regulated business it wants to carry on. The Permission Notice shows the range of regulated activities the applicant firm will be authorised to carry on, as well as the investment instruments and type(s) of customer it can deal with for each specific activity. It will also contain what we refer to as 'requirements' and 'limitations'.

Broadly speaking, a limitation is included in the description of a specific regulated activity (e.g. not to deal with retail customers) and will limit how it is carried on, in some way.

A requirement is on the firm to take or not to take a specified action (e.g. not to hold client money). A requirement may extend to activities of the firm which are not regulated activities.

If the applicant firm carries on a regulated activity that is not set out in its permission notice it could be in breach of FSMA and subject to enforcement action.

### Changing Customer Types

Amendments to customer types may affect your exemption status under Dispute Resolution: Complaints, and the Fees Manual (FEES) 6.2.1R. This is particularly relevant if you are adding or removing the customer type 'retail'. Please ensure you notify your normal supervisory contact in writing of any changes to your status under this exemption that this variation of permission may cause.

# 3 Variation of Permission – Client Money

The rules and guidance about how applicant firms hold client money are designed to provide an adequate level of protection for consumers.

### Statutory Trusts and Non-Statutory Trust Accounts

A non-statutory trust account can be used to make advances of credit. This enables a client's premium to be met from the pool of client money held before the client pays the premium to the intermediary and vice versa.

A statutory trust account does not permit this use of credit.

Another important difference between these two types of trust account is the level of minimum capital resource requirements for the firm.

## 3 Variation of Permission – Client Money (cont'd)

- For a non-statutory trust account, the firm's minimum capital resources requirement is the higher of £50,000 or 5% of relevant annual income.
- For a statutory trust account, the firm's minimum capital resources requirement is the higher of £10,000 or 5% of relevant annual income.

You should note that applying for a variation permission in relation to client money may affect your prudential category.

## 4 Reason for Variation

No additional notes.

## 5 Threshold Conditions

Threshold Conditions are the minimum requirements a firm must satisfy to be and to continue to be authorised. When we consider the applicant firm's application we will assess whether you will satisfy, and continue to satisfy, the threshold conditions which are set out in full in the Threshold Conditions (COND) 2 Sourcebook of the FSA Handbook at: [www.fshandbook.info/FSA/html/handbook/COND/2](http://www.fshandbook.info/FSA/html/handbook/COND/2). [www.fshandbook.info/FS/html/handbook/COND/2](http://www.fshandbook.info/FS/html/handbook/COND/2).

### **Legal Status**

~~This is a requirement of Threshold Condition 2.1. The applicant firm must fall into one of the categories listed to apply for authorisation. This is a condition for which the PRA is responsible in relation to Banks and Insurers.~~

### **Location of Offices**

This is a requirement of Threshold Condition 2.2.

### **~~Appointment of claims representatives (Insurance Business only)~~**

~~Threshold Condition 2A requires an applicant firm seeking to carry on, or carrying on, motor vehicle liability insurance business to appoint a claims representative in each country of the European Union other than the United Kingdom.~~

### **Close Links**

If the applicant firm has any close links (links with other firms or individuals), these must not prevent effective FSA supervision of the applicant firm if authorised. This is a requirement of Threshold Condition 2.3.

### **Effective supervision**

The appropriate regulator must be capable of effectively supervising the firm. This is a requirement of Threshold Condition 2.3.

### **Adequate Appropriate resources / Business to be conducted in a prudent manner**

We must be satisfied the applicant firm has adequate resources. We assess the quality and quantity of the applicant firm's resources for its:

## Threshold Conditions (cont'd)

### Suitability

We must be satisfied the applicant firm is 'fit and proper' to be authorised. We assess:

- the competence and ability of management;
- the management's commitment to carrying on the business with integrity; and
- the management's commitment to carrying on the business in compliance with the regulatory regime.

### Compliance

A firm must establish, maintain and carry out a Compliance Monitoring Programme of actions to check that it complies, and continues to comply, with regulations. When assessing this application we need to be satisfied the applicant firm has the appropriate compliance arrangements in place to meet its regulatory obligations. The applicant firm will need, as a **minimum**, to have in place procedures to meet our rules for the subject areas in the table below. These procedures must be ready for inspection at any time.

# 6

## Approved Persons

You must ensure that no individual performs a controlled function until the application has been granted and we have approved the individual to perform the controlled function(s).

### What is an approved person?

An approved person is an individual who is approved by us to perform a controlled function for an authorised firm or an appointed representative. To be approved and continue to be approved to perform a controlled function, an individual must:

- meet, and maintain, our criteria for approval (the 'fit and proper test'); and then
- perform their controlled function(s) in line with the Statement of Principles and Code of Practice for Approved Persons (APER) Sourcebook of the FSA Handbook.

### What is a controlled function?

A controlled function is a function for a regulated business that has particular regulatory significance. For example, overseeing the firm's systems and controls and being responsible for compliance with our rules. There are different controlled functions relevant to the different types of businesses we regulate. Some controlled functions are required for every firm, others will depend on the nature of your business. Each controlled function has a 'CF' number. You can find a full list of all the controlled functions and an explanation of each one

## Contact details and timings for this application

### Contact for this application

#### 1.1 Details of the person we should contact about this application.

This should be an individual in the UK.

### Timings for this application

#### 1.2 Does the applicant firm have any timing factors that it would like us to consider?

If you wish your application to be granted by a specific date, for example in time for a product launch, we will try to do so. However, the time taken to determine each application is significantly affected by the quality of the application submitted and whether it is complete. If you leave a question blank, do not sign the declaration or do not attach the required supporting information, we will have to treat the application as incomplete. This will increase the time taken for us to assess your application.

We are required by law to determine applications within the earlier of (a) six months of receiving a complete application or (b) 12 months of receiving an incomplete application. However, we aim to make a decision about the application as soon as possible.

# 2

## Variation of Permission – Investment Business activities

It is your responsibility to make sure the regulated activities you request adequately cover the activities the applicant firm intends to carry on. Use this page to request any changes you wish to make to the firm's permission.

You need a Permission Notice that matches the applicant firm's needs and covers every aspect of regulated business it wants to carry on. The Permission Notice shows the range of regulated activities the applicant firm will be authorised to carry on, as well as the investment instruments and type(s) of customer it can deal with for each specific activity. It will also contain what we refer to as 'requirements' and 'limitations'.

Broadly speaking, a limitation is included in the description of a specific regulated activity (e.g. not to deal with retail customers in relation to that regulated activity) and will limit how it can be carried on, in some way.

A requirement is on the firm to take or not to take a specified action (e.g. not to hold client money). A requirement may extend to activities which are not regulated activities.

If the applicant firm carries on a regulated activity that is not set out in its permission notice it could be in breach of FSMA and subject to enforcement action.

### Changing Customer Types

Amendments to customer types may affect your exemption status under Dispute Resolution: Complaints (DISP) 1.1.12R, and Fees Manual (FEES) 6.2.1R. This is particularly relevant if you are adding or removing the retail customer type. Please ensure you notify your normal supervisory contact in writing of any changes to your status under this exemption that this variation of permission may cause.

# 3

## Variation of Permission – Client Money

The rules and guidance about how applicant firms hold client money are designed to provide an adequate level of protection for consumers.

In relation to investment business, other than MiFID business, these rules are in CASS 4.3: [www.fshandbook.info/FSA/html/handbook/CASS/4/3](http://www.fshandbook.info/FSA/html/handbook/CASS/4/3) [www.fshandbook.info/FS/html/handbook/CASS](http://www.fshandbook.info/FS/html/handbook/CASS). As regards MiFID business, see CASS 7: <http://www.fshandbook.info/FSA/html/handbook/CASS/7>. <http://www.fshandbook.info/FS/html/handbook/CASS/7>.

You should note that applying for a variation permission in relation to client money may affect your prudential category.

## Reason for Variation

No additional notes.

## Threshold Conditions

The Threshold Conditions are the minimum requirements a firm must satisfy to be, and to continue to be, authorised. When we consider the applicant firm's application we will assess whether you will satisfy, and continue to satisfy, the threshold conditions which are set out in full in the Threshold Conditions Sourcebook (COND) 2 of the FSA Handbook at: [www.fshandbook.info/FSA/html/handbook/COND/2](http://www.fshandbook.info/FSA/html/handbook/COND/2). [www.fshandbook.info/FS/html/handbook/COND/2](http://www.fshandbook.info/FS/html/handbook/COND/2).

### **Legal Status**

~~This is a requirement of Threshold Condition 2.1. The applicant firm must fall into one of the categories listed to apply for authorisation.~~

### **Location of Offices**

This is a requirement of Threshold Condition 2.2.

### **Close Links**

~~If the applicant firm has any close links (links with other firms or individuals), these must not prevent effective FSA supervision of the applicant firm if authorised. This is a requirement of Threshold Condition 2.3.~~

### **Effective Supervision**

The appropriate regulator must be capable of effectively supervising the firm. This is a requirement of Threshold Condition 2.3.

### **Adequate Appropriate resources**

We must be satisfied the applicant firm has adequate resources. We assess the quality and quantity of the applicant firm's resources for its:

- financial resources;
- management;
- staff; and
- systems and controls.

This is a requirement of Threshold Condition 2.4.

### **Prudential category**

We differentiate between our financial requirements by putting applicant firms in different prudential categories. The firm will fall into at least one prudential category; and it may fall into more than one

prudential category, depending on its regulated activities. The prudential categories are set out in the following table.

## Threshold Conditions (cont'd)

### Professional Indemnity Insurance

Some types of firms are required to have professional indemnity insurance (PII) in place, depending on the type of business that they conduct. PII is liability insurance that covers businesses if a third party claims to have suffered a loss because of professional negligence. If your firm is required to have PII, unless an exemption applies, you must have compliant PII cover in place before we can grant your application. This must be at least equal to the requirements of the FSA Handbook IPRU (INV) 13 and/or MIPRU 3 and/or IPRU (INV) chapter 9.

All excesses and exclusions identified in the PII policy must have been satisfactorily covered – for example, your firm has adequate capital resources, or has made adequate arrangements to mitigate high excess(es), or increased excess(es) for specific business types. Please note we would not expect your firm to have exclusions for specific business types.

### What if I intend to carry on more than one regulated activity?

If you carry on a combination of investment, home finance and/or insurance mediation regulated activities you will only need to comply with the higher of the prudential requirements as stated in MIPRU and/or IPRU (INV)13 and/or IPRU (INV) chapter 9 for each of these regulated activities.

You do not need to have more than one PII policy to satisfy each prudential requirement in PRU and IPRU (INV). One PII policy could cover the separate limits of indemnity and excesses for each type of regulated activity where appropriate. If you are subject to one or more limits of indemnity (because of the scope of your firm's regulated activities) and more than one limit applies, you only need to provide the highest one.

### Suitability

We must be satisfied the applicant firm is 'fit and proper' to be authorised. We assess:

- the competence and ability of management;
- the management's commitment to carrying on the business with integrity; and
- the management's commitment to carrying on the business in compliance with the regulatory regime.

### Compliance

A firm must establish, maintain and carry out a Compliance Monitoring Programme of actions to check it complies, and continues to comply, with regulations. When assessing this application we need to be satisfied the applicant firm has the appropriate compliance arrangements in place to meet its regulatory obligations. The applicant firm will need, as a **minimum**, to have in place procedures to meet our rules for the subject areas in the table below. These procedures must be ready for inspection at any time.

### Approved Persons

You must ensure that no individual performs a controlled function until the application has been granted and we have approved the individual to perform the controlled function(s).

#### What is an approved person?

An approved person is an individual who is approved by us to perform a controlled function for an authorised firm or an appointed representative. To be approved and continue to be approved to perform a controlled function, an individual must:

- meet, and maintain, our criteria for approval (the 'fit and proper test'); and then
- perform their controlled function(s) in line with the Statement of Principles and Code of Practice for Approved Persons (APER) Sourcebook of the FSA Handbook.

#### What is a controlled function?

A controlled function is a function for a regulated business that has particular regulatory significance. For example, overseeing the firm's systems and controls and being responsible for compliance with our rules. There are different controlled functions relevant to the different types of businesses we regulate. Some controlled functions are required for every firm, others will depend on the nature of your business.

Each controlled function has a 'CF' number. You can find a full list of all the controlled functions and an explanation of each one at: [www.fshandbook.info/FS/html/handbook/SUP/10](http://www.fshandbook.info/FS/html/handbook/SUP/10) [www.fshandbook.info/FS/html/handbook/SUP/10](http://www.fshandbook.info/FS/html/handbook/SUP/10)

## 7 EEA Notifications and Third-Country Banking and Investment Groups

### EEA Notifications

We need to know about any connected firms outside the UK but within the EEA because we are required by FSMA to contact the relevant EEA Home State Regulators of these connected firms, as part of the application process.

### Third-Country Banking and Investment Groups

#### Definition of BIPRU firm

Has the meaning set out BIPRU 1.1.6 R (The definition of a BIPRU firm), which is in summary a firm that is:

- (a) a building society; or
- (b) a bank; or
- (c) a full scope BIPRU investment firm; or
- (d) a BIPRU limited licence firm; or
- (e) a BIPRU limited activity firm;

but excluding firms of the type listed in BIPRU 1.1.7 R (Exclusion of certain types of firm from the definition of BIPRU firm).

#### Definition of third-country banking and investment group

A third-country banking and investment group is a banking and investment group that is:

- (a) headed by:
  - (i) a credit institution;

- (ii) an asset management company;
- (iii) an investment firm; or
- (iv) a financial holding company;

that has its head office outside the EEA; and

- (b) not part of a wider EEA banking and investment group.

#### Definition of financial holding company

A financial holding company is a financial institution that fulfils the following conditions:

- (a) its subsidiary undertakings are either exclusively or mainly credit institutions, investment firms or financial institutions;
- (b) at least one of those subsidiary undertakings is a credit institution or an investment firm; and
- (c) it is not a mixed financial holding company.

**Definition of credit institution** (as defined in articles 4(1) and 107 of the Banking Consolidation Directive (BCD))

A credit institution is:

(as defined in article 1(1) of the BCD)

- (1) an undertaking whose business is to receive deposits or other repayable funds from the public and to grant credits for its own account; or
- (2) an electronic money institution within the meaning of the E-Money Directive;

but excluding an institution within (2) that does not have the right to benefit from the mutual recognition arrangements under the BCD.

(See also the definitions of BCD credit institution, full credit institution, full BCD credit institution and Zone A credit institution in the Glossary of the FSA Handbook.

**Definition of MiFID investment firm** (as defined in article 4(1)(1) of *MiFID*)

in summary) a firm to which MiFID applies including, for some purposes only, a credit institution and UCITS investment firm.

- (3) a UCITS investment firm (only when providing the services referred to in Article 5(3) of the UCITS Directive in relation to the rules implementing the articles of MiFID referred to in Article 5(4) of that Directive);

unless, and to the extent that, MiFID does not apply to it as a result of Article 2 (Exemptions) or Article 3 (Optional exemptions) of MiFID.

## Markets in Financial Instruments Directive (MiFID) and the Capital Requirements Directive (CRD)

### MiFID Status

CRD came into effect on 1 January 2007. Broadly speaking, the CRD only applies to firms which MiFID applies. The prudential rules these firms need to follow are contained in the Prudential Sourcebook for Banks, Building Societies and Investment firms (BIPRU) and the General Prudential Sourcebook (GENPRU).

Exempt CAD firms benefit from a lighter regime under the recast Capital Adequacy directive but are nonetheless subject to initial capital requirements (see articles 7 and 8). Exempt BIPRU commodities firms benefit from a transitional regime under the recast CAD (article 48). Please see PERG 13.6 Q54, 57, 58 and 59, <http://fsahandbook.info/FSA/html/handbook/PERG/13/6>  
<http://fshandbook.info/FS/html/handbook/PERG/13/6>

Guidance on MiFID and CRD categorisation and whether firms will be affected by either directive is set out in the Handbook, see PERG 13: <http://fshandbook.info/FS/html/handbook/PERG/13>.

### What is a 'Systematic Internaliser'?

MiFID defines Systematic Internalisers as those investment firms, which, on an organised, frequent and systematic basis, deal on own account by transacting client orders outside a Regulated Market or a Multilateral Trading Facility. This is also commonly known as Over-the-Counter trading.

## CRD categorisation – BIPRU Prudential Rules

## Markets in Financial Instruments Directive (MiFID) and the Capital Requirements Directive (CRD) (cont'd)

### Capital Resources Requirement

For full scope BIPRU investment firms, the minimum capital resource requirement will be calculated as the higher of the base requirement **or** the sum of the credit, market and operational risk requirements.

## NOTES

Please note that before completing this form to cancel all of your firm's regulated activities, you may find it helpful to discuss your proposed application with your usual supervisory contact at the FSA appropriate regulator.

You should ensure that all relevant information and confirmations are included in the form. If not, your application will be delayed whilst we seek the outstanding information and/or confirmations. Ultimately your application will be refused if the outstanding information and/or confirmations are not provided.

For more complex applications e.g. involving banks or insurance companies, we may request some additional information, in which case we will send a separate schedule.

**N.B.** an inwardly passporting EEA firm that is applying to cancel a top-up permission should only deal with matters in relation to that top-up permission in this form.

If you want to cancel some but not all of the regulated activities of your firm's permission then you should use the relevant Variation of Permission form to vary your firm's permission. Where a firm may require a long period in which to wind down (run off) its business, it is usually appropriate for the firm to apply to vary its permission before commencing the wind down. Please contact your normal supervisory contact to discuss your options.

To enable the FSA appropriate regulator to process this application for the cancellation of your firm's Part ~~IV~~ 4A permission, i.e. of all of its regulated activities, your firm should have taken the appropriate steps and be able to answer YES to each question below.

	Yes	No

## Notes to completing the waivers form

Please note that defined terms used in the text are shown in italics. Definitions can be found in the Handbook Glossary <http://www.fsa.gov.uk/pubs/hb-releases/rel43/rel43glossary.pdf>

Question Number	Notes
Front Cover	If the applicant is not a <i>firm</i> , for example an applicant for a <i>Part IV 4A permission</i> , give its name and indicate that it is not an <i>authorised person</i> . There is no need to give the firm reference number.
Section A	We may contact the <i>approved person</i> , or other designated individual, about the application.  The individual may have responsibility for an application for more than one applicant if they have the authority to do so.
Section A1	If the application is submitted by, or on behalf of, more than one applicant (for example, by more than one firm in a group), the names of each applicant must be given as well as each <del>FSA</del> firm reference number, if applicable.
Section B Question 8	<del>Section 148138A</del> of FSMA is the power used to give most waivers. Section 250 of FSMA and regulation 7 of the <i>OEIC Regulations</i> are relevant only for certain <i>rules</i> in the Collective Investment Schemes sourcebook (see SUP 8.2.3G). Section 294 of FSMA is relevant only for certain <i>rules</i> in the Recognised Investment Exchanges and Recognised Clearing Houses sourcebook (see REC 3.3).
Section B Question 9	Your draft modification must show how you propose to change the original text of the <i>rule(s)</i> . You must do this by underlining inserted text and scoring through deleted text.
Section B Question 10	You can find the Direction reference number on the Direction we send you.
Section B Question 11	We cannot give a <i>waiver</i> that would be incompatible with the <i>United Kingdom's</i> responsibilities under European directives. In many cases, the 'Purpose' section of a chapter or section of the Handbook will identify whether the text implements a directive requirement. We only expect you to take reasonable steps in answering this question; what is reasonable will depend on your resources. If you are unable to confirm which particular European directive requirements the <i>rule</i> to be waived implements, you should reply 'unable to confirm'. You will have to give us details if you are able to identify a particular European directive requirement implemented by the <i>rule</i> to be waived, but think the proposed waiver would not breach that requirement.
Section C	You can find published <i>waivers</i> at: <a href="http://www.fsa.gov.uk/Pages/Library/Other_publications/Waivers/index.shtml">http://www.fsa.gov.uk/Pages/Library/Other_publications/Waivers/index.shtml</a> <del>http://www.fca.org.uk/your-fca</del>

Section D Question 14	<p>We expect you to provide (where applicable):</p> <ul style="list-style-type: none"> <li>• relevant background information about the firm and the context in which you are applying for a <i>waiver</i>;</li> <li>• details of any relevant correspondence with former or other regulators;</li> <li>• details of any relevant correspondence with us;</li> <li>• details of any changes in an a: <ul style="list-style-type: none"> <li>○ <i>rule</i>;</li> <li>○ circumstance; or</li> <li>○ market condition</li> </ul> </li> </ul> <p>that has affected the applicant or prompted your application for a <i>waiver</i>;</p> <ul style="list-style-type: none"> <li>• details of the anticipated benefits that may be received if the <i>waiver</i> was granted (and, if not arguing the 'unduly burdensome' argument, what the estimated impact on the firm and its customers would be if the <i>waiver</i> was not granted); and</li> <li>• an explanation of why the <i>waiver</i> is required.</li> </ul> <p>This list is not exhaustive. You should include any other information that you think is relevant.</p> <p>You should know what information we require and cross-reference it to the answers set out in Question 16, where relevant, to avoid duplication.</p>
Section D Question 15	<p>We cannot give a <i>waiver</i> unless the statutory tests are satisfied. The tests are set out in section 148 138A(4) of FSMA, and reproduced in SUP 8.3.1G. The tests under sections 250 and 294 of FSMA and regulation 7 of the <i>OEIC Regulations</i>, are similar. You need to be aware that both matters ('unduly burdensome' or 'not achieve the purpose'; and '<del>undue risk</del>' 'not affect the advancement of any of the regulator's objectives') noted require detailed explanation and substantive argument before we can process the application. Unless there are satisfactory responses to these matters, we may reject the <i>waiver</i> application, or we may need more information. You should set out only the relevant arguments in support of the unduly burdensome or purpose tests.</p> <p><u>The FCA and the PRA have a duty to coordinate their activities in relation to waivers and rule modifications where there are matters of common regulatory interest or where the grant of a direction by one regulator could adversely affect the advancement of the other regulator's objectives. Where this duty applies, the second regulator may need to evaluate whether approving your application might adversely affect the advancement of its own objectives. In these cases, we may ask you to provide additional supporting information.</u></p>
Section D Question 16	See SUP 8.6.7G (Firm's objection to publication).

## Declaration of Firm

Knowingly or recklessly giving the FSA FCA and/or PRA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). *SUP* 15.6.1R and *SUP* 15.6.4R require an *authorised person* to take reasonable steps to ensure the accuracy and completeness of information given to the FSA FCA and/or PRA and to notify the FSA FCA and/or PRA immediately if materially inaccurate information has been provided.

*APER* 4.4.67E provides that, where an *approved person* is responsible for reporting matters to the FSA FCA and/or PRA, failure to inform the FSA FCA and/or PRA of materially significant information of which he is aware is a breach of *Statement of Principle* 4. Contravention of these requirements may lead to disciplinary sanctions or other enforcement action by the FSA FCA and/or PRA.

It should not be assumed that information is known to the FSA FCA and/or PRA merely because it is in the public domain or has previously been disclosed to the FSA FCA and/or PRA or another regulatory body. If there is any doubt about the relevance of information, it should be included.

**In making this application the firm:**

**believes on the basis of due and diligent enquiries made to date that the candidate is a fit and proper person to perform the controlled function(s) listed in section 3. The firm also**

**believes, on the basis of due and diligent enquiry, that the candidate is competent (including having achieved the relevant qualifications) to fulfil the duties required in the performance of such function(s).**

**In signing this form on behalf of the firm:**

a) I confirm that the information in this Form is accurate and complete to the best of my knowledge and belief and that I have read the notes to this Form.

I also confirm that a copy of this Form, as submitted to the FSA FCA and/or PRA, will be sent to each of those firms at the same time as submitting the Form to the FSA FCA and/or PRA.

c) I confirm the candidate has been made aware of the regulatory responsibilities of the proposed role as set out in the Statements of Principle and Code of Practice for Approved Persons

## **Guidance Notes to assist with the completion of the Long and/or Short Form A for UK, Overseas and Incoming EEA firms for an application to perform controlled function(s) under the approved persons regime.**

PLEASE NOTE: A *CANDIDATE* MUST NOT PERFORM ANY *CONTROLLED FUNCTION* UNTIL THE *FSA FCA and/or PRA* HAS GRANTED APPROVAL.

Full details of the *approved persons* regime and the application process are given in chapter 10 (Section 10.12) of the Supervision manual ('*SUP*').

For more information on the factors which the FSA takes into account when considering applications, please refer to the Fit and Proper Test for Approved Persons ('*FIT*') in the FSA Handbook.

### **The purpose of this Form What is the Form A used for?**

This Form is referred to in the relevant direction in SUP 10.12. This Form must be used where the *candidate* is an individual seeking approval to perform *controlled functions*. The *firm* is the applicant.

The Form A is used by an authorised firm which seeks the *FCA and/or PRA's* approval under section 59 of the Financial Services and Markets Act 2000 ("FSMA") for a particular individual to perform controlled functions. The Form A is referred to in the Supervision Manual ("*SUP*") [<http://fshandbook.info/FS/html/handbook/SUP>] which is part of the Handbook. Full details of the *approved persons* regime and the application process are given in Chapter 10 of *SUP* (*SUP* 10A of the *FCA* manual and 10B of the *PRA* manual).

The applicant is the *firm* that makes the application for approval. The *candidate* is the individual in respect of whom the application is made. The Form A must be completed by the *firm* with information provided by the *candidate*. Both the *firm* and the *candidate* must sign the Form A.

Applications for corporate *candidates* must be made using an adapted Form A that will be supplied by the *FSA FCA and/or PRA* upon request.

### **Important information about the Form A**

The Form A is of the **utmost importance** to the *FCA and/or PRA* assessment of the fitness and propriety of the *candidate*.

**All** information relevant to the application must be provided to the *FCA and/or PRA* with the Form A. This applies even if the information is, or is believed to be, already known to the *FCA and/or PRA*, as a result of it being in the public domain, or has been previously disclosed to the *FCA and/or PRA* or to another regulatory body. In all circumstances, disclosures should be full, frank and unambiguous. If there is any doubt about the relevance of information, it should be included; if in doubt, disclose it.

If the *firm* or *candidate* becomes aware of further information which might be relevant to the application following submission of the Form A, it should provide it to the *FCA and/or PRA* immediately. The obligation to provide full, frank and unambiguous information does not stop with the submission of the Form A.

The information supplied by the *candidate* should be verified by the *firm* wherever possible. If the *FCA and/or PRA* vetting checks reveal any matters that have not been disclosed, then applications will be delayed and, in some cases, possibly rejected.

The *firm* is responsible for the accuracy of the data and completion of the Form A. If the Form A is not fully and correctly completed, the *FCA and/or PRA* may need to return it for proper completion. This could significantly delay the *FCA and/or PRA's* decision on whether to grant approval to perform the requested *controlled functions*.

The FCA and/or PRA may require the applicant to provide further information at any time after receiving an application and before determining whether approval is to be granted or not. It may direct the format in which this information is provided, for example, in an interview with the candidate.

### **Key assumptions about the firm and the candidate**

The FCA and/or PRA relies on the information contained in the Form A and makes certain assumptions about the firm and the candidate in considering the information contained in the form. It is very important that the candidate and the firm are aware of these assumptions:

1. it is assumed that the candidate is **not performing the controlled function applied for**. A candidate must not perform any controlled function until the FCA and/or PRA, has granted approval. If the firm permits the candidate to perform controlled functions without FCA and/or PRA approval it may be in breach of section 59 of FSMA and the candidate may also be in breach of his/her regulatory obligations;
2. it is assumed that the firm and the candidate know and understand the factors which the FCA and/or PRA takes into account when considering the fitness and propriety of the candidate. These factors are set out in the part of the Handbook entitled the Fit and Proper Test for Approved Persons ("**FIT**") [<http://fshandbook.info/FS/html/handbook/FIT>];
3. it is assumed that the candidate knows and understands the obligations and responsibilities of an approved person. These are set out in the part of the Handbook entitled the Statements of Principle and Code of Practice for Approved Persons ("APER") [<http://fshandbook.info/FS/html/handbook/APER>]; and
4. finally, it is assumed that both the firm and the candidate have read and understood these guidance notes in completing the Form A. **The responsibility for the accuracy and completeness of the information supplied rests with the candidate and the firm.** Seeking legal and/or compliance advice about how to complete the Form A will **not** discharge that responsibility.

### **Completing this Form Practical notes for completing the Form A**

Expressions in the Form A and in these guidance notes which appear in italics have the meaning given in the Glossary to the Handbook (or, if no meaning is given there, the expressions are to be interpreted in accordance with the related expression defined in the Glossary) [<http://fshandbook.info/FS/html/handbook/Glossary>].

The Form A must be completed in black ink and (if in manuscript) in BLOCK LETTERS. It is now possible to complete the Form A online, using the FCA's Online Notifications and Applications ("ONA") system. See the FCA ONA pages for details of this:

[<http://www.fca.org.uk/your-fca>]; and/or  
<http://www.bankofengland.co.uk/PRA>

All dates should be provided in numeric form (e.g. 29/02/2000 for 29 February 2000).

Indicate clearly if a question is not applicable. Tick Select the appropriate box where a yes/no answer is required. Where you answer "yes" you must:

- (1) provide Further details should be given in section 6 (Supplementary Information) of the Form A. # If there is insufficient space for a detailed answer then you may attach further pages; and
- (2) tick "yes" at the bottom of the relevant page of the Form A to confirm that you have provided additional information.

Additional information can be attached to the Form. It must be securely attached to the Form and you must indicate at section 6.0 the number of additional sheets attached.

If you want to attach additional information to the Form A it must be securely attached, for example by stapling it to the Form A and you should state in section 6 (Supplementary Information) the number of additional sheets attached.

~~Do not assume that information is known to the FSA merely because it is in the public domain, or has been previously disclosed to the FSA or to another regulatory body. In all circumstances, disclosures should be full, frank and unambiguous. If there is any doubt about the relevance of information, it should be included. The information supplied by the candidate should be verified by the firm wherever possible. If the FSA's vetting checks reveal any matters that have not been disclosed, then applications will be subject to investigation and the candidate's suitability to be approved will be called into question. A person who knowingly or recklessly provides information to the FSA that is false or misleading may commit a criminal offence, and could face prosecution under section 398 of the Act regardless of the status of their application.~~

~~Expressions in this Form in italics have the meaning given in the Glossary to the FSA's Handbook (or, if no meaning is given there, the expressions are to be interpreted in accordance with the related expression defined in the Glossary).~~

~~The firm is responsible for the accuracy of the data and completion of the Form. If the Form is not fully and correctly completed, the FSA may need to return it for proper completion. This could significantly delay the FSA's decision on whether to grant approval to perform the requested controlled functions~~

~~The FSA may require the applicant to provide further information at any time after receiving an application and before determining whether approval is to be granted or not.~~

~~**If a firm has provided, or has information that reasonably suggests that it may have provided, the FSA with information which was or has become false, misleading, incomplete or inaccurate, in a material particular, it must notify the FSA immediately.. Failure to notify the FSA may result in a delay in processing or rejection.**~~

## **SHORTENED APPLICATION FORM**

### **The two types of Form A: Short Form A and Long Form A**

There are two types of Form A; a Long Form A and a Short Form A. The key difference is that the Long Form A requires detailed information about the fitness and propriety of the candidate.

Please use the shortened application form if any of the following conditions apply The Short Form A may be used if any of the following conditions apply:

- (1) ~~an approved person individual who is already an approved person~~ is applying to perform an additional *controlled function* under an *arrangement* with the same *firm*; or
- (2) the *candidate* has ceased to perform a *controlled function* under an *arrangement* with *firm A* and now requires approval to perform a *controlled function* under an *arrangement* with *firm B*. These can be two entirely different *firms* and not just two *firms* in the same group (**however**, see the important exception below at paragraph (3)); or
- (3) ~~an approved person individual who is already an approved person with another firm, firm B,~~ is applying to perform a *controlled function* for a different firm, *firm A* and is already authorised approved for that particular group of functions (i.e. either SIF functions: CF1-12B, CF28, CF29, or 30 40 or 50) for another firm. For example, if a the individual is approved to perform CF2 non-executive director is applying to be approved as a CF2 for an additional firm for firm B and now seeks a second, additional approval to be CF1 director for another firm, firm A.

~~A Submission of a CV is only applicable to short form applicants if they have never previously held a significant function or, if the previous submission of their CV when applying for a significant function, has altered from their previous application or the application is for a governing function of an appointed representative. It should be attached securely to the Form.~~

You should submit a curriculum vitae ('CV') with the Short Form A if:

- (1) the candidate has never previously held a significant influence function (CF1-12B, 28, 29, 40 or 50); or
- (2) the candidate's CV has altered from the last time they applied for a significant influence function (i.e. it has changed from the last time the FCA and/or PRA had sight of the CV)

The CV should be attached securely to the Short Form A by stapling it. If you are submitting the Short Form A online, using ONA, the CV should be attached to the application electronically. For help using ONA, refer to:

<http://www.fca.org.uk/your-fca> **and/or**  
<http://www.bankofengland.co.uk/PRA>

~~However, a full Form A must be completed in full if:~~ The Long Form A **must** be completed if:

- (1) the candidate ceased to be an approved person more than six months ago;
- (2) the candidate or approved person is seeking approval in respect of a significant influence function for the first time, or has not been approved in a significant influence function within the last 6 months; or
- (3) there have been any changes to the answers provided in section 5 of the application form, there have been any matters arising in relation to the candidate's fitness and propriety which mean that their answers to Section 5 of the Long Form A (Fitness and Propriety) may have changed since they last completed a Form A (i.e. since they last made an application for approval).

For example, such matters could include (but are not limited to), where:

- the candidate has been investigated by the FCA and/or PRA, by another regulatory body or an authorised firm;
- the candidate has had CCJs registered against their name or has entered into a voluntary arrangement with creditors (whether formal or informal);
- the candidate has been the subject of a criminal investigation or convicted of criminal offences; or
- the candidate has been the subject of any civil action.

**If you are in any doubt whether a Short Form A is acceptable, please submit a Long Form A and make full disclosure of all issues which could potentially be relevant. A Long Form A is acceptable in all circumstances. If in doubt, disclose.**

~~1.01b If the *candidate* has previously been an approved person but with a predecessor organisation of the *FCA* and/or *PRA* (for example the Personal Investment Authority) then include the name of the previous regulator here. In addition, please provide the date(s) of approval and the name(s) of the firm(s) involved in the supplementary section in section 6.~~

It is open to the *candidate* to provide a written statement if this is simpler which should be attached to the Form A.~~

## SECTION 2 – FIRM IDENTIFICATION DETAILS

~~2.01 & 2.02: This section identifies the *firm* making the application by *FSA Firm Reference Number (FRN) and name.*~~

2.01 This is the name of the *firm* that is the *applicant* for the purposes of section 59 FSMA. Where the *candidate* will be working at a subsidiary or appointed representative of the *firm* then this will be given at question 3.05 of the Form A.

2.02: This is the *FCA* and/or *PRA Firm Reference Number (FRN)* of the *firm* that is the *applicant* for the purposes of section 59 FSMA. The FRN can be found on the Register of Firms on the *FCA* and/or *PRA* websites: [\[http://www.fca.org.uk/Pages/register/index.shtml\]](http://www.fca.org.uk/Pages/register/index.shtml); and/or <http://www.bankofengland.co.uk/PRA>

2.03: The *firm* must ~~indicate~~ give a point of contact for any queries in connection with the application and must provide a telephone contact number and e-mail address. Please note that this need not be the same person that signs the Form A on behalf of the *firm* but should be someone who is able to field and/or answer any questions that the *FCA* and/or *PRA* may have in relation to the application. The signatory will be responsible for the accuracy of the information in the form.

## SECTION 3 – ARRANGEMENTS AND CONTROLLED FUNCTIONS

~~The *firm* must tick the box in 3.01 that most accurately describes its *arrangement* with the *candidate*.~~

In this section, the *firm* should describe its *arrangement* with the *candidate*.

Unless the *firm* indicates otherwise, the *FCA* and/or *PRA* assumes that the *arrangement* detailed by the *firm* on the Form A includes all of the activities that fall within the description of the *controlled function*. This means that a *firm* may alter a *candidate's* responsibilities within the broad description of a *controlled function* without needing further approval from the *FCA* and/or *PRA*. However, where the responsibilities of the individual fall outside the description of the *controlled function* the *firm* must consider what further approval is necessary. Permitting an individual to perform a *controlled function* without *FCA* and/or *PRA* approval is a breach of section 59 of FSMA.

*Firms* wishing to seek guidance with regard to ~~MiFID~~ the Markets in Financial Instruments Directive (MiFID) and how it applies to the selection of *controlled functions* should refer to the MiFID Practical Guide at:

[http://www.fca.gov.uk/pubs/international/mifid\\_guide.pdf](http://www.fca.gov.uk/pubs/international/mifid_guide.pdf)  
<http://www.fca.org.uk/your-fca>; and/or  
<http://www.bankofengland.co.uk/PRA>

~~For applications from~~ Where the application is for the *candidate* to perform the controlled function(s) at a single *firm*, the *firm* should ~~complete~~ answer questions 3.02, 3.03 & and 3.04 indicating the *controlled functions* required by selecting the appropriate box in 3.02.

However, if the application is being made on behalf of a *candidate* who ~~will carry out~~ proposes to perform *controlled functions* for more than one *firm*, then question 3.05 must be used also be answered to describe the *controlled functions* and the relationships between the *candidate* and ~~these firms~~ each *firm* for which the *candidate* proposes to perform the controlled function.

~~3.01: If this application relates to more than one *appointed representative*, provide details in section 6.~~

Please select the box in 3.01 that most accurately describes the *arrangement* with the *candidate*.

If the *candidate* will perform a controlled function on behalf of the *firm* for an *appointed representative* of the *firm* then select the appropriate box at 3.01e or 3.01f and detail the *firm* name and FRN. If the *candidate* proposes to perform *controlled functions* for more than one *appointed representative*, then

the details of each *appointed representative*, including the firm name and FRN should be provided in section 6.

