General comments

This section relates to annual submission of information for individual entities.

In particular, IR.28.02.01 is to be submitted by insurance undertakings engaged in both life and non-life insurance activity. Insurance and reinsurance undertakings other than insurance undertakings engaged in both life and non-life insurance activity shall submit IR.28.01.01 instead.

This template shall be completed on the basis of Solvency II valuation, i.e. written premiums are defined as the premiums due to be received by the undertaking in the period (as defined in the PRA Rulebook glossary regardless of the accounting standard used).

All references to technical provisions address technical provisions after application of Long Term Guarantee measures and transitionals.

The calculation of MCR combines a linear formula with a floor of 25 % and a cap of 45 % of the SCR. The MCR is subject to an absolute floor depending on the nature of the undertaking (as defined in Minimum Capital Requirement 3.2).
