(a) Unless otherwise stated, highlighted revisions to data are due to changes in the underlying contributors' reported data

(b) Following Croatia's adoption of the euro from 1 January 2023 it has been reclassified from European Developing Countries to European Developed Countries. This is consistent with the approach used for other acceding countries that have adopted the euro. This reclassification has been made retrospectively to both country groups for the 2 June 2023 publication.