3.02: ~~If the *controlled function 29* is requested, the specific job title of the *candidate* must be included.~~

Guidance about the particular controlled functions can be found in Chapter 10 of the Supervision manual. SUP 10A of the FCA manual and 10B of the PRA manual.

3.03: ~~The effective date is the date on which the *firm* wishes the *candidate* to begin performing *controlled functions* (subject to approval). **This should be left blank unless there is a reason for the effective date to be beyond the FSA's published standard response times.**~~

This box should be left blank in all cases unless there is a reason to **delay the commencement of the performance of the controlled functions** (subject to approval) until a date which is after the FCA and/or PRA published standard response times, details of which can be found at:

<http://www.fca.org.uk/your-fca>; and/or  
<http://www.bankofengland.co.uk/PRA>

The FCA and/or PRA will assume that the *firm* wishes an application to be determined as soon as possible unless this box is completed and the reason for the delay set out in section 6 of the Form A.

**Please note that the *candidate* must not perform the controlled function until the FCA and/or PRA approval has been granted. To do so will mean that both the *firm* and the *candidate* may be in breach of FCA and/or PRA rules and principles.**

3.04a If the *candidate* seeks approval for a *significant influence function*, the specific job title of the *candidate* must be included.

3.04b Insurance mediation

This is not a *controlled function* in its own right. However, every *firm* that carries on insurance mediation activities must appoint an approved person(s) who will be responsible for insurance mediation activities at the *firm* (as detailed at MIPRU 2.2;

<http://fshandbook.info/FS/html/handbook/MIPRU/2/2>

This responsibility must be allocated to a member of the governing body of the firm or in certain circumstances, a senior manager. (i.e. an individual that is applying for approval as CF1, 3-8 or 29).

Please note that insurance mediation is not applicable to *Appointed Representatives*.

Unless the *firm* indicates otherwise, the FSA assumes that the *arrangement* given on the application form includes all of the activities that fall within the description of the *controlled function*. This means that a *firm* may alter a *candidate*'s responsibilities within the broad description of a *controlled function* without needing further approval from the FSA.

#### **SECTION 4 – EMPLOYMENT HISTORY FOR PAST 5 YEARS (Not applicable for a short application)**

A full five-year employment history for the *candidate* must be provided including their current employment at the time of application, with all gaps explained. If the record of employment does not go back five years, all periods of education and unemployment must be indicated. Full details of any periods of self-employment must be included.

Always give the address of the actual place of employment, rather than a central head office.

If there are insufficient pages to provide all of a *candidate's* employment history, either add the information at section 6 or photocopy page 7 and attach the additional pages.

“Regulatory body” in this context means the bodies listed in the notes to section 5 (overleaf).

State the position held by the *candidate* and a brief explanation of his or her duties. If the *candidate's* job title included the word “*director*” but his or her duties did not include those associated with the title of *director*, as defined in the *Glossary*, this should be indicated.

The reason for leaving each employer must be given. If there were any issues arising on leaving that could affect the Fitness and Propriety of the individual, these must be fully explained in section 6. Previous employers may be contacted and the omission of relevant details may result in applications being delayed and, in some cases, possibly rejected.

***Candidates who are applying for significant influence functions (CF1 to 12 CF1-12B, 28; or 29; 40 or 50) are required to submit a copy of their curriculum vitae (CV), in addition to completing section 4 of this Form, unless the application is for a governing function of an appointed representative. It should be attached securely to the Form.***

***This is only applicable to short form applicants if they have never previously held a significant influence function or if the previous submission of their CV when applying for a significant function, has altered from their previous application their CV has altered from the version submitted with their previous application for a significant influence function.***

## **SECTION 5 – FITNESS AND PROPRIETY (Not applicable for a short application)**

Answer the question by ticking the relevant ‘yes’ or ‘no’ box. If the answer to any of the questions is ‘yes’, give complete details in section 6 and attach relevant supporting documentation.

5.01 to 5.02 It is for senior management to decide what checks should be made. Under the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 (‘the Order’)(see Articles 3 and 4 of the Order) the *FSA FCA* and/or *PRA* and the firm have a right to ask about spent, as well as unspent, criminal convictions for employment purposes about candidates for *approved person* status [see Section 5.05 of Form A –(Application to perform controlled functions under the approved persons regime.)]

Cautions are not within the ambit of the Rehabilitation of Offenders Act 1974. Hence cautions never become spent and if asked, a *candidate* must inform a potential employer and the *FSA FCA* and/or *PRA* whether he/she has received a caution.

5.03 to 5.06: Court judgments (e.g. County Court Judgments) and arrangements with creditors (e.g. Individual Voluntary Arrangements) are covered by questions 5.03 to 5.06. Any outstanding County Court Judgments or arrangements with creditors must be listed in section 6, and the circumstances surrounding them explained. The *FSA-FCA* and/or *PRA* will conduct credit checks.

“Regulatory body” in this context refers to:

- i) the self-regulatory organisations including *IMRO, SFA, PIA, LAUTRO, FIMBRA, AFBD* and *TSA*;
- ii) the statutory bodies including the *FSA, Financial Conduct Authority, Prudential Regulation Authority, the Financial Services Authority, SIB, the Society of Lloyd’s, the Registry of Friendly Societies, the Friendly Societies Commission, the Building Societies Commission, the Bank of England; HM Treasury – Insurance Directorate (formerly of the DTI) and the recognised bodies*;
- iii) the *designated professional bodies*; and
- iv) the equivalent of all such regulators overseas.

5.09 This question covers internal investigation by an authorised *firm* in addition to investigations by a regulatory body **at any time**.

## SECTION 6 – SUPPLEMENTARY INFORMATION

This section provides space for additional information. It should be used to disclose additional information about "yes" answers in section 5 of the full Form A and any information which is not the subject of a specific question in section 5, but ~~is~~ might be relevant to the consideration of fitness and propriety, including in relation to the reasons for leaving the firms listed in section 4. For more information on the factors which the ~~FSA~~ FCA and/or PRA ~~takes~~ may take into account when considering applications, please refer to "FIT" in the ~~FSA~~ Handbook.

List here all directorships currently held or previously held in the past **10** years by the *candidate*.

~~Relevant documents~~ Supporting documentation must also be provided, such as evidence of the settlements of ~~County Court Judgments~~ CCJs.

## SECTION 7 – DECLARATIONS & SIGNATURES

This section contains declarations which must be signed by both an appropriate individual for the *firm* or applicant submitting the application and the *candidate*. Signatures MUST NOT be dated more than 3 months prior to the date of submission of the application. The ~~FSA~~ FCA and/or PRA considers that an appropriate individual would either be an individual approved for a *controlled function* described under section 59~~(5)~~(7B) of the Financial Services & Markets Act (the *significant influence functions – controlled functions* 1 to 12~~B~~, 28, ~~or~~ 29, 40 or 50) or someone to whom the *firm* has delegated the authority to notify the ~~FSA~~ FCA and/or PRA. The candidate should not sign the declaration on behalf of the firm unless he is a sole trader or the sole director in a limited company. If this authority has been delegated, the *firm* should keep records of those individuals authorised to sign on behalf of the *firm*. All signatures submitted on forms should be originals.

It is a criminal offence under section 398 of the Financial Services and Markets Act 2000 to knowingly or recklessly provide the FCA and/or PRA with false or misleading information.

Incoming *EEA Firms* undertaking non-MiFID business must confirm by using the tick box that the *candidate* is competent to perform the *controlled function(s)* for which this application is made.

N.B. Please keep these notes before returning the completed Form to the FCA and/or PRA.

Knowingly or recklessly giving the ~~Financial Services Authority (FSA)~~ FCA and/or PRA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). ## Notes to assist in completing the Form C - Notice of ceasing to perform *controlled functions*

Full details of the *approved persons* regime and the application process are given in ~~chapter 10 of the Supervision Manual~~ SUP 10A and SUP 10B of the FCA's and PRA's Supervision manuals.

### The purpose of this Form

This Form is referred to in ~~the relevant rule in SUP 10.13~~ SUP 10A.14 and SUP 10B.12 of the FCA's and PRA's Supervision manuals. This Form must be used when an *approved person* ceases to perform one or more *controlled functions*.

If an *approved person* ceases to perform *controlled functions* in respect of a number of *firms* within the same *group*, a single Form C may be used, ensuring all *firms* are clearly marked on the Form.

A *firm* must submit to the ~~FSA~~ FCA and/or PRA a completed Form C no later than seven *business days* after an *approved person* ceases to perform a *controlled function*

Additionally, a forward dated request will not be actioned by the ~~FSA~~ FCA and/or PRA until 7 days before the stated effective day becomes operable.

If a *firm* has reasonable grounds for believing that it will submit a qualified Form C, it must notify the ~~FSA~~ FCA and/or PRA of the fact as soon as practicable.

The Form C is qualified if:

1. the *firm* submitting Form C reasonably believes that the information it contains may affect the ~~FSA's~~ FCA and/or PRA's assessment of an *approved person's* fitness and propriety; or
2. a *firm* dismisses, or suspends, an *approved person* from its employment; or
3. an *approved person* resigns whilst under investigation by the *firm*, the ~~FSA~~ FCA and/or PRA or any other regulatory body.
4. *Firms* are reminded that they should be open and honest with the ~~FSA~~ FCA and PRA as per Principle 11. Any information provided must be factual and able to be substantiated. The ~~FSA~~ FCA and/or PRA reserves the right to use the information provided in carrying out its regulatory functions.

Notification of a qualified Form C must be made in writing by either fax or email and should be made, where possible, within one *business day* of the *firm* becoming aware of the information. If the *firm* does not submit Form C, it should inform the ~~FSA~~ FCA and/or PRA in due course of the reason. This could be done using Form D, if appropriate.

A *firm* is responsible for notifying the ~~FSA~~ FCA and/or PRA if any *approved person* has ceased to perform a *controlled function* under an *arrangement* entered into by its *appointed representative* or former *appointed representative*.

### Completing this Form

This Form must be completed in black ink and (if in manuscript) in BLOCK LETTERS.

Additional information can be attached to the Form. It must be securely attached to the rest of the Form and you must indicate at question 4.02 the number of additional sheets attached.

The reasons why an *approved person* is no longer performing *controlled functions* must be indicated on the Form. However, if an *approved person* has been dismissed or requested to resign, or the *firm* has any doubts about their fitness and propriety (3.01 column B), a full explanation of the reason for the dismissal or resignation must be provided in section 4.01 (supplementary information). If the *firm* ticks the box marked 'Suspension', the *firm* will have to reapply (using Form A) for the individual to perform *controlled functions* again.

The *firm* must also include details of any other matter that the *firm* is aware of and which in its reasonable opinion is relevant in connection with the *approved person* ceasing to perform their *controlled function*.

An appropriate individual must sign the declaration for the *firm* submitting the Form. The ~~FSA~~ FCA and/or PRA considers that an appropriate individual would either be an individual approved for a *controlled function* described under section 59(5)(7B) of the Financial Services & Markets Act (the *significant influence functions – controlled functions* 1 to 12B, 28, & 29, 40 or 50) or someone to whom the *firm* has delegated the authority to notify the ~~FSA~~ FCA and/or PRA. If this authority has been delegated, the *firm* should keep records of those individuals authorised to sign on behalf of the *firm*.

Only the *firm* that made the original application (Form A) may sign this Form except where that individual is the only remaining individual at the firm (e.g. Sole Trader).

N.B.: ~~Detach and~~ Please keep these notes before returning the completed Form to the ~~FSA~~ FCA and/or PRA.

**If you have any questions or need additional information, please contact the ~~Firm Contact Centre~~ FCA Customer Contact Centre on 0845 606 9966 or PRA Firm Enquiries on 020 3461 7000 or via e-mail at [iva@fsa.gov.uk](mailto:iva@fsa.gov.uk) [iva@fca.org.uk](mailto:iva@fca.org.uk) or [PRA.firmenquiries@bankofengland.co.uk](mailto:PRA.firmenquiries@bankofengland.co.uk).**

## Notes to assist in completing the Form D - Notification of changes in personal information or application details

Full details of the *approved persons* regime and the application process are given in ~~Chapter 10.13 of the Supervision manual~~ SUP 10A and SUP 10B of the FCA and PRA's Supervision manuals.

### The purpose of this Form

This is Form D referred to in ~~the relevant guidance and rule in SUP 10.13~~ SUP10A.14 and SUP 10B.12 of the FCA and PRA's Supervision manuals. The *firm* must use this Form to inform the FSA/FCA and/or PRA of changes in the personal details of an *approved person* or a change in the details of an application to perform *controlled functions*). It is not necessary to notify the FSA/FCA and/or PRA of changes in an *approved person's* private address.

The *firm* must also keep the FSA/FCA and/or PRA informed of any significant circumstances directly affecting an *approved person* and which any reasonable person would consider relevant to the *approved person's* position under the ~~FSA rules.~~ rules of the FCA and/or PRA.

The *firm* is required to notify the FSA/FCA and/or PRA of any matter, in relation to an *approved person*, that would normally be declared when giving the information required for section 5 of the application to perform controlled functions or matters considered in *FIT 2*

Do not use this Form if the *approved person* requires approval in respect of further *controlled functions* or has ceased to perform *controlled functions*.

### Completing this Form

This Form must be completed in black ink and (if in manuscript) in BLOCK LETTERS.

Where a person is an *approved person* in respect of a number of *firms* within the same *group*, a single Form may be used, ensuring all *firms* are clearly marked on the Form.

Additional information can be attached to the Form. It must be securely attached to the rest of the Form and you must indicate at question 3.02 the number of additional sheets attached.

An appropriate individual must sign the declaration for the *firm* submitting the Form. The FSA/FCA and/or PRA considers that an appropriate individual would either be an individual approved for a *controlled function* described under section 59(57B) of the Financial Services & Markets Act (the *significant influence functions – controlled functions 1 to 12B, 28, & 29, 40, or 50*) or someone to whom the *firm* has delegated the authority to notify the FSA/FCA and/or PRA. If this authority has been delegated, the *firm* should keep records of those individuals authorised to sign on behalf of the *firm*.

Only the *firm* that made the original application (application to perform controlled functions) may sign this Form.

N.B.: ~~Detach and keep~~ Please keep these notes before returning the completed Form to the FSA-FCA and/or PRA.

## Notes for Form E

### Internal transfer of an approved person

PLEASE NOTE: A *CANDIDATE* MUST NOT BEGIN PERFORMING ANY *CONTROLLED FUNCTIONS* UNTIL THE ~~FSA~~FSA ~~and/or PRA~~ HAS GRANTED APPROVAL.

Full details of the *approved persons* regime can be found in ~~chapter 10 of the Supervision manual~~ chapter *SUP 10A* and *SUP 10B* of the *FCA* and *PRA's Supervision Manuals*.

The purpose of this Form

This is Form E referred to in ~~SUP 40.13.3D~~ *SUP 10A.14.4D* and *SUP 10B.12.4D* of the *FCA* and *PRA's Supervision Manuals*. A *firm* should use this form when an *approved person* ceases to perform one or more *controlled functions* and the *firm* wishes to apply for approval for the individual in respect of other *controlled functions*. This Form should not be used for a qualified withdrawal (see ~~SUP 40.13.7R~~ *SUP 10A.14.10R* and *SUP 10B.12.12R*). This form may also be used for transfers between *firms* that are part of the same *group*:

1. A *firm* must use Form E where an *approved person* is both ceasing to perform one or more *controlled functions* and needs to be approved in relation to one or more *controlled functions* within the same *firm* or *group*.
2. A *firm* must not use Form E if the *approved person* is to perform a *significant-influence function* for the first time or has ceased to have approval from the *FCA* or *PRA* to perform one more than six months ago.
3. A *firm* must not use Form E if a notification has been made or should be made under *SUP 10A.14.17R* (Changes in fitness to be notified under Form D) or *SUP 10B.12.18R* (the equivalent *PRA rule*) in relation to any *controlled functions* that that *person* is ceasing to perform (as referred to in (1)) or any *controlled function* that he is continuing to perform in relation to that *firm* or a *firm* in the same *group*.

Form C must be used if the individual is ceasing to perform a *controlled function* and the *firm* is not seeking approval in respect of another *controlled function*.

Form A must be completed in full if the *approved person* is seeking approval in respect of a *significant influence function* for the first time.

### Completing this Form

The Form must be completed in black ink and (if in manuscript) in BLOCK LETTERS.

All dates should be provided in numeric form (e.g. 29/02/2000 for 29 February 2000).

Indicate clearly if a question is not applicable. Tick the appropriate box where a yes/no answer is required. Further details should be given in section 5 (Supplementary Information) if there is insufficient space for a detailed answer.

Additional information can be attached to the Form. It must be securely attached to the rest of the Form and you must indicate at question 5.02 the number of additional sheets attached.

Do not assume that information is known to the ~~FSA~~FSA ~~and/or PRA~~ merely because it is in the public domain, or has been previously disclosed to the ~~FSA~~FSA ~~FCA and/or PRA~~ or to another regulatory body. In all circumstances, disclosures should be full, frank and unambiguous. If there is any doubt about the relevance of information, it should be included. The information supplied by the *candidate* should be verified by the *firm* wherever possible. ~~If the FSA's~~ Should the FCA and/or PRA vetting checks reveal any matters that have not been disclosed, then applications will be delayed and, in some cases, possibly rejected. See ~~SUP 40.12.6G~~ *SUP 10A.13.12G* and *SUP 10B.11.11G*.

Expressions in this Form in italics have the meaning given in the *Glossary* to the ~~FSA's Handbook~~ (or, if no meaning is given there, the expressions are to be interpreted in accordance with the related expression defined in the *Glossary*).

The *firm* is responsible for the completion of the Form. If the Form is not fully and correctly completed, the FSAFCA and/or PRA may need to return it for proper completion. This could significantly delay the FSA's FCA and/or PRA's decision on whether to grant approval to perform the requested *controlled functions* (see ~~SUP 40.12.6G~~ 10A.13.12G and SUP10B.11.11G).

The FSAFCA and/or PRA may require the applicant to provide further information at any time after receiving an application and before determining whether it is to be granted or not (see ~~SUP 40.12.8G~~ 10A.13.14G, SUP10B.11.13G and SUP10B.11.14G ).

**If a *firm* has provided, or has information that reasonably suggests that it may have provided, the FSAFCA and/or PRA with information which was or has become false, misleading, incomplete or inaccurate, in a material particular, it must notify the FSA-FCA and/or PRA immediately (see SUP 15.6.4R). Failure to notify the FSAFCA and/or PRA may result in a delay in processing or rejection.**

#### **SECTION 4 – ARRANGEMENTS AND CONTROLLED FUNCTIONS**

The *firm* must tick the box in 4.01 that most accurately describes its *arrangement* with the *candidate*. For applications from a single *firm*, the *firm* should complete 4.02, 4.03 & 4.04 indicating the *controlled functions* required by selecting the appropriate box in 4.02. However, if the application is being made on behalf of a *candidate* who will carry out *controlled functions* for more than one *firm*, 4.05 must be used to describe the *controlled functions* and the relationships between the *candidate* and those *firms*.

- 4.01: If this application relates to more than one *appointed representative*, provide details in section 5.
- 4.02: If the *controlled function* 29 is requested, the specific job title of the *candidate* must be included.
- 4.03: The effective date is the date on which the *firm* wishes the *candidate* to begin performing *controlled functions* (subject to approval). **This should be left blank unless there is a reason for the effective date to be beyond the FSAFCA and/or PRA published standard response times.** For instance, a *firm* may wish to be sure that a *candidate* has been approved before they take up their post.

Unless the *firm* indicates otherwise, the FSAFCA and/or PRA assumes that the *arrangement* given on the application form includes all of the activities that fall within the description of the *controlled function*. This means that a *firm* may alter a *candidate's* responsibilities within the broad description of a *controlled function* without needing further approval from the FSAFCA and/or PRA.

#### **SECTION 5 – SUPPLEMENTARY INFORMATION**

This section provides extra space for any previous answer and for additional information relevant to this application.

The *firm* must include details of any other matter which the *firm* is aware of and which in its reasonable opinion is relevant in connection with the *approved person* ceasing to perform their *controlled function*. If there is insufficient space, additional sheets may be used.

#### **SECTION 6 – DECLARATIONS AND SIGNATURES**

This section contains declarations which must be signed by both an appropriate individual for the *firm* or applicant submitting the application and the *candidate*. The FSAFCA and/or PRA considers that an appropriate individual would either be an individual approved for a *controlled function* described under section 59(5) or 59(7B) of the Financial Services and Markets Act (the *significant influence functions – controlled functions* 1 to 12B, 28, & 29, 40 or 50) or someone to whom the *firm* has delegated the authority to notify the FSAFCA and/or PRA. If this authority has been delegated, the *firm* should keep records of those individuals authorised to sign on behalf of the *firm*.

N.B. ~~Detach and keep~~ Please keep these notes before returning the completed Form to the FSA/FCA and/or PRA.

**If you have any questions or need additional information, please contact the ~~Firm Contact Centre~~ FCA Customer Contact Centre on 0845 606 9966 or PRA Firm Enquiries on 020 3461 7000 or via e-mail at [iva@fsa.gov.uk](mailto:iva@fsa.gov.uk) [iva@fca.org.uk](mailto:iva@fca.org.uk) or [PRA.firmenquiries@bankofengland.co.uk](mailto:PRA.firmenquiries@bankofengland.co.uk).**

## Declaration of Firm

Knowingly or recklessly giving the FSA FCA and/or PRA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). *SUP* 15.6.1R and *SUP* 15.6.4R require an *authorised person* to take reasonable steps to ensure the accuracy and completeness of information given to the FSA FCA and/or PRA and to notify the FSA FCA and/or PRA immediately if materially inaccurate information has been provided.

*APER* 4.4.67E provides that, where an *approved person* is responsible for reporting matters to the FSA FCA and/or PRA, failure to inform the FSA FCA and/or PRA of materially significant information of which he is aware is a breach of *Statement of Principle* 4. Contravention of these requirements may lead to disciplinary sanctions or other enforcement action by the FSA FCA and/or PRA.

It should not be assumed that information is known to the FSA FCA and/or PRA merely because it is in the public domain or has previously been disclosed to the FSA FCA and/or PRA or another regulatory body. If there is any doubt about the relevance of information, it should be included.

**In making this application the firm:**

**believes on the basis of due and diligent enquiries made to date that the candidate is a fit and proper person to perform the controlled function(s) listed in section 3. The firm also**

**believes, on the basis of due and diligent enquiry, that the candidate is competent (including having achieved the relevant qualifications) to fulfil the duties required in the performance of such function(s).**

**In signing this form on behalf of the firm:**

a) I confirm that the information in this Form is accurate and complete to the best of my knowledge and belief and that I have read the notes to this Form.

b) I confirm that I have authority to make this application, and sign this Form, on behalf of each firm identified in section 3.05. I also confirm that a copy of this Form, as submitted to the FSA FCA and/or PRA, will be sent to each of those firms at the same time as submitting the Form to the FSA FCA and/or PRA.

c) I confirm the candidate has been made aware of the regulatory responsibilities of the proposed role as set out in the Statements of Principle and Code of Practice for Approved Persons

## **Guidance Notes to assist with the completion of the Long and/or Short Form A for UK, Overseas and Incoming EEA firms for an application to perform controlled function(s) under the approved persons regime.**

PLEASE NOTE: A *CANDIDATE* MUST NOT PERFORM ANY *CONTROLLED FUNCTION* UNTIL THE ~~FSA~~ FCA and/or PRA HAS GRANTED APPROVAL.

Full details of the ~~approved persons regime~~ and the application process are given in chapter 10 (Section 10.12) of the Supervision manual ('*SUP*').

For more information on the factors which the FSA takes into account when considering applications, please refer to the Fit and Proper Test for Approved Persons ('*FIT*') in the FSA Handbook.

### **The purpose of this Form What is the Form A used for?**

This Form is referred to in the relevant direction in SUP 10.12. This Form must be used where the *candidate* is an individual seeking approval to perform *controlled functions*. The *firm* is the applicant.

The Form A is used by an authorised firm which seeks the *FCA* and/or *PRA*'s approval under section 59 of the Financial Services and Markets Act 2000 ("FSMA") for a particular individual to perform controlled functions. The Form A is referred to in the Supervision Manual ("*SUP*") [<http://fshandbook.info/FS/html/handbook/SUP>] which is part of the Handbook. Full details of the *approved persons* regime and the application process are given in Chapter 10 of *SUP* (*SUP* 10A of the *FCA* manual and 10B of the *PRA* manual).

The applicant is the *firm* that makes the application for approval. The *candidate* is the individual in respect of whom the application is made. The Form A must be completed by the *firm* with information provided by the *candidate*. Both the *firm* and the *candidate* must sign the Form A.

Applications for corporate *candidates* must be made using an adapted Form A that will be supplied by the ~~FSA~~ FCA and/or PRA upon request.

### **Important information about the Form A**

The Form A is of the **utmost importance** to the *FCA* and/or *PRA* assessment of the fitness and propriety of the *candidate*.

**All** information relevant to the application must be provided to the *FCA* and/or *PRA* with the Form A. This applies even if the information is, or is believed to be, already known to the *FCA* and/or *PRA*, as a result of it being in the public domain, or has been previously disclosed to the *FCA* and/or *PRA* or to another regulatory body. In all circumstances, disclosures should be full, frank and unambiguous. If there is any doubt about the relevance of information, it should be included; if in doubt, disclose it.

If the *firm* or *candidate* becomes aware of further information which might be relevant to the application following submission of the Form A, it should provide it to the *FCA* and/or *PRA* immediately. The obligation to provide full, frank and unambiguous information does not stop with the submission of the Form A.

The information supplied by the *candidate* should be verified by the *firm* wherever possible. If the *FCA* and/or *PRA* vetting checks reveal any matters that have not been disclosed, then applications will be delayed and, in some cases, possibly rejected.

The *firm* is responsible for the accuracy of the data and completion of the Form A. If the Form A is not fully and correctly completed, the *FCA* and/or *PRA* may need to return it for proper completion. This could significantly delay the *FCA* and/or *PRA*'s decision on whether to grant approval to perform the requested *controlled functions*.

The FCA and/or PRA may require the applicant to provide further information at any time after receiving an application and before determining whether approval is to be granted or not. It may direct the format in which this information is provided, for example, in an interview with the candidate.

### **Key assumptions about the firm and the candidate**

The FCA and/or PRA relies on the information contained in the Form A and makes certain assumptions about the firm and the candidate in considering the information contained in the form. It is very important that the candidate and the firm are aware of these assumptions:

1. it is assumed that the candidate is **not performing the controlled function applied for**. A candidate must not perform any controlled function until the FCA and/or PRA, has granted approval. If the firm permits the candidate to perform controlled functions without FCA and/or PRA approval it may be in breach of section 59 of FSMA and the candidate may also be in breach of his/her regulatory obligations;
2. it is assumed that the firm and the candidate know and understand the factors which the FCA and/or PRA takes into account when considering the fitness and propriety of the candidate. These factors are set out in the part of the Handbook entitled the Fit and Proper Test for Approved Persons (“FIT”) [<http://fshandbook.info/FS/html/handbook/FIT>];
3. it is assumed that the candidate knows and understands the obligations and responsibilities of an approved person. These are set out in the part of the Handbook entitled the Statements of Principle and Code of Practice for Approved Persons (“APER”) [<http://fshandbook.info/FS/html/handbook/APER>]; and
4. finally, it is assumed that both the firm and the candidate have read and understood these guidance notes in completing the Form A. **The responsibility for the accuracy and completeness of the information supplied rests with the candidate and the firm.** Seeking legal and/or compliance advice about how to complete the Form A will **not** discharge that responsibility.

### **Completing this Form Practical notes for completing the Form A**

Expressions in the Form A and in these guidance notes which appear in italics have the meaning given in the Glossary to the Handbook (or, if no meaning is given there, the expressions are to be interpreted in accordance with the related expression defined in the Glossary) [<http://fshandbook.info/FS/html/handbook/Glossary>].

The Form A must be completed in black ink and (if in manuscript) in BLOCK LETTERS. It is now possible to complete the Form A online, using the FCA’s Online Notifications and Applications (“ONA”) system. See the FCA ONA pages for details of this:

[<http://www.fca.org.uk/your-fca>]; and/or  
<http://www.bankofengland.co.uk/PRA>

All dates should be provided in numeric form (e.g. 29/02/2000 for 29 February 2000).

Indicate clearly if a question is not applicable. Tick Select the appropriate box where a yes/no answer is required. Where you answer “yes” you must:

- (1) provide Further details should be given in section 6 (Supplementary Information) of the Form A. If there is insufficient space for a detailed answer then you may attach further pages; and
- (2) tick “yes” at the bottom of the relevant page of the Form A to confirm that you have provided additional information.

Additional information can be attached to the Form. It must be securely attached to the Form and you must indicate at section 6.0 the number of additional sheets attached.

If you want to attach additional information to the Form A it must be securely attached, for example by stapling it to the Form A and you should state in section 6 (Supplementary Information) the number of additional sheets attached.

~~Do not assume that information is known to the FSA merely because it is in the public domain, or has been previously disclosed to the FSA or to another regulatory body. In all circumstances, disclosures should be full, frank and unambiguous. If there is any doubt about the relevance of information, it should be included. The information supplied by the candidate should be verified by the firm wherever possible. If the FSA's vetting checks reveal any matters that have not been disclosed, then applications will be subject to investigation and the candidate's suitability to be approved will be called into question. A person who knowingly or recklessly provides information to the FSA that is false or misleading may commit a criminal offence, and could face prosecution under section 398 of the Act regardless of the status of their application.~~

~~Expressions in this Form in italics have the meaning given in the Glossary to the FSA's Handbook (or, if no meaning is given there, the expressions are to be interpreted in accordance with the related expression defined in the Glossary).~~

~~The firm is responsible for the accuracy of the data and completion of the Form. If the Form is not fully and correctly completed, the FSA may need to return it for proper completion. This could significantly delay the FSA's decision on whether to grant approval to perform the requested controlled functions~~

~~The FSA may require the applicant to provide further information at any time after receiving an application and before determining whether approval is to be granted or not.~~

~~**If a firm has provided, or has information that reasonably suggests that it may have provided, the FSA with information which was or has become false, misleading, incomplete or inaccurate, in a material particular, it must notify the FSA immediately.. Failure to notify the FSA may result in a delay in processing or rejection.**~~

## **SHORTENED APPLICATION FORM**

### **The two types of Form A: Short Form A and Long Form A**

There are two types of Form A; a Long Form A and a Short Form A. The key difference is that the Long Form A requires detailed information about the fitness and propriety of the candidate.

Please use the shortened application form if any of the following conditions apply The Short Form A may be used if any of the following conditions apply:

- (1) ~~an approved person individual who is already an approved person~~ is applying to perform an additional *controlled function* under an *arrangement* with the same *firm*; or
- (2) the *candidate* has ceased to perform a *controlled function* under an *arrangement* with *firm A* and now requires approval to perform a *controlled function* under an *arrangement* with *firm B*. These can be two entirely different *firms* and not just two *firms* in the same group (**however**, see the important exception below at paragraph (3)); or
- (3) ~~an approved person individual who is already an approved person with another firm, firm B, is applying to perform a controlled function for a different firm, firm A and is already authorised approved for that particular group of functions (i.e. either SIF functions: CF1-12B, CF28, CF29, or 30 40 or 50) for another firm. For example, if a the individual is approved to perform CF2 non-executive director is applying to be approved as a CF2 for an additional firm for firm B and now seeks a second, additional approval to be CF1 director for another firm, firm A.~~

~~A Submission of a CV is only applicable to short form applicants if they have never previously held a significant function or, if the previous submission of their CV when applying for a significant function, has altered from their previous application or the application is for a governing function of an appointed representative. It should be attached securely to the Form.~~

You should submit a curriculum vitae ('CV') with the Short Form A if:

- (1) the candidate has never previously held a significant influence function (CF1-12B, 28, 29, 40 or 50); or
- (2) the candidate's CV has altered from the last time they applied for a significant influence function (i.e. it has changed from the last time the FCA and/or PRA had sight of the CV)

The CV should be attached securely to the Short Form A by stapling it. If you are submitting the Short Form A online, using ONA, the CV should be attached to the application electronically. For help using ONA, refer to:

<http://www.fca.org.uk/your-fca> and/or  
<http://www.bankofengland.co.uk/PRA>

However, a full Form A must be completed in full if: The Long Form A **must** be completed if:

- (1) the candidate ceased to be an approved person more than six months ago;
- (2) the candidate or approved person is seeking approval in respect of a significant influence function for the first time, or has not been approved in a significant influence function within the last 6 months; or
- (3) there have been any changes to the answers provided in section 5 of the application form. there have been any matters arising in relation to the candidate's fitness and propriety which mean that their answers to Section 5 of the Long Form A (Fitness and Propriety) may have changed since they last completed a Form A (i.e. since they last made an application for approval).

For example, such matters could include (but are not limited to), where:

- the candidate has been investigated by the FCA and/or PRA, by another regulatory body or an authorised firm;
- the candidate has had CCJs registered against their name or has entered into a voluntary arrangement with creditors (whether formal or informal);
- the candidate has been the subject of a criminal investigation or convicted of criminal offences; or
- the candidate has been the subject of any civil action.

**If you are in any doubt whether a Short Form A is acceptable, please submit a Long Form A and make full disclosure of all issues which could potentially be relevant. A Long Form A is acceptable in all circumstances. If in doubt, disclose.**

~~1.01a: For individuals who have previously been approved with the FCA and/or PRA their FCA and/or PRA Individual Reference Number ("IRN") can be found on the Register of Individuals on the FCA and/or PRA websites: <http://www.fca.org.uk/your-fca>; and/or <http://www.bankofengland.co.uk/PRA>~~

~~If the *candidate* has been approved before but does not know their Individual Reference Number and it is not on the Register of Individuals then leave this box blank. Equally, if the candidate does not have an IRN because they have not been an approved person before then leave this box blank.~~

~~1.01b If the *candidate* has previously been an approved person but with a predecessor organisation of the FCA and/or PRA (for example the Personal Investment Authority) then include the name of the previous regulator here. In addition, please provide the date(s) of approval and the name(s) of the firm(s) involved in the supplementary section in section 6.~~

~~1.01c If the *candidate* has previously been an approved person but with a predecessor organisation of the FCA and/or PRA then include the previous Individual Reference Number, here.~~

~~1.05: If the *candidate* is commonly known by a different name other than that which appears on their passport or national insurance card then put this name here. This may include, for example, a shortened version of their full name or where they are known by a middle name or names given as a result of naming conventions whether for religious or other reasons. If the candidate has more than one alternative name, please give all other names known by in section 6.~~

~~1.08 If the *candidate* has changed their name (surname or forenames), for example due to marriage, then please put this previous name in the box. If the *candidate* has more than one previous name, please provide details of all the previous names in section 6.~~

~~1.10a If the *candidate* has more than one nationality, please provide details in section 6 as to all nationalities held and the reasons for this.~~

~~1.10b If the *candidate* has more than one passport number, please provide details in section 6 as to all passport numbers held and the reasons for this.~~

~~1.12 to 14: A full 3 year history for all *United Kingdom* addresses must be given for the *candidate*. Any gaps must be fully explained in either the address history section of the form here or, if more space is needed, in section 6 of the form. If any gaps are as a result of the *candidate* being resident outside the UK, please state this and give details of where the *candidate* resided during this period. It is open to the *candidate* to provide a written statement if this is simpler which should be attached to the Form A.~~

## SECTION 2 – FIRM IDENTIFICATION DETAILS

~~2.01 & 2.02: This section identifies the *firm* making the application by *FSA Firm Reference Number (FRN)* and name.~~

2.01 This is the name of the *firm* that is the *applicant* for the purposes of section 59 FSMA. Where the *candidate* will be working at a subsidiary or appointed representative of the *firm* then this will be given at question 3.05 of the Form A.

2.02: This is the *FCA* and/or *PRA Firm Reference Number (FRN)* of the *firm* that is the *applicant* for the purposes of section 59 FSMA. The FRN can be found on the Register of Firms on the *FCA* and/or *PRA* websites: [<http://www.fca.org.uk/Pages/register/index.shtml>]; and/or <http://www.bankofengland.co.uk/PRA>

2.03: The *firm* must ~~indicate~~ give a point of contact for any queries in connection with the application and must provide a telephone contact number and e-mail address. Please note that this need not be the same person that signs the Form A on behalf of the *firm* but should be someone who is able to field and/or answer any questions that the *FCA* and/or *PRA* may have in relation to the application. The signatory will be responsible for the accuracy of the information in the form.

## SECTION 3 – ARRANGEMENTS AND CONTROLLED FUNCTIONS

~~The *firm* must tick the box in 3.01 that most accurately describes its *arrangement* with the *candidate*.~~

In this section, the *firm* should describe its *arrangement* with the *candidate*.

Unless the *firm* indicates otherwise, the *FCA* and/or *PRA* assumes that the *arrangement* detailed by the *firm* on the Form A includes all of the activities that fall within the description of the *controlled function*. This means that a *firm* may alter a *candidate's* responsibilities within the broad description of a *controlled function* without needing further approval from the *FCA* and/or *PRA*. However, where the responsibilities of the individual fall outside the description of the *controlled function* the *firm* must consider what further approval is necessary. Permitting an individual to perform a *controlled function* without *FCA* and/or *PRA* approval is a breach of section 59 of FSMA.

*Firms* wishing to seek guidance with regard to MiFID the Markets in Financial Instruments Directive (MiFID) and how it applies to the selection of *controlled functions* should refer to the MiFID Practical Guide at:

[http://www.fca.gov.uk/pubs/international/mifid\\_guide.pdf](http://www.fca.gov.uk/pubs/international/mifid_guide.pdf)  
<http://www.fca.org.uk/your-fca>; and/or  
<http://www.bankofengland.co.uk/PRA>

~~For applications from~~ Where the application is for the *candidate* to perform the controlled function(s) at a single *firm*, the *firm* should ~~complete~~ answer questions 3.02, 3.03 & and 3.04 indicating the *controlled functions* required by selecting the appropriate box in 3.02.

