#### Instructions regarding reporting templates for individual undertakings

#### S.25.04 – Solvency Capital Requirement

##### General comments:

This section relates to annual submission of information for individual entities, ring fenced–funds, matching adjustment portfolios and remaining part.

Template SR.25.04 shall be reported by each ring–fenced fund (RFF), matching adjustment portfolio (MAP) and the remaining part. References to S.25.05 and S.26 below should be interpreted as references to SR.25.05 and SR.26.

In the text below SF refers to standard formula firms, IM to full internal model or partial internal firms. SF firms which have RFFs or MAPs should calculate all items for S.25.04 as the sum of the SR.25.04 templates for that firm.
