

Statistical release

Published on 31 July 2017 at 09:30

Money and Credit: June 2017

Part one: Broad money and credit

- Broad money increased by £9.0 billion in June (**Table A**). Within this, households' money increased by £5.8 billion following a particularly weak flow in May (**Table B**). Private non-financial corporations' (PNFCs') money increased by £4.7 billion, well above its recent average (**Table C**). In contrast, flows for non-intermediate other financial corporations (NIOFCs) were lower (**Table D**).
- Sterling credit to these sectors increased by £5.2 billion in June (**Table A**). Within this, households' borrowing increased by £4.3 billion and PNFCs' borrowing increased by £0.9 billion (**Tables B-C**).

(a) The SIC codes associated with the series shown in this table are available at www.bankofengland.co.uk/statistics/Pages/iadb/notesiadb/industrial.aspx.

(b) Real estate is defined as the sum of 'Buying, selling and renting of own or leased real estate' and 'Real estate activities on a fee or contract basis'.

Chart 5: Deposits by selected non-financial industries

Not seasonally adjusted

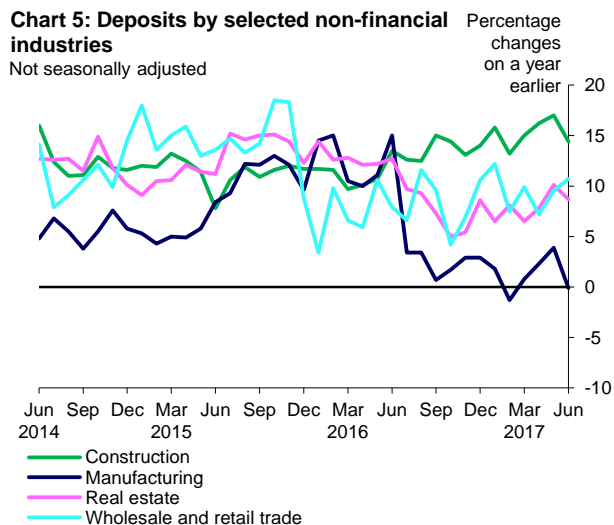

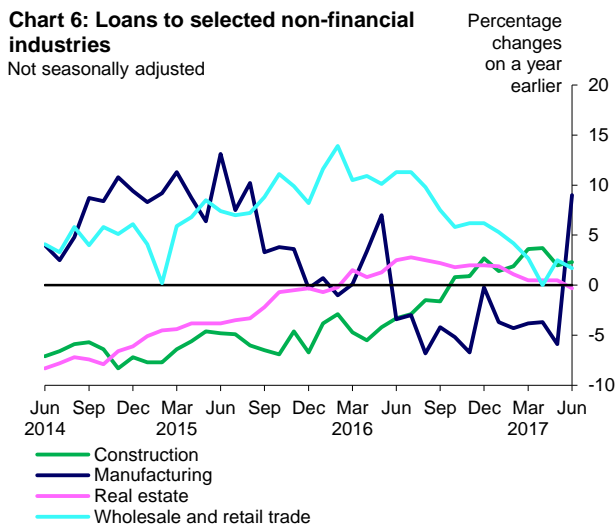

Chart 6: Loans to selected non-financial industries

Not seasonally adjusted

Money and Credit: June 2017

Part two: Lending to individuals

- Net secured lending ticked up to £4.1 billion in June, slightly above its recent average (**Table H**).
- Approvals for house purchase were little changed in June at 64,684, around 4,000 lower than in January. Approvals for remortgaging ticked up to 44,548 in June, similar to numbers seen earlier in the year (**Table I**).
- The flow of consumer credit fell slightly to £1.5 billion in June, and the annual growth rate ticked down to 10.0% (**Table J**).

Table G: Lending to individuals