However, if the application is being made on behalf of a *candidate* who ~~will carry out~~ proposes to perform *controlled functions* for more than one *firm*, then question 3.05 ~~must be used~~ also be answered to describe the *controlled functions* and the relationships between the *candidate* and ~~these firms~~ each *firm* for which the *candidate* proposes to perform the controlled function.

~~3.01: If this application relates to more than one *appointed representative*, provide details in section 6.~~

Please select the box in 3.01 that most accurately describes the *arrangement* with the *candidate*.

If the *candidate* will perform a controlled function on behalf of the *firm* for an *appointed representative* of the *firm* then select the appropriate box at 3.01e or 3.01f and detail the *firm* name and FRN. If the *candidate* proposes to perform *controlled functions* for more than one *appointed representative*, then

the details of each *appointed representative*, including the firm name and FRN should be provided in section 6.

3.02: ~~If the *controlled function 29* is requested, the specific job title of the *candidate* must be included.~~

Guidance about the particular controlled functions can be found in Chapter 10 of the Supervision manual. SUP 10A of the FCA manual and 10B of the PRA manual.

3.03: ~~The effective date is the date on which the *firm* wishes the *candidate* to begin performing *controlled functions* (subject to approval). **This should be left blank unless there is a reason for the effective date to be beyond the FSA's published standard response times.**~~

This box should be left blank in all cases unless there is a reason to **delay the commencement of the performance of the controlled functions** (subject to approval) until a date which is after the FCA and/or PRA published standard response times, details of which can be found at:

<http://www.fca.org.uk/your-fca>; and/or  
<http://www.bankofengland.co.uk/PRA>

The FCA and/or PRA will assume that the *firm* wishes an application to be determined as soon as possible unless this box is completed and the reason for the delay set out in section 6 of the Form A.

**Please note that the *candidate* must not perform the *controlled function* until the FCA and/or PRA approval has been granted. To do so will mean that both the *firm* and the *candidate* may be in breach of FCA and/or PRA rules and principles.**

3.04a If the *candidate* seeks approval for a *significant influence function*, the specific job title of the *candidate* must be included.

3.04b Insurance mediation

This is not a *controlled function* in its own right. However, every *firm* that carries on insurance mediation activities must appoint an approved person(s) who will be responsible for insurance mediation activities at the *firm* (as detailed at MIPRU 2.2;

<http://fshandbook.info/FS/html/handbook/MIPRU/2/2>

This responsibility must be allocated to a member of the governing body of the firm or in certain circumstances, a senior manager. (i.e. an individual that is applying for approval as CF1, 3-8 or 29).

Please note that insurance mediation is not applicable to *Appointed Representatives*.

Unless the *firm* indicates otherwise, the FSA assumes that the *arrangement* given on the application form includes all of the activities that fall within the description of the *controlled function*. This means that a *firm* may alter a *candidate's* responsibilities within the broad description of a *controlled function* without needing further approval from the FSA.

#### **SECTION 4 – EMPLOYMENT HISTORY FOR PAST 5 YEARS (Not applicable for a short application)**

A full five-year employment history for the *candidate* must be provided including their current employment at the time of application, with all gaps explained. If the record of employment does not go back five years, all periods of education and unemployment must be indicated. Full details of any periods of self-employment must be included.

Always give the address of the actual place of employment, rather than a central head office.

If there are insufficient pages to provide all of a *candidate's* employment history, either add the information at section 6 or photocopy page 7 and attach the additional pages.

“Regulatory body” in this context means the bodies listed in the notes to section 5 (overleaf).

State the position held by the *candidate* and a brief explanation of his or her duties. If the *candidate's* job title included the word “*director*” but his or her duties did not include those associated with the title of *director*, as defined in the *Glossary*, this should be indicated.

The reason for leaving each employer must be given. If there were any issues arising on leaving that could affect the Fitness and Propriety of the individual, these must be fully explained in section 6. Previous employers may be contacted and the omission of relevant details may result in applications being delayed and, in some cases, possibly rejected.

***Candidates who are applying for significant influence functions (CF1 to 12 CF1-12B, 28; or 29; 40 or 50) are required to submit a copy of their curriculum vitae (CV), in addition to completing section 4 of this Form, unless the application is for a governing function of an appointed representative. It should be attached securely to the Form. This is only applicable to short form applicants if they have never previously held a significant influence function or if the previous submission of their CV when applying for a significant function, has altered from their previous application their CV has altered from the version submitted with their previous application for a significant influence function.***

## **SECTION 5 – FITNESS AND PROPRIETY (Not applicable for a short application)**

Answer the question by ticking the relevant ‘yes’ or ‘no’ box. If the answer to any of the questions is ‘yes’, give complete details in section 6 and attach relevant supporting documentation.

5.01 to 5.02 It is for senior management to decide what checks should be made. Under the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 (‘the Order’)(see Articles 3 and 4 of the Order) the *FSA FCA* and/or *PRA* and the firm have a right to ask about spent, as well as unspent, criminal convictions for employment purposes about candidates for *approved person* status [see Section 5.05 of Form A –(Application to perform controlled functions under the approved persons regime.)]

Cautions are not within the ambit of the Rehabilitation of Offenders Act 1974. Hence cautions never become spent and if asked, a *candidate* must inform a potential employer and the *FSA FCA* and/or *PRA* whether he/she has received a caution.

5.03 to 5.06: Court judgments (e.g. County Court Judgments) and arrangements with creditors (e.g. Individual Voluntary Arrangements) are covered by questions 5.03 to 5.06. Any outstanding County Court Judgments or arrangements with creditors must be listed in section 6, and the circumstances surrounding them explained. The *FSA-FCA* and/or *PRA* will conduct credit checks.

“Regulatory body” in this context refers to:

- i) the self-regulatory organisations including *IMRO, SFA, PIA, LAUTRO, FIMBRA, AFBD* and *TSA*;
- ii) the statutory bodies including the *FSA, Financial Conduct Authority, Prudential Regulation Authority, the Financial Services Authority, SIB, the Society of Lloyd's, the Registry of Friendly Societies, the Friendly Societies Commission, the Building Societies Commission, the Bank of England; HM Treasury – Insurance Directorate (formerly of the DTI) and the recognised bodies*;
- iii) the *designated professional bodies*; and
- iv) the equivalent of all such regulators overseas.

5.09 This question covers internal investigation by an authorised *firm* in addition to investigations by a regulatory body **at any time**.

## SECTION 6 – SUPPLEMENTARY INFORMATION

This section provides space for additional information. It should be used to disclose additional information about "yes" answers in section 5 of the full Form A and any information which is not the subject of a specific question in section 5, but ~~is~~ might be relevant to the consideration of fitness and propriety, including in relation to the reasons for leaving the firms listed in section 4. For more information on the factors which the ~~FSA~~ FCA and/or PRA ~~takes~~ may take into account when considering applications, please refer to "FIT" in the ~~FSA~~ Handbook.

List here all directorships currently held or previously held in the past **10** years by the *candidate*.

~~Relevant documents~~ Supporting documentation must also be provided, such as evidence of the settlements of ~~County Court Judgments~~ CCJs.

## SECTION 7 – DECLARATIONS & SIGNATURES

This section contains declarations which must be signed by both an appropriate individual for the *firm* or applicant submitting the application and the *candidate*. Signatures MUST NOT be dated more than 3 months prior to the date of submission of the application. The ~~FSA~~ FCA and/or PRA considers that an appropriate individual would either be an individual approved for a *controlled function* described under section 59~~(5)~~(7B) of the Financial Services & Markets Act (the *significant influence functions – controlled functions* 1 to 12~~B~~, 28, ~~or~~ 29, 40 or 50) or someone to whom the *firm* has delegated the authority to notify the ~~FSA~~ FCA and/or PRA. The candidate should not sign the declaration on behalf of the firm unless he is a sole trader or the sole director in a limited company. If this authority has been delegated, the *firm* should keep records of those individuals authorised to sign on behalf of the *firm*. All signatures submitted on forms should be originals.

It is a criminal offence under section 398 of the Financial Services and Markets Act 2000 to knowingly or recklessly provide the FCA and/or PRA with false or misleading information.

Incoming *EEA Firms* undertaking non-MiFID business must confirm by using the tick box that the *candidate* is competent to perform the *controlled function(s)* for which this application is made.

N.B. Please keep these notes before returning the completed Form to the FCA and/or PRA.

## Notes to assist in completing the Form C - Notice of ceasing to perform *controlled functions*

Full details of the *approved persons* regime and the application process are given in ~~chapter 10 of the Supervision Manual~~ SUP 10A and SUP 10B of the FCA's and PRA's Supervision manuals.

### The purpose of this Form

This Form is referred to in ~~the relevant rule in SUP 10.13~~ SUP 10A.14 and SUP 10B.12 of the FCA's and PRA's Supervision manuals. This Form must be used when an *approved person* ceases to perform one or more *controlled functions*.

If an *approved person* ceases to perform *controlled functions* in respect of a number of *firms* within the same *group*, a single Form C may be used, ensuring all *firms* are clearly marked on the Form.

A *firm* must submit to the ~~FSA~~ FCA and/or PRA a completed Form C no later than seven *business days* after an *approved person* ceases to perform a *controlled function*

Additionally, a forward dated request will not be actioned by the ~~FSA~~ FCA and/or PRA until 7 days before the stated effective day becomes operable.

If a *firm* has reasonable grounds for believing that it will submit a qualified Form C, it must notify the ~~FSA~~ FCA and/or PRA of the fact as soon as practicable.

The Form C is qualified if:

1. the *firm* submitting Form C reasonably believes that the information it contains may affect the ~~FSA's~~ FCA and/or PRA's assessment of an *approved person's* fitness and propriety; or
2. a *firm* dismisses, or suspends, an *approved person* from its employment; or
3. an *approved person* resigns whilst under investigation by the *firm*, the ~~FSA~~ FCA and/or PRA or any other regulatory body.
4. *Firms* are reminded that they should be open and honest with the ~~FSA~~ FCA and PRA as per Principle 11. Any information provided must be factual and able to be substantiated. The ~~FSA~~ FCA and/or PRA reserves the right to use the information provided in carrying out its regulatory functions.

Notification of a qualified Form C must be made in writing by either fax or email and should be made, where possible, within one *business day* of the *firm* becoming aware of the information. If the *firm* does not submit Form C, it should inform the ~~FSA~~ FCA and/or PRA in due course of the reason. This could be done using Form D, if appropriate.

A *firm* is responsible for notifying the ~~FSA~~ FCA and/or PRA if any *approved person* has ceased to perform a *controlled function* under an *arrangement* entered into by its *appointed representative* or former *appointed representative*.

### Completing this Form

This Form must be completed in black ink and (if in manuscript) in BLOCK LETTERS.

Additional information can be attached to the Form. It must be securely attached to the rest of the Form and you must indicate at question 4.02 the number of additional sheets attached.

The reasons why an *approved person* is no longer performing *controlled functions* must be indicated on the Form. However, if an *approved person* has been dismissed or requested to resign, or the *firm* has any doubts about their fitness and propriety (3.01 column B), a full explanation of the reason for the dismissal or resignation must be provided in section 4.01 (supplementary information). If the *firm* ticks the box marked 'Suspension', the *firm* will have to reapply (using Form A) for the individual to perform *controlled functions* again.

The *firm* must also include details of any other matter that the *firm* is aware of and which in its reasonable opinion is relevant in connection with the *approved person* ceasing to perform their *controlled function*.

An appropriate individual must sign the declaration for the *firm* submitting the Form. The ~~FSA~~ FCA and/or PRA considers that an appropriate individual would either be an individual approved for a *controlled function* described under section 59(5)(7B) of the Financial Services & Markets Act (the *significant influence functions – controlled functions* 1 to 12B, 28, & 29, 40 or 50) or someone to whom the *firm* has delegated the authority to notify the ~~FSA~~ FCA and/or PRA. If this authority has been delegated, the *firm* should keep records of those individuals authorised to sign on behalf of the *firm*.

Only the *firm* that made the original application (Form A) may sign this Form except where that individual is the only remaining individual at the firm (e.g. Sole Trader).

N.B.: ~~Detach and~~ Please keep these notes before returning the completed Form to the ~~FSA~~ FCA and/or PRA.

**If you have any questions or need additional information, please contact the ~~Firm Contact Centre~~ FCA Customer Contact Centre on 0845 606 9966 or PRA Firm Enquiries on 020 3461 7000 or via e-mail at [iva@fsa.gov.uk](mailto:iva@fsa.gov.uk) [iva@fca.org.uk](mailto:iva@fca.org.uk) or [PRA.firmenquiries@bankofengland.co.uk](mailto:PRA.firmenquiries@bankofengland.co.uk).**

## Notes to assist in completing the Form D - Notification of changes in personal information or application details

Full details of the *approved persons* regime and the application process are given in ~~Chapter 10.13 of the Supervision manual~~ SUP 10A and SUP 10B of the FCA and PRA's Supervision manuals.

### The purpose of this Form

This is Form D referred to in ~~the relevant guidance and rule in SUP 10.13~~ SUP10A.14 and SUP 10B.12 of the FCA and PRA's Supervision manuals. The *firm* must use this Form to inform the FSA/FCA and/or PRA of changes in the personal details of an *approved person* or a change in the details of an application to perform *controlled functions*). It is not necessary to notify the FSA/FCA and/or PRA of changes in an *approved person's* private address.

The *firm* must also keep the FSA/FCA and/or PRA informed of any significant circumstances directly affecting an *approved person* and which any reasonable person would consider relevant to the *approved person's* position under the ~~FSA rules.~~ rules of the FCA and/or PRA.

The *firm* is required to notify the FSA/FCA and/or PRA of any matter, in relation to an *approved person*, that would normally be declared when giving the information required for section 5 of the application to perform controlled functions or matters considered in *FIT 2*

Do not use this Form if the *approved person* requires approval in respect of further *controlled functions* or has ceased to perform *controlled functions*.

### Completing this Form

This Form must be completed in black ink and (if in manuscript) in BLOCK LETTERS.

Where a person is an *approved person* in respect of a number of *firms* within the same *group*, a single Form may be used, ensuring all *firms* are clearly marked on the Form.

Additional information can be attached to the Form. It must be securely attached to the rest of the Form and you must indicate at question 3.02 the number of additional sheets attached.

An appropriate individual must sign the declaration for the *firm* submitting the Form. The FSA/FCA and/or PRA considers that an appropriate individual would either be an individual approved for a *controlled function* described under section 59(57B) of the Financial Services & Markets Act (the *significant influence functions – controlled functions 1 to 12B, 28, & 29, 40, or 50*) or someone to whom the *firm* has delegated the authority to notify the FSA/FCA and/or PRA. If this authority has been delegated, the *firm* should keep records of those individuals authorised to sign on behalf of the *firm*.

Only the *firm* that made the original application (application to perform controlled functions) may sign this Form.

N.B.: ~~Detach and keep~~ Please keep these notes before returning the completed Form to the FSA-FCA and/or PRA.

## Notes for Form E

### Internal transfer of an approved person

PLEASE NOTE: A *CANDIDATE* MUST NOT BEGIN PERFORMING ANY *CONTROLLED FUNCTIONS* UNTIL THE ~~FSA~~FSA ~~and/or PRA~~ HAS GRANTED APPROVAL.

Full details of the *approved persons* regime can be found in ~~chapter 10 of the Supervision manual~~ chapter *SUP 10A* and *SUP 10B* of the *FCA* and *PRA's Supervision Manuals*.

The purpose of this Form

This is Form E referred to in ~~SUP 40.13.3D~~ *SUP 10A.14.4D* and *SUP 10B.12.4D* of the *FCA* and *PRA's Supervision Manuals*. A *firm* should use this form when an *approved person* ceases to perform one or more *controlled functions* and the *firm* wishes to apply for approval for the individual in respect of other *controlled functions*. This Form should not be used for a qualified withdrawal (see ~~SUP 40.13.7R~~ *SUP 10A.14.10R* and *SUP 10B.12.12R*). This form may also be used for transfers between *firms* that are part of the same *group*:

1. A *firm* must use Form E where an *approved person* is both ceasing to perform one or more *controlled functions* and needs to be approved in relation to one or more *controlled functions* within the same *firm* or *group*.
2. A *firm* must not use Form E if the *approved person* is to perform a *significant-influence function* for the first time or has ceased to have approval from the *FCA* or *PRA* to perform one more than six months ago.
3. A *firm* must not use Form E if a notification has been made or should be made under *SUP 10A.14.17R* (Changes in fitness to be notified under Form D) or *SUP 10B.12.18R* (the equivalent *PRA rule*) in relation to any *controlled functions* that that *person* is ceasing to perform (as referred to in (1)) or any *controlled function* that he is continuing to perform in relation to that *firm* or a *firm* in the same *group*.

Form C must be used if the individual is ceasing to perform a *controlled function* and the *firm* is not seeking approval in respect of another *controlled function*.

Form A must be completed in full if the *approved person* is seeking approval in respect of a *significant influence function* for the first time.

### Completing this Form

The Form must be completed in black ink and (if in manuscript) in BLOCK LETTERS.

All dates should be provided in numeric form (e.g. 29/02/2000 for 29 February 2000).

Indicate clearly if a question is not applicable. Tick the appropriate box where a yes/no answer is required. Further details should be given in section 5 (Supplementary Information) if there is insufficient space for a detailed answer.

Additional information can be attached to the Form. It must be securely attached to the rest of the Form and you must indicate at question 5.02 the number of additional sheets attached.

Do not assume that information is known to the ~~FSA~~FSA ~~and/or PRA~~ merely because it is in the public domain, or has been previously disclosed to the ~~FSA~~FSA ~~FCA and/or PRA~~ or to another regulatory body. In all circumstances, disclosures should be full, frank and unambiguous. If there is any doubt about the relevance of information, it should be included. The information supplied by the *candidate* should be verified by the *firm* wherever possible. ~~If the FSA's~~ ~~Should the FCA and/or PRA~~ vetting checks reveal any matters that have not been disclosed, then applications will be delayed and, in some cases, possibly rejected. See ~~SUP 40.12.6G~~ *SUP 10A.13.12G* and *SUP 10B.11.11G*.

Expressions in this Form in italics have the meaning given in the *Glossary* to the ~~FSA's Handbook~~ (or, if no meaning is given there, the expressions are to be interpreted in accordance with the related expression defined in the *Glossary*).

The *firm* is responsible for the completion of the Form. If the Form is not fully and correctly completed, the FSAFCA and/or PRA may need to return it for proper completion. This could significantly delay the FSA's FCA and/or PRA's decision on whether to grant approval to perform the requested *controlled functions* (see ~~SUP 40.12.6G~~ 10A.13.12G and SUP10B.11.11G).

The FSAFCA and/or PRA may require the applicant to provide further information at any time after receiving an application and before determining whether it is to be granted or not (see ~~SUP 40.12.8G~~ 10A.13.14G, SUP10B.11.13G and SUP10B.11.14G ).

**If a *firm* has provided, or has information that reasonably suggests that it may have provided, the FSAFCA and/or PRA with information which was or has become false, misleading, incomplete or inaccurate, in a material particular, it must notify the FSA-FCA and/or PRA immediately (see SUP 15.6.4R). Failure to notify the FSAFCA and/or PRA may result in a delay in processing or rejection.**

#### **SECTION 4 – ARRANGEMENTS AND CONTROLLED FUNCTIONS**

The *firm* must tick the box in 4.01 that most accurately describes its *arrangement* with the *candidate*. For applications from a single *firm*, the *firm* should complete 4.02, 4.03 & 4.04 indicating the *controlled functions* required by selecting the appropriate box in 4.02. However, if the application is being made on behalf of a *candidate* who will carry out *controlled functions* for more than one *firm*, 4.05 must be used to describe the *controlled functions* and the relationships between the *candidate* and those *firms*.

- 4.01: If this application relates to more than one *appointed representative*, provide details in section 5.
- 4.02: If the *controlled function* 29 is requested, the specific job title of the *candidate* must be included.
- 4.03: The effective date is the date on which the *firm* wishes the *candidate* to begin performing *controlled functions* (subject to approval). **This should be left blank unless there is a reason for the effective date to be beyond the FSAFCA and/or PRA published standard response times.** For instance, a *firm* may wish to be sure that a *candidate* has been approved before they take up their post.

Unless the *firm* indicates otherwise, the FSAFCA and/or PRA assumes that the *arrangement* given on the application form includes all of the activities that fall within the description of the *controlled function*. This means that a *firm* may alter a *candidate's* responsibilities within the broad description of a *controlled function* without needing further approval from the FSAFCA and/or PRA.

#### **SECTION 5 – SUPPLEMENTARY INFORMATION**

This section provides extra space for any previous answer and for additional information relevant to this application.

The *firm* must include details of any other matter which the *firm* is aware of and which in its reasonable opinion is relevant in connection with the *approved person* ceasing to perform their *controlled function*. If there is insufficient space, additional sheets may be used.

#### **SECTION 6 – DECLARATIONS AND SIGNATURES**

This section contains declarations which must be signed by both an appropriate individual for the *firm* or applicant submitting the application and the *candidate*. The FSAFCA and/or PRA considers that an appropriate individual would either be an individual approved for a *controlled function* described under section 59(5) or 59(7B) of the Financial Services and Markets Act (the *significant influence functions – controlled functions* 1 to 12B, 28, & 29, 40 or 50) or someone to whom the *firm* has delegated the authority to notify the FSAFCA and/or PRA. If this authority has been delegated, the *firm* should keep records of those individuals authorised to sign on behalf of the *firm*.

N.B. ~~Detach and keep~~ Please keep these notes before returning the completed Form to the FSA/FCA and/or PRA.

**If you have any questions or need additional information, please contact the ~~Firm Contact Centre~~ FCA Customer Contact Centre on 0845 606 9966 or PRA Firm Enquiries on 020 3461 7000 or via e-mail at iva@fsa.gov.uk iva@fca.org.uk or PRA.firmenquiries@bankofengland.co.uk.**

Contravention of these requirements may lead to disciplinary sanctions or other enforcement action by the FSA Appropriate Regulator.

It should not be assumed that information is known to the FSA FCA merely because it is in the public domain or has previously been disclosed to the FSA FCA or another regulatory body. If you are not sure whether a piece of information is relevant, please include it anyway.

## Passporting

### Notification of intention to establish a branch in another EEA state (excluding the Payment Services Directive and Electronic Money Directive)

(SUP 13 Annex 1R – Notification under SUP 13.5.1R)

Full name of firm

#### Purpose of this form

You should complete this form if you are a *UK firm* that wishes to exercise a passport right to establish your first *establishment* in a particular *EEA State*. You should also use this form if you are a *UK firm* that wishes to notify us – the regulator – of changes to the details of your current *branch*.

#### Important information you should read before completing this form

A *UK firm* can only use this form if it is entitled to establish a *branch* in another *EEA State* subject to the conditions of a relevant *single market directive* (see Schedule 3 of the Financial Services and Markets Act 2000 (FSMA)). By completing this form, you are confirming this is the case. *UK firms* should consult the legislation or take their own legal advice both in the *UK* and in the relevant *EEA State(s)* if they are in any doubt.

We give guidance on this in Chapter 13 of the Supervision manual (*SUP*). In particular, a *UK firm* that wants to exercise an *EEA right* must have the specific activity included in its Scope of Permission (unless the *UK firm* is a *subsidiary* of a *firm* which is a *credit institution* that meets the criteria set out in the *Banking Consolidation Directive*).

#### Filling in the Form

1. If you are using your computer to complete the form, use the TAB key to move from question to question and press SHIFT TAB to move back to the previous question. Once completed, print the relevant sections and sign the declaration in section 10.
2. If you are filling in the form by hand, use black ink, write clearly and, once you have completed the relevant sections, sign the declaration in section 10.
3. All firms should answer sections 1, 2 and 10. Sections 3-9 refer to specific directives and only relevant sections should be completed. However, please answer all questions in the sections relevant to you.
4. If there is not enough space on the form, you may need to use separate sheets of paper. Clearly mark each separate sheet of paper with the relevant question number.

**Form F – Changes in notified persons**

**Version 4: June 2010 Version 5**

## Notes for Form F

### Changes in notified persons

The *rule* for notification is set out in SUP 15.4.1R.

#### The purpose of this Form

This is Form F referred to in SUP 15.4.1R (2).

Membership of the *governing body* of an *overseas firm* with a branch in the *United Kingdom* is not a *controlled function* requiring approval of the ~~FSA~~FCA and/or PRA under the *approved persons* regime. The rule at SUP 15.4.1R (Notified persons) is not made under the powers conferred on the ~~FSA~~FCA and/or PRA by Part V of the *Act* and the *Statements of Principle* do not apply to a *person* notified to the ~~FSA~~FCA and/or PRA under SUP 15.4.1R unless he is also an *approved person*.

An *overseas firm* (excluding an *incoming firm*) must notify the ~~FSA~~FCA and/or PRA within 30 *business days* of any *person* taking up or ceasing to hold the following positions (see SUP 15.4.1R):

- the *firm's* world-wide chief executive if the *person* is based outside the *United Kingdom*;
- the *person*, if not the world-wide chief executive, within the *overseas firm* with a purely strategic responsibility for *UK* operations (see ~~SUP 10.7.4G~~ SUP 10A.7.4G);
- for a *bank*: the two or more *persons* who effectively direct its business in accordance with ~~IPRU (BANK) GN 3.3.1R~~; SYSC 4.2.2;
- for an *insurer*, the *authorised UK representative*.

These notifications must be submitted using this Form. However, if the *person* is an *approved person*, notification can be made by letter giving details of his name and the position to which the notification relates (see SUP 15.4.1R (2)).

If adverse information is revealed about a *person* notified to the ~~FSA~~FCA and/or PRA under SUP 15.4.1R, the ~~FSA~~FCA and/or PRA may exercise its *own-initiative power* against the *firm* (see SUP 15.4.4G).

#### Completing this Form

The Form must be completed in black ink and (if in manuscript) in BLOCK LETTERS.

All dates should be provided in numeric form (e.g. 29/02/2000 for 29 February 2000).

Indicate clearly if a question is not applicable. Tick the appropriate box where a yes/no answer is required. Further details should be given in section 6 (Supplementary Information) if there is insufficient space for a detailed answer.

Additional information can be attached to the Form. It must be securely attached to the rest of the Form and you must indicate at question 6.03 the number of additional sheets attached.

Do not assume that information is known to the ~~FSA~~FCA and/or PRA merely because it is in the public domain, or has been previously disclosed to the ~~FSA~~FCA and/or PRA or to another *regulatory body*. In all circumstances, disclosures should be full, frank and unambiguous. If there is any doubt about the relevance of information, it should be included. The information supplied by the notified *person* should be verified by the *firm* wherever possible.

Expressions in this Form in italics have the meaning given in the *Glossary to the FSA'S Handbook* (or, if no meaning is given there, the expressions are to be interpreted in accordance with the related expression defined in the *Glossary*).

The *firm* is responsible for the accuracy of the data and completion of the Form. If the Form is not fully and correctly completed, the FSA/FCA and/or PRA may need to return it for proper completion.

**The FSA/FCA and/or PRA must be informed immediately of any material changes to the information provided in this Form. All changes must be communicated to the FSA/FCA and/or PRA by the *firm* (see SUP 15.6.4R).**

## **SECTION 1 – PERSONAL IDENTIFICATION DETAILS**

If the notified *person* has more than one previous name (surname or forenames), passport number or nationality, or is known by any other names, provide details in section 6.

1.01: If the notified *person* does not have an FSA/FCA and/or PRA Individual Reference Number or does not know it, include the name of the previous regulator and the previous Individual Reference Number, as applicable.

1.13: *United Kingdom* addresses must be given, or a statement stating that the individual resides abroad.

## **SECTION 2 – FIRM IDENTIFICATION DETAILS**

2.01 & 2.02: This section identifies the *firm* making the application by FSA/FCA and/or PRA Firm Reference Number (FRN) and name. If the individual will be performing the notified activity in relation to more than one *firm* and this notification is given on behalf of those other *firms*, please list the names and FSA/FCA and/or PRA Firm Reference Numbers of the other *firms* at section 6.

2.03: The regulatory organisation and country of the *firm's* registered office must also be indicated.

2.04: The *firm* must also indicate a point of contact for any queries in connection with the application.

## **SECTION 3 – CHANGES TO NOTIFIED PERSONS**

The notified position to which this Form relates should be identified, including effective date and, if applicable, the name of individual being replaced.

## **SECTION 4 – EMPLOYMENT HISTORY FOR PAST 5 YEARS**

A full five-year employment history for the notified *person* must be provided – with all gaps explained. If the record of employment does not go back five years, all periods of education and unemployment must be indicated. Full details of any periods of self-employment should also be included.

Always give the address of the actual place of employment, rather than a central head office.

The employment history should be provided in **reverse chronological order**, starting with the most recent period of employment, unemployment etc, but excluding the activity to which this notification relates.

“Regulatory body” in this context means the bodies listed in the notes to section 5 (below).

State the position held by the notified *person* and a brief explanation of his or her duties. If the notified *person's* job title included the word “director” but his or her duties did not include those associated with the title of *director*, as defined in the *Glossary*, this should be indicated.

The reason for leaving each employer must be given. If there were any issues arising on leaving, these must be fully explained in section 6. Previous employers may be contacted.

Introduction: identifying a financial conglomerate

3.1.3 G ...

- (10) If a mixed financial holding company is subject to equivalent provisions under BIPRU 8 (Group risk consolidation) and under GENPRU 3 (Cross sector groups) and the appropriate regulator is the coordinator, the appropriate regulator may, on application by a firm and after consulting other competent authorities responsible for the supervision of subsidiaries, disapply such provisions of BIPRU 8 with regard to the mixed financial holding company and apply only the relevant provisions of GENPRU 3 to the mixed financial holding company.

...

Definition of financial conglomerate: discretionary changes to the definition

3.1.13 G Articles 3(3) to 3(6), Article 5(4) and Article 6(5) of the *Financial Groups Directive* allow *competent authorities*, on a case by case basis, to:

- (1) change the definition of *financial conglomerate* and the obligations applying with respect to a *financial conglomerate* (which would include, where the appropriate regulator would be the coordinator under GENPRU 3.1.3G(6), permitting firms to apply, on an annual basis and subject to publication and notification to the relevant competent authorities, for a group of which it is a member not to be regarded as a financial conglomerate on the basis of Article 3(3) of the Financial Groups Directive (for a group that, in terms of the tests in GENPRU 3 Annex 4R, does not meet Threshold Test 2 but meets Threshold Test 3) or Article 3(3a) of the Financial Groups

Directive (for a group that, in terms of the tests in GENPRU 3 Annex 4R, meets Threshold Test 2 but not Threshold Test 3);

...

...

- 3.1.17 G Annex I of the *Financial Groups Directive* lays down ~~four~~ three methods for calculating capital adequacy at the level of a *financial conglomerate*. Those ~~four~~ three methods are implemented as follows:

...

- (3) ~~Method 3 calculates capital adequacy using book values and the deduction of capital requirements. It is implemented by GENPRU 3.1.29R to GENPRU 3.1.31R and Part 3 of GENPRU 3 Annex 1R. [deleted]~~
- (4) ~~Method 4~~ Method 3 consists of a combination of Methods ~~1, 2 and 3~~ 1 and 2 from Annex I of the *Financial Groups Directive*, ~~or a combination of two of those Methods. It is implemented by GENPRU 3.1.26R to GENPRU 3.1.28R, GENPRU 3.1.30R and Part 4 of GENPRU 3 Annex 1 and would be implemented by means of a requirement.~~

- 3.1.18 G Part 4 of GENPRU 3 Annex 1R (Use of Method 4 from Annex I of the *Financial Groups Directive*) applies the ~~appropriate regulator's sectoral rules with respect to the financial conglomerate as a whole, with some adjustments. Where Part 4 of GENPRU 3 Annex 1R applies the appropriate regulator's sectoral rules for:~~

- (1) ~~the insurance sector, that involves a combination of Methods 2 and 3; and~~
- (2) ~~the banking sector and the investment services sector, that involves a combination of Methods 1 and 3. [deleted]~~

...

- 3.1.20 G (1) ~~In the following cases, the appropriate regulator (acting as coordinator) may choose which of the four methods for calculating capital adequacy laid down in Annex I of the *Financial Groups Directive* should apply:~~
- (a) ~~where a financial conglomerate is headed by a regulated entity that has been authorised by the appropriate regulator;~~  
~~or~~
- (b) ~~the only relevant competent authority for the financial conglomerate is the appropriate regulator. [deleted]~~

- (2) ~~GENPRU 3.1.28R automatically applies Method 4 from Annex I of the *Financial Groups Directive* in these circumstances except in the cases set out in *GENPRU 3.1.28R(1)(e)* and *GENPRU 3.1.28R(1)(f)*. The process in *GENPRU 3.1.22G* does not apply. [deleted]~~
- 3.1.21 G ~~Where *GENPRU 3.1.20G* does not apply, the The Annex I method to be applied is may be decided by the *coordinator* after consultation with the *relevant competent authorities* and the *financial conglomerate* itself. Where the *appropriate regulator* acts as *coordinator*, the *financial conglomerate* itself may choose which of Method 1 or Method 2 from Annex I it will apply, unless the *firm* is subject to a *requirement obliging the firm to apply a particular method*.~~
- 3.1.22 G ~~The method of calculating capital adequacy chosen in respect of a *financial conglomerate* as described in *GENPRU 3.1.21G* will be applied with respect to that *financial conglomerate* by varying the *Part 4A permission* of a *firm* in that *financial conglomerate* to include a *requirement*. That *requirement* will have the effect of obliging the *firm* to ensure that the *financial conglomerate* has capital resources of the type and amount needed to comply with whichever of the methods in *GENPRU 3 Annex 1R* is to be applied with respect to that *financial conglomerate*. The powers in the *Act* relating to *waiivers* and varying a *firm's Part 4A permission* can be used to implement one of the methods from Annex I of the *Financial Groups Directive* in a way that is different from that set out in *GENPRU 3.1* and *GENPRU 3 Annex 1R* if that is necessary to reflect the consultations referred to in *GENPRU 3.1.21G*. [deleted]~~
- 3.1.23 G ~~If there is more than one *firm* in a *financial conglomerate* with a *Part 4A permission*, the *appropriate regulator* would not normally expect to apply the *requirement* described in *GENPRU 3.1.22G* to all of them. Normally it will only be necessary to apply it to one. [deleted]~~
- 3.1.24 G ~~The *appropriate regulator* expects that in all or most cases falling into *GENPRU 3.1.21G*, the *rules* in Part 4 of *GENPRU 3 Annex 1R* will be applied. [deleted]~~
- ...
- Capital adequacy requirements: application of Method 4 from Annex I of the *Financial Groups Directive*
- 3.1.26 G ~~If this *rule* applies under *GENPRU 3.1.27R* to a *firm* with respect to a *financial conglomerate* of which it is a member, the *firm* must at all times have capital resources of an amount and type:~~
- (1) ~~that ensure that the *financial conglomerate* has capital resources of an amount and type that comply with the *rules* applicable with respect to that *financial conglomerate* under Part 4 of *GENPRU 3 Annex 1R* (as modified by that annex); and~~

(2) ~~that as a result ensure that the *firm* complies with those *rules* (as so modified) with respect to that *financial conglomerate*. [deleted]~~

3.1.27 R ~~*GENPRU* 3.1.26R applies to a *firm* with respect to a *financial conglomerate* of which it is a member if one of the following conditions is satisfied:~~

(1) ~~the condition in *GENPRU* 3.1.28R is satisfied; or~~

(2) ~~this *rule* is applied to the *firm* with respect to that *financial conglomerate* as described in *GENPRU* 3.1.30R. [deleted]~~

Capital adequacy requirements: compulsory application of Method 3 from Annex I of the Financial Groups Directive

3.1.28 R (1) ~~The condition in this *rule* is satisfied for the purpose of *GENPRU* 3.1.27R(1) with respect to a *firm* and a *financial conglomerate* of which it is a member (with the result that *GENPRU* 3.1.26R automatically applies to that *firm*) if:~~

(a) ~~notification has been made in accordance with regulation 2 of the *Financial Groups Directive Regulations* that the *financial conglomerate* is a *financial conglomerate* and that the *appropriate regulator* is *coordinator* of that *financial conglomerate*;~~

(b) ~~the *financial conglomerate* is not part of a wider *UK regulated EEA financial conglomerate*;~~

(c) ~~the *financial conglomerate* is not an *UK regulated EEA financial conglomerate* under another *rule* or under paragraph (b) of the definition of *UK regulated EEA financial conglomerate* (application of supplementary supervision through a *firm's Part 4A permission*);~~

(d) ~~one of the following conditions is satisfied:~~

(i) ~~the *financial conglomerate* is headed by a *regulated entity* that is a *UK domestic firm*; or~~

(ii) ~~the only *relevant competent authority* for that *financial conglomerate* is the *appropriate regulator*;~~

(e) ~~this *rule* is not disappplied under paragraph 5.7 of *GENPRU* 3 Annex 1R (No capital ties); and~~

(f) ~~the *financial conglomerate* meets the condition set out in the box titled Threshold Test 2 (10% average of balance sheet and solvency requirements) in the *financial conglomerate definition decision tree*. [deleted]~~

(2) ~~Once *GENPRU* 3.1.26R applies to a *firm* with respect to a *financial*~~

~~conglomerate of which it is a member under GENPRU 3.1.27R(1), (1)(f) ceases to apply with respect to that financial conglomerate. Therefore the fact that the financial conglomerate subsequently ceases to meet the condition in (1)(f) does not mean that the condition in this rule is not satisfied. [deleted]~~

Capital adequacy requirements: application of ~~Methods~~ Method 1; or 2 or 3 from Annex I of the Financial Groups Directive

3.1.29 R If, with respect to a firm and a financial conglomerate of which it is a member, this rule ~~is applied~~ applies under GENPRU 3.1.29AR to the firm with respect to that financial conglomerate as described in GENPRU 3.1.30R, the firm must at all times have capital resources of an amount and type that ensures that the conglomerate capital resources of that financial conglomerate at all times equal or exceed its conglomerate capital resources requirement.

