

Prudential Regulation Authority Authorisations Performance Report 2024/25 – Q1

The Financial Services and Markets Act 2000 requires us to make decisions relating to the authorisations processes within set timeframes. The tables below set out the statutory service standards within which we are obliged to make decisions, and our performance against the deadlines for the period from 1 March 2024 to 31 May 2024 (Q1), along with the cumulative year to date performance for period 1 March 2024 to 31 May 2024.

Notes to tables

1. The statutory service period starts when the application is received by either the PRA or the FCA, and stops when a determination to approve or refuse is made, or the application is withdrawn.
2. For some applications under the Senior Managers Regime and for change-in-control, time to determination under the statutory service standard allows for circumstances where the statutory clock is paused, for example where questions to the applicant firm are awaiting a response. Calculations shown for these applications therefore exclude periods where the clock is stopped.
3. A closed case is defined as any completed application that has concluded following the PRA making a determination, or where the firm voluntarily withdraws its application. Where a firm withdraws an application and later submits another similar application this will be counted as a separate case.
4. Lower and upper quartiles are calculated as the 25th and 75th percentile respectively. Lower and upper quartile time to closure is only shown where there are nine or more cases in the period. Median time to closure is only shown where there are three or more cases.
5. Senior Managers Regime closed cases do not include any application linked to a Part 4A Permission.
6. The statutory service standard for Passporting cases is one month, unless the case is a new Inward Establishment which is two months from the receipt of a complete notification, or a new Outward Establishment which is three months from the receipt of a complete notification.

Colours on compliance statistics refer to the proportion of cases closed within the relevant statutory service standard

	Under 90%		90% to less than 98%		98% and over
--	-----------	---	----------------------	---	--------------

All firms

		Period: Q1 1 March 24 to 31 May 24						YTD Period: 1 March 24 to 31 May 24