3.1.29A R GENPRU 3.1.29R applies to a firm with respect to the financial conglomerate of which it is a member if notification has been made in accordance with regulation 2 of the Financial Groups Directive Regulations that the financial conglomerate is a financial conglomerate and that the appropriate regulator is coordinator of that financial conglomerate.

Capital adequacy requirements: use of ~~Part 4A permission~~ requirement to apply Annex I of the Financial Groups Directive

3.1.30 R ~~With respect to a firm and a financial conglomerate of which it is a member~~ If GENPRU 3.1.29R (application of Method 1 or 2 from Annex I of the Financial Groups Directive) applies to a firm with respect to the financial conglomerate of which it is a member, then with respect to the firm and the financial conglomerate:

- (1) ~~GENPRU 3.1.26R (Method 4 from Annex I of the Financial Groups Directive) is applied to the firm with respect to that financial conglomerate for the purposes of GENPRU 3.1.27R(2); or the definitions of conglomerate capital resources and conglomerate capital resources requirement that apply for the purposes of that rule are the ones from whichever of Part 1 or Part 2 of GENPRU 3 Annex 1R the firm has indicated to the appropriate regulator it will apply, unless the firm is subject to a requirement obliging the firm to apply a specific part of GENPRU 3 Annex 1R, in which case GENPRU 3.1.31R will apply; and~~
- (2) ~~GENPRU 3.1.29R (Methods 1 to 3 from Annex I of the Financial Groups Directive) is applied to the firm with respect to that financial conglomerate; the firm must indicate to the appropriate regulator in advance which Part of GENPRU 3 Annex 1R the firm intends to apply.~~

~~if the firm's Part 4A permission contains a requirement obliging the firm to comply with GENPRU 3.1.26R or, as the case may be, GENPRU 3.1.29R.~~

- 3.1.31 R If *GENPRU 3.1.29 R* (~~application of Methods Method 1-3 or 2~~ from Annex I of the *Financial Groups Directive*) applies to a *firm* with respect to a *financial conglomerate* of which it is a member, and the firm is subject to a requirement obliging the firm to apply a specific part of *GENPRU 3 Annex 1R*, the definitions of *conglomerate capital resources* and *conglomerate capital resources requirement* that apply for the purposes of that rule are the ones from whichever of Part 1, or Part 2 ~~or Part 3~~ of *GENPRU 3 Annex 1R* is specified in the *requirement referred to in *GENPRU 3.1.30R**.

...

SYSC 10.2.5G	...	...	<u>Guidance</u>	...

...

- 4.1.2 R For a *common platform firm*, the arrangements, processes and mechanisms referred to in SYSC 4.1.1R must be comprehensive and proportionate to the nature, scale and complexity of the *common platform firm's* activities and must take into account the specific technical criteria described in SYSC 4.1.7R, SYSC 5.1.7R, SYSC 7 and (for a *BIPRU firm* and a *third country BIPRU firm*) SYSC 19A, or (for a *full-scope UK AIFM*) SYSC 19B.

...

- 4.2.1 R The *senior personnel* of a *common platform firm*, a *management company*, a *full-scope UK AIFM*, or of the *UK branch* of a *non-EEA bank* must be of sufficiently good repute and sufficiently experienced as to ensure the sound and prudent management of the *firm*.

[**Note:** article 9(1) of *MiFID*, article 7(1)(b) of the *UCITS Directive*, article 8(1)(c) of *AIFMD* and article 11(1) second paragraph of the *Banking Consolidation Directive*]

...

- 4.2.2 R A *common platform firm*, a *management company*, a *full-scope UK AIFM* and the *UK branch* of a *non-EEA bank* must ensure that its management is undertaken by at least two persons meeting the requirements laid down in SYSC 4.2.1R and, for a *full-scope UK AIFM*, SYSC 4.2.7R.

[**Note:** article 9(4) first paragraph of *MiFID*, article 7(1)(b) of the *UCITS Directive*, article 8(1)(c) of *AIFMD* and article 11(1) first paragraph of the *Banking Consolidation Directive*]

...

- 4.2.4 G At least two independent minds should be applied to ~~both~~ the formulation and implementation of the policies of a *common platform firm*, a *management company*, a *full-scope UK AIFM* and the *UK branch* of a *non-EEA bank*. Where ~~such~~ a *firm* nominates just two individuals to direct its business, the *appropriate regulator* will not regard them as both effectively directing the business where one of them makes some, albeit significant, decisions relating to only a few aspects of the business. Each should play a part in the decision-making process on all significant decisions. Both should demonstrate the

qualities and application to influence strategy, day-to-day policy and its implementation. This does not require their day-to-day involvement in the execution and implementation of policy. It does, however, require involvement in strategy and general direction, as well as knowledge of, and influence on, the way in which strategy is being implemented through day-to-day policy.

- 4.2.5 G Where there are more than two individuals directing the business of a *common platform firm*, a *management company*, a full-scope UK AIFM or the UK branch of a *non-EEA bank*, the *appropriate regulator* does not regard it as necessary for all of these individuals to be involved in all decisions relating to the determination of strategy and general direction. However, at least two individuals should be involved in all such decisions. Both individuals' judgement should be engaged so that major errors leading to difficulties for the *firm* are less likely to occur. Similarly, each individual should have sufficient experience and knowledge of the business and the necessary personal qualities and skills to detect and resist any imprudence, dishonesty or other irregularities by the other individual. Where a single individual, whether a chief executive, managing *director* or otherwise, is particularly dominant in such a *firm* this will raise doubts about whether SYSC 4.2.2R is met.

...

- 4.2.6 R If a *common platform firm*, (other than a credit institution or AIFM investment firm) or the UK branch of a *non-EEA bank*, is:

- (1) a natural person; or
- (2) a legal person managed by a single natural person

it must have alternative arrangements in place which ensure sound and prudent management of the firm.

## 21.1 Risk control: guidance on governance arrangements

Additional guidance on governance arrangements

- 21.1.1 G
- (1) This chapter provides additional guidance on risk-centric governance arrangements for effective risk management. It expands upon the general organisational requirements in SYSC 2, SYSC 3, SYSC 4, ~~and SYSC 7~~ and FUND 3.7, and so applies to the same extent as SYSC 3.1.1R (for *insurers, managing agents* and the *Society*), ~~and SYSC 4.1.1R~~ (for every other *firm*) and FUND 3.7 (for a *full-scope UK AIFM* of an *authorised AIF*).
  - (2) *Firms* should, taking account of their size, nature and complexity, consider whether in order to fulfil the general organisational requirements in SYSC 2, SYSC 3, SYSC 4, ~~and~~

*SYSC 7 and (for a full-scope UK AIFM of an authorised AIF)*  
FUND 3.7 their risk control arrangements should include:

## 1.2 Adequacy of financial resources

- 1.2.11 G The adequacy of a *firm's* financial resources needs to be assessed in relation to all the activities of the *firm* and the risks to which they give rise and so this section applies to a *firm* in relation to the whole of its business. In ~~the case of a UCITS investment firm~~ collective portfolio management investment firm this means that this section is ~~not limited to designated investment business excluding scheme management activity~~. It also applies to ~~scheme management activity~~ and to activities that are not ~~designated investment business~~ its activities in relation to the management of AIFs and/or UCITS.

## Amendments to Prudential sourcebook for Banks, Building Societies and Investment Firms (BIPRU)

In this Annex, underlining indicates new text and striking thorough indicates deleted text.

## 1.1 Application

...

- 1.1.3 G In the main *BIPRU* only applies to a *UCITS investment firm* collective portfolio management investment firm in respect of *designated investment business* (excluding ~~*scheme management activity*~~ *managing an AIF* and *managing a UCITS*). However *BIPRU* 2.2 (Internal capital adequacy standards), *BIPRU* 2.3 (Interest rate risk in the non-trading book), *BIPRU* 8 (Group risk - consolidation) and *BIPRU* 11 (Disclosure) apply to the whole of its business.

...

- 1.1.8 R A *firm* falling within *BIPRU* 1.1.6R(3) to *BIPRU* 1.1.6R(5) is a *BIPRU investment firm*. A *BIPRU investment firm* includes a *UCITS investment firm* collective portfolio management investment firm that is not excluded under *BIPRU* 1.1.7R.

...

Alternative classification of BIPRU investment firms

- 1.1.18 R *BIPRU investment firm* are divided into the following classes for the purposes of the calculation of the *base capital resources requirement* and for the purpose of any other provision of the *Handbook* that applies this classification:

- (1) a ~~*UCITS investment firm*~~ collective portfolio management investment firm;

...

Types of investment firm: BIPRU 125K firm

- 1.1.19 R A *BIPRU 125K firm* means a *BIPRU investment firm* that satisfies the following conditions:

...

- (4) it is not a ~~*UCITS investment firm*~~ collective portfolio management investment firm; and;

...

Types of investment firm: BIPRU 50K firm

- 1.1.20 R A *BIPRU 50K firm* means a *BIPRU investment firm* that satisfies the following conditions:

...

- (3) it is not a *UCITS investment firm* collective portfolio management investment firm; and

...

Types of investment firm: 730K firm

- 1.1.21 R A *BIPRU investment firm* that is not a *UCITS investment firm* collective portfolio management investment firm, a *BIPRU 50K firm* or a *BIPRU 125K firm* is a *BIPRU 730K firm*. A *BIPRU investment firm* that operates a *multilateral trading facility* is a *BIPRU 730k firm*.

## 8.5 Basis of consolidation

...

Basis of inclusion of UCITS investment firms collective portfolio management investment firms in consolidation

- 8.5.7 R *GENPRU 2.1.46R* (Adjustment of the variable capital requirement calculation for ~~UCITS investment firms~~ collective portfolio management investment firms) does not apply for the purpose of this chapter.
- 8.5.8 G In general a *UCITS investment firm* collective portfolio management investment firm only calculates its capital and concentration risk requirements in relation to its *designated investment business* and does not calculate them with respect to ~~scheme management activity~~ *managing an AIF* or *managing a UCITS*. The effect of *BIPRU 8.5.7R* is that this does not apply on a consolidated basis. For the purpose of this chapter the calculations are carried out with respect to the whole of the activities of a *UCITS investment firm* collective portfolio management investment firm.

## Annex J

### Amendments to the Supervision manual (SUP)

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### 6.1 Application, interpretation and purpose

Application

- 6.1.2 G If appropriate, a *firm* which is an *authorised fund manager* should also refer to *COLL 7* for *guidance* on the termination of *ICVCs*, *ACSs* and *AUTs* and on winding up *authorised funds* that are not commercially viable.

...

#### 13.3 Establishing a branch in another EEA State

...

The conditions for establishing a branch

- 13.3.2 G A *UK firm* other than a *UK pure reinsurer* cannot establish a *branch* in another *EEA State* for the first time under an *EEA right* unless the relevant conditions in ~~paragraphs~~ paragraph 19(2), (4) and (5) of Part III of Schedule 3 to the *Act* are satisfied. It is an offence for a *UK firm* which is not an *authorised person* to contravene this prohibition (paragraph 21 of Part III of Schedule 3 to the *Act*). These conditions are that:

...

- (2A) If the *UK firm's EEA right* relates to providing *collective portfolio management services under the UCITS Directive*, the *FCA* has provided to the *Host State regulator*:

...

- (3) ...

- (b) in any other case (except for a *firm* passporting under *AIFMD*):

...

...

Issue of a consent notice to the Host State regulator

- 13.3.5 G ...

- (1B) Where the *UK firm's EEA right* derives from *AIFMD*, the *FCA* will give the *Host State regulator* a consent notice within two months of

having received the notice of intention and immediately inform the UK firm pursuant to SUP 13.3.6G if the FCA is satisfied that the firm complies, and continues to comply with:

- (a) the provisions implementing the AIFMD, and
- (b) any directly applicable EU regulation made under that directive.

...

13.3.6 G ...

- (4) Where a consent notice is given under the AIFMD it must include confirmation that the UK firm has been authorised by the FCA under AIFMD.

...

13.3.7 G ...

- (2) If the appropriate UK regulator decides to refuse to give a consent notice, then paragraph 19(12) of Part III of Schedule 3 to the Act requires the appropriate UK regulator to give the UK firm a decision notice within three months of the date on which it received the UK firm's notice of intention (two months in the case of a UK firm which is a UCITS management company or an AIFM). The UK firm may refer the matter to the Tribunal.

...

#### 13.4 Providing cross-border services into another EEA State

...

13.4.2 G A UK firm, other than a UK pure reinsurer or an AIFM exercising an EEA right to market an AIF under AIFMD, cannot start providing cross-border services into another EEA State under an EEA right unless it satisfies the conditions in paragraphs 20(1) of Part III of Schedule 3 to the Act and, if it derives its EEA right from the Insurance Directives, AIFMD, MiFID or the UCITS Directive, paragraph 20(4B) of Part III of Schedule 3 to the Act. It is an offence for a UK firm which is not an authorised person to breach this prohibition (paragraph 21 of Part III of Schedule 3 to the Act). The conditions are that:

...

- (3) if the UK firm is passporting under the Insurance Mediation Directive and the EEA State in which the UK firm is seeking to provide services has notified the European Commission of its wish to be informed of the intention of persons to provide cross border services in its territory in accordance with article 6(2) of that directive, one month has elapsed beginning with the date on which the

*UK firm* received written notice from the *appropriate UK regulator* as described in SUP 13.4.5G (paragraph 20 (3B)(c) of Schedule 3 to the ~~Act~~ Act; or

- (4) if the *UK firm* is passporting under AIFMD, the *firm* has received written notice from the *FCA* as described in SUP 13.4.4-AG(1)(c).

...

- 13.4.5 G When the *appropriate UK regulator* sends a copy of a *notice of intention* or if it gives a *consent notice* to the *Host State regulator*, it must inform the *UK firm* in writing that it has done so (paragraphs 20(3B)(b), 20(3D)(a)(iii) and (4) and 20C(9) of Schedule 3 to the *Act*).

...

### 13.5 Notices of intention

...

Specified contents: notice of intention to provide cross-border services

- 13.5.2 R A *UK firm* wishing to provide *cross-border services* into a particular *EEA State* for the first time under an *EEA right* other than under the *auction regulation* must submit a notice in the form set out in:

...

- (5) SUP 13 Annex 8AR, if the *UK firm* is providing *cross-border services* under AIFMD to manage an AIF in another *EEA State*.

...

### 13.6 Changes to branches

...

Changes arising from circumstances beyond the control of a UK firm

- 13.6.10 G ...

- (3) ~~Neither this~~ This guidance ~~nor that set out at SUP 13.6.4G or 13.6.5G~~ is not applicable to *MiFID investment firms* or AIFMs.

The process

- 13.6.11 G When the *appropriate UK regulator* receives a notice from a *UK firm* other than a *MiFID investment firm* (see SUP 13.6.5G(1) and SUP 13.6.7G(1)), ~~or~~ a *pure reinsurer* (see SUP 13.6.9BR) or an AIFM (see SUP 13.6.9CG) it is required by regulations 11(4) and 13(4) to either refuse, or consent to the

change within a period of one *month* from the day on which it received the notice.

...

### 13.7 Changes to cross-border services

- 13.7.1 G Where a *UK firm* is exercising an *EEA right* under the *UCITS Directive*, *MiFID* ~~or~~, the *Insurance Directives* or *AIFMD* and is providing *cross-border services* into another *EEA State*, any changes to the details of the services are governed by the *EEA Passport Rights Regulations*...

...

### 13.8 Changes of details: provision of notices to the appropriate UK regulator

- 13.8.1 R (1) Where a *firm* is required to submit a notice of a change to a *branch* referred to in *SUP 13.6.5G(1)*, *SUP 13.6.5BG(1)*, *SUP 13.6.7G(1)*, *SUP 13.6.8G*, *SUP 13.6.9BR* and *SUP 13.6.10G(1)*; and *SUP 13.6.9CG* or a notice of a change to *cross-border services* referred to in *SUP 13.7.3G(1)*, *SUP 13.7.3AG(1)*, *SUP 13.7.5G(1)*, and *SUP 13.7.6G* and *SUP 13.7.13G* it must complete and submit that notice in accordance with the procedures set out in *SUP 13.5* for notifying the establishing of a *branch* or the provision of *cross-border services*.

The <i>Insurance Mediation Directive</i> reaches the same position without expressly referring to the concept of prudential supervision. FIN066 and FIN067 are added - see following pages

### **SUP 16 Annex 25G Guidance notes for data items in SUP 16 Annex 24R**

Guidance notes on Form FSA041 are deleted.

Guidance notes on Forms FIN066 and FIN067 are added - see following pages.

### **FIN066 – Capital Adequacy (for *collective portfolio management firms*)**

#### **Introduction**

FIN066 provides a framework for the collection of prudential information required by the FCA for its supervision activities. The data item is intended to reflect the underlying prudential requirements in *IPRU(INV)* 11 and allows monitoring against those requirements.

#### **Defined terms**

Terms in these notes are defined by the Companies Act 2006, as appropriate, or the provisions of the *firm's* accounting framework (usually UK GAAP or *IFRS*). The descriptions in these notes are designed to repeat, summarise or amplify the relevant statutory or other definitions and terminology without departing from their full meaning or effect.

- The data item should comply with the principles and requirements of the *firm's* accounting framework, which will generally be UK GAAP (including relevant provisions of the Companies Act 2006) or *IFRS*.
- The data item should be completed on an unconsolidated basis.
- The data item should be in agreement with the underlying accounting records.
- Accounting policies should be consistent with those adopted in the *firm's annual report and accounts* and consistently applied.

- Information required should be prepared in line with accepted accounting standards.
- The data item should not give a misleading impression of the *firm*. For example, if a *firm* wrongly omits or includes a material item or presents a material item in the wrong way.

### Currency

You should report in the currency of your annual audited accounts, ie in Sterling, Euro, US dollars, Canadian dollars, Swedish Kroner, Swiss Francs or Yen. Figures should be reported in 000s.

### Data elements

These are referred to by row first, then by column, so data element 2B will be the element numbered 2 in column B.

<b>Regulatory capital</b>		
	1 to 19	The figures in this section should be consistent with those entered in FSA029 for the same reporting period.
<b>Regulatory capital test</b>		
<i>Own funds test for collective portfolio management firms</i>		
Own funds	20B	The amount of <i>own funds</i> calculated in under <i>IPRU(INV)</i> 11.4. This is the figure entered at 19B.
Funds under management requirement	21B	Up to a maximum of €10,000,000, this is the <i>base capital resources requirement</i> plus 0.02% of the amount by which the <i>firm's funds under management</i> exceeds €250,000,000.  If the data item is not submitted with figures in Euros, then the figure should be converted to the currency of the submission using the closing mid-market rate of exchange on the reporting period end date.  The appropriate definition of <i>funds under management</i> to be used in this calculation is that set out in the <i>FCA Handbook Glossary of definitions</i> .
Fixed overheads requirement	22B	This is one quarter of the annualised fixed expenditure calculated under <i>IPRU(INV)</i> 11.3.3R.  The amount to be entered is calculated using elements 30 to 42 in the fourth quarter of the preceding financial year. Each of the four quarters in any financial year should use the figure calculated in the fourth quarter of the preceding year.  Where there was no preceding year, the figure entered is that determined under <i>IPRU(INV)</i> 11.3.6R.
Professional negligence capital requirement	23B	The amount of additional <i>own funds</i> used to cover potential liability risks arising from professional negligence for <i>AIFM</i> activities in lieu of professional indemnity insurance, see <i>IPRU(INV)</i> 11.3.11R(1)(a).

		<p>When calculating this amount, <i>firms</i> should include the amount of any assets under management that are delegated to the firm by mandate, see <i>IPRU(INV)</i> 11.3.14 EU. Note that this treatment is different from that prescribed for the <i>funds under management requirement</i> (see the guidance in line 21B).</p> <p>If a firm makes an entry in 23B it should not make an entry in 24B.</p>
PII capital requirement	24B	<p>The amount of any additional <i>own funds</i> required to cover any defined excess and exclusions in the insurance policy, see <i>IPRU(INV)</i> 11.3.11R(1)(b).</p> <p>If a firm makes an entry in 24B it should not make an entry in 23B.</p>
Total capital requirement	25B	This is the higher of 21B and 22B, plus either 23B or 24B.
Surplus / deficit of own funds	26B	This is 20B less 25B.
<i>Liquid assets test</i>		
Liquid assets requirement	27B	For a <i>collective portfolio management firm</i> , this is the amount required by <i>IPRU(INV)</i> 11.2.1R(3).
Liquid assets held	28B	The amount of liquid assets held by the <i>firm</i> at the reporting date. Assets are regarded as liquid if they are readily convertible to cash within one month. This figure must not include speculative positions.
Surplus / deficit of liquid assets	29B	This is 28B less 27B.
<b>Calculation of relevant annual expenditure for forthcoming year</b>		
	30 to 42	<p>This section of the data item must be completed when the reporting period end date is equal to the <i>firm's</i> accounting reference date, ie the fourth quarter. This does not need to be completed during the other three quarters. Where appropriate, figures entered should match those on FSA030 for the same reporting period.</p> <p>When the <i>firm</i> is using projected figures (<i>IPRU(INV)</i> 11.3.6R(2)), these should be entered in this section.</p>
Total expenditure (per income statement)	30B	This should be the amount entered in element 22A of FSA030 for the same reporting period. FSA030 must be completed on a cumulative basis, so the amounts entered in the fourth quarter represent the entire financial year up to the accounting reference date.
Deductions from expenditure	31A to 40A	Deductions from expenditure should be made in line with <i>IPRU(INV)</i> 11.3.4R
Relevant fixed expenditure	41B	This is 30B less the sum of 31A to 40A
Relevant annualised fixed expenditure	42B	If the figures submitted in FSA030 for the period ending on the <i>firm's</i> accounting reference date do not

		<p>include twelve month's trading, then the amount calculated in 41B must be prorated to an equivalent annual amount. This situation may occur if the <i>firm</i> has changed its accounting reference date.</p> <p>Where a <i>firm</i> has not completed a full year since the commencement of its permitted business, an amount based on forecast expenditure included in its budget for the first twelve months' trading, as submitted with its application for membership, should be entered.</p>
<b>Professional Indemnity Insurance</b>		
Specify whether your firm holds additional own funds or PII under IPRU(INV) 7.3.12R	43B	The <i>firm</i> should report either "Own funds" or "PII". Where a <i>firm</i> has PII but also holds <i>own funds</i> to cover any excesses and/or exclusions on the policy, the <i>firm</i> should report "PII".
<i>PII Basic information</i>		
	44	<p><i>Firms</i> should enter details on all relevant PII policies, using a separate line for each policy.</p> <p>A <i>firm</i> may satisfy its requirements for professional indemnity insurance with a policy that provides cover to one or more entities other than the <i>firm</i>, provided the policy satisfies the conditions of the <i>AIFMD level 2 regulation</i> in respect of the <i>firm</i>, exclusive of the cover provided to other entities by the policy. If such a policy is held, each <i>firm</i> covered by the policy should include the policy information on their return.</p>
Annualised premium	44A	This should state the premium payable (in descending order of size, where relevant), net of tax and any other add-ons. If the premium covers a period other than 12 months, it should be annualised before ranking.
Insurer (from list)	44B	Select the PII insurer from the list provided. If you have more than one policy with the same insurer, they should be combined. If the insurer is not listed, select 'Other'. If a policy is underwritten by more than one insurance undertaking or Lloyd's syndicate, you should select 'multiple'.
Start date	44C	Enter the start date of the policy.
Renewal date	44D	Enter the renewal date of the policy.
Currency of indemnity limits	44E	Using the appropriate International Organization for Standardization ISO 4217 three digit code (eg, GBP), enter the currency in which the indemnity limits in fields 44F to 44J are reported.
Limit of indemnity required: single	44F	You should record the required indemnity limits on the <i>firm's</i> PII policy or policies, in relation to single claims. A <i>firm</i> should calculate this amount in line with <i>IPRU(INV)</i> 11.3.15 EU and include the amount of any assets under management that are delegated to the firm by mandate.

		Where these are denominated in a currency other than the currency of the report, the figure should be converted to the currency of the submission using the closing mid-market rate of exchange on the reporting period end date.
Limit of indemnity required: aggregate	44G	<p>You should record the required indemnity limits on the <i>firm's</i> PII policy or policies, in aggregate. A <i>firm</i> should calculate this amount in line with <i>IPRU(INV)</i> 11.3.15 EU and include the amount of any assets under management that are delegated to the firm by mandate.</p> <p>Where these are denominated in a currency other than the currency of the report, the figure should be converted to the currency of the submission using the closing mid-market rate of exchange on the reporting period end date.</p>
Limit of indemnity received: single	44H	<p>You should record the indemnity limits on the <i>firm's</i> PII policy or policies, received in relation to single claims.</p> <p>Where these are denominated in a currency other than the currency of the report, the figure should be converted to the currency of the submission using the closing mid-market rate of exchange on the reporting period end date.</p>
Limit of indemnity received: aggregate	44J	<p>You should record the indemnity limits on the <i>firm's</i> PII policy or policies, received in aggregate.</p> <p>Where these are denominated in a currency other than the currency of the report, the figure should be converted to the currency of the submission using the closing mid-market rate of exchange on the reporting period end date.</p>
<i>PII detailed information</i>		
Business line (from list)	44K	<p>For policies that cover all business lines, <i>firms</i> should select 'All' from the list provided.</p> <p>Where the policy contains different excesses for different business lines, <i>firms</i> should identify these business lines from the list (or the closest equivalent) and report the (highest) excess for that business line in data element 44L. Once these 'non-standard' excesses have been identified, the remaining business lines should be reported under 'All other'.</p>
Policy excess	44L	For policies that cover all business lines with no difference in excesses, this should be the excess applicable. Otherwise, it should contain the highest excess for each business line that differs.

		Under <i>IPRU(INV)</i> 11.3.11R(1)(b) a firm should include additional own funds sufficient to cover the highest excess in the amount reported in 24B.
Policy exclusions	44M	If there are exclusions in the <i>firm's</i> PII policy, the business type(s) to which they relate should be selected here from the list provided.  Under <i>IPRU(INV)</i> 11.3.11R(1)(b) a firm should include additional own funds sufficient to cover any liabilities arising in the amount reported in 24B.

The descriptions indicated in these notes are designed simply to repeat, summarise or amplify the relevant statutory or other definitions and terminology without departing from their full meaning or effect.

- The data item should comply with the principles and requirements of the firm's accounting framework, which will generally be UK GAAP (including relevant provisions of the Companies Acts 2006 as appropriate) or *IFRS*.
- The data item should be completed on an unconsolidated basis.
- The data item should be in agreement with the underlying accounting records.
- Accounting policies should be consistent with those adopted in *annual report and accounts* and should be consistently applied.
- Information required should be prepared in line with accepted accounting standards.
- The data item should not give a misleading impression of the *firm*. For example, if a *firm* wrongly omits or includes a material item or presents a material item in the wrong way.

### Currency

You should report in the currency of your annual audited accounts, ie in Sterling, Euro, US dollars, Canadian dollars, Swedish Kroner, Swiss Francs or Yen. Figures should be reported in 000s.

### Data Elements

These are referred to by row first, then by column, so data element 2B will be the element numbered 2 in column B.

Own funds	1A	This amount should be equal to the figure entered in element 57A of FSA003 for the same reporting period.
Funds under management requirement	2A	This is the <i>base capital resources requirement</i> plus the amount which is 0.02% of <i>funds under management</i> that exceeds €250,000,000, up to a maximum of €10,000,000.  If the data item is not submitted with figures in Euros, then the figure should be converted to the currency of the submission using the closing mid-market rate of exchange on the reporting period end date.  The appropriate definition of <i>funds under management</i> to be used in this calculation is that set out in the <i>FCA Handbook Glossary of definitions</i> .
Fixed overheads requirement	3A	This is the amount calculated under <i>GENPRU 2.1.53R</i> . The amount should equal element 104A on FSA003 for the same reporting period.
Professional negligence capital requirement	4A	The amount of additional <i>own funds</i> used to cover potential liability risks arising from professional negligence for <i>AIFM</i> activities in lieu of professional indemnity insurance, see <i>GENPRU 2.1.67R(1)(a)</i> .

		<p>When calculating this amount, <i>firms</i> should include the amount of any assets under management that are delegated to the firm by mandate, see <i>GENPRU 2.1.70 EU</i>. ## 16 Annex 36BG      **Guidance notes for completion of close links annual report in SUP** **16 Annex 36AR**

The *close links* provisions contained in Schedule 6 of the *Act* stem from Directive 95/26/EC (Post BCCI Directive). This directive, implemented in July 1996 in the wake of the collapse of the Bank of Credit and Commerce International (BCCI) in 1991, was designed to strengthen competent authorities' powers to properly supervise financial institutions.

The Post BCCI Directive states that the *firm* must provide information on its *close links* on a 'continuous basis' to ensure effective supervision is not disrupted, i.e. the *appropriate regulator* is able to identify potential risks to a *firm* from its *close links*.

This report is referred to in *SUP* 16.5.4R(6) and is used by a *firm* and/or *group* to submit the annual report required by the rule in *SUP* 16.5. The information provided in this report is in accordance with the rules set out in *SUP* 16.5.4R(6).

### Data elements

These are referred to by row first, then by column, so data element 2A will be row 2 and column A.

### Main details

#### 1A      **Does this report cover close links relating to more than one authorised firm?**

This question must be answered by all *firms*.

The *appropriate regulator* allows *firms* to submit a report for more than one *firm* (i.e. a *group* of *firms*); however, the responsibility for the accuracy of the *close links* information provided by the *group* remains with each individual firm listed in Question 2A.

The submitting *firm* can only submit on behalf of *firms*' whose accounting reference date (ARD) matches that of its own, and therefore covering the same reporting period.

Any additional *firms* whose ARD does not match that of the submitting *firm*, must submit their own report for the relevant period.

#### 2A      **If Yes, list the firm reference numbers (FRNs) of all additional firms included in the report.**

This question must be answered if the answer to Question 1A is 'Yes'.

Please list the *firm* reference numbers (FRNs) of all the additional *firms* included in the report.

The *firms* listed in this question must have an equivalent accounting reference date (ARD) and therefore the same reporting requirement (i.e. the same start and end of reporting period and copy number must be the same).

**3A Does the firm/group have any close links?**

This question must be answered by all *firms*.

A *firm* must notify the *appropriate regulator* of whether the *firm* is aware that it has any *close links*.

**4A If Yes, have there been any material changes to the close links for the firm/group since the submission of the last report?**

This question must be answered if the answer to Question 3A is ‘Yes’.

The *firm/group* should indicate here whether there have been any changes to the *close links* since the submission of the previous report/notification to the *appropriate regulator*, including any event-driven notifications made.

**5A Are you submitting a group organisation chart?**

This question must be answered if the answer to Question 3A is ‘Yes’.

The organisation chart must be provided in PDF format; however, we do not define the structure of the organisation chart and the *firm* or *group* may use whatever structure it already holds for its own purpose. This chart must however show all the *firm’s* and/or *group’s close links*.

A group organisation chart is required for every annual report submission made so long as the *firm* is aware that it has *close links*.

**Details of close links (body corporates and/or individuals)**

These questions must be answered if the answer to Question 3A is ‘Yes’.

The *firm* and/or *group* making the submission must provide all the information in relation to its close links if any exist.

Please provide the full name of the body corporate and/or individual (up to a maximum of 100 characters)

**6B/7B Nature of close link (body corporates and/or individuals)**

Please select from one of the following:

- *Parent undertaking* of the *firm*
- *Subsidiary undertaking* of the *firm*

- Close Link (CL) owns or controls 20% or more of the voting rights or capital of the *firm*

Close Link (CL).

**16 Annex 37BG      Guidance notes for completion of controllers report in SUP 16  
Annex 37AR**

A *firm* and its *controllers* are required to notify certain changes in control in accordance with SUP 11. The purpose of this report required under SUP 16.4.5R(6) is to ensure that, in addition to such notification, the appropriate regulator receives regular and comprehensive information about the identities of all the *controllers* of a *firm*.

**Data elements**

These are referred to by row first, then by column, so data element 2A will be row 2 and column A.

**Main details****1A            Does this report cover controllers relating to more than one authorised firm?**

This question must be answered by all *firms*.

The *appropriate regulator* allows *firms* to submit a report for more than one *firm* (i.e. a *group of firms*); however, the responsibility for the accuracy of the *controllers* information provided by the *group* remains with each individual *firm* listed in Question 2A.

The submitting *firm* can only submit on behalf of *firms* whose accounting reference date (ARD) matches that of its own, and therefore covering the same reporting period.

Any additional *firms* whose ARD does not match that of the submitting *firm*, must submit their own report for the relevant period.

**2A            If Yes, list the firm reference numbers (FRNs) of all additional firms included in the report.**

This question must be answered if the answer to Question 1A is 'Yes'.

Please list the *firm* reference numbers (FRNs) of all the additional *firms* included in the report.

The *firms* listed in this question must have an equivalent accounting reference date (ARD) and, therefore, the same reporting requirement (i.e. the same start and end of reporting period and copy number must be the same).

**Firm/Controller details**

The *firm* and/or *group* making the submission must provide all the information in relation to its *controllers* (see SUP 16.4.5R(6)).

If the report is being submitted on behalf of more than one authorised *firm*, this section must be completed and contain at least the mandatory information for each *firm*. However, although the submission of the report is made by one *firm*, the requirement to provide the report and the information contained therein remains the responsibility of each authorised *firm* listed in Question 2A.

**3A Firm reference number (FRN)**

This question must be answered by the submitting *firm* and all *firms* listed in Question 2A.

Please provide the *firm* reference number (FRN) of the *firm* whose *controller* details are being provided.

**3B Does the firm have any controllers?**

This question must be answered by the submitting *firm* and all *firms* listed in Question 2A.

Answer 'Yes' or 'No' accordingly. If 'No', no further information needs to be provided for this *firm*.

**3C Are you aware of any changes in the identity of the controllers since the last submission?**

Answer 'Yes' or 'No' accordingly. This question must be answered if the answer to Question 3B is 'Yes'.

**3D Are you aware of any changes in the percentage of shares or voting power held by any controllers (alone or acting in concert) since the last submission?**

Answer 'Yes' or 'No' accordingly. This question must be answered if the answer to Question 3B is 'Yes'.

**3E Was appropriate regulatory approval sought and granted prior to the change(s) being effected?**

Answer 'Yes' or 'No' accordingly. This question must be answered if the answer to Question 3C or 3D is 'Yes'.

If a *controller* is increasing their shares or voting power, but does not move up a controller band (see question 5 in the Change in control FAQs page) then this question can be answered N/A.

If a *controller* is increasing their shares or voting power and does cross a controller band, then regulatory approval must be sought (see Change in control page) for details on how to notify the *appropriate regulator*. If such approval has not been sought or granted, then the report should still be completed and

submitted. The *firm* should also complete the relevant *controller* notification form.

**3F If the firm is a member of a consolidation group, is this group a third-country banking and investment group?**

If the *firm* is a member of a *consolidation group* which is a *third-country banking and investment group*, then this question should be answered 'Yes'.

If the *firm* is a member of a *consolidation group*, but that group is not a *third-country banking and investment group*, then this question should be answered 'No'.

If the *firm* is not a member of a *consolidation group*, or the *firm* is not a *regulated entity*, or the *firm* that is a *regulated entity* and is a member of a *consolidation group* has already notified the *appropriate regulator* of this fact, then this question should be answered 'NA'.

**3G Is the information being provided in a group organisation chart?**

Answer 'Yes' or 'No' accordingly. This question must be answered if the answer to Question 3B is 'Yes'.

If all the required information in this report is being provided in the form of an organisational chart, Questions 3H to 3P do not need to be completed.

The organisation chart must be provided in PDF format; however, we do not define the structure of the organisation chart and the *firm/group* may use whatever structure it already holds for its own purpose. This chart must however show all the information required in Questions 3H to 3P and make it clear for what period the organisation chart is relevant.

However, if the answer to this question is 'No', then the information in Questions 3H to 3P must be provided.

**3H Name of controller**

The name of the *controller* (up to a maximum of 100 characters).

**3I % Voting power**

Please state whether the *controller* is a body corporate or an individual.

**3L If controller is a body corporate; country of incorporation**

Please provide the country of incorporation using the relevant ISO country code if the *controller* is a body corporate.

A full list of country names and their relevant code elements can be found at:

## 16 Annex 35BG      **Guidance notes for completion of the close links monthly report in SUP 16 Annex 35AR**

The close links provisions contained in Schedule 6 of the *Act* stem from Directive 95/26/EC (Post BCCI Directive). This directive, implemented in July 1996 in the wake of the collapse of the Bank of Credit and Commerce International (BCCI) in 1991, was designed to strengthen competent authorities' powers to properly supervise financial institutions.

The Post BCCI Directive states that the *firm* must provide information on its *close links* on a 'continuous basis' to ensure effective supervision is not disrupted, i.e. the *appropriate regulator* is able to identify potential risks to a *firm* from its *close links*.

This report is referred to in *SUP 11.9.1AR* and *SUP 11.9.1BR* and is used by a *firm* and/or *group* to submit the periodic notifications required by the chapter. The information provided in this report is in accordance with the rules set out in the chapter.

### **Data elements**

These are referred to by row first, then by column, so data element 2A will be row 2 and column A.

This question must be answered by all *firms*.

The appropriate *regulator* allows *firms* to submit a report for more than one *firm* (i.e. a *group of firms*); however, the responsibility for the accuracy of the *close links* information provided by the *group* remains with each individual *firm* listed in Question 2A.

The submitting *firm* can only submit on behalf of *firms* who have an equivalent monthly reporting requirement and covering the same reporting period and copy number.

Any additional *firms* whose reporting requirement does not match that of the submitting *firm*, must submit their own report for the relevant period.

#### **2A            If Yes, list the firm reference numbers (FRNs) of all additional firms included in the report.**

This question must be answered if the answer to Question 1A is 'Yes'.

**5A Are you submitting a group organisation chart?**

This question must be answered if the answer to Question 3A is 'Yes'.

The organisation chart must be provided in PDF format; however, we do not define the structure of the organisation chart and the *firm* or *group* may use whatever structure they already hold for its own purpose. This chart must however show all the *firm's* and/or *group's close links*.

An organisation chart is required on a quarterly basis unless no changes have occurred since the submission of the last organisation chart.

**Details of existing, new and ceased close links (body corporates and/or individuals)**

Questions 6 and/or 7 must be answered if the answer to Question 3A is 'Yes'. Questions 8 and/or 9 must be answered if the firm has ceased any *close links* since the submission of the previous notification to the *appropriate regulator*.

**16.12 Integrated Regulatory Reporting**

...

## Purpose

16.12.2 G (1) *Principle 4* requires firms to maintain adequate financial resources. The Interim Prudential sourcebooks, *BIPRU*, ~~and~~ *GENPRU* and *IFPRU* set out the *appropriate regulator's* detailed capital adequacy requirements. By submitting regular data, firms enable the *appropriate regulator* to monitor their compliance with *Principle 4* and their prudential requirements, ~~in the Handbook.~~

...

...

16.12.3A G The following is designed to assist firms to understand how the reporting requirements set out in this chapter operate when the circumstances set out in SUP 16.12.3R(1)(a)(ii) apply.

(1) Example 1  
A ~~BIPRU 730K~~ firm UK designated investment firm that

undertakes activities in both *RAG 3* and *RAG 7*  
 Overlaying the requirements of *RAG 3* (*data items*) with the requirements of *RAG 7* shows the following:

RAG 3 ( <i>SUP 16.12.11R</i> ) data items	RAG 7 ( <i>SUP 16.12.22CR</i> ) data items
...	...
Capital adequacy	Capital adequacy
Credit risk	Credit risk
Operational risk	Operational risk
Large exposures	Large exposures
<del>UK integrated group large exposures Exposures between core UK group and non-core large exposures group</del>	<del>UK integrated group large exposures Exposures between core UK group and non-core large exposures group</del>
...	...
<del>Non-EEA sub-group</del>	<del>Non-EEA sub-group</del>
...	...
<del>Securitisation : non-trading book</del>	<del>Securitisation : non-trading book</del>
...	...
<del>Securitisation: trading book</del>	<del>Securitisation: trading book</del>

...

The reporting frequency and submission times for items (b), (d) and (e) above are then derived from the rules applicable to *BIPRU firms* in *SUP 16.12.23R* and *SUP 16.12.24R*. Threshold conditions and fees and levies reports do not need to be submitted as they are not required under the lowest numbered of the two *RAGs* in this example, see *SUP 16.12.3R(1)(a)(iii)*.

- (2) Example 2  
 A *UK bank* that is not a *FINREP firm* in *RAG 1* that also carries on activities in *RAG 5*  
 Again, overlaying the *RAG 1* reporting requirements with the requirements for a *RAG 5 firm* gives the following:

RAG 1 requirements ( <i>SUP</i> 16.12.5R)	RAG 5 requirements ( <i>SUP</i> 16.12.18AR)
...	...
Capital adequacy	Capital Adequacy
Credit risk

[The table at SUP 16.12.11R is deleted in its entirety. The deleted text is not shown.]

- 16.12.11A G ~~The columns in the table in SUP 16.12.11R that deal with *BIPRU 50K firms* and *BIPRU 125K firms* cover some liquidity items that only have to be reported by an *ILAS BIPRU firm*. In fact a *BIPRU 50K firm* and a *BIPRU 125K firm* cannot be an *ILAS BIPRU firm*. One reason for drafting the table in this way is that the classification of *firms* into *ILAS BIPRU firms* and *non-ILAS BIPRU firms* is not based on the classification into *BIPRU 50K firms*, *BIPRU 125K firms* and *BIPRU 730K firms* and the drafting of the table emphasises that. Also, the table covers consolidated reports and the conditions about what sort of group has to supply what type of liquidity report do not always depend on how the individual *firm* is classified. ...

- 16.12.25B G ~~The columns in the table in SUP 16.12.25AR that deal with *BIPRU 50K firms* and *BIPRU 125K firms* cover some liquidity items that only have to be reported by an *ILAS BIPRU firm*. In fact a *BIPRU 50K firm* and a *BIPRU 125K firm* cannot be an *ILAS BIPRU firm*. One reason for drafting the table in this way is that the classification of *firms* into *ILAS BIPRU firms* and *non-ILAS BIPRU firms* is not based on the classification into *BIPRU 50K firms*, *BIPRU 125K firms* and *BIPRU 730K firms* and the drafting of the table emphasises that. Also, the table covers consolidated reports and the conditions about what sort of group has to supply what type of liquidity report do not always depend on how the individual *firm* is classified. ## Part 2

### 16 Annex 25G Guidance notes for data items in SUP 16 Annex 24R.

SUP 16 Annex 25G is deleted and a new SUP 16 Annex 25AG is inserted. SUP 16 Annex 25AG is made in the same terms as SUP 16 Annex 25G save in so far as set out below:

In this Part, the text in the data item, the title of which is set out in column (1), is deleted, except as indicated in column (2).

(1)	(2)
FSA001 – Balance sheet	<p>Retain the text and amend as follows. (underlining indicates new text and striking through indicates deleted text):</p> <p>...</p> <p><b>Valuation</b></p> <p>Firms should follow their normal accounting practice wherever possible. <del>As there is no direct linkage with FSA003, there is no need for the data to follow the valuation rules applicable for capital adequacy purposes eg in relation to adjustments to the accounting values set out in GENPRU 1.3.36R.</del></p> <p><b>Consolidation</b></p> <p>When reporting the balance sheet on a <del>UK</del> consolidation group basis, firms should where possible treat the consolidation group as a single entity (ie line-by-line) rather than on an aggregation basis. However, for the liabilities, <del>in the same way as for the capital resources calculation figure in FSA003,</del> the consolidation should</p>

	<p>only treat the group as a single entity (ie line-by-line).</p> <p>...</p> <p><b>Assets</b></p> <p>These are broken down between trading book assets, and those that are not trading book assets. Hence the items reported in column B will exclude the items reported in column A. If a firm cannot easily identify trading book assets, all assets should be reported in the non-trading book column.</p> <p>Firms can determine whether they have trading book or not. However, it is expected that a firm that identifies trading book profits in FSA002, <del>or reports trading book profits in FSA003 (in data element 61A)</del>, should be able to identify trading book assets.</p> <p><del>However, even if a firm does not identify trading book assets, it does not preclude that firm from having foreign exchange and commodities risk in the <i>market risk capital requirement</i> (data element 93A) in FSA003.</del></p> <p><b>1 Is this report on behalf of a UK consolidation group?</b></p> <p><del>See <i>BIPRU 8.2</i>. #### SUP 16 Annex 31BG Guidance notes for data items in SUP 16 Annex 31AR

SUP 16 Annex 31BG is amended as set out below. Underlining indicates new text and striking through indicates deleted text, unless otherwise stated.

This return provides the *appropriate regulator* with a point-in-time estimate of the valuation uncertainty around a *firm’s* fair-value positions in the context of the size and risk of its positions. The value of the positions at the downside end of the spread of valuation uncertainty will be equivalent to the prudent valuation of the *firm’s* positions as determined using the *rules* laid out in ~~GENPRU 1.3.4R and GENPRU 1.3.14R to 1.3.34R~~ articles 24, 34 and 105 of the EU CRR.

...

#### Row 1-12 Asset Class Granularity

...

The split between ‘Exotic’ and ‘Vanilla’ positions is defined in the same way that products are categorised for the purposes of CAD2 recognition. The definition of a portfolio type is based on the regulatory classes for CAD2 recognition, split by asset class. ~~‘Vanilla’ positions are those positions referred to in BIPRU 7.10.21G(1) and (2) and include products with linear pay-offs in the underlying risk factor (whether securities or derivatives) and products with European, American and Bermudan put and call options (including caps,, floors and swaptions). All other fair-valued positions are included within the ‘Exotic’ portfolios and the broad classes of positions are set out in BIPRU 7.10.21G(3) and (4). BIPRU 7.6.18R provides further granularity on the definitions used in BIRPU 7.10.21G.~~

‘Vanilla’ positions are the following positions:

- linear products, which comprise securities with linear pay-offs (e.g., bonds and equities) and derivative products which have linear pay-offs in the underlying risk factor (e.g., interest rate swaps, FRAs, total return swaps);

- European, American and Bermudan put and call options (including caps, floors and swaptions) and investment with these features.

All other fair-valued positions are included within the 'Exotic' portfolios, ~~and the broad classes of positions are set out in *BIPRU* 7.10.21G(3) and (4). *BIPRU* 7.6.18R provides further granularity on the definitions used in *BIPRU* 7.10.21G.~~

## 13.2 Introduction

13.2.1 G This chapter gives *guidance* to *UK firms*. In most cases *UK firms* will be *authorised persons* under the *Act*. However, under the ~~*Banking Consolidation Directive*~~ *CRD*, a subsidiary of a *firm* which is a *credit institution* which meets the criteria set out in that Directive also has an *EEA right*. Such an unauthorised subsidiary is known as a *financial institution*. References in this chapter to a *UK firm* include a *financial institution*.

...

## 13.3 Establishing a branch in another EEA State

...

13.3.2 G A *UK firm* other than a *UK pure reinsurer* cannot establish a *branch* in another *EEA State* for the first time under an *EEA right* unless the conditions in paragraphs 19 of Part III of Schedule 3 to the *Act* are satisfied. It is an offence for a *UK firm* which is not an *authorised person* to contravene this prohibition (paragraph 21 of Part III of Schedule 3 to the *Act*). These conditions are that:

- (1) the *UK firm* has given the *appropriate UK regulator*, in accordance with the *appropriate UK regulator's rules* (see *SUP 13.5.1R*) or the directly applicable regulations made under the *CRD* (see *SUP 13.5.1C*), notice of its intention to establish a *branch* (known as a *notice of intention*) which:
  - (a) identifies the activities which it seeks to carry on through the *branch*; and
  - (b) includes such other information as may be specified by the *appropriate UK regulator* (see *SUP 13.5.1R*) or by the directly applicable regulations made under the *CRD* (see *SUP 13.5.1C*);
- (2) the *appropriate UK regulator* has given a notice (known as a *consent notice*) to the *Host State regulator*,

...

- 13.3.5 G (1) If the *UK firm's EEA right* derives from the ~~*Banking Consolidation Directive CRD*~~ or *MiFID*, the *appropriate UK regulator* will give the *Host State regulator* a *consent notice* within three *months* unless it has reason to doubt the adequacy of a *UK firm's* resources or its administrative structure. The *Host State regulator* then has a further two *months* to notify the *applicable provisions* (if any) and prepare for the supervision, as appropriate, of the *UK firm*, or in the case of a *MiFID investment firm*, to inform the *UK firm* that a *branch* can be established.

...

#### 13.4 Providing cross border services into another EEA State

...

- 13.4.4 G (1) If the *UK firm's EEA right* derives from *MiFID*, the ~~*Banking Consolidation Directive CRD*~~ or the *UCITS Directive*, paragraph 20(3) of Part III of Schedule 3 to the Act requires the *appropriate UK regulator* to send a copy of the *notice of intention* to the *Host State Regulator* within *one month* of receipt. A *UK firm* passporting under the ~~*Banking Consolidation Directive CRD*~~ may start providing *cross border services* as soon as it satisfies the relevant conditions (see *SUP* 13.4.2G).

...

#### 13.5 Notices of intention

- 13.5.1 R A *UK firm*, other than a *UK pure reinsurer* or a *CRD credit institution*, wishing to establish a *branch* in a particular *EEA State* for the first time under an *EEA right* other than under the *auction regulation* must submit a *notice of intention* in the form set out in *SUP* 13 Annex 1R.

...

- 13.5.2 R A *UK firm* wishing to provide *cross border services* into a particular *EEA State* for the first time under an *EEA right* other than under the *auction regulation* must submit a notice in the form set out in:

...

- ... ...  
 (2) ~~*Sup*~~*SUP* 13 Annex 4R if the *UK firm* is passporting under the ~~*Banking Consolidation Directive CRD*~~; or

...

- 13.5.6 G (1) A *UK firm* passporting under the ~~*Banking Consolidation Directive CRD*~~, the *Insurance Directives* or the *Reinsurance Directive* may have to submit the *requisite details* or relevant details in the language of the *Host State* as well as in English.

For a *UK firm* passporting under the *Insurance Directives* this translated document will not include the relevant UK details. Further information is available from the *PRA* authorisations team.

...

## 13.6 Changes to branches

- 13.6.1 G Where a *UK firm* is exercising an *EEA right*, other than under the *Insurance Mediation Directive* (see *SUP* 13.6.9AG ) or the *Reinsurance Directive* (see *SUP* 13.6.9BR) or the *CRD*, and has established a *branch* in another *EEA State*, any changes to the details of the *branch* are governed by the *EEA Passport Rights Regulations*. ...

...

Firms passporting under the ~~Banking Consolidation Directive~~ *CRD* and the *UCITS Directive*.

- 13.6.4 G If a *UK firm* has exercised an *EEA right*, under the ~~*Banking Consolidation Directive*~~ *CRD* or the *UCITS Directive*, and established a *branch* in another *EEA State*, regulation 11(1) states that the *UK firm* must not make a change in the *requisite details* of the *branch* (see *SUP* 13 Annex 1), unless it has satisfied the requirements of regulation 11(2), or, where the change arises from circumstances beyond the *UK firm's* control, regulation 11(3) (see *SUP* 13.6.10G).

...

- 13.6.13 G If a *UK firm* is passporting under the ~~*Banking Consolidation Directive*~~ *CRD*, then regulation 11(7) provides that the *PRA* may not refuse to consent to a change unless, having regard to the change and to the *EEA* activities the *UK firm* is seeking to carry on, it doubts the adequacy of the administrative structure or the financial situation of the *UK firm*. In reaching its determination, the *PRA* may have regard to the adequacy of management, systems and the presence of relevant skills needed for the *EEA* activities to be carried on.

...

Firms passporting under the ~~Banking Consolidation Directive~~ *CRD* and *Insurance Mediation Directive*

- 13.7.11 G A *UK firm* providing *cross border services* under the ~~*Banking Consolidative Directive*~~ *CRD* or *Insurance Mediation Directive* is not required to supply a change to the details of *cross border services* notice.
- 13.8.2 G *UK firms* passporting under the ~~*Banking Consolidative Directive*~~ *CRD*

or the *Insurance Directives* may be required to submit the change to details notice in the language of the *Host State* as well as in English.

...

### 13.10 Applicable provisions

- 13.10.2 G *UK firms* passporting under the ~~*Banking Consolidation Directive*~~ CRD should note that, under the Directive, the *Host State* is responsible, together with the *PRA*, for monitoring the liquidity of a *branch* established by a *UK firm* in another *EEA State*.

<b>(1) Module of Handbook</b>	<b>(2) Potential application to an incoming EEA firm with respect to activities carried on from an establishment of the firm (or its appointed representative) in the United Kingdom</b>	<b>(3) Potential application to an incoming EEA firm with respect to activities carried on other than from an establishment of the firm (or its appointed representative) in the United Kingdom</b>
<i>PRIN</i>	The <i>Principles</i> apply only in so far as responsibility for the matter in question is not reserved by an <i>EU</i> instrument to the <i>firm's Home State regulator</i> ( <i>PRIN 3.1.1R(1)</i> ). For an <i>incoming EEA firm</i> which is a <del>BCD</del> <i>CRD credit institution</i> without a <i>top-up permission</i> , <i>Principle 4</i> applies only in relation to the liquidity of a branch established in the <i>United Kingdom</i> ( <i>PRIN 3.1.1 R (2)</i> ).	
...		
<i>BIPRU</i>	<del><i>EEA firms</i> are subject to the prudential standards of their home state regulator (<i>BIPRU 1.1.7 R</i> and <i>BIPRU 1.1.9 G</i>).</del> However, <i>BIPRU 12</i> applies to an <i>EEA firm</i> as respects the activities of its <i>UK branch</i> , but in relation to <i>liquidity risk</i> only.	<del>Does not apply if the <i>firm</i> has <i>permission</i> only for <i>cross border services</i> and does not carry on <i>regulated activities</i> in the <i>United Kingdom</i>.</del>
...		

<u>IFPRU</u>	<u>EEA firms that are investment firms (as defined in the EU CRR) are subject to the EU CRR as implemented by their home state regulator (IFPRU 1.1.5R).</u>	Does not apply if the <u>firm has permission only for cross border services and does not carry on regulated activities in the United Kingdom.</u>
...		
COMP	Applies, except in relation to the <i>passported activities</i> of a <i>MiFID investment firm</i> , a <del>BCD</del> <u>CRD credit institution</u> (other than an electronic money institution within the meaning of article 1(3)(a) of the <i>E-Money Directive</i> that has the right to benefit from the mutual recognition arrangements under the <del>Banking Consolidation Directive</del> <u>CRD</u> ), an <i>IMD insurance intermediary</i> or a <i>UCITS management company carrying on non-core services under Article 6.3 of the UCITS Directive</i> and an <i>incoming AIFM branch</i> carrying on either <i>AIFM management functions</i> for an <i>unauthorised AIF</i> or non-core services under article 6.4 of <i>AIFMD</i> (see the definition of " <i>participant firm</i> "). However, a <i>firm</i> specified above may be able to apply for <i>top-up cover</i> in relation to its <i>passported activities</i> (see COMP 14 (Participation by EEA Firms)).	Does not apply in relation to the <i>passported activities</i> of an <i>MiFID investment firm</i> , a <del>BCD</del> <u>CRD credit institution</u> , an <i>IMD insurance intermediary</i> or a <i>UCITS management company</i> carrying on non-core services under article 6.3 of the <i>UCITS Directive</i> or an <i>incoming EEA AIFM</i> regarding <i>AIFM management functions</i> carried on for an <i>unauthorised AIF</i> or non-core services under article 6.4. <sup>8</sup> Otherwise, <i>COMP</i> may apply, but the coverage of the <i>compensation scheme</i> is limited for non-UK activities (see COMP 5)

### 13A Annex 2 G Matters reserved to a Home State regulator

Introduction
...

Requirements in the interest of the general good	
2.	The <i>Single Market Directives</i> , and the <i>Treaty</i> (as interpreted by the European Court of Justice) adopt broadly similar approaches to reserving responsibility to the <i>Home State regulator</i> . To summarise, the <i>FCA</i> or <i>PRA</i> , as <i>Host State regulator</i> , is entitled to impose requirements with respect to activities carried on within the <i>United Kingdom</i> if these can be justified in the interests of the "general good" and are imposed in a non-discriminatory way. This general proposition is subject to the following in relation to activities passported under the <i>Single Market Directives</i> :
	(1) ...
	...
	(3) for a <del><i>BCD</i></del> <i>CRD</i> credit institution, the <i>PRA</i> or <i>FCA</i> , as <i>Host State regulator</i> , is jointly responsible with the <i>Home State regulator</i> under article 41 <del>156</del> of the <del><i>Banking Consolidation Directive</i></del> <i>CRD</i> for supervision of the liquidity of a branch in the <i>United Kingdom</i> ;
	(4) for a <i>MiFID</i> investment firm including a <del><i>BCD</i></del> - <i>CRD</i> credit institution (which is a <i>MiFID</i> investment firm), the protection of <i>clients'</i> money and <i>clients'</i> assets is reserved to the <i>Home State regulator</i> under <i>MiFID</i> ; and
	(5) responsibility for participation in compensation schemes for <del><i>BCD</i></del> <i>CRD</i> credit institutions and <i>MiFID</i> investment firm is reserved in most cases to the <i>Home State regulator</i> under the <i>Deposit Guarantee Directive</i> and the <i>Investor Compensation Directive</i> .

## 14.1 Application and Purpose

...

14.1.3 G (1) Under the *Gibraltar Order* made under section 409 of the *Act*, a Gibraltar firm is treated as an *EEA firm* under Schedule 3 to the *Act* if it is:

- (a) authorised in Gibraltar under the *Insurance Directives*; or
- (b) authorised in Gibraltar under the ~~*Banking Consolidation Directive*~~ *CRD*; or

...

Purpose

14.1.4 G This chapter gives *guidance* on the *Act* and the *EEA Passport Rights Regulations*

made under the *Act*, for an *incoming EEA firm* which has established a *branch* in, or is providing *cross border services* into, the *United Kingdom* and wishes to change the details of the *branch* or *cross border services*.

**Note:** An *EEA bank* is required to comply with the requirements set out in the directly applicable regulations adopted under Articles 35, 36 and 39 CRD.

...

## 14.2 Changes to branch details

...

Firms passporting under the ~~Banking Consolidation Directive~~ CRD and the UCITS Directive

- 14.2.2 G (1) Where an *incoming EEA firm* passporting under the ~~*Banking Consolidation Directive*~~ CRD or the *UCITS Directive* has established a *branch* in the *United Kingdom*, regulation 4 states that it must not make a change in the *requisite details* of the *branch* unless it has complied with the relevant requirements.

...

Changes arising from circumstances beyond the control of an incoming EEA firm passporting under the ~~*Banking Consolidation Directive*~~ CRD, UCITS Directive or Insurance Directive

...

## 14.6 Cancelling qualification for authorisation

Incoming EEA firms

- 14.6.1 G Section 34 of the *Act* states that an *incoming EEA firm* no longer qualifies for *authorisation* under Schedule 3 to the *Act* if it ceases to be an *incoming EEA firm* as a result of:

- (1) ...
- (2) ceasing to have an *EEA right* in circumstances in which *EEA* authorisation is not required; this is relevant to a *financial institution* that is a subsidiary of a *credit institution* (of the kind mentioned in Article ~~19~~ 34 of the ~~*Banking Consolidation Directive*~~ CRD) which fulfils the conditions in articles ~~18~~ and 19 33 and 34 of that *Directive*.

...

Financial institutions giving up right to authorisation

14.6.4 G Where a *financial institution* (that is a subsidiary of a *credit institution*) is passporting under the ~~*Banking Consolidation Directive*~~ CRD (see SUP 14.6.1G (2)), regulation 9(1) states that the *incoming EEA firm* may request the PRA to direct that its qualification for *authorisation* under Schedule 3 to the Act is cancelled from such date as may be specified in the direction.

...

## 15.1 Application

...

15.1.3 G In some cases, the application of provisions set out in SUP 15 Annex 1 depends on whether responsibility is reserved to a *Home State regulator*. ~~SYSC App 1 contains guidance on this.~~

...

### Breaches of rules and other requirements in or under the Act

- 15.3.11 R (1) A *firm* must notify the *appropriate regulator* of:
- (a) ...
  - ...
  - (d)
  - (da) a breach of a directly applicable provision in the EU CRR or any directly applicable regulations made under CRD or the EU CRR; or
  - (e) ...

### App3 Guidance on passporting issues

App 3.3.6 G (1) The European Commission has not produce an interpretative communication on *MiFID*. It is arguable, however, that the principles in the communication on the Second Banking Directive can be applied to *investment services and activities*. This is because Chapter II of Title II of *MiFID* (containing provisions relating to operating conditions for investment firms) also applies to the *investment services and activities* of firms operating under the *Banking Consolidation Directive*, which is repealed and replaced by the *CRD*.

### App 3.9 Mapping of MiFID, ~~Banking Consolidation Directive~~ *CRD*, UCITS Directive and Insurance Mediation Directive to the Regulated Activities Order

App 3.9.1 G The following Tables 1, 2, 2A and 2B provide an outline of the *regulated activities* and *specified investments* that may be of relevance to firms considering undertaking *passporting activities* under the ~~*Banking Consolidation Directive*~~ *CRD*, *MiFID*, the *UCITS Directive* and the *Insurance Mediation Directive*. The tables may be of assistance to *UK firms* that are thinking of offering financial services in another *EEA State* and to *EEA firms* that may offer those services in the *United Kingdom*.

App 3.9.2 G The tables provide a general indication of the *investments* and activities specified in the *Regulated Activities Order* that may correspond to categories provided for in the ~~*Banking Consolidation Directive*~~ CRD, *MiFID*, the *UCITS Directive* of the *Insurance Mediation Directive*. The tables do not provide definitive *guidance* as to whether a *firm* is carrying on an activity that is capable of being passported, nor do the tables take account of exceptions that remove the effect of articles. Whether a *firm* is carrying on a *passported activity* will depend on the particular circumstances of the *firm*. If a *firm's* activities give rise to potential passporting issues, it should obtain specialist advice on the relevant issues.

## Annex A

### Amendments to the General Prudential sourcebook (GENPRU)

In this Annex, underlining indicates new text and striking through indicates deleted text, unless otherwise stated.

#### Application

#### 1.1 Application

...

1.1.2 G ~~Broadly speaking however, GENPRU applies to:~~

- (1) ~~an insurer;~~
- (2) ~~a bank;~~
- (3) ~~a building society;~~
- (4) ~~a BIPRU investment firm; and~~
- (5) ~~groups containing such firms. [deleted]~~

1.1.2-A G Further, GENPRU also broadly applies to:

- (1) an insurer;
- (2) groups containing an insurer.

...

#### 1.2 Adequacy of financial resources

##### Application

1.2.1 R This section applies to:

- (1) a BIPRU firm; and
- (2) an insurer, unless it is:
  - (a) a non-directive friendly society; or
  - (b) a Swiss general insurer; or
  - (c) an EEA deposit insurer; or
  - (d) an incoming EEA firm; or

(e) ~~an incoming Treaty firm.~~ [deleted]

1.2.1A R ~~This section also applies to an insurer, unless it is:~~

(1) ~~a non-directive friendly society; or~~

(2) ~~a Swiss general insurer; or~~

(3) ~~an EEA-deposit insurer; or~~

(4) ~~an incoming EEA firm; or~~

(5) ~~an incoming Treaty firm.~~

1.2.2A R ~~In relation to any provision in this section which applies to a BIPRU firm, a reference in that provision to "financial resources" does not constitute a reference to "liquidity resources".~~ [deleted]

1.2.3A G ~~In relation to:~~

(1) ~~a BIPRU firm;~~

(2) ~~an incoming EEA firm which:~~

(a) ~~is a full BCD credit institution; and~~

(b) ~~has a branch in the United Kingdom; and~~

(3) ~~a third country BIPRU firm which:~~

(a) ~~is a bank; and~~

(b) ~~has a branch in the United Kingdom;~~

~~BIPRU 12 contains rules and guidance in relation to the adequacy of that firm's liquidity resources.~~ [deleted]

...

1.2.11 G The adequacy of a firm's financial resources needs to be assessed in relation to all the activities of the firm and the risks to which they give rise and so this section applies to a firm in relation to the whole of its business. ~~In the case of a collective portfolio management investment firm this means that this section also applies to its activities in relation to the management of AIFs and/or UCITS.~~

Purpose

...

1.2.13 G This section amplifies Principle 4, under which a firm must maintain adequate financial resources. It is concerned with the adequacy of the

financial resources that a *firm* needs to hold in order to be able to meet its liabilities as they fall due. These resources include both capital and liquidity resources. ~~As noted in GENPRU 1.2.3AG, however, the appropriate regulator's rules and guidance in relation to the adequacy of the liquidity resources of a BIPRU firm are set out in BIPRU 12.~~

- 1.2.14 G ~~In the case of a bank or building society this section implements Article 123 and (in part) Annex XI of the Banking Consolidation Directive. In the case of a BIPRU investment firm this section implements Article 34 of the Capital Adequacy Directive so far as that Article applies Article 123 of the Banking Consolidation Directive. [deleted]~~

...

#### Outline of other related provisions

...

- 1.2.21 G (1) SYSC 11 sets out material on systems and controls that apply specifically to *liquidity risk* as that concept relates to an *insurer*.

(2) [deleted]

(2A) ~~BIPRU 12 sets out material on systems and controls that apply specifically to *liquidity risk* in relation to a BIPRU firm, a branch of an incoming EEA firm that is a full BCD credit institution and a branch of a third country BIPRU firm that is a bank. [deleted]~~

(3) [deleted]

...

(5) ~~GENPRU 2.2 (Adequacy of financial resources) requires certain BIPRU investment firms to deduct illiquid assets when calculating their *capital resources*. [deleted]~~

...

- 1.2.22 G ~~BIPRU 2.3 contains rules and guidance on interest rate risk in the *non-trading book*. That material elaborates on the general obligation in the overall Pillar 2 rule. [deleted]~~

- 1.2.23 G ~~For a BIPRU firm using a VaR model BIPRU 7.10.72R (Risk management standards: Stress testing) sets out certain stress tests that the firm should carry out. [deleted]~~

- 1.2.24 G ~~BIPRU 10.2.22R (Stress testing of credit risk concentrations) sets out further stress tests that a firm should carry out if it uses certain approaches to collateral for the purposes of the rules about large~~

*exposures*: [deleted]

- 1.2.25 G ~~For a *BIPRU firm* using the *IRB approach* *BIPRU 4.3.39R* to *BIPRU 4.3.40R* set out a recession credit rating migration stress test that the *firm* should carry out. Further *rules and guidance* on such stress tests are set out in *BIPRU 2.2* (Internal capital adequacy standards): [deleted]~~

Requirement to have adequate financial resources

...

- 1.2.26A G ~~*BIPRU 12* contains *rules and guidance* in relation to the adequacy of a *BIPRU firm's* liquidity resources. Consistent with *GENPRU 1.2.2AR*, in assessing the adequacy of its liquidity resources, a *BIPRU firm* should do so by reference to the *overall liquidity adequacy rule*, rather than the *overall financial adequacy rule*: [deleted]~~

...

Systems, strategies, processes and reviews

...

- 1.2.33 R ...
- (2) ~~In the case of a *BIPRU firm* the processes, strategies and systems relating to concentration risk must include those necessary to ensure compliance with *BIPRU 10* (*Large exposures* requirements): [deleted]~~

...

...

Application of this section on a solo and consolidated basis: Processes and tests

...

- 1.2.46 R ~~The *ICAAP rules* do not apply on a solo basis to a *BIPRU firm* to which the *ICAAP rules*:~~
- (1) ~~apply on a consolidated basis under *BIPRU 8.2.1R* (Basic consolidation rule for a *UK consolidation group*); or~~
- (2) ~~apply on a sub-consolidated basis under *BIPRU 8.3.1R* (Basic consolidation rule for a non-*EEA sub-group*): [deleted]~~

- 1.2.47 R ~~The *ICAAP rules* apply on a solo basis:~~

- (1) ~~to an insurer to which those rules do not apply on a consolidated basis under GENPRU 1.2.45R;~~
- (2) ~~to a BIPRU firm to which those rules do not apply on a consolidated or sub-consolidated basis as referred to in GENPRU 1.2.46R (including a BIPRU investment firm with an investment firm consolidation waiver); and~~
- (3) ~~a firm referred to in GENPRU 1.2.2R (Application of this section to certain non-EEA firms). [deleted]~~

1.2.47A R The ICAAP rules apply on a solo basis to an insurer to which those rules do not apply on a consolidated basis under GENPRU 1.2.45R.

...

#### Capital planning

...

1.2.78 G Additional guidance in relation to stress tests and scenario analysis for liquidity risk as that concept relates to an insurer is available in SYSC 11 (Liquidity risk systems and controls). ~~BIPRU 12 sets out the main Handbook provisions in relation to liquidity risk for a BIPRU firm.~~

Main requirement: BIPRU firms

- 2.1.40 R ~~A *BIPRU firm* must maintain at all times *capital resources* equal to or in excess of the amount specified in the table in *GENPRU 2.1.45R* (Calculation of the variable capital requirement for a BIPRU firm). [deleted]~~
- 2.1.41 R ~~A *BIPRU firm* must maintain at all times *capital resources* equal to or in excess of the *base capital resources requirement* (see the table in *GENPRU 2.1.48R*). [deleted]~~
- 2.1.42 R ~~At the time that it first becomes a *bank, building society* or *BIPRU investment firm*, a firm must hold *initial capital* of not less than the *base capital resources requirement* applicable to that firm. [deleted]~~
- 2.1.43 G ~~The purpose of the *base capital resources requirement* for a *BIPRU firm* is to act as a minimum capital requirement or floor. It has been written as a separate requirement as there are restrictions in *GENPRU 2.2* (Capital resources) on the types of capital that a *BIPRU firm* may use to meet the *base capital resources requirement* which do not apply to some other parts of the capital requirement calculation. In order to preserve the *base capital resources requirement's* role as a floor rather than an additional requirement, *GENPRU 2.2.60R* allows a *BIPRU firm* to meet the *base capital resources requirement* with capital that is also used to meet the variable capital requirements in *GENPRU 2.1.40R*. [deleted]~~
- 2.1.44 G ~~The *base capital resources requirement* and the variable capital requirement in *GENPRU 2.1.40R* are together called the *capital resources requirement (CRR)* in the case of a *BIPRU firm*. [deleted]~~

Calculation of base capital resources requirement for banks authorised before 1993

- 2.1.60 R ~~(1) This rule applies to a bank that meets the following conditions:~~
- ~~(a) on 31 December 2006 it had the benefit of IPRU(BANK) rule 3.3.12 (Reduced minimum capital requirement for a bank that is a credit institution which immediately before 1 January 1993 was authorised under the Banking Act 1987);~~
  - ~~(b) the relevant amount (as referred to in IPRU(BANK) rule 3.3.12) applicable to it was below € million as at 31 December 2006; and~~
  - ~~(c) on 1 January 2007 it did not comply with the base capital resources requirement as set out in the table in GENPRU 2.1.48R (€ million requirement).~~
- ~~(2) Subject to (3), the applicable base capital resources requirement as at any time (the "relevant time") is the higher of:~~
- ~~(a) the relevant amount applicable to it under IPRU(BANK) rule 3.3.12 as at 31 December 2006 as adjusted under GENPRU 2.1.62R(2); and~~
  - ~~(b) the highest amount of eligible capital resources which that bank has held between 1 January 2007 and the relevant time.~~
- ~~(3) This rule ceases to apply when:~~
- ~~(a) that bank's eligible capital resources at any time since 1 January 2007 equal or exceed € million; or~~
  - ~~(b) a person (other than an existing controller) becomes the parent undertaking of that bank.~~
- ~~(4) If this rule ceases to apply under (3)(a) it continues not to apply if the bank's eligible capital resources later fall below € million. [deleted]~~
- 2.1.61 G ~~Where two or more banks merge, all of which individually have the benefit of GENPRU 2.1.60R, the PRA may agree in certain circumstances that the base capital resources requirement for the bank resulting from the merger may be the sum of the aggregate capital resources of the merged banks, calculated at the time of the merger,~~

provided this figure is less than ~~€~~ million. ~~[deleted]~~

2.1.62 R For the purpose of *GENPRU 2.1.60R*:

- (1) an existing controller of a *bank* means:
  - (a) ~~a person who has been a parent undertaking of that bank since 31 December 2006 or earlier; or~~
  - (b) ~~a person who became a parent undertaking of that bank after 31 December 2006 but who, when he became a parent undertaking of that bank, was a subsidiary undertaking of an existing controller of that bank;~~
- (2) ~~the relevant amount of capital as referred to in *GENPRU 2.1.60R(2)(a)* is adjusted by identifying the time as of which the amount of capital it was obliged to hold under IPRU(BANK) rule 3.3.12 as referred to in *GENPRU 2.1.60R(2)(a)* was fixed and then recalculating the capital resources it held at that time in accordance with the definition of eligible capital resources (as defined in (3)); and~~
- (3) ~~eligible capital resources mean capital resources eligible under *GENPRU 2.2 (Capital resources)* to be used to meet the base capital resources requirement. ~~[deleted]~~~~

2.2.1 R This section applies to:

- (1) ~~a *BIPRU firm*; and~~
- (2) ~~an insurer unless it is:~~
  - (a) ~~a non-directive friendly society; or~~
  - (b) ~~a Swiss general insurer; or~~
  - (c) ~~an EEA deposit insurer; or~~
  - (d) ~~an incoming EEA firm; or~~
  - (e) ~~an incoming Treaty firm. ~~[deleted]~~~~

2.2.1A R This section applies to an insurer unless it is:

- (1) a non-directive friendly society; or

(2) a Swiss general insurer; or

(3) an EEA-deposit insurer; or

(4) an incoming EEA firm; or

(5) an incoming Treaty firm.

#### Purpose

...

- 2.2.4 G ~~This section also implements minimum EC standards for the composition of *capital resources* required to be held by a *BIPRU firm*. In particular it implements Articles 56–61, Articles 63–64, Article 66 and Articles 120–122 of the *Banking Consolidation Directive* (2006/48/EC) and Articles 12–16, Article 17 (in part), Article 22(1)(e) (in part) and paragraphs 13–15 of Part B of Annex VII of the *Capital Adequacy Directive* (2006/49/EC). - 2.2.7 G ~~Parts of this section are irrelevant to a *BIPRU firm* whose *capital resources* consist of straightforward *capital instruments*. [deleted]~~

...

#### Deductions from capital

- 2.2.14 G ~~Deductions should be made at the relevant stage of the calculation of *capital resources* to reflect capital that may not be available to the *firm* or assets of uncertain value (for example, holdings of intangible assets and assets that are inadmissible for an *insurer*). or, in the case of a *bank* or *building society*, where that *firm* has made investments in a *subsidiary undertaking* or in another *financial institution* or in respect of *participations* that it holds).~~
- 2.2.15 G ~~Deductions should also be made, in the case of certain *BIPRU investment firms* for *illiquid assets* (see *GENPRU 2.2.19R*). [deleted]~~

...

Which method of calculating capital resources applies to which type of firm

- 2.2.17 R ~~A firm must calculate its capital resources in accordance with the version of the capital resources table applicable to the firm, subject to the capital resources gearing rules. The version of the capital resources table that applies to a firm is specified in the table in GENPRU 2.2.19R. [deleted]~~
- 2.2.18 R ~~In the case of a BIPRU firm the capital resources table also sets out how the capital resources requirement is deducted from capital resources in order to decide whether its capital resources equal or exceed its capital resources requirement. [deleted]~~

Calculation of capital resources: Which rules apply to BIPRU investment firms

- 2.2.20 G ~~GENPRU 2.2.19R sets out three different methods of calculating capital resources for BIPRU investment firms. The differences between the three methods relate to whether and how material holdings and illiquid assets are deducted when calculating capital resources. The method depends on whether a firm has an investment firm consolidation waiver. If a firm does have such a waiver, it should deduct illiquid assets, own group material holdings and certain contingent liabilities. If a firm does not have such a waiver, it should choose to deduct either material holdings or, subject to notifying the appropriate regulator, illiquid assets. [deleted]~~
- 2.2.21 G ~~A consequence of a firm deducting all of its illiquid assets under GENPRU 2 Annex 5R is that it is allowed a higher limit on short term subordinated debt under GENPRU 2.2.49R. [deleted]~~

Calculation of capital resources: Insurers

- 2.2.22 G ~~Capital resources for an insurer can be calculated either as the total of eligible assets less foreseeable liabilities (which is the approach taken in the Insurance Directives) or by identifying the components of capital. Both calculations give the same result for the total amount of capital resources. The approach taken in this section has been to specify the components of capital and the relevant deductions. This is set out in the capital resources table. This approach is the same as that used for the calculation of capital resources for banks, building societies and BIPRU investment firms. A simple example, showing the reconciliation of the two methods, is given in the table in GENPRU~~

2.2.23G.

...

- 2.2.28 R ~~In the case of a BIPRU firm, the requirement to obtain a legal opinion in GENPRU 2.2.159R(12) does not apply to hybrid capital treated under GENPRU 2.2.25R but the requirements to obtain a legal opinion in GENPRU 2.2.118R continue to apply. [deleted]~~

...

Limits on the use of different forms of capital: Limits relating to tier one capital applicable to BIPRU firms

- 2.2.30A R ~~In relation to the tier one capital resources of a BIPRU firm, calculated at stage F of the calculation in the capital resources table (Total tier one capital after deductions):~~

- ~~(1) no more than 50% may be accounted for by hybrid capital;~~
- ~~(2) no more than 35% may be accounted for by hybrid capital included at stages B2 and C of the calculation in the capital resources table; and~~
- ~~(3) no more than 15% may be accounted for by hybrid capital included at stage C of the calculation in the capital resources table. [deleted]~~

...

Limits on the use of different kinds of capital: Purposes for which tier three capital may not be used (BIPRU firm only)

- 2.2.44 R ~~Tier one capital and tier two capital are the only type of capital resources that a BIPRU firm may use for the purpose of meeting:~~

- ~~(1) the credit risk capital component;~~
- ~~(2) the operational risk capital requirement;~~
- ~~(3) the counterparty risk capital component; and~~
- ~~(4) the base capital resources requirement. [deleted]~~

- 2.2.45 R ~~GENPRU 2.2.44R (and the capital resources gearing rules that relate to it) also applies for the purposes of any other requirement in the Handbook for which it is necessary to calculate the capital resources of a BIPRU firm, except for the purposes described in GENPRU 2.2.47R and except as may otherwise be stated in the relevant part of the Handbook. [deleted]~~

Limits on the use of different kinds of capital: Tier two limits (BIPRU firm

only)

2.2.46 R For the purpose of *GENPRU 2.2.44R*:

- (1) ~~the amount of the items which may be included in a *BIPRU firm's tier two capital resources* must not exceed the amount calculated at stage F of the calculation in the *capital resources table* (Total tier one capital after deductions); and~~
- (2) ~~the amount of the items which may be included in a *BIPRU firm's lower tier two capital resources* must not exceed 50% of the amount calculated at stage F of the calculation in the *capital resources table*. [deleted]~~

Limits on the use of different kinds of capital: Purposes for which tier three capital may be used (BIPRU firm only)

2.2.47 R For the purposes of meeting:

- (1) ~~the *market risk capital requirement*;~~
- (2) ~~the *concentration risk capital component*; and~~
- (3) ~~the *fixed overheads requirement* (where applicable);~~

~~a *BIPRU firm* may only use the following parts of its *capital resources*:~~

- (4) ~~*tier one capital* to the extent that it is not required to meet the requirements in *GENPRU 2.2.44R* (*GENPRU 2.2.48R* explains how to calculate how much *tier one capital* is required to meet the requirements in *GENPRU 2.2.44R*);~~
- (5) ~~*tier two capital* to the extent that it:~~
  - (a) ~~comes within the limits in *GENPRU 2.2.46R* (100% limit for *tier two capital resources* and 50% limit for *lower tier two capital resources*); and~~
  - (b) ~~it is not required to meet the requirements in *GENPRU 2.2.44R*; (*GENPRU 2.2.48R* explains how to calculate how much *tier two capital* is required to meet the requirements in *GENPRU 2.2.44R*);~~
- (6) ~~*tier two capital* that cannot be used for the purposes in *GENPRU 2.2.44R* because it falls outside the limits in *GENPRU 2.2.46R*; and~~
- (7) ~~*tier three capital*. [deleted]~~

2.2.48 R The amount of *tier one capital* and *tier two capital* that is not used to meet the requirements in *GENPRU 2.2.44R* as referred to in *GENPRU 2.2.47R*(4) and (5)(5) is equal to the amount calculated at stage N of the

~~calculation in the *capital resources table* (Total tier one capital plus tier two capital after deductions) less the parts of the *capital resources requirement* deducted immediately after stage N of the *capital resources table* (the parts of the *capital resources requirements* listed in *GENPRU 2.2.44R*). [deleted]~~

Limits on the use of different kinds of capital: Combined tier two and tier three limits (BIPRU firm only)

2.2.49 R ~~For the purpose of meeting the requirements in *GENPRU 2.2.47R(1)* to *GENPRU 2.2.47R(3)* and subject to *GENPRU 2.2.50R*, a *BIPRU firm* must not include any item in either:~~

~~(1) its *tier two capital resources* falling within *GENPRU 2.2.47R(6)* (*excess tier two capital*); or~~

~~(2) its *upper tier three capital resources*;~~

~~to the extent that the sum of (1) and (2) would exceed 250% of the amount resulting from the following calculation:~~

~~(3) calculate the amount at stage F of the calculation in the *capital resources table* (Total tier one capital after deductions); and~~

~~(4) deduct from (3) those parts of the *firm's tier one capital* used to meet the requirements in *GENPRU 2.2.44R(1)* and (2) as established by *GENPRU 2.2.48R*. [deleted]~~

2.2.50 R ~~In relation to a *BIPRU investment firm* which calculates its *capital resources* under *GENPRU 2 Annex 4R* (*Capital resources table for a BIPRU investment firm deducting material holdings*), the figure of 200% replaces that of 250% in *GENPRU 2.2.49R*. [deleted]~~

Example of how the capital resources calculation for BIPRU firms works

2.2.51 G ~~*GENPRU 2.2.52G* to *GENPRU 2.2.59G* illustrate how to calculate a *BIPRU firm's capital resources* and how the *capital resources gearing rules* work. In this example the *BIPRU firm* has a combined credit, operational and counterparty risk requirement of £100 (of which £10 is due to counterparty risk) and a market risk requirement of £90, making a total capital requirement of £190. Its *capital resources* are as set out in the table in *GENPRU 2.2.52G*. [deleted]~~

Table: Example of the calculation of the capital resources of a BIPRU firm

2.2.52 G ~~This table belongs to *GENPRU 2.2.51G*. [deleted]~~

~~[The table at *GENPRU 2.2.52G* is deleted in its entirety. The deleted text is not shown.]~~

...

- 2.2.54 G ~~In the example in the table in GENPRU 2.2.52G the firm has total tier one capital after deductions of £80. Its tier two capital of £80 is therefore the maximum permitted under GENPRU 2.2.46R (Tier two limits), that is 100% of tier one capital. [deleted]~~
- 2.2.55 G ~~The combined credit, operational and counterparty risk capital requirement is deducted after stage N of the capital resources table and the market risk requirement following stage T of the capital resources table. These calculations are shown in the table in GENPRU 2.2.56G. [deleted]~~

Table: Example of how capital resources of a BIPRU firm are measured against its capital resources requirement

- 2.2.56 G ~~This table belongs to GENPRU 2.2.55G [deleted]~~  
 [The table in GENPRU 2.2.55G is deleted in its entirety. The deleted text is not shown.]
- 2.2.57 G ~~The gearing limit in GENPRU 2.2.49R (Combined tier two and tier three limits) requires that the upper tier three capital used to meet the market risk requirement does not exceed 250% of the relevant tier one capital. [deleted]~~
- 2.2.58 G ~~In this example it is assumed that the maximum possible amount of tier one capital is carried forward to meet the market risk requirement. There are other options as to the allocation of tier one capital and tier two capital to the credit, operational and counterparty risk requirement. In order to calculate the relevant tier one capital for the upper tier three gearing limit in accordance with GENPRU 2.2.49R it is first necessary to allocate tier one capital and tier two capital to the individual credit, operational and counterparty risk requirements. This allocation process underlies the calculation of the overall amount referred to in GENPRU 2.2.48R. The calculation in GENPRU 2.2.49R(3) and GENPRU 2.2.49R(4) then focuses on the tier one element of this earlier calculation.  
 In this worked example, if it is assumed that the counterparty risk requirement has been met by tier one capital, the relevant tier one capital for gearing is £50. This is because the deductions of £20 and the credit and operational risk requirements of £90 have been met by tier two capital in the first instance. However, the total sum of deductions and credit and operational risk requirements exceed the tier two capital amount of £80 by £30. Hence the £80 of tier one capital has been reduced by £30 to leave £50.  
 In practical terms, the same result is achieved for the relevant tier one capital for gearing by taking the amount carried forward to meet market risk of £40 and adding back the £10 in respect of the counterparty risk requirement. Again, there are other options as to the allocation to credit, operational and counterparty risk of the constituent elements of Stage N of the capital resources table.  
 The outcome of these calculations can be summarised as~~

follows:[deleted]

(1) ~~the relevant *tier one capital* for the gearing calculation is £50; [deleted]~~

(2) ~~250% of the relevant *tier one capital* is £125; and [deleted]~~

(3) ~~the *upper tier three capital* used to meet market risk is £50. [deleted]~~

2.2.59 G ~~The 250% gearing limit is met as the limit of £125 is greater than the *upper tier three capital* of £50 used in this example. [deleted]~~

Capital used to meet the base capital resources requirement (BIPRU firm only)

2.2.60 R ~~A *BIPRU firm* may use the *capital resources* used to meet the *base capital resources requirement* to meet any other part of the *capital resources requirement*. [deleted]~~

2.2.61 G ~~The explanation for *GENPRU 2.2.60R* can be found in *GENPRU 2.1.43G* (Base capital resources requirement). In brief the reason is that the *base capital resources requirement* is not in practice meant to act as an additional capital resources requirement. It is meant to act as a floor to the *capital resources requirement*. [deleted]~~

...

Guidance on certain of the general conditions for eligibility as tier one capital

...

2.2.68A R ~~A *BIPRU firm* must not include a *capital instrument* in its *tier one capital resources* if:~~

(1) ~~the *capital instrument* is affected by a dividend stopper; and~~

(2) ~~the dividend stopper operates in a way that hinders recapitalisation. [deleted]~~

2.2.68B G ~~A dividend stopper prevents the *firm* from paying any *coupon* on more junior or *pari passu* instruments in a period in which the *firm* omits payments to the holder of the *capital instrument* containing the dividend stopper, and so may hinder the recapitalisation of the *firm* contrary to *GENPRU 2.2.64R(6)*. [deleted]~~

...

Tier one capital: payment of coupons (BIPRU firm only)

2.2.69A R ~~A *BIPRU firm* must not make a payment of a *coupon* on an item of~~

~~hybrid capital if the firm has no distributable reserves. [deleted]~~

- 2.2.69B R ~~A BIPRU firm must cancel the payment of a coupon on an item of hybrid capital if the BIPRU firm does not meet its capital resources requirement or if the payment of that coupon would cause it to breach its capital resources requirement. [deleted]~~
- 2.2.69C R ~~A BIPRU firm must not pay a coupon on an item of hybrid capital in the form of core tier one capital in accordance with GENPRU 2.2.64R(4)(b) unless:~~
- ~~(1) the firm meets its capital resources requirement; and~~
  - ~~(2) such a substituted payment preserves the firm's financial resources. [deleted]~~
- 2.2.69D G ~~The appropriate regulator considers that a BIPRU firm's financial resources are not preserved under GENPRU 2.2.69CR(2) unless, among other things, the conditions of the substituted payment are that:~~
- ~~(1) there is no decrease in the amount of the firm's core tier one capital;~~
  - ~~(2) the deferred coupon is satisfied without delay using newly issued core tier one capital that has an aggregate fair value no more than the amount of the coupon;~~
  - ~~(3) the firm is not obliged to find new investors for the newly issued instruments; and~~
  - ~~(4) if the holder of the newly issued instruments subsequently sells the instruments and the sale proceeds are less than the value of the coupon, the firm is not obliged to issue further new instruments to cover the loss incurred by the holder of the instruments. [deleted]~~
- 2.2.69E R ~~A BIPRU firm must cancel the payment of a coupon if circumstances arise whereby the payment of the coupon by newly issued instruments, in accordance with GENPRU 2.2.64R(4)(b), does not comply with the requirements of GENPRU 2.2.69CR. [deleted]~~
- 2.2.69F G (1) ~~In relation to the cancellation or deferral of the payment of a coupon in accordance with GENPRU 2.2.64R(4) and GENPRU 2.2.64R(5), GENPRU 2.2.68AR, or GENPRU 2.2.69BR, the appropriate regulator expects that situations where a coupon may need to be cancelled or deferred will be resolved through analysis and discussion between the firm and the appropriate regulator. If the appropriate regulator and the firm do not agree on the cancellation or deferral of the payment of a coupon, then the appropriate regulator may consider using its powers under 55J of the Act to, on its own initiative, vary a firm's Part 4A permission to require it to cancel or defer a coupon in accordance~~

~~with the appropriate regulator's view of the financial and solvency situation of the firm.~~

- (2) ~~In considering a firm's financial and solvency situation, the appropriate regulator will normally take into account, among other things, the following:~~
- ~~(a) the firm's financial and solvency position before and after the payment of the coupon, in particular whether that payment, or other foreseeable internal and external events or circumstances, may increase the risk of the firm breaching its capital resources requirement or the overall financial adequacy rule;~~
  - ~~(b) an appropriately stressed capital plan, covering 3-5 years, which includes the effect of the proposed payment of the coupon; and~~
  - ~~(c) an evaluation of the risks to which the firm is or might be exposed and whether the level of tier one capital ensures the coverage of those risks, including stress tests on the main risks showing potential loss under different scenarios.~~
- (3) ~~If the BIPRU firm is required to cancel or defer the payment of a coupon by the appropriate regulator, it may still be able to pay the coupon by way of newly issued core tier one capital in accordance with GENPRU 2.2.64 R(4)(b) and GENPRU 2.2.69C R. The appropriate regulator may consider using its powers under 55J of the Act to, on its own initiative, vary a firm's Part 4A permission to impose conditions on the use of such a mechanism or to require its cancellation, based on the factors outlined in this guidance. [deleted]~~

#### Redemption of tier one instruments

...

- 2.2.70A G ~~In the case of a BIPRU firm, an incentive to redeem is a feature of a capital instrument that would lead a reasonable market participant to have an expectation that the firm will redeem the instrument. The appropriate regulator considers that interest rate step ups and principal stock settlements, in conjunction with a call option, are incentives to redeem. Only instruments with moderate incentives to redeem are permitted as tier one capital, in accordance with the limited conversion ratio in GENPRU 2.2.138R and the rule on step-ups in GENPRU 2.2.147R. Purchases of tier one instruments: BIPRU firm only

- 2.2.79A R ~~A BIPRU firm must not purchase a tier one instrument that it has included in its tier one capital resources unless:~~
- ~~(1) the firm initiates the purchase;~~
  - ~~(2) [deleted]~~
  - ~~(3) the firm has given notice to the appropriate regulator in accordance with GENPRU 2.2.79GR; and~~
  - ~~(4) (in the case of hybrid capital) it is on or after the fifth anniversary of the date of issue of the instrument. [deleted]~~
- 2.2.79B G ~~In exceptional circumstances a BIPRU firm may apply for a waiver of GENPRU 2.2.79AR(4) under section 138A (Modification or waiver of rules) of the Act. [deleted]~~
- 2.2.79C R ~~GENPRU 2.2.79AR(4) does not apply if:~~
- ~~(1) the firm replaces the capital instrument it intends to purchase with a capital instrument that is included in a higher stage of capital or the same stage of capital; and~~
  - ~~(2) the replacement capital instrument has already been issued. [deleted]~~
- 2.2.79D R ~~GENPRU 2.2.79AR(4) does not apply if:~~
- ~~(1) the firm intends to hold the purchased instrument for a temporary period as market maker; and~~
  - ~~(2) the purchased instruments held by the firm do not exceed the lower of:~~
    - ~~(a) 10% of the relevant issuance; or~~
    - ~~(b) 3% of the firm's total issued hybrid capital. [deleted]~~
- 2.2.79E G ~~In the circumstances provided for in GENPRU 2.2.79DR, a firm would purchase the instrument and, instead of cancelling it, the firm would hold the instrument for a temporary period. In that case a firm should have in place adequate policies to take into account any relevant regulations and rules, which include those relating to market abuse. [deleted]~~

- 2.2.79F R ~~For the purposes of calculating its *tier one capital resources*, a *firm* must deduct the amount of any item of *hybrid capital* which it then holds. [deleted]~~
- 2.2.79G R ~~A *BIPRU firm* must not purchase a *tier one instrument* in accordance with *GENPRU 2.2.79AR* unless it has notified the *appropriate regulator* of its intention at least one month before it becomes committed to doing so. When giving notice, the *firm* must provide details of its position after the purchase in order to show how, over an appropriate timescale, adequately stressed, and without planned recourse to the capital markets, it will:~~
- ~~(1) meet its *capital resources requirement*; and~~
  - ~~(2) have sufficient financial resources to meet the *overall financial adequacy rule*. [deleted]~~
- 2.2.79H G ~~The *appropriate regulator* considers that:~~
- ~~(1) in order to comply with *GENPRU 2.2.79GR*, the *firm* should, at a minimum, provide the *appropriate regulator* with the following information:~~
    - ~~(a) a comprehensive explanation of the rationale for the purchase;~~
    - ~~(b) the *firm's* financial and solvency position before and after the purchase, in particular whether the purchase, or other foreseeable internal and external events or circumstances, may increase the risk of the *firm* breaching its *capital resources requirement* or the *overall financial adequacy rule*;~~
    - ~~(c) an appropriately stressed capital plan covering 3-5 years, which includes the effect of the proposed purchase; and~~
    - ~~(d) an evaluation of the risks to which the *firm* is or might be exposed and whether the level of *tier one capital* ensures the coverage of such risks including stress tests on the main risks showing potential loss under different scenarios; and~~
  - ~~(2) the proposed purchase should not be on the basis that the *firm* reduces capital on the date of the purchase and then plans to raise new external capital during the following 3-5 years to replace the purchased capital. [deleted]~~
- 2.2.79I R ~~A *BIPRU firm* must not announce to the holders of a *tier one instrument* its intention to purchase that instrument unless it has notified that intention to the *appropriate regulator* in accordance with *GENPRU 2.2.79GR* and it has not, during the period of one month from the date of giving notice, received an objection from the~~

~~appropriate regulator.~~ [deleted]

- 2.2.79J R ~~If a BIPRU firm announces the purchase of any tier one instrument, the firm must no longer include that instrument in its tier one capital resources.~~ [deleted]
- 2.2.79K R ~~If a BIPRU firm does not comply with its capital resources requirement, or if the purchase of any tier one instrument would cause it to breach its capital resources requirement, it must suspend the purchase of tier one instruments.~~ [deleted]
- 2.2.79L G ~~A firm should continue to exclude from its tier one capital resources all tier one instruments that are the subject of a purchase notification under GENPRU 2.2.79GR and for which the offer to purchase has been declined by the instrument holders unless the purchase offer period has expired.~~ [deleted]

#### Loss absorption

- 2.2.80 R A firm may not include a share in its tier one capital resources unless (in addition to complying with the other relevant rules in GENPRU 2.2):
- (1) (in the case of a firm that is a company as defined in the Companies Act 2006 it is "called-up share capital" within the meaning given to that term in that Act; or
  - (2) ~~(in the case of a building society) it is a deferred share; or~~ [deleted]
  - (3) (in the case of any other firm) it is:
    - (a) in economic terms; and
    - (b) in its characteristics as capital (including loss absorbency, permanency, ranking for repayment and fixed costs);substantially the same as called-up share capital falling into (1).

#### Core tier one capital: permanent share capital

- 2.2.83 R *Permanent share capital* means an item of capital which (in addition to satisfying GENPRU 2.2.64R) meets the following conditions:
- (1) it is:
    - (a) an ordinary share; or
    - (b) a members' contribution; or

(c) part of the *initial fund* of a *mutual*.

(d) a *deferred share*; [deleted]

General conditions for eligibility of capital instruments as core tier one capital (BIPRU firm only)

2.2.83A R ~~The conditions that a *BIPRU firm's permanent share capital* must comply with under *GENPRU 2.2.83AR(4)* or that a *BIPRU firm's eligible partnership capital* or *eligible LLP members' capital* must comply with under *GENPRU 2.2.95R* are as follows:~~

- (1) ~~it is undated;~~
- (2) ~~the terms upon which it is issued do not give the holder a preferential right to the payment of a *coupon*;~~
- (3) ~~the terms upon which it is issued do not indicate the amount of any *coupon* that may be payable nor impose an upper limit on the amount of any *coupon* that may be payable;~~
- (4) ~~the *firm's* obligations under the instrument do not constitute a liability (actual, contingent or prospective) under section 123(2) of the Insolvency Act 1986 and the holder has no right to petition for the winding up or administration of the *firm* or for any similar procedure in relation to the *firm* arising from the non-payment of a *coupon* or any other sums payable under the instrument;~~
- (5) ~~there is no contractual or other obligation arising out of the terms upon which it is issued that requires the *firm* to repay capital to the holders other than on a liquidation of the *firm*;~~
- (6) ~~the terms upon which it is issued do not include a dividend pusher or a dividend stopper;~~
- (7) ~~the *firm* is under no obligation to issue *core tier one capital* or to make a payment in kind in lieu of making a *coupon* payment and non-payment of a *coupon* is not an event of default on the part of the *firm*;~~
- (8) ~~it is simple and the terms upon which it is issued are clearly defined;~~
- (9) ~~it is able to fully and unconditionally absorb losses on a non-discretionary basis as soon as they arise to allow the *firm* to continue trading, and it absorbs losses before all *capital instruments* that are not eligible for inclusion in stage A of the *capital resources table* and equally and proportionately with all *capital instruments* that are eligible for inclusion in stage A of~~

~~the *capital resources table*;~~

- (10) ~~it ranks for repayment on winding up, administration or any other similar process lower than all other items of capital, and on a liquidation of the *firm* the holders have a claim on the residual assets remaining after satisfaction of all prior claims that is proportional to their holding and do not have a priority claim or a fixed claim for the nominal amount of their holding;~~
- (11) ~~the *firm* has not provided the holder with a direct or indirect financial contribution specifically to pay for the whole or a part of its subscription or purchase;~~
- (12) ~~a reasonable person would not think that the *firm* is likely to redeem or purchase it because of the description of its characteristics used in its marketing and in its contractual terms of issue; and~~
- (13) ~~its issue is not connected with one or more other transactions which, when taken together with its issue, could result in it no longer displaying all of the characteristics set out in *GENPRU* 2.2.83R(2), *GENPRU* 2.2.83AR(1) to (12) and (in the case of *permanent share capital*) *GENPRU* 2.2.83R(3). [deleted]~~

2.2.83B R ~~A *BIPRU firm* must not include in stage A of the *capital resources table* different classes of the same *share* type (for example "A ordinary shares" and "B ordinary shares") that meet the conditions in *GENPRU* 2.2.83R and *GENPRU* 2.2.83AR but have differences in voting rights, unless it has notified the *appropriate regulator* of its intention at least one month before the *shares* are issued or (in the case of existing issued *shares*) the differences in voting rights take effect. [deleted]~~

2.2.83C R ~~A *BIPRU firm* must not pay a *coupon* on a *tier one instrument* included in stage A of the *capital resources table* if it has no distributable reserves. [deleted]~~

2.2.83D G ~~A *BIPRU firm* may disclose its dividend policy, provided that the policy only reflects the current intention of the *firm* and does not undermine the *firm's* right to choose the amount of any *coupon* that it pays. [deleted]~~

Core tier one capital: exception to eligibility criteria (building societies only)

2.2.83E R ~~A *building society* may include in stage A of the *capital resources table* a *capital instrument* that includes in its terms of issue an upper limit on the amount of any *coupon* that may be payable and the prohibition on a *coupon* limit under *GENPRU* 2.2.83AR(3) does not apply to that *capital instrument*, provided that:~~

- (1) ~~the *capital instrument* satisfies all other conditions for eligibility~~

~~as core tier one capital set out in GENPRU 2.2.83R to GENPRU 2.2.83AR;~~

- ~~(2) the coupon limit has been imposed by law or the constitutional documents of the firm;~~
- ~~(3) the objective of the limit is to protect the capital reserves of the firm;~~
- ~~(4) the firm continues to have the effective right to choose the amount of any coupon that it pays;~~
- ~~(5) all other capital instruments issued by the firm and included in stage A of the capital resources table:
 
  - ~~(a) meet the conditions set out in GENPRU 2.2.83R(2), GENPRU 2.2.83R(3) and GENPRU 2.2.83AR (General conditions for eligibility of capital instruments as core tier one capital (BIPRU firm only)); and~~
  - ~~(b) if subject to a coupon limit, are subject to the same coupon limit; and~~~~
- ~~(6) any preferential coupon on a capital instrument included in stage A of the capital resources table, arising as a result of the inclusion of a coupon limit on another capital instrument, must be restricted to a fixed multiple of the coupon payment on the capital instrument that is subject to the coupon limit. GENPRU 2.2.83AR(2) to (3) do not prevent a capital instrument from being included in stage A of the capital resources table if the only reason for those prohibitions not being met is that a preferential coupon arises, and is restricted, in the manner referred to in this paragraph (6). [deleted]~~

- 2.2.83F R ~~A building society must not issue a capital instrument that includes a coupon limit in its terms of issue in accordance with GENPRU 2.2.83E R unless it has notified the PRA of its intention to do so at least one month before the intended date of issue. [deleted]~~
- 2.2.83G G ~~Under GENPRU 2.2.83E R(4), an effective right means that in practice the firm has, and exercises, full discretion to choose the amount of coupon that it pays (for example, it has not fettered that discretion by indicating to instrument holders that the coupon limit is the standard level of coupon they will receive). [deleted]~~
- 2.2.83H G ~~The purpose of GENPRU 2.2.83ER(6) is to limit the potential preferential rights that may arise on capital instruments that are not subject to a coupon limit. The PRA considers that "preferential" refers to both priority of coupon payment and level of coupon payment. Therefore the PRA considers that:~~

- (1) ~~a coupon arising on a capital instrument which is not subject to an explicit coupon limit within its terms of issue is likely to be preferential to a coupon on a capital instrument included in the same stage of capital which is subject to a coupon limit; and~~
- (2) ~~the preference so arising should be restricted so that it is not an unlimited preference. [deleted]~~

Core tier one capital: additional information

- 2.2.84 G In the case of an *insurer*, *GENPRU 2.2.83R(2)* and *GENPRU 2.2.83R(3)* have the effect that the *firm* should be under no obligation to make any payment in respect of a *tier one instrument* if it is to form part of its *permanent share capital* unless and until the *firm* is wound up. A *tier one instrument* that forms part of *permanent share capital* should not therefore count as a liability before the *firm* is wound up. The fact that relevant company law permits the *firm* to make earlier repayment does not mean that the *tier one instruments* are not eligible. However, the *firm* should not be required by any contractual or other obligation arising out of the terms of that capital to repay *permanent share capital*. Similarly a *tier one instrument* may still qualify if company law allows dividends to be paid on this capital, provided the *firm* is not contractually or otherwise obliged to pay them. There should therefore be no fixed costs. ~~*GENPRU 2.2.83AR* to *GENPRU 2.2.83FR* impose more specific conditions on coupon payment and winding up which are applicable to *BIPRU firms*.~~

Core tier one capital: profit and loss account and other reserves: Losses

- 2.2.85 R (1) ~~Negative amounts, including any interim net losses (but in the case of a *BIPRU investment firm*, only material interim net losses), must be deducted from profit and loss account and other reserves.~~
- (2) ~~For these purposes material interim net losses mean unaudited interim losses arising from a *firm's trading book* and *non trading book* business which exceed 10% of the sum of its *capital resources* calculated at stage A (Core tier one capital) in the *capital resources table*.~~
- (3) ~~If interim losses as referred to in (2) exceed the 10% figure in (2) then a *BIPRU investment firm* must deduct the whole amount of those losses and not just the excess. [deleted]~~
- 2.2.85A R (1) In the case of an insurer, negative amounts, including any interim net losses, must be deducted from profit and loss account and other reserves.

- (2) For these purposes material interim net losses mean unaudited interim losses arising from a firm's trading book and non-trading book business which exceed 10% of the sum of its capital resources calculated at stage A (Core tier one capital) in the capital resources table.

Core tier one capital: profit and loss account and other reserves: Losses arising from valuation adjustments (BIPRU firm only)

- 2.2.86 R ~~(1) This rule applies to trading book valuation adjustments or reserves referred to in GENPRU 1.3.29R to GENPRU 1.3.35AG (Valuation adjustments and reserves). It applies to a BIPRU firm.~~
- ~~(2) When valuation adjustments or reserves give rise to losses of the current financial year, a firm must treat them in accordance with GENPRU 2.2.85R.~~
- ~~(3) Valuation adjustments or reserves which exceed those made under the accounting framework to which a firm is subject must be treated in accordance with (2) if they give rise to losses and under GENPRU 2.2.248R (Net interim trading book profits) otherwise. [deleted]~~

Core tier one capital: profit and loss account and other reserves: Securitisation (BIPRU firm only)

- 2.2.90 R ~~In the case of a BIPRU firm which is the originator of a securitisation, net gains arising from the capitalisation of future income from the securitised assets and providing credit enhancement to positions in the securitisation must be excluded from profit and loss account and other reserves. [deleted]~~

...

Core tier one capital: profit and loss account and other reserves: Revaluation reserves (BIPRU firm only)

- 2.2.92 G ~~A revaluation reserve is not included as part of a BIPRU firm's profit and loss account and other reserves. It is dealt with separately and forms part of a BIPRU firm's upper tier two capital. [deleted]~~

Core tier one capital: partnership capital account (BIPRU firm only)

- 2.2.93 R ~~Eligible partnership capital means a partners' account:~~
- ~~(1) into which capital contributed by the partners is paid; and~~
- ~~(2) from which under the terms of the partnership agreement an amount representing capital may be withdrawn by a partner only~~

if:

- (a) ~~he ceases to be a partner and an equal amount is transferred to another such account by his former partners or any person replacing him as their partner;~~
- (b) ~~the partnership is wound up or otherwise dissolved; or~~
- (c) ~~the BIPRU firm has ceased to be authorised or no longer has a Part 4A permission. [deleted]~~

Core tier one capital: Eligible LLP members' capital (BIPRU firm only)

2.2.94 R ~~Eligible LLP members' capital means a members' account:~~

- (1) ~~into which capital contributed by the members is paid; and~~
- (2) ~~from which under the terms of the limited liability partnership agreement an amount representing capital may be withdrawn by a member only if:~~
  - (a) ~~he ceases to be a member and an equal amount is transferred to another such account by his former fellow members or any person replacing him as a member;~~
  - (b) ~~the limited liability partnership is wound up or otherwise dissolved; or~~
  - (c) ~~the BIPRU firm has ceased to be authorised or no longer has a Part 4A permission. [deleted]~~

Core tier one capital: Eligible LLP members' and partnership capital accounts (BIPRU firm only)

2.2.95 R ~~A BIPRU firm that is a partnership or a limited liability partnership may not include eligible partnership capital or eligible LLP members' capital in its tier one capital resources unless (in addition to GENPRU 2.2.62R (General conditions relating to tier one capital)) it complies with GENPRU 2.2.83R(2) (Coupons should not be cumulative or mandatory) and GENPRU 2.2.83AR to GENPRU 2.2.83CR (General conditions for eligibility of capital instruments as core tier one capital (BIPRU firm only). However, GENPRU 2.2.64R(3) (Redemption), GENPRU 2.2.83AR(5) (Capital repayment) and GENPRU 2.2.83AR (12) (Characteristics in contract) are replaced by GENPRU 2.2.93R or GENPRU 2.2.94R. [deleted]~~

2.2.96 G ~~If a firm has surplus eligible partnership capital or eligible LLP members' capital that it wishes to repay in circumstances other than those set out in GENPRU 2.2.93R or GENPRU 2.2.94R it may apply to the appropriate regulator for a waiver to allow it to do so. If a firm applies for such a waiver the information that the firm supplies with the~~

application might include:

- (1) ~~a demonstration that the firm would have sufficient capital resources to meet its capital resources requirement immediately after the repayment;~~
- (2) ~~a demonstration that the firm would have sufficient financial resources to meet any individual capital guidance and the firm's latest assessment under the overall Pillar 2 rule immediately after the repayment; and~~
- (3) ~~a two to three year capital plan demonstrating that the firm would be able to meet the requirements in (1) and (2) at all times without needing further capital injections. [deleted]~~

Core tier one capital: Other capital items for limited liability partnerships and partnerships (BIPRU firm only)

- 2.2.97 R ~~The items permanent share capital and share premium account (which form part of core tier one capital) do not apply to a BIPRU firm that is a partnership or a limited liability partnership. [deleted]~~
- 2.2.98 R ~~Without prejudice to GENPRU 2.2.62R (Tier one capital: General), the item other reserves (which forms part of the item profit and loss and other reserves) applies to a BIPRU firm that is a partnership or a limited liability partnership to the extent the reserves correspond to reserves that are eligible for inclusion as other reserves in the case of a BIPRU firm that is incorporated under the Companies Act 2006. [deleted]~~
- 2.2.99 G ~~A BIPRU firm that is a partnership or a limited liability partnership should include profit and loss (taking into account interim losses or material interim net losses) in its core tier one capital. [deleted]~~

Core tier one capital: partnership and limited liability partnership excess drawings (BIPRU firm only)

- 2.2.100 R ~~A BIPRU firm which is a partnership or limited liability partnership must deduct at stage E of the calculation in the capital resources table (Deductions from tier one capital) the amount by which the aggregate of the amounts withdrawn by its partners or members exceeds the profits of that firm. Amounts of eligible partnership capital or eligible LLP members' capital repaid in accordance with GENPRU 2.2.93R or GENPRU 2.2.94R are not included in this calculation. [deleted]~~

...

Core tier one capital: deferred shares (building society only)

- 2.2.108A R ~~A building society may include a deferred share at stage A of the calculation in the capital resources table if (in addition to satisfying all the other requirements in relation to tier one capital) it is permanent share capital and is otherwise equivalent to an ordinary share in terms~~

of its capital qualities, taking into account the specific constitution of *building societies* under the Building Societies Act 1986. [deleted]

- 2.2.108B G ~~The other main provisions relevant to inclusion of a *deferred share* in *tier one capital* are *GENPRU 2.2.62R* (Tier one capital: General), *GENPRU 2.2.64R* (General conditions for eligibility as tier one capital), *GENPRU 2.2.65R* (Connected transactions) and *GENPRU 2.2.80R* (Loss absorption). Other tier one capital: conditions for eligibility for hybrid capital to be included at the different stages B1, B2 and C of the calculation in the capital resources table (BIPRU firm only)

- 2.2.115A R ~~A *BIPRU firm* must not include a *capital instrument* at stage B1 of the calculation in the *capital resources table* unless (in addition to satisfying all the other requirements in relation to *tier one capital* and *hybrid capital*) its contractual terms are such that:~~
- ~~(1) it cannot be redeemed in cash but can only be converted into *core tier one capital*;~~
  - ~~(2) it must be converted into *core tier one capital* by the *firm* during emergency situations;~~
  - ~~(3) the emergency situations referred to in (2):~~
    - ~~(a) are clearly defined within the terms of the *capital instrument*, legally certain and transparent; and~~
    - ~~(b) occur at the latest, and include, when the *BIPRU firm* does not meet its *capital resources requirement*;~~
  - ~~(4) the *appropriate regulator* may require its conversion into *core tier one capital* when the *appropriate regulator* considers it necessary;~~
  - ~~(5) it may be converted into *core tier one capital* by the *firm* or the holder of the instrument at any time; and~~
  - ~~(6) the maximum number of *capital instruments* which are *core tier one capital* into which it may be converted must:~~
    - ~~(a) be determined at the date of its issue;~~
    - ~~(b) be determined on the basis of the market value of those other instruments at the date of its issue;~~
    - ~~(c) have an aggregate value equal to its par value; and~~
    - ~~(d) not increase if the price of those other instruments~~

decreases. [deleted]

- 2.2.115B G ~~The intention of GENPRU 2.2.115AR is to ensure that capital instruments included in stage B1 of the calculation in the capital resources table have the same permanence as core tier one capital; the presence of a call option for these instruments may reduce their permanence. [deleted]~~
- 2.2.115C G (1) ~~In respect of GENPRU 2.2.115AR(4), the appropriate regulator may require the firm to convert the instrument into core tier one capital based on its financial and solvency situation. The appropriate regulator will take into account, among other things, the factors identified at GENPRU 2.2.69FG(2), adjusted to take into account the effects of a conversion rather than payment of a coupon.~~
- (2) ~~Even if a firm meets its capital resources requirement, the appropriate regulator may consider the amount or composition of the firm's tier one capital as inadequate to cover the financial and solvency risks of the firm in which event the appropriate regulator may require the firm to convert the instrument into core tier one capital. [deleted]~~
- 2.2.115D R ~~A BIPRU firm may include a capital instrument at stage B2 of the calculation in the capital resources table if (while satisfying all the other requirements in relation to tier one capital and hybrid capital) it cannot be included at stage B1 of that calculation as it does not satisfy the requirements of GENPRU 2.2.115AR. [deleted]~~
- 2.2.115E G (1) ~~The other main provisions relevant to the eligibility of a capital instrument to be included at stages B1 and B2 of the calculation in the capital resources table are GENPRU 2.2.62R (Tier one capital: General), GENPRU 2.2.64R (General conditions for eligibility as tier one capital), GENPRU 2.2.65R (Connected transactions), GENPRU 2.2.68AR (Dividend stoppers), GENPRU 2.2.70R to GENPRU 2.2.75R (Redemption of tier one instruments), GENPRU 2.2.80R (Loss absorption) and GENPRU 2.2.116R to GENPRU 2.2.118R (Other tier one capital: loss absorption).~~
- (2) ~~The rule about hybrid capital included at stage C of the calculation in the capital resources table in GENPRU 2.2.115FR is also relevant. Capital instruments that would otherwise qualify for inclusion at stages B1 or B2 of the calculation in the capital resources table may only be eligible for inclusion at stage C of that calculation. [deleted]~~
- 2.2.115F R ~~A BIPRU firm may include a capital instrument at stage C of the calculation in the capital resources table, and must not include it in stage B1 or B2 of that calculation, if (in addition to satisfying all the other requirements in relation to tier one capital and hybrid capital) it~~

either:

- (1) is dated; or
- (2) provides an incentive for the *firm* to redeem it, as assessed at the date of its issue. [deleted]

2.2.115G G ~~An incentive to redeem is a feature of a *capital instrument* that would lead a reasonable market participant to have an expectation that the *firm* will redeem the instrument. The effect of *GENPRU 2.2.115FR(2)* is that the classification of an instrument that provides an incentive to redeem is always assessed at the date of its issue, and it cannot be reclassified. [deleted]~~

Other tier one capital: loss absorption

...

2.2.116A R ~~A *BIPRU firm* must not include a *capital instrument* that is not a *share* at stage B1, B2 or C of the calculation in the *capital resources table* unless (in addition to satisfying all the other requirements in relation to *tier one capital* and *hybrid capital*) the *firm's* obligations under the instrument either:~~

- (1) ~~do not constitute a liability (actual, contingent or prospective) under section 123(2) of the Insolvency Act 1986; or~~
- (2) ~~do constitute such a liability but the terms of the instrument are such that:~~
  - (a) ~~any such liability is not relevant for the purposes of deciding whether:~~
    - (i) ~~the *firm* is, or is likely to become, unable to pay its debts; or~~
    - (ii) ~~its liabilities exceed its assets;~~
  - (b) ~~a *person* (including, but not limited to, a holder of the instrument) is not able to petition for the winding up or administration of the *firm* or for any similar procedure in relation to the *firm* on the grounds that the *firm* is or may become unable to pay any such liability; and~~
  - (c) ~~the *firm* is not obliged to take into account such a liability for the purposes of deciding whether or not the *firm* is, or may become, insolvent for the purposes of section 214 of the Insolvency Act 1986 (Wrongful trading). [deleted]~~

...

2.2.117A R ~~A *BIPRU firm* must not include a *capital instrument* at stage B1, B2 or~~

~~C of the calculation in the *capital resources table* unless (in addition to satisfying all the other requirements in relation to *tier one capital* and *hybrid capital*) its contractual terms provide for a mechanism within the instrument which:~~

- ~~(1) is clearly defined and legally certain;~~
- ~~(2) is disclosed and transparent to the market;~~
- ~~(3) makes the recapitalisation of the *firm* more likely by adequately reducing the potential future outflows to a holder of the *capital instrument* at certain trigger points;~~
- ~~(4) enables the *firm*, at and after the trigger points, to operate the mechanism; and~~
- ~~(5) when initiated, operates in one of the following ways:~~
  - ~~(a) the principal of the instrument is written down permanently; or~~
  - ~~(b) the principal of the instrument is written down temporarily. During the write down period any *coupon* payable on the instrument must be cancelled and any related dividend stoppers and pushers must operate in a way that does not hinder recapitalisation; or~~
  - ~~(c) the instrument is converted into *core tier one capital*. The maximum number of *capital instruments* which are *core tier one capital* into which it must be converted must:
 
    - ~~(i) be determined at the date of its issue;~~
    - ~~(ii) be determined on the basis of the market value of those other instruments at the date of its issue;~~

2.2.117B R The trigger points required by ~~GENPRU 2.2.117AR(3)~~ must:

- ~~(1) be clearly defined within the instrument and legally certain;~~
- ~~(2) be disclosed and transparent to the market; and~~
- ~~(3) be prudent and timely, and include trigger points which occur:~~

(a) ~~before a breach of the *firm's capital resources requirement* and both:~~

(i) ~~when the *firm's* losses lead to a significant reduction of the *firm's* retained earnings or other reserves which causes a significant deterioration of the *firm's* financial and solvency conditions; and~~

(ii) ~~when it is reasonably foreseeable that the events described in (i) will occur; and~~

(b) ~~when the *firm* is in breach of its *capital resources requirement*. [deleted]~~

2.2.117C G (1) ~~The effects of the mechanisms described in *GENPRU 2.2.117A R* will be more meaningful if they happen immediately after losses cause a significant deterioration of the financial as well as the solvency situation and even before the reserves are exhausted.~~

(2) ~~If a *firm* does not operate the loss absorption mechanism in a prudent and timely way, then the *appropriate regulator* may consider using its powers under 55J of the *Act* to, on its own initiative, vary the *firm's Part 4A permission* to require it to operate the mechanism. [deleted]~~

2.2.118A G ~~For the purposes of *GENPRU 2.2.118R(2)*, the focus of the legal opinion in considering *GENPRU 2.2.64R(6)(b)* should be on whether appropriate mechanisms exist and are designed to operate to ensure that the value of the *hybrid capital* instrument and the position of the *hybrid capital* holder are not enhanced by recapitalisation. Other tier one capital: hybrid capital: indirectly issued tier one capital (BIPRU firm only)

2.2.123 R ~~*GENPRU 2.2.123R* to *GENPRU 2.2.137R* apply to a *BIPRU firm*. [deleted]~~

2.2.124 R (1) ~~*GENPRU 2.2.123R* – *GENPRU 2.2.137R* apply to capital of a *firm* if:~~

(a) ~~either or both of the conditions in (2) are satisfied; and~~

(b) ~~any of the *SPVs* referred to in (2) is a *subsidiary undertaking* of the *firm*.~~

(2) ~~The conditions referred to in (1) are:~~

- (a) ~~that capital is issued to an *SPV*; or~~
  - (b) ~~the subscription for the capital issued by the *firm* is funded directly or indirectly by an *SPV*.~~
- (3) ~~A *BIPRU firm* may not include capital coming within this *rule* in its *capital resources* unless the requirements in the following *rules* are satisfied:~~
- (a) ~~(if (2)(a) applies and (2)(b) does not) *GENPRU 2.2.127R*, *GENPRU 2.2.129R* and *GENPRU 2.2.132R*; or~~
  - (b) ~~(in any other case) *GENPRU 2.2.133R*. [deleted]~~
- 2.2.125 R ~~A *BIPRU firm* may only count capital to which *GENPRU 2.2.124R* applies at stage *C* of the calculation in the *capital resources table*. [deleted]~~
- 2.2.126 R ~~For the purpose of *GENPRU 2.2*, an *SPV* is, in relation to a *BIPRU firm*, any *undertaking* whose main activity is to raise funds for that *firm* or for a *group* to which that *BIPRU firm* belongs. [deleted]~~
- 2.2.127 R ~~The *SPV* referred to in *GENPRU 2.2.124R*(2)(a) must satisfy the following conditions:~~
- (1) ~~it is controlled by the *firm* and may not operate independently of the *firm*;~~
  - (2) ~~the rights of investors in the *SPV* who do not belong to the *group* of the *BIPRU firm* in question are not such as to affect the ability of the *firm* to control the *SPV*;~~
  - (3) ~~all or virtually all of its *exposures* (calculated by reference to the amount) consist of *exposures* to the *firm* or to that *firm's group*; and~~
  - (4) ~~it is incorporated under, and governed by, the laws and jurisdiction of England and Wales, Scotland or Northern Ireland. [deleted]~~
- 2.2.128 G ~~An *SPV* could take the form of a limited partnership. In such an arrangement, holders of a *capital instrument* issued by the *SPV* which do not belong to the *group* of the *BIPRU firm* in question should have no right to participate in the management of the partnership, whether under the partnership's constitutional documents or the transaction documents. In general, this means that they should be treated as limited partners. It is expected that the general partner, having control of the *SPV*, would be the *firm*. [deleted]~~
- 2.2.128A R ~~*GENPRU 2.2.127R*(4) does not apply if the *firm* has conducted a properly reasoned analysis confirming that any potential risks,~~

~~including legal and operational risks, associated with cross border issues, which undermine the quality of the capital for the issuer, that arise from an *SPV* not being incorporated under or governed by the laws and jurisdiction of England and Wales, Scotland or Northern Ireland, are adequately mitigated. [deleted]~~

2.2.128B R ~~The analysis must be set out in writing and dated before the date of issue of the *capital instrument* and the *firm* must be able to show that the analysis has been fully considered as part of its decision to proceed with the issue. The analysis must be conducted by a person or persons appropriately qualified to assess the relevant risks and that person may be an independent adviser or an employee of the *firm* who is not part of the business unit responsible for the transaction (including the drafting of the issue documentation). [deleted]~~

2.2.129 R ~~The *SPV* referred to in *GENPRU* 2.2.124R(2)(a) must fund its subscription for the capital issued by the *firm* by the issue of capital that satisfies the following conditions:~~

~~(1) it must comply with the conditions for qualification as *tier one capital*, as amended by *GENPRU* 2.2.130R, as if the *SPV* was itself a *firm* seeking to include that capital in its *tier one capital resources*;~~

~~(2) (a) its terms must include an obligation on the *firm* that, in the event of a collapse of the *SPV* structure, and if the mechanism contained within the instrument under *GENPRU* 2.2.117AR is a conversion, the *firm* must substitute the *capital instrument* issued by the *SPV* with *core tier one capital* issued by the *firm*; and~~

~~(b) there must be no obstacle to the *firm's* issue of new securities;~~

~~(3) the conversion ratio in respect of the substitution described in (2) must be fixed when the *SPV* issues the *capital instrument*;~~

~~(4) to the extent that investors have the benefit of an obligation by a *person* other than the *SPV*:~~

~~(a) that obligation must be one owed by a member of the *firm's* *group*; and~~

~~(b) the extent of that obligation must be no greater than would be permitted by *GENPRU* if that obligation formed part of the terms of a *capital instrument* issued by that member which complied with the *rules* in *GENPRU* relating to *tier one capital* included at stage C of the calculation in the *capital resources table*; and~~

- (5) ~~if the SPV structure collapses, the holder of it has no better a claim against the firm than a holder of the same type of instrument directly issued by the firm. [deleted]~~
- 2.2.130 R ~~For the purpose of GENPRU 2.2.129R and GENPRU 2.2.132R, GENPRU 2.2.118R (Requirement to obtain a legal opinion) does not apply. [deleted]~~
- 2.2.131 R ~~In relation to the obligation to substitute described in GENPRU 2.2.129 R(2), a firm must take all reasonable steps to ensure that it has at all times authorised and unissued capital instruments which are core tier one capital (and the authority to issue them) sufficient to discharge its obligation to substitute. [deleted]~~
- 2.2.131A G ~~GENPRU 2.2.129 R(2) and GENPRU 2.2.131R allow a firm to replace the capital issued by the SPV with capital instrument which are core tier one capital. [deleted]~~
- 2.2.132 R ~~The capital which the firm seeks to include in its capital resources under GENPRU 2.2.124R(3)(a) must satisfy the following conditions:~~
- ~~(1) it meets the conditions for inclusion in tier one capital (subject to GENPRU 2.2.130R);~~
- ~~(2) its first call date (if any) must not arise before that on the instrument issued by the SPV; and~~
- ~~(3) its terms relating to repayment must be the same as those of the instrument issued by the SPV. [deleted]~~
- 2.2.133 R (1) ~~This rule deals with any transaction:~~
- ~~(a) under which an SPV directly or indirectly funds the subscription for capital issued by the firm as described in GENPRU 2.2.124R; or~~
- ~~(b) that is directly or indirectly funded by a transaction in (1)(a).~~
- ~~(2) Each undertaking that is a party to a transaction to which this rule applies (other than the firm) must be a subsidiary undertaking of the firm.~~
- ~~(3) Each SPV that is a party to a transaction to which this rule applies must comply with GENPRU 2.2.127R.~~
- ~~(4) Any capital to which (1) applies (other than the capital that is to be included in the firm's capital resources) must be in the form of capital that complies with GENPRU 2.2.129R(1) and GENPRU 2.2.129R(4), whether or not issued by an SPV.~~

- (5) ~~The obligations in GENPRU 2.2.129R(2) and GENPRU 2.2.129R(3) only apply to capital issued by an SPV at the end of the chain of transactions beginning with the issue of capital by the firm referred to in GENPRU 2.2.124R.~~
- (6) ~~GENPRU 2.2.132R applies to the capital issued by the firm as referred to in GENPRU 2.2.124R. For these purposes references in GENPRU 2.2.132R to the instrument issued by the SPV are to the instrument referred to in (5). [deleted]~~
- 2.2.134 G ~~The purpose of GENPRU 2.2.133R is to deal with a capital raising under which the capital raised by a special purpose vehicle is passed through a number of undertakings before it is invested in the firm. If the capital resources of the firm fall below, or are likely to fall below, its capital resources requirement the firm should replace the capital issued by that first special purpose vehicle with a tier one instrument directly issued by the firm which complies with GENPRU 2.2.129R(2). [deleted]~~
- 2.2.135 R ~~A firm which satisfies the conditions for the inclusion of capital set out in GENPRU 2.2.124R, must, in addition, if that transaction is in any respect unusual, notify the appropriate regulator at least one Month in advance of the date on which the firm intends to include that capital in its capital resources. [deleted]~~
- 2.2.136 G ~~The appropriate regulator is likely to consider as unusual a transaction which involves the raising by the firm of tier one capital through a subsidiary undertaking of that firm that is not an SPV. The appropriate regulator would expect a firm to request individual guidance in such circumstances. [deleted]~~
- 2.2.137 R ~~A firm must ensure that, in relation to a transaction falling within GENPRU 2.2.124R:~~
- ~~(1) the marketing document for the transaction contains all the information which a reasonable third party would require to understand the transaction fully and its effect on the financial position of the firm and its group; and~~
- ~~(2) the information in (1) and the transaction are easily comprehensible without the need for additional information about the firm and its group. [deleted]~~

Upper tier two capital: Revaluation reserves (BIPRU firm only)

- 2.2.185 R (1) ~~This rule applies to a BIPRU firm.~~
- (2) ~~A BIPRU firm must, in relation to equities held in the available-for-sale financial assets category:~~
- (a) ~~deduct any net losses at stage E of the calculation in the *capital resources table* (Deductions from tier one capital); and~~
- (b) ~~include any net gains (after deduction of deferred tax) in revaluation reserves at stage G of the calculation in the *capital resources table* (Upper tier two capital).~~
- (3) ~~A BIPRU firm must include any net gains, after deduction of deferred tax, on revaluation reserves of investment properties at stage G of the calculation in the *capital resources table*. A firm must include any losses on such revaluation reserves in profit and loss account and other reserves.~~
- (4) ~~A BIPRU firm must include any net gains, after deduction of deferred tax, on revaluation reserves of land and buildings at stage G of the calculation in the *capital resources table*. A firm must include any losses on such revaluation reserves in profit and loss account and other reserves.~~
- (5) ~~(2) only applies to a firm to the extent that the category of asset referred to in that paragraph exists under the accounting framework that applies to the firm as referred to in GENPRU 1.3.4R (General requirements: accounting principles to be applied).~~

~~(6) (3) and (4) apply to a firm whatever the accounting treatment of those items is under the accounting framework that applies to the firm as referred to in GENPRU 1.3.4R. [deleted]~~

2.2.186 G ~~Subject to GENPRU 2.2.185R, a BIPRU firm should value its revaluation reserves in accordance with the rules in GENPRU 1.3 (Valuation). [deleted]~~

Upper tier two capital: General/collective provisions (BIPRU firm only)

2.2.187 R ~~A BIPRU firm which adopts the standardised approach to credit risk may include general/collective provisions in its tier two capital resources only if:~~

- ~~(1) they are freely available to the firm;~~
- ~~(2) their existence is disclosed in internal accounting records; and~~
- ~~(3) their amount is determined by the management of the firm, verified by independent auditors and notified to the appropriate regulator. [deleted]~~

2.2.188 R ~~The value of general/collective provisions which a firm may include in its tier two capital resources as referred to in GENPRU 2.2.187R may not exceed 1.25% of the sum of the following:~~

- ~~(1) the sum of the market risk capital requirement and the operational risk capital requirement (if applicable), multiplied by a factor of 12.5; and~~
- ~~(2) the sum of risk weighted assets under the standardised approach for credit risk. [deleted]~~

2.2.189 R ~~Where a firm is unable to determine whether collective/general provisions relate only to exposures on either the standardised approach or the IRB approach, that firm must allocate them on a basis which is reasonable and consistent. [deleted]~~

Upper tier two capital: Surplus provisions (BIPRU firm only)

2.2.190 R ~~A BIPRU firm calculating risk weighted exposure amounts under the IRB approach may include in its upper tier two capital resources positive amounts resulting from the calculation in BIPRU 4.3.8R (Treatment of expected loss amounts), up to 0.6% of the risk weighted exposure amounts calculated under that approach. [deleted]~~

2.2.191 R ~~A BIPRU firm calculating risk weighted exposure amounts under the IRB approach may not include in its capital resources value adjustments and provisions included in the calculation in BIPRU 4.3.8 R (Treatment of expected loss amounts under the IRB approach for trading book exposures) or value adjustments and provisions for~~

~~exposures that would otherwise have been eligible for inclusion in general/collective provisions other than in accordance with GENPRU 2.2.190R. [deleted]~~

- 2.2.192 R ~~For the purpose of GENPRU 2.2.190R and GENPRU 2.2.191R, risk weighted exposure amounts must not include those calculated in respect of securitisation positions which have a risk weight of 1250%. [deleted]~~
- 2.2.193 R ~~If a BIPRU firm calculates risk weighted exposure amounts under the IRB approach for the purposes of BIPRU 14 (Capital requirements for settlement and counterparty risk) it must not include valuation adjustments referred to in BIPRU 14.2.18R(1) (Treatment of expected loss amounts) in its capital resources except in accordance with that rule. Deductions from tiers one and two: Qualifying holdings (bank or building society only)

- 2.2.202 R ~~GENPRU 2.2.202R to GENPRU 2.2.207R only apply to a bank or building society. [deleted]~~
- 2.2.203 R ~~A qualifying holding is a direct or indirect holding of a bank or building society in a non financial undertaking which represents 10% or more of the capital or of the voting rights or which makes it possible to exercise a significant influence over the management of that undertaking. [deleted]~~
- 2.2.204 R ~~For the purpose of GENPRU 2.2.203R, a non financial undertaking is an undertaking other than:~~
- ~~(1) a credit institution or financial institution;~~
  - ~~(2) an undertaking whose exclusive or main activities are a direct extension of banking or concern services ancillary to banking, such as leasing, factoring, the management of unit trusts, the management of data processing services or any other similar activity; or~~
  - ~~(3) an insurer. [deleted]~~
- 2.2.205 R ~~The amount of qualifying holdings that a bank or building society must deduct in the calculation in the capital resources table is:~~
- ~~(1) (if the firm has one or more qualifying holdings that exceeds 15% of its relevant capital resources) the sum of such excesses; and~~
  - ~~(2) to the extent not already deducted in (1), the amount by which the sum of each of that firm's qualifying holdings exceeds 60% of its relevant capital resources. [deleted]~~

2.2.206 R ~~The relevant *capital resources* of a *firm* mean for the purposes of this rule the sum of the amount of *capital resources* calculated at stages L (Total tier one capital plus tier two capital) and Q (Total tier three capital) of the calculation in the *capital resources table* as adjusted in accordance with the following:~~

- (1) ~~the *firm* must not take into account the items referred to in any of the following:~~
  - (a) ~~*GENPRU 2.2.190R* to *GENPRU 2.2.193R* (surplus provisions); or~~
  - (b) ~~*GENPRU 2.2.236R* (expected loss amounts and other negative amounts); or~~
  - (c) ~~*GENPRU 2.2.237R* (securitisation positions);~~
- (2) ~~the *firm* must make the deductions to be made at stage S of the calculation in the *capital resources table* (Deductions from total capital); and~~
- (3) ~~the *firm* need not deduct any *excess trading book position* under (2). [deleted]~~

2.2.207 R ~~The following are not included as *qualifying holdings*:~~

- (1) ~~*shares* that are not held as investments; or~~
- (2) ~~*shares* that are held temporarily during the normal course of underwriting; or~~
- (3) ~~*shares* held in a *firm's* name on behalf of others. [deleted]~~

Deductions from tiers one and two: Material holdings (BIPRU firm only)

2.2.208 R ~~*GENPRU 2.2.208R* to *GENPRU 2.2.216G* only apply to a *BIPRU firm*. [deleted]~~

2.2.209 R (1) Subject to (2) and (3), a *material holding* is:

- (a) ~~a *BIPRU firm's* holdings of *shares* and any other interest in the capital of an individual *credit institution* or *financial institution* (held in the *non trading book* or the *trading book* or both) exceeding 10% of the *share capital* of the issuer, and, where this is the case, any holdings of subordinated debt of the same issuer are also included as a *material holding*; the full amount of the holding is a *material holding*; or~~
- (b) ~~a *BIPRU firm's* holdings of *shares*, any other interest in the capital and subordinated debt in an individual *credit institution* or *financial institution* (held in the *non trading*~~

- ~~book or the trading book or both) not deducted under (a) if the total amount of such holdings exceeds 10% of that firm's capital resources at stage N (Total tier one capital plus tier two capital after deductions) of the calculation in the capital resources table (calculated before deduction of its material holdings); only the excess amount is a material holding; or~~
- (c) ~~a bank or building society's aggregate holdings in the non-trading book of shares, any other interest in the capital, and subordinated debt in all credit institutions or financial institutions not deducted under (a) or (b) if the total amount of such holdings exceeds 10% of that firm's capital resources at stage N of the calculation in the capital resources table (calculated before deduction of its material holdings); only the excess amount is a material holding; or~~
- (d) ~~a material insurance holding.~~
- (2) ~~If a BIPRU firm holds shares in the capital of Business Growth Fund plc or another financial institution which makes venture capital investments (in this section and its related annexes, a "Venture Capital Investor") and the following conditions are met:~~
- (a) ~~the sole business of the Venture Capital Investor is the making of venture capital investments together with the performance of ancillary activities in relation to the administration of the venture capital investments;~~
- (b) ~~none of the venture capital investments made by the Venture Capital Investor is an investment (direct or indirect) in:~~
- (i) ~~a credit institution; or~~
- (ii) ~~a financial institution the principal activity of which is to perform any activity other than the acquisition of holdings in other undertakings;~~
- (c) ~~the relevant proportion of the Venture Capital Investor is included in the firm's UK consolidation group in accordance with BIPRU 8.5; and~~
- (d) ~~the firm assigns a risk weight to its exposure to the Venture Capital Investor as if it were an equity exposure to which the simple risk weight approach is applied as set out in BIPRU 4.7.9R to BIPRU 4.7.12R (and in calculating its capital resources requirement the firm must assign a risk weight to that exposure in accordance with those rules and notwithstanding that those rules would not otherwise apply to that calculation);~~

~~the Venture Capital Investor may be ignored for the purposes of determining whether there is a *material holding*.~~

- ~~(3) If a *BIPRU firm* holds *shares* in the capital of a *subsidiary undertaking* which is a *financial institution* solely by reason of its principal activity being the acquiring of holdings and which in turn holds (directly or indirectly) *shares* in the capital of a Venture Capital Investor (in this section and its related annexes, a "Venture Capital Holding Company") and the following conditions are met:~~
- ~~(a) the Venture Capital Investor meets the conditions in (2)(a) and (b);~~
  - ~~(b) the Venture Capital Holding Company is included in the *firm's UK consolidation group* in accordance with *BIPRU 8.5*;~~
  - ~~(c) the proportion of the value of the Venture Capital Holding Company attributable to investment in Venture Capital Investors and the proportion of the value of the Venture Capital Holding Company attributable to investment in other investments can be identified and valued on a regular basis; and~~
  - ~~(d) the *firm* assigns a *risk weight* to its *exposure* to the proportion of the Venture Capital Holding Company that represents the value of its investment in Venture Capital Investors as if it were an *equity exposure* to which the simple *risk weight* approach is applied as set out in *BIPRU 4.7.9R* to *BIPRU 4.7.12R* (and in calculating its *capital resources requirement* the *firm* must assign a *risk weight* to that *exposure* in accordance with those *rules* and notwithstanding that those *rules* would not otherwise apply to that calculation);~~

~~the proportion of the *firm's* investment in the Venture Capital Holding Company that represents the value of its investment in Venture Capital Investors may be ignored for the purposes of determining whether there is a *material holding*. The proportion of the *firm's* investment in the Venture Capital Holding Company that represents the value of other investments is a *material holding*. [deleted]~~

- 2.2.210 G ~~For the purpose of the definition of a *material holding*, *share* capital includes *preference shares*. *Share* premium should be taken into account when determining the amount of *share* capital. [deleted]~~
- 2.2.211 R ~~When calculating the size of its *material holdings* a *firm* must only include an actual holding (that is, a long cash position). A *firm* must not~~

net such holdings with a short position. ~~[deleted]~~

2.2.212 R ~~A material insurance holding means the holdings of a BIPRU firm of items of the type set out in GENPRU 2.2.213R in any:~~

~~(1) insurance undertaking; or~~

~~(2) insurance holding company;~~

~~that fulfils one of the following conditions:~~

~~(3) it is a subsidiary undertaking of that firm; or~~

~~(4) that firm holds a participation in it. [deleted]~~

2.2.213 R ~~An item falls into this provision for the purpose of GENPRU 2.2.212R if it is:~~

~~(1) an ownership share; or~~

~~(2) subordinated debt or another item of capital that falls into Article 16(3) of the First Non-Life Directive or, as applicable, Article 27(3) of the Consolidated Life Directive. [deleted]~~

2.2.214 R ~~The amount to be deducted with respect to each material insurance holding is the higher of:~~

~~(1) the book value of the material insurance holding; and~~

~~(2) the solo capital resources requirement for the insurance undertaking or insurance holding company in question calculated in accordance with Part 3 of GENPRU 3 Annex 1R (Method 3 of the capital adequacy calculations for financial conglomerates). [deleted]~~

2.2.215 R ~~For the purpose of the definition of a material holding, holdings must be valued using the valuation method which the holder uses for its external financial reporting purposes. [deleted]~~

2.2.216 G (1) ~~This paragraph gives guidance on how the calculation under GENPRU 2.2.214R(1) should be carried out where an insurance undertaking is accounted for using the embedded value method.~~

~~(2) On acquisition, any "goodwill" element (that is, the difference between the acquisition value according to the embedded value method and the actual investment) should be deducted from tier one capital resources.~~

~~(3) The embedded value should be deducted from the total of tier one capital resources and tier two capital resources.~~

- (4) ~~Post-acquisition, where the embedded value of the *undertaking* increases, the increase should be added to reserves, while the new embedded value is deducted from total *capital resources*.~~
- (5) ~~This means that the net impact on the level of total *capital resources* is zero, although *tier two capital resources* headroom will increase with any increase in *tier one capital resources* reserves.~~
- (6) ~~Embedded value is the value of the *undertaking* taking into account the present value of the expected future inflows from existing life assurance business. [deleted]~~

- 2.2.216A G
- (1) ~~This paragraph gives *guidance* as to the amount to be deducted at Part 2 of stage M (Deductions from the totals of tier one and two) of *GENPRU 2 Annex 2R* (Capital resources table for a bank) and *GENPRU 2 Annex 3R* (Capital resources table for a building society) in respect of investments in *subsidiary undertakings* and *participations* (excluding any amount which is already deducted as *material holdings* or *qualifying holdings*).~~
  - (2) ~~The effect of those *rules* is to achieve the deduction of all investments in *subsidiary undertakings* and *participations* for *banks* and *building societies* by ensuring that amounts not already deducted under other *rules* are accounted for at this stage of the calculation of *capital resources*, except where the investment has been made in:~~
    - (a) ~~a Venture Capital Investor and the conditions in *GENPRU 2.2.209R(2)* are met; or~~
    - (b) ~~a Venture Capital Holding Company and the conditions in *GENPRU 2.2.209R(3)* are met;~~
  - (3) ~~The following investments in *subsidiary undertakings* and *participations* should be deducted at this stage:~~
    - (a) ~~those not deducted in Part 1 of stage M because of the operation of the thresholds in *GENPRU 2.2.205R* (on *qualifying holdings*) and *GENPRU 2.2.209R* (on *material holdings*); and~~
    - (b) ~~those which do not meet the definition of *qualifying holding* or *material holding*, but excluding investments in Venture Capital Investors which are ignored in accordance with *GENPRU 2.2.209R(2)* and investments in Venture Capital Holding Companies which are ignored in accordance with *GENPRU 2.2.209R(3)*, for the purposes of determining whether there is a *material holding*.~~
  - (4) ~~For example, an investment in an *undertaking* which is not a~~

~~qualifying holding under GENPRU 2.2.204R(2) (on the definition of a non financial undertaking), that is whose exclusive or main activities are a direct extension of banking or concern services ancillary to banking, such as leasing, factoring, the management of unit trusts, the management of data processing services or any other similar activity, should be deducted at this stage. Deductions from tiers one and two: Reciprocal cross holdings (BIPRU firm only)

- 2.2.217 R ~~GENPRU 2.2.217R to GENPRU 2.2.220R apply to a BIPRU firm. [deleted]~~
- 2.2.218 R ~~A BIPRU firm must deduct at stage M of the calculation in the capital resources table (Deductions from the totals of tier one and two) any reciprocal cross holdings. However a BIPRU firm must not deduct such holdings to the extent that they fall to be deducted at Part 1 of stage M of the calculation in the capital resources table (Deductions for material holdings, qualifying holdings and certain other items). [deleted]~~
- 2.2.219 R ~~A reciprocal cross holding means a holding of the BIPRU firm of shares, any other interest in the capital, and subordinated debt, whether in the trading or non trading book, in:~~
- ~~(1) a credit institution; or~~
  - ~~(2) a financial institution;~~
- ~~that satisfies the following conditions:~~
- ~~(3) the holding is the subject of an agreement or arrangement between the BIPRU firm and either the issuer of the instrument in question or a member of a group to which the issuer belongs;~~
  - ~~(4) under the terms of the agreement or arrangement described in (3) the issuer invests in the BIPRU firm or in a member of the group to which that BIPRU firm belongs; and~~
  - ~~(5) the effect of that agreement or arrangement on the capital position of the BIPRU firm, the issuer, or any member of a group to which either belongs, under any relevant rules is significantly more beneficial than it is in economic terms, taking into account the agreement or arrangement as a whole. [deleted]~~
- 2.2.220 R ~~For the purpose of GENPRU 2.2.219 R, a relevant rule means a rule in GENPRU, BIPRU or INSPRU or any other capital adequacy or solvency requirements of the appropriate regulator or any other regulator, territory or country. [deleted]~~

Deductions from tiers one and two: Connected lending of a capital nature (bank only)

- 2.2.221 R (1) ~~GENPRU 2.2.221R to GENPRU 2.2.235G only apply to a bank.~~
- (2) ~~If a firm has elected to ignore an investment in a Venture Capital Investor or a Venture Capital Holding Company in accordance with GENPRU 2.2.209R(2) or (3), for the purposes of determining whether there is a material holding, GENPRU 2.2.221R to GENPRU 2.2.233R do not apply to any lending by the firm to that Venture Capital Investor or Venture Capital Holding Company, provided that any lending to the Venture Capital Holding Company is made to and deployed by the firm solely in connection with the Venture Capital Investor. [deleted]~~
- 2.2.222 R ~~Connected lending of a capital nature means all lending within GENPRU 2.2.227R or GENPRU 2.2.229R and guarantees within GENPRU 2.2.231R or GENPRU 2.2.233R. [deleted]~~
- 2.2.223 R ~~A bank must not deduct any item as connected lending of a capital nature to the extent that it falls to be deducted at Part 1 of stage M of the calculation in the capital resources table (Deductions for material holdings, qualifying holdings and certain other items) or as a reciprocal cross-holding. [deleted]~~
- 2.2.224 R ~~For the purpose of the rules in this section about connected lending of a capital nature and in relation to a bank, a connected party means another person ("P") who fulfils at least one of the following conditions and is not solo consolidated with the bank under BIPRU 2.1 (Solo consolidation):~~
- (1) ~~P is closely related to the bank; or~~
- (2) ~~P is an associate of the bank; or~~
- (3) ~~the same persons significantly influence the governing body of P and the bank. [deleted]~~
- 2.2.225 R ~~For the purpose of GENPRU 2.2.224R, in relation to a person ("P") to which a bank has an exposure when P is acting on his own behalf and also an exposure to P when P acts in his capacity as a trustee, custodian or general partner of an investment trust, unit trust, venture capital or other investment fund, pension fund or similar fund (a "fund") the bank may choose to treat this latter exposure as an exposure to the fund, unless such treatment would be misleading. [deleted]~~
- 2.2.226 G ~~BIPRU 10.3.13G (Guidance on exposures to trustees) applies to GENPRU 2.2.225R. [deleted]~~
- 2.2.227 R ~~A loan is connected lending of a capital nature if:~~

- (1) it is made by the *bank* to a connected party; and
- (2) it falls into *GENPRU 2.2.228R*. [deleted]
- 2.2.228 R A loan falls into this *rule* for the purposes of *GENPRU 2.2.227R(2)* if, whether through contractual, structural, reputational or other factors:
- (1) based on the terms of the loan and the other knowledge available to the *bank*, the borrower would be able to consider it from the point of view of its characteristics as capital as being similar to *share* capital or subordinated debt; or
- (2) the position of the lender from the point of view of maturity and repayment is inferior to that of the senior unsecured and unsubordinated creditors of the borrower. [deleted]
- 2.2.229 R A loan is also *connected lending of a capital nature* if:
- (1) it funds directly or indirectly a loan to a connected party of the *bank* falling into *GENPRU 2.2.228R* or an investment in the capital of a connected party of the *bank*; and
- (2) it falls into *GENPRU 2.2.228R*. [deleted]
- 2.2.230 G It is likely that a loan is not *connected lending of a capital nature* if:
- (1) it is secured by collateral that is eligible for the purposes of *credit risk mitigation* under the *standardised approach* to credit risk as set out in *BIPRU 5.4* (Financial collateral) and *BIPRU 5.5* (Other funded credit risk mitigation); or
- (2) it is repayable on demand (and should be treated as such for accounting purposes by the borrower and lender) and the *bank* can demonstrate that there are no potential obstacles to exercising the right to repay, whether contractual or otherwise. [deleted]
- 2.2.231 R A guarantee is *connected lending of a capital nature* if it is a guarantee by the *bank* of a loan from a third party to a connected party of the *bank* and:
- (1) the loan meets the requirements of *GENPRU 2.2.228R*; or
- (2) the rights that the *bank* would have against the borrower with respect to the guarantee meet the requirements of *GENPRU 2.2.228R(2)*. [deleted]
- 2.2.232 R A guarantee is also *connected lending of a capital nature* if it is a guarantee by the *bank* of a loan falling into *GENPRU 2.2.229R(1)*; and
- (1) the loan meets the conditions in *GENPRU 2.2.228R*; or

~~(2) the guarantee meets the conditions in GENPRU 2.2.231R(2).  
[deleted]~~

2.2.233 R ~~The amount of a guarantee that constitutes *connected lending of a capital nature* that a firm must deduct is the amount guaranteed.  
[deleted]~~

2.2.234 G ~~A loan may initially fall outside the definition of *connected lending of a capital nature* but later fall into it. For example, if the initial lending to a connected party is subsequently downstreamed to another connected party the relationship between the *bank* and the ultimate borrower may be such that, looking at the arrangements as a whole, the *undertaking* to which the *bank* lends is able to regard the loan to it as being capable of absorbing losses. [deleted]~~

2.2.235 G ~~Lending to a connected party will not normally be *connected lending of a capital nature* where that party:~~

~~(1) is acting as a vehicle to pass funding to an unconnected party;  
and~~

~~(2) has no other creditors whose claims could be senior to those of the lender. [deleted]~~

Deductions from tiers one and two: Expected losses and other negative amounts (BIPRU firm only)

2.2.236 R ~~A BIPRU firm calculating *risk weighted exposure amounts* under the *IRB approach* must deduct:~~

~~(1) any negative amounts arising from the calculation in BIPRU 4.3.8R (Treatment of expected loss amounts); and~~

~~(2) any *expected loss* amounts calculated in accordance with BIPRU 4.7.12R (*Expected loss* amounts under the simple risk weight approach to calculating *risk weighted exposure amounts* for exposures belonging to the *equity exposure IRB exposure class*) or BIPRU 4.7.17R (*Expected loss* amounts under the *PD/LGD approach*): [deleted]~~

Deductions from tiers one and two: Securitisation positions (BIPRU firm only)

2.2.237 R ~~A BIPRU firm calculating *risk weighted exposure amounts* under the *IRB approach* or the *standardised approach* to credit risk must deduct from its *capital resources* the following:~~

~~(1) the exposure amount of *securitisation positions* which receive a *risk weight* of 1250% under BIPRU 9 (Securitisation), unless the firm includes the *securitisation positions* in its calculation of *risk weighted exposure amounts* (see BIPRU 9.10 (Reduction in risk~~

~~weighted exposure amounts)); and~~

- ~~(2) the exposure amount of *securitisation positions* in the *trading book* that would receive a *risk weight* of 1250% if they were in the *firm's non-trading book*. [deleted]~~

Deductions from tiers one and two: Special treatment of material holdings and other items (BIPRU firm only)

2.2.238 R ~~*GENPRU 2.2.238R* to *GENPRU 2.2.241R* apply to a *BIPRU firm* and relate to the deductions in respect of:~~

- ~~(1) *material holdings*;~~
- ~~(2) *expected loss* amounts and other negative amounts referred to in *GENPRU 2.2.236R*; and~~
- ~~(3) *securitisation positions* referred to in *GENPRU 2.2.237R*. [deleted]~~

2.2.239 R (1) ~~The treatment in the *capital resources table* of the deductions in *GENPRU 2.2.238R* only has effect for the purpose of the *capital resources gearing rules*.~~

- ~~(2) In other cases (3) and (4) apply.~~
- ~~(3) A *BIPRU firm* making the deductions described in *GENPRU 2.2.238R* must deduct 50% of the total amount of those deductions at stage E (Deductions from tier one capital) and 50% at stage J (Deductions from tier two capital) of the calculation in the *capital resources table* after the application of the *capital resources gearing rules*.~~
- ~~(4) To the extent that half of the total of:~~
- ~~(a) *material holdings*;~~
- ~~(b) *expected loss* amounts and other negative amounts; and~~
- ~~(c) *securitisation positions*; exceeds the amount calculated at stage I (Total tier two capital) of that calculation, a *firm* must deduct that excess from the amount calculated at stage F (Total tier one capital after deductions) of the *capital resources table*. [deleted]~~

2.2.240 G ~~The alternative calculation in *GENPRU 2.2.239R*(3) to (4) is only relevant to *BIPRU 11* (Pillar 3 disclosures) and certain reporting requirements under *SUP*. However the deduction of *material holdings* at Part 2 of stage E of the *capital resources table* in the case of a *BIPRU investment firm* with an *investment firm consolidation waiver* has effect for all purposes. [deleted]~~

Tier three capital: upper tier three capital resources (BIPRU firm only)

- 2.2.241 R ~~GENPRU 2.2.241R to GENPRU 2.2.245R only apply to a BIPRU firm. [deleted]~~
- 2.2.242 R ~~A BIPRU firm may include subordinated debt in its upper tier three capital resources only if:~~
- ~~(1) it has an original maturity of at least two years or is subject to at least two years' notice of repayment; and~~
  - ~~(2) payment of interest or principal is permitted only if, after that payment, the firm's capital resources would be not less than its capital resources requirement. [deleted]~~
- 2.2.243 R ~~A BIPRU firm which includes subordinated debt in its tier three capital resources must notify the appropriate regulator one month in advance of all payments of either interest or principal made when the firm's capital resources are less than 120% of its capital resources requirement. [deleted]~~
- 2.2.244 R ~~The rules in the table in GENPRU 2.2.245R apply to short term subordinated debt that a BIPRU firm includes in its tier three capital resources in the same way that they apply to a firm's tier two capital resources with the adjustments in that table. [deleted]~~
- 2.2.245 R ~~Table: Application of tier two capital rules to tier three debt~~

Tier three capital: lower tier three capital resources (BIPRU firm only)

- 2.2.246 R ~~GENPRU 2.2.246R to GENPRU 2.2.249R only apply to a BIPRU firm. [deleted]~~
- 2.2.247 R ~~A BIPRU firm's net interim trading book profits mean its net trading book profits adjusted as follows:~~
- ~~(1) they are net of any foreseeable charges or dividends and less net losses on its other business; and~~
  - ~~(2) a firm must not take into account items that have already been included in the calculation of capital resources as part of the calculation of the following items:~~
    - ~~(a) interim net profits (see stage (A) of the capital resources table); or~~
    - ~~(b) interim net losses or material interim net losses (see stage (A) of the capital resources table); or~~

(e) ~~profit and loss and other reserves (see stage (A) of the capital resources table). [deleted]~~

2.2.248 R ~~Trading book profits and losses, other than those losses to which GENPRU 2.2.86R(2) (Valuation adjustment and reserves) refers, originating from valuation adjustments or reserves as referred to in GENPRU 1.3.29R to GENPRU 1.3.35AG (Valuation adjustments or reserves) must be included in the calculation of net interim trading book profits and be added to or deducted from tier three capital resources. [deleted]~~

2.2.249 R ~~Trading book valuation adjustments or reserves as referred to in GENPRU 1.3.29R to GENPRU 1.3.35AG which exceed those made under the accounting framework to which a firm is subject must be treated in accordance with GENPRU 2.2.248R if not required to be treated under GENPRU 2.2.86 R(2). [deleted]~~

...

Deductions from total capital: Illiquid assets (BIPRU investment firm only)

2.2.259 R ~~GENPRU 2.2.259R to GENPRU 2.2.262G only apply to a BIPRU investment firm. [deleted]~~

2.2.260 R ~~Illiquid assets means illiquid assets including~~

- ~~(1) tangible fixed assets (except land and buildings if they are used by a firm as security for loans, but this exclusion is only up to the value of the principal outstanding on the loans); or~~
- ~~(2) any holdings in the capital resources of credit institutions or financial institutions, except to the extent that:
 
  - ~~(a) they have already been deducted as a material holding; or~~
  - ~~(b) they are shares which are included in a firm's trading book and included in the calculation of the firm's market risk capital requirement; or~~~~
- ~~(3) holdings of other securities which are not readily realisable securities; or~~
- ~~(4) deficiencies of net assets in subsidiary undertakings; or~~
- ~~(5) deposits which are not repayable within 90 days (except for payments in connection with margined futures or options contracts); or~~
- ~~(6) loans and other amounts owed to a firm except where they are due to be repaid within 90 days; or~~

~~(7) physical stocks except for *positions in physical commodities* which are included in the calculation of a *firm's commodity PRR*.  
[deleted]~~

2.2.261 G ~~If a loan or other amount owing to a *firm* was originally due to be paid more than 90 days from the date of the making of the loan or the incurring of the payment obligation, as the case may be, it may be treated as liquid for the purposes of *GENPRU 2.2.260R(6)* where through the passage of time the remaining time to the contractual repayment date falls below 90 days. [deleted]~~

2.2.262 G ~~If a loan or other amount is due to be paid within 90 days (whether measured by reference to original or remaining maturity), a *firm* should consider whether it can reasonably expect the amount owing to be paid within that period. If the *firm* cannot reasonably expect it to be paid within that period the *firm* should treat it as illiquid. [deleted]~~

Deductions from total capital: Excess trading book position (bank or building society only)

2.2.263 R ~~*GENPRU 2.2.263R* to *GENPRU 2.2.265R* only apply to a *bank* or *building society*. [deleted]~~

2.2.264 R (1) ~~The *excess trading book position* is the excess of:~~

~~(a) a *bank* or *building society's* aggregate net long (including notional) *trading book positions in shares*, subordinated debt or any other interest in the capital of *credit institutions* or *financial institutions*;~~

~~over;~~

~~(b) 25% of that *firm's capital resources* calculated at stage T (Total capital after deductions) of the *capital resources table* (calculated before deduction of the *excess trading book position*).~~

~~(2) Only the excess amount calculated under (1) must be deducted. [deleted]~~

2.2.265 R ~~The *standard market risk PRR rules* apply for establishing what is a net *position* and the amount and value of that *position* for the purposes of *GENPRU 2.2.264R*, ignoring *rules* which would otherwise exclude such *positions* from *BIPRU 7.2* (Interest rate PRR) or *BIPRU 7.3* (Equity PRR and basic interest rate PRR for equity derivatives) on the basis that they are to be deducted from a *bank* or *building society's capital resources*, or for any other reason. ## 2 Annex 8 Guidance on applications for waivers relating to Implicit items<sup>k</sup>

### G Implicit items under the Act

1	<p>The <i>capital resources table</i> does not permit <i>implicit items</i> to be included in the calculation of a <i>firm's capital resources</i>, except subject to a <i>waiver</i> under section 138A of the Act. Article 27(4) of the <i>Consolidated Life Directive</i> states that <i>implicit items</i> can be included in the calculation of a <i>firm's capital resources</i>, within limits, provided that the supervisory authority agrees. Certain <i>implicit items</i>, however, are not eligible for inclusion beyond 31 December 2009 (see paragraph 5). The <del>appropriate regulator</del> <u>PRA</u> may be prepared to grant a <i>waiver</i> from the <i>capital resources table</i> to allow <i>implicit items</i>, in line with the purpose of the <i>Consolidated Life Directive</i>, and provided the conditions as set out in article 27(4) of the <i>Consolidated Life Directive</i> are met. Such a <i>waiver</i> would allow an <i>implicit item</i> to count towards the <i>firm's capital resources</i> available to count against its <i>capital resources requirement (CRR)</i> set out for <i>realistic basis life firms</i> in GENPRU 2.1.18R and for <i>regulatory basis only life firms</i> in GENPRU 2.1.23R. An <i>implicit item</i> may potentially count as <i>tier one capital</i> (but not <i>core tier one capital</i>) or <i>tier two capital</i>. Where a <i>waiver</i> is granted allowing an <i>implicit item</i> as <i>tier one capital</i>, the value of the <i>implicit item</i> so allowed must be included at stage B of the <i>capital resources table</i>. If the application of the value of the <i>implicit item</i> is restricted by GENPRU 2.2.29R, which requires that at least 50% of a <i>firm's tier one capital resources</i> must be accounted for by <i>core tier one capital</i>, the remainder may be included at stage G of the calculation in the <i>capital resources table</i>, subject to GENPRU 2.2.31G. An <i>implicit item</i> treated as <i>tier two capital</i> will also be included at stage G of the calculation, again subject to GENPRU 2.2.81 R. Article 29(1) of the <i>Consolidated Life Directive</i> requires that <i>implicit items</i> be excluded from the capital eligible to cover the <i>guarantee fund</i>. Under GENPRU 2.2.33R a <i>firm</i> must meet the <i>guarantee fund</i> from the sum of the items listed at stages A, B, G and H of the <i>capital resources table</i> less the sum of the items listed at stage E of the <i>capital resources table</i>. The <del>appropriate regulator</del> <u>PRA</u> will only grant an <i>implicit items waiver</i> if the <i>waiver</i> includes a modification to GENPRU 2.2.33R to ensure that the <i>implicit item</i> does not count towards meeting the <i>guarantee fund</i>.</p>
2	<p>Under section 138A of the Act, the <del>appropriate regulator</del> <u>PRA</u> may, on the application of a <i>firm</i>, grant a <i>waiver</i> from PRU. There</p>

	are general requirements that must be met before any <i>waiver</i> can be granted. As explained in <i>SUP 8</i> , the <del>appropriate regulator</del> <u>PRA</u> may not give a <i>waiver</i> unless the <del>appropriate regulator</del> <u>PRA</u> is satisfied that:
	...
3	The <del>appropriate regulator</del> <u>PRA</u> will assess compliance with the requirements in the light of all the relevant circumstances. This will include consideration of the costs incurred by compliance with a particular <i>rule</i> or whether a <i>rule</i> is framed in a way that would make compliance difficult in view of the <i>firm's</i> circumstances. For example, the <i>firm</i> may demonstrate that if an <i>implicit item</i> were not allowed, the <i>firm</i> would either have to suffer increased (and unwarranted) costs in injecting further <i>capital resources</i> or operate with a lower equity backing ratio (see case studies in paragraph 43). Even if a <i>firm</i> can demonstrate a case for an <i>implicit item waiver</i> , it should not assume that the <del>appropriate regulator</del> <u>PRA</u> will grant the <i>capital resources</i> requested, or that any <i>capital resources</i> will be granted for the full amount of the <i>implicit item</i> which could be granted, as set out in this annex. The <del>appropriate regulator</del> <u>PRA</u> will consider each application on its own merits, and taking into account all relevant circumstances, including the financial situation and business prospects of the <i>firm</i> .
	...
5	The <i>Consolidated Life Directive</i> (reflecting the changes introduced by the <i>Solvency 1 Directive</i> ) requires member states to end a <i>firm's</i> ability to take into account future profits <i>implicit items</i> by (at the latest) 31 December 2009. Until then, the maximum amount of the <i>implicit item</i> relating to future profits permitted under the <i>Consolidated Life Directive</i> is limited to 50% of the product of the estimated annual profits and the average period to run (not exceeding six years) on the <i>policies</i> in the portfolio. The <i>Consolidated Life Directive</i> further limits the maximum amount of these economic reserves that can be counted to 25% of the lesser of the available solvency margin and the required solvency margin. The changes introduced by the <i>Solvency 1 Directive</i> take effect for financial years beginning on or after 1 January 2004. However, the <i>Consolidated Life Directive</i> allows for a transitional period of five years, which runs from 20 March 2002 (the publication date of the <i>Solvency 1 Directive</i> ), for <i>firms</i> to become fully compliant with these new requirements. <i>Firms</i> will need to consider the potential impact of these changes when engaging in future capital planning. When applying for an <i>implicit item waiver</i> a <i>firm</i> should provide the <del>appropriate regulator</del> <u>PRA</u> with a plan showing how the <i>firm</i> intends to maintain its capital adequacy over the period to 31 December 2009. <i>Firms</i> should also be aware that the <del>appropriate regulator</del> <u>PRA</u> will typically only grant <i>waivers</i> for a maximum of

	12 months.
...	
Zillmerisation	
7	<i>Zillmerisation</i> is an allowance for acquisition costs that are expected, under prudent assumptions, to be recoverable from future <i>premiums</i> . <del>f</del> <i>Firms</i> can make a direct adjustment to their reserves for <i>zillmerisation</i> , subject to the <i>rules</i> on <i>mathematical reserves</i> . However, where no such adjustment has been made, the <del>appropriate regulator</del> <i>PRA</i> will consider an application for a <i>waiver</i> to take into account an <i>implicit item</i> .
...	
Process for applying for a waiver, including limits applicable when a waiver is granted	
9	This annex sets out the procedures to be followed and the form of calculations and data which should be submitted by <i>firms</i> to the <del>appropriate regulator</del> <i>PRA</i> . This <i>guidance</i> should also be read in conjunction with the general requirements relating to the <i>waiver</i> process described in <i>SUP</i> 8. The <del>appropriate regulator</del> <i>PRA</i> expects that applications for <i>waivers</i> in respect of future profits and <i>zillmerising</i> will not normally be considered to pass the " <del>not result in undue risk to persons whose interests the rules are intended to protect</del> " " <u>would not adversely affect the advancement of any of the <i>PRA</i>'s objectives</u> " test unless the relevant criteria set out in this <i>guidance</i> have been satisfied and an application for such a may require further criteria to be satisfied for this test to be passed. As set out below, <i>waivers</i> in respect of either <i>zillmerising</i> or hidden reserves will not normally be given except in very exceptional circumstances.
Timing	
10	A <i>long-term insurer</i> may apply to the <del>appropriate regulator</del> <i>PRA</i> for a <i>waiver</i> in respect of <i>implicit items</i> . A <i>waiver</i> will not apply retrospectively (see <i>SUP</i> 8.3.6G). Consequently, applications intended for a particular accounting reference date will normally need to be made well before that reference date. Applications by <i>firms</i> must be made to the <del>appropriate regulator</del> <i>PRA</i> in writing and include the relevant details specified under <i>SUP</i> 8.3.3D. Given the uncertainty in predicting the future, <i>waivers</i> will normally be granted for a maximum of 12 months at a time and any further applications will need to be made accordingly.
...	
13	An <i>implicit item waiver</i> in respect of <i>zillmerising</i> or hidden

	reserves is related to the basis on which liabilities or assets have been valued. In the case of hidden reserves, as explained below, the granting of a <i>waiver</i> will be dependent on the overall <i>capital resources</i> of the <i>firm</i> . <i>Waivers</i> in respect of these <i>implicit items</i> will, therefore, only be made in relation to the position shown in a particular set of <i>returns</i> and it will be essential for <i>firms</i> to submit applications to the <del>appropriate regulator</del> <u>PRA</u> well in advance of the latest date for the submission of the relevant <i>return</i> .
14	<i>Waivers</i> may be withdrawn by the <del>appropriate regulator</del> <u>PRA</u> at any time (e.g. where the <del>appropriate regulator</del> <u>PRA</u> considers the amount in respect of which a <i>waiver</i> has been given can no longer be justified). This may be as a result of changes in the <i>firm's</i> position or as a result of queries arising on scrutiny of the <i>returns</i> .
Information to be submitted	
15	An application for a <i>capital resources waiver</i> (which includes an application for an extension to or other variation of a <i>waiver</i> ) should be prepared using the standard application form for a <i>capital resources</i> (see SUP 8 Annex 2D). In addition, the application should be accompanied by full supporting information to enable the <del>appropriate regulator</del> <u>PRA</u> to arrive at a decision on the merits of the case. In particular, the application should state clearly the nature and the amounts of the <i>implicit items</i> that a <i>firm</i> wishes to count against its <i>capital resources requirement</i> and whether it proposes to treat the <i>implicit item</i> as <i>tier one capital</i> or <i>tier two capital</i> . In order to assess an application, the <del>appropriate regulator</del> <u>PRA</u> needs information as to the make-up of the <i>firm's capital resources</i> , the quality of the capital items which have been categorised into each tier of capital and a breakdown of capital both within and outside the <i>firm's long-term insurance fund</i> or <i>funds</i> and between the <i>firm's with-profits funds</i> and <i>non-profit funds</i> . An explanation as to the appropriateness of the proposed treatment of the <i>implicit item</i> under the <i>capital resources table</i> should also be provided, including a demonstration that, in allowing for <i>implicit items</i> , there has been no double counting of future margins and that the basis for valuing such margins is prudent.
...	
17	As a minimum, applications for a future profits <i>implicit item waiver</i> should be supported by the information contained in Forms 13, 14, 18, 19, 40, 41, 42, 48, 49, the answers to questions 1 to 12 of the abstract of the valuation report, Appendix 9.4 of <i>IPRU(INS)</i> , the abstract of the valuation report for the realistic valuation, Appendix 9.4A of <i>IPRU(INS)</i> and Forms 51, 52, 53,

	<p>54 and 58. For a <i>zillmerisation</i> <del>implicit item</del> <i>implicit item waiver</i>, only those items noted above forming part of the abstract valuation report will normally be needed. Applications for a <i>waiver</i> in respect of a hidden reserves <i>implicit item</i> will normally be considered only if accompanied by the information which is contained in the annual regulatory <i>returns</i>. In particular, the balance sheet forms, <i>long-term insurance business</i> revenue accounts, and abstract of the valuation report as set out in Appendices 9.1, 9.3 and 9.4 of <i>IPRU(INS)</i> should be provided. This is not to say that a full regulatory <i>return</i> must be provided in the specified format, simply that the information contained in these forms should be provided. Where appropriate, the information may be summarised.</p>
18	<p>The following supporting information relating to the calculation of the amounts claimed should be supplied for each type of <i>implicit item</i> in respect of which a <i>waiver</i> is sought: Future profits: in addition to information related to the prospective calculation and retrospective calculation described below, the profits reported in each of the last five <i>financial years</i> up to the date of the most recent available valuation under <i>rule 9.4</i> of <i>IPRU(INS)</i> which has been submitted to the <del>appropriate regulator</del> <i>PRA</i> prior to, or together with, the application, and the amounts and nature of any exceptional items left out of account; the method used for calculating the average period to run and the results for each of the main categories of business, both before and after allowing for premature termination (where the calculation has been made in two stages); and the basis on which this allowance has been made. <i>Zillmerising</i>: the categories of contracts for which an item has been calculated and the percentages of the <i>relevant capital sum</i> in respect of which an adjustment has been made. Hidden reserves: particulars, with supporting evidence, of the undervaluation of assets for which recognition is sought.</p>
Continuous monitoring by firms	
19	<p><i>Firms</i> should take into account any material changes in financial conditions or other relevant circumstances that may have an impact on the level of future profits that can prudently be taken into account. <del>f</del><i>Firms</i> should also re-evaluate whether an application to vary an <i>implicit item waiver</i> should be made whenever circumstances have changed. In the event that circumstances have changed such that an amendment is appropriate, the <i>firm</i> must contact the <del>appropriate regulator</del> <i>PRA</i> as quickly as possible in accordance with Principle 11. (See <i>SUP 8.5.1 R</i>). In this context, the <del>appropriate regulator</del> <i>PRA</i> would expect notice of any matter that materially impacts on the <i>firm's</i> financial condition, or any <i>waivers</i> granted.</p>

Future profits - factors to take into account when submitting calculations to support waiver applications	
...	
21	<i>f</i> Firms need to assess prospective future profit (i.e. how much can reasonably be expected to arise) and compare this to maximum limits (in article 27(4) of the <i>Consolidated Life Directive</i> ), which relate to past profits.
Future profits - prospective calculation	
22	The application for a <i>waiver</i> should be supported by details of a prospective calculation of future profits arising from in-force business. The information supplied to the <del>appropriate regulator</del> <i>PRA</i> should include a description of the method used in the calculation and of the assumptions made, together with the results arising. From 31 December 2009 at the latest, future profits <i>implicit items</i> will no longer be permitted under the <i>Consolidated Life Directive</i> . Where a <i>firm</i> first applies for an <i>implicit item waiver</i> after <i>GENPRU 2.2</i> comes into effect, under the prospective calculation a <i>firm</i> should only take into consideration future profits that are expected to emerge in the period up to 31 December 2009. <i>Implicit item waivers</i> granted before <i>GENPRU 2.2</i> comes into effect will continue to operate under the terms of those <i>waivers</i> , but an application to vary the terms of such a <i>waiver</i> , for example to extend the effective period, is an application for a new <i>waiver</i> for which a <i>firm</i> should usually only take into consideration future profits that are expected to emerge in the period up to 31 December 2009.
Assumptions	
23	The assumptions made should be prudent, rather than best estimate, assumptions of future experience (that is, the prudent assumptions should allow for the fair market price for assuming that risk including associated expenses). In particular, it would not normally be considered appropriate for the projected return on any asset to be taken to be higher than the risk-free yield (that is, assessed by reference to the yield arrived at using a model of future risk free yields properly calibrated from the forward gilts market). It may also be appropriate to bring future withdrawals into account on a suitably prudent basis. For <i>with-profits business</i> , the assumptions for future investment returns should not capitalise future bonus loadings except where the <i>with-profits policyholders</i> share in risks other than the investment performance of the fund. Furthermore, the rate at which future profits are discounted should include an appropriate margin over a risk free rate of return. Calculations should also be carried out to demonstrate that the prospective calculation of the future

	<p>profits arising from the in-force business supporting the application for the <i>implicit item waiver</i> would be sufficient to support the amount of the <i>implicit item</i> under each scenario described for use in determining the <i>resilience capital requirement</i> - where the <i>waiver</i> relates to an <i>implicit item</i> allocated to more than one fund, this should be demonstrated separately for that element of the <i>implicit item</i> allocated to each fund. For an <i>implicit item</i> allocated to a <i>with-profits fund</i>, proper allowance should be made for any shareholder transfers to ensure that the <i>implicit item</i> is not supported by future profits which will be required to support those transfers. To the extent, if any, that future profits are dependent on the levying of explicit expense related charges (for example as in the case of unit-linked business) the documentation submitted should include a demonstration of the prudence of the assumptions made as to the level at which future charges will be levied and expenses incurred.</p>
<p>Other limitations on the extent to which waivers for implicit items will be granted to a realistic basis life firm</p>	
24	<p>Where a <i>waiver</i> in respect of an <i>implicit item</i> is granted to a <i>realistic basis life firm</i> additional limits may apply by reference to a comparison of <i>realistic excess capital</i> and <i>regulatory excess capital</i> including allowance for the effect of the <i>capital resources</i>. Where the <i>capital resources waiver</i> relates to an <i>implicit item</i> allocated partly or entirely to a <i>with-profits fund</i>, the <i>waiver</i> will contain a limitation to the effect that the <i>regulatory excess capital</i> for that <i>with-profits fund</i>, allowing for the effect of the <i>capital resources</i>, may not exceed that fund's <i>realistic excess capital</i>. This limitation will apply on an ongoing basis so that, for example, in the case of an <i>implicit item</i> allocated to a <i>with-profits fund</i>, the amount of the <i>implicit item</i> would be limited to zero whenever the <i>regulatory excess capital</i> exceeded the <i>realistic excess capital</i> of that fund.</p>
<p>Other charges to future profits</p>	
25	<p>To avoid double counting, no account should be taken of any future surplus arising from assets corresponding to explicit items which have been counted towards the <i>capital resources requirement</i> such as shareholders funds, surplus carried forward or investment reserves. Deductions should be made in the calculation of future surpluses for the impact of any other arrangements which give rise to a charge over future surplus emerging (e.g. financial <i>reinsurance</i> arrangements, subordinated loan capital or contingent loan agreements). Deductions should also be made to the extent that any credit has been taken for the purposes of <i>INSPRU</i> 1.4.45R(2) for the present value of future profits relating to non-profit business written in a <i>non-profit fund</i>.</p>

	The information supplied to the <del>appropriate regulator</del> <u>PRA</u> should identify the amount and reason for any adjustments made to the calculation of the prospective amount of future profits.
26	The <i>firm</i> should confirm to the <del>appropriate regulator</del> <u>PRA</u> that the calculations have been properly carried out and that there are no other factors that should be taken into account.
Future profits - retrospective calculation	
...	
Definition of profits	
28	The estimated annual profit should be taken as the average annual surplus arising in the <i>long-term insurance fund</i> over the last five <i>financial years</i> up to the date of the most recent available valuation which has been submitted to the <del>appropriate regulator</del> <u>PRA</u> prior to, or together with, the application. For this purpose, deficiencies arising should be treated as negative surpluses. Where a <i>firm's financial year</i> has altered, the surplus arising in a period falling partly outside the relevant five year period should be assumed to accrue uniformly over the period in question for the purpose of estimating the profits arising within the five year period. When there has been a transfer of a block of business into the <i>firm</i> (or out of the <i>firm</i> ) during the period, surplus arising from the transferred block should be included (or excluded) for the full five year period. Where a portion of a block of business is transferred, the surplus included (or excluded) should be a reasonable estimate of the surplus arising from the portion transferred.
...	
Double counting	
31	The inclusion of investment income arising from the assets representing the explicit components of <i>capital resources</i> (as part of the estimated annual profit for the purpose of determining the future profits <i>implicit item</i> ) would result in double-counting. If those assets were required to meet the effects of adverse developments, this would automatically result in the cessation of the contribution to profits from the associated investment income. It would clearly not be appropriate for the <del>appropriate regulator</del> <u>PRA</u> to grant a <i>capital resources waiver</i> which would enable a <i>firm</i> to meet the <i>capital resources requirement</i> on the basis of counting both the capital values of the assets and the value of the income flow which they can be expected to generate.
...	

33	Where there is reason to suspect that the elimination of any such double-counting would reduce a <i>firm's capital resources</i> to close to or below the required level, or would otherwise be significant, the <del>appropriate regulator</del> <i>PRA</i> will request this information with a view to taking account of this factor in determining the amount of the <i>implicit item</i> . Additional information concerning investment income should be furnished with an application for a <i>waiver</i> , if a <i>firm</i> believes that any double-counting would fall into one of the categories mentioned above.
Average period to run	
34	The average number of years remaining to run on <i>policies</i> should be calculated on the basis of the weighted average of the periods for individual <i>contracts of insurance</i> , using as weights the actuarial present value of the benefits payable under the contracts. A separate weighted average should be calculated for each of the various categories of contract and the results combined to obtain the weighted average for the portfolio as a whole. Approximate methods of calculation, which the <i>firm</i> considers will give results similar to the full calculation, will be accepted. In particular, the <del>appropriate regulator</del> <i>PRA</i> will normally accept the calculation of an average period to run for a specific category of contract on the basis of the average valuation factor for future benefits derived from data contained in the abstract of the valuation report in the regulatory <i>returns</i> . A <i>firm</i> will be asked to demonstrate the validity of the method adopted only where an abnormal distribution of the business in force gives grounds for doubt about its accuracy.
...	
Zillmerising	
41	The <del>appropriate regulator</del> <i>PRA</i> does not normally expect to grant a <del>waivers</del> <i>waiver</i> permitting <i>implicit items</i> due to <i>zillmerisation</i> except in very exceptional circumstances. <i>Zillmerisation</i> is an allowance for acquisition costs that are expected, under prudent assumptions, to be recoverable from future <i>premiums</i> . <i>Firms</i> can make a direct adjustment to their reserves for <i>zillmerisation</i> , subject to the requirements on <i>mathematical reserves</i> set out in <i>INSPRU</i> 1.3.43R, and this is the usual approach. However, where no such adjustment has been made, or where the maximum adjustment has not been made in the <i>mathematical reserves</i> , the <del>appropriate regulator</del> <i>PRA</i> will consider an application for an <i>implicit item waiver</i> , if the amount is consistent with the amount that would have been allowed as an adjustment to <i>mathematical reserves</i> under <i>INSPRU</i> 1.3.43R.
Hidden reserves	

42	The <del>appropriate regulator</del> <u>PRA</u> will grant <i>waivers</i> permitting <i>implicit items</i> due to hidden reserves only in very exceptional circumstances. These items relate to hidden reserves resulting from the underestimation of assets. The <i>rules</i> for the valuation of assets and liabilities (see <i>GENPRU 1.3</i> ) which apply to assets and liabilities other than <i>mathematical reserves</i> are based on the valuation used by the <i>firm</i> for the purposes of its external accounts, with adjustments for regulatory prudence such as concentration limits for large holdings, and would not normally be expected to contain hidden reserves.
Case studies on "unduly burdensome"	
43	Some examples of situations where the existing <i>rules</i> might be considered to be unduly burdensome are given below:
	<ul style="list-style-type: none"> <li>• A <i>firm</i> writes <i>with-profits business</i>. The <i>firm's</i> investment policy is affected by its published financial position. Application of the <i>rules</i> without an <i>implicit item waiver</i> would result in the <i>firm</i> adopting a lower equity backing ratio. It may be possible to demonstrate that, in the circumstances, it would be unduly burdensome to require the <i>firm</i> to incur costs (which might prejudice <i>policyholders</i>) resulting from the lower equity backing ratio, rather than take allowance for an <i>implicit item</i>.</li> </ul>
	...
	<ul style="list-style-type: none"> <li>• A <i>firm</i> has a block of in-force business, on which the future profits may be reasonably estimated. Application of the <i>rules</i> without an <i>implicit item waiver</i> would result in a need to obtain additional capital. It may be possible to demonstrate that it is unduly burdensome, having regard to the particular circumstances of the <i>firm</i>, to require it to incur the costs involved in the injection of further capital rather than take allowance for an <i>implicit item</i>.</li> </ul>
	•
	...
Publicity	
45	The <del>appropriate regulator</del> <u>PRA</u> will publish the <i>capital resources</i> (see <i>SUP 8.6</i> and <i>SUP 8.7</i> ). Public disclosure is standard practice unless the <del>appropriate regulator</del> <u>PRA</u> is satisfied that publication is inappropriate or unnecessary (see section 138AB of the <i>Act</i> ). Any request that a direction not be published should be made to the <del>appropriate regulator</del> <u>PRA</u> in writing with grounds in support, as set out in <i>SUP 8.6</i> . Disclosure of a <i>waiver</i> will normally be

	required in the <i>firm's</i> annual <i>returns</i> .

### 3.1 Application

...

- 3.1.16 G *GENPRU 3.1.26 29R* to *GENPRU 3.1.31R* and *GENPRU 3 Annex 1R* implement the detailed capital adequacy requirements of the *Financial Groups Directive*. They only deal with a *financial conglomerate* for which the *appropriate regulator* is the *coordinator*. If another *competent authority* is *coordinator* of a *financial conglomerate*, those *rules* do not apply with respect to that *financial conglomerate* and instead that *coordinator* will be responsible for implementing those detailed requirements.

...

Risk concentration and intragroup transactions: the main rule

- 3.1.35 R A *firm* must ensure that the *sectoral rules* regarding *risk concentration* and *intra-group transactions* of the *most important financial sector* in the *financial conglomerate* referred to in *GENPRU 3.1.34R* are complied with with respect to that *financial sector* as a whole, including the *mixed financial holding company*. The ~~*appropriate regulator's*~~ *sectoral rules* for these purposes are those identified in the table in *GENPRU 3.1.36R*.

...		

- 3.1.37 R (1) Where the sectoral rules for the *banking and investment services sector* are being applied, a *mixed financial holding company* must be treated as being a *financial holding company*.

...

- 3.1.38 R (1) This *rule* applies for the purposes of the definitions of:
- (a) a *core concentration risk group counterparty*; and
  - (b) a *non-core concentration risk group counterparty*;

as they apply for the purposes of the ~~rules for the banking and investment services sector as applied by GENPRU 3.1.36R. [deleted]~~

- (2) For the purposes of ~~BIPRU 10.9A.4R(1) and BIPRU 10.9A.4R(2) (as they apply to the definitions in GENPRU 3.1.38R(1)), the conditions are also satisfied if the counterparty and the firm are included within the scope of consolidated supervision on a full basis with respect to the same financial conglomerate under GENPRU 3.1 or the relevant implementation measures in another EEA State for the Financial Groups Directive. [deleted]~~

The financial sectors: asset management companies and alternative investment fund managers

- 3.1.39 R (1) ...
- (2) An *asset management company* or an *alternative investment fund manager* is in the *overall financial sector* and is a *regulated entity* for the purpose of:

...

- (c) any other provision of the *Handbook* or PRA Rulebook relating to the supervision of *financial conglomerates*.

...

- (5) This *rule* applies even if:
- (a) a *UCITS management company* is a ~~BIPRU~~ an IFPRU investment firm; or
- (b) an *asset management company* or an alternative investment fund manager is an *investment firm*.

### 3.2 Third-country groups

...

#### Purpose

- 3.2.2 G *GENPRU* 3.2 implements in part Article 18 of the *Financial Groups Directive* and Article ~~143~~ 127 of the ~~*Banking Consolidation Directive*~~ *CRD*.

#### Equivalence

- 3.2.3 G The first question that must be asked about a *third-country financial group* is whether the *EEA regulated entities* in that *third-country group* are subject to supervision by a *third-country competent authority*, which is equivalent to that provided for by the *Financial Groups Directive* (in the case of a *financial conglomerate*) or the *EEA prudential sectoral legislation* for the *banking sector* or the *investment services sector* (in the case of a *banking and investment group*). Article 18(1) of the *Financial Groups Directive* sets out the process for establishing equivalence with respect to *third-country financial conglomerates* and Article ~~143 (1) and (2) of the *Banking Consolidation Directive*~~ 127(1) and (2) of the *CRD* does so with respect to *third-country banking and investment groups*.

#### Other methods: General

- 3.2.4 G If the supervision of a *third-country group* by a *third-country competent authority* does not meet the equivalence test referred to in *GENPRU* 3.2.3G, the methods set out in the *CRD* and *EU CRR* will apply or *competent authorities* may apply other methods that ensure appropriate supervision of the *EEA regulated entities* in that *third-country group* in accordance with the aims of supplementary supervision under the *Financial Groups*

*Directive* or consolidated supervision under the applicable *EEA prudential sectoral legislation*.

Supervision by analogy: introduction

...

3.2.7 G *GENPRU* 3.2.8R and *GENPRU* 3.2.9R and *GENPRU* 3 Annex 2R set out *rules* to deal with the situation covered in *GENPRU* 3.2.5G. Those *rules* do not apply automatically. Instead, they can only be applied with respect to a particular *third-country group* through the *Part 4A permission* of a *firm* in that *third-country group*. ~~Broadly speaking the procedure described in *GENPRU* 3.1.22G also applies to this process.~~

9.5 A *firm* must carry out the evaluation under 9.2 as frequently as necessary for it to be reasonably satisfied that it has at all times a sufficient understanding of the degree to which it is exposed to the risks referred to in 9.2 and the nature of that exposure. In any case it must carry out those evaluations no less frequently than once a year.

**[Note: Art 98(5) of the CRD]**

## 10 OPERATIONAL RISK

---

10.1 A *firm* must implement policies and processes to evaluate and manage the exposure to operational risk, including model risk and to cover low-frequency high severity events. Without prejudice to the definition of *operational risk*, a *firm* must articulate what constitutes *operational risk* for the purposes of those policies and procedures.

**[Note: Art 85(1) of the CRD]**

10.2 A *firm* must have in place adequate contingency and business continuity plans aimed at ensuring that in the case of a severe business disruption the *firm* is able to operate on an ongoing basis and that any losses are limited.

**[Note: Art 85(2) of the CRD]**

---

11.1 A *firm* must have in place policies and procedures for the identification, management and monitoring of the *risk of excessive leverage*.

### General stress test and scenario analysis rule

- 12.1 As part of its obligation under the overall Pillar 2 rule in 3.1, a *firm* must, for the major sources of risk identified in accordance with that rule, carry out stress tests and scenario analyses that are appropriate to the nature, scale and complexity of those major sources of risk and to the nature, scale and complexity of the *firm's* business.
- 12.2 In carrying out the stress tests and scenario analyses in 12.1, a *firm* must identify an appropriate range of adverse circumstances of varying nature, severity and duration relevant to its business and risk profile and consider the exposure of the *firm* to those circumstances, including:

  - (c) some combination of the circumstances and events described in (a) and (b), which may include a sudden and severe market event followed by an economic recession.

- 12.4 In carrying out the stress tests and scenario analyses in 12.1, the *firm* must assess how risks aggregate across business lines or units, any material non-linear or contingent risks and how risk correlations may increase in stressed conditions.
